IKE & MIKE & CAMPING

Walter J. Claeys, B.A., B.D.
Pastor, First Baptist Church
North Liberty

"Let's go camping," said Ike.
"What's camping?" asked Mike.
"You know: tent, over nite, family, cook-out, fun," answered Ike.

"Sounds good! When?" asked Mike.
"Let's make it next week end," suggested Ike. "We could have everything all packed up, have the family ready and take off right after work Friday evening. That would give us two whole days out and still get us back Sunday night in time to get straightened for work Monday morning."

"You mean miss church?" exclaimed Mike.
"Sure!" Ike said, "that's not a crime."
"It doesn't seem right," offered Mike.
"Don't be a prude, Mike, you know Sunday is the only day we have for relaxation."

"Yea, but that's the only day the church has services, too."
"But, Mike, we can be close to God in nature," offered Ike.
"Can we — really, now Ike? Nature isn't God. God has promised to be with His children — saved people — when they congregate together. Now that I have gotten saved, I've found that I can grow with God when I'm with the other saved people in my Bible-preaching church."

"Oh, come on Mike, look at all we can learn about God by being in the great outdoors."

"But, Ike, people can learn how to be saved and then how to live only from God's Word, the Bible. That's preached and taught in a fundamental church—not in the great outdoors."
"Mike, don't you have to spend SOME time with your family?"
"Sure, Ike, I do. Tell you what: let's spend that first day together with our families out camping, and that second one with them, too — but in my church. Maybe there where you hear the Bible preached you'll get saved. It is when we are under the influence of God's Word that we are confronted with eternal things. I've got to be there — the Bible says that saved people ought not to miss assembling themselves together."

EVERYBODY NEEDS TO BE SAVED
SAVED PEOPLE NEED TO LIVE IT!
