THE UNIVERSAL CAR

Ford and Fordson Service

Are Ford Agents justified in making such a point of Ford Service? Do customers of the Ford Motor Company find this service to be of real value to them in the operation of their Ford Cars, trucks, and FORDSON Tractors?

Will it pay you as a car, truck, or tractor prospect to have your purchase of any of these necessities on the service the factory and local dealer will give?

These are questions that are vital to the prospective purchaser. Mr. Jay Miller of Mt. Airy, Ind., has the following to say in regard to Ford policies in the matter of Tractor Service:

"I have always received the promptest service from the Ford Agents, and have found that they live up to all their promises. My tractor has given me practically no trouble with the exception of one defective transmission bearing which the Agents replaced free of charge, my machine not being idle half a day. I would not buy any machine not backed by service equal to Ford Service."

TAKES STEPS TO PREVENT WAR

Indianapolis, Dec. 17.—An international league of mothers, to prevent war for all time, is the goal of the National American War Mothers, as announced here today by Alice M. French, president of the organization, who also announced a plan whereby 500 or more war mothers throughout the nation will voyage on a special ship to visit the battlefields of the world war and the cemeteries where lie American war dead.

"Our idea is to enlist the efforts of the brilliant women of the world, and particularly the mothers who suffered in the world war, to produce a league that will continue peace forever," Mrs. French said today. "We feel that as long as men lead the affairs of the world we will have war, because they will fight. But we mothers will agree on peace forever."

Mrs. French said nothing approaching a definite plan for the holding of a congress of the countries of the world so far has been formulated, but that between now and the first week in June, when the "mothers' ship" is scheduled to sail for Europe, much effort will be expended looking toward the calling of such a congress.

That the mothers of German soldiers in the world war would be invited to attend such a congress, probably to be held in France, is the plan of Mrs. French and her associates, she said.

For the Real Xmas Spirit

These days, holiday joys are not confined to candles, wreaths, bells, or even trees. The celebration that is without music lacks real Christmas spirit. On The Brunswick music is reproduced in tones that are exquisite. Music that thrills the very soul.

And why is Brunswick music different? Because it has a distinctly exclusive Method of Reproduction.

The Method of Reproduction

The new Brunswick Method of Reproduction is the most advanced and finest yet devised. In perfecting it all old standards were discarded. Heretofore the instrument you bought determined your range of choice of records. The Brunswick has lifted the ban on the selections of other makers. With it you play all records of whatever make. Moreover, it plays all records at their best. And all this by means of the Ultona and the Tone Amplifier.

The Ultona

The Ultona—a scientific creation—is an all-in-one reproducer. It supplies, at a turn of the hand, the right needle, diaphragm and weight for playing any make record.

The Tone Amplifier

The Tone Amplifier is the all-wood, vibrant throat of The Brunswick. It is oval shaped—moulded to meet musical and acoustical laws. Truer, richer, sweeter tones—those that were hitherto lost in phonographic reproduction—are restored by this great invention.

A Brunswick Recital—Especially for You

Come here today. Tell us what records you like most and we will be glad to arrange a Brunswick concert for you. No obligation whatever. The pleasure is all ours.

INCOME AND PROFITS TAX \$650,000,000

Washington, Dec. 17.—Treasury officials declared tonight there was every indication that the December 13 installment of income and profits taxes would approximate Secretary Houston's estimate of \$650,000,000, notwithstanding reports of the inability of individuals and corporations in various parts of the country to meet their obligations.

Up to last night a total of \$450,000,000 had been reported to the treasury as collected and officials asserted that today's returns would probably add another \$100,000,000 to that amount. Reports are coming in steadily, but in some cases slowly and officials said it would be nearly a week before final returns were received.

FRANK HAM MADE DEFENDANT IN \$20,000 SUIT

Personal injury suits aggregating \$20,000 were filed in the circuit court on Friday against Frank B. Ham, Maude Shelley and Adeline Moore are the plaintiffs. They allege that on the evening of October 19, 1920, while they were being conveyed from Oxford to Lafayette in an automobile driven by Leo Wolfe, a car driven by Clifford Ham, son of Frank Ham, collided with the car driven by Wolfe. Both women allege they were severely injured and claim the accident was caused by carelessness and negligence on the part of Clifford Ham. Maude Shelley is asking for damages in the sum of \$5,000 and Adeline Moore is asking for \$15,000. The accident is alleged to have occurred two and a half miles west of Montmorenci. Clyde H. Jones and Charles A. West are attorneys for the plaintiffs.

—Lafayette Journal.
Mr. Ham was formerly a resident of this city, he and his family moving to Lafayette about three years ago.

Floyd Meyers, Rensselaer's leading real estate dealer, was in Wheatfield today to look after an important land sale.
