CITY NEWS.

Ed. Mason, the missing bank messenger,
has been seen at Charleston, S. C.

The streams are all very low. Wells are
down and cisterns very generally empty, and
the farmers wait vainly.

Rev. Geo. L. Curtis will welcome the In-
dian state Christian temperance union, at its
meeting next Wednesday, in Masonic hall.

Martin L. Pierce, treasurer of Purdue
university, drew today from the state treasury
\$4,500, the amount of the appropriation for
1880.

Students at the law and medical schools
frequent the Y. M. C. A. bath room and
gymnasium, cultivating muscle and cleanliness
with their brain development.

The state council, consisting of governor,
auditor and treasurer, will meet \$200,000 of
New 5 per cent. bonds to replace a temporary
loan of a like amount falling due December 1.

The Bee Line shops at Brightwood, to-day
turned out six new engines, two passenger
and four box cars. The addition to the motive
power will be of great service to the road in
the present rush of business.

The Vandall railroad company is grading
the road for a second track from elevator 31
crossing Oliver avenue. When completed,
the addition will give nearly three
times of double track, from the river to Eagle
creek.

George H. Thurston, chairman of the ex-
ecutive committee of the Ohio river commis-
sion, and John A. Shank, secretary, called
upon Governor Williams this morning. The
commission will meet in Washington, D. C.,
December 10th, to take action looking to con-
gressional legislation for improving the Ohio
river, and invitations have been extended to
governors of the states interested to attend.

SCHOOL COMMISSIONERS.

The Attorney of the Board Gives Some
Opinions.

The school board met last night. The
treasurer reported balances, November 1:
Tuition fund, \$46,018.40; library fund, \$10,
481.40; special fund (overdrawn), \$3,685.10—
total, \$59,844.71. The deed for the Dallas
county, Iowa, last of the George bequest
were reported by the attorney of the board
as being in proper form. The following
resignations of teachers have been received:
Alma C. Parsons, Belle Lamb, May Kennedy.

The following appointments have been made:
Dute Latham, Alfred Harrison, Della Curtis.

The library committee reported: Books cir-
culated in October, 13,778; since April 1, 95,
992; for same period last year, 93,529; per-
sons using books, total registration, 17,454;
using periodicals, 4,352; 113 books were re-
ported by the librarians to be furnished at
\$38.40 each by John brothers, making a total
cost of \$384. Bills amounting to \$12,192.05
have been paid since the last meeting of the
board. N. B. Taylor, attorney of the board,
submitted answers to the following questions:

1. If the children of families living outside
the city limits are enumerated in the city
census of school children, does that entitle
them the right to attend the city schools?
The answer is that it does not unless the
children have been transferred from the
township outside the city to the school dis-
trict in the city in the manner prescribed by
the statute. Their enumeration by mistake
would give them no such right.

2. If children, resident in the city at the
time of the annual enumeration therein,
afterwards removed, are they still entitled to
attend in the city? If so, for what length of
time?
This is answered that they may attend the
city schools until the close of the school year,
in which they are enumerated, but have no
claim to any longer period.

3. If children live on land which has been
transferred to the city for school taxation,
are they thereby entitled to attend the city
schools?
When a person is transferred from an ad-
joining township to the city for educational
purposes his children are entitled to attend
the city schools and his land in the township
where he resides is subject to the school
tax of the city whether he resides on it or
not. Residence on such land unless it be
the residence of the children of the person
transferred and owning the land so en-
titled, or his, cannot be considered as com-
pelling his family, would not give any right to at-
tend the city schools.

The board then adjourned.

Amusements.

ORA PARSONS' BENEFIT.

The audience at the Park theater, last
night, though not so large as it should have
been, was critical and intelligent, and where
the performance called for it, which was
frequently, enthusiastically. Mr. Parsons never
sang in better taste, nor created a better
impression. He was enthusiastically en-
coured whenever he appeared. Miss Lillian
Stoddard, Mrs. Morrison and Mr. Arthur
Miller were also compelled to respond to
encores. Miss Stoddard has a pleasing and
flexible voice, which she uses with great
skill. Mrs. Morrison, though somewhat
hoarse, sang with fine taste and feeling, and
Mr. Miller well deserved the encore he
received. The violin solo of Mr. Spades, the
piano solo of Miss Fertig and the rest of the
program were received with applause.

MRS. RICHARDSON'S LECTURE.

The second lecture of the series which Mrs.
Abby Sage Richardson is delivering in this
city on English literature was given to a
large and appreciative audience at Plymouth
church last evening. It was entitled "The
English novelists of the eighteenth century,"
and reviewed the subject thoroughly from
the time of Samuel Richardson to that of
Sir Walter Scott. Extracts were given
from a few of the leading
novels and their humor or pathos, popularity
or disfavor, was carefully analyzed. The
fine elocutionary abilities of Mrs. Richardson,
her elegant pronunciation and exquisitely
modulated voice, added to the
enjoyment of the hearers, and made the
evening one of the pleasantest literary treat-
ments of this or any other season. The third and
last lecture will be given next Monday evening
at the same place, and will treat upon
Shakespeare, more particularly what he
drew his wonderful fund of imagination from.

STAR.

To-night the Mattie Vickers combination
will close its engagement at the Grand Opera
house. The week has not been a very suc-
cessful one, owing to counter attractions, but
the performance has been one of the best of
its class.

NEXT WEEK.

Monday evening Mrs. Richardson will
deliver her final lecture at Plymouth church.
On Monday evening and all the week John
T. Raymond, well supported, will occupy the
Grand Opera house, playing "Wolfert's
Roost" the first three nights and "My Son"
the "Colonel Seller" the latter part. "Wolf-
ert's Roost" is founded upon Irving's "Savage
Hollow," and has been greatly praised by the
eastern press.

On Tuesday evening what may justly be
called the musical event of the season, thus
far, will take place at Masonic hall—the Patti
concert. Carlotta Patti is without doubt the
most brilliant vocalist that ever delighted an
American audience, not even excepting her
more famous sister. She will be assisted by
talent of the highest order—Signor Campi-
celli, Mr. Toed, Mr. Henry Ketten, and Mr.
Ernest De Munk. The box seat already
shows that the audience will be very large.

Str. Rowland Hill.

To the Editor of The Indianapolis News:

Please inform me when and where Rowland
Hill, the originator of prepaid letter postage, died,
at what age and how, and oblige.

INDIANAPOLIS, November 8, 1879. W. F. S.

(He died at his residence in London,
August 27th at the age of 84, from a general
decay of his vital powers.)

The "Housekeeper" of Our Health.

The liver is the great purifying, or blood
cleansing organ of the system. Set this
great housekeeper of our health at work,
and the foul corruptions which accumulate
in the blood and rot out, as it were, the
machinery of life, are gradually expelled
from the system. For this purpose Dr.
Pierce's Golden Medical Discovery, with
small daily doses of his Purgative Pellets,
is preeminently the article needed.

Homeless Children in Indiana.

To the Editor of The Indianapolis News:

I copy below a postal I received and have
answered, looking to the almost immediate
transfer of the children.

"GREENSBURG, IND., Oct. 30, 1879.
"Respectfully, C. T. FENLEY,
"Superintendent of the Reformatory for
"the State of Indiana."

These five boys I found in a poor house
during a trip last month, when I placed two
children in good homes a few miles west of
there. I could say much of what I have seen
in this way in my work with the home-
less and intelligent, most of them—of the
number of four or five hundred, are thus
to be found in the county houses of Indiana,
growing up under the most unwelcome in-
fluences—infused into the officials in these
places themselves may be pernicious
and demoralizing. The best possible
is done for the children, and for
all in the poor houses of Indiana,
and, as far as I have seen, those in charge
are of good character and of interest
in their work, and these very facts lead
them to see how utterly unfit for a sane or
sound child these forced surroundings are.

Being a Hoosier by birth, and always speak-
ing in the name of the state, its magnitudes, its
school fund, general intelligence and progress,
how can I speak of this palpable neglect of a
large number of its children? The comparison
with Ohio and its many "homes" is un-
doubtedly for Indiana, its fact, too, is that
perhaps one-third of the boys at the Re-
formatory are there in a penal institution
because they are homeless. I would not be
tiresome, now, but should like to have the
privilege of again speaking of this matter in
other places, and in some bearings in which
uninformed cavillers think they have a
vantage ground. A remedy for this evil less
expensive than the present way of caring
for these homeless ones is easily found, and
has stood the test of long experience in this
and other countries. Respectfully,

G. T. GREEN,
Visitor Children's Home, Cincinnati, Ohio.
CINCINNATI, November 5.

STATE NEWS.

Daniel Spoke, of Vermillion county, raised
64.84 bushels of Fultz wheat to the acre on a
five acre plot.

The democrats of Fort Wayne held an
impromptu indignation meeting, at which
John Kelly was burnt in effigy.

The safe of Henry Dadds & Co., dry goods
merchants, of Clear Spring, Jackson county,
was blown up by burglars the other night
and robbed of \$100.

Bratton's saw mill at Middletown, with a
large quantity of lumber, was burned last
night. Loss about \$5,000. Supposed to be
the work of an incendiary. No insurance.

Elder D. C. Cobble, of Lawrenceville, Ill.,
is conducting an interesting revival meeting
in Christian church at Carlisle. Fourteen
accessions were made to the church last
week.

Baldwin, Roberts & Co., of Boston, who
have packed pork at New Castle, for several
years, have returned and resumed operations,
and will continue while the supply of hogs
lasts.

While a party of carpenters were working
on a scaffold at Montgomery it gave way,
seriously injuring Henry Allard, severely
cutting his head and hurting him internally.

Ex-Commissioner John Opp, of Lafayette,
was thrown from his buggy by a runaway
horse, had a rib broken and was severely
bruised. It is thought he is injured
internally.

The fourth annual meeting of the national
christian temperance union is in progress at
Fort Wayne, with Francis Murphy in the
chair, and delegates present from the United
States and Canada.

Alfred Walton, a prominent and aged
farmer of Knox county, was thrown from his
wagon a few miles east of Vincennes, and in
consequence of his age it is feared that serious
results will follow.

A burglary was committed on G. B. Gibson's
hardware store at Ellettsburg, on the
amount of \$300, and on a dry goods store for
\$65. Yesterday night. Yesterday two men
out gunning arrested the burglars who con-
fessed.

The will of Gen. Jas. Noble has been ad-
mitted to probate. It names Samuel B. Ju-
dah, of Vincennes, and J. H. Mahan, of
Indianapolis, trustees to execute the same.
All the property is to be held in trust until
the youngest child is twenty-five years of
age.

Ed. James, the negro who was struck with
a ball bat in Pauley's saloon, at Greenfield,
last Saturday night, after having remained
in an unconscious condition ever since, finally
died. The authorities are much censured
for allowing Jeff Patterson, the murderer, to
escape.

The jury in the case of Lafayette N. C.
Pope, Greenfield, vs. the C. & I. railroad
company, returned a verdict in favor of the
defendant running over and mashing the
leg of the plaintiff, at Indianapolis, about
eighteen months ago, brought in a verdict
for the defendant.

Mrs. Elizabeth McLinn, of Edwardsport,
has been awarded \$500 damages for injuries
sustained by her son, crossing the
Indianapolis and Vincennes railroad tracks
two years ago. The injuries rendered him
idiotic. This is the second trial,
the first award being \$500.

The report of the committee of the common
council of Madison, and the explanations
made by Captain Kirk, Clerk Roberts, Coun-
cilman Reid and others, serve to convince
the late treasurer, Wm. Howard, and all
others, from any suspicion of fraud in con-
nection with water-works bonds.

The scarcity of coal at New Albany is
daily growing more apparent. Coal dealers
are besieged on all sides, and have orders
which they cannot fill. The coal mines of
the Ohio Falls river works, forges, works,
cotton and woolen mills have closed on
account of their inability to secure a coal
supply.

A TERRIFIC EXPLOSION.

Four Three-story Buildings Thrown Down
and Burned.

An explosion took place yesterday after-
noon in the extensive cracker and candy
manufactory of Clark & Sons, at Kansas City,
Missouri, by which four three-story buildings
were blown down and completely consumed
by fire. At the time the accident occurred
107 persons, mostly boys and girls from twelve
to twenty years, were at work in the factory,
all of whom escaped except seven. The cause
of the accident cannot be fully deter-
mined, but as an explosion occurred simulta-
neously with the fall of the walls, it is
supposed to be a repetition of the accident in
New York last year, a starch factory, as
soon as the walls fell the buildings took fire,
and everything combustible was burned.
Three bodies had been recovered up to 12
o'clock last night. The buildings and con-
tents were a total loss; insured for \$250,000.

The Democratic Sparrow.

(South Bend Register.)

To democratic inquirers: The extra ses-
sion did it.

MARKET REPORT.

Indianapolis Wholesale Market.

Dry goods and drugs are higher. Trade is brisk
and the general tendency in prices is upward.
