ROBBER ENTERS OFFICES

ENTERED DR. WOOD'S
OFFICE AND OFFICES OF COR-
GILLEN EITHER SAT-
DAY OR SUNDAY NIGHT—
BABY LOOKING FOR
PHONE IN DOCTOR'S OF-

COPIES ARE NUMEROUS

Entered the offices of Dr. N.
and the law offices of Cor-
Gillen above the Central Na-
Bank and Kelley's store some
Saturday or Sunday night. The
robber obtained entrance to the
office broke the glass in the
gaining entrance, the robber
the medicine case and having
looked for morphine tablets
being able to find anything
morphine tablets then broke the
door to the surgical implement
The robber then climbed the
& Gillen office door and gained
through the open transom.
Robber took from the unlocked
the office lobby about \$8 in
change. Marks are on the door
the thief slid down from the
transom. The criminal also broke the
in the office door of Dr. Jerome
late deceased, whose offices have
been reoccupied.

Robberies in Greencastle have
been during the past few days,
is likely that the same person
entered these offices either Sat-
or Sunday night is the same
who entered the Sackett gro-
store some time Monday night,
approximately \$100 from the
and cash register. The Dr.
robber must have been a mor-
phine addict, as he ransacked the office
cases and left a box filled
with morphine tablets on the case.

NEW WANTS CALHOUN OUSTED

College officials made the announce-
ment Tuesday morning that Dr. George
R. Grose, of Columbus, O., Wednesday,
that he would arrive in Greencas-
tles Thursday morning. Dr. Grose has
been called from his eastern vacation
by the Calhoun affair, which caused
a sensation among college offi-
cials and Greencastle citizens, Sun-
day. It is expected that Dr. Grose
will be able to give some light on the
affair and that the affair will be
straightened out in a few
days.

The following article concern-
ing the affair was published in the In-
dianapolis Star this morning, but offi-
cially stated this morning that there
was no foundation for the
story, as no member of the faculty
has given out any such article. Mys-
teries seem to pervade the whole af-
fair.

Greencastle, Ind., August 25.—The
written to Prof. William E.
of Minneapolis, Minn., by Prof.
W. Calhoun, recently elected
chair of sociology in DePauw
university and which is now in the
of United States District At-
torney Clyde of Chicago, is being
handled by trustees, faculty mem-
bers and friends of DePauw Univer-
sity. There is also strong
feeling here against Calhoun, who
believed will never take up his
duties here three weeks hence when
the university opens its fall term Septem-
ber 12.

Students of the university who
read today were loud in con-
demning the letter and the writer.
Many members expressed them-
selves as being violently opposed to
such teachings in DePauw Uni-
versity.

It was also said that President
Calhoun has been misled in signing a
letter with Calhoun. President
made a trip to Madison, Wis.,
some time ago to interview Prof.
Calhoun, one of the foremost educators
of the Middle West, who recom-
mended Calhoun to Dr. Grose.

Calhoun was dismissed from both
DePauw University and Kentucky Uni-
versity for his Socialistic views and
Dr. Grose, so it was said here,
had no leanings toward Bol-
shevism or the radical social beliefs,
as in his letter to Prof. Zeuch he
continues to believe in.

WANT NAME FOR LEGION POST HERE

THIRTY NAMES HAVE BEEN
SENT TO NEWGENT, SECRE-
TARY OF STATE AMERICAN
LEGION FOR LOCAL CHARTER
—BIG ENROLLMENT EXPECT-
ED.

ALL SOLDIERS INTERESTED

What will the post of the American
Legion in Putnam county be named?
The thirty charter members have
been secured and a letter has been
sent to State Secretary Russell New-
gent making application for a post of
this organization. The instructions
to Greencastle men state that the lo-
cal organization cannot be named
after any living person. It is prob-
able that the organization will be
named after some person who has
given their life in the great war. Put-
nam county has had many splendid
men die in the war and the organiza-
tion should be named after one who
has given his life in the country's ser-
vice. Greencastle and Putnam coun-
ty people are asked to submit sugges-
tions for the naming of the local post.
Anyone having suggestions will
please send them to the Herald office
and a decision will be made by a com-
mittee as to the most appropriate
name suggested.

The following young men of Put-
nam county are enlisted on the char-
ter roll:

- Estel Brothers
- Justin G. Schmitt
- Gerald Handy
- Robert A. Hoffman
- Russell V. Vermillion
- John G. O'Neal
- Arl Allen
- Gwin G. Ensign
- James A. Bittles
- Robert E. Hanna
- Harold M. Hootman

One professor expressed the opin-
ion that a large per cent of the teach-
ers of sociology of today have ideas
which conform to those of the Social-
ists and there is a great scarcity of
such teachers. It is believed that this
course will be dropped from the cur-
riculum of DePauw University before
a radical Socialist will be allowed to
have any influence over the more than
2,000 students who will enroll for the
opening term of DePauw September
13 to 16.

PAVEMENT OF SEMINARY ST. IS DISCUSSED

ESTIMATES FOR SEMINARY
STREET IMPROVEMENT GIVEN
BY DONNEHUE, CITY ENGI-
NEER, AT COUNCIL MEETING
—ED. HAMILTON TREATS
MEMBERS—INTERESTING SES-
SION.

FIRE CHIEF IS ELECTED

The estimates for the improvement
of Seminary street were given Tues-
day evening in the city council meet-
ing by City Engineer Ralph Donne-
hue as follows:

Brick	\$35,857.16
Bitulithic	30,178.80
Concrete	25,032.78
Concrete with seal coat	25,920.02

The council members were divided
in the discussion on the manner of
improving Seminary street from
Jackson to Wood street. Many spoke
against the use of brick, while others
stated that they found this to be the
best pavement used in cities. As
other business had to be brought be-
fore the council, the Seminary ques-
tion was deferred to a special meet-
ing of the council to be held next
Tuesday evening at 8 o'clock in the
council room. At this meeting the
new increase in tax assessments will
also be discussed.

Tuesday evening all but two of the
councilmen were present. Those ab-
sent were U. V. O'Daniels, as he is on
an eastern auto trip, and Asa Smith,
who could not be found in the city.
Joe P. Allen, Jr., councilman, arrived
in Greencastle near 7:30 o'clock Tues-
day evening from a motor trip to
Mammoth Cave and came immedi-
ately to the council meeting. A feature
of the evening was the installing of
the new council member, Ed. Hamil-
ton. Mr. Hamilton obtained the good
graces of the council members, police
force and the fire fighting force when
he passed to the men some fine cigars.
Mayor Bartley was given the first
cigar, and he spoke highly of the
gift. Mr. Hamilton was unanimously
elected at the August 12 meeting to
fill the vacancy made by the resigna-
tion of Fred Hixon, who recently re-
moved to Indianapolis to take up his
business there.

Under the public works, Roy
Abrams, chairman of this committee,
spoke of the drainage of the Ellet
greenhouses on Melrose avenue run-
ning on the lawn of the home of Dan
Brackney. Mr. Abrams was advised
by City Attorney C. T. Peck to have
a drainage ditch dug on the west side
of the road in front of the Brackney
home.

Under the public safety committee
George Williams was unanimously
elected as fire chief for the fire fight-
ing force. Mr. Williams is probably
the most efficient man the council
could have secured for this position,
as he has been a member of the force
and showed by his work his excellent
ability in this work. He will attend
all the fires and have charge of the
men.

Under the public finance the claim
ordinance was passed.

BAD CHECK IS GIVEN TO DOBBS

MAN OF GENTLEMANLY AP-
PEARANCE GIVES BAD CHECK
FOR \$17.55 LATE TUESDAY
AFTERNOON AT GROCERY—
GIVES NAME AS FRED SIPES.

ON FIRST NATIONAL BANK

A neat appearing man of about 35
years of age, wearing a light pair of
trousers, a blue serge coat and a
straw hat purchased some groceries
at the store of George Dobbs on East
Columbia street late Tuesday after-
noon and gave for the goods a fraud-
ulent check. The man stated that he
was on his way to Martinsville to at-
tend the Elks' carnival, and since he
would not go back to his country
home east of this city his brother,
who also resided east of Greencastle
would come to the store later in the
evening and take the goods. The man
gave a check for \$17.55, endorsed by
Fred Sipes on the First National
Bank. The amount of the purchased
goods was \$1.02, making Mr. Dobbs
the loser by \$16.53. Soon after the
impostor had left Mr. Dobbs took the
check to the First National Bank and
was told there that it was worthless.
The proprietor of the grocery then
got in touch with Marshall Henry
O'Hair, and with him they met the
Monon south-bound afternoon train.
Not finding the man, they came back
to the city and are still at a loss as
to who was the "bad actor."

BREAK OF 75 CENTS IN LOCAL HOG PRICES

—August 27—
Indianapolis Receipts—Hogs, 9,000;
cattle, 900; calves, 600; sheep, 1,500.
Breaks of 75 cents in hog prices
and \$1.00 in calf prices marked the
trading in the local yards today.
Hogs sold generally at \$21.00.

The weakness in prices here was
due to generally lower markets in
other cities. A local packer bought
about 5,500 hogs and 3,500 went to
outside buyers. Cattle and sheep
were steady.

W. E. CARPENTER TO SPEAK TO COUNTRY FOLKS

Dr. Hilary A. Gobin, chairman of the
Putnam county Armenian fund, stated
Wednesday morning that W.
E. Carpenter, of Brazil, who spoke
Sunday evening at the union church
service, will be invited to speak before
the country people in the outlying
churches. Dr. Gobin spoke highly of
the contributions made by the people
since Sunday evening and it is hoped
that the Putnam county apportion-
ment of \$2,750 will soon be raised.

MAN BECOMES DESTITUTE; ASKS FOR AID OF COUNTY

A man giving his name as Sears,
of St. Louis, came to the fire engine
house about 8 o'clock Tuesday even-
ing and stating that he was destitute
of money asked for lodging in the
county jail, which was granted by
Marshall O'Hair. The man, who ap-
peared to be near 40 years of age,
was poorly dressed and looked worn
out. He stated that his home was in
St. Louis and that he had gone to Chi-
cago recently to obtain work. Becom-
ing disappointed, he started to walk
home and arrived in Greencastle tired
and without sufficient money to secure
food or lodging.

STATEMENT IS EXPECTED SOON BY PRESIDENT

DR. GEORGE R. GROSE, PRESI-
DENT OF DEPAUW, NOW ON
HIS WAY HOME FROM THE
EAST, IS SECURING FACTS
REGARDING CASE OF PROF.
ARTHUR W. CALHOUN BE-
FORE TAKING ANY ACTION.

MAY BE HOME THURSDAY

Until all the facts regarding the
charges against Prof. Arthur W. Cal-
houn, engaged by Dr. George R.
Grose, president of DePauw, to teach
sociology in DePauw, are secured Dr.
George R. Grose will not make any
statement relative to the case.

Reports which were given publicly
in an article in the Chicago Tribune
charged that Calhoun is of most radi-
cal socialistic views. These reports
were received here with much con-
cern and communications with Presi-
dent Grose were immediately started.
Dr. Grose has informed university of-
ficials that he will make a thorough
investigation of the charges against
Calhoun and that upon his return
home he will make a statement. Un-
til that time the university authori-
ties will have nothing to say in the
matter. Dr. Grose is expected here
on Thursday, but whether he will
immediately make a statement or
wait until he has secured more infor-
mation is not known.

The general census of opinion, how-
ever, is that the charges against Cal-
houn are well founded and that Dr.
Grose was not informed as to his
radical tendencies when he was em-
ployed to teach here. That his resig-
nation will be asked there is little
doubt.

HIGH PRICES PREVAIL AT FARM SALES

SOWS AVERAGE MORE THAN
\$100 AND MILK COWS AS HIGH
AS \$165—DEMAND FOR HOGS
IS GREATER THAN IN MANY
YEARS—TWO SALES ON TUES-
DAY.

CORN SELLS FOR \$1.65

High prices prevail at the farm
auction sales in Putnam county, there
being an especially strong demand for
hogs, especially of the pure-bred
variety. Two big sales were held
Tuesday, the Dobbs & McCloud dis-
solution sale and the O. G. Kivett sale.
Each sale was held in Marion town-
ship, but as the sales were five miles
apart large crowds attended each.

The Dobbs & McCloud sale totaled
approximately \$12,000. This year the
purchasers, although given the privi-
lege of giving notes for their pur-
chases, are mostly paying cash. At
the Dobbs & McCloud sale two Duroc
sows sold for \$125 each; another pen
of four sows sold at \$110 each, and
another pen of five sows for \$100 each.
All were Durocs. In all, 100 hogs
were sold at this sale. A Duroc boar
sold for \$120.

Sheep sold at \$18 a head; the high
priced cow brought \$165; a Polled
Durham bull brought \$150. Horses
and mules also sold well. Corn to be
delivered at the field at shucking time
brought \$1.65 a bushel.

At the Kivett sale prices also
soared into money. One thoroughbred
gilt brought \$145. Other stock and
hay and grain sold high.

Today the annual D. V. Hurst sale
is being held. Mr. Hurst always has
a choice lot of stock and no doubt
prices will maintain their high mark
at the sale today.

NEW CREAM STATION OPENED IN GREENCASTLE

Frank Hugh will have charge of
the new Wadley Company cream sta-
tion at the rear of the Sudranaki gro-
cery store on West Franklin street.
Mr. Hugh has been in the cream
business many years, coming to
Greencastle from Waldron, where he
has been official cream tester for the
Wadley company there. All products
received from the Putnam county
farmers will be sent to Terre Haute,
where the Wadley company maintains
large offices. Mr. Hugh stated this
morning that probably later he will
also buy poultry products.

POLITICAL GOSSIP
FROM WASHINGTON

Washington, D. C., August 23.—Failure of the Republican Congress to enact any legislation providing substantial aid for discharged soldiers was the subject of criticism by Representative Scott Ferris of Oklahoma, chairman of the Democratic Congressional Committee and ranking Democratic member of the House Committee on Public Lands, in a statement made today.

Mr. Ferris was particularly critical of the so-called Mondell bill because, as it is now drawn, in his opinion, it will provide aid for only a comparatively small number of service men, only those willing to enter into the colonization scheme the Mondell measure is intended to foster, and thus makes no provision for soldiers in States where such colonization is not feasible to acquire a home or farm.

An alternative plan should be included in the bill in the opinion of minority members of the committee, so that every soldier who needs or desires governmental aid in acquiring a home may obtain it.

"The American people at the November election entrusted the Republican party with full control of both branches of Congress. They have been in session for three months. They have signally failed to pass any legislation beneficial to the four million discharged soldiers," said Mr. Ferris, who was chairman of the public lands committee in the last House.

"The House public lands committee has had hearings on the Mondell bill and has reported it to the House. The bill in its present form is not sufficiently wide in scope to benefit the major portion of the soldiers deserving relief.

"The bill should contain a provision that all money appropriated for homes for soldiers should be equitably apportioned among the States according to the number of soldiers making application and desirous of availing themselves of a home under it. The bill as it now stands does not do this.

"The Mondell bill as it now stands is a soldiers' colonization bill. My contention is that in states that are well settled, with roads, school houses, churches, towns, rural routes and all modern facilities the proposed plan is not at all feasible, and will be disappointing to the administrative officers as well as those who are to profit under it.

"An alternative plan should certainly be added to the bill, authorizing the Secretary of the Interior when the soldier plan is not feasible in any given state, or in a given section of the country, to make loans direct to individual former service men who desire to purchase homes in communities where they may wish to locate. This, of course, would add to the difficulties of administration; it would widen the scope of the bill, but it would make it at all times perfectly certain that there was some relief to be offered the soldier who was unwilling to go out to the sparsely settled states of the West or the cut-over lands of the South that he might have within reach some relief in the acquisition of a home."

Democratic members of the committee contend that without this alternative disappointment will result. Representative Ferris pointed out that in sections of the country where land ranges in price from \$50 to \$250 per acre, plus the charges of administration which the soldier will have to pay, the colonization plan will not be a success.

"It is not feasible," said Mr. Ferris and the soldier will grow heart-sick over the fact that relief is being granted to a few and denied to the many. I am not leaning on my own judgment in making these suggested amendments. They are already firmly entrenched in the minds of leaders in the House of Representatives and in the minds of the soldiers as well.

"Secretary Lane has worked in season and out to get some legislation that would enable the country to do for the soldiers of this country what other countries are doing for theirs, and as I converse with soldiers on the subject and study the plan more and more I feel perfectly sure the Mondell bill will first not be acceptable to the soldier, will not as it stands be acceptable to the House, and will if enacted benefit but few and leave the very great majority without any relief, without any help or recognition of their services.

"Yet I am hopeful that the good things in this bill may be preserved where susceptible of operation, but at the same time I am doubly anxious that proper amendments be added to make it acceptable and of sufficient scope to assure some affirmative assistance and recognition to the soldiers who served their country during the time of greatest stress.

"I want to make it perfectly clear that the Mondell bill is not without virtue, and doubtless will be of great value to the soldiers in certain sections of the country. But my fear is that it will not take care of a sufficiently large number of soldiers to really make it a soldiers' bill at all, and also it is not sufficiently wide in scope to do justice to all the soldiers in all the States."

SCOUR BORDER IN SEARCH
OF MISSING FLIERS

San Diego, Cal., August 23.—American aviators and troopers, aided by Mexican troops, searched in vain today for Lieuts. F. B. Waterhouse and C. H. Connelly, army aviators, who were last seen on Wednesday, when they left Yuma, Ariz., on a return trip to Rockwell Field, near here. They were on border patrol duty.

The search is being made over a strip of land extending southward from the Mexican border and reaching approximately 130 miles across from the Pacific Ocean to the Gulf of California. A high mountain range bisects it north and south. All the country is wild, extremely rugged, sparsely inhabited and much of it is heavily timbered.

The airplanes from Rockwell Field covered the Pacific side of the Mexican territory and other patrols worked out of Calexico on the eastern side of the mountains. Radio telephone and telegraph services were used in the search and were augmented by carrier pigeons.

ART TEACHER OF PUBLIC
SCHOOLS HANDS RESIGNATION TO SCHOOL BOARD

Miss Frances Brian, instructor in art in the local high school and grades, has resigned. Miss Brian was also art instructor in DePauw University. As yet no one has been by resignation of Miss Brian. She had taught in the high school and grades one year.

PEACE PACT TO BE
REPORTED IN WEEK

Washington, August 23.—Speeding consideration of the peace treaty in the hope of reporting it to the Senate before the end of next week, the foreign relations committee changed its plans for a public hearing today, and prepared to dispose of proposed amendments and reservations as rapidly as possible.

Except for a hearing of the Egyptian case Monday, the committee plans to work on the treaty without interruption until next Friday and members on both sides predict that by that time a report will be ready.

Both Republican and Democratic leaders predict that the committee will adopt several amendments to the body of the treaty, but the Democrats assert that all of them will be voted down in the Senate.

Big Shantung Opposition.
Among the proposals which it is thought may be decided on shortly is one to strike out entirely the provision giving the Japanese control in Shantung province, China. On this amendment both sides expect to develop the greatest strength on the Senate floor.

Other amendments proposed cover a wide range. Senator Fall, Republican, New Mexico, wishes to have no American representation on the various reconstruction commissions dealing with European matters. Senator Knox (Republican), Pennsylvania, proposes that the peace terms and the league of nations covenant be separated and the latter reserved for later consideration. Senator Borah (Republican), Idaho, would defeat the league covenant entirely by simply striking it out of the treaty. Amendments also are to be offered to the economic and labor sections.

Once in the Senate the treaty is expected to be under debate for weeks before final action, and committee members pointed out that a supplemental report might be filed should it be warranted by any hearings held after committee action has been taken.

MISS DEVANEY RESIGNS AS
INSTRUCTOR IN THIRD WARD

Miss Ethel Devaney, daughter of Mr. and Mrs. William Devaney, who reside west of this city, has handed in her resignation to the school board as teacher of the second and third grades in the Third Ward. Miss Devaney will go to Funnyside, Wash., where she has accepted a position as teacher of the second grade in the grade schools. The school board has secured Miss Ola Scott, formerly principal of the Fox Ridge school, to fill the vacancy made by Miss Devaney. Miss Devaney has taught in the Greencastle school two years, proving an able and well-liked instructor.

GREENCASTLE MAN IS
VICTIM OF BOLD ROBBER

Mr. Newgent, who was the victim of a thief, is well known to Greencastle and Putnam county people, having lived here several years ago with his mother, Mrs. John Newgent, on their farm in Clinton township. He is also a cousin of Warren Newgent of this city. In commenting on the robbery the Marion Leader-Tribune prints the following article:

J. E. Newgent, an employee of the MacBeth-Evans glass factory and who rooms at the home of J. M. Perry, 1519 South Washington street, was the victim of a smooth thief Monday afternoon, who went through the trunk in his room and besides securing between \$8 and \$9 in money carried away a gold watch, pair of gold cuff buttons, silk shirt, two silk ties and two pairs of silk socks. Mr. Newgent values his lost possessions at more than \$50. The loss was reported to the police.

Monday while Mr. Newgent was at his work a young man applied at the Perry home for a room, and having a spare one it was rented to him. He claimed to know Mr. Newgent and this gave him good standing with the aged Mr. and Mrs. Powers, as Mr. Newgent has been with them for some time and enjoys their fullest confidence.

A short time later the new roomer went away and never did return. Mr. Newgent discovered his loss when he returned home, the new roomer having unlocked his trunk with a key he probably obtained on his trip down town after he had sized things up in the upstairs rooms of the Perry home. Mr. Newgent, while feeling the loss keenly, is more desirous of exposing this method for the protection of the public than recounting his own loss.

Mr. Newgent came here from Greencastle, where in his boyhood days he was a chum of Rev. E. L. Day. He also knew Archie Price when the latter clerked in a store in Greencastle.

DEATH COMES TO PIONEER
RESIDENT FRIDAY AFTERNOON

The death of Mrs. Sarah Jones, age 80, wife of the late George Jones, who died several years ago, occurred Friday afternoon at near 3 o'clock at the home of her son, Alvah Jones, west of Cloverdale. Death was due to general debility. Mrs. Jones was one of the aged pioneer residents of Putnam county, having come here from England a good many years ago. She had resided on the farm ever since coming to this county. The funeral was held Sunday morning at 11 o'clock Rev. T. J. Nixon of Cloverdale had charge of the services.

E. A. BROWNING ACCEPTS
POSITION IN CENTRAL
NATIONAL BANK

E. A. Browning, who sold his grocery store to J. F. Bailey of Anderson, Monday of this week, has accepted a position as assistant cashier of the Central National Bank. Mr. Browning will fill the place made vacant by Halstead Selby, who recently resigned from the bank to accept a position as salesman for the bond department of the Fletcher American Company of Indianapolis.

Mr. Browning is well adapted to bank business, as he was assistant cashier of the Central National Bank from 1904 to 1905. Before becoming assistant cashier in 1904 Mr. Browning was deputy treasurer of Putnam county for four years.

Because of his wide acquaintance with Putnam county people as the result of his county, bank and grocery business, he is a valuable man to the Central National Bank. Mr. Browning will take up his new position October 1. Mr. and Mrs. Browning will take a vacation until October 1.

**Velvet Always Hits a 3 Bagger:
Sight! Smell!! Taste!!!**

THEN it's easy to get to the home-plate, right where you snuggle down in an old coat and slipper to enjoy life.

To begin with, Velvet Tobacco, in its jolly red tin, has a wholesome generous look to it. Nothing namby-pamby about it. A red-blooded tin full of red-blooded tobacco, for red-blooded folks.

Open it up—and you get the fragrance that Nature stored in the tobacco during eight changing seasons, while it mellowed in great wooden hogsheads.

And say! It's great! That good, natural fragrance of Kentucky's wonder tobacco—Burley—King of Pipe-land. No camouflage about it. No dolling up.

Pack a pipeload. Light up and you'll get the fragrance of real tobacco—the incense to solid comfort.

And a mild, pleasant taste, that only our Nature-ageing method can impart. You will never taste a finer cigarette than the one you roll with Velvet.

Fifteen cents a tin—not a cent more.

Batter up!

A friendly pipeful makes even the umpire seem almost human.

INDIANA CONFERENCE OF M. E. CHURCH HELD SOON

The Indiana conference of the Methodist Episcopal church will meet in Indianapolis September 23 to 29, at the Central avenue Methodist church, Twelfth street and Central avenue. Bishop William F. Anderson, D.D., LL.D., of Cincinnati, will preside.

The Indiana conference is one of the strongest in Methodism and its sessions are always looked to by the Methodists of southern Indiana with great interest. The conference embraces all the territory south of the National Road, including the city of Indianapolis.

Great interest has been aroused in this session because of the fact that this is the first session of the conference since the centenary of the church at Columbus, O. The distribution of some of the centenary money is sure to create interest.

Last year the conference reported 108,493 members.

The Women's Foreign Missionary Society will have as their speaker Mrs. Lena Leonard Fisher, and the Women's Home Missionary Society the Rev. George R. Grose of DePauw. After the reading of the appointments the conference will adjourn Monday.

RESERVATIONS TO BE DRAWN AT ONCE

Washington, August 25.—The Senate committee on foreign relations has planned to devote this week to the preparation of reservations to the treaty that will be included in the resolution of ratification. Senator Lodge chairman of the committee, expressed the view today that the committee would report a set of reservations within ten days.

With the treaty and the proposed reservations before the Senate, the real contest over the treaty will begin. The inside talk in the committee today was that no more textual amendments will be attempted, though it was said that no formal agreement to this effect had been reached.

What People Wish.

Senators are in receipt of many communications from over the country setting out the view that the time has come when the Senate should absolutely free itself from political animosities and deal with the treaty of peace on the basis of what is best for the United States and for the world. Men and women who are sending in these communications assert that the country is getting tired of hearing so much talk about whether this group or that group of Senators will win out in the treaty fight and whether the final outcome is to be a victory for Wilson or for the Senate.

According to the view expressed in these communications the people all most everywhere are losing interest in this sort of talk. Along with these communications offering the suggestion that political consideration should be laid aside in dealing with the treaty there is the positive demand that the Senate shall expedite ratification as much as possible. Apparently there is no question at all as to how the public feels on this point. It desires the Senate to act with reasonable promptness.

MISS JONES WRITES OF HER VOYAGE

The following letter was received by Miss Emma Jones, the aunt of Miss Helen Jones, who is now in Constantinople doing Y. W. C. A. work.

Smyrna, Greece, July 25, 1919

On Board the Bulgaria

Dear Folks One and All:

Here we are at Smyrna, the last stop before we arrive at our destination. Arrived here at 7 o'clock this morning and are waiting for plans before going on shore.

I sent you a letter from Salonika, so you know of that much of our trip. We had a nice time there in Salonika, which is an odd mixture of the European and Oriental, now tinged and permeated with the military. We were getting near to the war. Had hoped to see the front, but it was too far back. However we heard lots about it from the various Italian officers on the boat who had had many experiences in that section.

The boat in some of these towns does not pull right up to the dock, so does not pull right up to the dock, so boat. So far the boatmen are the biggest robbers we have found. In fact, all the people go on the supposition that we are made of money, and hence they fleece us with great calmness of conscience.

Salonika was about three-fourths destroyed by fire about two years ago and is still in ruins in most places. They told us, however, that they plan to rebuild and will have a beautiful city in about fifteen years. They are just beginning to rebuild. It really is fortunate, for otherwise the people would have continued to live in the age-old nests and crannies in the dark, twisting streets, and now it is to be all new.

The first thing we spied after we landed was an American Red Cross warehouse, so we went to ask where Red Cross headquarters were. They not only told us, but offered to take us out in one of the trucks standing there, so out we bounced (all the streets are paved with cobblestones) and met a cordial welcome. Afterward five of us came back to the dock and arranged for a carriage to drive us around. We drove through ruins, past military hospitals and barracks, and finally up into the Turkish quarters. I wish I could describe to you the shops, all open on the streets and very shallow, with just a small stock of wares. There seemed to be some fruit (peaches and green pears) tomatoes, a sort of melon and nuts for sale. The city belonged to the Turks until about seven years ago, so it is dotted all over with minarets. We drove up on the hills, where we saw fragments of the old wall which used to surround the city. Everywhere we met fantastic figures, Turkish red fezzes were very much in evidence. Picturesque figures with turbans or nondescript clothing of various kinds and colors were to be met everywhere. We also began to meet Turkish women wearing the veils.

We had lunch in a cafe opening right in the street. Screens are an unknown article to here, but we are getting used to the flies. The lunch was good, topped off by ice cream that was quite palatable. In the afternoon we all went back to Red Cross headquarters and heard a talk by Dr. Barton, who is head of the A. C. R. N. E. He told us a good deal about the work and gave us many valuable suggestions. We Y. W.'s felt particularly encouraged when he told us of the opportunities waiting for us among the women. The A. C. R. W. E. give the women food and clothing and provide shelter for them but do nothing toward their entertainment and social diversion.

We all got back to the boat in time for dinner and sailed that night at 10. That was Wednesday. We steamed ahead yesterday and got here at 7 this morning. You should have seen the load of steerage we brought over for Salonika. I have lost all count of nationalities, but there were all kinds. All camped out on the deck with their baggage, food and children all around. Last night I noticed a group of Turks spreading out their lunch on a lovely rug of curious weave. After lunch they sprawled out and one sang a weird little song. I'll never forget some of these scenes. This had for its background the brilliant colors of the setting sun and the evening stars.

The harbor here is swarming with row boats with gay carpets and cushions. The boatmen are all swarthy Turks. We have decided we won't go on land until after lunch, then we'll take a carriage. It grows unbearably hot here in the middle of the day out in the sun. Some of our party are going out to the American college near here. The A. C. R. N. E. have a hospital here and some plan to go out there. It seems more interesting just to drive around and get a general idea. Several of our passengers left us here. There was a most delightful Italian officer and his wife

and baby among them. The wife is from a Scotch family who live here in Smyrna, evidently wealthy, at least before the war. I never saw a more charming man. The wife was sick and he took the most beautiful care of her and the baby.

I am finding more and more use for my French, occasionally for my German, and I'll be glad when I know more Turkish.

You need not worry. I can get food, medicine and blankets, etc., from the A. C. R. N. E. Dr. Barton says they can supply all of that. I'll not want for things.

The next letter will be from Constantinople. This is the fourth one I have sent. With lots of love for all. Wish you were with me to enjoy the sights.

Your niece,
HELEN G. JONES.

SUPPOSED BELGIAN STUDENT PROVES TO BE AN IMPOSTOR

DeSkai was an impostor, and as a result several Greencastle people and Rushville people are minus money aggregating near \$70. The man about who the story centers is Roland B. DeSkai, who fell in a faint in the yard of Mr. and Mrs. C. N. McWethy Saturday, August 16. The story of DeSkai in Rushville is brought to Greencastle by P. T. Allen of Rushville, who was in Greencastle Sunday visiting Mrs. Margaret Allen and family. Mr. Allen reports a man giving the same story as the young fellow who gave his name as DeSkai here pulling off the identical stunt in Rushville Thursday, August 21, fainting in a yard giving a story of hardships and trials owing to a recent attack of the "flu" and asking for money to obtain railway fare to New Orleans, where he stated he had friends. While in Greencastle the impostor stayed at the home of Mr. and Mrs. Eugene Light. The Greencastle fund was raised in a few minutes by folks who heard of the man in distress. All authorities have been notified and a thorough search is being made for the man who has "hoodwinked" both Greencastle and Rushville citizens.

WRIGLEY DELIVERS GUM BY AEROPLANES

Trains and boats and jitney busses, camels, oxen, dogs and coolie runners will please make "gangway" for the Aero Express. Here they come! The "Spearhead Number One" and her sister ship the "Spearhead Number Two," are on their way! Two latest type Curtiss aeroplanes, similar to those used by the U. S. army, and fully equipped for long-distance flying, are making a tour over eight states, visiting 150 cities and towns. The planes carry a consignment of Wrigley's chewing gum for the local distributors—the first delivery on record of this product by aeroplane.

Always a keen enthusiast on the latest developments in any enterprise, and especially in commercial aeronautics, Wm. Wrigley, Jr., of Chicago, the largest chewing gum manufacturer in the world, has chartered these planes to exemplify commercial flying.

The tour is under the direction of John N. Hammond, representing the Transcontinental Aerial Company. Mr. Hammond recently returned from overseas service with the 26th Division. His pilots are C. R. Borkland, formerly of the British Royal Flying Corps and Royal Air Force, and J. W. Schroeder, formerly instructor in the U. S. air service.

The "Spearhead One" and "Spearhead Two" are painted white and ornamented with the Wrigley trademarks and packages. They will drop twenty-five small parachutes upon arrival over a city, each parachute carrying a package of gum, and four of them containing a complimentary ticket which will be honored for a free ride in one of the aeroplanes. Finders of these tickets ride free—others will be taken for a bird's-eye view sight-seeing trip at \$15 per ride. The tour will cover the Middle West and South during the next four months. Manufacturers of light package goods are watching the Wrigley exploit with interest. There is much in favor of the Aero Express service for delivery of goods of this character.

SUGAR FAMINE IN GREENCASTLE

Greencastle citizens are again facing a sugar famine. Merchants said today that there was less than 100 pounds of sugar in Greencastle and that the people will have to do on two pounds a week. There is no quick relief in sight, as it is impossible to get shipments from the larger cities. People who have come here from small near-by towns to buy sugar have been refused.

DR. LOCKWOOD AND FAMILY START LONG TRIP TO CHINA

Dr. and Mrs. W. W. Lockwood and three boys leave Tuesday morning for Shanghai, China, where Dr. Lockwood is the Y. M. C. A. secretary of the city of Shanghai. They will go to Chicago, hence to Vancouver and sail on September 4, arriving in Shanghai. Dr. and Mrs. Lockwood and family have been in Greencastle visiting the latter's parents, Dr. and Mrs. S. B. Town, who reside on South Locust street. The three sons will enter public school in Shanghai.

Poy Ash and Francis Moran have gone to Newcastle where they will be employed.

Mr. and Mrs. L. L. Allen and children, of Rushville, were in Greencastle Sunday, the guests of Mrs. M. C. Allen.

WILD STORY CAUSES STIR AT DEPAUW

The friends of DePauw University and members of the faculty were greatly disturbed Sunday by the appearance in the Chicago Tribune of a sensational story in regard to a newly engaged professor in the department of sociology. Dr. Grose, who hired Professor Calhoun, is not in the city, and no statement from him is at hand, but faculty members are convinced that the story is either untrue in many particulars, or that a sensational interpretation has been given commonplace statements. In fact, the whole story bears on its face evidence of untruthfulness. No one, for instance, could be made to believe that President Grose has showed sympathy with revolutionary ideas. Again the last part of the story itself shows evidence that the writer has been falsifying the quotations, inserting the word "revolution" in the context where it does not belong, together with other evident attempts at sensationalism. The story that the faculty would not permit Calhoun to teach is laughable, as most of the faculty are out of town and the remainder now on the campus believe the whole story a myth.

The story is as follows:

Greencastle, Ind., August 24.—College circles were stirred today by the publication in the Chicago Tribune of Sunday morning of a letter alleged to have been written by Arthur C. Calhoun, recently engaged for the chair of sociology by President Grose of DePauw, in which Calhoun openly admitted his sympathy for the so-called "left wing" of the Socialist party, which wing constitutes the radical or direct action wing, pledged to revolution in the United States, however it may be accomplished. The alleged letter from Prof. Calhoun, written to Dr. William Zeug of the University of Minnesota, was placed in the hands of the United States District Attorney Clyn of Chicago as an example of the "pernicious tendencies" of some educators now connected with American universities, presumptively with the suggestion that there be prosecution if the contents of the letter warranted it. Who gave the letter to the United States district attorney, or by what means it came into his hands has not been disclosed.

Talks With Dr. Grose.

Unusual interest is displayed in the letter for the reason that Calhoun is writing to his friend Zeug declares that he had several meetings with President Grose before being employed for the chair of sociology at a salary of \$2,200 and that he made no attempt to deceive President Grose, explaining frankly that he belonged to the radical socialist group and that after placing his views before President Grose Dr. Grose said that he was "in substantial agreement" with Calhoun's sentiments. Dr. Grose is absent in New York, but an expression from him is expected today. In the meantime, members of the faculty declare that Prof. Calhoun will not be permitted to teach at the school no matter what may be the view of Dr. Grose.

In alleged writing to Dr. Zeug, Prof. Calhoun is made to say among other things:

"I think I accept all you say about the condition of the proletariat (those who do not own property) and the impossibility of the immediate revolution. But I am less interested in the verbiage of the left wing than in the idea of keeping it (revolution) ultimately, everlastingly the center of attraction to the exclusion of mere puttering reform.

One of the things that will hasten the revolution is to spread the notion that it can come soon. If the left wing adopts impossible methods of campaign I shall stand aloof, but if they push for co-operation, equality of economic status and the speedy elimination of class privilege and keep their heads, I shall go with them rather than with the yellows.

"I have accepted the professorship of sociology at DePauw University. The job pays \$2,200 this year with the assurance of \$2,400 if I stay a second year. The president has been here three times and had long interviews with me. Besides we have written a lot. I told him I belonged to the radical Socialists. I expounded my general principles in all important points. He knows also the circumstances of my leaving Clarke and Kentucky Universities. He says he is in substantial agreement with most of which I have said and that he sees no reason why I can not get along at DePauw.

Greencastle Little Small. "Ross (a friend) had some hand in the game. President Gross interviewed him at Madison last week and Ross wrote encouragingly to me to take the place. I did not make a great effort. I'm afraid Greencastle is too small to do much with the Co-op (Co-operative Commonwealth). Eight hundred students. Hudson is

THE CAREER OF CALHOUN.

Arthur Wallace Calhoun was graduated from the University of Pittsburgh in 1906. In 1910, after various experiences teaching in high schools, he appeared as instructor of German in the Florida State College for Women. In 1912 he was engaged as professor of social science in Lenox College, Hopkinton, Ia.

Professor Zeuch, to whom the letter referred to was addressed, joined the faculty of Indiana University at Bloomington in September, 1917, coming from Clark University. In October, 1918, he addressed a letter to the editor of the Leader, a newspaper published in Hopkinton, Ia., home of Lenox College, where he was formerly a student. In this letter Professor Zeuch referred to the atrocities of the German army in the world war, and said those crimes were common in all wars.

The matter was called to the attention of the Indiana University faculty. William Lowe Bryan, the president, promptly requested Professor Zeuch's resignation, which was immediately forthcoming. Professor Zeuch thought "magazine of New York City" to write a series of articles on the non-partisan league of North Dakota.

HURST FAMILY HOLDS REUNION ALL DAY SUNDAY

Mr. and Mrs. V. C. Hurst, who reside at 611 Crown street, were the hosts, Sunday, to their six children and twelve grandchildren who had come for the big gathering from their homes, all in the neighborhood of Greencastle. The following persons were present: Mr. and Mrs. Arthur Rose and two children of near Stilesville, Mrs. Pearl Kivett and three children, of Stilesville, Mr. and Mrs. Chancy Fisher and son of near Broadpark, Mr. and Mrs. David Hurst and five sons of near Mt. Meridian, C. P. Buis and Mr. and Mrs. William Fisher of Greencastle.

TRAGEDY OF ARMENIANS IS RELATED

It was a terrible story W. E. Carpenter of Brazil, late traveler in the countries of Armenia and Syria, told Sunday evening before the Greencastle people at the Christian church. Mr. Carpenter was secured by Dr. Hilary A. Gobin, chairman of the Putnam county Armenian relief fund, to speak on his recent visit with eighteen other American Sunday school leaders to Europe, in order to secure personal observation of the awful crisis which the Armenian people are undergoing at the hands of the fiendish Turks.

Putnam county's Armenian fund apportionment is \$3,750. Of this amount with Sunday night contributions, about \$3,250 has been raised.

Mr. Carpenter sailed from New York on March, 1919, for Southampton, England. During their trip more than 18,000 miles were traversed. The journey was made through friendly and unfriendly countries. Dangers lurked on all sides oftentimes, but with all of the hardships endured by the party the speaker said it was a delight and pleasure because they knew by their going America would know then of the real condition of Armenia and give hasty aid. "Armenia's cry today is help," said Mr. Carpenter.

The speaker related to the audience the past history of the suffering people, how they became Christians in the fourth century and have endured the torture and cruel treatment up until today at the hands of the "hellish" Turks. Since the opening of the great war the population of Armenia has been cut one-half the result of the massacre by the Turks.

Mr. Carpenter cited incidents where the Turks have mutilated the bodies of beautiful women and girls because they would not enter into the Turkish harems. Many other Armenians were crucified, burned at the stake and starved to death because they would not give up their God. "For the sake of suffering humanity, for the sake of perpetuating the religion of your God, I ask you to give liberally to this great cause," pleaded Mr. Carpenter.

IMPORTS INCREASE IN JULY, EXPORTS DECREASE

Imports in July were the largest in the history of the country, while the exports were the lowest in any month of this year, according to a statement given out today by the bureau of foreign and domestic commerce of the department of commerce.

The July exports amounted to \$570,000,000, nearly \$350,000,000 less than in June, the high record month, but an increase over the \$507,000,000 exports in July, 1918. For the seven months ended with July the exports were \$4,618,000,000 in 1919, and \$3,482,000,000 in 1918, an increase of nearly 33 per cent in one year. July imports were valued \$345,000,

AMERICAN LEGION TO BE FORMED

Putnam county returned soldiers have organized an American Legion chapter. The necessary fifteen charter members have been secured and more names will be added within a day or two. The following names have been signed on the charter:

- Estel Brothers
- Justin G. Schmitt
- Gerold Handy
- Robert A. Hoffman
- Russell V. Vermillion
- Jore G. O'Neal
- Aurl O. Allen
- Gwin G. Ensign
- James A. Bittles
- Robert E. Hanna
- Harold M. Hootman
- Lawrence W. Crump
- Frank R. Young
- Paul Grimes
- George C. Kritch
- Paul Gibson
- Charley Donnehue
- Thomas L. Howard

What is the American Legion?

It is the organization of American veterans of the world war. It is non-partisan and non-political. It is a civilian organization, not military or militaristic. It makes no distinction of rank and no distinctions between overseas men and men who did not get overseas.

Who is eligible?

Any soldier, sailor or marine who served honorably between April 6, 1917, and November 11, 1918.

Are women eligible?

Yes, those who were regularly enlisted or commissioned in the army, navy or marine corps.

When was the Legion started?

It was first organized in Paris March 15 to 17, 1919, by a thousand officers and men, delegates from all the units of the American expeditionary force to an organization meeting which adopted a tentative constitution and selected the name "American Legion."

What has been done in America regarding it?

The action of the Paris meeting was confirmed and endorsed at a similar meeting held in St. Louis May 8 to 10, 1919, when the Legion was formally recognized by the troops who served in the United States.

Are the organizations in France and America separate?

No. The Paris meeting appointed an executive committee of seventeen officers and men to represent the troops in France in the conduct of the Legion. The St. Louis meeting appointed a similar committee of seven. These two executive committees have amalgamated and are now the operating body of the Legion.

Who are the officers of this national governing body?

Henry D. Lindsley, Texas, chairman; Bennett C. Clark, Missouri, vice chairman; Eric Fisher Wood, Pennsylvania, secretary; Gaspar Bacon, Massachusetts, treasurer.

Where are the temporary national headquarters of the Legion?

At 19 West 44th street, New York City.

When will the final step in the organization of the Legion take place?

November 10, 11 (armistice day) and 12, at Minneapolis, Minn., when a great national convention will be held.

Why were those dates selected?

To celebrate the completion of the first year of peace, and because by that time practically all of the men of the A. E. F. will be at home and will have been able to participate in the election of their delegates to the convention.

Who were some of the men who initiated the formation of the Legion?

Lieut.-Col. Theodore Roosevelt of the first division; Col. Henry D. Lindsley, formerly mayor of Dallas, Tex.; Sergt. "Jack" Sullivan, of Seattle, Wash.; Sergt. Alvin C. York, of Tennessee; Robert Bacon, ex-secretary of state.

What is a local post?

The constitution states that a local post shall have a minimum membership of fifteen. No post shall be received into the Legion until it has received a charter. A post desiring a charter shall apply for it to the state branch, and the charter will be issued, upon recommendation of this state branch by the national executive committee. No post may be named after any living person.

Russell Newgent, son of Mr. and Mrs. W. W. Newgent of this city, is secretary of the Indiana State Legion, the Indiana state officers being as follows:

Chairman—Raymond S. Springer, Connerville.

Secretary—L. Russell Newgent, Indianapolis.

The charter is now at the Huffman cigar store awaiting the signature of additional names. Those who wish to become charter members should go at once and sign, as it is not only an honor to become a charter member but something which will be treasured

MISS HELEN MAY TAKEN TO HOSPITAL

Dr. Gordon Thomas accompanied Miss Helen May, daughter of Mr. and Mrs. Ed. May, who reside on the National Road near Mt. Meridian early Monday morning to an Indianapolis hospital, where she underwent an operation for appendicitis. Dr. W. M. Hutcheson was called to the May home late Sunday evening and found Miss May to be in a critical condition. Dr. Ruddle, of Indianapolis, performed the operation.

BARN OWNED BY CHAS. REEVES BURNED SUNDAY EVENING

A barn on the farm of Charles Reeves, who lives east of Putnamville on the National Road was struck by lightning Sunday evening about 5 o'clock during the severe rain storm and electrical storm and burned to the ground. One horse, which the near-by farmers were unable to drive from the building was burned to death. Several tons of hay were also destroyed. Mr. and Mrs. Reeves and family were not at home when the barn was struck, being at a neighbor's home.

FAILURE TO PICK UP HOT TRAIL CAUSES ACTION

Marfa, Tex., August 25.—The first troops of the American punitive expedition to cross the border on the return to the United States, the pack and supply trains, reached Ruidosa shortly after 8:30 o'clock last night, according to telephone advices. The remainder of the expedition followed.

Marfa, Tex., August 25.—Troops were ordered out of Mexico last night.

The order withdrawing the American punitive expedition which crossed the border last Tuesday morning in search of bandits who held two American aviators for ransom was announced by Col. George T. Langhorne at 4:30 this afternoon.

The troops marched out of Mexico last night. The first troops reached Ruidosa late last night. Col. Langhorne said the American forces will resume their station tomorrow along the Rio Grande.

Hot Trails Are Lost.

The decision to withdraw the troops resulted from failure to pick up "hot trails" today because of rainstorms in the mountains.

Lieut. Harold G. Peterson and Lieut. Paul H. Davis, the American aviators whose capture by bandits was the immediate cause for sending American troops across the line, arrived at Royce Flying Field at 4:35 p. m. They crossed to Mexico with the punitive expedition Tuesday.

Col. Langhorne had hoped that the troops today would pick up the trail of the bandits led by Jesus Renteria, and that it would be possible to continue the pursuit until tomorrow at least.

BROTHERS REUNION HELD SUNDAY AT HOME OF A. A. BROTHERS

More than seventy-five people gathered at the home of Mr. and Mrs. A. A. Brothers, who reside on South Locust street and held the annual Brothers family reunion. A bountiful dinner was spread on the lawn near noon time and everyone had an enjoyable time. The place for the 1920 reunion was selected to be at the home of Mrs. Ida Whentcraft, at Greenwood, Ind.

GERMANY NOW PROPOSES RIVAL LEAGUE OF NATIONS

Geneva, August 25.—The Munich correspondent of the Journal de Geneve states that Germany intends to found a league of nations, hoping for the adherence of Russia, Austria and Hungary and later of Italy, Japan and the "smaller nations dissatisfied with the Paris conference."

BRAZIL POST OFFICE SOLD LESS THAN GREENCASTLE

Postmaster William Denman stated Monday morning that the government food sales are rather slow. In speaking of the sale in other places he stated that Indianapolis, Chicago and Ft. Wayne are three cities which have already sold their apportionment. Greencastle has sold just about twice the amount Brazil has sold. The townspeople are buying more rapidly than the farmers. The following articles are still to be sold: Meat, canned corn, canned beans and flour.

Julius Hanneman, of "erre Haute, spent Sunday here the guest of relatives.

ROBBER ENTERS GROCERY.

A robber entered the Sackett grocery store some time between Monday evening at 6:30 o'clock and Tuesday morning at 7 o'clock. The thief secured as his booty about \$75, which was in checks and small change. Whether any foodstuffs were taken Mrs. Charles Hymer, who has charge of the store in the absence of Mr. Sackett, is unable to say. Mr. and Mrs. Sackett are traveling with their daughter, Miss Garnet, who is in Chautauqua work in the Southern states. The store force are looking for Mr. Sackett home within a few days. He was in Lilbourn, Mo., Sunday.

The booty was taken from the large safe and the cash register. The safe door had not been locked, as some trouble has been had with the opening of the door and Mr. Sackett advised the office force to close the safe door each night, but not to lock it. The only hindrance to the money then in the safe was a wooden door which hid the money drawers. The thief broke this out and then took with him the money box. The penny box of the cash register was also entered and the contents emptied. All banks of the city have been notified of the checks. The robber left no clue by which he may be traced.

ARMS SHIPPED TO MEXICO.

New York, August 25.—Ten trunks containing arms and ammunition were shipped from this city to Mexico on the steamship Morro Castle which sailed last Friday for Havana, Progresso and Vera Cruz, according to information obtained today by detectives attached to the bomb squad. The trunks were shipped from a Broadway hotel. The department of justice and navy department have been notified and it is expected gunboats will be sent out to intercept the steamship.

The bomb squad detectives, who have been investigating reports of secret ammunition stores here, first learned of the shipment through discovery of a bill of sale showing 17,000 rounds of ammunition and 350 pounds of talcum powder had been purchased on August 16 from a large sporting goods house in this city and consigned to an address which the detectives found to be fictitious.

MR. COWGILL FINDS HORSE SHOE IN TUBE

The following story is told on Richard Cowgill, a prominent farmer of near Fillmore. Mr. Cowgill took a spin in his Ford touring car Friday of last week and while out enjoying the cooling breezes, pop went the back tire. Leisurely adjusting himself to his new found occupation Mr. Cowgill proceeded to remedy the cause for the sudden stop. Taking out his necessary tools he lifted the back wheels and took off the now flat tire. Finding the cause of the delay to be a blow-out he placed a patch on the inner tube, put a boot on the tire, pumped the tire up to fifty pounds and cranked the car. No sooner had he pushed her in low gear than did the same tire give the same noise, and accordingly Mr. Cowgill did the same thing over. But this time he placed in a new inner tube and with no other bad luck drove to his home near Fillmore.

Sunday morning, either getting up too late to go to Sunday school, or feeling the old adage growing upon him more and more: "The better the day the better the deed," he went to the garage and prepared to fix the blown out inner tube. And this is what he found inside of the tube—one-half of a horse shoe. No wonder the inner tube was blown out. His little daughter, who was in the garage when the discovery was made said to Mr. Cowgill, "Look good in the tube, father, you may find the horse."

FOR DYSENTERY AND FLUX.

R. E. Bower of Dixie, Brooks Co., Ga., has used Chamberlain's Colic and Diarrhoea Remedy for years and says he finds it to be one of the best family medicines of his knowledge, that it is the best medicine he ever saw for dysentery, flux and kindred diseases. When used for dysentery, castor oil must also be given.

Mr. and Mrs. P. T. Allen, of Rushville, were in Greencastle, Sunday, visiting Mr. and Mrs. Ernest Stoner.

IN PRAISE OF CHAMBERLAIN'S COLIC AND DIARRHOEA REMEDY

"I cannot speak too highly in praise of Chamberlain's Colic and Diarrhoea Remedy," writes Mrs. Carrie Fusner, Zanesville, O. "It has been used by myself and husband for cholera morbus and other forms of bowel trouble for the past fifteen years. It never fails to give relief."

CAVALRY TRAPS SIX MARAUDERS IN BLOCKHOUSE

Marfa, Tex., August 22.—Four Mexican bandits were killed by American troops in Mexico yesterday. Captain Leonard Matlack, who arrived here by airplane tonight, reported that they were surrounded in an adobe blockhouse that the Mexicans had constructed in a mountain pass.

The bandits fought desperately when they found they were trapped and two escaped. When the American troops approached the blockhouse with the intention of searching it, the Mexicans opened fire from portholes. The fire was returned and the blockhouse charged by the American cavalry troops.

Three Are Identified.

Three of the four Mexicans killed have been identified as Jesus Janir, Francisco Janir and Jose Fuentes. The identity of the fourth bandit has not been ascertained. All four are known to Captain Matlack as bandits operating along the Big Bend border for years.

The two who escaped were pursued, but the trail was lost in the mountain canyons.

It was definitely established that Jesus Renteria, leader of the outlaw band that captured Lieuts. Harold G. Peterson and Paul H. Davis, American aviators, was not among the dead. Captain Matlack said he passed a column of 200 Carranza troops below the border yesterday. The Carranza commander asked where the Americans were going. When he was informed they were pursuing bandits, he waved his hand and said "go ahead."

Maj. Gen. Joseph T. Dickman, commander of the southern department, announced tonight that he would remain here tomorrow to go over the Big Bend district situation with Col. George T. Langhorne. He had planned to return to San Antonio tonight.

Far Below Border.

While the exact location of the troops was withheld for military reasons, it is known they have gone so far into the interior that it is necessary to send money to commanders so they may purchase supplies. The line of communication is getting too long to transport provisions, it was stated.

Capt. Matlack came from Mexico at sunset in an airplane driven by Lieut. Eugene Eubank, who landed in a Mexican mountain valley, picked up the captain and returned with him to report the progress of the punitive expedition to Gen. Dickman.

Matlack said the American troops are in high spirits.

"Every one in the expeditionary force is well," he said. "We have had no casualties, except one man who had a cactus thorn in his hand."

"We are making progress in the pursuit. Hard storms have slackened our speed somewhat but we consider that we made good time."

"After leaving the Rio Grande Monday morning soon after daylight, the expedition followed a fresh trail. The four men to whom the money had been paid had a start of more than five hours on us."

SOLDIERS COW RADICAL

FORCES AT HAMMOND

Hammond, Ind., August 22.—With the arrival of eleven companies of the Indiana state militia during the day at the Standard Steel Car Company plant the violence by striking workmen ceased. For the first time in ten days the district surrounding the big plant was quiet, the foreign element among the strikers even abandoning all attempts to picket the few employees who had returned to work.

Tonight Gen. Smith, after a tour of the guard lines, said he found the guardsmen well in control of the situation, with no violence being attempted and apparently none brewing. Frank Litschert, secretary to Governor Goodrich wired his chief that the situation was well in hand. Gen. Smith held a long conference with Mayor Brown and Sheriff Barnes, during which the causes which led up to the strike and the situation as it exists at present were discussed. It was pointed out that a very large element of the strikers is ready to go back to work on the terms offered, but are being prevented from doing so by the attitude of the radical element.

GOOD FEEDING NEEDED ALONG WITH CULLING

"Culling alone will not make your hens lay," declared poultrymen on the Purdue University extension staff at one of the culling demonstrations held in this county at O. B. Lane's farm home near Bainbridge Thursday morning. "The hens must be fed in the right way. This combination will in the course of time double the production of flocks on many farms, the culling weeding out the poor layers and the good feeding increasing production of the good layers."

It was brought out at some of the demonstrations which were arranged by the county agent that many of the owners of farm flocks were feeding corn alone to chickens which had the range of the farm in the summer, and corn alone or corn and oats to those kept up in the winter.

"A chicken needs a balanced ration the same as a dairy cow, beef animal or hog. Meat scraps, tankage or skim milk should be fed the year around, but we should be careful and have the non-layer culled out before feeding very much. The loafing hen is not paying her board."

They showed the men and women at the demonstrations how to cull their flocks, and urged doing it during July, August or early September instead of late in the fall.

"Then the flocks are usually culled the wrong way. The hen that has pale shanks, pale beak, and whose features are rough and dirty usually is the real layer and should not be sold. Because she is a rather poor looking bird most men and women are inclined to sell her and to keep the nice, fat, smooth looking hens that have done nothing all summer except grow feathers. Generally, it is the smooth, clean-feathered, yellow-legged and beaked birds that ought to go to market."

Mr. Schwartz not only showed the farmers and farmers' wives how to cull their flocks, but gave everyone in the audience an opportunity to pick out good and bad birds. Here are the kinds he said to discard:

Those that have yellow legs, beak, early molters, hard, small vent, pelvic bones close together and are fat and rigid, from two to three fingers' width between the pelvic bones and keel or end of the breast bone, and cold, pale combs.

Here are the kind to save: Late molters, those with the pale shank and beak, those with yellow in the eye ring, moist vent, plenty of room between the pelvic bones, so that two to four fingers may be laid between them, room for four or six fingers between the pelvic and keel or end of the breast bones.

"When a hen stops laying, the yellow color will quickly return to the beak, beginning at the corner of the mouth and working out towards the tip," said Mr. Schwartz. "A bright, clear eye and active disposition indicate health, which is very necessary for both heavy egg production and for the good breeder. Physical defects such as crooked beaks, excessively long toe nails, scaly legs, etc., tend to prevent egg production."

LAST DAY OF COUNTY INSTITUTE

The last day of the Putnam County Teachers' Institute came to an end Friday amidst the general feeling that it has been one of the most interesting and helpful institutes ever held here.

This morning Dr. Jones discussed the problem of the presentation of eugenics in the schools. He told the story of some of the decadent families of this country, the history of which have been worked out. In one of these families nearly 1,400 descendants from a father and mother of the eighteenth century. Not one of the numerous children and grandchildren of the weak and vicious father and mother had ever made good in society. They were a family of thieves, murderers and criminals. On the other hand the history of some of our American families, as the Edwards family, shows an equal number of descendants none of whom was ever a social burden, and from which many of the leaders in church, state and business had come. The speaker insisted that every boy and girl should know such facts as these before the age of marriage. He believed such knowledge on the part of the community would make easier the enforcement of the laws of marriage now on our statute books preventing the marriage of persons not fit to marry.

Dr. Sweet spoke most interestingly upon the people of the Latin American countries. He pointed out that America depends largely for her future commercial and industrial success upon markets in the Latin American countries. He pointed out that America depends largely for her future commercial and industrial success upon markets in the Latin American countries, and yet we are so

ignorant of them that we are constantly getting their enmity when we want their friendship, if only for commercial reasons. He showed the great and generally misunderstood problems of our neighbors to the south, including Mexico. The chief cause of backwardness was the fact that only about ten per cent of the people in any of these countries were white and that this small per cent dominated and attempted to direct and compel to progress the whole population. Education was backward, yet there had been universities in South America a hundred years before any were in North America. Education was backward because the half-breed population was difficult to educate, was suspicious of the ruling class, and often exploited. To understand the problems faced in these countries required in intelligent people a desire to help, not to hurt them.

Prof. Tilden continued his talks on the place of literature in the schools and showed that in teaching the older literature, that of a hundred or four hundred years ago, the great difficulty was to show and know the life out of which the literature sprang so as to make the selection vivid to the pupil. A broader intellectual interest, based upon the ability to read and understand life the speaker believed to be the cure for the present social and industrial dangers that threaten us.

Just preceding the Lindley lecture last night an elaborate program of music and recitations was given under the direction of Mr. Maxwell. The following persons appeared upon the program: Miss Bernice Craig, Mrs. Haddock, Miss Mary Fraley, Miss Frances Case, who has so pleasingly been the piano accompanist for Institute week, accompanied Mrs. Haddock Thursday night.

MISS CAMMACK TO TEACH IN INDIANAPOLIS SCHOOLS

Miss Mary Cammack, who taught domestic science in the local high school last winter, has accepted a position as cooking instructor in the Indianapolis grade schools. The new appointment comes as a result of Miss Cammack's splendid work here in Greencastle and elsewhere. Just what school Miss Cammack will be assigned to she has not as yet been notified. The place made vacant by her resignation has not been filled by Superintendent E. C. Dodson.

CIRCUS TO COME SEPTEMBER 13

A circus! Where? Greencastle. When? September 13. What? The A. G. Barnes animal circus.

A real circus, something which Greencastle has not had for several years, will be in this city Saturday, September 13. The advance agents were in Greencastle last week and have everything planned for the big day. There is nothing in the history of a boy's or girl's life which is half so great as circus day. The Barnes circus will come to Greencastle in two special trains from Newcastle, Ind., and from here will go to Champaign, Ill.

It is a four-ring circus, too, with 600 people participating, 550 high school riding, dancing and military horses and ponies, forty animal clowns, 150 animal trainers, forty cars, three calliopes, thirty full grown African lions, worth \$50,000, and best of all a glittering two-mile street parade given through the public square at 10:30 o'clock.

The circus grounds will probably be on the Lynch grounds west of this city. The show is the only real wild animal show on earth, there being 1,200 animals and 103 big sensational animal acts.

A feature of the entertainment, which is given twice daily beginning at 2 o'clock in the afternoon and 8 o'clock at night, will be a fairyland fantasy, "Alice in Wonderland," a pageant in which hundreds of horses and people take part.

CONGRESS HAS KILLED DAYLIGHT SAVING LAW

Washington, August 20.—Repeal of the daylight saving act was accomplished today, the Senate voting to sustain the House in passing the repeal measure over President Wilson's veto. The vote was 57 to 19.

The Indiana delegation in the House voted as usual on the repeal. Representative Moores, of the Indianapolis district, stood against it. All the others stood for repeal, although Representatives Bland, Fairfield and Luning were not present when the vote was taken. Bland is in Europe.

Senators New and Watson of Indiana, voted for repeal of the law.

The repeal of the law becomes effective after the clocks are turned back to normal in October. It will go down in legislative history as one of the very few measures which have twice been vetoed by a President and become a law after all by the vote of

INDIANAPOLIS VISITED BY SEVERE WINDSTORM

Indianapolis, August 21.—The sudden windstorm which swept over the city shortly after 7 o'clock Wednesday evening caused considerable damage to telephone and electric light wires by blowing in windows and uprooting trees. The center of the storm seems to have passed over the north and northwestern parts of the city where most of the damage was reported.

The police department was kept busy answering calls where live wires were reported down. Red lights were placed at dangerous places. Large trees were reported down at St. Joseph and Delaware streets, 624 West New York street, 524 West New York street, 332 Blackford street, 26 South LaSalle street, and in the northwestern part of the city many large branches were torn from trees.

At St. Vincent's hospital a number of windows were blown in. The windows in the nursery on the third floor in the southwestern corner of the building were shattered. Nurses removed the babies to another part of the building. None were injured.

The curved glass window to the north of the entrance of the Merchants Heat and Light Company building at Meridian and Washington streets was demolished by the force of the wind. The company reports its wires were torn down in several places during the storm.

PERSHING PLANS TO SAIL FOR UNITED STATES SEPT. 1

Washington, August 21.—General Pershing cabled Secretary Baker today that he planned to sail from France on the transport Mount Vernon September 1.

PUTNAM COUNTY SUNDAY SCHOOL CONVENTION

The Putnam County Sunday School Convention will be held September 23 and 24 in the Locust street M. E. church, Greencastle. Mr. Hobart Hill and Miss Emma G. Lemen, field workers of the Indiana State Sunday School Association, will be present to conduct conferences. Everyone interested in Sunday school work in Putnam county is invited and urged to be present.

TWO MEXICANS ARE BAGGED BY YANKEE

Marfa, Tex., August 21.—One bandit is believed to have been killed and two others have been made prisoners since American troops crossed the Rio Grande into Mexico Tuesday morning.

A report received here late last night told of an American cavalry sergeant who rode to the border after dark and reported that Captain Leonard Matlack, of the eighth cavalry, had captured two bandits, believed to have been guilty of complicity in the capture of the aviators, Lieutenants Peterson and Davis, for whose release Matlack had negotiated.

SUNDAY TELLS 'EM TO BE GOOD; THIEF WORKS IN AUDIENCE

Winona Lake, Ind., August 22.—"Honesty and Righteousness" was the subject Billy Sunday drove home to the multitude here last night, but at least two of his auditors were immune to reform.

Thieves filched \$37 in cash and \$472 in checks from the pocket of Rev. Mr. Snyder of Goshen, and when M. C. Smith of Mentone left the auditorium to get his automobile it was gone.

Word was received here last week from Crawfordsville saying that Mrs. C. L. Airhart, wife of Rev. C. L. Airhart, was in the Culver hospital at that place recovering from an operation for fibrous tumor, which she underwent recently.

FACULTIES OF SCHOOLS ANNOUNCED

The Roachdale, Bainbridge, Fillmore, Reelsville and Cloverdale schools will begin Sept. 8. The principal of each school stated that their school will win the 1920 state basketball tournament. Watch your step, Greencastle! Fillmore has a fine new high school building and a gymnasium which would do a larger town than Fillmore credit. The grade faculties have also been appointed and everything is ready for the big opening in September. The high school faculties, grade faculties and the subject the person will teach is as follows:

Roachdale High School. Superintendent of Schools R. V. Coppel—Mathematics and physics. Principal, Miss Blanche Davidson—Mathematics, English and music.

Miss Florence Lambdin—English and art. D. V. Singer—Manual training, athletics and agriculture.

The grade teachers are Glendon Rightsell and Miss Katie Reel.

HEAR TALK ON LEAGUE OF NATIONS

An audience which filled the lower auditorium of the high school building gathered last Thursday night to hear Dr. Lindley, of Indiana University, discuss the league of nations. The interest of the citizens was well shown by the number who attended the lecture. It was an altogether non-partisan discussion and filled with clear statement and sound reasoning.

Dr. Lindley declared that there was undoubtedly much playing of politics with the League issue. On the other hand he said that there was much real difference of opinion among men capable of thinking clearly on the subject. He stated that practically all thinkers were in favor of a league of nations but all could not agree on the kind of league.

He pointed out that the chief objection urged against the present instrument was the belief on the part of many that the United States would be compelled, under the present provisions to send her armies to any part of the world to fight at the direction of the league. The speaker pointed out that the obligation to send armies to protect members of the league from the aggression of neighbor states was a moral and not a legal

obligation and that our armies would never go unless, as in the present war, public opinion deemed such action necessary and wise. He declared further that President Wilson held this idea of the meaning of Article X. As to reservations now being discussed in the Senate, he declared he believed them valuable and also that they should be written into this country's ratification of the instrument.

The speaker closed by declaring that the league was a leap in the dark. No one could foretell how it would work. It was, however, a leap toward the light.

POLITICAL GOSSIP FROM WASHINGTON

Washington, August 22.—The war department is faced by the most serious problems that have confronted it in many days. An obdurate Congress, which has determined upon a show of economy threatens to wreck what organization was created at great expense during the war. The Senate has acted, has agreed upon retaining in the service 7,500 agency officers, the backbone of the organization, but the House refuses to approve the Senate action.

Senators as well as war department officials, regardless of political affiliations, frankly are worried over the House action. There are 225,000 men authorized to remain in the army, as well as 35,000 sick and wounded in care for. Property valued at \$5,500,000 is now in possession of the army as a result of the recent war.

It requires officers to govern their military departments. The men who are ill must have medical officers to restore them to health. Medical officers estimate that at least 3,500 men will be required for this task, but under the army reorganization scheme which is compelled by the House's "economy," not more than 932 officers can be retained.

To care for the property now owned and care for it efficiently, it has been estimated that 7,250 officers will be needed. Without them, decay and deterioration will result. But under the plan of reorganization dictated by the House only 1,221 officers can be retained for this service.

Engineers who are fully capable of making a survey of property and whose estimates are accepted as a rule by practically all public utilities, insist that under the House scheme and the shortage of officers there will be a loss to the government of at least \$650,000,000, and entirely because of deterioration. The property is now cared for by civilians. Soldiers who formerly cared for it have been demobilized. Officers are needed to superintend the work of the untrained civilians. But the House says the officers cannot be had.

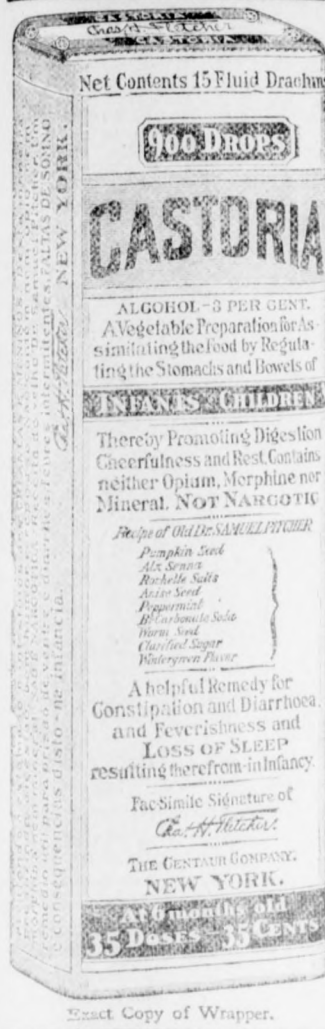

The bill to permit the retaining of these officers is in the House now without prospect of getting it out. Representative Frank W. Mondell, Republican floor leader, is not concerned with getting it out. He insists that the measures before the House now are nothing but "chicken feed" and in this belief others in the House concur. He is ably assisted in impressing this view upon others by Representative James Mann, of Illinois.

Republican Senators have chafed under such evidences of stupidity in the House, but the House retorts suggestions are offered by Senate Republicans that the Senate is making just as bad a mess of the peace treaty controversy and that the Senators had better attend to their own business.

Secretary Baker is worried over the failure of the House to join in the effort to save the organization and to give wounded men proper treatment as well as to care for valuable property. The loss at this time would be most serious because it took taxation to build up this organization and there will be no salvage if it is ruthlessly destroyed as the House leaders plan that it shall be. But Secretary Baker has ordered the demobilization of the army officers just as the House has ordered. He is following in the paths Congress plans for him as duty requires that he shall. Just as officers under him must obey the command, the secretary becomes a good soldier and obeys Congress.

It is this situation that cries aloud for the appearance of Will H. Hays in Washington and for him to find some leaders for his forces who will exhibit signs of sanity if nothing else.

Stanley Hurst, son of Mr. and Mrs. V. C. Hurst, of the seventh field artillery, first division, of the army of occupation in Germany, has received his discharge from Camp Upton, N. Y., and is home with his parents on South Crown street. Hurst has been in Europe two years.

**WHY INDIANA FARMERS
NEED FEDERATION**

The perfecting of a strong farmers' organization in each county of the state will make possible a more systematic and thorough development of the fundamentals underlying the agriculture. While individuals may achieve success along any of the lines connected with the business of farming, the real value of their achievement is apparent only when others in the community get from them the valuable lesson and incorporate it on the farms of the community. It is of value for an individual to be able to double his acre production, but so far as it relates to the total production as a contribution to the world's food supply an increase of one or two bushels per acre for the entire community is vastly more worth while.

The organization of the farmers' association will bring the farmers of the several communities together frequently, thus enabling them to discuss their common problems and arrive at conclusions that will mark real progress in agricultural development. Aside from the many production problems, the many questions involved in the best systems of marketing will also receive attention, as will many others of political or social nature. The organizations of the several counties, federating into a strong state organization will be able to decide intelligently and effectively on state-wide problems relating to this most fundamental business. The same condition exists in relation to the national problems that may be considered by the national association embracing all of the farmers of the several states.

The chief function of the extension department of Purdue University, acting through the county agents of the state, is to bring to the farmers on the land such information as will enable them individually and collectively to develop their agricultural resources, stimulate an interest in country life and make possible the realization of those things which are essential to the well-being of a prosperous, intelligent and happy people. This work will be greatly facilitated by the development of the county farmers' organizations, as through them problems can be immediately brought to the attention of the people of the several communities. We are much interested in the plans for permanent development of the farmers' association movement and anticipate with pleasure the highest and most profitable kind of co-operation to the end that agriculture may come into its own and the agricultural people assume a position that is theirs by natural right.

**REV. JACKSON OF DEPAUW TO
HOLD REVIVAL AT REELSVILLE**

Religious services will be held for one week in the Reelsville Methodist Episcopal church. They will begin Monday evening, August 25, and will continue each evening except Saturday until the end of the week. It is hoped that the meeting on the following Sunday, August 31, will be the greatest rally ever held in the Reelsville church. These services are not strictly for the Methodist people nor for the Methodist church. They are to be held primarily for the good of the entire community. All Christian and non-Christian people of Reelsville and vicinity are urged to attend and support the work.

The services will be in charge of Rev. O. V. Jackson, a student of DePauw University, who will preach each evening throughout the week and on Sunday morning, August 31. Rev. Jackson has attended DePauw for three years, two of which he has held a student pastorate. He is now pastor of the Harmony and Knightsville churches. The singing will be conducted by the pastor of the Reelsville church, Rev. Ralph Graham, who is also a student at DePauw University. Rev. Graham expects to organize and train a large chorus and will himself do solo work. He is a well trained musician and a member of the university choir and orchestra. These young men will probably be assisted by other students and pastors who will be in the meetings during the week.

Everybody is cordially invited to attend all the services. Church will begin each evening at 8 o'clock.

**MEMBERS OF REELSVILLE CLUB
TO DEMONSTRATE AT FAIR**

The following members of the Reelsville Canning Club will go to Indianapolis Friday, September 5, and demonstrate the art of canning before the visitors at the State Fair. Miss Irma Parrish, Miss Mary Bond and Miss Agnes Edgerton. Miss May Pickett president of the canning club, will accompany the girls to Indianapolis. Miss Peck of Purdue University was in Reelsville Thursday and addressed the club members.

**Correct Lubrication Adds Life
and Power to Your Tractor**

YOUR tractor represents a large investment which must be protected. You can protect it best by care in the selection of the lubricants used to eliminate friction from the moving parts. By using the correct oil you not only increase the life of your machine, but you add to its power, for much power is used in overcoming friction.

The Standard Oil Company (Indiana) manufactures three lubricating oils for tractors.

**Heavy Polarine Oil
Stanolind Tractor Oil
Extra Heavy Polarine Oil**

One of these oils has the correct lubricating body for your particular tractor. The nearest Standard Oil representative has a chart, prepared by our Engineering Staff, indicating which of these oils will enable your tractor to give the best results, and he will be glad to show it to you.

Write for 100-page book "Tractor Lubrication." It is free and will be of great interest and usefulness to you. Read it carefully, apply the information given, and you will be able to keep your tractor in service longer.

Once-a-Week Polish
Keeps Teeth Stainless

Why do so many use pumice stone, whetstone, charcoal, or other harsh, dangerous substance, to remove the unsightly yellowish or blackish tinge from the teeth? Simply because they have never been able to find any tooth powder, paste or liquid that would do the work. The reason tooth stains are so difficult to remove is that they are covered with a fine film, or "plaque," which the usual dentifrices cannot penetrate or dissolve. The problem of removing these obstinate films has finally been solved by a well-known dentist, who has originated what he calls "Once-a-Week Tooth Polish." This polish not only removes all discoloration easily and quickly, but without the least injury to enamel or gums—qualities not found in any other preparation in the market. Once-a-Week Tooth Polish, obtainable at all drug stores, is not intended as a substitute for dentifrices, but to be used in addition to them—once a week, as the name implies. It should be used by children, as well as adults, as a preventive of stains, tartar, decay, germs and pyorrhea.

**TWO MORE FLIERS
IN BORDER WORK
REPORTED MISSING**

San Diego, Cal., August 22.—Col. A. J. Hanlon, commanding the army aviation forces at Rockwell Field, North Island, announced tonight that two aviators from the ninth aero squadron had been missing since yesterday. They are Second Lieutenant Frederick B. Waterhouse acting as pilot, and Lieut. Connelly as observer on border patrol work, started from Yuma, Ariz., to San Diego at 11:45 a. m. yesterday.

Col. Hanlon said his conclusion was that they had been forced to make a landing, possibly below the Mexican line near Jacumba, in San Diego county.

**PEOPLE URGED TO BUY
GOVERNMENT BACON**

Postmaster William Denman stated Friday morning there is plenty of meat, canned corn, beans, canned peas, corned beef, flour and roast beef for sale at the post office window. The government food is selling rapidly and postal officials are pleased with the way in which the Greencastle people are buying. Such goods as rice, dried beans, cherries and vegetable soup are sold out. Mr. Denman wished that more tomatoes and bacon would be purchased by the people.

**TREE FALLS ON SHINN.
BREAKING LEG ABOVE ANKLE**

Bernard Shinn, who resides seven miles west of this city near the Plummer hill, while felling a huge tree broke his left leg just above the ankle Saturday near noon. The tree fell upon his leg. Dr. W. M. McGaughey was called and rendered medical aid.

MARRIAGE LICENSE

Shirley D. Greenlee, daughter of Mr. and Mrs. H. M. Greenlee and Lawrence Garrett, son of Mr. and Mrs. Wesley Garrett of this city. Henry Emmert, of Crawfordsville, and Clara Marshall of Crawfordsville.

LOCAL NEWS.

Just to hear James Hamilton play violin with a piano player accompanying a cornet and Robert Taylor play the ment at the Hamilton music store Friday morning was enough to drive all the "blues" away. The particular piece which made people stand up and take notice was "Smiles." The three musicians are certainly lively.

A mistake was made Thursday in the announcement of the first prize winner in the baby contest held Wednesday. Imogene Thomas, the winner, was the daughter of Mr. and Mrs. Cleve Thomas, who reside on the Stoner farm about four miles west of town, instead of Mr. and Mrs. Fay Thomas, as was announced.

Mrs. John Dunbar left this morning for Attica, Ind., where she will spend several days with her friend, Mrs. Mary Clapham.

Delbert Reeves, of near Lebanon, was in Greencastle Friday on business. Mr. Reeves and family will remove this fall to his recently purchased farm west of this city formerly held by L. Stoner. Mr. and Mrs. Stoner and family have purchased the William Durham farm near No. 10 school house west of this city.

Mrs. Charles Campbell, of Brazil, spent Thursday in Greencastle.

Harry Hall of Terre Haute spent the week end with friends and relatives in Greencastle and Cloverdale. Miss Cordelia Love, who has been visiting relatives in Shelby for the past two weeks has returned to her home near Clinton Falls.

Harold Knoll and Leon Welch attended the concert at Bainbridge Thursday night.

Henry Young, son of Mr. and Mrs. Milligan Young, has returned from his Ohio work as Chautauqua advance man for the Community Chautauqua Company of this city. He will work as platform manager for the remaining part of the summer.

Joel Thomas, of Madison township, is critically ill of pneumonia.

Joseph Allee, Lawrence Athey and Charner Buis drove in the Buis car to Waveland Friday and attended the annual meeting of the Sugar Creek Baptist Association.

Miss Ethel Gibson, Gerald Handy and Mr. and Mrs. Henry S. Werneke drove to Bainbridge Thursday evening in the Werneke car and attended the Bainbridge band concert.

Harold Knoll, Leon Welsh, Glen Cook and Bernard Handy drove to Bainbridge Thursday evening in the Handy car and heard the Bainbridge band concert.

Mrs. A. L. Moeller, of New Smyrna, Fla., has returned to her home after a several weeks' visit with Mr. and Mrs. William Houck, who reside on East Washington street.

Mr. and Mrs. A. L. Donaldson and daughter, who have been residing in the L. G. Wright property on West Walnut street, have removed to East Anderson street.

Estes Dunkin, of Cloverdale, has purchased an Auburn five-passenger "six" from Sherrill & Sherrill of this city.

Richard Mills, of Brookville, Ind., is visiting Hadley Cammack. Mr. Mills was graduated from the local high school several years ago.

Misses Nona and Hazel Lear, Albert Sage and Harry Hall, of Terre Haute, attended the concert at Bainbridge Thursday night.

Francis Moran is home from the army, having been discharged after eighteen months' service. Most of this time was spent in the Panama canal zone.

The Herald stated Thursday that there were approximately 900 people on the picnic grounds. The writer was a poor "estimator." It should have read about 4,000 people.

Wesley Bowen, of Marion township, is seriously ill of paralysis.

Mrs. T. B. Farmer has received word of the death of Mrs. Malan Robinson, of Greenville, Ill. Funeral services were held Saturday at her home in Greenville.

Mrs. Jennie Smythe, who has been spending the summer with her daughter, Mrs. Morton Dial, in Lockport, N. Y., has returned to her home here.

Henry Young has returned to his home in this city, coming from Ada, O., where he has been in the interest of the Community Chautauqua System as advance man.

Several farmers motoring to Greencastle Saturday failed to observe the traffic rules and an accident came near happening on East Washington street as a result.

Mrs. Lloyd Siddons and daughters, Misses Poebe and Dorothy, who have been here visiting Mr. and Mrs. A. O. White for several days, returned to their home in Indianapolis, Saturday.

Mr. and Mrs. George Ruark, of Fillmore, were visitors in this city, Friday.

Mr. and Mrs. Marion Hinkle, Miss Goldie Hinkle and Raymond Cox motored to Lafayette, Sunday, in the Hinkle car, and spent the day.

Brevort Baker, of Columbus, O., is visiting his aunt and uncle, Mr. and Mrs. William Wetz.

Mrs. Herbert Leachman has returned to her home in Detroit, Mich., after having visiting her parents, Mr. and Mrs. M. F. Hamm, who reside in the south part of this city.

Richard Mills, who is in Greencastle visiting Hadley Cammack, has the honor of having attended the French college at Bordeaux for four months while stationed in France. Mills was thirteen months in France. After the armistice had been signed many soldiers were given tuition by the United States government in French colleges.

Miss Lucille Allee will attend Oxford Girls' College at Oxford, O., this fall. School begins September 10.

Mr. and Mrs. John H. Allee have returned from a visit with relatives in Attica and Battle Ground, Ind.

Paul Gibson is visiting his cousin, Eugene Harlan who resides in Parke county.

Mr. and Mrs. Julius G. Molliney, of Utica, N. Y., are visiting George Hoffman and family. Mr. Molliney is a nephew of George Hoffman and a conductor on the New York Central. The marriage of Lella O. Alexander, daughter of Mr. and Mrs. W. J. Alexander, of Putnam county, and Irwin E. Nash, son of Mrs. J. Nash, occurred last Wednesday afternoon. Justice Philip Frank pronounced the ceremony at his office on South Indiana street.

Minnie A. Hudson, through her attorney, Jackson Boyd, has filed suit in divorce from Frank Hudson on the grounds of abandonment. Hudson disappeared last July.

Miss Glenn Hamilton and Miss Jean Hamilton, daughters of Mr. and Mrs. Fay Hamilton, who reside in the south part of the city have returned home after a two weeks' visit with relatives in Augusta, Ky. They were held in Augusta for one week because of the railway men's strike.

Sergt. Raymond Kendall, stationed at the U. S. army hospital, Rahway, N. J., is expected home with his parents, Mr. and Mrs. C. E. Kendal, within a few days. He will be discharged at Camp Taylor.

Mr. and Mrs. Harry Welch, accompanied by Artie O'Hair and family and Miss Lillian O'Hair, arrived home last week from a week's vacation spent at Lake Maxinkuckee at Culver, Ind. They report some fine fishing. They motored through and report smooth roads and the finest country homes and farms one ever saw south of Logansport on the Michigan road. A farm sold the other day for \$312.50 an acre.

David Boswell, a former Putnam county resident, who has been making his home with his son, Bert Boswell, in Westville, Ill., for the past year, is in Greencastle for a visit with relatives and friends.

Mrs. James Morelan and Miss Thelma Koessler, who have been visiting Mr. and Mrs. Harold Burks in Akron, O., for the past few weeks have returned to their homes here.

TAXING VALUATIONS ARE RAISED BY STATE BOARD

Orders increasing the tax assessments in Indiana millions of dollars above the figures of the local taxing officials were issued today by the state board of tax commissioners.

The action of the state board is taken under the new tax law which provides for the assessment of property for taxation at its full cash value. The law also provides that the levies shall be reduced as the valuations are increased so that the taxpayer may not be overburdened. The report of the state board has been awaited anxiously by local officials who desired to get their figures on valuation so that the new levies might be made.

Every County Affected.

The state board directed every county in the state to increase some part or all of its assessments from 5 to 100 per cent above the figures made by the local officials. In two instances it ordered reductions in certain classes of property.

The board ordered a 50 per cent increase above the valuation made by county officials on all personal property assessment in Marion county. It ordered a 20 per cent increase on all lots and lands in Indianapolis, and a 30 per cent increase in their improvements.

It has yet under consideration the question of ordering increased assessments for approximately 750 corporations in Indianapolis assessed by the county board of review. Many other assessments and changes were ordered for parts of Marion county.

LILLIPUT-LAND.

J. S. Washburn and family, of Quincy, visited Sunday with J. C. Moore's. Several from here attended the ball game at Spencer, Sunday.

Mrs. Lulla Lighter, of Bloomington, visited friends here last week.

Mrs. Alice Hadden and Mrs. Vesta Perkins and daughter, Dorothy, called on Mrs. Ambreth Johnson, Saturday. Miss Daisy Jones is staying with Mrs. Curtis Kroy.

Miss Edna Hartsook spent a few days last week with her uncle, Elisha McGinnis, who is seriously ill.

NOTICE.

I will offer for sale at once my residence property. Good five-room cottage, electric lights, sink in kitchen, good well, cistern, good cellar, 3 1/2 acres. Will give possession to suit purchaser. Mrs. A. W. Whelan, phone Green 287.

STOMACH TROUBLE.

There are many who should be greatly encouraged to know that stomach troubles can be cured. Mrs. T. E. Hullinger, Mansfield, O., was sick for three months with stomach trouble and constipation. She saw Chamberlain's Tablets advertised and decided to try them. Let her tell it. "The first dose did me more good than all of the medicine I had previously taken and by taking two bottles of the tablets I was positively cured."

BEAUTIFUL GARDEN PARTY

GIVEN BY MR. AND MRS. KNOLL

Mr. and Mrs. Ralph Knoll entertained Monday evening at their home on South Locust street for eighteen of their friends with a garden party. The back lawn of the home was beautifully decorated and lighted with Japanese lanterns. The evening was spent in playing old-fashioned games. For refreshments water melons were served. The following guests were present: Dr. and Mrs. J. A. Throop, Mr. and Mrs. A. L. Beemer, Mr. and Mrs. William Grogan, Mr. and Mrs. Charles Ewan, Mr. and Mrs. J. E. Sharp, Mr. and Mrs. Charles Lueteke, Mr. and Mrs. Forest Cooper, Mr. and Mrs. Earl Runyan, Miss Margaret Albaugh and Harold Knoll.

Dean and Mrs. R. G. McCutchan have rented the Ostrom property on East Seminary street, which is being vacated by Prof. Hudson and family, who are removing to Indianapolis. Frank Cannon has purchased the Mrs. Charles Hoagland property on East Anderson street. He will take possession October 1.

Mrs. E. M. McDonald, who has been visiting her sister, Mrs. Oscar Masten, who resides at Coatesville, has returned to her home on North Madison street.

TWO YEARS IN BED AND ROLLING CHAIR

Mrs. Wilson Gave Up Hope—Gains 25 Pounds on Tanlac and Is Now a Well Woman.

"For two years I spent all my time either in the hospital, in bed or in a rolling chair, and during that time I was given up to die and I don't guess I would be here now if it hadn't been for Tanlac," said Mrs. E. O. Wilson. Mrs. Wilson is well known in Atlanta, Ga., her husband having been employed by The Constitution for a number of years.

"I was a great sufferer from chronic indigestion," continued Mrs. Wilson, "and don't guess anybody ever had to go through with what I did. I was very weak and nervous, and at times had those dreadful smothering sensations to the point of fainting. I had dreadful headaches, severe pains in my back and over my kidneys, and my joints ached all the time. For two years I had to live entirely on boiled milk, toast and soft boiled eggs, and even that didn't digest well and would sour on my stomach. I didn't know what it was to get a good night's sleep. I took one kind of medicine after another until our house was almost filled with empty bottles, but instead of improving I was getting worse all the time. Finally they took me to the hospital for treatment and I lay there for five long months, but even that didn't make me well. It was taking nearly every cent of my husband's wages to pay my doctor and drug bills. Our drug bill alone amounted to \$14 or \$15 a month, and one doctor bill amounted to \$108.

"It looked like everything had failed to help me and I had about given up all hope when one day my husband brought a bottle of Tanlac home with him and asked me to take it. He said he had been reading and hearing a lot of good things about it, and didn't see any reason why it shouldn't help me. I was confined to my rolling chair when I began taking it.

"Do I look like an invalid now? I certainly don't feel like one, and I have actually gained twenty-five (25) pounds on eleven bottles of Tanlac, and feel as well as I ever did in my life. I can eat anything I want—such things as meat, turnips, hard-boiled eggs don't hurt me a particle and I sleep as good as I did when I was a girl in my teens. I can get about as well as anybody and just the other day I walked down town, and I am running around the neighborhood calling on my friends nearly all the time now. I haven't a pain about me. I believe I am the happiest woman in Atlanta, and I think I have a right to be. I think my recovery is almost a miracle, and everybody in our neighborhood thinks the same."

Tanlac is sold in Greencastle by R. P. Mullins, druggist.—Adv.

HAD BILIOUS ATTACKS.

"Some time ago I had indigestion and frequent bilious attacks. I procured a bottle of Chamberlain's Tablets and was greatly surprised by the quick benefit I received from a few doses of them. One bottle cured me, as I have not had any return of them," writes Mrs. Ella Wright, Chillicothe, Mo. If you have any trouble with your digestion give these tablets a trial. They will do you good.—Adv.
