CLARENCE J. McLEOD

Clarence J. McLeod, a Detroit attorney, is believed to enjoy the distinction of being the youngest man ever elected to congress. He was elected from the Thirteenth Michigan district to fill a vacancy. He became 25 years old July 3 this year. In the primary election on August 31, or less than two months after he became eligible to seek congressional honors, he defeated three other Republicans for the short-term nomination to fill the vacancy created by the death of Representative Charles E. Nichols.

LEAGUE NEEDS U. S.

Lloyd George Says It Will Fail Unless Backed by America.

British Premier Cites Work Already Done by Organization—Urges Disarmament.

London, Dec. 23.—David Lloyd George, the prime minister, presiding at a luncheon given in the house of commons for the British and dominion delegates to the recent League of Nations assembly in Geneva, declared the league would never achieve real progress until all the nations were represented.

There could be no real peace, declared the prime minister, until competition in armaments ceased, and before disarmament was possible all the nations must be in the league, for all must march together.

Mr. Lloyd George said he was glad to know that all were doing something. He asserted that if the Geneva assembly had existed in August, 1914, the war would have been impossible. He was sanguine there would be no obstacle to Germany's admission to the league if she manifested an intention to fulfill her obligations.

There was no use laboring for the association of nations and for the establishment of peace, the prime minister declared, and on the other hand erecting great armaments in order to force other nations into a competition which had more to do starting the late war than almost any other individual force.

Mr. Lloyd George said the nations could not take the risk of disarmament until every nation was included. If it could be done only by agreement, disarmament, he declared, was not a thing which could be done secretly and behind closed doors; it must be done in such a way that everyone knew, so that the agreement, once arrived at, would be respected.

Mr. Lloyd George said all nations must reach a common agreement not to start again disastrous rivalry in armaments, which must inevitably end in a clash.

The league has already done much, the prime minister asserted. For one thing, it has raised the status of labor throughout the world, and the labor bureau was doing great things. The league's most conspicuous work, he said, probably was the establishment of the international court of justice, which would have a very determining effect on international justice in the future.

No League of Nations, however, could possibly be regarded as complete until the United States was included, Mr. Lloyd George declared.

FIX GERMAN PAYMENT

Repayment by Teutons Put at 25 Billions.

Experts Figure Amount That Can Be Collected From Former Enemy.

Brussels, Dec. 23.—Payment by Germany of 100,000,000,000 marks in gold (approximately \$25,000,000,000) remains the basis upon which experts and delegates to the second financial conference, in session here, are working.

This amount, although far below what was authorized by the treaty of Versailles, is considered by them collectable only on condition that Germany is helped along the line suggested by the German delegates.

Allied experts, in secret individual reports, the substance of which has come to light, recognize Germany's real necessities, and delegates generally are impressed by arguments that Germany is an insolvent creditor who must be maintained as a going concern.

The extent to which strict fulfillment of the Versailles treaty may be waived, however, depends upon the allied governments, before which recommendations have been made by the various delegations.

Virtually none of the delegates believes the treaty can be executed literally and allied experts agree with the Germans that reparations must be paid chiefly in kind. Some cash, however, will be demanded after a year or two, if not immediately.

Today's meeting was really in preparation for the recess which will not be taken until January 10. Allied delegates planned to meet apart in the afternoon for the purpose of exchanging views and reaching a common accord which will be reflected in reports to their governments.

German delegates are still working on the list of questions submitted by the allies, which covers a wide range.

HEREFORD SALES ASSOCIATION

To show that there is a great deal of interest manifested in a Hereford Sales Association, some twenty Hereford men representing Newton, Jasper and Pulaski counties met in the County Agent's office today and perfected a Hereford Sales Association of the three counties mentioned. Mr. S. S. Davis, county agent from Newton county, presided over the meeting and explained the object and benefits of such an association. Much enthusiasm was manifested in the talks given by Messrs. John Guild, Firman Thompson, W. L. Bott, O. S. Bell and Charles Fleming. It was the unanimous opinion of all that Mr. John S. Capper, Hereford breeder at Star City, be president of the organization. The other officers elected to carry on the business of the organization were O. S. Bell, vice-president; D. M. Mawhorter, secretary; and James Fleming, treasurer. The directors appointed were Messrs. W. W. Bott, John Guild and King Chamberlain. These three men, in collaboration with the officers, were appointed to draw up a constitution and by-laws and name the organization in the near future which will probably be the first week in January. This is the first organization of its kind in northwestern Indiana and it has for its object the aiding of small breeders in Hereford cattle and promoting the best interests of the Hereford breed at large.
