

Hook Drugs A Participant In ValueRx Plan

Hook's Drug Store in Walkerton, on State Road 23, has become a participating provider in the Value Rx prescription drug plan, according to Carl Palmeter, director of advertising for Hook's. "We're glad we can offer customers the convenience of our stores for this plan. All a member needs to do is

present the ValueRx card, pay any applicable co-pay, and we will bill the plan for any balance due," Palmeter said.

"Additionally, Hook's is the only retail chain in the country which offers customers the value of the Rx Watch program absolutely free," Palmeter added. "The Rx Watch system automatically tracks one's prescription drug history against a personal health profile and detects possible drug to drug, drug to health state and possible allergic reactions. The profile is automatically updated each time a prescription is filled at any of the more than 1,100 Hook's, SuperRx or Brooks stores in the 22 states where we operate," he said.

Hook's is a part of Hook-SupeRx, Inc. which operates over 1,150 stores in 22 midwestern and northeastern states. It is a publicly held company traded on the New York Stock Exchange under the symbol HSX.

Prosperity is only an instrument to be used, not a diety to be worshipped.
