

Help That Bad Back!

Why be miserable with a "bad back?" It's time you found out what is wrong! Kidney weakness often causes much suffering from backache, lameness, rheumatic pains, headaches, dizziness and kidney irregularities. Neglected, it may lead to dropsy, gravel or Bright's disease, but if taken in time it is usually easily corrected by using Doan's Kidney Pills. Doan's have helped thousands.

An Iowa Case

Mrs. R. Krant-hoff, 635 S. Second St., Perry, Iowa, says: "My back was weak and I had steady pains, which would turn to sharp, cutting catches when I attempted to stoop over. My head ached and I was very nervous. I began using Doan's Kidney Pills and after taking three or four boxes I was completely rid of the annoying pains. I haven't had any trouble since."

Talk.

Talk is cheap, but not when money does it.—Life.

OH, DEAR! MY BACK!

Merciful Heavens, how my back hurts in the morning! It's all due to an over-abundance of that poison called uric acid. The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking "Anuric" (anti-uric-acid). This can be obtained at almost any drug store, in tablet form.

When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night, get Dr. Pierce's Anuric, it will put new life into your kidneys and your entire system. Send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., ten cents for trial package.

ELKHART, IND.—"When I started to take Anuric the kidney excretion was thick and cloudy, sometimes I was disturbed fifteen times in one night. I am advanced in years and quite timid about taking advertised remedies, but I felt perfectly safe in taking Anuric because I had been so greatly helped by Dr. Pierce's other remedies. I took one package and my rest at night is unbroken, and consequently my general health is greatly improved."—MRS. S. J. ANDERSON, No. 700 Marion Street.

Better Than Pills For Liver Ills.

New Life for Sick Man

Eatonic Works Magic

"I have taken only two boxes of Eatonic and feel like a new man. It has done me more good than anything else," writes C. O. Frappier. Eatonic is the modern remedy for acid stomach. It quickly takes up and carries out the acidity and gas and enables the stomach to digest the food naturally. That means not only relief from pain and discomfort but you get the full strength from the food you eat. Big box only costs a trifle with your druggist's guarantee.

Boy scouts on a slope of the Woodrow Wilson boy scout reservation, a 41-acre plot of land at Burnt Hills, Md., just dedicated with impressive ceremonies. It was given by Robert S. Brookings to the 2,500 boy scouts of the District of Columbia. There are streams in the tract, and wooded hills, a splendid swimming hole and an open stretch for every variety of athletics.

Need Radium in Fight on Cancer

Movement on Foot to Substitute Meso-Thorium in Making Luminous Materials.

MEDICAL DEMAND IS GREAT

Physicians and Chemists Feel That Everything Possible Should Be Done to Conserve Radium for Therapeutic Purposes.

Schenectady, N. Y.—So great is the demand for radium in the treatment of cancer and various malignant diseases, that a movement is now on foot for withdrawing it as much as possible from the manufacture of luminous dials and other industrial purposes, so that it may be employed entirely for the treatment of human ills.

How this is being effected was told by Dr. Harlan S. Miner, a Philadelphia chemist, who addressed the eastern section of the American Chemical society at Union college in this city. The substance advocated as a substitute is meso-thorium, a by-product obtained in the manufacture of thorium, a mineral which is extensively employed in the manufacture of gas mantles.

Comes From Brazil and India.

The ores from which thorium is made are imported largely from Brazil and India, although there is a limited supply available in the United States. Meso-thorium can be seen at night and therefore is an ingredient of the paint which is used in the marking of clock faces, watch dials and range finders which can be read in the dark. The demand for such appliances in the trenches during the European war greatly stimulated their manufacture both here and abroad, and although they are no longer military necessities they have an extensive vogue in these days of peace.

Thorium is itself radio-active, but is chiefly valuable because when mixed with one or two per cent of cerium oxide and heated it gives out a powerful radiance. Its use is increasing because municipalities are accepting a heat unit rather than a candlepower standard for illuminating gas, and the demand for mantles is likely to extend. Consequently the facilities for making the by-product meso-thorium, which would not be commercially practical of itself, are being augmented.

"Companies which are now manufacturing thorium," said Dr. Miner, "have ever since 1914 been developing their outputs of meso-thorium, and there has been special activity along those lines in the last few months. The demand for radium in the treatment of cancer and for other medical purposes is now so great that both physicians and chemists feel that everything possible should be done to conserve it exclusively for therapeutic

purposes. If radium is kept in the large hospitals and sanitariums for the relief of malignant diseases, it naturally will be held intact. The losses from its emanations are so slight that it can be used for centuries without any appreciable diminution in its properties. As everything is being done by the medical profession to concentrate the supply in this way, the consensus is that it should be held where it will do the most service to humanity.

Causes Heavy Loss.

"If various forms of radium are employed in the manufacture of luminous paint and for other mechanical purposes, there will naturally be a heavy loss of the element. Watches, clocks or penknives on which radium is

used are likely to be lost, mislaid or destroyed, when the supply of the element becomes so widely distributed that the chances for recovering it would be slight.

"It happens, however, that there are also manufacturers of luminous materials who are in a position to derive both radium and meso-thorium from certain minerals, and they are inclined to set aside their radium for medical purposes and to use the meso-thorium, which is chemically identified with radium, as a luminous material. Although there has been some difference of opinion in the medical profession as to the value of radium in the treatment of maladies, there is much to indicate that it and radio-active substances generally have an important part in the practice of the healing art."

Dr. Miner also described at length the uses of other rare earths such as cerium and zirconium in the arts and sciences. He held out the prospect that some of them, which hitherto had been imported from Austria and Germany, could be obtained on a limited scale from sources on the American continent.

Erect Memorial to General U. S. Grant

Grand Statue at Washington Is Nearly Finished.

Second Largest Equestrian Statue in the World Has Been Eighteen Years in the Making.

Washington.—Eighteen years in the making, a memorial to Gen. U. S. Grant is nearing completion here, and probably will be unveiled before the end of the year. It is in the form of a magnificent equestrian statue of bronze, the second largest of its kind in the world, mounted on a granite pedestal and flanked on the left by a casting of a group of cavalry and on the right by a group of artillery, both groups done in bronze.

Two huge fountains in stone at the foot of the pedestal complete the memorial. The equestrian figure stands 16 feet high, weighs 10,700 pounds and costs \$250,000. The memorial is located in the botanic gardens at the foot of the capitol grounds, and congress has approved removal of a section of the iron fence on the east front of the gardens to admit the statue and to provide space for spectators at the unveiling ceremonies.

Authority for the creation of the memorial was given by congress on Feb. 28, 1901. The competition for the statue was held in 1902 and the award was to Henry M. Shrady, a noted sculptor of Elmsford, N. Y., whose design was selected by a jury consisting of Augustus Saint-Gaudens, Daniel Chester French, Daniel H. Burnham and Charles F. McKim.

The pedestal was designed by Edward Pierce Casey of New York, associated with Mr. Shrady, and was completed and put in place in 1906. The equestrian statue has just now

been finished, however, and was shipped here in sections by motortruck from New York city.

The memorial to the famous general and eighteenth President of the United States will bear no inscription, according to the members of the fine arts commission, who recently approved the statue in its completed form. A member of the Grant memorial commission had composed a lengthy inscription, but after careful consideration officials of the commission and of the office of public buildings and grounds deemed an inscription unnecessary.

COST DEPENDS ON THE DAY

Weddings on Monday in Holland Bring 40 Cents—Saturday Bargain Day.

The Hague.—The cost of getting married in The Hague all depends on the day of the week.

For some reason that has never been explained Monday is society day and marriages on that day at the city hall, where every couple must go for the official ceremony, cost 60 guilders (nominally equivalent to 40 cents each). On Saturday the charge is 5 guilders, or nothing at all, depending upon whether the couple wish a separate ceremony all for themselves or be married in groups of twenty couples at a time.

Buzzard Stops Power.

Harrisburg, Pa.—Electric power service was interrupted here when a turkey buzzard became entangled in the high tension wires four miles north of York. With its broad wing span the bird formed a connection between two wires and a short circuit resulted.

said, "and do all in our power to give the city of Yoncalla a good, efficient government."

"At the worst we can not do much worse than the men have done." Mayor Jesse B. Lasswell, who has lost his job, said his cohorts "were taken off their guard," but he has promised the women his help.

Puts \$250 in Basket of Apples and Then Sells It

Elkhart, Ind.—Howard Congdon hid \$250 in a basket of apples when he drove to town. He sold that basket and a score more and then thought of his money. Although he backtracked and looked at a lot of the baskets he was not able to find one containing the money.

The longest tunnel in the world, fifteen miles in length, is planned by a Russian railroad to save an 180 mile detour.

Another Royal Suggestion

MUFFINS and COFFEE CAKE

From the NEW ROYAL COOK BOOK

BREAKFAST is too often eaten as a duty rather than a joy. The Royal Educational Department presents here some breakfast dishes that will stimulate the most critical appetite.

Muffins

2 cups flour
3 teaspoons Royal Baking Powder
1 tablespoon sugar
1/4 teaspoon salt
1 cup milk
2 eggs
1 tablespoon shortening
Sift together, flour, baking powder, sugar and salt; add milk, well-beaten eggs and melted shortening; mix well. Grease muffin tin and put two tablespoons of batter in to each. Bake in hot oven 20 to 25 minutes.

Coffee Cake

3 cups flour
1/2 teaspoon salt
3 tablespoons sugar
4 teaspoons Royal Baking Powder
3 tablespoons shortening
1/2 cup milk
Mix and sift dry ingredients; add melted shortening and enough milk to make very stiff batter. Spread 1/4-inch thick in greased pan; add top mixture. Bake about 30 minutes in moderate oven.

Top Mixture

2 tablespoons flour
1 tablespoon cinnamon
3 tablespoons sugar
3 tablespoons shortening
Mix dry ingredients; rub in shortening and spread thickly over top of dough before baking.

WHY DRUGGISTS RECOMMEND SWAMP-ROOT

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine.

It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder to do the work nature intended they should do. Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

The glory of life is to love, not to be loved; to give, not to get; to serve, not to be served.

Love is blind; therefore it can't see its own finish.

GREEN'S AUGUST FLOWER

The Remedy With a Record of Fifty-four Years of Surpassing Excellence.

Those who suffer from nervous dyspepsia, constipation, indigestion, torpid liver, dizziness, headaches, coming up of food, wind on stomach, palpitation and other indications of fermentation and indigestion will find Green's August Flower a most effective and efficient assistant in the restoration of nature's functions and a return to health and happiness. There could be no better testimony of the value of this remedy for these troubles than the fact that its use for the last fifty-four years has extended into many thousands of households all over the civilized world and no indication of any failure has been obtained in all that time where medicine could effect relief. Sold everywhere.—Adv.

Freakishness in art subsists on the acquiescence of hosts who don't care one way or another.

People who don't like to get up early may reflect that sunsets are as pretty as sunrises.

Up in the Air.

"He hung upon her words." "I see; she kept him in suspense."—Boston Transcript.

A New Log Saw

Cuts Faster, Costs Less, Makes More Money for Users and Works While You Rest.

A new improved power log saw, now being offered, outdoes all other log saws in cutting wood quickly and at little cost. A new 4-cycle, high power motor equipped with Oscillating Magneto—no batteries to fail you—makes the saw bite through logs faster than other log saws. It finishes its cut and is ready for another before the ordinary saw is well started. This log saw—The Ottawa—has a specially designed friction clutch, controlled by a lever, which starts and stops the saw without stopping the engine. Others have imitated, but no other power log saw has this improvement just like the Ottawa. The Ottawa Log Saw sells for less money than any power saw of anything like its size.

The Improved Model, 441 P. Ottawa Log Saw.

"One man wheels this outfit from cut to cut and log to log like a barrow. Separate attachments cut down trees and cut up branches. Extra power lets the engine do heavy work of all kinds. Owners of the Ottawa Log Saw laugh at coal shortages and are making big money with ease, the machine doing the work. 35 to 50 cords cut any day, rainy or dry, by one man, are normal figures. And wood is approaching \$20 a cord! The Ottawa is compact, simple and durable. It sells for cash or easy payments and is guaranteed. If you have wood to cut the Ottawa Log Saw will be the most satisfactory machine you've ever owned. We suggest that you write the Ottawa Mfg. Co., 2724 Wood St., Ottawa, Kas., for their complete new illustrated book and prices, sent free to all readers of this paper.

TOWN KILLS ADAGES

Municipal Offices Now in the Hands of Women.

Suffragists of Yoncalla, Ore., Prove That They Can Keep a Secret and "Play Politics."

Yoncalla, Ore.—Yoncalla is now strictly a woman's town. In spirit and in fact women are the town's leaders since the recent election when they elected a woman mayor and a woman to every other place in the city government unbeknown to the men of this little town.

The women say the election has permanently disposed of two old adages, to the effect that women can not keep a secret and that they can not successfully "play politics."

Over teasups, at social gatherings, after prayer meetings and from house to house the women carried on their

political campaign secretly prior to election. It had been "whispered," they said, that the men intended to let the incumbents hold over without bother of a new ticket.

The women did not like the administration. They bolted and went to the polls and marked in the names of their candidates. The men were concerned with national and state politics only. The men did not bother about the city election. Result:

Mrs. Mary Burt, mayor, native Oregonian, graduate of Pacific college, class of 1878, who has lived here 43 years (Rep.).

Councilwomen—Mrs. Jennie R. Lasswell, wife of the retiring mayor and prominent clubwoman; Mrs. Bernice Wilson, pioneer school teacher, and wife of postmaster; Mrs. Nettie Hanan, wife of a retired capitalist.

The women have no definite plans for promoting the welfare of the town. Mayor-elect Burt said: "We intend to study conditions," she

Harvest 20 to 45 Bushel to Acre Wheat in WESTERN CANADA

Think what that means to you in good hard dollars with the great demand for wheat at high prices. Many farmers in Western Canada have paid for their land from a single crop. The same success may still be yours, for you can buy on easy terms.

Farm Land at \$15 to \$30 an Acre located near thriving towns, good markets, railway—land of a kind which grows 25 to 45 bushels of wheat to the acre. Good grazing land at low prices convenient to your grain farm enable you to reap the profits from stock raising and dairying.

Learn the Facts About Western Canada—low taxation (none on improvements), beautiful climate, good schools, churches, pleasant social relationships, a prosperous and industrious people.

For illustrated literature, maps, description of farm opportunities in British Columbia, Saskatchewan and Alberta, reduced railroad rates, etc., write to: C. J. Brockington, Room 412, 317 W. Adams Street, Chicago, Ill. or M. V. Mackenzie, 178 Queen's Avenue, Detroit, Mich. Canadian Government Agents.
