

AERIAL EXPRESS IS DUE IN THE CITY NEXT WEEK

GOODS WILL BE BROUGHT FOR
L. STRAUSS & CO.

LANDING AT FAIR GROUND

The first aerial express to enter Indianapolis will land at the state fair ground next Friday when a plane loaded with clothing will be received by L. Strauss & Co.

The plane will leave Chicago, early Friday morning and proceed to Danville, Ind., where the first goods will be unloaded. From Danville the plane will go to Lebanon and thence to Indianapolis.

The express is due to arrive at the fair ground at 11 o'clock. From there the plane will go to Louisville. Shipments of clothing will be left along the route. The plane to be used in this service is of special construction suitable for express service and while it is the first to be used by the makers of Society brand clothes, many more will be built within the next year for this service, according to plans announced by the local distributors.

TUNGSTEN MAY GO HIGHER

Tariff Fixed at Difference Between Cost and \$17 a Unit.
WASHINGTON, August 22.—By an amendment to the bill, imported stocks now held in the United States would be taxed the difference between their cost and \$17 a unit, the

WE LOAN MONEY
ON
DIAMONDS
AS LOW AS 1%
DIAMOND BANKING
Our business, established in 1915, loaning money on diamonds as security. When these loans are not paid, diamonds are sold to get our money back. So why pay full price when you can get your money back from 1% to 10%?
225 W. Washington, Lincoln Hotel Bldg., 1st Floor, at 10 Kentucky Ave.

price level to which the Republican proponents said the bill would raise crude tungsten.
Final action on the bill by a vote of 171 to 122 followed five hours of old-fashioned debate on the divergent views of Republicans and Democrats on the tariff. Mr. Kitchin and Democratic Leader Clark doing most of the speaking for the minority. Mr. Kitchin contended that the bill would give a monopoly to a few big producing companies, and exact unnecessary high prices, but Representative Fordney, Michigan, and other Republicans, said that the measure was needed to protect American labor standards, and promote an industry developed through war necessity.

Pensions, Trade Marks, Patents.

(Special to The Indianapolis News)

WASHINGTON, August 22.—Pensions have been granted to the following Indians: John A. Martin, Plymouth, 25; Levi Swartzell, Roschdale, 25; Daisy M. Keller, Tipton, 25; Anna M. Rief, Lawrenceburg, 25, and \$25 each to Mauda Cook, Ft. Wayne; Melissa Walker, Montgomery; Mary C. Toney, Mariettaville; Jennie Siles, Ft. Wayne; Dora Fox, French Lick; Jennie Hagard, Monticello; Loretta E. Gerard, Delphi; Christina Davidson, Dupont; Samantha J. Cofe, Brookville; Mary Cline, Dana; Sabina L. Brown, Nashville; Cortesia C.

Atwater, Bloomington; Samantha Stewart, Anderson; Anna G. Fawcett, Leesport; Louis A. Patterson, Warsaw; Mary Meurer, Lanesville; Angeline Ludlow, Connersville; Louis F. Housley, Sheridan; Yvonne E. Engle, Geneva; Sarah A. Davis, Frankton; Mary C. Webster, Greensburg; Eunice B. Wakefield, Vanderburg; Elizabeth E. Wilson, Elkhart; Frances E. Stout, Indianapolis; Nancy Mitchell, Ellettsville; Emma Grubb, Crawfordsville; Amy P. Ridge, Kokomo; Harriet M. Thompson, Monticello, and Artimida Hernandez, Indianapolis.
Trade marks have been granted to the Executive Company, Indianapolis, for a permanent magnet; Lewis E. Myers, Valparaiso, combination portable dacha and Zenite Metal Company, of Indianapolis, for timers for internal combustion engine ignition systems.
Patents have been granted the following Indians:
Samuel F. Arbutick, Indianapolis, self-lubricating piston; Frances E. Dutton, Indianapolis, Journal bearing; Harry J. Engle, Terre Haute, signal; Perry E. Myers, Monticello, Kings; Addison H. Noyes and J. E. Norris, assignors to Indianapolis Manufacturing Company, Indianapolis, woodchip cutting machine; Horace W. Noyes, assignor to Indianapolis Manufacturing Company, Indianapolis, separator for straining batteries; James Ryan, Indianapolis, liquid level indicator; William Taylor, Lowell, nut lock; Dana E. Westcott, assignor to L. M. Hammerschmidt, trustee, South Bend, cutout for electric lighting systems; and William H. Wright, Indianapolis, assignor to C. J. Tagliabue Manufacturing Company, Brooklyn, N. Y., pressure governor for gas mains.

SUBJECT PEOPLES TO BE
HEARD BY SENATE BODYFOREIGN RELATIONS GROUP DE-
FIES ADMINISTRATION.

WEEK IS TO BE CONSUMED

CHICAGO, August 22.—Defying the administration's plea for quick and unqualified ratification of the peace treaty, the senate foreign relations committee has voted to grant "a day in court" to all the subject peoples denied a hearing at the Paris conference, says a Washington dispatch to the Tribune.

Seventeen such peoples have opened headquarters in Washington, to carry their protests to the United States senate and ascertain whether President Wilson's self-determination principle has any more weight in the American conference than it had at Paris.

The committee will hear the Egyptians first. The representatives of Egyptian nationalists have come to Washington and requested that President Wilson, Joseph P. Kamp, of Missouri, to lay their case before the senate. He will be heard Saturday.

Wait to Speak for Irish.
The Irish will be heard next week. Frank P. Walsh, former chairman of the industrial relations commission, will be their spokesman.

The Greeks, protesting against the proposal to give part of Thrace to Bulgaria, are to be heard after the Irish. It was not said who would represent the Greeks, but it is known that they have employed counsel.

Robert A. Childers, representing the American Middle Europe Association, will present the case of the Lithuanians, the Czechs, the Serbians, the Latvians and other peoples living in the territory east of Germany and Poland.

The Koreans, in arms against Japanese domination, probably will be heard also.

The inhabitants of Fiume have already laid their appeal before the senate in the form of a cablegram to Senator Lodge, the Republican leader.

The committee's decision in an inquiry into the Shantung settlement under which Chinese pass to Japanese domination.

Expect Hearings to Take Week.
It is believed that the self-determination hearings can be concluded within a week. The committee is already more or less familiar with the grievances of the subject peoples and will not need to ask extensive questions.

What the committee will do in response to some of these protests is largely a matter of surmise. It is regarded as inevitable that the subject peoples will present issues that must be voted on by the senate. This is particularly true with regard to the Irish question, as several senators have openly declared their intention of forcing a vote on an amendment formally recognizing the independence of Ireland.

ACTORS' BENEFIT HELD UP

Threat of Managers to Enjoin Performers Blocks "Stars".
CHICAGO, August 22.—The proposal of a benefit for striking actors met with a setback through threats today of some of the managers to enjoin any of the stars from appearing in such a show.

It was pointed out that a benefit performance without beneficiaries would be unlikely to attract patrons and the matter was left in abeyance.

The striking actors advertised a mass meeting for tonight with a view to presenting their case to the managers. In addition to the stage hands and musicians, who walked out Thursday in sympathy with the actors, the bill posted union members and the theatrical managers and scenery transfer men quit work today.

GUARDSMEN TO BENEFIT.

State Will Reimburse Former Soldiers of Rush County.
(Special to The Indianapolis News.)
RUSHVILLE, Ind., August 22.—T. M. Green, former chairman of the Rush county council of defense, has received a letter from Harry B. Smith, Adjutant-General of Indiana, to the effect that the state is ready to reimburse former national guardsmen here for equipment which they bought at their own expense in 1917. He wrote that printed forms had been prepared and as soon as former guardsmen sign the receipts which will be sent here the money will be forwarded.

On His Way.

(Dallas News.)
Another strike was on, and walking home was "the only way." When Johnson arrived at his school in the far north in the small hours of the morning, he sent a wire to his office.

"Will not be at the office today. Am not home yesterday yet."

AS MANY STANDARDS OF LIVING AS WAGE SCALES

HARD MATTER TO FIND COMMON AMERICAN PLANE.

MOVIE ATTENDANCE VARIES

The Indianapolis News Bureau, 43 West Building, WASHINGTON, August 22.—More than 80 agents are now employed by the federal bureau of labor statistics to obtain from housewives statements of their expenditures by month. Information of this character for an entire year has now been obtained. Nearly 13,000 family schedules were touched on in seventy-one large cities and twenty at small cities and towns in the different parts of the country for incomes ranging from less than \$200 to more than \$1,000 a family. These family schedules are now being tabulated. It can not be said yet whether all of the objects for which the cost of living study was undertaken will be attained. The actual expenses for the different items of consumption are now being tabulated by income groups.

Standard of Living.

Commenting on this work, Royal Meeker, commissioner of labor statistics, said: "Reference is constantly made, in the press and in public utterances, to the American standard of living as though it were a standard as definite and well known as the foot, the pound or the inch measure. The writers and speakers take it for granted that everybody knows what the much quoted American standard of living is, although they do not specify what is included in it, and when asked for particulars they become vague and evasive. It sets us no further toward an answer to be told that the American workman is the best fed, best clothed, best housed and most contented workman in the world."

American Highest Paid.

"We may accept without argument the statement that, occupation for occupation, the American workman receives higher money compensation than do European workers, and that his higher money wages actually enable him to buy more of the necessities of life than are obtainable by the European workers for their wages."

"We must have more exact information in order to determine what the American standard of living means. One fact revealed by the investigation is that expenditures for living increase consistently with increasing income. In Philadelphia only 38 cents a year was

spent for movies by families having incomes under \$500 while the families having \$2,500 or more spent \$77.22.

Eighty-Seven Cents to \$34.29.

In Boston the range was from 37 cents to \$4.25. The average for all incomes was \$2.15 for Philadelphia and \$2.49 for Boston. Other cities show much the same averages and range of expenditures. The total average for all amusements amounted to \$12.49 in Philadelphia and \$2.31 in Boston.

Mr. Meeker's conclusion based on the tabulation of figures so far completed is as follows:

"We find that there are as many different standards as there are different incomes and families of different sizes. In the lower income groups the living conditions are hard indeed. The incomes of the lower income workers must be increased and the cost of food, clothing and housing must be lowered to enable these families to meet the higher costs of existence. Social legislation is needed to give them better and cheaper food, clothing, houses, medical treatment and insurance."

A Question.

(Louisville Courier-Journal)
"The dentist thinks he can save my aching tooth."
"What does anybody want to save an aching tooth for?"

If your skin itches and burns, just use **Resinol**

If you are suffering from eczema, ringworm or similar itching, burning, unsightly skin affection, bathe the sore places with Resinol Soap and hot water, then gently apply a little Resinol Ointment. You will probably be astonished how instantly the itching stops and healing begins. In most cases the sick skin quickly becomes clear and healthy again, at very little cost.

Resinol Ointment and Resinol Soap also clear away pimples, redness, roughness and dandruff. Sold by all druggists.

MEMBERSHIP CAMPAIGN PLAN IS ABANDONED

ADVERTISING CLUB DECIDES TO ACCEPT NORMAL GROWTH.

CONVENTION FUND GROWS

Directors of the Advertising Club of Indianapolis, at a meeting at the Chamber of Commerce, decided to abandon a plan approved some time ago for a whirlwind membership campaign.

It was the intention to swell the membership of 200 to more than 500 and with this delegation go to New Orleans and demand the 15th convention of the Ad-

vertising Clubs of the World. The directors are of the opinion that a steady normal growth of the club will give it a more substantial standing in this community. While no one's application will be rejected the club will not go ahead with any spectacular drive for boosting the membership. The club's success in its campaign for a \$50,000 guarantee fund now assured, it is the feeling of the leaders that the chances for landing next year's convention of the Associated Advertising Clubs are growing brighter.

One more "get-together" meeting will be held before the exodus to New Orleans in September. This will be held next Wednesday night in the roof garden of the Hotel Severn. The management has agreed to close the garden to the public and give the club members the full run of the roof. A committee on arrangements, including Wallace Lee and George E. Stewart, will arrange a program of entertainment, which will open at 8 o'clock.

The finance committee in charge of the guarantee fund is pushing the campaign to a finish. Late subscriptions include one from the Nordyke & Marnon Company for \$200 and the Van Camp Hardware and Iron Company for \$250.

Cheer also have been received from the Western Electric Company, the Jessup & Antrim Company and the R. W. Furness Ice Cream Company.

FREIGHT CREW FINDS BODY

Name, John Robbins, Written in Cap, Only Clue for Identification.

(Special to The Indianapolis News) WINCHESTER, Ind., August 22.—The body of an unidentified man was found yesterday, by a Big Four freight crew, two miles west of here. He, apparently, was about forty-five years old and had been dead some time. The body was brought to Winchester and it was found that the man had suffered a crushed skull. No paper of any kind was found, but the name John Robbins was penciled in the top of his cap. The man was about five feet two inches in height and weighed about 150 pounds. He, apparently, was a laborer and an American.

HARGROVE'S CLOAK HOUSE

Massachusetts Ave. and Delaware St.

All are Agreeably Surprised

TIME AND AGAIN, we have been told that we have the finest store front in the city. Others are talking about the wonderful transformation we have made in the building and all are enthusiastic about the splendid display of furniture, rugs and stoves. This, of course, is the natural result of a carefully selected stock. When we eliminate the undesirable things we are helping our customers to an easy selection. But right here we suspect you are asking how are the prices? We could make big claims as to the reasonable prices at which the goods are marked, but we would rather have you prove this to your own satisfaction. Look around, then come here, as did a customer on Tuesday. She bought, among other things, a beautiful mahogany davenport table for \$52.00. After making the purchase she volunteered the statement that she could find nothing in other stores for less than \$90 to \$100 that she liked as well. If you want to keep the high cost of furniture down demand less, go where rents are low and where only a reasonable profit is demanded.

SEIZURE of FOOD in STORAGE

What Effect Will It Have NEXT Winter?

BEFORE embarking on what seems to be an orgy of "storage food seizure," it is proper that the public and officials look beyond the immediate present!

Agents of the Government, attempting to quickly reduce living costs, are seizing stored foodstuffs in various sections of the country, and announcing their intention to force immediate marketing of the food, some of which is in process of cure, the balance for use in winter or the season of short production.

Foods That Are Stored

The Surplus Egg Production of March, April, May and June.
The Surplus Butter Production of May, June and July.
The Surplus Beef from Range Cattle as Marketed in the Fall.
The Surplus Pork Production—(Most of It To Be Cured.)

Unless the surplus of the season's production is available for gradual distribution there is bound to be a scarcity.

The present movement may be likened to the cutting down of a tree in order to obtain its fruit. That is one way to get the fruit in a hurry, but it has a disastrous effect upon next year's crop.

There can be no defense for the withholding of food in order to increase the price. We do not do this. The use of cold storage for speculation deserves the severest condemnation, and every good citizen will indorse common sense inspection of food reserves.

A line must drawn, however, between speculation and prudent laying away of food for the season of nonproductivity. If the course of unchecked seizure is pursued, it will mean shortage next winter.

Most of the meat in storage is owned by firms which

perform a real function in the process of distribution, and which have regular customers, whose needs they supply. The success of these firms depends largely on the ability of their managers to estimate market demands and to buy, store and sell accordingly.

The fact that there is more food of various kinds in storage at this time than was the case a year ago is really beneficial when consideration is given to the fact that 100,000,000 people in the U. S. A. are to be supplied and foreign countries as well.

Our business experience for a period of years has had to do with problems incident to the storage of food and we believe that if food supplies now in storage be prematurely forced on the market HUNGER may join our ranks this winter.

NEW STOCKYARDS PENS CAN HANDLE 6,000 HOGS

TRUCK DIVISION TO BE FORMALLY OPENED THURSDAY.

RIG PROGRAM IS ARRANGED

An elaborate program is being arranged for the opening and dedication next Thursday of the new truck division for handling hogs at the Indianapolis stockyards. The brick stables formerly used for the auction sale of horses have been converted into 222 stock pens and seventeen storage pens with a capacity for handling 6,000 hogs a day. It is expected that the new division will be run to capacity numerous times in the busy winter season.

Referring to the growth of the driven or loaded in business, E. E. Rauh, who is serving his twenty-fifth year as president of the stockyards, recalled that some receipts in this division were from 100 to 200 hogs a day. Only seven years ago the daily average was 150, and in 1912 there were 500 a day.

2,700 a Day in 1918.
The daily average in this division in 1918 had grown to 1,500 and in June, this year, the largest of record, 6,000 hogs arrived in vehicles, an average of 2,700 a day.

"In my experience," he said, "it has been necessary to rebuild and enlarge this division of the market three times, and the Indianapolis market now leads all others in this branch of the trade."

Practically all of the hogs received in the truck market are resold in the car division, and to facilitate the handling of the stock from one division to the other a viaduct is being constructed of steel and concrete. It will be a quarter of a mile long and will pass over the pens now known as the "diamond alley."

Stock in trucks and other vehicles will arrive at the new concrete roadway and it will be possible to unload twenty-three vehicles at one time so that there will be little danger of congestion in the unloading, such as there was last winter when it became necessary to use a permit system for marketing truck hogs.

For Opening Ceremonies.
The program for the opening provides for a parade of the speakers, other invited guests, commission salesmen, buyers and all others in any way interested in this business at 1:30 p. m. The opening address will be made by E. E. Rauh, who will be followed by Louis D. Hall, of the bureau of markets division of the United States department of agriculture; John G. Brown, of

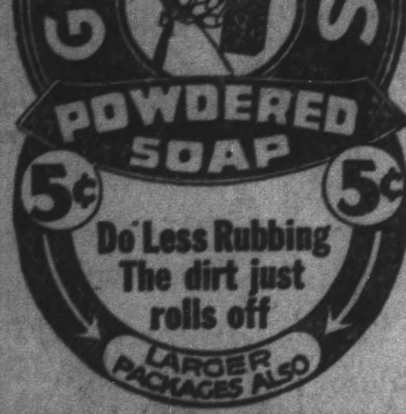

Monon, who is president of the Indiana Federation of Farmers Association; Dr. G. W. Butler in charge of the local office bureau of animal industry and Dr. L. E. Northrup, secretary of the Indiana live stock sanitary board. Horace H. Fletcher will represent the Indianapolis Live Stock Exchange, of which he is president. A moving picture will be taken.

The occasion, which celebrates the growth of one department, will mark the passing of one of the greatest industries of the Indianapolis live stock market, the auction sale of horses. The original stables were frame, the brick stables having been built in 1906 and until five or six years ago were the scenes of the liveliest business at the stockyards. In former times hundreds of horses were sold here under the hammer each week and there was a time when the Indianapolis market had an international reputation for the high standard of the horses found here.

At one time there were four firms engaged in this business and W. B. Blair, now of St. Louis, together with W. W. Baker, of this city, who were the pioneers in the business, also conducted the final auction sales of horses. The records show that single draft horses sold here as high as \$400, teams at \$50, a single coach horse at \$55, a coach team at \$200 and a pacing horse, Ella M., at \$800.

Business Sense.
(Washington Star)

"This village keeps the road in shocking condition," said Farmer Corcoran. "We thought we'd better make the automobile slow down voluntarily, or we could all end to our farm. There's no money now in crops but there is in collecting speed fines."

HOSPITAL INCREASES ITS RATES 20 PER CENT.

GOSHEN INSTITUTION FACED FINANCIAL FAILURE.

(Special to The Indianapolis News)
GOSHEN, Ind., August 22—Directors of the Goshen hospital announced an

advance of 20 per cent. in fees charged at the institution Thursday, explaining that the action was taken only as the last resort to prevent the hospital from becoming bankrupt.
A deficit of \$1,700 has been partly met through money paid by the city of Goshen on a double tax levy for hospital purposes, which was levied by mistake in 1917. Rates for hospital rooms now range from \$3 to \$5. Formerly they were \$2.50 to \$4.
The help problem confronting the hospital management is the most serious ever known here, the directors say. An appeal has been made to the public in behalf of the hospital.

Owen Urges President to Protect Investors in European Offerings.

WASHINGTON, August 22—President Wilson has been urged in a letter from Senator Owen, of Oklahoma, ranking Democratic member of the senate banking committee, to take steps to protect the foreign commerce of the United States and bring about an extension of credits to cover European purchases. The letter as inserted in the Congressional Record also proposed that means be provided to pass on the validity of

European securities offered for sale in the United States.
Senator Owen in his letter declared the New York banks have opposed bills pending in the congress, asserting these would deprive them of the opportunity to speculate in foreign exchange, and added: "I am opposed to their speculation to the injury of our industries and commerce, and I allege that they have made millions out of speculation in foreign exchange to the disadvantage of American commerce and to the disadvantage of the American producers and the American consumers alike. I allege their interest is a private interest, and that they are not concerned to deal with the matter from the public standpoint."

AIR SQUADRON TO COME TO INDIANAPOLIS SOON

NINE CURTISS MACHINES TO REMAIN FIVE DAYS.

GOING ACROSS CONTINENT

The all American pathfinding and recruiting squadron, composed of nine Curtiss biplanes, and a score or more of motor trucks, is due in Indianapolis Monday, according to word received by Major Thomas F. Ryan, in charge of the army recruiting station in this city. The squadron, which is scheduled to remain here five days, will map air mail routes, select landing fields and also assist Major Ryan in recruiting men for the army.

Twenty-one officers and approximately eighty men comprise the personnel of the squadron. Besides the biplanes, the squadron is composed of nineteen motor trucks, several staff observation cars and other motor equipment.

Crossing the Continent.

The squadron is crossing the continent from Minnesota, L. L. to Seattle. The first leg, from Minnesota to Pittsburgh to St. Louis, included Indianapolis as one stopover. The squadron is traveling only in the day time. At each large city a stop of from four to seven days is made. After leaving St. Louis the squadron will turn north, going to Chicago and Milwaukee and thence to Seattle. A headquarters and advance section, which precedes the squadron, is expected to arrive at the speedway aviation repair depot tomorrow.

Photographs of points of military interest will be made by the photographic section here.

Radio Apparatus Complete.

An airplane equipped with the latest radio apparatus is included in the squadron. Radio telephones will be used in the work over this city. Ob-

servations are carried with the squadron and will be used here. A searchlight, said to be one of the most powerful and brilliant in the world, is with the engineering section of the squadron. The searchlight has an effective illuminating range of three miles. The plane will perform aerial maneuvers at night with the aid of this light.

MEMORIAL SERVICE.

Honor to Be Paid Lieut. Eisenbarth at St. John's Church.

Memorial services for Lieutenant Robert J. Eisenbarth, son of Mr. and Mrs. Henry Eisenbarth, 1614 Leonard street, will be held at St. John's Evangelical church, Sunday afternoon at 2:30. Lieutenant Eisenbarth, who was in the United States army service, in England, was reported missing, after he started on a flight from England to France, November 15, 1918. He has recently been officially reported by the war department as killed in action.

THIEF PLEADED FOR PAIL.

LORAIN, O.—Give me the limit and be just as severe as you want to, judge, but spare this clean-minded, innocent lad," George Edwards, thirty-seven, told a police judge in Lorain the other. Edwards and his "pal," Charlie C. Trill, eighteen, were arraigned on a charge of housebreaking.

Edwards told Judge Duffy he had coaxed the Cottrell boy to aid him in breaking into the house. He asked that all responsibility be placed on his shoulders.

"Please give me all the punishment, but spare the boy. Don't start him on a path of crime now," Edwards, whose home is in Independence, Kas., said.

"If necessary," Edwards continued, "tack the boy's sentence on to mine—just allow him to go back to his mother, that's all I ask."

The judge reprimanded Edwards for leading the boy into the trap and sentenced him to six months in the county jail.

Young Cottrell will be returned to his home in Hagerstown, Md.

Edwards smiled as the judge pronounced the sentence. "That's good," he said. "Now, boy, go back to that old mother, she needs you."

FOLK NORTH OF WASHINGTON BUY MOST OF ARMY SUPPLIES

High Cost of Living Figures Show That Well-to-Do Business and Thrifty Salaried Men of Indianapolis Have Developed Art of Cutting Buying to Finest Point.

Secrets of the high cost of living in Indianapolis have been exposed. At least, those persons who have perused the record telling the story of the sale of surplus army food through the postoffice say the figures in the case tell secrets, which secrets are as follows, to wit:

Well-to-do Indianapolis folk who make their homes north of the Washington street line hesitated not at all to invest their savings in food that could be bought for less than the grocer's price.

Favorite foods for the people of the north part of the city are bacon, canned sweet corn, canned green peas,

canned baked beans and canned corned beef.

Next Come Easterners.

Next to the north the largest number of sales were made to people living in the east part of the city and to these the favorite foods are found to be the same as for those persons living in north Indianapolis.

Next in the order of the number of sales comes west Indianapolis, south Indianapolis and Brightwood, with canned sweet corn and green peas a favorite with each and bacon running well toward the end of the lists.

Figures representing the first two days of the sale show that very nearly

half the orders came from residents of the north part of the city. During the two days, 1,000 orders were received for an aggregate sum of \$15,527, making an average of \$15.53 for each order. Subtracting fourteen large orders leaves an average of \$12.95 for each order.

Pooled Orders Favorites.

Largest among the orders was one for \$89.47, for meat and beans, representing a pooled order for the employees of the Prest-O-Lite Company. The second largest order amounted to \$21.80 and was for the employees of the Hook Drug Company. Other large orders were: Indianapolis Life Insurance Company, \$200.85; Kiefer-Stewart Company, \$127.20; carriers of the Fountain Square postoffice substitution, \$87; Indianapolis Drop Forge Company, \$57, and the Methodist Hospital, \$52.40, which order included most of the black pepper in stock. Several individual orders from north Indianapolis ranged from \$40 to \$80 each.

Therefore, say the persons who declare that these figures can not lie, it is in the household of the well-to-do business man and thrifty salaried man of Indianapolis that the line art of cutting the cost of living has been most highly developed.

Testers' Licenses Revoked

The licenses of two testers were revoked and several testers were rebuked by the state creamery and testers' examining board.

which ended a two days' session at the Hotel Severin Thursday night. The names of the testers were not made public. The board is composed of Professor O. E. Reed, chief of the dairy department of Purdue university, Samuel Schloer, Plymouth, John Black, Vinton; A. V. Holloway, Wabash; P. H. Crane, Lebanon; W. H. Semour, Brookville; J. B. Breyer, Martinsburg; T. H. Braughton, dairy department, Purdue, who is chief of the corps of dairy product testers.

Your Home, Madam

Can Get a Milk Such as Millions Cannot Get The Finest Milk Ever Used

"The Cow in the Pantry"

The homes of this city can now get Van Camp's Milk—the best milk produced in America.

We cannot supply—and never can—more than one home in a hundred. So we offer it here in our home state. The grocers of this city will be kept supplied. We have seven model condenseries, all in famous dairying districts. Each day we milk 45,000 cows. But milk of this grade, from high-bred cows, will always be somewhat limited.

A 20-Year Development

About 20 years ago we started out to produce the utmost in rich, safe, cleanly milk. Some of the ablest experts in this line—foreign and American—have been employed to help us. Van Camp's Milk comes from healthy cows of the finest breeds. It has taken us years to accumulate them. Those cows are kept in sanitary dairies. They are regularly inspected.

The cows are milked close to our condenseries. The fresh, warm milk is then placed in a vacuum. There, by low heat, more than half the water is evaporated.

The milk is then a double-rich milk, as thick as thick cream. It is twice as rich as bottled milk, both in butter fat and solids.

Van Camp's Milk

The Best Milk Produced in America

Sterilized and Safe

After this milk is hermetically sealed it is sterilized by heat. Thus it comes to you a germ-free milk, safe for drinking, safe for infants.

The dangers which lurk in ordinary milk are absent in Van Camp's.

If you want very thick cream use Van Camp's as it is. For coffee, cereals and ice cream it can even be diluted. To reduce to rich milk add an equal part of water. Just replace what we take out.

For cooking reduce still further. For every purpose you get full-cream milk when you use Van Camp's.

No Shortage—No Waste

This ideal milk, rich, cleanly, safe, costs you less than bottled milk. In addition it saves all waste. You don't need to guess at your daily wants. You never have too much milk or too little.

Small cans and large cans are kept ever on the shelf. Open what you need.

Thus you have both milk and cream for any purpose in any quantity. Never more than you need, never less than you need. That reduces milk cost to the minimum.

Compare Van Camp's with the milk you use—with bottled milk or with other evaporated. See what we have accomplished. Tell your grocer—now, before you forget—to send a few cans of Van Camp's.

TITLE OF MONSIGNOR FOR THE REV. F. H. GAVISK

APPOINTMENT COMES AS A SURPRISE DIRECT FROM POPE.

FEW PRELATES HAVE RANK

Official announcement has been received in Indianapolis that the Very Rev. Francis Henry Gavisk, D. D., chancellor of the diocese of Indianapolis and pastor of St. John's church, has been made a protonotary apostolic, the highest grade of Catholic prelate. The appointment, which carries with it the title of monsignor, came directly from Pope Benedict at Rome. The Latin title of the office Father Gavisk now holds is "protonotary apostolic ad instar." The bestowal of the honor is rare, and there are few grades of this rank in the United States. The appointment came as a surprise to Father Gavisk. The date for the investiture of the rank had not been fixed. Father Gavisk was ordained June 24, 1892. After his ordination he was secretary to Bishop Chatard for many years. He has been rector of St. John's church since 1902.

Title Defined.
According to the Catholic encyclopedia, a protonotary apostolic is a member of the highest grade of prelates in the Roman curia and also of the honorific prelates whom the pope has conferred this title and its special privileges. In the middle ages the protonotaries were very high papal officials, and were often raised directly from this rank to that of cardinal. The

THE REV. FRANCIS H. GAVISK.

office had nearly disappeared at the time of the French revolution. On February 8, 1803, it was re-established by Pope Gregory XVI, who gave seven members. Since the sixteenth century the pope has also appointed honorary protonotaries, who enjoyed the same privileges as the seven real members of the college. Titular protonotaries were also appointed, who held a corresponding position in the administration of the episcopal curia or in the collegiate chapter. Pope Pius X on February 21, 1904, exactly defining the position of the protonotaries. These are now divided into four classes.

Four Classes of Rank.
The first class is composed of members of the old college of prelates who exercise their office in connection with the curia of consistorial and canonicals, have a representative in the congregation of the propaganda, and, according to the reorganization of the curia, sign the papal bulls. They enjoy the use of pontifical and numerous privileges. They have annually a fixed number of doctors of theology and canon law. The second class is composed of protonotaries, who are canon of the three Roman patriarchal churches and of the cathedral chapters outside of Rome. The third class, to which Father Gavisk belongs, is appointed by the pope and has the same external insignia and privileges of the actual protonotaries. The fourth class is found only outside of Rome. This class receives the appointment only by nuncios or as a special privilege.

COURT VIEWS CLOTHING.

Exhibits to Show Cost of Living for Packing House Workers.

CHICAGO, August 22.—The bench of Federal Judge Alschuler was heaped with shoes and other wearing apparel yesterday, while opposing sides in the hearing on demands for increased pay of stockyard workers argued the high

cost of living question. Counsel for the packers brought into court articles of clothing bought at big downtown stores in an attempt to upset contentions that it is impossible for the workers to buy serviceable clothes with the present wages.

James G. Condon, representing the packers, produced new shoes that he said were bought at Crows 12 to 12½. Mrs. Anna Koutsky, of the Morris & Co. employment department, said she bought high quality shoes for children at \$2.17 a pair and women's shoes at \$2.77 to \$4.52. Mrs. Anna C. Gallien, speaking for the workers, told Judge Alschuler, who is federal arbitrator in this case, that children's shoes cost at least \$4 and women's shoes \$5.50.

Noted Organist is Dead.
FREEPORT, Ill., August 22.—Thomas A. Hargreaves, organist and favorite pupil of the composer Gaud, and said to be the first to play the latter's "Holy City" in public, died here yesterday. He held degrees in music from Oxford university and at one time was director of Lord Rosslyn's choir.

To Take California Farm Course.
NEW YORK, August 22.—One hundred Australian soldiers will arrive here from England, August 29, on their way to the University of California, where they will take a course in agriculture. The Australian commission announces. They will work a year on the Davis farm attached to the university and then return to Australia.

For Foreign Trade Training.
NEW YORK, August 22.—To provide a complete curriculum by which students may be trained in all the details governing foreign trade and thus enable the United States to maintain and expand her commercial gains of the last five years, James A. Farrell, president of the United States Steel Corporation and chairman of the national foreign trade council, has announced a gift of \$50,000 toward the endowment of a school of foreign service at Georgetown university, Washington. Mr. Farrell estimates that \$1,000,000 will be required and has asked all members of the for-

sign trade council to give their substantial support. The course, according to Mr. Farrell, will include a study of modern languages, including Japanese, Russian, Portuguese, French and Spanish; economics, law, political science and shipping.

SETTLE IS RE-ELECTED.

United Brethren Conference at Plainville Will End Sunday.
 (Special to The Indianapolis News.)
 WASHINGTON, Ind., August 22.—The Rev. J. W. Settle, of Washington, was re-elected conference superintendent, Thursday afternoon, at the ninety-first annual conference of the United Brethren church, being held at Plainville. The conference is one of the best held, and the finances are in better condition than ever before. The report showed there was approxi-

mately \$10,000 collected for the benevolent budget.
 The United enrollment campaign was extended thoroughly Thursday by Bishop Fout, Bishop Howard and other leaders of the church. Laymen took part in the day's program, the topic, "The Layman's Part in the United Enrollment Movement," being one of the subjects for discussion.
 Plans were made Thursday for the complete organization and mobilization of the entire conference for the next twelve months. Committees on church erection, boundary, finance and publishing interests made reports today. The conference will close on Sunday and the report of the stationing committee will be made then.

TWO APARTMENTS PLANNED

Buildings in North Meridian Street to Cost \$30,000.
 Two stucco apartment buildings, three stories high, are to be erected for Ella Gould Lazarus at the northwest corner of Meridian and Twenty-first streets. The buildings are to cost about \$30,000.
 Each building is to have six apartments on each floor. Each apartment is to contain a living room, dining room, kitchenette and bath.

 —Goldstein's, Main Floor.

AUTOMOBILE THIEVES HAVE A BUSY NIGHT

TWO OWNERS SAVE CARS BY
TIMELY INTERFERENCE.

BURGLARIES ARE REPORTED

James T. Barnett, a salesman, living at 2422 North Randolph street, fired three shots from a revolver, early today at five men who apparently were attempting to steal an automobile from a garage at the rear of his home. The men ran north in an alley to Michigan street and disappeared.

Barnett told Sergeant Anderson and squad he overheard the men at the garage say something about guarding the alley and he then thrust his head out of a window and called to them. (See minutes later Barnett went to the garage to see what had occurred and as he rounded the corner of the building he saw the men hiding in the alley. He opened fire on them and they fled, he said.

Had Car in Alley.

William Soitau, 229 North Summit street, looked out his bedroom window in time to see some men pushing his touring car out of the garage into the alley. He called to them and they abandoned the machine. Soitau told motor policemen Pindley and Lanning he was awakened by the opening of the garage door.

Mrs. H. S. Hamilton, 3229 Graceland avenue, reported to patrolman Ison that some one broke into a garage at the rear of her home and stole three automobiles. Entrance to the place was gained by breaking the lock on the door.

Burglars broke into the home of Mrs. E. N. Stevens, 47 South New Jersey street, when she was away Thursday, and carried away a large quantity of dress goods, a pair of slippers, several articles of wearing apparel and nineteen pounds of sugar. Entrance was gained through a side window.

Purse Reported Stolen.

Ben H. Metternich, staying at the Claypool hotel, reported the theft of a purse containing \$26 from his room. Automobiles belonging to the same well, 619 North Illinois street; Clarence Chapman, 267 Boulevard place; and Thomas Baxter, 54 West Tenth street, were stolen. Baxter said he heard a noise in his garage about midnight and when he investigated his car was missing.

CRITICISE WAR RISK WORK

Foreign Wars Veterans Also Condemn Vocational Training Board.

PROVIDENCE, R. I., August 22.—A committee was appointed by the national encampment of Veterans of Foreign Wars here at the closing session to investigate assertions made by members against the war risk insurance bureau and the federal vocational training board. Accusations against the former embody inefficiency and delays in getting the vocational training program under way.

Resolutions were adopted condemning Bolshevism, Socialism and the I. W. O. Resolutions were also passed urging the congress to grant world war veterans a bonus of six months pay and advocating making May 30 a national holiday.

Washington won the fight for the next annual encampment. The council of administration was elected to consist of past commander Edwin H. Nowell, of Newark, for a term of five years; past commander Gus Hartung, of Denver, for four years; past commander Albert J. Hahne, New York, for three years; Fred S. Stover, of Pittsburgh, two years; and Captain Robert T. Hammann, of New York, one year.

ATTACK RED CROSS TRAIN.

Austrian Revolutionists Repulsed by Armed Guard Fire.

WASHINGTON, August 22.—Repeated attacks by Austrian revolutionists on an American Red Cross relief supply train traveling from Paris to Bucharest were reported to Red Cross headquarters here today.

The dispatch, sent by Captain G. H. Smith and Lieutenant M. G. Watkins, of Chicago, and Lieutenant P. H. Dodson, of Waco, Tex., officers in charge of the train, stated that most of the attacks were repulsed by rifles of French, Roumanian and Serbian soldiers.

At Colomania (Jirlik), a train ran into a congested freight yard and was surrounded by armed men. There was intermittent firing. When it became apparent that the train was being delayed by the crew until the revolutionists could arrive in large enough numbers to overcome the train guard, the armed attack entered the tender and forced the engineer to pull out. There were several similar attacks during the three weeks' trip.

Senator Fletcher Out Soon.

WASHINGTON, August 22.—Senator Duncan W. Fletcher, of Florida, who was knocked down last night by a street car, was not seriously injured, and probably will be out in a week, physicians announced today, after an examination. There were no fractures, although the senator was badly bruised and cut.

GLICK TAKES ELECTION CASE TO HIGHER COURT

BARTHOLOMEW COUNTY MAN
CONTINUES CONTEST.

CLERKSHIP IS INVOLVED

(Special to The Indianapolis News) COLUMBUS, Ind., August 22.—Another chapter in the case between Charles D. Glick, Democrat, who contested the election of Charles Hunter, Republican, for the clerkship of Bartholomew county, was opened Wednesday when George Long, attorney for Glick, went to Indianapolis and filed a brief for trial in the Indiana supreme court. Mr. Hunter will take the office January 1, 1920, unless the supreme court decides otherwise.

Charles Hunter was elected clerk of the Bartholomew circuit court last fall over Glick, by a majority of two votes. Glick took the case in contest to the board of commissioners, who gave the decision to Hunter, but reduced his majority to one vote. Glick appealed the case to the circuit court and Judge Will Sparks, of Rushville, was appointed to hear it. Glick's attorneys challenged a number of absentee ballots, many from soldiers, which were marked with an ordinary pencil instead of a blue one, as provided by the law. Hunter had the greater number of these ballots.

After hearing the case, Judge Sparks

SHOE RETAILERS CRUEL.

Only Nine Colors for Footwear—Organized Profitsteering Denied.

ATLANTIC CITY, August 22.—Officers and directors of the National Shoe Retailers' Association, in special session here, denied there was any organized profitsteering among the retail dealers of the United States.

A statement authorized by the meeting said that many styles of footwear would be eliminated for the spring sea-

SILVER STAR ORDER OUT.

War Department Points to Victory Ribbon Regulations.

WASHINGTON, August 22.—The attention of the war department was called today to the fact that discharged soldiers are wearing silver stars on victory ribbons. In some cases under conditions not justified by the regulations. An order was issued pointing out that these stars must not be worn unless the soldier had been cited in orders from his headquarters for gallantry in action and that if other decorations had been awarded for the same citation the star could not be legally used.

Standards of Value.

(Washington Star) "One of the summer boarders of ours is a regular profiteer," exclaimed Farmer Cornsness.

"Why, he's the one that pays the money."

"Yes, but he eats enough at one meal to put him ahead of the game for the rest of the week."

HIGH PRICES CONTINUE DESPITE THE ACITATION

INCREASES EVEN REPORTED IN
SOME CITIES.

NO CONSISTENT DECREASE

NEW YORK, August 22.—America's war against high prices and the profiteer has not yet reached a stage where any consistent reduction in the cost of living is perceptible. Food prices in some cities have taken a drop in the last month, but in others they have advanced, and in a great many instances they have remained stationary. These are the conclusions, based on reports received today by the United Press from nine cities, representative of the nation. The reports deal with five commodities—butter, eggs, bacon, bread and potatoes. All the prices quoted were obtained from the cash and carry stores, where additional charges for credit accounts and delivery are eliminated, and where prices are believed to be lowest and most uniform. New York still maintains its reputation as the highest-priced city, although the figures show that the downward tendency has been more general in that city. St. Paul is the cheapest city in which to live, the reports indicate.

Prices for a Month.

The prices are comparative for a month's time, those of July 21 being matched against those of August 21. New York during that time saw five changes in three products. The best bulk butter dropped from 67 to 65 cents a pound, the price of eggs fell from 30 to 28 cents a dozen, and standard bacon advanced from 15 to 16 cents a pound. Bread remained stationary at 10 cents a loaf, and potatoes, priced in ten-pound bags, were the same, at 40 cents.

Only three cities, New York, San Francisco and St. Louis, escaped increases in prices in Washington only one product was lowered in price. The lone item was potatoes, which sold at 30 cents for ten pounds yesterday compared with 40 cents a month ago. Eggs in Washington rose from 20 to 25 cents. Other prices remained the same, as follows: Butter, 61 cents; bacon, 16 cents; bread 10-25 cents.

Small Comfort for Cleveland.

The drive on the profiteer brought scarcely any more comfort to Cleveland. In the Ohio city eggs which sold for 45 cents a month ago were quoted at 12 cents more yesterday, while the amount paid for potatoes had risen from 35 to 37 cents. Butter, now selling at 57 cents, had registered a 5-cent reduction, while a half-cent was being saved in bread, which was formerly 11 cents a loaf. Bacon was 50 cents, having dropped 1 cent. Detroit's satisfaction over the lower price campaign, if she has any, must come from 15-cent drop in the bread market. St. Paul must have been shocked when potatoes soared from 15 to 20 cents. But other prices in the "cheapest city" remained the same. They were: Butter, 4 cents; eggs, 45 cents; bacon, 40 cents; bread, 9 cents.

Mrs. Elizabeth Heider Dead.

Mrs. Elizabeth Heider, wife of Oscar Heider, vice-president of the Nichols Candy Company, died early today at her home, 2711 Bellefontaine street. She was born in Indianapolis November 28, 1868, and was married March 20, 1888. The husband and two daughters, Misses Frances and Marie Heider, survive. Three sisters, Mrs. Joseph Korte, Mrs. Mary K. Langheim and Caroline Leonard, also survive.

SPAIN IS COMING BACK.

Capitalists Make Enormous Investments in South America.

NEW YORK, Aug. 22.—Will history repeat itself in Latin America? The Spanish government, anchored during the war by the rapid development of commerce and industry, is coming back to the countries it discovered, owned and developed. This time with ships laden with gold instead of with Spanish conquistadores. Spain is gaining money in the development of the countries it once held under its rule. Spanish financiers have made investments in Uruguay, Argentina and Colombia.

Reports come now from the city of Mexico that a powerful syndicate of Spanish bankers is to establish a bank in the Mexican capital for the purpose of assisting in the development of the country as well as to facilitate the shipment of goods to and from the United States. The initial capital of 2,000,000 pesos has already been subscribed by leading Spanish financiers. The bank will be extended to Spainards throughout the republic to purchase stock in the institution. The bank will be known as El Banco Hispano-Mexicano and will be closely affiliated with banking institutions in Spain.

All Over.

Hearing a crash of glassware one morning Mrs. Jones called to her maid in the adjoining room: "What on earth are you doing?" "I ain't doing nothing, mum," Norah replied. "It's done!"

Says Clause Means War

Copyright, Harris & Ewing.
THOMAS F. MILLARD.

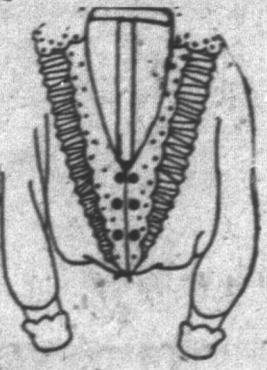

Mr. Millard, who lived and traveled for twenty years in the Orient, has told the senate foreign relations committee that the shantung clause in the peace treaty means war between the United States and Japan within ten years. The Japanese situation is creeping up, he says, just like the German situation did, and he believes that while trouble may start in many ways the United States will be sucked in. Millard was adviser to the Chinese delegation in Paris while the peace treaty was being framed. He advocates a reciprocal clause in the French agreement with the United States and Great Britain providing that France shall come to the aid of the United States under the same conditions that the United States has agreed to aid France.

their examination for bacteriological content once each year. For the most part, the chemists declare, soft drinks bottled in Indiana have a definite food value and are free from adulterants that might be harmful.

It is estimated that the soft drink business has more than doubled in Indiana during the last year, due to the prohibition of the sale of alcoholic drinks. The analyses conducted in state laboratories covered a broad range of samples, of equally varying names, all of which were found within the

provisions of the Indiana label and branding law.

Some of the soft drinks examined contained one thing, the chemists said, and some another, but all include water, a flavor, sugar and carbon dioxide gas.

These four are the basic elements of almost all soft drinks, and particularly of what is known as soda water. In most instances a distilled water is used. With the exception of vanilla nearly all bottled drinks contain an artificial flavoring, which serves to color the

liquid. Many drinks contain the pure acid of the fruits they simulate.

Soft drinks in interstate commerce are under strict federal regulations, but these seldom apply to the sanitary conditions under which they are manufactured. Such conditions are subject to the municipal contracts and where there has been an apparent need of further inspection, following analysis, the

ONLY ONE DRUG STORE IN STATE LISTED BAD BETTER CONDITIONS ALSO FOUND IN GROCERIES. BARNARD REPORT ISSUED

Of the 108 drug stores inspected in July by inspectors in the food and drug division of the Indiana state board of health only one was listed as "bad." Conditions generally among the drug stores showed a marked improvement, it was said by Harry E. Barnard, chief of the division. Ten of the stores were rated "excellent," twenty-four "good," twenty-one "fair" and two "poor." The latter received a time limit in which to make improvements or suffer prosecution, and the one bad store was required to make changes immediately and before continuing business.

Conditions among the 58 groceries inspected also show a betterment, Mr. Barnard said. "There was not a single condemnation," 50 of the stores being rated good, ninety-eight fair and eight poor, while two were rated excellent. In point of sanitation, the owners of the stores rated poor in the case of the drugstore, received a limited time in which to rearrange the business establishment to avoid prosecution.

1,258 inspections.
The monthly report of the inspectors shows 1,258 inspections of all kinds. In addition to the one insanitary drug store, four ice cream factories were condemned and closed pending alterations and improvements. Of the 234 hotels inspected 71 were rated poor, 18 fair, 100 good and 1 excellent. Bakeries and confectionaries inspected totaled 222. Of these 2 were excellent, 120 good, 90 fair and 10 poor. Meat markets inspected totaled 14 and of these 7 were rated good, 2 fair and 5 poor. Not one of the 31 ice cream factories inspected received a rating as excellent. Eighteen were rated good, 13 fair and 2 poor.

Ten boiling plants were examined and of these 5 were rated good and 5 fair. In the latter cases recommendations for sanitary improvements were made.

AKRON MACHINISTS STRIKE

Demand increase to \$1 an hour and forty-four-hour week.
AKRON, O., August 22.—The striking machinists in Akron went on strike today, asking for a forty-four-hour week and wage increase to \$1 an hour, second and third shift men to work forty hours a week and draw pay for forty-four hours. Other demands include a scale of 4 cents an hour for helpers and abolition of bonus and premium systems. Union leaders said that 3,000 men would be affected and that machine work in twenty-four factories practically would cease. Manufacturers were asked that fewer than half that number would obey the strike order. The international Harvester Company, the largest employer of skilled machinists in the city, is not affected, although having been reached at that shop recently. Other employers, it is said, ignored the union demands.

Shipbuilder Back on Job.
BALTIMORE, August 22.—The striking workmen of the Bethlehem Shipbuilding Corporation at Sparrows Point, who walked out several days ago in an effort to enforce a demand that the company discharge a man in bad standing with their union, returned to work today pending an adjustment of their grievances. A committee of the men was in conference with the corporation officials later in the day. Between 3,000 and 5,000 men were out.

Iron Falls on Ankles.
M. C. Williams, colored, 2425 Sheldon street, an employee of the Epperson-Atty Construction Company, which is doing some of the great elevation work at the union station, was injured today when a piece of iron he was moving fell on his ankles. Doctor William Schaeffer and Dalton sent him to the city hospital.

INDIANA BIRTH RATE IS SHOWN TO BE FALLING

STATE BOARD BULLETIN TELLS
"HOW THINGS ARE GOING."

OLD AGE DISEASES GROWING

Twenty-one items setting forth "how things are going in Indiana" as to public health are contained in the recent issue of the monthly bulletin published by the Indiana state board of health. The items touch on everything from a declining birth rate and increase of old age diseases to recommendations for medical examinations twice a year and a comparative showing of per capita expenditures in Indiana for health and life. The list of items follows:

Our birth rate is steadily declining; at the same time the span of life is steadily shortening.
Twenty-seven per cent. of our annual deaths are of babies under age five. Six thousand of them die from preventable diseases annually, and about 5,000 of these are under age one.
Of our 100,000 school children not less than 75 per cent. (75,000) need attention for physical defects and for ill health and disease.
Sanitary and idleness are increasing. Custodial care will not lessen these evils.

Vice Disease Spreads.
Diseases of vice, the most insidious enemy of this and future generations, are spreading rapidly. So far we have lacked the moral courage to openly recognize and fight diseases of vice. Prudence, itself a near vice, prevents.

Suicides are increasing, reaching the enormous total of about 400 annually in Indiana.
More than 300 murders are committed each year in Indiana—almost one every day.

The appalling homicide record is 100 per 1,000,000 population, as against seven in Canada, nine in Great Britain, fifteen in Italy and eight in Japan.
The records of doctors show the important organs of the body are wearing out too soon—the diseases of old age are reaching down into the younger age periods.

The death rate from the degenerative diseases of the heart, blood vessels and kidneys, including apoplexy, has increased more than 100 per cent. since 1900. These diseases claim more than 1,000 lives annually in Indiana, and it is true that fully 60 per cent. of these deaths are preventable.

Periodical health examinations would detect these chronic diseases in time to check or cure them.
All appeals of public health men to the people to submit themselves to mental examinations at least twice a year generally meet with ridicule.

Pneumonia's Harvest.
The loss from pneumonia aggregates 4,000 lives annually in Indiana. A large proportion of pneumonia deaths are due to weakened bodily resistance resulting from excessive and from induced degenerative affections.

Cancer is increasing. We do not know

SQUARE DEAL IS URGED FOR THE WHOLE PEOPLE

INDIANA COMMERCE CHAMBER'S
PROGRAM OUTLINED.
TRANSMITTED TO CAPITAL

The Indianapolis News Bureau.
33 Wyatt Building.
WASHINGTON, August 22.—The Indiana State Chamber of Commerce, through letters written to the Indiana senators and representatives by A. W. McKean, director of extension, has outlined its federal legislative program as favoring a "square deal for the whole American people."

Mr. McKean said that the executive committee and the board of governors of the state organization had directed him to notify the Indiana delegation that:

"They favor the Townsend bill for the organization of a federal highway commission and the establishment of a national system of highways."

Opposed to Plumb Plan.
"They are strongly opposed to the so-called Plumb bill as proposed by the brotherhoods, and especially so in view of the action taken by the same brotherhoods on the Adamson measure in 1916. They believe that labor should have fair wages and good conditions of work. They are opposed to government ownership because it stifles initiative, destroys efficiency and substitutes for wise regulation by law of economic forces an unwise regulation by political influence."

Fair Hearings Urged.
"They urge that the brotherhoods be given a fair hearing, but that the same fairness be accorded to organized farmers, and that bondholders and stockholders as well as the officers of the roads be also given a fair hearing. In other words, they stand for a square deal for the whole American people."

The Indianapolis Board of Trade and other organizations in Indiana have written to the Indiana delegation endorsing the bill for the creation of a federal highway system.

which was approved by Governor Goodrich, said:

"Discussion of the high cost of living and the drive for reduced prices is causing many farmers to hesitate on plans for fall planting of wheat and corn and feeding of live stock. Conferences with farmers indicate sales of fertilizer are slow and much reduced, and that the acreage of wheat will be far below normal unless the present attitude of farmers is changed. The state food committee is considering the problem, and feels that farmers should plan to sow normal acreage of wheat and corn. The committee desires a statement from you on a desirable plan of procedure, and what lines farmers should follow."

It was brought out at a meeting of the food committee this week that any limitations in the production of foodstuffs would only serve to aggravate the present cost of living problem, and according to Professor Christie, the only solution of the problem is to increase production in every line.

Just As Good.

J. F. MATSON, PUBLISHER OF MAGAZINE, IS DEAD

EDITOR OF INSURANCE JOURNAL TWENTY YEARS.

QUIT LAW PRACTICE IN 1888

James Frank Matson, age fifty-five, for more than twenty years publisher of Matson's Monthly, an insurance journal, died today at his home, 439 East Forty-ninth street, after an illness of five months. The funeral will be held at the home Monday morning at 10 o'clock. The services will be private. Mr. Matson was born in Bartholomew county in 1864. He was graduated from the old Hartsville college, and later studied law at Columbus, Ind. He practiced law at Columbus from 1889 to 1890, then until 1892 he was city editor of the Evening Republican of Columbus. In 1892 he moved to Indianapolis, where he started his insurance journal, which was then known as The Policy Holder. Later the name was changed to Matson's Monthly. His editorial reputation, his circulation extending over a considerable part of the country. He was publisher of this journal at the time of his death.

FOUR MEN HELD TO GRAND JURY IN THE CITY COURT

Robbery, Larceny, and Housebreaking Charges Made—One Man Accused of Holdup.

Four men were held to the grand jury today by Acting Judge T. J. Moll following preliminary hearings in city court on charges of robbery, larceny and entering a house to commit a felony.

Joseph C. Hill, of Cincinnati, who was arrested last week by William Dever, the policeman, after Hill had tried to hold up Guy Kestler, proprietor of a jewelry store at 58 Massachusetts avenue, was held to the grand jury under \$500 bond on a charge of robbery and under \$1,000 bond on a charge of entering a house to commit a felony.

Clifford Davis, 131 Sheldon street, who was charged with the larceny of automobile tires and a spotlight, was held to the grand jury under \$500 bond. Davis went "joy riding" in a touring car belonging to Leroy Mansfield, 239 North Madison street, and sold two tires and a spotlight. The car was found two days later in a south side street. The car had been serviced and abandoned.

Big Farm Deals Are Made.

(Special to The Indianapolis News) OXFORD, O., August 22.—Several big deals in Franklin county, Indiana, farm land closed Wednesday, the considerations involving some of the highest prices ever paid for land in that locality. C. V. Clark, of this place, bought the farm of Omar Dore, 16 acres, for \$10,000. Mr. Dore then bought the James Dore place, paying \$30,000 for 197 acres, or \$150 an acre.

Mrs. Roseboom on Library Board.

(Special to The Indianapolis News) ALEXANDRIA, Ind., August 22.—Mrs. Frank Roseboom, wife of a local business man, has been elected a member of the city library board by members of the city school board. Mrs. Roseboom succeeds Mrs. Ralph Bertache on the board, who resigned to become city librarian.

Indianapolis and Vicinity

Brief Notes of the Day.

A large social will be given by the Mother's Club of the Boy's Club Association of the Butler memorial at the clubrooms, Madison avenue and Meridian street, Saturday evening.

Tomk Carbine Aid.

Clara Cochran, age sixteen, a telephone operator, who lives with her mother at 13 North New Jersey street, was sent to the city hospital last night suffering from the effects of a small amount of carbolic acid which she had taken with suicidal intent. Major policeman Drinkwater and Burke, who investigated, were unable to learn the reasons for the girl's attempt to end her life. Physicians at the hospital said her condition is not serious.

Arrest Follows Accident.

John H. Fisher, of Booneville, Ind., was arrested last night on a charge of violating the motor speed laws as a result of an automobile accident at Minnesota and Shelby streets. According to bicycle policeman Shaw and Billings, Fisher's machine, traveling at 15 m. p. h., crashed into a car driven by Albert Allison, 533 East Minnesota street. The occupants of the two cars were not injured.

Moore to Welcome Soldiers.

The Loyal Order of Moose is planning a welcome home celebration Tuesday night for the soldiers of the order. At the same meeting of the order, 500 men entered military service. Most of them have returned home. Ten are still in the service in different parts of the country, but arrangements are being made to have them discharged home for the event.

Petition in Bankruptcy.

A temporary petition in bankruptcy was filed today in the federal court by Martin E. Gordon, a factory laborer of South Bend. The debts are listed at \$14,432, of which the principal part is in a mortgage. The assets are valued at \$12,400, consisting chiefly of real estate.

Arrives From France.

Leo Francis King, son of Mr. and Mrs. Bernard King, 106 East Market street, has arrived in this country from France, where he has been stationed the last two years as an accountant for the Red Cross. He was expected to arrive home this evening.

Claims for Property.

At a meeting of the Rainbow Division Veterans Association of Marion city at the Hotel Severin this evening, a committee appointed to investigate methods of making claims for property of the division lost in France, will report.

Entertainment for Soldiers.

Hart Service, a slight-of-hand performer, entertained soldiers at the speedway aviation meet, under the auspices of the Y. M. C. A. at the post, Thursday night. Yulet numbers were given by Miss Julia Rockefeller, accompanied by Miss Gertrude Rockefeller.

Just Like Home.

(Louisville Courier-Journal) "Where you comfortable on your ocean trip?" "It was just like home. Every time the ship rolled a piece of crockery was broken."

Short Fight.

(Louisville Courier-Journal) "It's a long climb up the ladder of fame." "Yeah." "Yeah." "The new champion the ladder of fame had only three rungs."

Receives Croix de Guerre

BENNETT E. WYON.

Bennett E. Wyon, son of Mr. and Mrs. Elmer Wyon, 1105 North Capitol avenue, has received the Croix de Guerre for bravery in the battle of Cantigny, according to word received by Mr. and Mrs. Wyon from their son. Wyon is a private in the 2d signal field battalion of the 1st division. He sailed for overseas in April, 1918. His battalion was in a number of engagements, but outside of being gassed once, he was not wounded. Mr. and Mrs. Wyon believe he is now on his way home.

Notice of Restraining Order.

Notice of a temporary restraining order was served Thursday by Frank S. Heant, deputy United States marshal, on the Wasson Coal Company, of Vincennes, in connection with a suit filed in the federal court by the O'Garra Coal Company, of New York, against the Vincennes company. The complainants alleged that the Wasson Coal Company is engaged in driving and constructing entrances, tunnels and roadways under the surface of certain coal lands said to belong to the complainants in Saline county, Illinois. The two concerns own adjoining coal land in Saline county.

Consistency.

(Washington Star) "What has become of our anti-tobacco league?" "So many ladies have given their husbands ash trays and cigarette cases for birthday gifts that they felt a little embarrassed about pressing the matter just at this time."

AGAINST INTERVENTION.

Society of Friends Opposed to That Course Toward Mexico.

(Special to The Indianapolis News) RICHMOND, Ind., August 22.—An announcement was made here today at the national headquarters of the Society of Friends Church that a movement has begun, calling on all members of the Society of Friends to send written protest to President Wilson and their members in both branches of the congress against intervention in Mexico. The American Friend, the organ of the church, published in this city, already has given members of the society much information as to the possibility of intervention and showing from the Friends' viewpoint the undesirability of such a course, on the part of the United States.

The session of the Young Friends conference, recently held here, also voiced a protest against intervention in Mexico and all yearly meetings will, it is said, do likewise.

JAPANESE HONOR DANIELS.

Navy Secretary Receives Gift From Oriental Citizens of Hawaii

HONOLULU, August 22.—A delegation of prominent Japanese visited Joseph Daniels, secretary of the navy, here today and gave him two bronze vases. In making the presentation, the spokesman of the party said: "All of us admire the principles of government on which this great nation was founded. Our children born here are granted by your government the rights and privileges of American citizenship. Their sole ambition is to become good, loyal American citizens. We wish to express our deep gratitude for the prosperity, safe keeping and most fair and equal treatment we are enjoying here. We feel exceedingly fortunate at this opportunity to enjoy liberty, equality, justice and American democracy. We are proud our children are being educated in American schools. They are growing into men and women who are determined to lay down their lives, if necessary, for the country of their birth."

Senator Daniels, in his reply, thanked the Japanese and said that he saw in the occasion another symbol of the friendship and amity existing between the two countries.

AVIATION MEET PLANNED.

Aviation Field at Evansville Will Be Formally Opened

(Special to The Indianapolis News) EVANSVILLE, Ind., August 22.—The Graham Brothers' aviation field will be formally opened here Saturday and Sunday, with an aviation meet, in which six or seven planes will take part. Graham Brothers will send several planes and the privately owned machine of John Bredenkamp, of this city, will also compete. The Bredenkamp machine, which was slightly damaged in its first flight last Sunday, has been repaired and is ready to take part. The machine owned by

Bredenkamp is intended for passenger and taxi service, and the first passengers were taken up Thursday.

LABOR PARTY MEETING.

CLEVELAND, August 22.—The national convention of the newly-formed National Labor party will be held in Chicago, Saturday, November 22, with approximately 1,500 to 2,000 delegates, representing several thousand labor organizations from all parts of the country.

try, Max Hayes, chairman of the executive committee of the new party announced here today.

BIG WAGE INCREASE ASKED

Anthracite Miners Also Wish Six Hour Day and Closed Shop. WILKES-BARRE, Pa., August 22.—A 60 per cent. increase in wages, a six-

hour day, a closed shop and a two-year agreement are the principal demands which the anthracite mine workers will submit to the coal operators. These demands were revealed here today when the scale committee reported to the tri-district convention which has been in session all week. The delegates are now discussing the report, which will undoubtedly be adopted.

Fall Styles Now Ready!

I invite every one—rich man, working man, professional man, wage earner—to come to my store and see the wonderful new fall woollens I am showing. There's a style and a price here for every one. I have snappy styles for the younger set and more conservative patterns for the man of business.

Fall Suit Made to Order —AND— Extra Trousers Free

In face of advancing costs and high wages, I will maintain my custom of giving an extra pair of pants free with every suit made to order, for the price of the suit.

MANUFACTURERS

FINE SHOES FOR MEN

ELVENTH AND WASHINGTON AVE.

SAINT LOUIS

August 17, 1919.

Mr. A. G. Brown, Mgr.,
Marott Shoe Shop,
Indianapolis, Ind.

Dear Mr. Brown:—

We are shipping as per enclosed invoice 4,740 pairs, carrying out completely your purchase of our entire floor stock at our St. Louis office.

We have been told it is your intention to retail these shoes at \$6.90 a pair. Surely this would be greatly under price and not much more than half of their retail value according to leather market conditions at present.

Pardon us, for suggesting these shoes should sell up to \$12.00 a pair, a price consistent with the leather market at this time, as leather is daily growing more scarce and higher. It looks as if retailers will have to get \$15.00 a pair for these kind of shoes in a short time, unless leather imports become larger.

If you do sell these shoes as low as \$6.90 a pair, Indianapolis people can forget the High Cost of Living on their shoe purchases, at least to the several thousand of your customers who purchase these shoes of you.

Very truly yours,

LUND-MAULDIN COMPANY.

Thos. J. Mauldin

TLM/AN.

GOT AN EARFUL, TOLD POLICE; RESULT, ARREST

COLORED BOY HELPED PROBE ATTACK MADE ON GIRL.

TELLS EMPLOYER OF CASE

A little "possum" on the part of Jeff Raloff, a small colored lad, led to the arrest late Thursday of one of the four men alleged to have attacked Mary Fraser, rooming at 194 North Meridian street, Wednesday night, after luring her into an automobile at Illinois and Maryland streets. The other three men are being sought by detectives.

The Raloff boy, employed by a manufacturing concern in the Wulfin building, overheard three men talking about a "possum" and, as he termed it, "stuck around for an earful."

"Don't be any nosey," said one of the men as he observed the youngster standing nearby.

Bought a Newspaper.

The boy was unable to hear all the details of the conversation because of being ordered away, but when one of the men pulled a newspaper from his pocket and pointed out the account of the attack the boy hurried outside and bought a paper.

He called his employer's attention to the account of the attack, told him of the conversation and suggested that the police be notified. When motorcycle policemen Hinkle and Bernasconi, who were patrolling the area, saw the boy, they pointed out Charles Borchert, a groceryman at 239 Prospect street, as the man he had heard talking about the attack.

Taken to Headquarters.

Borchert was taken to police headquarters and, after being questioned by Detectives Fields and Coleman, is said to have admitted his part in the attack. He was taken to the city jail and held with criminal intent.

John Carter, colored, age unknown, 414 North 10th place, was arrested Thursday night on a serious charge by patrolman Whitehead as a result of a complaint made by a six-year-old colored girl living in West Seventeenth street.

Two Other Arrests Made.

Louis Manus, age thirty-two, 101 Vineyard street, was arrested late Thursday afternoon by bicycle policemen Seltzer and Lowe, of substation No. 1, as a result of an alleged attack on a nine-year-old girl living in the 322 block in North Gale street. Manus is held on a charge of assault and battery with criminal intent and is contributing to the delinquency of the girl.

A colored man, giving his name as John Henry Thomas, and said to have been connected with the Hingling Brothers and Barnum and Bailey circus, which was in Indianapolis recently, was arrested late Thursday on a charge of vagrancy after he had been surrounded by persons living in the vicinity of West Washington street and Eagle creek. Those who caught the man told sergeant Murphy and said he had been annoying children in that territory.

Funeral of Mrs. Blanche Sillery.

The funeral of Mrs. Blanche Sillery, wife of Fred H. Sillery, 2811 Broadway, will be held at the home Saturday afternoon at 3 o'clock. Mrs. Sillery died Thursday. She was born February 2, 1861, at Chester, O., and was married to Mr. Sillery in Indianapolis, December 25, 1901. The husband and

two children, Bruce and Martha, survive. The following sisters and brothers also survive: Mrs. Romney Wilson, of this city; Mrs. John Rube, of Columbus, O.; Ernest Cox, of this city; and Frank Good, of Marietta, O.

The funeral of Christoph August Schmal, who died Wednesday, was held at the home, 321 East Twelfth street, this afternoon.

PENDLETON GRANGE PICNIC.

Governor Goodrich and L. H. Wright Attend Outing.

Governor Goodrich and L. H. Wright, chairman of the state highway commission, went today to Pendleton, where they will attend a picnic of members of the Pendleton grange and other strangers in the vicinity. Mr. Wright is master of the state grange. The two will address the farmers on subjects of the day. The Governor will not return to his office until Monday.

IN PICTURESQUE COSTUME.

HERMANNSTADT. Transylvania—Ethnographic parades in which the participants are dressed in costumes of 1,000 varieties were some of the picturesque features of the recent visit of King Ferdinand and Queen Marie to Transylvania, formerly part of Hungary, but later conquered by Roumanian troops.

In quaintness, originality and color the parades held in many cities and towns for the benefit of the king and queen hardly could be exceeded. The clothing worn by the peasants had changed but little with the passing centuries. Some looked as though they had stepped out of the Bible.

They wore sackcloth, homespun, leather, wooden shoes, the loose shirt with flowing sleeves worn by the old Romans, leather girdles for carrying weapons, highly colored sashes and shawls, beaded aprons and buckskin moccasins.

Queen Marie was the idol of all. Beside her stood her favorite child, the little Princess Ileana, a prototype of her mother. King Ferdinand was dressed in the uniform of a general.

To a correspondent he said the cheers of the thousands as they marched past compensated him for the trials of the war.

In addition to the parades there were numerous displays representing county fairs in America. Farmers and their wives showered the king, queen and princess with gifts. Those of the queen included rugs, towels, tablecloths, cushions, sashes, shawls, ornaments and crucifixes.

Princess Ileana received all kinds of gifts, including live lambs and rabbits.

THE MINUET IN PAGEANT OF NATIONS

This is the minuet as it will be danced by children from the Garfield park playground this evening at a pageant at Brookside park. The children, dressed in pink and blue costumes, represent France. The leader is Miss Ethel Hughes and Bertha Otte, as Pompadour, is the solo dancer, posed in the center of the circle.

200 CHILDREN TO TAKE PART IN NIGHT PAGEANT

ELEVEN NATIONS ARE TO BE REPRESENTED.

BROOKSIDE PARK THE SCENE

A colorful pageant of nations, in which about 200 children will take part, will be held this evening at Brookside park, under the auspices of the city recreation department. The children are from the various playgrounds of the city and have been training for some time under their leaders for the dances and formations of the pageant. The girls made their own costumes at the playgrounds, the material being provided by the city.

Eleven nations will be represented. The children in costume will do interpretative dances of the nations, with the Indianapolis Military Band, directed by W. S. Mitchell, providing the music. Mr. Walter Jarvis, head of the city recreation department is assisted by Miss Alice Mescall, of the recreation department, in arranging details. S. Barrett, McCormick, manager of the Circle Theatre, has arranged the scenic effects. A dress rehearsal was held Thursday afternoon. The pageant will start at 7:45.

ELKS' HARVEST MOON FAREWELL FOR CONVALESCENTS AT FORT

A Hoosier harvest moon farewell for convalescent soldiers at Ft. Benjamin Harrison, who will leave the fort by September 1, will be given to night by the Indianapolis lodge of Elks, No. 13. A committee, of which Colonel Russell B. Harrison is chairman, is in charge.

The Elks will meet at their clubhouse at 6 o'clock and march to the traction terminal, where they will entrain on special interurbans for the fort. A program, including vaudeville stunts, community singing and a concert by the Indianapolis News Newboys' Band will be given. Following this will come watermelon, pumpkin pie and doughnuts, in quantities large enough to satisfy every soldier's appetite.

The committee in charge is composed of Colonel Harrison, chairman; Governor Goodrich, Mayor Jewett, Frank Houston, W. O. Overstreet, William F. Evans, Orin S. Hack, Harry Klea, Frank E. Painter, Charles A. Bookwalter, J. G. Collieth, William Herschell, George V. Coffin, Barrett S. McCormick, Fred Holloran, Mike Jefferson.

MOVIES FOR BOY SCOUTS.

Reservation Camp Feature Provided by Walter Jarvis.

Moving pictures, provided by Walter Jarvis, of the city park board, are being shown at the campfire each evening at the Boy Scout camp on the scout reservation. The Swartz Electric Company has wired the camp, which makes the movie shows possible. The camp will close Thursday. F. O. Balzer, scout executive; S. L. Norton, assistant, and W. L. Winning and Paul Iske, scoutmasters, have charge of the camp.

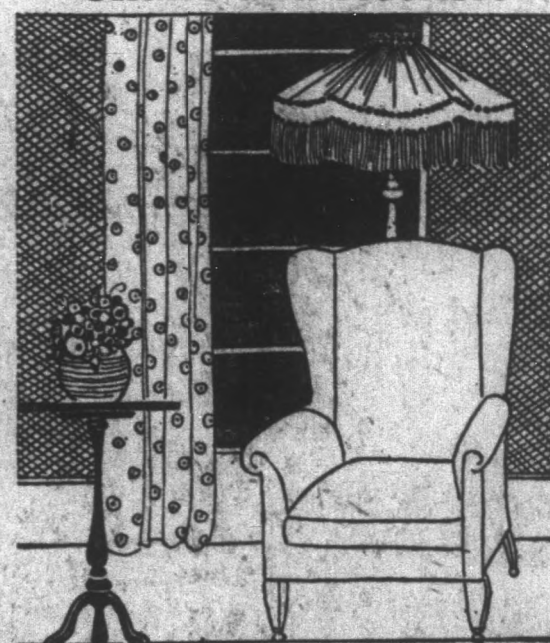

Ravenwood Case Venued.

Robert McGill, justice of the peace at Ravenwood, has sent the case of Herman J. Arens, charged with desertion of the saboteur, to the court of T. Ernest Mahon, justice of the peace. In North Delaware street, Arens was arrested by Frank Schmale, marshal of Ravenwood, when he refused to close his dance hall at Seventy-sixth street and the river front last Sunday.

COTTAGE CHEESE TO BE FEATURE AT THE FAIR

WILL BE SUBJECT AT HOME
ECONOMICS SCHOOL.

PRIZES ALSO TO BE GIVEN

The state fair is going to turn a spot light on cottage cheese in an effort to revive the making of the product as a farm dairy industry, and from the farm spread the popularity of this old-time food to the home tables in cities and towns.

Prizes are to be awarded in the fair's dairy department for the best cottage cheese, for which a contest is being held. The subject of discussion in the fair's new home economics school, which will be attended by sixty or more farm girls from over the state, and the food demonstrators from Purdue university, who will have a large school at the exposition, will hold up cottage cheese as a palatable and economical food which can be made in any home where milk is available.

In Wartime.

Cottage cheese was rediscovered back in the days when "more food" was a wartime slogan. For years before, this dairy product, which had been popular in grandmother's day, had almost passed into oblivion, but the world war jolted the westerners of milk out of their lethargy and awoke them to the fact that cottage cheese as a food, measures with meat, that skin milk that had been going to the waste, and that while it is a source of protein, it is also a source of calcium, and the same quantity of milk will make fifteen pounds of cottage cheese.

New Ways of Preparation.

As the state fair will have perhaps 15,000 or more visitors from all parts of Indiana during the week of September 1, the cottage cheese propaganda will be spread abroad over the Hoosier land. In the fair's schools attention will be given to many new ways of preparing cottage cheese for home consumption. How to make it into cheese soups, cutlets and casseroles, club sandwiches, salads and cakes.

SAYS PUBLIC IS PARAMOUNT

Illinois Manufacturers Would Deny Right of Rail Strike.

WASHINGTON, August 22.—Right of strike would be denied railroad employees under legislation proposed by the Illinois Manufacturers' Association and presented to the house interstate commerce committee by Charles Pies, of Chicago. Provision would be made, however, for an arbitration board, whose findings would be subject only to final appeal to the interstate commerce commission.

"The rights of the public are paramount and therefore interruptions of transportation by strikes or lockouts must not be permitted," declared Mr. Pies. The interstate commerce commission would set up the arbitration board of six members, equally representing the employees, the public and the rail management. The board's findings would be considered by the interstate commerce commission in "determining what shall be reasonable rates."

NICARAGUA IS NEUTRAL.

President Says There is No Interference in Costa Rica.

WASHINGTON, August 22.—The senate was informed yesterday by President Wilson that the United States government was not aware of any armed interference by Nicaragua in Costa Rican affairs and that the state department repeatedly had urged Nicaraguan officials not to make any such interference. The President's message was in response to a resolution by Senator La Follette, Republican, Wisconsin.

Answering another part of the same resolution with reference to why Costa Rica "was not permitted" to sign the peace treaty, though she had declared war on Germany, the President said that the Tinoco government in Costa Rica having never been recognized even in a de facto sense by the United States was considered "legally non-existent" and therefore "not to be treated as a belligerent."

TRIPLE MURDER CHARGED.

Kansas Liveryman Witness to Mute Evidence of Accused Victim's Bones.

ESKRIDGE, Kas., August 22.—Dis-jointed bones of three men today are to be used as evidence against Rufus King, Maple Hill liveryman, suspected of committing three murders.

He was formally charged, yesterday, following a preliminary examination held in a dimly-lighted theater here, where bones identified as those of Reuben Guthall, who disappeared in 1913, were drawn, one by one, from a burlap sack and arranged in skeleton form on the stage before King, the boy's parents and a crowded house of curious spectators.

Manufactured, King was for the most part defiant.

GOVERNMENT CHECKING UP.

Accountants Going Over Books of Seymour Telephone Company.

(Special to The Indianapolis News). SEYMOUR, Ind., August 22.—Four accountants from the offices of the United States wire administration at Washington are checking up the books and records of the Seymour Mutual Telephone Company to compute the basis of compensation which the company will receive during the period that its property was under government control. This is the first telephone company in the United States to be checked, according to L. C. Griffith, president. It is understood that the accountants will continue their work in Indiana.

ATTRACTIVE FAIR NUMBER.

August issue of Indianapolis Trade Journal of Special Interest.

The August number of the Indianapolis Trade Journal, the publication of the Indianapolis Chamber of Commerce, is an unusually imposing volume of sixty-four pages. It carries an attractive cover design heralding the coming of the Indiana state fair and contains a number of special articles of interest to city and rural business men and to the farming communities. Larned McPhetridge, a writer on live stock and farm subjects, and Charles F. Kennedy, secretary of the Indiana state board of agriculture, are among the contributors.

Joyousness.

The world is in a joyous mood with cool air and the return of some day we're going to find that food is cheap enough to eat.

JAP CLEMENS, PIONEER AUTO AND BICYCLE RACER, IS DEAD

Jap Clemens, 651 East Twelfth street, pioneer bicycle and automobile man, known in racing circles from coast to coast, died early this morning at St. Vincent's hospital, following an operation for appendicitis. Clemens was fifty-five years old and leaves a widow and a son, Edward Clemens.

Clemens appeared a number of times as driver in races at the Indianapolis speedway and other courses about the country and for years he was identified with dirt-track racing. In his younger days he was identified with bicycle racing and became prominent as a racer in long distance events. A century run was his favorite pastime. Clemens was one of the first persons in Indianapolis to enter the bicycle business back in the eighties. He established a store and a repair establishment in the first block in Massachusetts avenue and there were few of the many thousands of riders in those days who did not have a personal acquaintance with him.

He was usually skilled as a mechanic and when the automobile came, Clemens lost no time in identifying himself with that game. For years he was connected with the National Motor Car company and it was while there that he entered the racing game. One of Clemens' early feats in auto racing was the establishment of the twenty-four-hour record, which still stands. Clemens drove for twenty-four hours around the dirt track at the Indiana state fair ground. Later he took up automobile racing and for years, when not acting as driver, was pit manager for the companies he represented.

In the early days of the auto he had

JAP CLEMENS.

the reputation of being a daredevil driver, and his many mishaps and smashups, in which he always escaped unscathed, kept him in trouble for violating speed laws. He last appeared as a relief driver for Arthur Klein, three or four years ago. At the time of his death Clemens was engaged in the automobile insurance business.

PRINCE REACHES QUEBEC.

British Heir Apparent Receives Royal Welcome at Old French City.

QUEBEC, August 22.—The prince of Wales reached Quebec shortly before 6 o'clock last evening, for his first visit to the old capital of French Canada. He was welcomed by the strains of "God Save the King," and the boom of a royal salute from guns in the old citadel.

He was greeted by the governor-general of Quebec, and an imposing array of military, civil and ecclesiastical dignitaries. Thousands pressed as close to the royal party as guards would permit. A series of pyrotechnic bombs burst in the air above him at each explosion a flag of one of the allies was unfurled. A squadron of airplanes circled above the royal party.

The wharf on which the prince landed is on the same spot where Samuel de Champlain and his men landed, 300 years ago. Here also George V landed twice, once in 1901,

when he was the duke of York, and again in 1906 as prince of Wales. Other royal personages who have disembarked at the spot where the king's wharf stands were Prince Edward, in 1757, Quebec was decked with a profusion of flags, bunting and oriflammes and in several places on the road leading to the citadel arches of welcome had been erected.

So They Went.

(Louisville Courier-Journal)
"What's at the Picture Palace tonight?"
" 'Around the World,' in seven reels."
"And a cheap trip for 10 cents. Let's go."

WATER OF THE WABASH TRICKLES DOWN BOY

STEAMSHIP TERRE HAUTE
SLIDES DOWN WAYS.

HOOSIERS SEE CEREMONY

(Special to The Indianapolis News)
CHESTER, Pa., August 22.—The steamship Terre Haute, named in honor of the city on the Wabash, was launched at the Chester yard of the Merchant Shipbuilding Corporation, here today, in the presence of a crowd of Hoosiers and former Hoosiers.

The Terre Haute is the third ship built by the Merchant Shipbuilding Corporation to be named after an Indiana city, the first having been the Connersville, and the second, the Indianapolis.

The ship was launched at 10:30 a. m. The launching ceremony was performed with water from the Wabash, contained in a bottle made at the Terre Haute glass plant.

The ship was named after the city of Terre Haute, Ind., and is the largest of the company's fleet. It is 400 feet in length, has a 10-foot beam, and the hull proper is 100 feet in length. It is propelled by two 1,000-horsepower engines, and is capable of making 15 knots. The ship was built at a cost of \$1,000,000.

Hoosier Head of Navy.
In his address, Representative Sanders said:

"I heard a man remark that before the war he had been in the port of Genoa, scattering along the docks ships were there from many countries, Great Britain, France, Germany and others. Among these he saw the very inspiring sight of a vessel bearing the American flag."

INDIANA CONSULS RAISED.

Promotions Contained in Schedule Sent by President to Senate.

(Special to The Indianapolis News)
WASHINGTON, August 22.—The President today sent to the senate a batch of consular appointments and promotions, including the names of several Indiana men. Among them was the promotion of Hugh C. O. Tamm, of Indianapolis, to consul of class No. 8 to consul of class No. 4. This promotion was in recognition of Tamm's work during the last days of the Kerevsky regime. He was one of the last American officials to leave Russia after the Lenin government obtained control.

Other Indiana men promoted were Alfred J. Winkler from consul-general of class No. 8 to consul-general of class No. 4, Rose Hastings from consul of class No. 8 to consul of class No. 5, Carl R. Loop from consul of class No. 1 to consul of class No. 6, and Robert L. Kessler and Charles E. Ashbury from consul of class No. 8 to consuls of class No. 4.

ONE DIED IN BATTLE, OTHER WAS WOUNDED

STORY OF TWO SOLDIERS SENTENCED TO DEATH.

PARDONED BY PRESIDENT

WASHINGTON, August 22.—One of the two American soldiers sentenced to death for sleeping on outpost duty in France and subsequently pardoned by President Wilson, was killed in the great Alsace offensive in July, 1918, and the other was twice wounded and finally honorably discharged.

This is disclosed by an exchange of correspondence between Secretary Baker and President Wilson.

Private D. Sebastian, of Eldorado, Ill., twenty years old, was killed in the Alsace battle. Private Jeff. Cook, of Little Rock, Ark., aged nineteen, was wounded in the same battle, but recovered to fight again gallantly in the Argonne offensive, where he received his second wound.

Story of Gallantry.

In writing the President of the gallant conduct of the boys after the President had pardoned them, Secretary Baker said:

"You will recall that early in 1918 four death sentences were presented to you from France, two for disobedience of orders, one for sleeping on outpost duty, and one for sleeping on outpost duty. You fully pardoned them."

"It is interesting to know that upon restoration to duty both made good soldiers. Sebastian died in battle and Cook was wounded in that battle and returned to health in time to fight in the Meuse-Argonne battle, when he again fought gallantly and was the second time wounded. He has been now restored to health through medical attention and has been honorably discharged from the service."

Redeemed Themselves.

President Wilson, in acknowledging the secretary's letter, wrote:

"Thank you for your thoughtfulness."

In telling me about the records made by Sebastian and Cook, the two young men who were pardoned for sleeping on outpost duty, it is very delightful to know that they redeemed themselves so thoroughly and it was very thoughtful of you to give me the pleasure of learning about it.

ARMY WAGONS FOR SALE.

Bids Will Be Opened at Jeffersonville September 10.

(Special to The Indianapolis News.)

WASHINGTON, August 22.—The surplus property division of the office of the quartermaster-general, war department, is offering for sale under sealed proposals 250 escort wagons at Jeffersonville, Ind., bids for which will be opened at 10 a. m., September 10, by the surplus property officer, zone supply office, Jeffersonville.

These wagons are regulation army type, constructed for heavy service. They weigh 2,100 pounds and have a hauling capacity of 5,000 pounds. The front wheels are 3 feet 8 inches in diameter and the rear wheels 4 feet 4 inches in diameter. The track is 5 feet

wide. The body is approximately 9 feet 6 inches long, 3 feet 4 inches wide, and 27 inches deep, and is provided with flaring removable side boards. The wagons are equipped with elevated seats, pole, whistle trees and brakes complete, and are painted olive drab.

The wagons may be inspected by application to the surplus property officer, zone supply office, Jeffersonville. All bids must be accompanied by bond, certified check or other security acceptable to the government amounting to 10 per cent. of the total bid. Bids may be entered for one or any number desired.

Dublin Police Confiscate Forms and Proofs of Coming Edition.

DUBLIN, August 22.—The Associated Press.—The police yesterday

afternoon raided the offices of the Irishman, the leading Sinn Fein newspaper. The forms intended for this week's issue of the paper and proofs that had been run off from them were confiscated.

Injuries Fatal to Motorman.

(Special to The Indianapolis News.)

SULLIVAN, Ind., August 22.—Henry Graham, age thirty-four, a motorman

at Vandavia mine No. 10, near this city, died Thursday at the county hospital of injuries received when he was run down by a motor, which by mistake he threw in reverse instead of neutral, as he

jumped from it to turn a switch for a string of cars. He was taken to the county hospital and died six hours later. A widow and three children survive.

INDIANS STOP OVER ON
WAY TO PLAY COLONELSHENDRICKS SAYS SLUMP IS
OVER AND THAT TRIBE WILL
GO OVER TOP.

Manager Jack Hendricks and the Indians arrived in Indianapolis this afternoon, on their way to Louisville, where the tribe will open a short series with the Colonels, Saturday afternoon. The team will leave for Louisville Saturday evening. On Sunday night the tribe goes to Columbus for games there, Monday, Tuesday and Wednesday. After games Thursday, Friday and Saturday of next week.

HE'S ONLY 89.

PHILADELPHIA, August 22.—Louis Lewis is the oldest member of the Philadelphia Turners, having reached his eighty-ninth birthday. For thirty-eight years he was physical director at Girard college. Lewis exercises every day, eats moderately, smokes a cigar and takes a glass of beer when he can get it.

Week in Toledo the Indians will return to the home lot, opening with a series with the Colonels Sunday week. Manager Hendricks still is confident the tribe will win the Association pennant. He said the team seemed to be over its slump that caused the loss of five straight games at St. Paul, and that the lead of three and a half games held by the Saints, was not one that could not be overcome.

Last Home Series.
The Indians are three and a half games ahead of the third place Colonels. Two more series with the Saints remain to be played. The next home series of the Indians will be the last of the season here. Following the opening series with the Colonels, the Indians, Miller, Roush and Hendricks will be met in a double at Washington park. Following this the Indians will make the last trip around the west end of the circuit, winding up the season in Milwaukee, on Sunday, September 22.

WINDUP WITH MILLERS.

Indians Clout Hard and Take Shut-out Victory.

MINNEAPOLIS, August 22.—The Indians left last night in a much better frame of mind than when they opened here following their series with the Saints. Yesterday's game went to the Indians, 5 to 0, and it was a easy victory. Apparently the Indians have recovered their old-time dash and they continue without further slumps the team has a good chance to overtake the Saints, who with the Millers, are the far road trip.

The batting of the Indians was the feature yesterday. They piled up thirteen hits, many of them for extra bases, turning in two doubles, a triple, O'Mara got three hits, including a double and Kelly fanned his average with three hits.

Carmen Hill pitched a masterful game, holding the Millers to five scattered singles.

HE HURDLES.

LONDON, August 22.—New Zealand has a hurdler of unusual merit in H. E. Wilson, who won the 120-yard title in recent English track and field sports. He made the event in 15.45 on a wet grass course.

LAST C. A. A. U. SWIMS.

CHICAGO, August 22.—The last batch of Central A. A. U. swimming championships will be held at Edgewater beach tomorrow. The events scheduled are senior fancy diving for men, 40-yard relay, senior men, 40-yard swim, junior men. In all there have been twenty-two Central A. A. U. championships held at Edgewater beach under the auspices of the Edgewater Beach hotel.

33 TURF COURTS.

SOUTHAMPTON, N. Y., August 22.—The Meadow Club here on Long Island, at which the principal stars who will compete at Forest Hills, are playing in the annual invitational tournament, boasts of thirty-three turf tennis courts.

THE REDS' RON RING

HEINIE GROH.

Third Base.

Not since Connie Mack boasted of the \$100,000 infield has there been such a quartet as that which stops base hits behind the Cincinnati hurlers. Groh at third is one of the finest fielders now playing at the far corner and opposite him at the initial sack, Jake Daubert is playing as he did when he first broke into fast company. Rath at second and Kopf at short have improved wonderfully in the last season until there are very few who excel them in the field or at the bat. Such an infield makes pitching easy for the Red twirlers.

JAKE DAUBERT.

First Base.

Not since Connie Mack boasted of the \$100,000 infield has there been such a quartet as that which stops base hits behind the Cincinnati hurlers. Groh at third is one of the finest fielders now playing at the far corner and opposite him at the initial sack, Jake Daubert is playing as he did when he first broke into fast company. Rath at second and Kopf at short have improved wonderfully in the last season until there are very few who excel them in the field or at the bat. Such an infield makes pitching easy for the Red twirlers.

MORRIS RATH.

Second Base.

Not since Connie Mack boasted of the \$100,000 infield has there been such a quartet as that which stops base hits behind the Cincinnati hurlers. Groh at third is one of the finest fielders now playing at the far corner and opposite him at the initial sack, Jake Daubert is playing as he did when he first broke into fast company. Rath at second and Kopf at short have improved wonderfully in the last season until there are very few who excel them in the field or at the bat. Such an infield makes pitching easy for the Red twirlers.

WILLIAM KOPF.

Shortstop.

STATE TENNIS MEET AT FT. WAYNE IS SHORTENED TO SIX DAYS

Entries Pelter in for State Tennis Tourney at Ft. Wayne, to Begin on Monday—Some Changes and New Prizes.

FT. WAYNE, Ind., August 22.—Announcement was made yesterday by the committee in charge of arrangements for the open state tennis championships to be held on the courts of the Ft. Wayne Country Club that owing to the inability of Dr. Charles D. Humes, of Indianapolis, who will referee the matches, to arrive here before Saturday night, the first event, originally scheduled for the morning of that day, will be held over until Monday. The new arrangement will not conflict with the balance of the schedule, however, and the finals will be held on Saturday, August 30, as planned.

The drawing for the first round will be made following the closing of the entries for the men's singles, the time limit for which has been extended to 5 o'clock today night. Later for the doubles and mixed singles will be held on Monday, the same time Monday evening, owing to the fact that many had sent in their entries in the doubles without a partner, expecting to pair up after their arrival. The drawing for the men's singles will be held on Monday night, the same time Monday evening, owing to the fact that many had sent in their entries in the doubles without a partner, expecting to pair up after their arrival. The drawing for the men's singles will be held on Monday night, the same time Monday evening, owing to the fact that many had sent in their entries in the doubles without a partner, expecting to pair up after their arrival.

Bastian Brothers.
Felix Bastian, present holder of the Indianapolis title, a member of the Indiana university team in the "Big Ten" tournament, and now taking part in the Ohio state tournament at Cleveland, which closes Saturday, and his brother, R. E. Bastian, are among the latest to enter the state event here. Both are exceptional players and are expected to finish well up in the running. Professor A. E. Hawk, coach of the Michigan university tennis team, has announced another of the more prominent players to send in their names. He expected to pair with Mr. Mack, another formidable racket player, in the doubles.

The prize for the greatest number of entries from one family is expected to go to the Grahams, as both George and Edie and their sister have signed up for the play, the latter entering the ladies' singles.

Courts Good.
The playing courts on which the competition will take place have received a second treatment of calcium-chloride and are now in splendid readiness for play. Several more days of drying out will place them in a condition assuring fast play throughout.

All tennis enthusiasts in the state who wish to witness the matches will be welcomed by the committee in charge. Special arrangements for the serving of meals and refreshments have been made at the Country Club for players and guests alike. No admission will be charged and all are to be made feel welcome on the dates the tournament is in progress.

Seven Titles in Play
NEW YORK, August 22.—The fact that seven titles will be decided in connection with the thirty-eighth annual championship of the United States National Tennis Association will make the week of August 22 the most important of the season. The courts of the West Side Tennis Club will be the scene of the contests with an international flavor, and of many that will add interest from the age- or youth-of the entrants.

Everybody knows about "the championship," as the singles title is called, for selection in the history of the courts has been as varied and the choice of a champion winner so open. Murray, Tilden, Johnston, Williams, Kinsinger are some of the names that come to mind, and with them must be mentioned Brooks and Patterson, the redoubtable Australians, who are here in an effort to lift the singles, as well as the double crown. Certainly the event will bring out competition of a high order and on the season, to date, it is impossible to pick a winner.

Next general interest will come the ladies and boys tournaments, which bring together the winners of the tennis championships that have been held throughout the country. More than a dozen entries are expected in each class, and single and doubles will be played. Some youngsters from the Pacific coast are expected in the east preparing for their first big test on grass, and the eastern entries also are tuning up in preparation for the matches. The veterans' championship has attracted a good entry, which includes names long since made famous on the courts. Clarence Hout, who won the doubles title as far back as 1909 will take a shot at the championship and some later title holders will play. Among the notable entries is William Henry, an Englishman more than fifty-five years old, who played in many of the important tennis events and also in the north of France. Local interest in the tournament is keen for a number of older generation players in the metropolitan district have entered.

The father-and-son championship will prove even more attractive than last year. Some remarkably strong teams are entered, including the Garlands, of Pittsburgh; the Marryns, of Niagara Falls; the Andersons and Donaldson, of Brooklyn; the Hodges and Hoskins, of Philadelphia; the Chapins, of Springfield; the notable team of the father and son of General C. Van Vleet and his son, Captain R. C. Van Vleet, the father being more than sixty years old, who play the game together and their friends rather expect them to come through.

Brookes vs. Davis.
ROTHAMPTON, N. Y., August 22.—The last match on the Meadowbrook invitational tournament was on the courts today, experts believed, with Norman Brookes, of Australia, matched with Willie Davis, of San Francisco, in the semi-final Charles Garland, Pittsburg, was to meet Lyle Mahan, New York.

RHINE TAKES BACON.
CALDWELL, N. J., August 22.—Sergeant Rhine, U. S. M. C., outlashed more than 500 crack marksmen in the 1,000-yard final stage of the President's match here, winning the title of champion military rifle shot of the United States. His score was 229 in a possible 230.

The champion, who was in 14th place following the first two stages of the match, won his title over the long range during a heavy downpour, which made the target difficult to see. The winner, in addition to the title, received an autographed letter from the President and a gold medal.

SCOTCH AND RYE.

RYE, N. Y., August 22.—The construction of the Rye Country Club here given this historic township the honor of having more country clubs than any other town in the world. There are four organizations here—the Apawamis Club, the Green Meadow Country Club, the Blind Brook Country Club and the Port Chester Country Club.

Amateur BASEBALL.

SATURDAY MOTOR LEAGUE.
National vs. Midwest, Willard, 2:30 p. m. National vs. Rye, Willard, 4 p. m. Premier vs. G. & L. Riverdale No. 4, 2:30 p. m. A. J. vs. Premier, Riverdale No. 4 (two games). Malleable Castings vs. Perry, Riverdale No. 2.

The Sports Motor has accepted the challenge of the Abolition, and they will play at Riverdale No. 7, Stewart, Ogles, Galesburg, Hannan, Adams, Hill, Worley, Morris, Slater, McPadden, Turner please take notice. Telephone for August 22 at Riverdale No. 2.

FIFTY-FIFTY VICTORIES WILL PUT REDS OVER TOP—BOXING NEWS

GRAND CIRCUIT RESULTS

POUGHKEEPSIE, N. Y., August 22.

Five races were on today's Grand circuit card, the National for two-year-old trotters, the 2:20 pace for half-mile track, the Chamber of Commerce 2:06 trot, the Nelson House free for all pace, and the 2:08 pace. The prizes aggregated \$5,000.

Top Geers, the sixty-eight-year-old American and most popular figure ever identified with the sport of harness racing, staged one of the most remarkable performances of his nearly five decades on the turf yesterday, winning four of the five races on the card with out the loss of a single heat.

The 2:20 pace, two in three, stake, \$3,000. The 2:06 trot, two in three, stake, \$2,000. The 2:08 pace, two in three, stake, \$2,000. The 2:06 trot, two in three, stake, \$2,000. The 2:08 pace, two in three, stake, \$2,000.

Chicago A. C. in Charge.
The race is being conducted by the Chicago Automobile Club under an agreement with the Elgin Automobile Road Association. The race is for non-stroke cars, open to any motor car with a piston displacement of 20 cubic inches and under.

The promoters of the race, to protect themselves from the possibility of damage suits growing out of accidents, have insured the public against such mishaps to the extent of \$100,000.

Something like \$5,000 was spent by the promoters to get the course ready for tomorrow's classic. More than 20,000 gallons of oil had been sprinkled on the roads to keep down the dust.

Elgin's first road race was run in 1910 and for five years the classic was made one of the notable events of its kind in the middle west. In 1916, due to the war, the event was called off and this year is a revival of the sport.

BOXING

GRAND CIRCUIT RESULTS

POUGHKEEPSIE, N. Y., August 22.

Five races were on today's Grand circuit card, the National for two-year-old trotters, the 2:20 pace for half-mile track, the Chamber of Commerce 2:06 trot, the Nelson House free for all pace, and the 2:08 pace. The prizes aggregated \$5,000.

Top Geers, the sixty-eight-year-old American and most popular figure ever identified with the sport of harness racing, staged one of the most remarkable performances of his nearly five decades on the turf yesterday, winning four of the five races on the card with out the loss of a single heat.

The 2:20 pace, two in three, stake, \$3,000. The 2:06 trot, two in three, stake, \$2,000. The 2:08 pace, two in three, stake, \$2,000. The 2:06 trot, two in three, stake, \$2,000. The 2:08 pace, two in three, stake, \$2,000.

Chicago A. C. in Charge.
The race is being conducted by the Chicago Automobile Club under an agreement with the Elgin Automobile Road Association. The race is for non-stroke cars, open to any motor car with a piston displacement of 20 cubic inches and under.

The promoters of the race, to protect themselves from the possibility of damage suits growing out of accidents, have insured the public against such mishaps to the extent of \$100,000.

Something like \$5,000 was spent by the promoters to get the course ready for tomorrow's classic. More than 20,000 gallons of oil had been sprinkled on the roads to keep down the dust.

Elgin's first road race was run in 1910 and for five years the classic was made one of the notable events of its kind in the middle west. In 1916, due to the war, the event was called off and this year is a revival of the sport.

at—

For women and misses. Just 100 of them—that we were enabled to get after the most persistent efforts. The blouses are shown in several different patterns—flowing sleeves, tassels at under the arm seams—dainty button trimmings at front. Special **\$5.00** at—

—Second Floor.

Saturday morning sale of
Silk walking SKIRTS
Of navy and black TAFETA

Up to **\$10.00**
qualities, **\$4.95** For women and misses.

For the woman who clings to her well-established liking for skirts and separate blouses, and yet desires a certain "dressiness"—the taffeta skirt was designed. These are well-made—with a grace that only silk can give—and are of an excellent quality of black and navy taffeta. Made on straight lines—with belts and pockets. A few are pleated. \$10.00 quality, special for Saturday **\$4.95** morning.

—Second Floor.

THE LAST DAY
of the sale of our entire stock of
Silk lingerie and silk negligees
At 10% discount

Every woman has an in-born, never-ending desire for plenty of the more intimate apparel of soft, dainty silks. In this sale we offer every woman an opportunity to gratify this desire—for, so wonderful are the savings that prices need no longer keep any one from laying in a supply of silk lingerie and silk negligees.

Fresh, pretty lingerie—beautiful silken negligees that make the rest hours even more enticing than usual—all at reductions of 10%.

THE BASEMENT STORE

Sale of two thousand muslin UNDERGARMENTS

Up to \$2.00 qualities, Sale price, **98c** for women and misses

"Basement wide buying" again makes possible a sale that will bring crowds of women to The Basement Store. Long ago we saw that the prices on cotton were rising, and would continue to do so. That was our incentive to launch this sale—we made preparations for it then by big contracts with prominent manufacturers—large quantities for later delivery.

Now these contracts are filled—we have 2,000 garments of the best quality, new and fresh, to be offered at 98c. If bought on today's market they would retail for \$1.50 and \$2.00.

PETTICOATS FOR WOMEN AND MISSES, of muslin, with deep flounces of eyelet embroidery. Plain or extra duff ruffle.

ENVELOPE CHEMISE, of batiste, muslin and soft crepes. Lace, embroidery or ribbon trimmed. Flesh or white.

NIGHTGOWNS FOR WOMEN AND MISSES, of muslin, slipover style. Lace or embroidery trimmed. Cut full size. Some hand embroidered.

CORSET COVERS, of nainsook, muslin, crepe de chine, Jap silk, etc. Lace, embroidery and ribbon trimmed. Flesh or white.

BLOOMERS FOR WOMEN AND MISSES, of soft crepe, nainsook batiste, etc. Flesh or white.

Up to \$2.00 qualities, sale price, **98c**

Sale of one hundred **Jazz, braided and other CAPES**

NOBLE COUNTY BRIDGE WORK ORDERED STOPPED

ACCOUNTS BOARD FINDS NO RECORD OF CONTRACT.

EXAMINERS TELL OF INQUIRY

James E. Koebach, chief examiner for the state board of accounts, has directed Noble county commissioners to order the Rochester Bridge Company to suspend work on a small bridge across a drainage ditch crossing the Lincoln highway in Noble county.

A. L. Donaldson and Paul Schmitt, civil engineers for the board, reported to the chief examiner that they could not find in county records a showing that the work was contracted for according to law.

Law Pointed Out.

The examiners pointed to the law requiring the county commissioners to file with the auditor plans and specifications for such work from the date of the advertisement of the letting of the contract. The examiners reported: "We find none of the provisions complied with. We find a plan and specifications bearing the auditor's file mark under date of July 15, 1919, which is the same date on which the contract was awarded."

"There is no evidence, so far as appears of record, that any contract has been let for the construction of the bridge," the examiners reported. "A personal inspection of the bridge site has shown that work was begun on said structure."

No Record of Bids.

"We find no record of any bids having been submitted other than that of the Rochester Bridge Company," said William H. Hill, a member of the board of accounts, stated to us that the Rochester Bridge Company had proposed to construct the steel superstructure of the bridge for \$110,000, which is \$10,000 lower than the bid of the Rochester Bridge Company.

The examiners advised the county commissioners to suspend the letting of the contract for the bridge.

Arthur L. Donaldson, chief engineer for the board of accounts, said: "The Rochester Bridge Company, at P. H. Hunter, vice-president, H. G. Miller, treasurer, and Roy E. B. Miller, secretary, according to papers on file in the secretary of state office. They are represented as owning the bridge, and two-thirds of the \$100,000 stock of the company. They, with the exception of Mr. Miller, who lives in Chicago, are given as residents of Rochester."

EXPECTS ARCHDUKE TO LEAVE HIS POST SOON

SUPREME PEACE COUNCIL TO TAKE NO DRASTIC STEPS.

HOOVER FOR STRONG ACTION

PARIS, August 22.—The supreme council of the peace conference expects to hear of the resignation of Archduke Joseph as head of the Hungarian government within a few days. Apparently the council is of the opinion that it is not necessary to take any more drastic steps than those outlined in the instructions sent to the interallied military mission in Budapest Tuesday or Wednesday for delivery to the Hungarian government.

The instructions the council sent forth that it did not regard the government of Archduke Joseph as an enemy, and that it would not deal with it.

Too Mild, Says Hoover.

Herbert Hoover, head of the international relief organization, who has returned from a trip to central Europe, knew of these instructions when he appeared before the council yesterday and believed them to be too mild to bring results. His frank statement was interpreted by the American delegation as being in general accord with the attitude of the council, although it is attempting to accomplish its purpose of Archduke Joseph by methods less heroic than the food director advocates.

NEW HUNGARIAN CABINET

Vienna Reports Archduke as Commander-in-Chief of Army

VIENNA, Wednesday, August 20 (by the Associated Press).—Formation of a new Hungarian cabinet and probable designation of Archduke Joseph as commander-in-chief of the Hungarian army were reported today in government circles.

Baron Sigismund Perenyi, minister of the interior, according to Budapest advice, has been asked to form a new cabinet.

It was said that Count Julius Andrássy, who was minister of foreign affairs in the short-lived cabinet of Mr. Lovassy, would be minister of foreign affairs in the new ministry.

Ukrainians Capture Odessa

LONDON, August 22.—Ukrainian troops have captured Odessa, it is announced by the Ukrainian mission.

The capture was effected after severe fighting north of the city. Bolshevik naval detachments from the Black sea fleet, who were sent in great haste to oppose the Ukrainians, were defeated.

The soviet army on the right bank of the Dniester river, the Ukrainian mission's announcement said, was fleeing, panic stricken, before the forces of General Simon Petliura, Ukrainian commander-in-chief.

Baby Show Big Feature at Greenacres Picnic

(Special to The Indianapolis News)
GREENCASTLE, Ind., August 22.—A baby show, in which every available foot of space was taken up, was one of the biggest features of the Farmers' Association picnic here Thursday.

Three visiting women from Martinsville, who declined to give their names, were judges, and from all reports, they were experts.

Thomas, daughter of Mr. and Mrs. Fay Thomas, as the prettiest baby.

David Wayne Reisch won as the sweetest baby, and Herbert Leon Harnay, son of Mr. and Mrs. Herbert Harnay, received the prize as the best developed physically.

OLD SETTLERS' DAY HELD.

Large Number Attend Annual Meeting at Columbia City.

(Special to The Indianapolis News)
COLUMBIA CITY, Ind., August 22.—The nineteenth annual Old Settlers' day was held here yesterday with several thousand residents and former residents present. The silver loving cups, which are awarded annually to the oldest person present and the oldest continuous resident, were awarded to Mrs. Catherine Noble, age eighty-nine, and Benjamin Egolf, age eighty-one. Mr. Egolf has lived in Whitley county since his birth.

One of the big events of the day was the fried chicken dinner to veterans of the world war, the Spanish-American war and the civil war. About 900 invitations were extended, and between 300 and 400 soldiers responded. The dinner was served in the city hall. A reception and dance were held in the evening.

The victory parade, in which a number of interesting floats were entered, was held at 2 o'clock. A float prepared by the Eberhard Lutheran Sunday school attracted much attention.

Cortney, of this city, was elected president of the association for next year, succeeding H. B. Clugston. The twentieth annual reunion will be held in this city on the third Thursday in August, 1920.

INDIANA DEATHS

BULLIVANT, Ind., August 22.—Oscar Anderson, age twenty-one, son of Mr. and Mrs. Ted Anderson, of New Lebanon, is dead of typhoid fever. The parents, three sisters and three brothers survive. The body was taken to Paxton, Ill., for burial.

WARREN, Ind., August 22.—Mrs. William R. Yarnall, age fifty-six, is dead at her home here following a cerebral hemorrhage. She was born at Booneville and came to this city five years later, where she married William R. Yarnall on June 4, 1882. She is survived by the husband and two children. Mrs. Allen J. Harris, age sixty-three, died at her home in Lafayette Thursday after an illness of several years. The husband and four children survive.

GREENFIELD, Ind., August 22.—Malcolm Hancock, twenty-seven, a rural mail carrier, died suddenly Thursday at the home of Mr. and Mrs. William Carr, in this city. He was unmarried. His wife, a sister and a brother.

MUNTINGTON, Ind., August 22.—Eliana Hermet, age seventy-four, a veteran of the civil war, died suddenly at her home in Warren Thursday. Surviving are the widow, two sons, a daughter, a sister and a brother.

COLUMBUS, Ind., August 22.—Mrs. Lizzie O. Taylor, age forty-nine, wife of Fenelon Taylor, died Wednesday at her home five miles east of here, after an illness of several weeks. Surviving are husband, parents, two sisters and a brother.

MURKIN, Ind., August 22.—Armin Kieckhefer, age ninety-three, a veteran of the civil war, is dead here at the home of Mrs. E. Turner, his daughter. Five daughters survive.

MILTON, Ind., August 22.—Henry Whiteley, age ninety-one, is dead at his home at this city. He is survived by one son, Cyrus Whiteley. Funeral services will be from the home Saturday afternoon.

Whiteley was born in Maryland, the son of Daniel Whiteley, one of the pioneer settlers of this township. He was a life-long member of the Hicksville Friends church and a preacher of the primitive type of Friends.

THREE PERSONS INJURED.

Explosion at the Plant of Victor Photo Company, Griffith.

(Special to The Indianapolis News)
HAMMOND, Ind., August 22.—Three persons were hurt badly yesterday at the plant of the Victor Photo Company, at Griffith, which is near here, when there was an uncontrollable explosion at the factory. They are at St. Margaret's hospital.

Henry Plogh, the superintendent, was burned severely; Miss Vera Wray, his stenographer, suffered bad scalp wounds, and Alvin Lightfoot suffered body injuries. Miss Wray was blown away from the factory. One theory is that flashlight powder, which is one of the products manufactured at the plant, caused the blast. About twenty-five persons are employed at the factory.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots, How to Remove Easily.

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Barely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.—Advertisement.

"BAYER CROSS" ON GENUINE ASPIRIN

"Bayer Tablets of Aspirin to be genuine must be marked with the safety 'Bayer Cross.' Always buy an unbroken Bayer package, which contains proper directions to safely relieve headache, toothache, earache, neuralgia, colds and pain. Handy tin boxes of 12 tablets cost but a few cents at drug stores—larger packages also. Aspirin is the trade-mark of Bayer, Manufacturer of Monocacetic Acid of Salicylic Acid.—Advertisement.

FASHION SAYS: "NO GRAY HAIR"

What would it be worth to you to have your hair restored to that rich lustrous color that you used to be so proud of?

The price would be almost inestimable. Yet Mrs. Graham's Quick Hair Color Restorer will accomplish this at a very small cost. This wonderful preparation is not a dye, but a colorless, harmless liquid that will not stain the scalp or hands and is very easily applied. Sold by Hook Drug Co., Huder's Drug Stores, Watson's Department Store.—Advertisement.

The department of justice ought to hire a farmer's wife to find the eggs. Mrs. Tipton Bud received a can of beans today that had been opened by mistake.

WARREN N. HAUCK DIES; APOPLEXY IS THE CAUSE

JUDGE OF THE OHIO-DEARBORN CIRCUIT COURTS.

HOME AT LAWRENCEBURG

(Special to The Indianapolis News) LAWRENCEBURG, Ind., August 22.—Warren N. Hauck, judge of the circuit court district composed of Dearborn and Ohio counties, died of apoplexy at his home here Thursday afternoon. He was fifty-nine years old and unmarried. Judge Hauck was serving the sixth year of his term and had been ill only a few days. He was graduated from the Lawrenceburg high school in 1875 and the Cincinnati law school in 1883. The body will lie in state in the courtroom here from 1 to 3 o'clock Sunday afternoon, after which funeral services will be held.

PLACES FOR PREACHERS MADE AT CONFERENCE

METHODIST PROTESTANT CIRCUIT SYSTEM PASSING.

NEW SALEM MAN ELECTED

(Special to The Indianapolis News) GREENFIELD, Ind., August 22.—More positions for preachers are being created by the Indiana conference of the Methodist Protestant church, now in its eighteenth annual session at this city. This is making much work for the boundary committee, and the members worked out details of the plans Thursday and today.

The circuit system is passing in Indiana, and the more prosperous churches are demanding all of the time of the pastors instead of the part time allotted under the present system. Poplar Grove and Ellettsburg were made circuits and taken from the old Swazey circuit, each to pay a pastor \$1,000 a year and supply a parsonage.

Separate Stations.

Fowlerston and Pleasant Grove also were made separate stations, the former to pay \$1,000, the latter \$800 a year and each to provide a parsonage. Bethel church, on the Worthington circuit, was another which was made a station. The meeting Friday morning was devoted to committee reports and the business session of the women's missionary societies. At the afternoon meeting of the Preachers' Aid Society, an organization which collects and distributes relief to elderly members of the conference and their families, M. J. Hill, of New Salem, was elected president; Walter C. Williams of Muncie, treasurer, and Lawrence Wood, of Greenfield, secretary.

Laymen Elected.

The board of managers is composed of laymen and the following were elected: Indianapolis district, W. B. Sanders, of Franklin; Muncie district, F. A. Lamphier, of Frankfort; Ft. Wayne district, J. C. W. Wilbur, of Pittsburg, Pa., editor of the church's Sunday school literature; N. J. Shroyer, a chaplain with the army during the war, and now a member of the faculty of Westminster Seminary, Westminster, Md., and J. W. Plouffe, of Pittsburg, representing the publications of the church.

FORMER SERVICE MEN MEET

Pass Resolutions at Marion Asking Civilians to Be Replaced.

(Special to The Indianapolis News) MARION, Ind., August 22.—Resolutions were passed at a meeting of the Byron Thornburg post No. 10, American Legion, held Thursday night, protesting against the employment of civilians in the National Military home and the quartermaster department. It was said that men who had served in the war for the country, and who are well qualified for these positions should be named at once and all of the civilian employees removed.

A committee of six representing the Marion War Mothers attended the meeting and pledged the support of the organization to the former service men in every possible way. The women presented a Bible to the post.

Little Stories of Daily Life

Saved His Head, But—

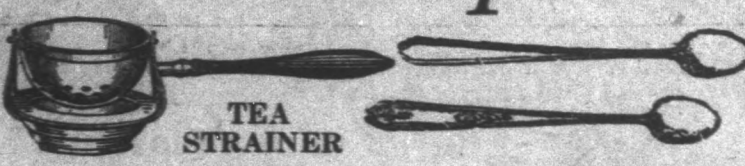

The speaker at a small town commencement was very late. The principal of the school, who is a woman, gave a sign of relief when he entered just as his name was announced. In her introductory speech he told the audience about her feeling of relief. "Why, I was so uneasy that one minute I told myself, 'Oh, if that man will only come I'll fall on his neck and weep my welcome,' and then the next minute I would vow that if he didn't come, I would almost break his head."

Of course the audience laughed. That was expected, but not the comment from a youngster in the rear, who piped up, "You've saved your head, mister, but oh, that neck of yours!"

Greeting of the Season.

A little box that would arouse the curiosity of any one, and the speckled through the mail by Stanley Wyckoff, federal food administrator for Marion county. He opened it rather gingerly, not knowing whether or not the contents were directed against him as a public official. The contents did not prove dangerous. On top was a bit of paper on which was written, "Greetings of the season." Under it was a moly

Ice Tea Spoons

Nickel Tea Strainer, ebony handle, with drip bowl; all in one, each—
