### TWO SURPRISES FOR BRIDE-ELECT

A two-fold surprise was experienced last evening by Miss Beulah Bowen, who is soon to become the bride of John Crissman of Covington, Okla., when the members of the Philanthropic class of the Riverside Christian church presented her a beautiful linen shower. The gifts were packed in a large wooden box, mysteriously addressed to the bride-elect, drawn into the room on a small wagon by little Rosemary and Wilma Stripe and Paul Kunkle. In the midst of unwrapping the packages the members of the Ladies' Aid entered the room, forming the second surprise party. Miss Martin, in behalf of the society, presented Miss Bowen a pair of woolen blankets. The 40 guests, after being shown the contents of the dower chest, enjoyed a sumptuous picnic supper.

Miss Bowen, who is the daughter of Mrs. D. M. Olinghouse of 120 Vine street, is a well known young woman having been cashier at the Fernell grocery for several years. She is an active worker in all affairs of the Riverside Christian church. Being a charter member of the church she has served faithfully as president of her class, president of the Christian Endeavor, member of the choir, and as superintendent of the Sunday School for a year and a half prior to her recent resignation.

Mr. Crissman is known to many Elkhart young people, having been a member of the Barraca Boys' class prior to his two years' service with the Seventh cavalry at Fort Bliss, Texas. He is the son of Mrs. Mary Crissman of Punxsutawney, Pa.

The above article is taken from the Society Column of the Elkhart Truth of Wednesday evening, December 8. Miss Bowen is a granddaughter of Mrs. M. Y. Slaughter of this city.

### HIGH TARIFF ON FARM PRODUCTS

ORGANIZATIONS ARE PLANNING TO START CAMPAIGN—INTERESTING FIGURES

Washington, Dec. 14.—The farmers' organizations have decided to begin a campaign in favor of a high tariff on farm products. It is asserted by the representatives of the organizations that sentiment in favor of the removal of cotton, corn, wheat, cattle, wool and other products from the free list is growing among farmer members of the congress. Surprisingly large imports of these articles combined with the depression in the price of all agricultural products is responsible for the sentiment which is particularly strong among southwestern and western members.

Thomas W. Page, chairman of the United States tariff commission, at the request of a congressman has prepared statistics of farm imports, duty free, for the year ending June 30. The figures surprised congressmen representing agricultural constituencies.

Here are some of them: Corn, 10,229,249 bushels; wheat, 4,744,712 bushels; wheat flour, 157,896 barrels; cattle, 575,329 head; wool, 427,578,038 pounds during the four months of July, August, September and October.

Tech., end; Lourie, Princeton, quarter; Stinchcomb, Ohio State, halfback; Way, Penn. State, halfback; Gipp, Notre Dame, fullback.

### DINNER TO COST \$1,000 A PLATE

INDIANAPOLIS MAN TELLS OF NEW YORK PLAN TO RAISE \$1,000,000 RELIEF FUND.

At the meeting of the executive committee of the Indiana branch of the European Relief Council, which was held at the Columbus Club in Indianapolis, Monday, Albert M. Rosenthal, a member of the committee, who has just returned from a visit to the national headquarters of the council, announced that a dinner will be given in New York, Dec. 29, which 1,000 guests are expected to attend, the charge for each diner being \$1,000 a plate. In this manner the New York branch expects to raise \$1,000,000 in one night. This amount, it is estimated, would be sufficient to provide one meal a day for 100,000 of the starving children of Europe until the next harvest.

It was decided by the committee to duplicate this dinner in various cities in Indiana on a smaller scale, and a telegram was dispatched to New York to learn if it would be possible to establish telephone communication at the various banquets in Indiana with the dining room in New York so that the speech of the national chairman, Herbert Hoover, could be reproduced.

Permanent headquarters of the council have been opened at 147 North Pennsylvania street. Caleb S. Denny, chairman of the executive committee, will direct the activities of the various organizations, which have enlisted in behalf of the work throughout the state.

The police, while investigating a case of burglary in a railway dining room, discovered a bent crowbar. This seems to prove that the thieves tried to break into a railway sandwich—London Punch.

There is little satisfaction to the owner or driver that when a train hits a big truck at a crossing it is jumping on to something nearer its size than in the case of an auto.

### FINE PROGRAM BY GLEE CLUB

AT HIGH SCHOOL TUESDAY EVENING—TO BE REPEATED THIS EVENING.

In a program filled with splendid musical numbers, interspersed with specialties by clever comedians, the Rensselaer High School Glee Club gave the first of a series of entertainments that have been scheduled for the winter months at the high school auditorium before a large sized audience Tuesday evening. The entertainment was a delightful one and of a nature that assures a permanent popularity. The greater part of the credit for the success of the venture must go to Miss Hazel Gray, instructor of music in the schools, the performers playing their parts well and showing the results of the splendid training received from their tutor.

The program opened with musical selections by the high school orchestra, which was comprised of seven members. Then followed solos, duets and numbers by the girls' quartette, all of which were well received and greatly appreciated by the audience. The duets were given by Gladys Lambert and Velma Kennedy, Ruth Clark and Mary May and Ruth Clark and Byron Hemphill. A vocal solo was given by Irene Hoover, followed by a violin solo by Byron Hemphill. The girls' quartette, composed of Barbara Randle, Ruth Clark, Mary Jane Brown and Gladys Lambert, gave several selections and proved very delightful.

The comedians were Ewart Marica, Joe McColly, Lewis Worden, Donald Rhoades, Max Pullins and Leon Gwin, and their clever jokes and witty rejoinders lent the necessary spice and humor and kept the program moving swiftly along.

The program will be repeated again this evening and will be followed by other entertainments of a similar nature during the remaining school months. A small admission will be charged this evening, the money to be placed in the music fund.

#### WE NEVER THINK OF DEATH

until it claims a friend.

But this place has been veiled with sombre thoughts of that great mystery since the passing of Floyd Spain.

We were interested in the same things, and had spent many evenings in conversation.

For some time he had realized he must give up the long hours of farming, and was keen to join our sales company, as soon as health permitted.

We like to console our memories by offering sympathy in this way to the broken hearts that time alone can heal.

Death is but the next step up in creation and immortality. We all are sentenced and favorites go first. There is nothing worse than outliving all one's friends.
