## SWING MACHINE

SUCCESS in taking the Premium at all the Fairs where exhibited, having taken the  
**First Prize at Paris,**  
over twenty-two different Machines, the  
**BEST FAMILY SEWING MACHINE IN THE WHOLE WORLD.**

Was also awarded the Premium at our last County Fair, and other Riding Cultivators are—1st. It plants two rows at a time, either in hills or drills, with one hand, at the rate of twenty acres per day.  
2d. It plows as deep as desired in any kind of soil.  
3d. It will plow hill or drilled corn.  
4th. It is the lightest draught of any wheeled Cultivator doing the same work, as the draught is from the beams of the plow, the same as a double shovel held by hand.  
5th. The great hitch will plow corn without breaking.  
6th. Changing the plows to make new furrows when plowing one way.  
7th. The adjustability of the driver seat.  
8th. Its durability over wooden machines.  
9th. It is the only machine wanted in the field after the breaking is done till the crop is laid by.

**REVERSIBLE MOTION,**  
which enables the operator by simply turning a thumb screw to have the run either to the right or left, stay any part of the seams, or fasten ends of seams without turning the fabric. Changing the length of stitches, and of one kind of stitch to another, can readily be done while the Machine is in motion.

**FOUR DIFFERENT STITCHES.**  
the lock, knot, double lock, and double-knot, each stitch being alike on both sides of the fabric. It has the  
**Needle is more Easily Adjusted**  
than in any other machine, and can be used where quiet is necessary, does not require a fine thread under the side than it does for the upper, and will

**PROOFS OF THE SUPERIOR QUALITY**  
**OF THE**  
**AMERICAN WATCH**  
**MADE AT**  
**WALTHAM, MASS.**

The American Watch Company, of Waltham, Mass., respectfully submit that their Watches, made in the most complete manner, are durable, better adapted for general use, and more easily kept in order and repaired than any other watches in the market. They are simpler in structure, and therefore stronger and less likely to be injured than the majority of foreign watches, which are composed of from 125 to 300 pieces, while in our watches the number does not exceed 700 parts. How they run under the hardest trial watches can have, is shown by the following letter:

**OFFICE OF THE GENERAL SUPERINTENDENT,**  
ANTONIA, Pa., Dec. 15, 1866.  
Gentlemen: The watches manufactured by you have been in use on this railroad for several years by our engineers, to whom we furnish watches as part of our equipment. There are now some three hundred of them carried on our line, and we consider them good and reliable time-keepers. Indeed, I have great satisfaction in saying your watches give less trouble, and have withstood wear much longer without repairs than any watches we have ever had in use on this road. As you are aware, however, of the fact that your watches are made in a factory, and are not made by hand, as is the case with the watches of other makers, I am satisfied by my predecessor, Mr. Lewis, whose experience extended over a series of years.

Respectfully,  
**EDWARD H. WILLIAMS,**  
General Superintendent.

We make now five different grades of watches, named respectively as follows:  
Appleton, Tracy & Co., Waltham, Mass.  
Waltham Watch Company, Waltham, Mass.  
P. S. Harrell, Boston, Mass.  
Wm. Ellery, Boston, Mass.

All of these, with the exception of the House Watch Company, are warranted by the American Watch Company to be of the best material, on the most approved principle, and to possess every requisite of a reliable time-keeper. Every dealer selling these Watches is provided with the Company's printed card of guarantee, which should accompany each watch sold, so that buyers may be assured that they are purchasing the genuine article. There are numerous counterfeiters and imitations of our Watches sold throughout the country, and we would caution purchasers to be on their guard against imposition.

Any grades of Waltham Watches may be purchased of Watch Dealers throughout the country, and we would caution purchasers to be on their guard against imposition.

## Convertible Iron Planter

—AND—  
**CULTIVATOR.**  
PATENTED JULY 9TH, 1867.

THIS Machine has advantages never before in the public; it is the Farmer, which he can only realize by a practical use of it. Some of the advantages claimed over other Riding Cultivators are—1st. It plants two rows at a time, either in hills or drills, with one hand, at the rate of twenty acres per day.  
2d. It plows as deep as desired in any kind of soil.  
3d. It will plow hill or drilled corn.

**CONNERVILLE, FAYETTE CO., IND.**  
Would respectfully call the attention of the public to their facilities for supplying the wants of the community in the line of Woolen Goods. Our establishment is one of the oldest in the State, and is supplied with every convenience and facility for the manufacture of Woolen Goods, which our long experience as manufacturers suggests.

Our Mill has been thoroughly refitted during the present season, and with additions of new machinery is now enabled to produce a full line of goods similar to those of the best mills in the country. It is recommended and used by the First Medical Authority, "The Bostonian," as a reliable remedy for the treatment of the skin, and is in fact a preparation for the hair, and in order to induce the trade and the public to purchase their commodities, they have resorted to the following plan:—By claiming that they were former partners, or had some connection with our Mill, and their goods, do not be deceived by them. Purchase the original; it has never yet been equalled. With certificates, sent free by mail. See that each bottle has our private Revenue Stamp over the top of the bottle. All others are imitations.

**THE SONG CABINET,**  
A NEW SINGING BOOK FOR THE USE OF SCHOOLS, ACADAMIES, SEMINARIES AND SINGING CLASSES, BY C. ALLEN.  
This Book contains  
First, A very carefully prepared series of Primary Song Lessons.  
Secondly, A large number of new and beautiful Songs.  
Thirdly, A short Cantata—The School Festival—designed expressly for use at School Exercises, Concerts, and Extemporaneous Singing.

The publishers, in presenting this work to Principals and Teachers, would call special attention to its superior merits as a School Song Book. The author has been very careful in the selection of his Music, which is almost entirely new, and in adapting it to appropriate words with unobjectionable sentiment, and in making it suitable for adoption in all our Schools and Seminaries.

The Song Cabinet has been adopted by the Board of Education as the Text Book for the Public Schools in the City of New York for the year 1868-69. To Schools, &c., Six Dollars per set.

### HALE'S

#### Vegetable Sicilian Hair Renewer

Has stood the test of seven years before the public; and no preparation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the vegetable kingdom. It restores GREY HAIR TO ITS ORIGINAL YOUTHFUL COLOR. It makes the scalp white and clean; cures dandruff and humors, and falling out of the hair; and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed for the cure of itching humors, &c. It is the cheapest preparation ever offered to the public, as one bottle will accomplish more and cost less than three bottles of any other preparation.

It is recommended and used by the First Medical Authority, "The Bostonian," as a reliable remedy for the treatment of the skin, and is in fact a preparation for the hair, and in order to induce the trade and the public to purchase their commodities, they have resorted to the following plan:—By claiming that they were former partners, or had some connection with our Mill, and their goods, do not be deceived by them. In 1869, in addition to its usual quantity of short stories, FOUR ORIGINAL COPYRIGHT NOVELTIES will be given, viz: "Mary Antonette's Tale," by Mrs. Ann S. Stephens; "The Mystery of Blackwood Grange," by the author of "Sir Noel's Heir," "Katie's Winter in Washington," by Frank Lee Benedict; and "The Story of Maggie," by the author of "Suey's Life." &c.

**MAMMOTH COLORED FASHION PLATES**  
Above all others. These plates are engraved on steel, twice the usual size, and contain six figures of the most superbly colored. Also, a pattern from which a Dress, Mantilla, or Child's Dress can be cut out, without the aid of a pattern maker. Also, several pages of household hints, other receipts in short, everything interesting to Ladies.

**SUPERB PREMIUM ENGAVING!**  
To every person getting up a Club for 1869 will be sent, as a premium, a superb colored engraving, for framing, (size 24 inches by 16.) "The Star of Bethlehem," after the celebrated master piece, by Gerome, the famous French artist. This is the most desirable premium ever offered. For large clubs, as will be seen below, an extra copy will be sent in addition.
