Sell high grade anthracite and bituminous coals.

COUNTY CORRESPONDENCE

BARKLEY.

Mr. and Mrs. Paul Swaim of Buchanan, Mich., visited the last of last week at the home of Mrs. Swaim's parents, Mr. and Mrs. O. Adams.

Attend the meeting Friday night at Barkley church and help organize a "Community Night."

Mrs. Carl Boerstler of Cincinnati, Ohio, is visiting at the home of her parents, Mr. and Mrs. J. C. Bates.

If you have boys growing up in your home and want them to stay on the farm, good social life, right in their community will help to keep them where you want them. This is a part of the "Community night" plans.

Miss Viola Wolf, who has been real sick with whooping cough, is somewhat improved at this writing.

The Fred Markin family were callers Sunday at the W. L. Wood home in Rensselaer, just to take a peek at the new little Miss Brunahan.

The Gerry Snedeker family left for their new home near Buchanan, Mich., Monday morning. The going of this family is a great loss to Barkley township and the neighborhood in which they lived. Their many friends and neighbors who regret their leaving wish them the best of prosperity and good luck in their new and old home.

The Ferdinand Laughman family moved onto the farm occupied by Wm. Snedeker, of Rensselaer, Monday.

Plans have been made to hold a meeting at Barkley church, Friday evening of this week for the purpose of making one night, at least, each week a "Community Night." There will be a short program and plenty of time for suggestions and discussion of the best plans to follow. Everybody in the community, regardless of church affiliations are invited and urged to be present. There being still many cases of whooping cough in the community, will make it impossible for entire families, in some cases, to attend, but each home ought to send at least one representative. The young people are to have a large place in these plans and it is hoped a large number of them will be present Friday evening.

There will be Sunday school at Barkley church Sunday morning at ten o'clock. At eleven o'clock the pastor will preach. There is no scarlet fever in our immediate vicinity and if your boys and girls are going to school there is no more danger of them getting it at church or Sunday school than there is in their school room. There are no recent new cases of whooping cough and we believe it is perfectly safe to bring your children to Sunday school. We are glad to hear that some of the folks who have had to stay at home on account of

the whooping cough are anxious to be back again to services. It is a fine indication of a desire for the best things in life when people feel they lose something when they are denied the privilege of attending church.

The Bible says "Blessed are they who hunger and thirst after righteousness. The church is christianity organized for the dispensing of righteousness."

There were two who united with our church at the last morning preaching service, and there are others who are seriously considering the matter. If you live in this community affiliate with this church and when you move you may again have your letter.

M'COYSBURG.

December 9.

The infant child of Mr. and Mrs. Roy Cochran is quite sick.

Ruth Cochran was the guest of Viola Owens Sunday.

Alice Owens was the guest of Jennie Morton Sunday.

Chas. Ferguson and family were guests of their niece, Mary McDaniels, of Wheatfield Sunday.

Harry Cochran took James Jeffries and wife to Logansport Friday to see Mrs. Jeffries' mother.

Sunday evening is preaching. Let us all get a new spirit and fill the house.

Mrs. J. R. Phillips, Mrs. S. E. Cook, Mrs. O. E. Hitchens, Mrs. Chas. Ferguson and May Thomas attended the League of Women Voters' meeting Tuesday. They had a fine dinner and program.

There will be an entertainment and box supper given at this place Friday evening, Dec. 17. Ladies bring boxes. Miss Tilton, teacher.

—Adv't.

LEE.

December 9.

Mr. and Mrs. Grant Hoover and son, of Attica visited at the home of H. C. Anderson Wednesday.

Mrs. Cal Ward of Monon is visiting Mrs. Ann Rishling.

Sam Jacks and family and Rev. Dean spent Sunday at C. D. Lefter's. Ed Morrison and family left Monday for an extended visit with home folks in Kentucky.

Elmer Burks is sick with the influenza.

Joe Clark and family spent Sunday with Mr. and Mrs. G. A. Jacks. Orville Holman and family visited at Roy Stires Sunday.

Wm. Brock's moved into their new house Monday.

John Noland, who has been in Alaska for a number of years, is here for a visit with relatives and friends. He reports the thermometer registered forty degrees below zero when he left there two weeks ago.

GOAT MILK TO COMBAT HIGH LIVING COST

Dissatisfied with the prevailing high cost of milk, several Rensselaer citizens have fostered a plan whereby they hope to bring about a price adjustment on this commodity in what is to be the first of a series of drives to bring prices nearer a pre-war level; the movement to be launched and perfected by the Jasper County Shippers' Association, who have already been approached on the subject and looked upon it favorably.

The plan adopted calls for the stocking of a farm with goats, the farm to be under the supervision of an efficient man who is well acquainted with this type of dairying. The idea is not an original one on the part of those who have suggested the movement to compel the lowering of milk prices, for it has been practiced in many other states with great success. In New York it is practiced on a wide scale and goat milk is a common table article. The movement has steadily moved westward and suburbanites of many middle western cities have found this style of dairying a profitable venture. Goat milk is said to be unusually healthful for invalids and infants, in fact more so than that of the cow, and the price is much cheaper.

The suggestion has been made that a great many goats could be owned in the city and that they could be herded on vacant lots, street sides and alleys. This herding could be assigned by the mayor to a number of idle people of the city, thereby reducing the number of policemen employed. School boys and girls, when found disobeying the school attendance law, could be turned over to the county attendance officer, Philip Blue, who could assign the offenders a certain number of goats to herd until the guilty ones were willing to re-enter school.

The city might own a large flock of these useful animals and encourage early rising by offering the milk free to the first party to milk the goats each morning. Why not have a municipal goat herd?

We suggest that the matter be referred to Councilman Conrad Kellner by the Mayor and we are sure the supply of milk could be increased, the idle could be employed, the truants could be punished, street sides, alleys and vacant lots could be kept free of high grass and weeds and in the end peace and prosperity would be fully and firmly established.

At the next meeting of the Shippers' Association the proposition will be discussed and plans may be perfected for the early launching of the movement in the county.

"Own your own goat," is going to be a popular slogan within a short time, that is if the city refuses to put in a municipal goat yard.

GET YOUR CALENDAR.

If you have a policy with the Gary National Life Insurance Co. R. G. Burns has a mighty fine 1921 Calendar for you. It was painted by the great artists, G. Sheridan Knowles. Get it at my office in the Murray building Saturday afternoon or evening.

FAIR OAKS.

December 9.

Mrs. John Gilmore and Lois Maxwell of Lafayette came Saturday for a few days' visit.

Mrs. C. A. Corns and daughter spent Friday and Saturday in La Crosse.

Several from here attended church at Virgie Sunday night.

Miss Amy Bringle of Lafayette spent Sunday here.

Mrs. A. I. Abel visited in Gary Tuesday and Wednesday.

Floyd Baxter moved here from Kniman into the Keller property.

Orval Abel of Gary visited his parents over Sunday.

LAST CALL

We want to make a clean sweep Saturday on all seasonal merchandise. We still have some good values to offer in many lines. Come in and look us over.
