FORDSON TRACTOR MAKES RECORD RUN.
PLOWS FORTY DAYS AND NIGHTS: 900 ACRES WITHOUT REPAIRS

Stopping only for fuel and oil, a FORDSON tractor, owned by N. Korpus of Ludden, Dickey county, North Dakota, recently completed a record run of forty days. Three operators were assigned to the tractor, each working an eight hour shift, thus keeping the tractor in operation 24 hours a day. "Nine hundred acres were plowed without one minute's stop for repairs," says the affidavit received by the Ford Company from the FORDSON owner.

The tractor was equipped with electric lights. No special efforts were made to run a test. The farmer simply obtained his operators and set them to work, with the result that they set a new record.

Last week in this paper we FORDSON SAVING TOOL FOR THE FARMER TO OWN. The above record of a FORDSON in the hands of an owner shows that the FORDSON is a dependable machine that will do your work with a freedom from repairs and annoyances that can not be equaled.

Next week we will have a word to say about SERVICE.

U. S. OVERSEAS TRADE

Reaches Unprecedented Total of \$11,875,424,000.

Almost Half of It Carried in American Boats, Secretary of Commerce Reports.

Washington, Dec. 15.—Nearly one-half of the nation's record-breaking overseas commerce in the last fiscal year was carried in American ships, Secretary of Commerce Alexander shows in his annual report.

The overseas trade reached the unprecedented total of \$11,875,424,000, and \$5,071,905,000 of it was carried in American-owned vessels, as against \$368,359,000 carried in American bottoms the year before the war.

The total volume of imports and exports by land and sea was \$13,349,661,000, nearly \$3,000,000,000 above the previous record established in the fiscal year ended June 30, 1919. Imports for the last year amounted to \$5,238,621,000, as compared with \$3,065,720,000 for the previous year and almost \$3,000,000,000 for the fiscal year of 1918. The value of exports for the last fiscal year aggregated \$7,950,429,000, an increase of approximately \$900,000,000 over the previous year and \$2,000,000,000 over 1918.

CALLED TO CARDINAL GIBBONS

Special Nurse Summoned, but Prelate Is Said by Members of Family to Be No Worse.

Baltimore, Md., Dec. 16.—A nursing sister from Boh Secours hospital went to the Robert T. Shriver home at Union Mills to attend Cardinal Gibbons, who has been resting there in poor health. Recent reports that a change for the worse had occurred in the cardinal's health were revived when the information became known in several local religious communities. This was denied, however, both by members of the Shriver family and the Rev. Louis R. Stickney, rector of the cathedral.

A Cast-Iron Range that Cannot Leak

The oven walls and other walls of the Round Oak Ironbilt Range are built with patented air-tight, leak-tight joints that eliminate permanently the possibility of gas and dust escaping in to the oven or the kitchen. Handsome in appearance, with oversize oven, heavy durable parts throughout, and a patented reservoir (if desired) this range offers an unequalled value.

ROUND OAK IRONBILT RANGE

Very important, too, in these days of high price fuel, is the fact that this range burns any fuel and less of it than any range we have ever known. Your inspection is cordially invited.
