

# Ford

THE UNIVERSAL CAR

## Buy Your FORDSON NOW

We repeat, BUY NOW, or at least arrange to insure delivery next spring. There will be a serious shortage of FORDSON Tractors. The factory will build one hundred thousand in 1921 and the dealers can sell twice that many. The Central Sales Co. has been working its territory intensively and KNOWS that it will not be able to supply the demand next spring unless the prospective buyers get in early and literally steal the machines from other territories that are not so wide awake. The regular allotment is too small to supply even a small demand. And you farmers who are losing your tractor enthusiasm because of the slump in prices should take a little time off to talk over the situation with us. We can show you that there is a BIG SAVING in power farming with the FORDSON and Associated implements even though prices are declining. We have data compiled by our farmer owners and ourselves on our own farm that proves this assertion. Once you own a FORDSON you will never be without one. Prices guaranteed against reduction until next June.

Remember we charge no notary fee on Ford License Certificates.

### AGRICULTURAL NEWS.

**Farmers' Short Course.**  
The Farmers' Short Course will be held at Purdue University January 10-14, 1921. At the same time will be held the State Corn Show, the Purdue Apple Show and the Boys' and Girls' Potato Show and other exhibits. The schedule of state association which will hold their meetings during the week is as follows:

Indiana Corn Growers' Association, Wednesday, January 12.  
Indiana Vegetable Growers' Association, January 12.  
Indiana State Dairy Association, January 13.  
Indiana Home Economics Association, Thursday, January 13.

ciation, Thursday, January 13.  
Indiana Livestock Breeders' Association, January 13.  
Indiana Hereford Breeders' Association, January 13.  
Indiana Shorthorn Breeders' Association, January 13.  
Indiana Angus Breeders' Association, January 13.  
Indiana Holstein-Friesian Association, January 14.  
Indiana Guernsey Cattle Club, January 14.  
Indiana Jersey Cattle Club, January 14.  
Indiana Ayrshire Breeders' Association, January 14.

A large number of the strongest workers of the United States will be brought to Purdue for the Farmers' Short Course and it is an opportunity for Indiana people to get information on the important and pressing problems of the time. Farmers and their wives are urged to attend the Short Course and take part in this worthwhile program. County agents, Home Demonstration agents and Club leaders should plan for this week and organize a party of their people, and bring them to Purdue so that all the counties in Indiana may be well represented. A full program of the Short Course will be sent upon request to the Dean of the School of Agriculture, Purdue University, Lafayette, Indiana.

**Important Notice.**  
County Agent Mawhorter will be absent from the office during holiday week and will be at the home of his father, who is very seriously ill. If there is any important business or information needed, please leave word with Miss Keeney at the office and prompt attention will be given it.

**Corn and Poultry Show.**  
Many farmers are making plans with the county agent to assist the poultry association in carrying on one of the most successful poultry and corn shows, also a boys' and girls' club show. This show will be held the 13, 14 and 15 of January. Everybody make a special effort to pick out your best fowls and best ten ears, also single ears, for exhibits at the county show. The poultry association have for several weeks, been giving a great deal of attention to the arrangements for this coming event.

**Christmas Greetings.**  
There is not a day so dark or so gloomy or a day that is so bright or a time that is so discouraging, but out of it all God looks after and cares for us all. With best wishes for a most prosperous year and happiness, I wish you all a Merry Christmas and a Happy New Year.

**County Farmers' Federation Meeting.**  
The county farmers' federation meeting was held in the Court House on Thursday, December 23. There was a goodly number of farmers from eight of the thirteen townships in attendance. A very enthusiastic meeting was held and

### Children Cry for Fletcher's

# CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

### What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

THE CENTAUR COMPANY, NEW YORK CITY.

many important points were threshed out such as the survey of each township for the pooling of fertilizer orders and the allowing of bills and expenses of the president while attending the district and state meetings, also the election of Mr. Joe Kolhoff of one to work in collaboration with Mr. Lawson, live stock committeeman of the 3rd district. Mr. R. J. Yeoman also read a clipping from the Indianapolis Star concerning the appointment of Mr. Russell Van Hook, chairman of the county organization, to the position as one of the legislative committeemen for the state. This shows that Jasper county is

## The Oil Well and the Oil Whale

THE miracle of mechanical development which has revolutionized the world and has changed man's habit of life, even in the remotest wilderness, was made possible by the discovery of oil in 1858, and the development of oil refining, in which the Standard Oil Company was a pioneer and leader.

With the development of the petroleum industry came a cheap, efficient, easily secured lubricant, capable of keeping the bearings of the heaviest machinery running cool and without friction.

It is the thin film of mineral oil which has made possible the great mechanical inventions of the modern world. When population was scarce and widely scattered, the surplus animal and vegetable fats were sufficient to grease the simple machinery of that day, but with the vast development of mechanical power these sources of lubricants would be quite inadequate.

The old system and the new may be visualized by comparing the "grease rag" of Madeira with the marvelous automatic force feed lubrication in your automobile. In Madeira the native walks ahead of his team, smearing the cobblestones with a grease rag, while you drive comfortably, because petroleum has made automatic lubrication possible.

Correct lubrication is the life of industry, and correct lubrication depends entirely upon petroleum. All other products of crude oil, while adding much to the prosperity, comfort and gayety of the world, could be given up without the disastrous consequences which would follow the elimination of the petroleum lubricants.

The Standard Oil Company (Indiana) manufactures a large number of oils and greases, each designed to meet an especial need. To serve industry better, the Company maintains a staff of lubricating experts whose business it is to study the problems of individual industries, and determine the lubricants necessary to increase the efficiency of machinery, and to prolong its life.

The Standard Oil Company (Indiana) is proud of its position as the manufacturer of the lubricants used by so large a number of important industries throughout the nation.
