COMMUNIST PLOTS FOUND IN STRIKE

Justice Department Agents Declared to Have Unearthed Russian Connection.

MATTER GOES TO CABINET

Situation Declared to Be Merely a Step Toward Mass Walkout in America.

WASHINGTON, April 14.—Evidence obtained by the department of justice was said today to show that the Russian Communist internationale was undertaking to use the railroad strike as the vehicle for the creation of a mass strike in the United States. Reports from federal agents are said to have disclosed that the Communist party was financing and otherwise aiding the strike through the agency of the Industrial Workers of the World.

Evidence which the department has received was declared to justify the statement that the strike was to be merely a step in the well-known plan of the Communist group, and that the end and aim was a mass strike to be followed by a revolution.

Laid Before the Cabinet.

Reports regarding the Communist internationale's part in the strike were understood to have been laid before President Wilson and the cabinet today by Attorney-General Palmer, but those present persisted in their silence as to what decision had been reached at the cabinet session.

TROOPS ORDERED OUT.

Illinois Militia Sent to Kewanee to End Strike Riots.

SPRINGFIELD, Ill., April 14.—Adjutant-General Dickson today ordered several units of the Illinois reserve militia to Kewanee, Ill., at the request of Sheriff Wilson, of Henry county, who said strike riots had got beyond his control.

DR. J. R. ANGELL CHOSEN.

Elected President and Chief Executive of Carnegie Foundation.

NEW YORK, April 14.—Dr. James Rowland Angell, for many years dean of the University of Chicago, has been elected president and chief executive officer of the Carnegie Foundation, it was announced here today.

Since the death of Mr. Carnegie, the office of president has been vacant.

CHARGE PRICE CONSPIRACY

United States Grand Jurors Indict Carolinans in Bread Advance.

CHARLOTTE, N. C., April 14.—Twenty-four firms and individuals in North and South Carolina were indicted by a federal grand jury here today charged with having entered into a conspiracy to increase the price of bread, the alleged agreement having been made in a meeting held here last January 8.

75 PER CENT. DIVIDEND.

American Tobacco Declares Class B Common Stock Return.

NEW YORK, April 14.—Directors of the American Tobacco Company today announced a common stock dividend of 75 per cent, payable to holders of Class B common stock of record, July 15.

A special meeting of stockholders was called for May 6 to approve the action.

The P. W. Woolworth Company announced stockholders would be asked at the annual meeting May 19 to increase the common stock from $50,000,000 to $100,000,000 and to declare a stock dividend of 30 per cent. at that time.

MARTENS "AN ENEMY ALIEN"

Senate Committee Declares Him to Be German Subject.

WASHINGTON, April 14.—Declaring that Ludwig C. A. K. Martens, self-styled Russian soviet ambassador to the United States, is a German subject, "and in consequence an enemy alien," the senate committee which investigated his case reported today that his activities had been such as to render him more suitable for investigation and action by the department of justice than by a committee of the senate." Martens is now awaiting a hearing by the department of labor on a deportation warrant issued just before the senate committee concluded its investigation.

The committee report was laid before the senate foreign relations committee today.

ARMISTICE IN GUATEMALA.

Proposal Made That President Cabrera Leave Country.

WASHINGTON, April 14.—An armistice between the unionists in Guatemala and forces of President Estrada Cabrera has been signed and the proposal made that President Cabrera leave the country, according to advices today to the state department.

The armistice resulted from a conference requested by both sides at the American legation in Guatemala City, in which the entire diplomatic corps participated. The suggestion that President Cabrera leave the country was made by the Unionist leaders, who guaranteed safe conduct for him and his family.

The Unionist movement was started last week and the capital was captured after street fighting. President Cabrera held forts and hights dominating the place, but did not permit his main fighting force to resist the Unionists when they entered Guatemala City.

Grocer Sells One Lowly Spud for Eighteen Cents

[Special to The Indianapolis News]

MUNCIE, Ind., April 14.—'Tis a far cry from the old-time grocer, who used to place a potato on the spout of his customer's kerosene can as a stopper, to the grocer who sells a single potato for 18 cents. A potato weighing two pounds was sold here by Clarence E. Frees, a grocer, for that amount. It cost him 16 cents, so he believes he is not a profiteer.

Muncie housewives in many neighborhoods have established an "unorganized boycott" on potatoes, and many restaurants have stopped serving them with dinner orders.

101 INDIANA MINES CLOSED

Yardmen's Strike Increases Car Shortage, Operators Say.

[Special to The Indianapolis News]

TERRE HAUTE, Ind., April 14.—More Indiana coal mines were closed today because of car shortage than ever before in the history of the Indiana Coal Trade Bureau, which has its headquarters here, 101 being idle.

Operators say that the railroad yardmen's strike is directly responsible for the increase in the car shortage, which has prevailed for several months. Thirty-seven of the closed mines are on the Pennsylvania railroad; twenty-eight on the Southeastern; sixteen on the Monon; fifteen on the Chicago & Eastern Illinois, and five on the Big Four.

PRESIDENT LEADS IN STRIKE REVIEW

Meets With Cabinet to Discuss Situation Growing Out of Rail Tieup.

PALMER REMAINS RETICENT

Confirmation of Rail Labor Board Delayed Another Day by the Senate.

WASHINGTON, April 14.—President Wilson and his cabinet discussed the railroad strike for more than an hour today and apparently reached some conclusion, but there was no intimation as to its nature. Attorney-General Palmer made this statement as he left the White House:

"It is fair to conclude that the strike situation was discussed but I am not prepared to say what conclusions were reached."

Other members would make no statement, referring inquirers to the attorney-general. Some intimated, however, that a definite decision had been made one way or another as to government intervention.

Goes Directly to His Office.

Mr. Palmer went directly from the White House to his office and immediately summoned for a conference his assistants who have been keeping in close touch with the strike situation.

The President, wearing a business suit, greeted the members of his official family as they were ushered into his study. In opening the session he took a seat behind a big desk and the cabinet officers were grouped in a semicircle in front of him in the order of their rank.

Rear-Admiral Grayson, the President's physician, said the President had enjoyed meeting with his advisors.

"It did him good," declared Dr.

RAIL STRIKE TO CLOSE OVERLAND AUTO PLANT

10,000 WORKERS AT TOLEDO TO BE MADE IDLE.

LACK OF MATERIAL CAUSE

TOLEDO, April 14.—Ten thousand workers at the Willys-Overland plant will be idle tomorrow as the result of the strike of railroad men. It was announced today at the Overland offices that all departments of the plant, except those making the Willys-Knight car and the repair and maintenance departments, would be closed tonight. Inability to get material is the cause.

180,000 IDLE IN MICHIGAN.

Army of Unemployed Due to Rail Strike Continues to Grow.

DETROIT, April 14.—Michigan's army of unemployed, created by the walkout a week ago of railroad switchmen, continued to grow today. Conservative estimates placed the number forced into idleness in various parts of the state at upward of 180,000. Approximately two-thirds of them are out in Detroit.

The seventh day of the strike here found the switchmen and rail heads still far apart. The strikers' ranks gave no indications of a break, and company officials declared that only the railroad labor board at Washington had power to effect a settlement.

Aside from the return of 150 men at Bay City and thirty-five at Ludington, the situation in the state was unchanged. At Flint, where it was reported last night the men were considering a return to work, they were still out today and a spokesman for the strikers declared they intended to "stay out."

The Detroit city council last night re-enacted the ordinance regulating the use of fuel for light, heat and power.

MOTOR PLANT CLOSES; 3,500 EMPLOYES IDLE

STRIKE FORCES MAXWELL FACTORY TO STOP WORK.

SHORTAGE OF MATERIALS

[Special to The Indianapolis News]

NEWCASTLE, Ind., April 14.—After working one day on a half-time schedule, the Maxwell Motor Company here suspended operations entirely today, throwing 3,500 persons out of employment. The insurgent strike of railroad switchmen and yardmen is responsible, the factory being unable to get raw materials and no more finished products. The factory has plenty of coal.

This is the first time in more than five years the factory has been entirely idle, says F. D. Brebner, superintendent. Other industries are feeling the pinch of the strike, but are continuing operations and placing their products in storage.

MUNCIE PLANTS MAY CLOSE.

About 5,000 Men Probably Will Be Idle By Next Week.

[Special to The Indianapolis News]

MUNCIE, Ind., April 14.—Manufacturers in Muncie say that unless the strike of switchmen and yardmen ends by next week 5,000 men in local factories will be thrown out of employment. No yardmen or switchmen here are on strike, but many plants

Continued on Page Three.

INDUSTRY SUFFERS FROM RAIL STRIKE

Thousands Are Idle in Big Plants in West as Result of Shortage of Fuel.

MANY EMPLOYES GO BACK

Freight Traffic Conditions Improve Steadily—Six Held on Charge of Blocking Mails.

CHICAGO, April 14.—Improvement of freight traffic conditions in the central west continued today, with insurgent railroad men returning to work at several points, but the industrial situation in Ohio and Michigan reached a crisis as a result of stoppage of fuel supplies and in the far west, where a dozen passenger trains were reported stalled in southern California, the situation became increasingly serious.

Both insurgent leaders and railroad brotherhood officials said the fight had become a "lingering affair," but the brotherhood men declared the insurgents gradually were losing strength.

Railroads in the Chicago area concentrated every effort on moving freight, and officials said 60 per cent. of the switch engines in the district were operating. The roads announced a further influx of "loyal" switchmen from other cities.

Government Agents on Hand.

Government agents were taking a close check on the strike situation in various rail centers, and at New Orleans eight insurgent leaders arrested last night in a raid on a strikers' meeting were held on federal warrants charging interference with the mails.

Leonard Wood was hastening to Chicago from Boston, where he closed his political speaking tour last night, to resume command of the central department of the army because of the strike situation.

The American Federation of Labor, through its railway department, which represents 700,000 members in eight railroad crafts, placed its stamp of disapproval on the unauthorized strike and urged all members of affiliated organizations to refuse to walk out. Meeting at Kansas City last night, the biennial convention of the organization indorsed President Wilson's appointment to the labor board and declared its belief that labor could confidently expect justice through the law creating the board.

Thousands of Workers Idle.

In Detroit 100,000 factory workers were reported idle and between 40,000 and 50,000 industrial workers in other parts of Michigan had been thrown out of work, with predictions that more men would be jobless by night. The strike situation in Michigan was reported virtually unchanged, with the exception of the return to work of 150 men at Bay City and thirty-five at Ludington.

The industrial situation in Ohio became more ominous today, with more than 100,000 men out of work in Columbus and virtually every coal mine in the state closed. A growing scarcity of food supplies was reported in many cities. A mail train was reported to have been abandoned at Youngstown and the mail returned to the postoffice. Hope of ending the switchmen's strike at Columbus faded when road men voted not to act as strike breakers.

Slight progress was made by strikers, who went out at Cincinnati, the railroads announced.

Coal on tracks at Toledo was being confiscated under a federal court order to maintain operation of street cars and heating and lighting plants. The court ordered that forty cars be confiscated daily. There was no weakening of the strikers' forces in Toledo and several large industrial plants announced that they would be forced to close unless fuel was forthcoming.

Warnings to Travelers.

Several roads reported additional men at work at Cleveland, with some freight moving, but the situation apparently remained virtually unchanged. Warnings to travelers against attempting long trips east, west or south because of possibility of the strike spreading to passenger service were issued by the railroads.

Serious interference with passenger traffic extending to overland trains was reported on the Santa Fe route in southern California. Reports from northern Pacific cities showed continued improvement, however.

Santa Fe officials at San Bernardino, Cal., said "ten or twelve trains were stalled between Barstow and Albuquerque, N. M., and three passenger trains were reported abandoned at Winslow, following refusal of trainmen to work as switchmen.

Five eastbound trains on the Santa Fe, including the California limited, were tied up at Needles and new

COMPANY ASSURES GAS FOR COOKING PURPOSES

PRESSURE TO REMAIN NORMAL AT MEALTIMES.

STREET LIGHT COMPLAINT

Reduction of the gas pressure during the hours between mealtime and increasing the pressure at the time when housewives are preparing their meals, is the system put into effect by the Citizens Gas Company today to prevent a gas famine in Indianapolis. The pressure between meals is reduced to one-fourth of a pound, while during mealtime the pressure is raised to the normal five pounds, thus insuring housewives plenty of gas for cooking, and preventing the use of great quantities for heating.

Some Coal Arrives.

The coal situation showed signs of some improvement today, with arrival of seven carloads from Columbus, O. This is the first coal received by the company from the east since Friday, according to J. Dorsey Forrest, general manager of the company. Twelve cars of fuel oil may be shipped from Lawrenceville, Ill., soon.

Consumption of gas Tuesday was reduced to 8,250,000 cubic feet, or 2,250,000 cubic feet less than normal.

Complains of Street Lights.

Mr. Forrest complained in a letter to the board of public works today that the Welsbach Street Lighting Company of America, which has the contract for the street lighting in Indianapolis, is lighting gas street lights hours before dark each afternoon, and also permitting the lights to burn during the morning. Mr. Forrest said that his company had received many complaints that a number of street lights were on at 10:20 a. m. and at 4 p. m., Tuesday.

The board of works ordered that the local representatives of the Welsbach Company be notified to see that the street lights are not burned during daylight hours.

OUR DEFENSE

VOLUNTEERS KEEP TRAFFIC ON MOVE

Thousands Offer Services in New York to Help in Breaking Rail Strike.

FOOD SHORTAGE SERIOUS

Soaring Prices of Necessities Bring Warning From Federal Officials Against Inflation.

NEW YORK, April 14.—The railroad managers "have the situation well in hand and it is improving," J. J. Mantell, spokesman for the Railroad General Managers' Association, announced following the managers' conference today. He said:

"The 'outlaws' were rushed off their feet and into a delirium. They have reached the stage where they are sick in the head and they are rapidly reaching the next stage, where they will be sick at heart."

NEW YORK, April 14.—Officials of the four big railroad brotherhoods renewed their efforts today to bring to an end the unauthorized rail strikes in this district, while thousands of volunteer railroaders poured in offers of their services to break the traffic tieup, which has paralyzed most of the lines entering New York.

Although first peace overtures were rejected unanimously by the strikers in Jersey City last night, the brotherhood leaders expected to renew their proposal that the strikers return to work and submit their grievances to the new railroad labor board appointed yesterday by President Wilson. They hoped that the action of the Washington strikers in adopting a similar proposal would influence the men.

Answering an appeal by Health Commissioner Copeland, 2,000 strikers from all railroads terminating on the New Jersey shore of the Hudson river, agreed meeting at Jersey City today to co-operate in moving foodstuffs to

RETAIL SUGAR PRICES TO SOAR IN FEW DAYS

JOBBERS PAYING MORE THAN PRESENT SELLING PRICE.

SUPPLY MAY BE RATIONED

Sugar wholesalers who met with Stanley Wyckoff, fair price commissioner for Indiana, this afternoon, said they are now paying from 2 to 4 cents more a pound for sugar than their present selling price of 18.70 cents. An increase in the retail price from the present 20.70 cents to 24 or 25 cents is probable within the next few days, it was said. In other parts of the state jobbers have paid as high as 23.90 cents a pound. After adding the jobbers' and retailers' margins of profit, the retail price for that sugar will be at least 26.65 cents a pound.

Mr. Wyckoff returned today from Chicago, where he has been investigating the sugar situation. He said he has sugar being sold to Indiana jobbers at 23.90 cents Tuesday. Some sugar, he said, went to Indianapolis jobbers at 23.50 cents. When this higher priced sugar arrives, retail price increase will be made.

Mr. Wyckoff wrote the department of justice, today asking authority to form a sugar rationing organization, which will see to it that wholesalers distribute their supply equitably, and also that manufacturers do not get more than their share of the supply.

Mr. Wyckoff pointed out that he can do nothing to prevent the price increases. The only action he can take, he said, is to see that certain margins of profits are not exceeded by Indiana dealers, and that dealers with stocks on hand do not sell this lower priced sugar at prevailing market prices.

FOR SUGAR BEET LABOR.

Secretary Wilson Suspends Mexican and Canadian Restrictions.

WASHINGTON, April 14.—An order has been issued by Secretary Wilson suspending the immigration laws so as to admit laborers from Mexico and Canada "for the exclusive purpose of cultivating and harvesting sugar beet crops in the states of Colorado, Wyoming, Utah, Iowa and Nebraska."

The order was issued, it was said, after the department had been informed that the congress could not act in time to save the sugar beet crop in the western states.

GRANT WAGE INCREASE.

Paper Manufacturers Decide on Advance of 20 Per Cent.

NEW YORK, April 14.—Representatives of eleven of the largest newsprint manufacturing companies in the United States and Canada, at a conference with union officials here today, agreed to grant their employes a general wage advance of 20 per cent. in renewing working agreements for the next year.

The action of the manufacturers, which it is estimated will affect approximately 20,000 workers, is said to eliminate any possibility of a strike. Companies represented at the conference are credited with a combined daily output of 2,000 tons and all are reported running at limit capacity.

CAPITAL STOCK DOUBLED.

Farmers' Trust Company Is Now Capitalized at $200,000.

Notice that the capital stock of the Farmers' Trust Company has been increased from $100,000 to $200,000 was filed with the secretary of state today.

The board of directors of the company Tuesday voted to declare a dividend of $100,000 and use the dividend to double the capital stock of the company. With the old capitalization, there was an undivided profit account of $230,000, and the company now will have a surplus of $130,000.

The officers of the company are Charles N. Williams, president; Thomas J. Wynne, first vice-president; E. H. Forry, second vice-president; Riley E. Smith, treasurer, and Charles E. Lemon, secretary.

THREE GROUPS TO MEET TO END STATE WALKOUT

UNION, "INSURGENT" AND ROAD MEN AT PHILADELPHIA.

SITUATION IS IMPROVED

PHILADELPHIA, April 14.—Railroad officials, union representatives and a delegation of "insurgent" railroad brotherhood men were to meet here tonight for the purpose of settling the strike. This announcement was made today by W. J. Tracey, chief of the bureau of mediation and arbitration of the state department of labor and industry.

Three delegates of the insurgent committee of eighteen representing the groups who have quit work called on Mr. Tracey today and authorized him to arrange a meeting with railroad officials. He at once conferred with W. W. Atterbury, vice-president of the Pennsylvania railroad, and they agreed on the conference. Governor Sproul said today he was hopeful the strikers would be back at work by tomorrow afternoon. He said the state mediator had the situation well in hand, and that he was gratified to know that all the local organizations of the workers and the railroad officials had agreed to a meeting.

Railroads report an improvement in strike conditions in this vicinity today. The Pennsylvania said the operation of the Philadelphia freight-yards was resumed. Fifty engine crews, the usual number, and 140 trainmen, some of them volunteers, reported for work.

To Meet Brotherhood Chiefs

CLEVELAND, April 14.—Following a conference with a committee of striking switchmen, members of the Cleveland Yardmen's Association, A. L. Faulkner, local representative of Secretary of Labor Wilson, acting on orders from Washington, arranged a conference for this evening with W. G. Lee, president of the Brotherhood of Railway Trainmen; Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers, and W. S. Carter, president of the Brotherhood of Firemen and Enginemen.

DECIDED GAIN IN FREIGHT SHIPMENT

Few Switchmen Return to Work and Labor Situation Is Reported Critical.

LABOR BUREAU IS OPENED

Big Four Reports 28 Engines at Work in Yards—Embargoes Removed by Some Roads.

Freight movements on railroad lines serving Indianapolis which have been held back because of the insurgent strike of yard switchmen showed a decided improvement today over Tuesday and railroad officials said that freight in the Indianapolis yards is moving more freely. The labor situation is critical. Several railroads reporting that some of the men who quit have returned to work, and the Big Four railroad opened an office today to engage men to fill the places of the switchmen who quit.

Several informal conferences were held Tuesday and today between railroad superintendents and strikers relative to the return to work of the men but the railroad officials declined to discuss what took place at the meetings. Several of the railroad companies are considering plans to fill the places of the men who have quit.

Powerhouse Men Strike.

Fourteen water tenders, stationary firemen and coalers employed at the powerhouse of the Big Four railroad shops at Beech Grove went on strike at noon when demands for increases in wages were denied by D. J. Mullen, superintendent of transportation. Mr. Mulien told the men that their demands were excessive. The men are members of three unions, it is said. The water tenders, who receive 51 cents an hour, demand 66 cents an hour and the others demand proportionate increases.

The shopmen of Beech Grove, it was announced, will hold a meeting tonight to discuss the labor situation. There are 1,200 men employed in the shops.

The Big Four railroad, which has been accepting only carload ship-

Continued on Page Three.

FEDERAL GRAND JURY IS CONVENED IN THE SOUTH

TO INVESTIGATE NEW ORLEANS "OUTLAW" STRIKE LEADERS.

EIGHT MEN UNDER ARREST

NEW ORLEANS, April 14.—Federal Judge Foster today called a special session of the federal grand jury to consider the cases of eight "outlaw" strike leaders arrested last night by federal agents on charges of interfering with interstate commerce, violating the Lever act, and interfering with the mails. Judge Foster announced the grand jury would be instructed to investigate every possible phase of the strike here.

The arrests, the first made by federal authorities since the strike started in Chicago, were on orders of the United States marshal. Police reserves, special watchmen and deputy United States marshals today guarded property of the Illinois Central. With only about half the regular number of yardmen at work movement of trains was hampered. No other roads were affected.

In his charge Judge Foster said the leaders of any movement to interfere with ordinary commerce or the transportation of the necessities of life were "as guilty of felony as murderers." He quoted several acts of the United States criminal code which he said, had been violated.

MANY DEAD IN BLAST.

Rhenish Prussia Factory Blown Up by Chemical Explosion.

BRUSSELS, April 14.—Two hundred persons are believed to have been killed as the result of an explosion in a chemical factory at Stolberg, near Aix-la-Chapelle, Rhenish Prussia.

LAY PLANS TO CONTROL INDIANA'S DELEGATION

"ALLIES," FOES OF WOOD, MEET WITH WATSON.

HOW THE SCHEME "WORKS"

The Indianapolis News Bureau, 33 Wyatt Building.

WASHINGTON, April 14.—The question of the final selection of Indiana's Republican delegates to the national convention at Chicago was again considered at the office of Senator Watson today. Joseph B. Kealing has frequently been "in" on these conferences, and he was present today. Others of the "allies" who are opposing the nomination of Leonard Wood, and who have been prominent conferees in these gatherings, are John Owen, of Noblesville, chief booster for Watson, in Indiana; Bert Thurman, of New Albany, Third district Republican chairman, and a strong Watson man, and Uz McMurtrie, of Indianapolis, state treasurer.

The result has been, it is understood, that the allies, composed of the boosters of Senator Johnson, Senator Harding and Governor Lowden, together with the Watson and Goodrich forces in Indiana, will go ahead with the plan which was arranged some time ago for the selection of district delegates and delegates-at-large that will be responsive to the suggestions of Kealing, Watson and Goodrich and former Senator James A. Hemenway, who was picked to be one of the delegates from the First district.

Still Another Decision.

However, along with this decision, another was arrived at, it is understood, to the effect that the delegates thus selected shall show their "good faith" toward their constituents by voting on the first two or three ballots for whichever candidate for President gets a plurality in the districts.

The plan is designed to work out to the benefit of the organization. So far as Indiana goes, the plan, it is understood, is to have the delegates, even though they are controlled by the "allies" opposed to Wood, vote for Wood on the first two or three ballots if he gets even the smallest plurality in their districts, although, of course, they would not be bound to do so under the Indiana law unless Wood should get a majority of all the votes cast.

Then the Indiana delegates, having shown their "good faith" would feel free to vote for whom they chose under the plan, and when the old guard meets to select the candidate, after a deadlock on the first few ballots, it would be assured that the thirty Indiana delegates would vote for the candidates that it might select.

The inside talk here is that the Indiana delegates to the national convention were "picked" long ago, but the list is now being submitted to Senator Watson for his final O. K.

Attitude "for" Delegates.

The decision that was reached generally is regarded as a clever one and worthy of the political manipulators who reached the decision. Here is about what hand-picked delegates will be expected to say:

"Under the primary system of Indiana, a delegate is instructed to vote for a candidate that receives a majority of all the votes cast. This I expect to do, regardless of who gets a majority, and although the law does not say so I shall also vote in the convention for the candidate who gets a plurality of all the votes cast, for manifestly a plurality is a mandate on the delegate to vote for the candidate receiving the plurality. I do not say that I shall continue to vote clear through the convention for a candidate that gets a plurality, for, of course, that would be folly, especially if it should become apparent that the candidate who got the plurality in my district stood no chance of being chosen."

ILLINOIS RESULT SEEN AS LOWDEN WEAKNESS

SPLIT DELEGATION VIEWED AS DISADVANTAGE.

WOOD STRENGTH DISCUSSED

The Indianapolis News Bureau, 33 Wyatt Building.

WASHINGTON, April 14.—The supporters here of the several candidates for the Republican nomination for the presidency very generally agreed today that the result of the Illinois primaries would not serve to promote the candidacy of Governor Frank O. Lowden of that state elsewhere.

This comment was based on the understanding that the Governor has lost eighteen or twenty of the fifty-eight delegates from that state. Senators and other men who have had much experience in national conventions were remarking that a candidate who could not go into a convention with the unbroken support of his own state was always at a disadvantage.

Wood Vote in Chicago.

The victory of Leonard Wood in the city of Chicago, in spite of the fact that the local Republican organization under the direction of Mayor Thompson, evidently had supported Senator Hiram Johnson, of California, was the subject of much comment. The Johnson showing in the city of Chicago, according to the information received by the politicians here, represented the extreme radical vote in that city. This meant, it was pointed out, that the great vote of General Wood in the second city of the country represented sane progressiveism.

Among the supporters of Lowden here there was considerable gossip today to the effect that Senator Johnson had not played "fair" in Illinois. There never has been any attempt to conceal the fact that some sort of a working agreement between the old crowd in the party and the followers of Senator Johnson was entered into some time back. Under that agreement it is asserted that Johnson was to have stayed out of Illinois. The Lowden people here do not seem to know whether Senator Johnson himself had anything to do with the organized movement for him in Chicago or whether the responsibility rests entirely with Mayor Thompson.

Old Guard Shows Concern.

In this connection it is interesting to note that the old crowd in the Republican party and particularly the older Republican senators, are showing more and more concern lest Senator Johnson, who up to this point has been encouraged by them, shall get his bridle off, as they put it. They understand that if Mayor Thompson can control eighteen or twenty anti-Lowden delegates in Illinois they will vote for Johnson. The old guard had not intended that Johnson should have any votes in that state.

WOOD WINS COOK COUNTY BY 27,443

Governor Lowden Carries Illinois Republican Primary With Plurality of 64,000.

JOHNSON THIRD IN STATE

About One-Sixth as Many Women as Men Vote, Majority Favoring Two Leaders.

CHICAGO, April 14.—According to latest returns, Governor Frank O. Lowden, of Illinois, won the Republican presidential preference primary in his home state yesterday by a plurality of 64,574 on returns from all but 430 scattered precincts, although Leonard Wood carried Cook county (Chicago) by 27,443. Senator Hiram Johnson, of California, whose name was written on the ballot, polled 45,193 votes including 40,881 in Cook county.

There were no Democratic candidates on the ticket, but a number of names were written in by a few hundred voters.

Wood Percentage Favorable.

Estimating on a basis of percentages, it is shown that Lowden received 52 per cent. of the Republican vote in his state, while Wood received 37 per cent. and Johnson 10 per cent. Leaving the Johnson vote out of consideration and counting only the vote received by Lowden and Wood, it is shown that Lowden received 58 per cent. and Wood 41 per cent.

William Hale Thompson, mayor of Chicago, Republican national committeeman for Illinois, carried every ward except one for committeeman, thereby gaining complete control of the Cook county organization for four years. The vote of Johnson was attributed to Mayor Thompson and to William Randolph Hearst, whose papers supported Johnson.

Latest figures this afternoon in the election of Republican national convention delegates gave the following:

Lowden preference delegates, thirty-four; no preference, sixteen. One of the men who filed as uninstructed has announced he would support Senator Johnson.

Women Against Bond Issue.

While less than half the vote in the state was cast and only a sixth as many women as men went to the polls, feminine thrift added to the pluralities by which four bond issues for $34,000,000 for municipal improvements were defeated in Chicago. On the primary candidates the proportion of women to men was about the same for the two leading candidates but on the bond issues the female percentage ran much higher in the negative vote.

Wood carried McDonough, Alexander and Pulaski counties in addition to Cook, but all the other ninety-eight counties went to Governor Lowden who in the complete unofficial returns gave a majority of 19,381 over his opponents. The Governor got a vote down state that reached a margin of as high as seven to one in one or two counties, bringing him to the Cook county line with nearly 100,000 lead over Wood.

Smaller Women's Vote.

In Chicago, where the bulk of the Johnson vote was cast, it showed a smaller percentage of women than that for Governor Lowden or Leonard Wood. About one-sixth as many women as men voted for the leaders, while the Californian polled only one-seventh as many women as men.

The woman vote downstate for Johnson was not counted separately.

Statements by Mayor Thompson and previous activities by the City Hall machine were the basis for deductions that Johnson's vote in Chicago was due to the Thompson influence. Any hope that had been entertained that the Thompson influence might in some way increase the vote of Wood was dispelled the day before the primaries when Thompson issued a statement in which he said he would favor the presidential candidate who was opposed to universal military training. If there was one candidate whom this definition could

AGREEMENT IS HELD UP BY WEEKLY PAY DEMAND

JOINT OPERATORS AND MINERS COMMITTEE MEETS.

SCALE FOR DISTRICT NO. 8

[Special to The Indianapolis News]

BRAZIL, Ind., April 14.—The joint scale committee of the coal miners and operators of district No. 8, of the United Mine Workers of America, which includes the Indiana block coal field, failed to reach an agreement here yesterday, on a proposed new wage scale, because of the miners' demand for a weekly pay day. The miners made a straight out demand for a pay day every Saturday night which, it is reported, precedes a vigorous fight for a weekly pay day in District No. 11, the adjacent bituminous field. Provisions for a new scale have otherwise been agreed on as follows:

Track layers, $6 a day; trappers, $3.18; bottom cagers, $6; drivers, $6; trip riders, $6; water haulers, $6; timber men, $6; all other inside labor, $6; blacksmiths, $6.30¾, and all other day labor, $5.35 1-5; firemen and night pumpers, 67 1-6 cents an hour.

Miners working a deficient place will receive $6 a day and if using their own tools will receive 20 cents a day extra.

The miners will receive $1.70 a ton for mining screened block coal and a similar price for digging mine run coal. The price for low coal runs from $1.75 to $1.80 and the price for loading is $1.45 a ton in rooms not less than sixteen feet wide where clay is mined from under the coal.

EXPECTS TAGGART AID.

Ohio Man Talks of Chances of Governor Cox.

NEW YORK, April 14.—A nation-wide movement for the nomination of Governor James M. Cox, of Ohio, by the Democratic party has been started and is progressing favorably, according to George White, of Marietta, O., former representative in congress and assistant campaign manager for Governor Cox. Mr. White said that Governor Cox would start with the forty-eight delegates from his own state, where he is unopposed, and the twenty-six delegates from Kentucky, to which Thomas Taggart of Indianapolis has promised to add all or most of the thirty delegates from Indiana.

Mr. White said he regarded William G. McAdoo, former secretary of the treasury, as the man whom Governor Cox would have to beat.

Indiana Towns in Census

WASHINGTON, April 14.—Population statistics announced today by census bureau included:

Washington, Ind., 8,705, an increase of 851, or 10.9 per cent. over 1910.

Greenfield, Ind., 4,165; decrease 280, or 6.3 per cent.

Sullivan, Ind., 4,489; increase 371 or 9.1 per cent.

Plymouth, Mass., 13,032; increase, 891, or 7.3 per cent.

Winston Salem, N. C., 48,395; increase, 25,695, or 113.2 per cent.

Ionia, Mich., 6,935, increase 1,905, or 37.9 per cent.

Port Arthur, Tex., 22,251, increase 14,588, or 190.4 per cent.

Douglas, Ariz., 9,916, increase 3,479, or 54 per cent.

Other reports included:

Bristol, Va.-Tenn., 14,776, increase 1,381, or 10.3 per cent.

Aiken, S. C., 4,103, increase 192, or 4.9 per cent.

Lebanon, Tenn., 4,084; increase 425 or 11.6 per cent.

Swissvale, Pa., 10,908; increase 3,527 or 47.8 per cent.

Williamsport, Pa., 36,198; increase, 4,338, or 13.6 per cent.

East Liverpool, O., 21,411; increase 1,024, or 5 per cent.

Denison, Tex., 17,065; increase, 3,433, or 25.2 per cent.

Plattsburg, N. Y., 10,909; decrease, 229, or 2.1 per cent.

Salem, O., 10,393; increase 1,362, or 15.2 per cent.

AMERICAN SAILORS DROWN

Eight Die in Manzanillo Harbor When Launch Is Destroyed.

HAVANA, April 14.—Eight American sailors were drowned in Manzanillo harbor yesterday, when an explosion set fire to the launch in which they were riding, according to a message to the Cuban war department from Lieutenant Rosillo, stationed at Manzanillo. The name of the ship to which the men belonged and other details of the accident were lacking.

GILLETTE MEN!

You Can Get a 100% Better Shaves

If You STROP Your Blades

The barber strops his razor before each shave. You also must strop your safety blade to get a really comfortable shave.
You can do it easily and quickly with a Twinplex.
100 shaves in one blade.
Improves new blades 100%.

We are headquarters for men's shaving needs and fine cutlery.

RYAN QUITS THE 'CHANGE.

Stutz Head Says Board of Governors Members Have Selfish Interest.

NEW YORK, April 14.—Probability of an airing in open court of the recent corner of Stutz Motor Car Company stock stirred Wall street today, following the resignation from the New York Stock Exchange of Allan A. Ryan, chairman of the Stutz directors, whose overtures for a settlement with the short interests were rejected after the exchange suspended trading in Stutz.

Mr. Ryan's fight against the exchange has served to cement more closely his relations with his father, Thomas Fortune Ryan, which were reported to have been strained for several years. The senior Mr. Ryan said yesterday he admired "the indomitable fighting spirit" of his son and would back him in his controversy with the exchange to the limit of his resources.

Ryan's letter of resignation charged that members of the board of governors of the exchange were interested in firms which were short of Stutz, and that a member of one committee of the exchange was a partner of a firm that was not only short of a large number of the shares, but continued to sell Stutz up to the last moment that trading was permitted. Ryan made public a list of nine members of the board of governors whose firm, he said, were mentioned in Wall street gossip as being short of Stutz, either for themselves or their customers.

The Stutz protective committee organized to represent the short interests has retained Charles E. Hughes as advisory counsel.

REPORT INFLUENZA TESTS

Chemists Say Chlorine Gas May Be Used As Preventive.

ST. LOUIS, Mo., April 14.—Chlorine gas may come into universal use as an influenza preventive in the opinion of members of the American Chemical Society, in session here.

At a conference of the biological section today, members said that tests during the recent epidemic tended strongly to bear out their theory but they agreed that the rapid decrease in the number of influenza cases did not permit conclusive investigations.

The most extensive tests, it was said, were conducted at the University of Arkansas by Dr. Harrison Hale, head of the department of chemistry there. Eight hundred treatments were administered to 184 volunteers, who remained five minutes daily in a room containing a small amount of gas. Only one of them developed influenza, it was said, and in that instance it was believed the case previously had been contracted.

MARKETING FACILITIES CITED AS COST FACTOR

FEDERAL TRADE REPORT INVOLVES HIGH FOOD VALUES.

WAGE RAISES TOO SMALL

WASHINGTON, April 14.—Declaring that the costs of food distribution were too great the federal trade commission today recommended improved marketing facilities and processes at the great consuming centers as a long step toward lowering the high cost of living.

"The movement of food should be made most direct from field to factory," the commission declared in a report on wholesale marketing of food, one of the series in the food price investigations ordered by the President.

Elimination of unnecessary costs and losses in food distribution, the report added, would not only "act as a counter agent in checking disparity in food prices and money incomes but would strengthen the nation's position in its competition for world trade."

Money Incomes Fall Short.

The report asserts that the rapid rise in food prices in recent years is not so significant as "that the money incomes of large numbers have fallen far short of a proportional increase."

"The weekly wage of union organized labor in 1918 bought but 77 per cent. (according to the department of labor) as much food as in 1913. The larger number of service incomes do not fall within this organized group and are much slower to respond to the pressure of a higher cost of living. Moreover, these incomes are for the same reason usually less in amount. It follows that for very large numbers of people receiving relatively small incomes, a week's wage in 1918 was purchasing much less than 77 per cent. of the food it bought in 1913.

38.2 Per Cent. of Income.

"Food absorbs 38.2 per cent. of the average American household's income. It therefore constitutes no inconsiderable part of the wage and salary cost in all production. Of two communities whose products enter the same markets, otherwise equally that one which supplies its working people with food at a lower community cost either will pay its working people a higher real wage or will have a marked advantage in underselling the other through low production costs. Both results may in some measure follow.

"A wise governmental policy toward the food industries may lower production and distribution costs together with the final sales price without proportionally increasing governmental costs, thus reducing the national cost of food."

CONTRACTORS' RELIEF MEASURE HELD INVALID

LAW IS CLASS LEGISLATION, SAYS DECATUR JUDGE.

CONTRACTS MUST BE FILLED

[Special to The Indianapolis News]

GREENSBURG, Ind., April 14.—John W. Craig, judge of the Decatur circuit court, in an opinion announced here yesterday, held unconstitutional the law passed by the last legislature for the relief of road and bridge contractors. The ruling was on a petition of the Davis Construction Company for relief from contracts for the construction of the Zurbrugg and Schulz roads. The case was sent here from Johnson county on a change of venue.

Judge Craig overruled a motion of the plaintiff to strike out a demurrer, filed by the Johnson county commissioners, and then sustained the demurrer. In his decision he held that the law is unconstitutional, because it specifies only road and bridge work, and excludes all other forms of county work. It is therefore class legislation, according to the ruling. The case probably will be appealed.

The relief law was passed because of conditions arising out of the world war. Many contractors were unable to do work during the conflict on contracts already granted them. When the war ended many wished to be relieved of their contracts, because they had been based on a lower scale of prices for material and labor than prevailed after the signing of the armistice. What effect the local ruling will have on several similar cases disposed of by the county commissioners here last year is not known, but it is presumed that their actions will be held as valid and will stand.

In other counties road and bridge contractors filed petitions for relief from contracts, and in many instances they were relieved and the contracts relet.

GOVERNOR COX FAVORS NATIONAL BUDGET PLAN

REPEAL OF EXCESS AND INHERITANCE TAXES URGED.

SPEAKS AT MARION MEETING

[Special to The Indianapolis N

MARION, Ind., April 14.—Speaking here last night on the occasion of the observance of the anniversary of Thomas Jefferson's birthday by the Grant County Jefferson Club, James M. Cox, Governor of Ohio, declared himself to be in favor of the repeal of the federal excess profits and inheritance taxes, providing first for a budget system.

Instead of an excess profits tax, he would provide a corporation tax based on the volume of business. The Governor came out strongly for the rights of states and said he did not believe in centralization of power of the federal government during peace times.

Exponent of State's Rights.

Jefferson was referred to as the firm exponent of state's rights. The speaker said the Republicans long before election would wish they could lose their campaign fund and he did not believe the people were in favor of the purchase of government control. "Profiteering," said Governor Cox, "from which the public now suffers, is the result for the most part of conditions carrying opportunity, if not preference, to one individual or class over another. Quite naturally, therefore, there is universal distrust of the ostensible patriotism from which flows millions of dollars in political contributions."

Speaking of political conditions, the Governor said "the Republican" cinch of a few weeks ago has suffered quite an eclipse and what appeared to be a return of the good old days was but mirage in the skies." He added that "some one is trying to buy a governmental underhold," but mentioned no names.

Candidates for Governor.

Dr. Carleton B. McCulloch, of Indianapolis; Mason J. Niblack, of Vincennes; John Isenbarger, of North Manchester, and J. Kirby Risk, of Lafayette, Democratic candidates for the nomination for Governor of Indiana, also spoke briefly.

Mrs. Alice Foster McCulloch, of Ft. Wayne, Democratic state chairman of women, was indorsed for one of the Indiana delegates-at-large to the Democratic national convention. Mrs. McCulloch was present and received an ovation.

IN BEHALF OF JOHNSON.

Raymond Robins Speaks in Campaign at Terre Haute.

[Special to The Indianapolis News]

TERRE HAUTE, Ind., April 14.—Raymond Robins, whose observation of the Russian Bolsheviks and certain conclusions he reached are more or less familiar, opened the local campaign in the interest of the Republican presidential candidacy of Hiram W. Johnson in a speech at Knights of Columbus hall last night. Many women were numbered in the audience, as well as several Irish Democrats who are known locally for their opposition to the league of nations, and especially to Article 10.

The treaty of Versailles, Robins said, was a treaty of hate and vengeance. Especially is this true, he said, as regards its treatment of the German people, and he referred especially to the turning over of the Saar valley to the French, with its wealth of coal and 10,600,000 Germans.

VOLUNTEERS KEEP TRAFFIC ON MOVE

Continued from Page One.

New York, according to announcement after adjournment.

Public Attitude Aids.

In accepting the offer of college students, former soldiers and citizens to operate trains, railroad officials declared that the attitude of the public would bring the strike to a speedy close.

"It is evident that there is now a thorough understanding that this is an assault upon law and order and not an ordinary railroad strike," said J. J. Mantell, spokesman for the roads.

Twenty-two trains on the Lackawanna & Erie systems were manned today by volunteer crews, and officials asserted that enough men had volunteered to run every train on the lines, but that schedules would not be extended, in the interest of public safety, until the volunteer plan had been tested.

Cheers Greet Volunteers.

Civilian volunteers were drilling in New York and New Jersey terminals and railroad officials said the services of several hundred men probably would be accepted to operate suburban trains.

The first volunteer trains for commuters on the Erie railroad were greeted at stations by crowds waving flags and cheering. On one of these trains Mayor A. F. Wood, of Westwood, N. J., was firing the engine, and the crew consisted of wealthy residents of the New Jersey town.

"The millionaire special" from upper Montclair rolled into the Erie terminal after a forty-five-minute run. The firemen were Richard Sanderson, New York manager of the Baldwin Locomotive Works, and J. R. Quinn, the New England representative of the company. Another Erie crew included Captain Charles Mett, of J. P. Morgan & Co., and Joseph Andress, Jr., son of the vice-president of the Bank of New York.

Mayor Charles H. Martens, of East Orange, N. J., and Frank L. Kramer, for seventeen years national bicycle champion, ran a train from South Orange to Hoboken. All the trains were greeted with shouts of approval at every station.

Commuters from New Jersey to New York boarded the trains equipped with traveling bags, prepared, if necessary, to spend the night in New York.

Ill Feeling Displayed.

There was evidence of ill feeling between strike sympathizers and strikebreakers. At Hackensack, N. J., a man stepped from a train manned by members of an American Legion post, and asked the mother of Albert Scrivens, one of the crew, whether her son was working as a strikebreaker. Told that he was, the man asserted he would "get" Scrivens. He boarded the train again and could not be found.

Although the strikers made gains yesterday, notably by interfering with the commuter service on the Long Island railroad, other roads held their own by maintaining passenger schedules in the face of great difficulties. The freight situation, however, remained chaotic, except for the movement of food and milk trains. The city's supply of coal was said to be 50 per cent. of normal. Health officers said the food and milk situation was serious but not yet critical. Food prices continued to soar and federal authorities issued a warning that arrests would follow the inflation of prices.

First reports during the day indicated isolated movements of strikers to return to work. Fifteen crews of the Pennsylvania, who had gone out, went back to work. Forty strikers on the Central Railroad of New Jersey returned. There were no reports of further walkouts.

The Pennsylvania announced that sixty cars of foodstuffs from Chicago probably would reach the road's New Jersey terminal tonight. It was planned to bring the cars up the harbor on barges. It was announced that fifty-three carloads of dressed beef from Buffalo would be transported on trucks from Westchester, where it arrived today.

Motor Trucks in Use.

Motor trucks were in use by many merchants, and some of these arrived with perishable foodstuffs from Boston and from Camden, N. J. Department of justice agents mingled with the marketers on the lookout for profiteers. President Thomas Wallace, of the New York Fruit and Produce Association, announced that a food crisis would be reached by Friday "unless conditions are alleviated."

The New York, New Haven & Hartford railroad issued a statement that it was "holding its own, with reduced passenger service." The statement said all commuters were being accommodated and freight service had not failed to bring in milk trains.

Violence Is Reported.

The strike, which had been peaceful, was marked by sporadic scenes of violence at Staten Island yesterday. A railroad policeman was beaten, the crew dragged from one train by strikers and shots were fired at an engine driver who refused to stop when ordered. Loyal workers who remained at their posts were jeered and threatened with violence.

Police guards were strengthened at various places today in anticipation of possible trouble.

Mails Bear Burden.

The railway mail service at the postoffice here today reported it was handling a volume of mail greater than at any Christmas time in the history of the department. A tremendous quantity of express and small freight matter has been turned over to the railway mail service from the American Railway Express and the roads.

Wooden freight cars were pressed into service to handle the mail, and nine army motor trucks were used to supplement the ordinary service at Manhattan and New Jersey terminals. Wherever volunteer crews permit operation of suburban trains, mail is being moved, the railway mail service reported.

The postmaster reported that parcel post is beginning to pile up more than at any time since the strike began, but that it is being handled as fast as possible.

NEW ENGLAND HARD HIT.

Nearly Isolated As Far As Rail Traffic Is Concerned.

BOSTON, April 14.—New England was confronted today with almost complete isolation as far as rail transportation of food, coal and raw materials was concerned. The situation caused by stringent freight embargoes on through lines of railroads, due to the strike of railroad workers outside the district, hourly was becoming more serious.

Railroad workers with few exceptions continued today to remain loyal to the lines in this region. Fewer than 200 men are said to be out, all of them in Connecticut.

Strike Vote at Alliance.

ALLIANCE, O., April 14.—Following a mass meeting early today Pennsylvania railroad conductors and brakemen walked out in sympathy with the striking switchmen, tying up all through as well as local freight.

CANTON, O., April 14.—The Canton lodge of railroad shopmen voted last night not to walk out in sympathy with the striking switchmen. Volunteer crews of minor railroad officials were operating ten shifting engines in the Pensylvania yards here today.

Prominent Lafayette Woman Dies.

[Special to The Indianapolis News]

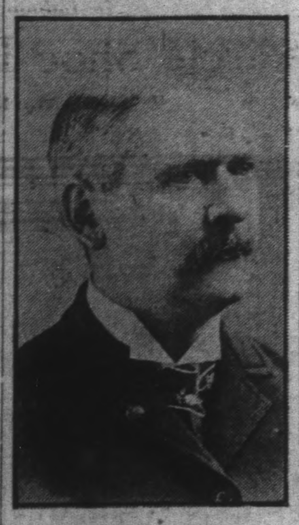
LAFAYETTE, Ind., April 14.—Mrs. Charles R. Underwood, age sixty-four, for many years active in society circles in this city, died today of pneumonia at the family home. For many years her husband was at the head of an insurance bureau in this city. A son and one daughter survive.

INJURIES SUFFERED IN FALL CAUSE OF DEATH

James H. Lowes, Age 75, Was Veteran of Civil War—Burial at Hamilton, O.

James H. Lowes, age seventy-five, died Tuesday night at his home, 2521 Park avenue, as a result of injuries suffered in the afternoon when he fell from a desk in his real estate office in the When building. Death, physicians said, resulted from a fracture of the skull.

Mr. Lowes came to Indianapolis more than thirty years ago and had made preparations to celebrate his twenty-fifth wedding anniversary today. He served as a captain during



JAMES H. LOWES.

the civil war and was a member of the G. A. R. and the Loyal Legion. He is survived by the widow, one son, Hervey Lowes, of South Bend; one brother, William Lowes, of Baltimore, Md.; and two sisters, Mrs. John W. Jones, of New York, and Mrs. Martha E. Williamson, of Indianapolis.

Mr. Lowes enlisted as a private in Company G, Seventy-fifth Ohio infantry, in 1862. Following the second battle of Bull Run, he became ill of fever, and was discharged on account of physical disability. He re-enlisted in Company G, the Seventh Indiana cavalry, in July, 1863, and served until the end of the war, participating in a number of important engagements.

He was familiar with mining conditions in Mexico, and often was sent to that country to make surveys and examinations for promoters and investors. He was a member of the Second Presbyterian church.

The funeral services will be held Wednesday afternoon at the home, and the body will be taken to Hamilton, O., for burial.

PRESIDENT LEADS IN STRIKE REVIEW

Continued from Page One.

Grayson, adding that meeting people was good for Mr. Wilson.

President in Good Humor.

Cabinet officers declared the President had been in excellent humor and had laughed and joked with them. They expect that meetings of the cabinet will be held weekly in the future.

The immediate summoning of the board was one of the matters decided on at the cabinet meeting, it was learned. The President had been informed that Senator Cummins, chairman of the senate interstate commerce committee, had prepared a resolution permitting the board to meet here instead of Chicago, and the President's action was in anticipation of the adoption of this resolution.

Telegraphs Selections.

Soon after the cabinet meeting, the President telegraphed the members of the newly named railroad labor board asking them to come to Washington and be prepared to function as soon as their nominations had been confirmed by the senate.

The cabinet assembled promptly at 10 o'clock. The members went directly to the White House study, instead of the executive offices where cabinet meetings ususally have been held. The full cabinet was present when the President opened the meeting.

This was the first cabinet session called by the President since he became ill last fall and it was the first to be attended by Secretaries Colby, Payne, Meredith and Alexander, who have been appointed recently.

Board Not Confirmed.

The senate today did not act on the nominations of the members of the railroad labor board after discussing the nominations in closed session for nearly two hours, finally deferring action until tomorrow.

Discussion was said to have centered especially around the labor and the public groups, with special inquiry made concerning J. J. Forrester, of the employes' representatives, who is president of the Union of Railroad and Steamship Clerks.

Criticism of the appointees was said to have been bipartisan. Many members sought information as to the identity of the men chosen to sit on the board and as they could not be fully satisfied it was agreed that action should be deferred until more facts were at hand.

Criticised as Not Representative.

Senators said opinion appeared general that taken as a whole the public representatives were not representative of American business interests. Wallace W. Hangar, now member of the federal mediation board, and former Mayor Hunt, of Cincinnati, were said to have been especially criticised.

Some senators were understood to have criticised the whole makeup of the board; Senator Reed (Dem., Mo.) made one of the longest addresses in general criticism.

Senator New (Rep., Ind.), it was understood, also spoke in opposition to the public group, contending that it was not properly representative of the public interests. Among the other speakers were Senators Pomerene, of Ohio, and Myers, of Montana, Democrats, and Brandegee, Connecticut, and Watson, Indiana, Republicans.

Reed Blocks Action.

Senator Reed finally blocked action on the appointments refusing to give unanimous consent for immediate action requested by Chairman Cummins of the interstate commerce committee.

President Wilson was said to have been sharply criticised, both for the personnel of the public group and also for delay in making the nominations. Senator Myers (Dem., Mont.), it was said, especially criticised the President's selection, while Senator Reed led in the demand against hasty action.

Consideration of the strike involved reports to the department of justice indicating a connection between recent activities of I. W. W. agitators and the unauthorized strikes, these being understood to have been laid before the cabinet by Attorney-General Palmer.

While no announcement has been made here as to the government's attitude, the raid of a strikers' meeting at New Orleans last night by dock interests and the resulting arrest of eight alleged strike movement leaders was taken in some quarters as indicative of the course which would be pursued.

The New Orleans raid was made on warrants issued under the Lever act, charging interference with the distribution of essential food supplies, and under federal statutes alleging intereference with the mails.

WOOD WINS COOK COUNTY BY 27,443

Continued from Page One.

not be made to fit it was General Wood.

5,260 Out of 5,690 Precincts.

The figures from 5,260 precincts out of 5,690 in the state, including all 2,443 precincts in Cook county, showed the following results:

Lowden—Men, 190,480; women, 32,502. Total, 222,982.

Wood—Men, 134,665; women, 23,743. Total, 158,408.

Johnson—Men, 35,516; women, 5,365; downstate, men and women, 4,312. Total, 45,193.

Of the district delegates elected to the national conventions, all the Democrats were uninstructed, while thirty-five of the Republicans were pledged to Lowden and fifteen ran as unpledged. One of the unpledged delegates in the Tenth district (Cook county) had announced that he would support Senator Johnson and the other fourteen were adherents of Mayor Thompson. The eight delegates-at-large will be selected at the state convention later.

URGES LEAGUE RESERVATIONS.

Leonard Wood Addresses Undergraduates at Harvard.

BOSTON, April 14.—Leonard Wood addressed a gathering of undergraduates at Harvard University yesterday afternoon. Urging adoption of the league of nations covenant with reservations, he said that if adoption failed "we should still save the machinery."

"The document," he added, "should not go to a general election because it can not be fully understood by the people."

He favored deportation of the discordant element among the aliens, "but not by short-cut methods. They should be given a thorough trial."

General Wood said the United States had "soothed Mexico by a verbal massage for too long" and ought now to take a firm hand there.

Wood's South Dakota Lead.

PIERRE, S. D., April 14.—The complete official count of the vote cast in the general primary election of South Dakota on March 21, as announced by the secretary of state, gives the following figures for Republican presidential indorsement: Poindexter, 1,144; Johnson, 26,301; Lowden, 26,961; Wood, 311,265.

Two for Wood in Tennessee.

CHATTANOOGA, Tenn., April 14.—Republicans of the Third Tennessee district, in convention here, elected two delegates to the party's national convention, instructed for Leonard Wood.

Oregon Woman Out for Congress.

PORTLAND, Ore., April 14.—Mrs. Alexander Thompson, of Portland, prominent in Oregon Democratic circles, has announced her candidacy for the congressional nomination from the Third district.

DECIDED GAIN IN FREIGHT MOVEMENT

Continued from Page One.

ments, has announced that both carload and less than carload shipments will be accepted for local stations only.

The Cincinnati, Indianapolis & Western, which Tuesday, would accept no freight, is accepting carload and less than carload shipments for local stations. The Big Four is also accepting carload freight only for connecting lines which have no embargo against receiving such shipments.

Freight for Chicago, both carload and less than carload, is being accepted by the Monon, also for all local stations and for connections with the Chicago, Milwaukee & St. Paul and the Soo line, which opens the territory into Wisconsin and the northwest. The other railroad companies are continuing to accept freight as previously announced.

More Engines at Work.

Big Four officials said twenty-eight engines were working today, and they expected to better Tuesday's record of handling about 65 per cent. of the normal business of 600 cars. The company's bulletin announcing that all employes who had not reported on their jobs before 7 a. m. today would be dropped from the pay roll was ahered to, and an employment office was opened at 615 Majestic building to fill the places declared vacant.

Congestion of freight caused by the unauthorized strike of switchmen was greatly relieved Tuesday, it was said at the office of B. C. Byers, general superintendent, by the handling of forty-nine freight trains in and out of Indianapolis. This included 1,575 loaded cars and 510 empties, and was regarded as 65 per cent. normal.

Several Trucks Stopped.

Several freight shipments out of Indianapolis by motor truck Tuesday were stopped at various places in the state by township road officials because of the conditions of the roads, according to reports received by Tom Snyder, secretary of the transfer division of the Chamber of Commerce. Mr. Snyder said that he asked Governor Goodrich to call a conference between officials of the Indiana Federation of Farmers' Associations and L. H. Wright, director of the state highway department, to ask township road officials to pass the trucks over the roads where possible during the present transportation emergency. Mr. Snyder said that the Governor told him he is powerless to act and referred the matter to Mr. Wright.

Plea Made to Strikers.

For the first time since the walkout last Friday, the Indianapolis Yardmen's Association, formed by the strikers, today began to adopt a defensive attitude, calling on all loyal members of the association to talk with the switchmen who are beginning to show a willingness to return to their jobs. Speakers at the association meetings in Labor Temple admitted that several of the men had returned and urged all "loyal union men" to stand fast and to "warm up those who are beginning to get cold feet."

This apparent change in attitude followed the prediction Tuesday by Sabbina Wilson, chairman of the grievance committee of local No. 261, and officials of Local 374, Brotherhood of Railway Trainmen, that the men who had quit their work were now thinking for themselves, and were seeing that the method they had adopted could not succeed. The insurgent leaders, however, refused to admit any big defection from their ranks.

Another evidence that the advice given at the headquarters of the official brotherhood has had effect was the bitter feeling displayed by some of the speakers in references to the meetings in the Saks building, where the loyal officials have been conferring with the men. This feeling reached a critical state Tuesday afternoon when leaders of the yardmen's association had difficulty in preventing violence.

Improvement Shown, Hartman Says.

U. D. Hartman, of Richmond, secretary of the general committee of the brotherhood, was in the city during the day advising with local union officials. He said the situation in the middle west showed much improvement and that the men soon will know that their demands can be satisfied only through the regular union channel.

Interest of the strikers centered on a meeting in the afternoon of the women's auxiliary of the brotherhood in the Saks building. It was decided at the association meeting that the strike should not be discussed by the auxiliary and that no men, from either the loyal union ranks or the association, should address the body. A committee to see that this was adhered to was appointed.

More than 2,000 idle switchmen, their wives and sympathizers, listened to talks at Tomlinson hall Tuesday night by leaders in the yardmen's association and the United Enginemen's Association who advised the men to be firm and to refuse to return to wor kunless their demanads were met. The speakers asserted the association was gaining strength and that other railroad employes were in sympathy with the movement.

MOTOR PLANT CLOSES; 3,500 EMPLOYES IDLE

Continued from Page One.

are now running low on both coal and raw materials.

Numerous factories in Muncie, Hartford City, Marion and in smaller towns near here, which get their electric current from the Muncie plant of the Indiana General Service Company, may be shut off next week in order to conserve coal at the electric light plant and to permit domestic consumers to have electricity for lighting purposes.

"It will be impossible to operate our factories here after this week unless the switchmen's strike comes to a speedy end," said Frank C. Ball, president of Ball Brothers' Manufacturing Company, which employs about 1,500 persons. Other plants which may be forced to close soon include the following:

Muncie Products Company, Muncie Malleable Foundry Company, Muncie Gear Company, Indiana Bridge Company, Hoosier Auto Parts Company, Pioneer Pole and Shaft Company, Republic Iron and Steel mill and the Hemingray glass factory.

AT STANDSTILL AT SEYMOUR.

Freight Service Tied Up—Trainmen Idle, But No Strike Expected.

[Special to The Indianapolis News]

SEYMOUR, Ind., April 14.—Freight service on the three railroads entering Seymour was practically at a standstill today because of the yardmen's strike in the principal centers of the middle west.

The Baltimore & Ohio railroad made no attempt to operate freight trains into Cincinnati, although local service was maintained on the Indiana division between Cincinnati and Washington. Local freight schedules were maintained partly on the Pennsylvania lines, but all through service was annulled.

Many local railroad men are idle as a result of the impaired schedules, but none of the local yardmen has quit work, and it is not expected that the strike will extend to this city. A number of Baltimore & Ohio officials have been ordered to Chicago to serve as switchmen while the strike there is in progress

VOTE TO REMAIN AT WORK.

Evansville Local Pledges Loyalty—Agents Are Optimistic.

[Special to The Indianapolis News]

EVANSVILLE, Ind., April 14.—Evansville Local No. 292, Brotherhood of Railway Trainmen, composed of switchmen employed on the Chicago & Eastern Illinois railroad, voted unanimously at a meeting last night to remain at work. Local railroad men say that any overtures made to them to join the "outlaw" strike will be turned down. Switchmen employed by the Louisville & Nashville, Illinois Central, Big Four and other lines here say they will remain at work.

BIG FOUR MEN STILL OUT.

Workmen on Strike at Terre Haute Disregard Company's Warning.

[Special to The Indianapolis News]

TERRE HAUTE, Ind., April 14.—No change was apparent in the railroad situation here today. It is asserted that none of the Big Four switchmen has returned to work, although the company gave notice yesterday that all who did not return by 7 o'clock this morning would be regarded as discharged.

The Chicago, Terre Haute & Southeastern men continued at work, and that road is accepting freight, but does not guarantee delivery beyond its own line. In all the other yards business is being handled, it is said, by emergency crews, together with the regular switchmen and yardmen who are not on strike.

MORE COAL MINES TO CLOSE.

West Virginia Suspension Caused by Shortage of Cars.

CUMBERLAND, Md., April 14.—It was announced at the railroad offices here today that the soft coal mines of the Georges creek region, which have been more active than at any time since the war, would be compelled to close down tomorrow, due to exhaustion of the car supply, following the yardmen's strike.

South Bend Faces Shutdown.

[Special to The Indianapolis News]

SOUTH BEND, Ind., April 14.—Although five carloads of merchandise were shipped out of South Bend on the New York Central lines Tuesday, and as many more were to be sent out of the city today, it is feared that the strike of the rail switchmen will make it necessary for all the big factories of South Bend to suspend operations Thursday or Friday. None of the factories can get any of its consignments through to the city and the situation is the most serious in the history of South Bend.

Danger of a meat famine has been averted by the arrival of a train of meat, principally beef, from Chicago. Local business men and manufacturers are now moving the freight and express from the yards by means of volunteer crews, regular transfer men refusing to work because of a strike of teamsters here.

Men Still Out at Anderson.

[Special to The Indianapolis News]

ANDERSON, Ind., April 14.—None of the sixty-five yard men in the Big Four and Pennsylvania railroad yards returned to work here today. In the Big Four yards a notice was posted that unless the yard men resumed work at 7 a. m. today they would be regarded as discharged. It was said several switchmen who are on strike began work in factories here, and others are seeking new employment. In the Big Four yards one engine was being operated by officials, a temporary crew also was at work in the Pennsylvania yards. It is expected that many factories will be forced to close before Saturday.

Coal Famine at Alexandria.

[Special to The Indianapolis News]

ALEXANDRIA, Ind., April 14.—Unless restrictions on coal shipments to local factories are modified, many manufacturing plants in Alexandria will be forced to close indefinitely as a result of the railroad switchmen's strike. Orders reached the Lake Erie station here today instructing Robert Frank, agent, to hold all coal shipments for the use of public utilities. At the plants of the Alexandria Paper Company, Lippincott glass factory, and both mineral wool factories, the supplies of coal are very low.

Laporte Virtually Isolated.

[Special to The Indianapolis News]

LAPORTE, Ind., April 14.—Laporte virtually is cut off from the outside world in regard to freight service as a result of the switchmen's strike, according to G. A. Kingsley, local agent of the New York Central and Lake Erie & Western. Only shipments that were started before the strike are being received.

Work for Contractors at Gary.

[Special to The Indianapolis News]

GARY, Ind., April 14.—Many of the 300 railroad switchmen here who went on strike for higher wages, are now working for local contractors. They say they are receiving $1 an hour, the amount that is being demanded from the railroads.

Improved at Huntington.

[Special to The Indianapolis News]

HUNTINGTON, Ind., April 14.—With full engine crews working in the Huntington yards last night and switching crews on duty today, the local traffic congestion is slightly improved.

INDUSTRY SUFFERS FROM RAIL STRIKE

Continued from Page One.

strikes were reported at Needles, San Bernardino and Barstow, Cal.

Embargo on Fruits.

Announcement of a stringent embargo on all perishable fruits at San Barnardino caused alarm among growers of oranges and lemons.

At Los Angeles 175 freight handlers and clerks walked out, increasing the seriousness of the freight tie-up.

A meeting of all strike leaders on the Pacific coast was called for today in San Francisco.

Slight relief for freight congestion was reported at Kansas City and at St. Louis the situation was pronounced unchanged. A strike of switchmen on all roads at Wichita, Kas., was set for today. Seventy-five freight conductors and brakemen went out at El Paso, Tex., last night.

LITTLE CHANGE AT CLEVELAND.

100 Men, However, Return to Work on New York Central.

CLEVELAND, April 14.—With the exception of the New York Central Collinwood yards, where 100 striking switchmen returned to work today, and the Erie railroad yards, where 100 men who returned to work yesterday reported again today, according to company officials, all other Cleveland freight terminals were completely tied up.

All the 250 striking switchmen on the Big Four were out today; none of the 500 on the Pennsylvania lines reported for work; the 150 Nickel Plate strikers were still out, as were the 100 on the Wheeling & Lake Erie, railroad company officials said.

Passenger traffic on all lines continued to be about normal.

Officers of the newly formed Cleveland Yardmen's Association today were preparing to send a representative to Washington to lay their case before the newly appointed railroad labor board following the adoption of a resolution at a meeting last night and the disregarding of a recommendation by President Frank J. O'Rourke that the strikers return to work pending the decision of the board on their demand for a hearing.

Heads of the four railroad brotherhoods and the Switchmen's Union of North America, it was said, would protest against the board giving any recognition to what they term an illegal organization.

Several hundred more men were idle in Cleveland steel mills today because of the lack of fuel due to the switchmen's strike.

PASSENGER SERVICE GAINS.

Pennsylvania and Erie Lines Report Situation Near Normal.

PITTSBURG, April 14.—Passenger service on the Pennsylvania and the Pittsburg & Lake Erie railroad, hampered yesterday by strikes of trainmen employed to operate such trains, was brought nearer to a normal basis today when some of the strikers returned to work. The Pittsburg & Lake Erie men voted last night to end their strike, and officials of the road said they expected passenger trains would go out on schedule today.

Officials of the Pennsylvania reported that a majority of the passenger trainmen who struck yesterday had returned to their positions. The Baltimore & Ohio announced that sufficient volunteers were on hand to take out trains.

Reports from all points in the Pittsburg district were to the effect that freight service remained at a standstill, and that the new recruits were joining the ranks of the striking switchmen, conductors and brakemen. Railroad officials, assisted by office employes and volunteers, were at work in the yards in an effort to relieve congestion and keep shipments of foodstuffs moving.

CONVENTION PLANS MADE.

Carpenters and Joiners' Executive Committee Ends Session.

Details of the plans for the next quadrennial convention of the United Brotherhood of Carpenters and Joiners of America, to be held in Indianapolis beginning September 20, were worked out by the general executive committee, which has closed its session in Indianapolis. The meetings will be held in the Athenæum and about 600 delegates are expected, according to William L. Hutcheson, president.

In addition to the convention plans the committee acted on working agreements between local unions and contractors in many cities. Satisfaction was expressed with the general situation, and little difficulty in obtaining increased wages for workers was reported. Although the committee took no official action in regard to the switchmen's strike, discussion of the matter brought out that the officials were opposed to any insurgent action against organized labor such as the strike appeared to be.

CONTRACT FOR INSANE.

Indiana and Iowa Agree to Return Nonresidents to Home States.

Through the board of state charities a contract has been arranged between Indiana and Iowa for the return of nonresident insane persons to their respective states. Contracts are in effect with Wisconsin and California. The Indiana law, providing for the deportation of dependents who have not a legal settlement in this state, provides for such contracts. Such persons will be transferred near their homes and relatives. Under the operation of the law the saving to Indiana has been considerable, several times its cost.

VOTERS' LEAGUE MEETING.

Will Decide Plan of Transferring Franchise Membership.

The organization meeting of the Indianapolis League of Women Voters Friday afternoon in the Chamber of Commerce will decide on a plan for transferring membership from the Indianapolis Franchise League to the new organization. The question of dues will be decided also and officers will be elected.

Miss Julia Landers will speak on "The Plan of a Citizenship School" at the Tenth ward school of citizenship Friday evening at 8 o'clock at the Prospect street school of music. Mrs. L. E. Lysle is ward chairman. Saturday afternoon at the Third ward school at the home of Mrs. Ira M. Holmes, Robert E. Tracy will talk on "Local Government," and Miss Natalie Smith will have charge of a "stunt", which will demonstrate some form of the executive department of city government.

AUDUBON SOCIETY MEETING

Martinsville to Be Host to State Organization May 20-22.

The Indiana Audubon Society will hold its annual meeting at Martinsville May 20-22, as the guest of the public schools and citizens of Martinsville. Officers of the society in charge of the arrangements are Prof. M. L. Fisher, Purdue University, president; Dr. Stanley Coulter, Purdue, chairman of the executive committee; Frank C. Evans, Crawfordsville, secretary.

Local arrangements are in the charge of Mrs. Virge Prewitt, chairman, and Willis Holiman, superintendent of schools at Martinsville.

CORNELL MEN SUCCEEDING

Nearly Half of City's Quota of $75,000 Has Been Subscribed.

Nearly half of the quota of $75,000 assigned to graduates of Cornell University living in Indianapolis in the semi-centennial endowment campaign for the university, has been pledged, according to announcement by Nicholas H. Noyes, chairman for Indiana. A total of $34,000 has been subscribed by twenty local alumni. The largest subscription was $8,000.

The state quota is $125,000. Mr. Noyes is being assisted by John S. Kittle, Anton Vonnegut, Robert Rhodes and Clarence Sweeney in raising the money.

BUTLER COLLEGE NOTES

Delta Tau Delta will give its annual dinner dance at the Indianapolis Country Club on May 24.

Sigma Chi announced the initiation of Louis Hensley, of Greenfield; Glenn Keach, of Seymour; Mason Layman, of Spencer; Paul Spohr and John Q. Byram, of Indianapolis.

Miss Gladys Lewis, '20, of Martinsville, and Miss Talitha Gerlach, '20, of Indianapolis, are representing the Butler Y. W. C. A. at the national Y. W. C. A. conference in Cleveland this week.

Discussion of the report of the special undergraduate committee of twenty-five, proposing a number of changes in the constitution of the committee of affairs, was begun Tuesday in chapel by the entire student body. Herman J. Sheedy, '20, of Fairmount, chairman of the committee, is presiding. House rules were adopted and the general report was read at the Tuesday meeting. The report will be considered in sections.

Success of the all-Butler mixer held in the home economics building last Thursday has prompted the Women's Faculty Club, which is giving the teas, to plan another for April 29. Mrs. Fred Lumley and Mrs. James W. Putnam will have charge of this tea. Mrs. Elijah Jordan, Mrs. Thomas Carr Howe and Miss Evelyn Butler, hostesses at the last affair, were assisted by Margaret Rose, Gladys Lewis and Lois Blount, Butler senior coeds.

The new Y. W. C. A. cabinet is: Louise Cossey, president; Gladys Wamsley, vice-president; Ruth Craig, secretary; Margaret Bruner, treasurer and chairman of the financial committee; Cleon Headrick, undergraduate and field secretary; Ruth Bales, chairman of the fellowship committee; Eliza Fike, chairman of the community service committee; Aldeen Sears, chairman of the social committee; Rosalie Deardorff, chairman of the Geneva committee; Martha Hawkins, chairman of the publicity committee; Florence Stanley, chairman of the room committee.

INCREASE IS OBTAINED.

Stage Workers Present Demand—Carpenters Out at Goshen.

[Special to The Indianapolis News]

GOSHEN, Ind., April 14.—With the arrival of a large theatrical company here today, union stage employes at the Jefferson theater demanded 60 cents an hour for their services. Oscar Hansen, manager of the theater, granted the demand to prevent a strike.

Sixty union carpenters have been on strike here for ten days, demanding 85 cents an hour, time and a half for overtime, double time for holidays and a fifty-hour week. Seven contractors, who are affected by the strike, assert they will suspend work on all buildings under way before they will yield to the demands.

Returns Fourteen Indictments.

[Special to The Indianapolis News]

GREENSBURG, Ind., April 14.—Concluding an investigation of theft cases and other alleged law violations the Decatur county grand jury late yesterday returned fourteen indictments. The grand jury has been in session nine days and more than 100 witnesses were examined. An affidavit filed in the Rush circuit court naming seven defendants, all of this city, charged with conspiracy to rob and steal from Rush and Decatur county citizens, led to the legal investigation.

To Collect $15,000 Debt.

Ele Stansbury, attorney-general of Indiana, will go to Kansas City, Mo., tomorrow to look into the collection of a $15,000 debt the state holds against Timothy O'Neil. O'Neil formerly lived at Versailles, Ill., and in 1914 bought $15,000 worth of binder twine from the State Prison. He has never paid for it. Mr. Stansbury will go on to Denver, Colo., to take a deposition in a $1,500 judgment case against the food and drug division, state board of health, case of Smith vs. McAbee. He will be absent from his office about ten days.

Former Hoosier to Be Named.

Word has been received from Frankfort, Ky., that John W. Carr, at one time superintendent of public schools at Anderson, Ind., is to be appointed director of physical education in Kentucky. Mr. Carr is now president of the American Physical Education Association, of Springfield, Mass. He was with the Anderson schools about ten years ago and later was superintendent of schools at Dayton, O., and at Bayonne, N. J.

'Twont Be the Same With Old Denison Gone

To the Editor of The News:

Sir—What are we going to do, those of us who have been happy, care-free chair-warmers at the Denison hotel for so many years, now that our temple is to be closed next Saturday? Has anybody thought of us and our peace of mind in planning this cruel closing? What did we care if, as time rolled by, the leather of the comfortable chairs in the lobby gradually wore out by our constant sitting, and some of the horsehair stuffing peeped out. There were still plenty of cuspidors, and our variegated discussion of politics and religion was still untrammeled. Many, many times has the fate of the Democratic party been settled in the Denison lobby among the lounging elect. No more will we experience those good old days when there was a psychic stir among us when our intuition had told us Thomas Taggart had arrived from French Lick, and was in a room upstairs. From now on T. T. probably will stay at the Claypool. But it won't be the same T. T., if we have to greet him there. Then, how can we talk religion or Democratic fate in such places as the Claypool or the Severin? Truly, the good old days are gone.

OLD DENISON LOUNGER.

MAY LOSE SIGHT OF EYE.

Anderson Teacher Injured When Curling Iron Slips.

[Special to The Indianapolis News]

ANDERSON, Ind., April 14.—Miss Ernestine Porcher, a native of France, instructor in French, in the Anderson High School, may lose the sight of her left eye because of a burn inflicted on the eyeball when a curling iron slipped from her hand and struck her eye Tuesday. Specialists said the burn is serious, and that some time will be required to determine whether or not the sight is impaired.

SUBSTITUTE PEACE PLAN.

McCumber to Bring Up Resolution at Committee Meeting.

WASHINGTON, April 14.—A substitute for the Republican joint peace resolution adopted last week by the hcuse was introduced today by Senator McCumber (N. D.), leader of the Republican mild reservationists in the peace treaty fight. He announced that he would bring it before the special meeting of the foreign relations committee called for tomorrow to consider the house resolution.

ELECTION BOARD RULES ON DISPUTED QUESTIONS

POINTS COVERED IN FORMAL STATEMENT.

WOMEN ARE NOT QUALIFIED

Formal rulings have been issued by the state board of election commissioners on a number of points raised in connection with the coming elections. They are:

Women may not be delegates to the state conventions. They may not be candidates for county office. They are not electors, and, therefore, are not qualified for the places.

When a precinct has been divided and there is no declaration of candidacy by a person within the new precinct the county committee shall appoint the candidate.

All township officers appointed to fill vacancies shall serve until the 1922 election, because there are no township elections this year.

Names of candidates for President, Vice-President and state offices are to be placed on ballots, even if they have no opposition. Where there is only one candidate for nomination in any subdivision of the state, the election commission shall certify the name of such candidate as though nominated.

The "next preceding election" provision of the 1913 corrupt practices act is determined to be the 1916 election for all four-year offices, and the 1918 election for all two-year offices.

M'CRAY IN PIKE COUNTY.

Says High-Handed Methods Are Being Used in Campaign.

[Special to The Indianapolis News]

PETERSBURG, Ind., April 14.—Warren T. McCray, the first Republican candidate for the nomination for Governor to visit Pike county, said in a speech at Otwell yesterday that "certain Republican politicians in Indianapolis are using high-handed methods to force desertion from the ranks of his followers and from the E. C. Toner ranks in favor of James W. Fesler." He condemned the methods as autocratic.

Mr. McCray was met by a large number of Republicans when he arrived here from Evansville yesterday. He held a reception at the Fleming hotel and then left for Otwell. The candidate also spoke at Winslow and returned here last night for an address at the Courthouse. W. H. Hufford, manager of the McCray campaign in Pike county, presided.

OVERALL CLUBS FLOURISH

Many Southern Cities Join Fight on High Clothing Prices.

ATLANTA, Ga., April 14.—Organization of overall clubs continues in the south as a protest against the high cost of clothing. John A. Manget, chairman of the Georgia fair price commission, today called on citizens of Atlanta to organize an overall club. He announced that he had placed an order for 3,000 pairs of overalls to be supplied members at wholesale prices.

At Greenville, S. C., many business and professional men today appeared in overalls. An overall club of 200 members was organized at Pickens, a small town near Greenville.

At Columbia, S. C., every member of the student body at the University of South Carolina has agreed to wear overalls until "such time as the prices of clothing reach a reasonable figure." The Glee Club will discard evening dress in favor of denim on its concert tour.

At Richmond, Va., 1,500 men have joined the "old clothes and overall club" organized by the Renters and Consumers' Protective Association.

At Roanoke, Va., three overall clubs and one apron club were organized at four different mass meetings of citizens. A total membership of 1,400 was enrolled.

Wearing Khaki in Spokane.

SPOKANE, Wash., April 14.—A. L. Weeks fire chief and many city firemen, reported for duty today in $8 khaki suits. Chief Weeks said that hereafter regulation blue uniforms, which cost $72, would be required only on formal occasions.

TODD WILL ATTEMPT TO SIGNAL MARS FROM BALLOON NEXT WEEK

OMAHA, April 14.—The attempt by Professor David Todd, of Amherst College, to signal Mars from a balloon will be made April 23, according to an announcement by A. Leo Stevens, balloon expert at Ft. Omaha, whose gas bag will be used in the effort. Mars next week will be nearest the earth.

In a telegram to Lieutenant-Colonel Jacob Wuest, commander of Ft. Omaha, Professor Todd said the tests would be made with a recorder he has worked on for several years. The device carries records sensitive to all atmospheric waves.

To ascertain the chemical composition of the air at each altitude small vacuum containers will be carried. These will be opened at various altitudes and the air collected. Dust particles in the atmosphere will be examined by means of an apparatus supplied by Professor R. W. Wood, of Johns Hopkins University.

Experts from the Rockefeller Institute are preparing methods for studying the pathological and physiological properties held in the upper air.

Meteorological tests will be made by means of a special wind testing apparatus, which is said to be an innovation in that no device had been invented that would tell the velocity of air currents from a free balloon.

Moisture pressure and temperature gauges also will be used. It is hoped by so studying the upper air strata to get new facts bearing on the origin of hot and cold waves, typhoons, cyclones and tornadoes.

Pilot Stevens expects to reach a hight of 50,000 feet.

DAGGETT HEADS LEAGUE.

Architects, Painters, Sculptors and Decorators Elect Officers.

Robert F. Daggett was elected president of the Architectural League of Indianapolis, organized Tuesday night at the John Herron Institute by architects, painters, sculptors, decorators and members of allied crafts.

Other officers chosen were: Harold H. Brown, first vice-president; Mrs. Myra Richards, second vice-president; Clarence T. Myers, secretary, and Fermor S. Cannon, treasurer. Members of the executive committee are: W. B. Parker, Otto Stark, T. C. Steele, William Forsyth, Clifton A. Wheeler, Kurt Vonnegut, H. Roy Kelley, Herbert Foltz and Edgar Hunter.

The league consists of active, associate, honorary members and members emeriti, and the activities will be social, educational by means of exhibits, beaux-arts atelier work, civic welfare and other professional and technical interests.

BENEFIT ASSOCIATION ORGANIZED BY POLICE

FINANCIAL AID TO BE GIVEN AT DEATH OF MEMBER.

OFFICERS ARE ELECTED

Members of the Indianapolis police department today formed an organization, to be known as the Indianapolis Police Protective Association, for the purpose of extending financial aid at the death of a member to the member's beneficiary.

Officers Are Chosen.

The officers are Walter White, sergeant, chairman; Patrick Sheridan, traffic policeman, secretary, and Leonard Forsythe, lieutenant, treasurer. The board of directors includes the officers and George P. Beeson, Arthur McGee, John Dalton, Horace Davis and William Larsh.

The members will pay $2 each to the treasurer to be turned over at the death of a member to the member's family or dependents. The first assessment is due April 16. The money will be deposited in a local trust company, and the interest on the sum will be used to defray the expenses of the organization.

Membership Rules.

All active members of the department are eligible to membership on the payment of the first assessment. Failure to pay the first assessment bars the man from future membership. When a member resigns or is discharged from the department, he relinquishes all claims to membership.

The association is separate from the police pension fund, but there is a provision in the bylaws which will permit policemen who are retired on pensions to become members on the payment of the regular assessment.

BOYS ACCUSER OF ARSON.

Charged With Setting Fire to Barn—Held at Detention Home.

Two boys, one thirteen and the other fourteen, living in the vicinity of East and McCarty streets, were arrested Tuesday night by Motor Policemen Lenihan and Weddle after it is alleged they had set fire to a two-story frame barn at the rear of the home of Gus Mascari, 818 Greer street.

The boys were slated at the City Prison on charges of arson and sent to the detention home. Firemen said the barn was damaged to the extent of $100.

Firemen were called early today to extinguish a fire in the rear of the room occupied by the Catellier Brothers shoe repair shop at 228 North Illinois street. Little damage was done.

Now Renick Knows

Arthur C. Renick knew all day today what time it was. At no time was there any doubt in his mind. Reason: He was carrying a brand-new gold watch and chain presented to him last night at the meeting of the Indianapolis Lodge of Elks, at the lodge room in the Denison hotel. Mr. Renick is the retiring exalted ruled of the Indianapolis lodge. The presentation speech was made by William S. Evans.

ARE YOU SICK?

The fundamental thing in escaping "disease" is a good bodily resistance. Chiropractic adjustments will give you this bodily resistance, for it keeps the spine in proper alignment.

Fresh air, good food and hygienic measures are necessary to keep the human machine going, but if your organs do not have the proper nerve supply your body will not have the resisting power.

Let us go over your spine and show you where the cause of your trouble is. No charge for consultation.

Paulsen Points on Child Welfare in a Booklet—FREE

"If I could only remember all she said, I would be satisfied."

The Only Real Monuments You Leave In This World Are Your Children.

So many who heard Helen B. Paulsen, child welfare specialist and lecturer, said this, that we thought it would be a genuine community service to the coming generation of Indianapolis children, to give to Indianapolis parents the boiled down essence of what she said.

Can you remember the points she made with the forty dolls? You will find them in this little booklet. We particularly desire that every one who heard Mrs. Paulsen have one of these booklets. They are free. Call any time during banking hours at the second desk on the left-hand side, or we'll be glad to mail this book to any one sending us name and address.

The Hoover—
It Beats as it Sweeps
as it Cleans

Clean House With a Hoover

Every rug is a constant collector of three kinds of dirt: Embedded grit, clinging litter and surface dust. Three cleaning processes, therefore, are constantly necessary. Only the Hoover performs the three at once. It gently beats, to dislodge all the destructive embedded grit. It swiftly sweeps, to detach all the stubbornly adhering litter. It powerfully suction cleans, to withdraw all loose surface dust. And it is the largest selling electric cleaner in the world.

Without obligation, let us demonstrate a Hoover in your home.

VOTE IN ILLINOIS BENEFIT TO WOOD

Larger Than His Supporters in Indiana Had Predicted Before Primary.

GIVES NATIONAL CHARACTER

Lowden Did Not Receive the Majority in State That Friends Had Counted On.

The vote cast for Leonard Wood at the Illinois primary election Tuesday was larger than his Indiana supporters had predicted. While Governor Lowden carried his home state, as it was generally believed he would do, he did not receive the majority his friends had counted on, and under the circumstances the Wood forces of Indiana regard the results in Illinois more beneficial to Wood in accentuating the national character of his candidacy.

The returns, which are not quite complete, show that Lowden received 52 per cent. of the vote, Wood 37 per cent. and Hiram Johnson 10 per cent. As between Lowden and Wood, the former received 58 per cent. and the latter 41 per cent.

Comment at Headquarters.

James Baldwin, Lowden's Indiana manager, was not at state headquarters. He returned to his home in Decatur, Ill., a few days ago to vote. One of Mr. Baldwin's Indiana advisers said today that anything less than 70 per cent. of the Illinois vote for Lowden actually injures his candidacy, because Illinois is his home state. The figures indicate that Lowden's vote was 52 per cent. of the total.

Harry G. Hogan, Indiana manager for Wood, said the vote for Wood in Illinois was "very gratifying."

"It was much greater than I had thought it would be," said Mr. Hogan. Wood carried Chicago by a handsome plurality despite the fact that Mayor Thompson and the city hall machine backed Johnson and despite the fact that the state organization backed Lowden. Wood had no organization to speak of in Illinois."

No Convention Delegates.

While Wood was a candidate for presidential preference votes, no Wood candidates for delegate to the national convention were put up. In Illinois, candidates for delegate may declare their preference on the ballot, or may declare they have no preference.

Most of the candidates for delegate declared a preference for Lowden, and this naturally would give Lowden a benefit in the popular presidential preference vote because of a certain inconsistency in voting for Wood and at the same time voting for delegates who had declared for Lowden. But despite this inconsistency it appears that numerous electors voted for Wood to impress the delegates to the national convention.

Johnson's name was written in by 15,193 voters, of whom 46,811 were in Chicago. A candidate for delegate in the Tenth congressional district, Chicago, who came out for Johnson, was elected.

Thompson's Statement.

The day before the primary Mayor William Hale Thompson came out in a statement that he was opposed to any candidate in favor of universal military training. This was taken to mean opposition to Wood. Mayor Thompson's preference was for Johnson, and radical elements in Chicago insisted on voting for Johnson. The Hearst influence was for Johnson.

It appears that the delegation from Illinois to the national convention will not be solid for Lowden. Fifty of the fifty-eight delegates were elected Tuesday by direct vote of the people, none of them having expressed no preference. This is taken to mean that they are not for Lowden. Eight delegates-at-large will be elected by the state convention May 10.

Not Pleasing to Harding.

The good showing made by Wood in Lowden's home state is not pleasing to the forces for Senator Harding. In Ohio Wood is a candidate for presidential preference and Wood candidates for delegate to the national convention are nominated. The primary comes on April 27. Delegates from Ohio are elected by direct vote.

The Wood forces at first desired that Wood go on the ballot for second choice in Harding's state, but the Harding forces would not have it that way. They put up candidates for delegate who expressed second choice for Johnson in some districts, and J. Warren Keifer, eighty-four years old, in some other districts. Then the Wood forces decided to fight for first choice and for delegates, too.

Mayors' League Formed.

An Indiana Mayors' Wood-for-President League has been formed. E. F. Hodges, mayor of Gary, who became well acquainted with Wood during the steel strike, is president; W. C. Cutshall, mayor of Ft. Wayne, vice-president, and Charles Reeder, mayor of Connersville, secretary. The executive committee is as follows:

Mayor F. M. Reynolds, of Montpelier; Mayor U. C. Brown, of Kendallville; Mayor Charles W. Gibson, of Batesville; Mayor A. H. Tripp, of North Vernon; Mayor William H. Charnley, of Goshen, and Mayor S. W. Thompson, of Monticello.

The Indiana Traveling Men's Wood-for-President League has organized with John Watts, of Ft. Wayne, president; E. A. Hartman, of New Albany, vice-president; W. T. Carskaddon, of Indianapolis, secretary, and the following members of the executive committee: Alvan A. Ketner, Marion; Harry Young, Huntington; William L. Knox, Avilla; Dr. Clark B. Day and J. B. Parker, Indianapolis.

Robert Tyler, director of publicity for Indiana, is now connected with Wood headquarters at Chicago. Earl Hitch, who has been assistant for Indiana, succeeds Mr. Tyler.

EXCITEMENT IN DUBLIN.

Sixty Thousand on Strike—Constable Shot Dead.

DUBLIN, April 14.—The general strike declared yesterday in protest against the treatment of the Irish hunger strikers in Mountjoy prison continued today. Sixty thousand workers in Dublin alone are on strike and feeling of pronounced excitement prevails.

Constable Harry Kells was shot dead today while on plainclothes duty in Camden street. The constable's assailant was an unidentified young man, who escaped. Thousands of people parade the streets, and collisions between the populace and the military are feared.

Viscount French, the viceroy, sent for the lord mayor today, and later the military was withdrawn from the vicinity of Mountjoy prison. One of the prisoners among the hunger strikers was removed to the city hospital in a state of collapse.

Another development was the arrival in Dublin of General Sir Nevil Macready, the new commander of the forces in Ireland, who is expected to assume his duties at once.

The general expectation here with regard to the hunger strikers is that the government, although refusing to release the political prisoners, will make some concessions in their treatment to end the hunger strike.

It was reported this afternoon that all the hunger strikers among the political prisoners in Mountjoy jail thought to be in a critical condition will be released.

Ameliorative Treatment.

LONDON, April 14.—The Irish secretary has issued certain orders relating to the Sinn Fein prisoners held at Mt. Joy, granting them concessions in the nature of "ameliorative treatment," Andrew Bonar Law, government spokesman, told the house of commons today.

KANSAS MOVES AGAINST HOWAT AND FOLLOWERS

MINE LEADERS TO FACE CRIMINAL PROCEDURE

IN DEFIANCE OF COURT

TOPEKA, Kas., April 14.—Under a definite program of procedure against leaders of Kansas mine workers who have opposed operation of the Kansas court of industrial relations, as made public today by Governor Henry J. Allen, criminal proceedings will be started at once against Alexander Howat, president of the Kansas miners, and his subordinates.

Howat will be charged with violating criminal sections of the industrial court act by urging miners, in a speech at Girard, to stay on strike in defiance of the court. Howat spoke from the county jail, where he was sentenced to remain until ready to answer questions asked by the members of the industrial court.

Sheriff Faces Ouster.

In connection with that speech, ouster proceedings against G. Clint Webb, sheriff of Crawford county, were on call today in the state supreme court. Webb was charged with "willful misconduct, malfeasance and nonfeasance in office," in that he approved the appearance of Howat before a body of miners that had marched to the jail.

Criminal charges to be placed against Howat's associates, according to the Governor's announced plan, included opposition to operation of the industrial court law.

Governor Allen's plan also included an attempt to have abolished by court action collection of unnecessary fees and dues by the checkoff system.

Mines in District Idle.

Thirteen miners and one union official were under citation today to appear before the district court at Pittsburg on charges of contempt of court for refusal to testify yesterday before the industrial court.

Meanwhile the walkout of miners called, according to officials, as a protest against the sentencing to jail of Howat and his confrees, continued, with virtually all mines in the district idle.

DE MOTT DEATH INQUIRY.

State Department to Investigate German Explanation.

WASHINGTON, April 14.—A "very searching investigation" will be made by the United States into Germany's explanation that Paul R. DeMott, American, was shot when trying to escape from prison, it was learned today at the state department.

This announcement was made shortly after the government received confirmation of the report that DeMott had been killed by the Germans. He was accused by the Germans of participating in radical activities. He was sentenced to death, according to reports here, but the German government, in response to a request by the American representative in Berlin, agreed to delay his execution.

REPUBLICANS DISCUSS PLANS FOR CONVENTION

STATE PLATFORM COMMITTEE TO MEET THURSDAY.

CANDIDATES CONTINUE BUSY

Preparations for outlining plans for a successful Republican state convention were under consideration today at several conferences at the Hotel Severin. Edmund M. Wasmuth, Republican state chairman, and members of some of the most important subcommittees which are working on phases of the Republican state platform, are in Indianapolis, and are getting things ready for a meeting Thursday of the committee appointed by the state chairman to consider planks for the state platform and to make concrete suggestions to the convention platform committee.

Consideration of a revision of the primary law was taken up by a subcommittee of which A. H. Beardsley, of Elkhart, is chairman. Definite suggestions will not be reached until the general committee meets, but there seems to be no doubt that the platform committee of the state convention will be advised to suggest important revisions in the law. Mr. Beardsley is favorable to some plan whereby the law would provide a primary election of delegates to the municipal, county, district and state conventions, and that the delegates should in turn select the candidates.

Tax Law Revision.

Another committee has proposed revisions of the tax law under discussion. Charles Sefrit, of Washington, is chairman of this committee. It is generally felt that the Republican leaders will favor standing by the vital principles of the tax law, although some minor changes may be suggested. Other subcommittees to be organized in preparation for the general conference were the committee on law and order with Perry Bear, of Madison, as chairman; on increased salaries for teachers, with Mrs. J. F. Barnhill, of Indianapolis, as chairman; educational questions, of which L. N. Hines, state superintendent of public instruction, is chairman; efficiency and economy in the state administration, of which Oscar Ratts, of Paoli, is chairman, and labor problems, of which C. D. Parker, of Wabash, is chairman. In addition to the committee meeting Thursday, Frederick E. Schortemeier, secretary of the Republican state committee, will entertain at a luncheon the officers of the Republican State Editorial Association.

McCray Advertisements.

Advertisements printed this week in Indianapolis and other newspapers in the state in the interest of Warren T. McCray, of Kentland, a candidate for the Republican nomination for Governor, have caused comment and speculation here and elsewhere. The advertisement relates that "there is being organized a state-wide circulation of malicious propaganda in an effort to undermine and injure the candidacy" of Mr. McCray, and an indorsement of the latter is given by a number of his fellow-townsmen. Many persons are wondering what the nature of this "malicious propaganda" is and why it is deemed necessary to go to so much trouble and expense to meet it. The situation has its mysterious features for many persons interested in the governorship contest.

Fesler Gains in North.

Reports from the north and northeast parts of the state indicate that James W. Fesler, another Republican candidate for the governorship, is rapidly gaining and that McCray is losing strength materially. The Fesler boom is in full swing not only in the north, but in all parts of the state, and the workers are greatly encouraged. Two Fesler meetings were held in Marion county Tuesday night. Edward Gallord and Charles Mendenhall were the principal speakers at Rader and Edgemont streets, and Dr. Sumner A. Furniss and Omer Newman spoke at Penich chapel in Norwood. Several noon factory meetings were held today and these will be continued this week. The officers and many of the members of the Seventh Ward Republican Club have signed a resolution indorsing Mr. Fesler's candidacy.

Factory Meeting for Toner.

Dr. Amelia R. Keller, of Indianapolis, spoke to the employes of the Kahn Tailoring Company today on behalf of the candidacy of Edward C. Toner, of Anderson, for the Republican nomination for Governor. Dr. Keller said Mr. Toner is not a "class" candidate but is for the best interests of the working men and women. Another speaker for Mr. Toner was Oswald Ryan, of Anderson, who addressed the employes of the Cole Motor Car Company. Mr. Ryan will speak Thursday at the Central States Bridge Company's plant, and Dr. Keller will speak at the Lewis Meier & Co. plant.

The Twelfth Ward Republican Club is moving to new quarters at 927 South Meridian street, and all Republicans are invited to visit the club. H. Unger is president and S. J. Simon is financial secretary.

The Republicans of the Ninth ward will hold a reception for George Snider tonight at the McKinley Club, 2217 East Michigan street. Mr. Snider is a candidate for the Republican nomination for sheriff. Speeches will be made and a program of music has been arranged.

DUFFEY AT AUTO PLANT.

Gives Nordyke & Marmon Employes His Idea of Government.

In opening his speaking campaign as a candidate for the Republican nomination for congressman from the Seventh district, Luke W. Duffey spoke at noon to the employes of the Nordyke & Marmon factory, advocating strong Americanism and constructive measures for the continuation of the prosperity of the nation.

"The time is at hand," Mr. Duffey said, "when more business men and fewer slick, adjustable lawyers, are needed in the direction of governmental operations. Professional lawyers woefully ignorant of the broad requirements of their constituents must give way to men of the people and for the people. Common sense rather than legal formula must prevail."

Mr. Duffey spoke of the interest which laboring men, particularly those who are working in the automobile industries, should have in the betterment of our road system. He denounced disloyal men who are interfering with honest labor, and said:

"Believing firmly in the rights of honest labor to a ready hearing and the fairest of treatment, I am unalterably opposed to the agitator, the irresponsible disturber, the foreigner who seeks to make of this fair land of ours a place of fearfulness and treachery similar to his own, the bloody-eyed, shiftless, murderous degenerate who deals in nothing but property destruction, deceit, lies and death. My word to that type of man is 'The first boat out on the firing squad,' and I propose to carry this conviction until the last of the reptilian breed is stamped out of this country, and harmony and enjoyment of the treasures of life come again to this citizenship of ours."

URGES JOGS BE TAKEN OUT OF NEW YORK ST.

M. E. NOBLET APPEARS BEFORE WORKS BOARD.

PLEA FOR E. WASHINGTON

M. E. Noblet, secretary of the Hoosier Motor Club, appeared before the board of public works today to urge that the board order the straightening of jogs in East New York street. Mr. Noblet called attention of the board to the jog at the Randolph street intersection.

Mr. Noblet also asked that the board order the resurfacing of East Washington street. Members of the board explained that this was included in the street improvement program last year, but it was defeated by remonstrance, and the common council refused to override the remonstrance.

The board denied the request of the town of Woodruff Place that a contract be arranged with the city of Indianapolis to haul garbage for the Woodruff Place residents. George Lemaux, chairman of the board, said the city does not have sufficient equipment or men to take on any extra work.

Material For Streets.

Preliminary orders were issued designating the kind of pavement to be used in the following proposed street improvements for which bids have been received: Dexter avenue, from Eighteenth to Twenty-second street, bituminous concrete; Forty-eighth street, from Pennsylvania street to Central avenue, bituminous concrete; first alley east of Park avenue, from Fortieth to Forty-second streets, brick; first alley east of Park avenue, from Highland drive to the first alley south, brick; Eighteenth street, from Gent avenue to Parkway boulevard, asphalt.

Sewer Contracts Let.

Sewer contracts were awarded as follows: First alley east of Shelby street, from a point 27½ feet north of Naomi street to 250 feet south thereof, to J. H. King & Co., at $3.79 a lineal foot, the total bid being $947.50; New York street, from Beauty avenue to twenty-nine feet east of Limestone street, to Columbia Construction Company, $4 a lineal foot, total, $5,145; alley east of Napoleon street, from LeGrande avenue to 32½ feet north of Raymond street, to J. H. King & Co., $3.86 a lineal foot, total $3,242.40; Tecumseh street, from Pratt street to forty feet north of St. Clair street, to Indiana Asphalt Paving Company, $3.49 a lineal foot, total $1,954.40; Belle View place, from Tenth street to alley south of Sixteenth street, to J. H. King & Co., $5.94 a lineal foot, total $14,404.50.

Improvements Confirmed.

Sewer improvements were confirmed as follows: Arnolda avenue, from Walnut street to thirteen feet south of alley south of Tenth street; Buckingham drive from Illinois street to 25½ feet east of Boulevard place; Blue Ridge road, from Illinois street to 25½ feet east of Boulevard place.

OPPOSE BRANCH BANK PLAN IN INDIANAPOLIS

BANKERS APPEAL TO GOVERNOR TO INTERCEDE.

REASONS FOR OBJECTIONS

Opposition to a policy of permitting banks or trust companies to establish branch banks in Indianapolis was expressed by representatives of a number of Indianapolis banks and trust companies at an informal conference today with Governor Goodrich, who is chairman of the state charter board.

The question was raised in Indianapolis when the Fletcher Savings and Trust Company several days ago filed a petition before the charter board for permission to establish six branches in Indianapolis. When the bankers called on Governor Goodrich he sent for Ed Jackson, secretary of state, and Otto Klauss, auditor of state, the other members of the charter board, but they were not in the Statehouse at the time.

Basis of Opposition.

Opposition to the branch bank policy expressed by the bankers was chiefly based on the contention that branch banks do not extend complete banking service to the communities in which they are placed but accept deposits which they transfer to the parent institution, which makes loans, invests the funds and does general banking. Local banks, they said, provide full banking service, not only accepting the deposits of a community but lending the money and extending credit for the development of its business interests. The bankers also contended that if one large financial house is permitted to establish branch banks other large banks will demand the same privilege. A condition of this kind, the bankers said, will bring about a bad spirit between banks, will unsettle banking conditions and by reason of the increased cost of banking an added burden will fall on the banking community. It was pointed out that in a compact city like Indianapolis there is no necessity for branch banks.

Pullen Tells of Offer.

John W. Pullen, president of the Citizenes' State Bank, at Haughville, told the Governor that several months ago an officer of the Fletcher Savings and Trust Company called on him and offered to buy the bank. Pullen said he refused the offer and that several weeks ago the officer again came to him. At the second conference, he said, the officer of the trust company proposed to buy the bank and make Pullen its manager. Pullen said he was told his bank, as a branch institution, would only accept deposits and that the trust company would make all investments. He said a handsome bonus was offered for his controlling stock. When he refused the proposition, Pullen said, he was told that if the trust company could not buy, it would get the best corner to be found in the vicinity and it would be a case of "survival of the fittest."

Told to Appear Before Board.

Governor Goodrich told Mr. Pullen to appear before the charter board at the next meeting, April 21, and repeat his story.

At the conference with the Governor were Dick Miller, president of the City Trust Company; J. Edward Morris, president of the Washington Bank and Trust Company; Eben H. Wolcott, president of the State Savings and Trust Company; Reily C. Adams, president of the Security Trust Company; Henry Eitel, vice-president of the Indiana National Bank; Daniel Hecker, president of the Ætna Trust and Savings Company, and Mr. Pullen.

Child Falls Out of Tub; Dies.

Morris Woodrow Moss, four-year-old son of Morris Moss, No. 12 the Millikan apartments, died last night as a result of injuries received in the afternoon when he fell out of a bathtub. Dr. Paul F. Robinson, coroner, said death apparently was due to a fracture of the skull.

REAL ESTATE OWNERS ORGANIZE FOR RELIEF

WILL ATTEMPT TO ABOLISH "UNFAIR TAXATION."

NEW RENTAL LEASE FORM

The organization of the Real Estate Tax League of Indiana, established for the purpose of "relieving real estate from the present unfair burden of taxation imposed upon it," was announced at the weekly meeting of the real estate board today in the Chamber of Commerce, by Alfred F. Potts.

Mr. Potts said the league's membership will consist chiefly of men who have heavy investment in real estate. It will attempt to cause the repeal of any obnoxious features in tax laws, to prevent the imposition of unjust assessments on real estate, to bring about a more equal distribution of the burdens of taxation, to consider all tax legislation proposed, to resist wasteful expenditure of public money, and to insist on economical administration of local and state government.

Directors Chosen.

The directors of the league are Thomas H. Spann, Frank D. Stalnaker, William E. English, Henry W. Bennett, Charles S. Lewis, Joseph C. Schaf, Walter S. Johnson, Albert M. Rosenthal, J. H. Hooker, John M. Judah, G. A. Schnull, Edgar H. Evans, E. A. Hendrickson, John R. Welch and Mr. Potts.

Mr. Potts explained at the meeting a form of rental lease he has prepared which he believes would give owners of rental property a fair return and would enable tenants to prevent profiteering by landlords. The yearly rental, under this lease, would be the total of the taxes and insurance paid by the owner, 3 per cent. of the value of the buildings for depreciation each year, 6 per cent. of the value of the property as an investment return, and a fixed sum for repairs on the buildings each year.

Notice to Gas Consumers

The send-out of gas on Monday was over 10,000,000 cubic feet. This heavy consumption was due to the use of gas for heating, and indicates that people are depending upon gas instead of coal.

If this keeps up the whole community will soon be subjected to the greatest suffering. By drawing on the present limited supply for heating there will soon be no gas for cooking, and starvation or partial starvation will cause thousands of deaths.

The appeal which was made to the public Monday afternoon was too late to affect the gas consumption on Monday materially, but it was not too late for some response by Tuesday morning. Yet the send-out of gas Tuesday morning was at a greater rate than at any time last winter.

This indicates that many selfish people are indifferent to the welfare of the community, and we are forced to take further steps to protect the community.

We are asking all factories to discontinue the use of gas, and must insist that all consumers discontinue all use of gas for heating purposes.

The immense consumption Tuesday morning—at the rate of 15,000,000 cubic feet per day—forced us to reduce pressure to stop the drain. Without this step the city would have been wholly without gas by 3 o'clock yesterday afternoon. If the people of Indianapolis would supply themselves with coal or coke, we could give good gas service for essential uses, but we can not give good service and keep up the supply so long as they endeavor to heat their houses with gas.

The railroads are able to deliver coke to most of the coal yards of the city, and dealers are prepared to fill orders for that fuel.

GENERAL WOOD'S DECISION

General Wood's decision to cancel his speaking engagements because of the strike is in line with his record as a soldier and a citizen. It is an admirable conception of duty to the nation that leads him to make the personal sacrifice involved in withdrawing as a speaker from the primary at this crucial time. Obligation to country in the code of the soldier comes before obligation to self. That concept was evident in General Wood's behavior when the right to lead his division abroad during the war was denied him. To the officers who protested against his being left behind when less able men were going abroad he said: "Do not concern yourself about my case, but get your mind on the war. If you would please me, play your part cheerfully and well. That means when in action never fail to take your objective and never be late on your objective." These are the words of an American and a soldier.

General Wood's influence in the campaign as a speaker will be missed. Not a spellbinder, or especially fluent, he has made friends by the honest directness, the evident sincerity and the force and underlying soundness of his public utterances. His Boston speech yesterday was conspicuously courageous and rational; no one in public life has been more outspoken on the strike situation. It confirms the impression he has made as a man who will stand by the public in any circumstances against any class or group no matter how powerful at the polls or elsewhere.

"I feel," he said at Boston yesterday, "that I should be in the possible crisis that is coming." There may be no crisis, but there is less likely to be one with General Wood in command of his department. For he has had experience in dealing with such situations as the one that now exists, and has always shown himself fully equal to them, as he recently proved at Omaha and Gary. And now he refuses to "allow personal considerations to enter into the matter in the least." General Wood feels that he ought to be at his post when the skies are dark. He also no doubt realized that it might be embarrassing for the war department to cancel his leave and order him on duty.

In the speech at Boston, in which he announced his patriotic decision, General Wood said:

So far as we can see, organized labor is now undergoing attack from the radical element within itself, and it is a pretty well-organized attack. It looks like the one big union idea. There is no one big union going to go over in this country. This country is going to be run by Americans, cost what it may. It does not make any difference what the cost is. It is going to be run on a basis of government under the Constitution, with due respect for law and order, with a recognition of the supremacy of the law, the rights of property, the rights of the individual, the rights of mankind. No class legislation, no autocracy, either of wealth, labor or power, but a real democracy and a spirit of co-operation and helpfulness.

That is simply old-fashioned Americanism, expressed calmly and forcibly, and without even the suspicion of a threat. General Wood traces most of our strike troubles to "the alien leader, the professional agitator" and to the ignorance and indifference of our people. He showed that the recent coal strike in Kansas was provoked by the refusal of the operators to allow the men to work longer than eighteen hours a week—it was "a strike for longer working-hours." What Wood pleads for is fairness to all, together with a little more interest on the part of the people in labor problems. "We discuss these things academically," he said, "but we do not get out, take our coats off and get to work on the problems." "You can not," he said again, "put the thing over with a club. We have got to approach the issue on the basis of absolute fairness" and "build up a sound public opinion." The country will be glad to know that General Wood is to reassume command, and of course will applaud his decision, which is dictated solely by his devotion to the public good.

His interests will not suffer through his latest act. Through it, rather, he should gain new friends, and solidify the already strong sentiment for him among the people. The combination against him should get no cheer from his return to the post of duty. All the speeches that may be made by other candidates while General Wood is serving his country can not change or minimize the strong hold that he has on a public that recognizes that he believes in duty first.

UNION LOYALTY

The resolution passed by Stereotypers' Union No. 33 is a conspicuous rebuke to the kind of trade unionism exemplified in the hasty and ill-considered "strike" of the insurgent switchmen. The steoreotypers especially stress the value of their signatures to work agreements, thus scoring a direct hit on the vital point in the present railroad difficulty. Through honestly elected representatives, the switchmen and other rebels agreed to do certain things for certain pay, but in a moment of anger they renounced their allegiance to their unions, repudiated their contract and resorted to unrestrained brute strength.

The steoreotypers took a positive stand against the "actions of insurgents, rebels and inciters to civil war," and an equally positive stand with the "international unions and brotherhoods affected." This policy commends itself to the high place that the quality of loyalty holds in the hearts of the kind of Americans who can give specific reasons why they are proud to be Americans. The resolution also brings out the extreme selfishness of the railroad men in throwing thousands of other wage earners out of work in order to gain ends that can benefit them alone. This involves the question not only of craft loyalty, but also of loyalty to the general cause, and is particularly reprehensible.

The responsible heads of the unions and brotherhoods are fighting to retain the identity of large and powerful organizations, and they will be encouraged by resolutions supporting them. If local unions of proved standing and a long record of honest dealing would speak out in greater numbers, taking their cue from the pioneers who have felt in duty bound to speak their honest opinions, there would be far less talk of radical expedients for achieving the objects of trade unionism. The more jealous the older unions are of their reputations, the more respect they will command from the public, and no union can long survive without the respect of the American public.

THE STREET CAR PROPOSAL

The street car program presented by the city to the public service commission is apparently chiefly designed to strengthen the credit of the company, and it certainly needed strengthening. Whether it will be acceptable to the commission in all its details will be determined after the hearing which is to be held April 22. Under this plan the company will continue to operate with the fare now prevailing until it demonstrates by experiment, and proves to the public service commission, that a higher fare is needed. But before it can get an increase it must show that it is charging adequately for the service performed by it for the interurban companies. The present charge, it is alleged, is just what it was before the war. The company did very well last year, having earned a net income of $300,000, all of which went into betterments. The company has been relieved from paying interest on over $2,000,000 in the sinking fund, and the common stock of the Indianapolis Traction and Terminal Company and the Indianapolis Street Railway Company has been reduced by $4,000,000. On the other hand it incurred during the last year an additional charge of $400,000 as the result of an increase in wages and has this month increased wages by $150,000 a year. On the whole it may be said that the condition of the company is better than it has been, but it has exhausted its credit. And it may be that with new borrowing capacity no increase of fares will be necessary.

But the way is opened to this. The city consents to a valuation of $15,000,000, which probably is fair. It is proposed that the company shall make not more than 7 per cent. on that valuation and not less than 5 per cent. If the return rises above 7 per cent. the fares must be reduced; on the other hand, they can not be raised till the return falls below 5 per cent. The minimum fare is 5 cents cash, six tickets for 25 cents and twenty-five for $1. The maximum fare, between which and the minimum are eight other rates, is 6 cents cash, with 1 cent for transfers. It is hoped that, even at the worst, it will not be necessary to charge more than 5 cents with 1 cent for transfers.

There will be a large measure of municipal control and regulation. Under the plan the city will say how the earnings are to be distributed, what part to surplus, what to depreciation fund, what to maintenance, etc. There is to be a city street railway commissioner, appointed by the mayor, and paid ($6,000 a year) by the company, who shall have free access to the books of the company. It should be said in conclusion that this arrangement is, as the one it is intended to supplant, an emergency arrangement. There has been much improvement in the street car service of late, but there must be more of it, and particularly must there be extensions. When the property is put in proper shape and adequately serves the needs of the community there will be a large increase in earnings. The hope of the city officials is that with the proposed plan in operation the company will be able to realize enough from loans to enable it to meet its obligations without any increase—certainly without any considerable increase—in fares. The amount it is proposed that the company shall earn is certainly not excessive.

LIBERTY BOND VALUES

The new low record in Liberty bond quotations, which has just been made, is said to have been caused by the government's announcement that it would offer two new series of treasury certificates, amounting to $250,000,000 or more, at 5¼ per cent. interest. This is the highest rate of interest paid by the government since civil war days, and to take advantage of it some large holders of bonds are said to have disposed of them—hence the slump. At current quotations, the loss from par of the total bond issues amounts to about $2,000,000,000; but this is wholly a paper loss because the bonds continue to bear the same interest as they did when issued, and those who continue to hold them—which everybody ought to do—will get par for them when they are redeemed—and in all probability sooner if they want to sell after investment for income purposes has steadied the market.

United States 4s, which have not the income tax exemption attaching to Liberty bonds, sell at 106 to 107, and there is no reason why, when conditions return to normal and Liberty bonds are in the hands of investment holders, they should not be equally valuable. The trouble with the market now is that many small holders and some large ones are unloading their bonds in order to get cash for other uses. Here the supply and demand influence is felt. There are more bonds on the market than can be readily absorbed, and the price consequently slumps. While this condition exists investors with ready money are buying the bonds at the low figures. They not only get a higher rate than the bond rate on their actual investment, but in addition will net the difference between the purchase price and par at the time of redemption, or any figure above the purchase price if sold on a stabilized market before redemption time.

People who own Liberty bonds should hold them. Those who have money to invest should buy them. No better security is on the market. If the government lives until redemption time they will be redeemed at par, and if the government does not live no kind of bonds will be worth much and neither will anything else matter for this generation. In the meantime the government lives, will continue to live, its Liberty bonds are nontaxable, and the holder is certain of a good rate of interest collectible semi-annually.

THE ILLINOIS PRIMARY

Governor Lowden's plurality over Gen. Wood in the Illinois primary is about 65,000. It was natural that the Republicans of Illinois would support their Governor, who has served the state well. The Governor was stronger outside of Chicago than he was in the city, which gave a substantial Wood plurality. In Illinois the primary is preferential and does not carry instructions with it. Just how the district delegates chosen yesterday will stand can not be known as yet, since many of them have no preference. The only names on the ballot were those of the Governor and General Wood. However, Senator Johnson received about 40,000 votes, his supporters writing his name on the ballot. The senator's strength was almost wholly in Chicago, as might have been expected.

Of course Governor Lowden was under the necessity of carrying his own state, and by a large plurality, if he were to receive serious consideration at the hands of the convention. A defeat, or an unsubstantial plurality would have eliminated him. General Wood, on the other hand, having great strength throughout the nation, was not dependent on the support of Illinois. That state, as the Chicago Tribune showed yesterday, was under a sort of obligation to stand behind Lowden, since a failure to do so would have been considered as a repudiation of him, not merely as presidential candidate, but as Governor.

Taking all these things into consideration, General Wood's showing in Illinois is creditable. It will be interesting to see how many delegates were elected by the Lowden people, and to learn what is the preference of the "no preferenc" delegates.

THE COAL MYSTERY

A compromise, generally speaking, is a practical working agreement that is often advisable but usually satisfactory to none of the parties concerned. In this respect the present coal situation is a compromise. The miners did not get all they desired, the operators were required to concede more than they wanted to, and the public, which opposed increased coal costs and wanted full information in regard to the handling of coal from the mine to the bin, and the profits made on it, does not know much much more now than it did before the trouble began.

When the President appointed a commission, composed of a representative of the miners, a representative of the operators and a representative of the public, to adjust the differences existing between the bituminous miners and the operators, the popular expectation was that a flood of light would be thrown on the situation that would either justify the price of coal to the consumer or cause a reduction of the price if it was not justified. Mr. McAdoo, recalling information that had been available to him as secretary of the treasury (and revealing confidential information with doubtful propriety), asserted that profits as high as 2,000 per cent. had been made by some of the operators, and the government bureau of statistics had figures showing profits in some years as high as 800 per cent. From these high points the figures of both tapered down to a point where profits were merely liberal. If such profits as these, or anything like them, were actually made, there was no doubt that the consumers were being compelled to pay too much for coal; if they were not made, the actual profits were expected to be shown in the interest of justice, both to the producer and the consumer.

Concerning the profits on coal, the public is about as much in the dark as ever. There is no doubt that some mines can make more profit than others at the market price, because they are richer and production is less costly. If the price is fixed by the cost of production of the leaner mines, the richer mines make more than they should. Many such leaner mines were opened to help satisfy the war demand, and if they are still operating at high cost the result would be to the advantage of the rich mine operators. The price of coal should be based on the cost of production at the rich mines, or at least at the average of mines.

The miners have asserted that the operators could absorb the full 27 per cent. of the wage increase if they would, and in another case that the price of coal should not be increased more than 40 or 50 cents a ton. Whether either of these assertions is generally correct or not, there is no doubt that any mining corporation that is making a large profit could absorb the increase. At any rate, the present situation is far from satisfactory, and the unfortunate public antagonism toward the coal business continues to be about as strong as ever.

POTATOES

With potatoes at their present price there is no excuse for their use in the average home. A boycott has been instituted by housewives, and dispatches from Indiana cities indicate that fewer potatoes will be eaten until the price comes down. One explanation for present prices is the freight embargo, but potatoes were high before the railroad strike began and the advance has not been great since then; another is a short crop and still another is that the crop has been cornered.

If potatoes are to be boycotted the housewife must have a substitute. The chief food value of an Irish potato is starch, and practically the same starch content may be obtained by the use of hominy, corn meal, rice, macaroni, spaghetti and other starchy foods. Food experts have discovered that the potato contains vitamines, which are essential to health, but these are found in butter, milk and green vegetables. Investigations as to the cause of scurvy epidemics usually have shown that such trouble came at a time when the potato crop had failed and it is unwise to stop eating potatoes unless something is used to take their place.

The Red Cross kitchen recommends the use of a fresh vegetable with the potato substitute. Carrots, beets, spinach, turnips or something with vitamines should be served with hominy. A baked banana has the same food value as a baked potato, so the experts say, and the price at present makes the banana cheaper. Many families have lessened the use of potatoes to half and others are boycotting them altogether. Lowering the demand will make the present supply go farther and if there is anything in the law of supply and demand it should make the price come down.

MORE PAY FOR TEACHERS

Legal difficulties in the way of increasing the pay of Indianapolis school teachers seems to have been removed, following a conference between the school board and the state board of tax commissioners. According to the tax board's view the school board has authority to borrow money in anticipation of funds that will accrue in the future. Banks and trust companies already have signified their willingness to advance the money needed. Some doubt exists about the right of the school board to give any teacher a bonus, and the new plan is to make supplemental contracts with the teachers for the remainder of the school year at a higher rate of pay. The new plan, if the board can raise the money, will become effective with next year's contracts. The teachers had the support of the public in their desire for increased pay, as they have been under paid. The school board has been disposed to be fair with them but without more money it could do nothing. A way has been opened to provide this money and that should settle everything to the satisfaction of all concerned. The schools are too important for any one in authority to permit teaching standards to be lowered and the only way these can be maintained is by paying good teachers enough to keep them in the profession.

Attending to his job never did lose a good man any votes.

Liberty bond prices may continue to drop, but it is well enough to remember that if the government survives they will be redeemed at par.

If the wives of strikers and wives of loyal brotherhood members clash in the Calumet district somebody is going to have a real mediation job on his hands.

Come on, you railroad labor board, let's get some action.

The Washington freight embargo may seriously interfere with the plans of some congressmen to send out their usual shipments of speeches.

Planting a tree when a child is born is a better plan than the old custom of tearing up the new father's best hat.

The word from Washington that the department of justice is taking a look at the railroad strike ought to help some recalcitrants to remember that there's a point where a strike becomes a holdup.

For the benefit of curious patrons the street car company ought to put another register in the cars and use one to register the cost and the other to register the plus.

There are several kinds of frosts, including the kind which ought to be sawed into chunks and put away for emergency use during the customary summer ice shortage.

Judging by yesterday's results in Illinois, that state seems to be Lowden's favorite father.

No gas means no cooking, and no cooking means hunger and perhaps worse, and all taken together should mean no strikes in essential industries.

The weather may presume to trifle with the fruit crop, but it knows better than to take any chances with the opening of the baseball season.

And no doubt that large number of innocent bystanders, which is made up of the men thrown out of work by the railroad strike, would also like to know what it is all about and why men who want to work should suffer because of it.

It is not fair to judge a presidential candidate by his campaign band.—Chicago Tribune.

Nor a cigar.

Hi Johnson's Illinois supporters had to write his name on the ballot. He ought to do better in Indiana, where they only have to be able to recognize it in plain print.

Some German soldiers have been denounced by a Berlin newspaper, but the result will probably not be serious, as all the soldiers did was to kill an American.

It makes little difference whether a strike is legal or illegal, as long as it is a strike.

Iowan Runs Red Blockade to Wed Belgian Refugee

NEW YORK, April 14.—Edmond E. Hadley, of Grinnell, Ia., has arrived here from the near east with his bride, formerly Mlle. Marguerite Fays, a Belgian refugee whom he met at Chaumont, France.

The story of their romance might be taken as proof that love laughs as heartily at international blockade as at locksmiths. After the relief units, to which Mr. Hadley was attached to France, were demobilized, he was sent to southern Russia, where Denikine and his army opposed the soviet forces. When the Bolshevik hordes broke the Denikine line and drove that leader back into Kuban, Mr. Hadley found he was cut off and that egress was almost impossible. Soon after he had made this discovery he received word that Mlle. Fays was in Tiflis, where she had gone to meet him, and he determined to cross the mountains to that city.

Denikine's army broke down opportunely for the American, who made his perilous way south and after being held up on the road many times by mountain volunteers, he reached Tiflis where he was married to Mlle. Fays.

Making It Snappy

[Special to The Indianapolis News]

SHELBYVILLE, Ind., April 14.—Eighteen minutes elapsed from the time attorneys started impaneling a jury until all evidence had been sumbitted, the jury instructed, and a verdict returned in the Shelby circuit court here yesterday. The action was in a trial of a complaint on an account filed by James W. Hensley and Willard Harmon against Alva W. Harold. The jury found for the plaintiffs in the sum of $350. They asked payment of $375. The case was brought here from Rush county on a change of venue.

ARMENIAN WAR VETERANS' PLEA FOR THE MOTHERLAND

500 Who Fought With American Army Present Recognition Memorial to President Wilson.

WASHINGTON, April 14.—Five hundred Armenian veterans of the European war who fought with the United States forces marched to the state department and presented to Secretary of State Colby, who acted for President Wilson, a memorial asking that the United States grant recognition to the republic of Armenia, as has been done by Great Britain, France, Italy and Japan. Major V. H. Kazanjian, of Harvard University, was spokesman for the delegation, which was gathered from the middle west and various cities of the east. Similar memorials were later presented to Senator Lodge as chairman of the foreign relations committee of the senate, and Congressman Rogers, acting for Chairman Porter, of the house foreign affairs committee. The memorial said in part:

"We have 500 delegates representing the Union of American Veterans of Armenian Origin—the members of which fought in the recent war—have come to Washington respectfully to express to the President and to congress the profound sense of disappointment which we and our comrades feel at the delay in the settlement of the Armenian question; to call attention to the intolerable conditions to which our kinsmen, the Armenian people, continue to be subject, and earnestly to petition our government to extend to them immediate protection and assistance.

"When we were called to arms and while we were on the field of battle we were happy in the conviction that we were fighting not only in defense of the beloved country of our adoption, but also for the triumph of the principles for which she stands as applied to the protection and liberation of oppressed nationalities, among which we naturally placed first our motherland, Armenia. And if we had been told that a year and a half after the date of the armistice our kinsmen would still be at the mercy of the Turk, would still be subject to violence and massacre, would still be prevented from returning to their homes by an undisarmed foe and forced to the humiliation of subsisting upon charity, we should not have believed it."

FEICK PROPOSAL OPPOSED

South Bend Laborers Still Stand By Demands on Exchange.

[Special to The Indianapolis News]

SOUTH BEND, Ind., April 14.—Although the South Bend Builders and Traders' Exchange agreed Tuesday afternoon to submit their difficulties with the International Hod Carriers, Building and Common Laborers' Union of America, No. 21, to a government regional board of arbitration, representatives of the latter body refused to consider the proposition, virtually rejecting the offer of Fred L. Feick, United States labor mediator, to bring the grievances before such a body. The labor organizations proposed to submit the matter to arbitration if the employers would first tell the employes the wages they would receive, the hours they would be compelled to work, and also recognize the closed shop.

Efforts to bring about a settlement of the strike took place at a meeting of the employers and employes at the Oliver hotel. The meeting was conducted by Mr. Feick and F. R. Carson, mayor. After two hours' argument members of the union withdrew to consider privately the plan of arbitration proposed by the commissioners, only to reject it unless all their demands were met in advance, it is said. At the same time the contractors agreed to arbitrate every proposition except that of a closed shop.

GNAT PEST IN POSEY COUNTY

Deaths of Farm Animals Reported as Plague Spreads.

[Special to The Indianapolis News]

EVANSVILLE, Ind., April 14.—Buffalo gnats, which have given considerable trouble in western Kentucky and a few parts of Indiana, have made their appearance in Posey county, and a number of fatalities among farm horses were reported Monday and Tuesday. The swarms are most numerous in the Wabash bottoms and low, swampy, wooded places.

The insects are attacking horses and mules at work in the fields. Farmers of this vicinity have adopted a number of means of combating the pest, but so far none has proved very successful. The most common practice is to tie a loose cloth over the nostrils of the horses and mules.

CHURCH IS RENAMED.

Princeton Structure, Remodeled, to Be Soldier Memorial.

[Special to The Indianapolis News]

PRINCETON, Ind., April 14.—The Gibson Street Methodist Episcopal church here has changed its name to the Gibson Memorial Methodist Episcopal church, in honor of the soldier dead of this county. The church is now being reconstructed, and when the work is completed the War Mothers and the American Legion of the county will have charge of the dedicatory services.

Goes West for Wedding.

[Special to The Indianapolis News]

COLUMBIA CITY, Ind., April 14.—Miss Marie Perry, daughter of Mr. and Mrs. William Perry, east of this city, left yesterday for Corvallis, Ore., where she will become the bride of Leo Fries, a graduate of the University of Michigan in 1915 and at present a teacher of English in the Oregon Agricultural College at Corvallis. Miss Perry was a teacher in Whitley county.

THIS COUNTRY WILL BE RUN BY AMERICANS, SAYS WOOD

[From Leonard Wood's Speech at Boston]

So far as we can see organized labor is now undergoing attack from the radical element within itself, and it is a pretty well organized attack.

It (the outlaw railroad strike effort) looks like the one big union idea. There is no one big union going to go over in this country. This country is going to be run by Americans, cost what it may. It does not make any difference what the cost is. It is going to be run on a basis of government under the Constitution, with due respect for law and order, with a recognition of the supremacy of the law, the rights of property, the rights of the individual, the rights of mankind. No class legislation, no autocracy, either of wealth, labor or power, but a real democracy and a spirit of co-operation and helpfulness.

I have had to bump into some other ugly strike situations in the middle west and wherever there has been radicalism and trouble, in the dangerous situation I have always found the alien Red in control; very seldom an American leader. We want to get rid of the alien leader, the professional agitator. I have found American workmen at least 95 per cent. square, square as a die and wanting to run straight, but we have got to interest ourselves a little more in these problems.

INDIANA DEATHS

NEWCASTLE, Ind., April 14.—Scott Thornton, of this city, is dead at Marietta, Ga., where he was spending the winter with a relative....Leeburn Draper, age sixty-two, is dead of Bright's disease at his home here. A widow survives....Horace G. Newman, age sixty-four, is dead of heart disease at his home in the city. He is survived by two daughters.

COLUMBUS, Ind., April 14.—Mrs. Margaret Kennedy, age eighty-four, died at her home here yesterday after an illness of three weeks, due to a broken hip received in a fall. Three daughters survive.

JEFFERSONVILLE, Ind., April 14.—Mrs. Sallie Curry, age sixty-one, wife of Erv L. Curry, died of Bright's disease yesterday.

MUNCIE, Ind., April 14.—Mrs. Martha Jane Bechtell, wife of J. R. Bechtell, is dead at her home here after a long illness. Besides the husband, four daughters and four sons survive.

SEYMOUR, Ind., April 14.—Mrs. Kate Murphy, age seventy-seven, widow of Charles W. Murphy, died yesterday at her home in this city. She moved here from Washington three weeks ago.

MILTON, Ind., April 14.—Mrs. George Davis, age fifty, is dead at her home near Jacksonburg, north of here. The body was taken to St. Louis, Mo., for burial. Mrs. Davis is survived by a husband and several children.

SHELBYVILLE, Ind., April 14.—Mrs. Theodocia Heustis, age sixty-eight, wife of Stephen H. Heustis, local druggist, died at her home here Monday. Besides the husband one brother survives.

EVANSVILLE, Ind., April 14.—Gaines A. Condit, age fifty-five, an insurance man, died suddenly in the office of a physician here yesterday. Mr. Condit had lived in Evansville a number of years and was active in Democratic politics. Six years ago he was a candidate for the Democratic nomination for recorder of Vanderburg county. He is survived by a widow, one daughter and one son....Mrs. Roy E. Gaines is dead of pneumonia at her home here. A husband and one daughter survive....Morris H. McNutt is dead at his home in this city. The body will be taken to Grandview, Spencer county, for burial. The parents, Mr. and Mrs. Charles McNutt, survive.

MT. VERNON, Ind., April 14.—Bolley McFaddin, age seventy, a farmer and grain dealer, is dead at his home here. He was a descendant of the McFaddins, for whom this city was originally named. He is survived by a widow and one sister....Mrs. Catherine Newman, age sixty-six, widow of George Newman, is dead here. She is survived by two daughters.

VINCENNES, Ind., April 14.—Mrs. James Bruce, age eighty-eight, is dead at her home in Bruceville, just north of Vincennes. The town where she lived was named after her husband. The Bruce home, still standing, was built in 1812.

GOSHEN, Ind., April 14.—Joseph Leacock, son of Mrs. Hester Leacock of Benton township, is dead at Pittsburg, Pa., where he was engaged in business. Besides the mother a widow, one son, a brother and two sisters survive....Nellie Leer-Derby, age twenty-three, wife of William O. Derby, of Elkhart, and sister of Lawrence Leer, of New Paris, a member of the lower branch of the Indiana general assembly, was found dead at her home by her husband.

HUNTINGTON, Ind., April 14.—Funeral services for Samuel M. Payler, who died of heart disease here Monday, will be held tomorrow at the First Presbyterian church, in the charge of the Rev. W. T. Angus and Dr. Charles Little, of Wabash.

FT. WAYNE, Ind., April 14.—Isaac Shaefer, age eighty-nine, a pioneer carpenter contractor, is dead. He came to this city in 1850 from Carlisle, Pa., by way of the old canal.

WARSAW, Ind., April 14.—Joseph Smalley, age seventy-seven, died of dropsy near Warsaw Tuesday. A widow, one son and two daughters survive....Alpheus Caywood, age seventy, is dead of blood poisoning. Two sons and five daughters survive. ....Mrs. Clara McCullough Griffis, age seventy-eight, a lifelong resident here, is dead of Bright's disease. Three children survive.

COLUMBIA CITY, Ind., April 14.—Samuel Riley, age sixty-eight, died of paralysis at his home near this city yesterday. He is survived by a widow and six children.

MAY PAY LOSSES IN PART

James Arnold, Former Head of Defunct Bank, Writes to Friend.

[Special to The Indianapolis News]

COLUMBIA CITY, Ind., April 13.—James Arnold, connected with the Arnold State Bank, at South Whitley at the time it failed, and against whom indictments were returned in 1893, these having been since dismissed, in a letter to William B. Fox, postmaster of South Whitley, expresses his appreciation of the action taken and announced that he hopes to be able to repay in part the losses of depositors.

In the letter, which did not bear a date line or address, Mr. Arnold said he had had yellow fever since leaving South Whitley, which indicated that he had been in tropical regions, probably Mexico or South America. The letter was of a personal nature.

The loss as a result of the bank failure was more than $100,000, but the South Whitley citizens have in a large measure forgiven Arnold, who is not held entirely responsible for the loss, and many persons will welcome him back.

172 NEW TREES PLANTED.

University of Illinois Honors Memory of Her Sons of War.

[Special to The Indianapolis News]

URBANA, Ill., April 14.—The 172 memorial trees planted at the University of Illinois have been registered on the national honor roll of the American Forestry Association at Washington and today they were designated by bronze markers designed by the association. Each marker give the man's name and class beneath the words "Memorial Tree, World War, 1917-1918."

A message from Charles Lathrop Pack, the president of the association, said the tree planting today by the University of Illinois, was the biggest reported for the association's honor roll by any educational institution.

ELIGIBILITY IS TOPIC.

Y. W. C. A. Convention at Cleveland May Change Constitution.

CLEVELAND, O., April 14.—Interest in today's session of the national convention of the Young Women's Christian Association centered in the discussion as to whether girls other than those of the Protestant religion should be admitted to active membership in student associations. At present only members of the Protestant Evangelical church have a vote in the association, and it has been recommended to the national board that membership in student organizations should be dependent on a declaration of faith, rather than church affiliation.

It was said that many of the 2,500 delegates were opposed to changing the constitution.

INDIANA NEWS IN BRIEF

MUNCIE—The Delaware County Fair Association, at a meeting Tuesday, raised the admission price to the fair this year to 50 cents from 25 cents. Other members of the Eastern Indiana Fair Association likely will follow suit.

COLUMBUS—The Bartholomew county council Tuesday made appropriations totaling $24,755, including $7,000 for the expense of the county primaries, May 4. Improvements to be made at the county infirmary will cost $7,000.

WINCHESTER—Ministers and laymen of the Eastern Indiana Christian conference met at Farmland Tuesday. The gathering was in the interest of the forward movement of the Christian church. About sixty ministers and many delegates were present.

EVANSVILLE—Charles E. Harmon, an attorney of this city, has been appointed United States commissioner here by A. B. Anderson, judge of the federal court of Indianapolis. He takes the place of T. T. Hull, a Democrat, who resigned some time ago. Mr. Harmon is a Republican.

PORTLAND—Poling High School, in Jackson township, will get its commission back next year, as a result of an inspection made Tuesday by E. B. Wetherow, state high school inspector. The commission of the school was canceled last year on recommendation made by O. H. Williams, then state high school inspector.

NEW ALBANY—Unless a floating indebtedness of $4,200 is raised by citizens within two weeks, the New Albany Young Men's Christian Association building will be closed. This announcement was made by the board of directors, following a meeting Tuesday. The present building was opened more than twenty-five years ago.

SOUTH BEND—Belle Baker, held in connection with the death of Mabel Carlin, who at first was believed to have been killed in a quarrel last week by being stabbed with a hatpin, probably will be released by the police. An examination by Dr. E. P. Wagner, coroner, indicated that the woman died of heart disease, superinduced by fright. According to the testimony taken by the coroner, the two women drank heavily, quarreled over a man and Belle Baker attacked the Carlin woman with a hatpin. None of the wounds was serious.

WARSAW—The city council has voted to sell the City Hall to W. H. Cook for $12,500. The council plans to buy a new site and to erect a municipal building soon....Fred Yarman, a farmer living near Warsaw, was injured Tuesday evening when his team ran away. He was thrown from the top of a log wagon....The Warsaw fire department has answered thirty-three calls since last August and has not thrown a drop of water. Every fire was extinguished with chemicals. The total loss was less than $500. Seventy-five volunteer firemen have received $10 each for their services last year.

ANDERSON—Potatoes are retailing here at $1.35 a peck, the highest priece ever known in Anderson, and dealers say that families are not buying. The grocers assert they are selling below cost, some saying they paid $11 a two-bushel bag and that, with shrinkage, they have no margin left on potatoes at $5.40 a bushel....Two local lodges of Masons and their auxiliaries are contemplating the erection of a large building for exclusive use of Masonic organizations. The Masonic Temple Association owns a four-story stone front building in Meridian street, between Tenth and Eleventh streets, but the plans for a new building call for another site and sale of the property now owned.

HARTFORD CITY—A bitter fight is being waged in the Blackford circuit court by John Frazier and other school patrons of Jackson township to obtain a consolidated high and graded school. Charles F. Kegerreis, township trustee, is the defendant. It is believed the case will take up the entire week....In announcing plans for the coming year, the Rev. E. M. Dunbar, who recently returned to Grace M. E. church, mentioned the building of a new church to cost approximately $60,000....Construction of the Dailey drainage ditch, ten miles long, in Blackford and Jay counties, was ordered in the Blackford circuit court Tuesday.... Rotarians from Muncie, Bluffton, Marion and Anderson will attend installation exercises of the newly formed club here, April 21, Charles E. Watkins, of Muncie, district governor, will have charge....Brick masons here have announced an increase from $1 to $1.25 an hour in their pay.

SHELBYVILLE—The school board has refused to grant a request of public school teachers here for a bonus of one month's pay this year. A request that the teachers receive their pay twice a month, instead of monthly, was granted. The board also considered the petition filed by the teachers asking for an increase of 50 per cent., for next year. It is understood that the salaries of grade teachers will be raised 50 per cent. and the salaries of high school teachers 40 per cent....Methodist Episcopal churches of Connersville, Rushville and Shelbyville are engaged in a friendly contest to obtain the residence of the district superintendent, Connersville district, Indiana conference. A number of officials of the two Shelbyville churches went to Rushville Tuesday, where they presented their case to the district board of stewards, which was in session there. The district churches will provide a parsonage for the superintendent.

SEYMOUR—The city council, at a special meeting Tuesday afternoon, voted to oppose the petition of the Seymour Telephone Company for rate increases. The councilmen agreed to circulate cards, urging subscribers to order their service discontinued if a further rate advance is granted by the public service commission. The company received permission to increase rates from 25 to 40 per cent. December 1. It is believed that more than two-thirds of the 1,500 subscribers will sign the cards.... The Chamber of Commerce and the Rotary Club have petitioned the city council to postpone the special election, called for April 23, to determine whether or not a sewerage system shall be constructed this summer at an estimated cost of $275,000. The Chamber of Commerce urges that a plat of the present system be made and that plans and specifications for the proposed improvement be prepared before an election is called.

CONFERENCE ON EDUCATION

Federal Commission Plans Meeting at Washington in May.

WASHINGTON, April 14.—Representative citizens from every state were called today by Commissioner of Education Claxton to meet in Washington May 19, 20 and 21, "to consider the pressing problem of education from the standpoint of statesmanship and the public welfare."

Special invitations were sent to the various Governors to head their state delegations, Commissioner Claxton declaring: "The emergency in education in the United States, arising out of the present and prospective shortage of teachers, the necessity for immediate increases in funds for the support of schools of all grades and the need for better adjustment of educational programs to the requirements of the new era are, I believe, of so great importance as to justify the calling of a national conference of representative citizens to consider these pressing problems of education from the standpoint of statesmanship and the public welfare."

Business men, farmers, labor leaders, members of boards of education and editors are among those invited.

TO ABANDON NATURAL GAS

Richmond Utilities Company Will Manufacture Artificial Product.

[Special to The Indianapolis News]

RICHMOND, Ind., April 14.—Natural gas is to be abandoned permanently in Richmond after this year, according to officers of the Richmond Light, Heat and Power Company, who announced today that beginning November 1 artifical gas will be served to patrons of the company.

The natural gas supply has been brought into Richmond from the West Virginia fields for several years, and the service for two years has been unsatisfactory.

Daffodils

Fathered by March, the daffodils are here.
First all the air grew keen with yesterday,
And once a thrush from out some hollow gray
On a field's edge, where whitening stalks made cheer
Fluted the last into the budding year;
Now that the wind lets loose from orchard spray
Plum bloom and peach bloom down the dripping way,
Their punctual gold through the wet blades they rear.
Oh, fleet and sweet! A light to all that pass
Below, in the cramped yard, close to the street,
Long-stemmed ones flame behind the palings base.
The whole of April in a tuft of grass.
Scarcely here, soon will it be—oh, sweet and fleet!—
Gone like a snatch of song upon the stair.

—Lizette Woodworth Reese.

SCRAPS

Steel, when hardened, decreases in specific gravity, but increases in length and diameter.

A French inventor's decoy duck contains clockwork that makes it swim with its feet in a lifelike way.

American meat products are extremely popular in Hankow, China, and find a ready sale in all retail stores.

During the five and one-half years of war in France not a single automobile was sold to a private individual in that country.

A purchase of an old Arab musket in an antique shop in Paris discovered in the barrel of it 240 valuable turquoises, all of beautiful color.

Permanent and practical memorials to James Watt, who died a century ago, are planned by a number of British scientists and engineering organizations.

A new electric dental engine runs on either direct or alternating current or on that supplied by dry batteries where no other supply of electricity is available.

The body of an ambulance invented by an Englishman for horses is mounted on a pivot so it can be turned around to enable an animal patient to walk out head first.

A recently patented coat and hat hanger which can be carried in a pocket and attached to any wooden surface without tools will sustain a weight of sixty pounds.

For the production of cheap electric power, briquettes and certain byproducts the government of Victoria is planning to develop immense deposits of brown coal, estimated to exceed 20,000,000,000 tons.

Dr. Julius A. Ward, of Denver, who boasted that his two-year-old boy is the youngest son of a civil war veteran, must take off his hat to Oscar Linlow Gregory, of East Las Vegas, N. M., a civil war veteran, who has a son only ten months old, and who is seventy-nine, while Dr. Ward is only seventy-two.

An English Victoria Cross officer, who was blinded in the war, still plays golf. He goes on the course accompanied by his wife, and his ball is teed for him by a caddy. His wife assists him to get his feet into exactly the right position. The caddy then rings a tiny bell over the ball so as to indicate to the player's acute hearing the exact spot to which he must aim. On the green he relies also upon touch.

A new terror has been added to the life of the Montreal bachelor. Not merely is he liable for $10 tax, which has already brought in the sum of $117,498, but if he tries to escape payment the girls will make sure that he shall not. About fifty complaints have already been received at the city hall that "such and such a man" was unmarried, and asking that he be made to pay. All women are given credit for desiring to have the law observed.—Toronto Globe.

The fig yield of the vilayet of Aiden has risen from approximately 9,000 tons raised on 10,000 acres of land about thirty years ago, to about 23,000 tons raised on 25,000 acres. However, this advance in supply has not kept pace with the demand, and prices of figs have steadily risen. The big producing areas are, under normal conditions, exclusively tapped by the Ottoman (Aiden) Railway Company's system. The orchards, located mainly in the Meander valley, are owned chiefly by Turks.

Although both are pure carbon, black diamonds have little in common with those more generally worn as ornaments. The black ones are slightly harder than the crystal or gem diamonds, and in fact are nearly the hardest substance known. Black diamonds or carbons are without crystaline form, and are found in irregular pieces ranging in size from half a carat up to three, four and five hundred carats. They are dark gray, black or brownish color and opaque. The real diamond of the jewelry trade is also pure carbon, but translucent, and crystalline in form. Two objects so alike in composition could not be found so opposite in appearance as these two forms of carbon.

ANSWERS TO QUESTIONS

H. G. G.—On what day did January 6, 1904, fall?—Wednesday.

V. B.—What is the distance from Petrograd to Vladivostok?—By the Trans-Siberian railroad, 6,677 miles.

Mrs. C.—To whom should I go for information about getting a parole or pardon for my husband, who is at the Indiana Reformatory?—State board of pardons, Statehouse, Indianapolis.

W. C. S.—Under the workingman's compensation law am I entitled to compensation from date of injury? If not, when does pay begin?—No pay is allowed for the first seven days, and pay is reckoned as beginning after the first seven days.

H. S.—To whom should I write to find the name and address of a Knights of Columbus secretary who was stationed at Laval (Mayenne), France, during March and April, 1919?—National secretary, Knights of Columbus, New Haven, Conn.

A Subscriber—From what book and chapter in the Bible does the minister read in performing a marriage ceremony?—The form of ceremony is not prescribed in the Bible, but varies with different sects. A typical form may be seen in the Episcopal book of common prayer.

V. J.—What are the evening stars now, and when and in what part of the sky may they be seen?—Jupiter, Saturn and Mars are evening stars, according to John Candee Dean. At 8 p. m. Jupiter is overhead, but about an hour west of the meridian. Saturn is overhead on the meridian, not quite so bright as Jupiter. Mars is in the east, close to the horizon, and is better seen at 9 p. m. or 10 p. m., and is easily identified by its ruddy color.

A Subscriber—Is the railroad distance from one town to another measured from corporation line to corporation line, or from station to station?—It is the distance ridden, which is from station to station. (2) If a woman's father pays her insurance for a number of years can her husband share in the claim at her death?—It depends on the provisions of the policy. An agent for the company will give a written statement as to whether the surviving husband could claim to be a beneficiary. (3) Is it proper to eat chicken from the bone with the fingers?—It is not improper, but fastidious persons do not do it.

W. H. L.—Is it lawful and can a property owner be made to pay tax on real estate which is assessed at 25 per cent. more than the property is worth, which valuation is also 25 per cent. more than the owner will take for the real estate?—Yes, but such a condition is good ground for a review and change of the assessment. (2) Can a man be made to pay another man's poll and personal tax, the man owing the tax being out of town and the man who has been asked to pay it having purchased real estate from the party owing the tax?—Not unless the treasurer has taken such steps to collect it prior to the sale as would make such personal and poll tax a lien on the land. Until the treasurer does take action to obtain a lien upon the property, the taxes upon the land are the only taxes which are a lien upon the land, the poll tax being exempt.

TEACHERS' PAY BOOST DECIDED ON BY BOARD

$1,200 AND $1,800 AS MINIMUMS ADOPTED.

BONUS PLAN CONSIDERED

A salary schedule allowing a minimum salary of $1,200 and a maximum of $1,800 for grade school teachers and a minimum of $1,600 and a maximum of $2,500 for high school teachers was adopted by the board of school commissioners Tuesday night. A motion made by Charles L. Barry was passed providing for a special meeting of the board at 4 p. m. Thursday to confer with a committee of teachers on the question of a bonus.

This action was taken as the result of assurances from the state board of tax commissioners that the state board would authorize a school budget necessary to carry out the salary schedule proposed. The subject was taken up with the state board in the afternoon, when it was shown that to obtain money for increased salaries and other urgent school needs the total school levy would need to be increased from 45 cents to 53 cents on the $100, and that this money would not be available before May, 1921.

Limit to Borrowing Power.

The school board can borrow only to a limit of one-third of the proceeds of its special school fund levy, it was pointed out to the tax board. This levy is 22.3 cents and it is not high enough to permit the size of loan necessary. In order to raise the borrowing limit it was proposed to increase the special school fund levy to its legal limit, 51 cents. Thus the one-third limit would be much greater and the school board could borrow enough to pay the teachers the higher salaries. In order to keep down the total levy so that it would be increased by the special fund levy increase it was proposed to eliminate the Library, Manual Training buildings and grounds, and such other small levies, and use the excess of the special school fund levy for the purposes of the eliminated levies.

Suggestion for Bonus.

Frederick Matson, representing the teachers, suggested to the board that a bonus could be given by making new contracts under the new salary schedule for the remaining two months of the current school year, the extra money to come from a loan against the local tuition fund. By agreement with Albert Baker, attorney for the board, a motion by Mr. Barry was adopted that the board be governed by a written opinion from Mr. Matson on the legality of such a loan against the tuition fund.

On motion of Mr. Barry it was also voted that if the opinion of Mr. Matson sustains the board as to the new salary schedule and the legality of the proposed loan against the tuition fund, the proper school officers be authorized to take steps for the retirement of the present contracts with teachers and to negotiate for the loan.

Enlivened by Controversy.

The meeting of the board continued until nearly 1 a. m. and was enlivened by a controversy between Mr. Barry and other members of the board as to the general stand of the board on the question of finances and by a difference of opinion between Bert S. Gadd and George C. Hitt, business director.

Mr. Barry's words with the board came in an unavailing attempt to have the board set a time for a meeting with bankers. He said the school city faced a serious financial situation and that the board was under obligations to take the bankers and the public generally more fully into its confidence. Speaking for the majority of the board, Mr. Crippin, the president, said the school city was far from insolvency.

In reference to authority previously given to the superintendent of buildings and grounds to place window curtains in school No. 71, Mr. Hitt, business director, said he had asked members of the state board of accounts about the expenditure and had been advised it would be illegal. Mr. Gadd referred to other expenditures in saying to Mr. Hitt: "I wish you had been equally as frank in your duty heretofore." Mr. Hitt took exceptions to that and other remarks by Mr. Gadd and replied finally by saying: "Mr. Gadd, I am not here now to be insulted by you in open meeting of the board."

Wages of Others Increased.

The board ordered brick for the Emmerich Manual Training High School from the Western Brick Company, of Indianapolis, for $23.50 a thousand. Announcement was made by the contractor that excavation for the building would be started at once.

The board also granted increased pay for librarians, beginning July 1, and increased pay for custodians, janitors, engineers and firemen, beginning May 1. The increase in pay for the latter is from $10 to $15 a month.

Consideration was given to the advisability of selling the old Library building and erecting an office building for the schools. No action was taken. It was suggested also that steps be taken to sell school No. 22, South Talbott and Arizona streets.

Statement by Sims.

At the conference with the state board of tax commissioners Tuesday afternoon, Fred A. Sims, chairman of the state board, told the conferees that the tax board would not stand in the way of a budget sufficient to meet necessary needs of the Indianapolis school city in the matter of adequate teachers' salaries.

Ralph Douglass, assistant business manager for the school board, said that the school city would have to raise at least $800,000 a year more to pay its teachers a proposed higher salary schedule of from $1,200 to $1,800 a year for grade teachers and from $1,500 to $2,800 for high school teachers.

PLAYS AND PLAYERS

AT THE THEATERS TODAY.

English's—Fanchon and Marco Revue ..... At 8:15
Murat—Burk.
B. F. Keith's—Vaudeville ... At 2:15 and 8:15
Lyric—Vaudeville ..... Continuous

Notes of the Stage.

The Fanchon and Marco Revue closes its engagement at English's with a performance tonight. Beginning Thursday the bill at English's is "Three Wise Fools," a comedy by Austin Strong, the producer is John Golden, sponsor for "Lightnin'," and "Turn to the Right."

Francis X. Bushman and Beverly Bayne coming to the Murat Thursday, Friday and Saturday, had considerable speaking-stage experience before their excursion into the pictures. Bushman began his stage career with a Baltimore stock company at the age of nine, and Miss Bayne was a favorite amateur actress in her home town, Minneapolis. They will appear at the Murat in "The Master Thief."

All of the company surrounding Elsie Janis in her show coming to English's the first half of next week are ex-service men, opponent on the stage, as she says in a certain speech, "for the first and probably the last time."

Story and lyrics for Henry Savage's production of "See-Saw" coming to English's the last half of next week are by Earl Derr Biggers and the music is by Louis Hirsch.

"Gaities of 1919" coming to the Murat all of next week, will be the third Winter Garden attraction to be seen at that theater this season. Its predecessors were "The Passing Show" and "Monte Cristo, Jr."

"Treat 'em Rough," is William L. Gibson's advice to newly married men, and he proceeds to demonstrate how it should be done in his comedy playlet, "The Honeymoon," at Keith's this week. The skit is not gentle with the bride, but it leaves no sting in the mind of an audience, and easily waltzes with the comedy honors of an excellent vaudeville bill.

Duke Rogers, of the team of Vernon and Rogers, at the Lyric this week, was born and reared in Bedford, Ind. His last visit to this city was in "Bringing Up Father," one of the first attractions to play at the Murat theater.

SOCIETY

The Utili Dulci Club meeting for this week has been postponed.

The Emergency Club will meet Thursday afternoon with Mrs. N. J. Hammel.

The Tarry Awhile Club will give a theater party at Keith's Thursday afternoon.

The Independent Athletic Club will give a bridge party at the club Friday afternoon.

Mr. and Mrs. William S. Allen and Mrs. Charles Krauss are at Martinsville to spend two weeks.

Mr. and Mrs. Harry Hauger and little son of Pasadena, Cal., are visiting Mrs. Hauger's parents, Mr. and Mrs. James D. Smith.

The Study Circle of the Council of Jewish Women will meet Thursday afternoon of next week in the vestry rooms of the Temple. Mrs. Demarchus Brown is the leader.

The Beta Chapter of the Gamma Delta Epsilon will be entertained tonight by Miss Grethel Zaring. Special guests will be Miss Clessa Bray, a new pledge of the sorority, and the Misses Helen Beeler, Louise Holt, Helen Burkett, Ruth Philips and Helen Thompson.

The officers and committee members elected by the Sesame Club Tuesday at the home of Mrs. Murry Chenoweth include Miss Laura Reynolds, president; Mrs. Charles Sowder, vice-president; Mrs. Charles Nichols, secretary-treasurer, with Mrs. Louis Eiler, as assistant; Mrs. James Darnall, chairman of the program committee, assisted by Mrs. Chenoweth and Mrs. Louis DeYelling.

Mrs. Warren Bird was the hostess this afternoon for a luncheon-bridge for Mrs. E. E. Wood Nichols, a recent bride, guests for fifteen tables being entertained. The luncheon was served at the card tables, which were lighted with pink tapers in silver holders tied with pink tulle. Pink and white spring flowers adorned the rooms. Among the guests was Mrs. W. P. Huston, of Kokomo. Mrs. Bird was assisted by Mrs. Pearl Nichols, Mrs. J. B. Wingfield, Mrs. C. S. Walker and Mrs. Wesley Shea.

The Daughters of Isabella gave a lavender ball Tuesday evening at the Athenæum. A shower of lilies hung from the center of the ballroom ceiling, from which lavender draperies extended to the corners of the room. The walls, the balcony and the stage were draped in lavender and a lavender spotlight was turned on little Marian and Dorothy Kirkhoff as they led the grand march. The committee on arrangements included Mrs. Charles Kirkhoff, chairman, with Mrs. James Rocap, Mrs. Frank Kirkhoff, Mrs. John Trenck, Mrs. J. P. Mullally, Mrs. William Wechler, Mrs. John O'Brien, Miss Amelia Vanier, Mrs. August Krieg, Mrs. J. P. Knarzer, Miss Catherine Sullivan, Miss Nellie Noon, Miss Mabel Lavery and Miss Agnes Mahoney.

The following officers and committees were elected by the Fortnightly Literary Club Tuesday afternoon at the Propylæum: Mrs. Louis H. Wolff, president; Mrs. F. Ellis Hunter, first vice-president; Mrs. Perry H. Blue, second vice-president; Mrs. Frank Fowler, corresponding secretary; Mrs. Edward H. Greer, recording secretary; Mrs. E. M. Thompson, treasurer; membership committee, Mrs. Henry Kahn, chairman; Mrs. Arthur V. Brown, Miss Sue Howe, Mrs. William N. Wishard and Mrs. Albert P. Smith; room and finance committee, Mrs. J. P. Dunn, chairman; Mrs. Allen Hendricks, Mrs. Jesse Moore, Mrs. A. B. Anderson and Mrs. John Curry; program, Mrs. A. L. Lockridge, chairman; Mrs. William N. Dye, Mrs. Charles P. Doney, Mrs. J. F. Barnhill and Mrs. E. M. White.

Reviews Stage Career.

An eventful stage career was reviewed briefly by Rose Coghlan in an informal talk to members of the Woman's Press Club of Indiana Tuesday at the monthly luncheon at the Columbia Club. Miss Coghlan and her daughter, Rosalind Coghlan, who also is playing in the sketch at Keith's this week, were guests of the Press Club. Mrs. William Herschell, president, introduced Miss Coghlan. The club members discussed the canvass for interesting relics and costumes of the nineteenth century, which will be displayed at the centennial tea of the club, to be held Saturday afternoon, April 24, at the Hotel Severin. The Press Club has issued its 1920 year book, showing that it has eighty-four active members, women writers of the state, and seven corresponding members.

Bishop Observes 75th Birthday.

[Special to The Indianapolis News]

FT. WAYNE, Ind., April 14.—The Rt. Rev. Herman Joseph Alerding, Catholic bishop of Ft. Wayne, quietly celebrated his seventy-fifth birthday anniversary yesterday. He spent the day at his home where he received greetings and well wishes from the clergy and laity. Bishop Alerding is in good health.

HELD IN CONNECTION WITH KENDALL MURDER

GEORGE SCHWANDER IS ARRESTED AT WASHINGTON.

YOUTH WANTED AT ELWOOD

[Special to The Indianapolis News]

WASHINGTON, Ind., April 14.—George Schwander, age twenty, wanted at Elwood in connection with the murder of Joseph Kendall, an aged man, on the night of March 30, was arrested here Tuesday afternoon. Elwood authorities, according to a letter from the chief of police there, believe Schwander killed Kendall and stole between $200 and $300 which Kendall carried at the time.

Schwander, who has four sisters here, was arrested at the Baltimore & Ohio railroad shops, where he started work Monday. He is a son of Joe Schwander, of this city.

Returned to Elwood.

[Special to The Indianapolis News]

ELWOOD, Ind., April 14.—George Schwander, who was arrested at Washington yesterday for alleged connection with the murder of Joseph Kendall here, was brought to this city today. Schwander, who roomed and boarded with Kendall at the Stanley restaurant, left the city two days after the murder. Local police have not announced what evidence they have against him.

Rome-to-Tokio Flyers Killed.

KARACHI, British India, April 14.—Captain Gordesco and Lieutenant Grassi, Italian aviators engaged in the Rome-to-Tokio flight, were killed at Bushire, on the eastern shore of the Persian gulf, today. They were attempting to land after crossing the gulf when their machine crashed to the ground.

FUNERAL OF MRS. CLARKE

Life-Long Resident of Indianapolis Died Tuesday.

Funeral services for Mrs. Mary A. Clarke, age seventy-nine, a life-long resident of Indianapolis, will be held at the Second Presbyterian church Thursday afternoon at 2:30 o'clock. The burial will be private. Mrs. Clarke died Tuesday at the home of her daughter, Mrs. H. F. Hubbard, 139 West Twenty-eighth street. She had been active for many years in the Second Presbyterian church. She was baptized by Henry Ward Beecher.

Mrs. Clarke was the widow of Alfred D. Clarke, who was connected with bookstores in Indianapolis. Surviving are the following children: Mrs. H. J. Kreider, Chicago; Mrs. H. E. Fieber, Mrs. S. C. Plum and Mrs. Hubbard, Indianapolis; C. S. Clarke, Chicago, and W. H. Clarke, Omaha, Neb. Twelve grandchildren and ten great-grandchildren also survive.

MANY VISIT EXHIBIT.

Industrial Arts Display Is Opened With Attractive Program.

The Industrial Art Exhibit which opened Tuesday night at the colored men's branch of the Young Men's Christian Association attracted a large attendance. The twenty-two booths, representing industries owned and operated by colored persons of the city, are artistically decorated, and the illumination adds greatly to the display.

A pleasing program has been arranged for each evening this week. The program Tuesday night including a band concert, minstrel features by Hazard, Thomas and Carr, boxing and wrestling matches, with Bess and Marshall, and Edwards and Webster, and a tug-of-war. Admission is free.

The management announces that the presidential preference contest, which was to have been a side feature of the fair was eliminated because of the small number entered.

LARGE MUNITION RESERVE

Navy Had Big Supply When War Started, Strauss Says.

WASHINGTON, April 14.—Some sidelights on the navy's preparation for war were related to the senate investigating committee today by Rear-Admiral Strauss, former chief of ordnance, who was in charge of laying and later removing the North sea mine barrage.

Admiral Strauss said that as soon as the world war started in 1914, the navy began laying in a large supply of reserve guns of all calibers, powder and projectiles with the result that when the United States entered the war there was no shortage of this equipment.

The witness told the committee that the navy deserved full credit for the North sea mine barrage as the British admiralty and Rear-Admiral Sims failed to approve the project when it first was suggested.

Rainbow Division Convention.

Plans are being made for the state convention of the Rainbow Division Veterans, which will be held at the Hotel Severin May 29. There are six chapters of the organization in Indiana, with about 1,200 members. The national convention will be held at Birmingham July 12 to 14, and many Indiana members will attend.

PETTIS DRY GOODS CO
THE NEW YORK STORE EST. 1853

AT THE LOCAL PICTURE THEATERS

OHIO—Clara Kimball Young in "The Forbidden Woman," all the week. Other pictures include "The Hall Room Boys" comedy, a Mutt and Jeff cartoon comedy, the International News and Literary Digest screen topics. Special music by the Ohio Orchestra, Madeline Sacks, director, and the Ohio All-Star Quartet.

COLONIAL—Olive Thomas in "Youthful Folly," all the week; also Snub Pollard in his latest comedy. A Prizma subject in natural colors and the Selznick News of current events. A special musical program is given by the American Harmonists and the Liberty Quintet.

CIRCLE—Norma Talmadge in "The Woman Gives," all the week. An added screen feature is "Edgar and the Teacher's Pet," a Booth Tarkington Penrod story up to date. Special music is provided by the orchestra and by Yvonne LeRoux, violinist. Pathe weekly news is also shown.

ALHAMBRA—Tim Mix in "The Daredevil," last half the week. Other pictures include a Lyons-Moran farce and the Fox news weekly.

ISIS—Theda Bara in "Lure of Ambition," last half the week. Other program features include an Alice Howell comedy and Tad Dorlan's entertainers.

CRYSTAL—Alice Joyce in "The Sporting Duchess," all the week; also a comedy and the current news weekly and a musical program by the Crystal entertainers.

REGENT—James J. Corbett in "The Prince of Avenue A," all the week; also Texas Guinan in "Fighting the Vigilantes."

SMITH'S—Roy Stewart and Marguerite LaMotte in "The Sagebrusher," picturized from an Emerson Hough novel. Music is supplied by a saxophone trio and a male quartet.

WITH THE STARS OF MOVIELAND.

Clara Kimball Young in "The Forbidden Woman," at the Ohio gives a performance that is sincere and convincing. The photoplay is an adaptation from the book by Leonore J. Coffee which reveals the secrets of a dazzling Parisian opera star at the hight of her glory. Several thrilling scenes involves Diane Sorel, a celebrated young French artiste, whose beauty and charm have brought her countless admirers, with whom she flirts and coquettes. When one of these unsuccessful admirers commits suicide, Diane seeks refuge in America where she meets Malcolm Kent, an author. The story of these two is one that holds an audience throughout the showing of the picture. The cast includes Conway Tearle, Kathryn Adams, Winter Hall, Milla Davenport Jack McKinnon, Jiquel Lanoe and Master Stanton Williams.

The charm and mystery of a girl of the old south is portrayed by Olive Thomas in "Youthful Folly," the feature at the Colonial for the week. Miss Thomas appears in the role of Nancy Sherwood, who has become tired of the quiet life on a plantation. The early incidents of the story takes place on the plantation and most of the scenes were filmed in Georgia and Louisiana. Nancy had always wondered what lay beyond the purple hills of her home. An unhappy marriage to a New York man provides many stirring situations which culminate in an unusual climax. Crauford Kent, plays opposite Miss Thomas and others in the cast include Harry Truesdale, Florda Kingsley, Eugenia Woodward, Pauline Dempsey and Helen Gill.

New thrills and deeds of daring are found in Tom Mix's latest melodrama, "The Daredevil," at the Alhambra, the last half of the week. Mix makes his bow in the role of Tim Atkinson, lazy son of a wealtlay father whose indifferent attitude toward responsibility leads his parent to send him west, in hopes that contact with life in the raw will develop some worthwhile qualities in him. The first experience being a failure, dad on his son's return home sends him to a lonely railroad post. The only rift in the clouds for the young man is the friendly attitude of the superintendent's pretty daughter. She believes in him, and subsequent developments prove her trust well founded. Eva Novak, Lucille Young, George Hernandes and Harry Dunkinson are prominent in the supporting cast. There will be a Lyons-Moran farce and the Fox news weekly.

Theda Bara at the Isis the last half of the week in the "Lure of Ambition," is cast as Olga Dolan, born a child of the slums who, through the driving power of ruthless ambition rises to the position of the duchess of Rutledge. Early in life an experience embittered her against all men she determined to make a place for herself in the world at any cost. She planned a campaign of action and carries it through, making up in the end for the shortcomings of her early life. Miss Bara is supported by William B. Davidson, Peggy Parr, Dan Mason, Thurlow Bergen and others.

"The Sporting Duchess," starrinz Alice Joyce in the film version of the spectacular Drury Lane melodrama, continues for the remainder of the week at the Crystal. The production is regarded as one of the most spectacular and thrilling ever produced. Beautiful locations, exquisite interiors, gorgeous gowns and race track atmosphere supply a fitting background for the dramatic thrills which culminate in the big race scene. Miss Joyce is supported by a cast of notable players, including Percy Marmont, Edith Walker, Lionel Pape, Dan Comfort, William Turner and others.

Penrod and his companions, children of the Schofields, brain children of Booth Tarkington, have come to life at the Circle this week. On the screen Penrod is Edgar, and he appears before the movie public in the first of what is to be a series of Tarkington comedies. "Edgar and the Teacher's Pet." The remarkable gift for representing the genuine qualities of childhood demonstrated in the Penrod stories has been transferred almost perfectly to the screen. The feature picture is "The Woman Gives," an adequate screen version of Owen Johnson's novel of the same name. Norma Talmadge is effective in the principal role, which, because of her vivid beauty and a certain softness, fits her perfectly. Music includes the overture from "William Tell," played under the direction of Ernest Schmidt, and violin solos by Yvonne LeRoux.

A double feature program is presented at the Regent. In addition to James J. Corbett in "The Prince of Avenue A," Texas Guinan will be seen in a two-reel western, "Fighting the Vigilantes." "The Prince of Avenue A," starring Corbett, is a story of New York life and Corbett appears in the role of a politician. The locale rapidly changes from Avenue A, the boulevard of poverty, to Fifth avenue, the street of plenty. Corbett, in the role of Barney O'Connor, cleans up a political ward, makes himself welcome in the homes of the rich and marries a wealthy girl.

Smith's is presenting a well-known Emerson Hough novel, one of his earlier ones, "The Sagebrusher," as the feature attraction all the week. Roy Stewart and Marguerite LaMotte are seen in the principal roles. The hero is an unusual type for screen entertainment, for he is neither handsome nor rich. But he is kind to the little blind girl who marries him without knowing exactly what she is doing, and in the end he gives his life for her. The settings for this story in ranch life are well chosen, giving a fine effect of vast tracts of open country. One of the dramatic scenes in the picture shows the breaking of a lam which floods Mary's ranch. A saxaphone trio and a male quartet provide music.

LAND BRINGS $200 AN ACRE

Samuel B. Walker Buys Farm on Rushville Line.

Samuel B. Walker has bought 107 acres of farm land near Stop 8 of the Rushville line of the Indianapolis & Cincinnati Traction Company and just south of the Brookville road, from Flora B. and Margaret Davis for $200 an acre.

The farm was bought in 1870 by Robert Davis, father of the two sisters, from Levi Conwell.

Mr. Walker recently sold his farm of 160 acres, three miles northwest of Plainfield, for $175 an acre.

The deals were negotiated by Elam M. Duffey, of the Luke W. Duffey Farm Sales Company.

TOM, DICK AND HARRY JOIN HORDE OF FANS

OFFICIAL OPENING OF AMERICAN ASSOCIATION AT WASHINGTON PARK.

PARADE IS BIG FEATURE

GOVERNOR GOODRICH AND MAYOR JEWETT TAKE PART IN CEREMONIES.

Indianapolis fandom todly joined other cities in doffing its hat to baseball, the day when the street urchin and the banker may rub elbows and argue on even terms. Before game time the indications were that Washington park would need elastic fences to hold the crowd. Every Tom, Dick and Harry seemed to be headed for the baseball park and there was a good reason for this. The American Association has offered a trophy for the largest opening day crowd in the circuit and Indianapolis fans went after this trophy with a determination to win.

The Indianapolis Indians officially ushered in the season by opposing the Toledo Mud Hens in the first of a four-game series. Other Association openers were St. Paul at Milwaukee, Minneapolis at Kansas City and Columbus at Louisville.

Parade Big Feature.

One of the big features of the opening day ceremonies here was the parade scheduled to start at Meridian and Michigan streets before the game. Nearly every civic, commercial and fraternal organization in the city, in addition to several religious bodies, got in the big doings, at the instigation of the Rotary Club and the Chamber of Commerce. The details had been worked out for a week or more and when the bright sunshine came out early today there was a gladsome acknowledgment by a tremendous outpouring of fans.

Roltare Eggleston, chairman of the flotary baseball committee, and Captain Harry Franklin, of the police department, were in charge of the parade and they began to marshal their forces at 1:45 o'clock. A troop of mounted patrolmen was to head the parade, followed by a truck mounted band of musicians. Governor Goodrich, Mayor Jewett and W. C. Smith, owner of the Indianapolis club, were booked for the next car, followed by the managers, Jack Hendricks and Roger Bresnahan, and the players of both clubs in other autos. The Rotary Club and Chamber of Commerce members, several hundred strong, were to fall in and be trailed by the miscellaneous bodies and fans in general. The prospects were for one of the largest automobile parades in the history of the city.

Line of March.

The line of march was south in Meridian street to Ohio, east to Pennsylvania, south to Washington and west to the ball park, where additional ceremonies were scheduled. The flag raising in center field was expected to be impressive. The Governor, mayor, club officials and players of both teams were to march to the flagpole with the band and unfurl a large American flag.

A number of young women had been coached to carry a basket of flowers in which was a new baseball, from the Governor's box to Mayor Jewett, who promised to be ready for a windup and first heave of the ball over the plate.

Washington park was in new dress, many improvements having been made during the last month. There were some splendid decorations, also eighteen American flags fluttering from poles on top the stands.

A warning was issued that the bleachers on the far side of the park from the grand stand would not be used. Owner Smith had them inspected yesterday, and it was decided to keep the crowd from them, as they are old and unsafe.

Other A. A. Openers.

Jazz bands, cabaret performers, automobile parades and aeroplane stunts featured the opening of the season all over the middle west.

The American Association opened at Kansas City with the Minneapolis Millers and 12,000 were expected to witness the battle.

Milwaukee was expected to have a crowd of about 10,000 to see its first opener. A big parade from downtown to the park was a feature. Before the game starts, Lieutenant Gaston, former baseball catcher, was to fly over the park and drop 20,000 handbills containing lucky numbers, entitling holders to baseball passes.

The usual preparations were made for a big blow at Louisville. Especial interest is attached to the series, as Clymer was the Louisville manager for a number of years.

A. B. C. SWAG HERE.

John W. Klingman, secretary of the Indianapolis Bowling Association, today received a draft for $1,698.48, representing the prizes won by Indianapolis bowlers in the recent A. B. C. tournament at Peoria. Of this amount the Central Alley five will get $1,060.

LAST SEASON FOR STALLINGS

NEW YORK, April 14.—George Stallings, manager of the Boston National League baseball club for seven seasons, announced here today that this will be his last year in baseball. Cattle and cotton interests in Georgia will demand all his attention, he said.

Stallings, who has been prominent as a manager of major and minor teams for twenty-five years and gained fame in 1914 when his Boston club climbed from last place in July to win the National League pennant and then defeated Connie Mack's Philadelphia Athletics for the world's championship in four straight games. In his playing days Stallings was a catcher. Other major league clubs managed by him were the Detroit Americans, Philadelphia Nationals and New York Americans.

MOORE CHOSEN CAPTAIN.

BLOOMINGTON, Ind., April 14.—John Moore, western 145-pound intercollegiate champion, was elected captain of the 1920 Crimson team here yesterday afternoon. He succeeds Captain E. Wesley Mumby, who was injured in the first bout of the western intercollegiate meet at Illinois last Friday. Moore is completing his second season as a member of the Indiana mat team.

CARPENTIER TO APPEAR IN ATHLETIC CARNIVAL

FRENCH IDOL WILL BE HEADLINER AT COLISEUM—CHUCK WIGGINS ON CARD.

Indianapolis boxing enthusiasts are to have an opportunity to form their own opinion of Georges Carpentier, the man whom promoters generally regard as the opponent of Jack Dempsey in the next contest for the heavyweight championship of the world. The French war hero, his bride and manager, M. Deschamps, will appear in Indianapolis on Saturday night, May 29, preceding the annual 500-mile race at the Indianapolis Motor Speedway, when Georges will be the headliner attraction of an athletic entertainment to be given at the Coliseum at the state fair ground.

Definite arrangements to this effect were concluded Tuesday night at the weekly meeting of Indianapolis Lodge No. 14, B. P. O. E., under the auspices of which the carnival is to be given. The Elks conducted their negotiations through Charles Olsen, Indianapolis promoter, and Jack Curley, who is managing Carpentier's tour of America.

Olsen is now arranging the boxing card. It will include besides Carpentier, who is expected to appear in several exhibition rounds, other boxers of prominence. Among the number will be Chuck Wiggins, Indianapolis boy, who recently sprang into greater prominence through a series of ring triumphs in Australia.

Wiggins, who hopes to meet Carpentier on his own account during the Frenchman's visit, last appeared before a home crowd at an athletic show held under the auspices of the Shriners at the Coliseum last June, when he scored an easy victory over Phil Harrison, of Chicago, who only a short time before had sounded taps in the ring career of Jack Dillon. Wiggins is now in training at his home here.

Carpentier has been a French favorite for several years. He won the lasting admiration of his countrymen through his brilliant work in the aviation corps during the conflict with Germany and through his quick and decisive victory over Joe Beckett, English champion, at London following the ending of the war. He is the heavyweight champion of Europe.

STATE BOWLING MEET.

FT. WAYNE, Ind., April 14.—The Charmers, a Ft. Wayne team, hit a total of 2,572 in the state bowling tournament last night and landed in seventh place in the five-man events.

That was the only invasion made in the leading ten teams of the three principal classes.

A MANAGER AND MORE

ROGER BRESNAHAN.

Spectators at the opening series between the Indians and Toledo at Washington park will see in Roger Bresnahan, manager of the Mud Hens, a man who occupies an unusual position in baseball. Roger is a manager and more. He is the only combination player, manager and club president in the game. After a brilliant diamond career extending through a term of years at New York, St. Louis and Chicago in the National League, the once famous backstop a few years ago staked his all on Toledo, his home town. Because of the war and troubles common to all managers, Bresnahan as yet has been unable to land a winner and the game at Toledo, conceded to be one of the best baseball cities in the A. A. loop, has failed to prosper as it should. But this year Roger has gone the limit. He has collected, at great expense, what appears to be the best team that the Maumee town has known in years. With it he expects either to rise or fall. So the A. A. season will not be long on its way until Bresnahan will know whether or not he really is to continue to be the duke of Toledo.

BASEBALL, LAST CALL.

All teams interested in the forming of a new Saturday Afternoon Baseball League, should attend the meeting at the Em-Roe Sporting Goods Store, 219-21 West Washington street, tonight. This is the last call to teams for this league, as the organization must be completed tonight.

The following teams will enter the league: Debonair Club, Printers' Union, Universal, Carpenters' Union, Inter-State Car and the Citizens Gas.

BASEBALL GAMES TODAY

Bantam Basket Results.

GARY, Ind., April 14.—A. A. F. bantamweight basketball results:

Pullman Manual Training School, 28; Gary Colored Bantams, 0.

Froebel Bantams, Gary, 24; Austin High Bantams, 7.

Dvorak Park Falcons, Chicago, 18; Hamilton Park Bullets, Chicago, 31.

Tracksters Work Inside.

Butler track men worked in the new gym Tuesday under the direction of Captain Paul Draper. The Butler relay team that will represent the Blue and White in the Drake carnival next week will be given special attention this week.

TOLEDO GETS CATCHER.

NEW YORK, April 14.—The New York Americans today announced the release of the following players: Pitchers Ralph Miller, Charles Murphy and Harry Beimiller, to the Jersey City club of the International League, and Marco de Vitalis, to the San Francisco club of the Pacific Coast League; Catcher Daniel Murphy to the Toledo club of the American Association, and Outfielder Benjamin Geiser, unconditionally.

Special Ceremonies.

In each city special ceremonies were to mark the birth of another season and although there did not appear to be any novelties in sight the fan was sure to welcome the parades, band concerts and other formalities with the usual enthusiasm as the harbingers of diamond doings, more important, to come.

That they will not be disappointed is the prediction of close followers of the National game, for according to these baseball prophets the big and little leagues are facing the most prosperous and successful season in the history of the sport.

These predictions are based on attendance at the southern training camp games, the subsequent interleague exhibition contests and the extraordinary interest generally shown in all forms of athletic contests in recent months.

Close Races Expected.

In addition, the pennant races, once the clubs reach their full playing strength, are expected to be closer and more exciting than has been the case in some past seasons. In both the National and American leagues every team manager has made strenuous efforts to improve the strength of his club during the winter and some apparently have achieved success. In other cases it only remains for one or two youthful recruits to round into major league form in order to weld an uncertain playing machine into a powerful combination which may prove to be one of the baseball surprises of the 1920 season.

While it will be close to June before the true strength of the clubs can be accurately gauged, it is the consensus of opinion among baseball sharps that Cleveland, New York, Philadelphia and Washington are all stronger in the American League than was the case a year ago, while Detroit, St. Louis and Chicago can be expected to equal their 1919 form. The Boston club is considered an uncertainty.

Better Balanced.

In the National League, Philadelphia, Chicago and Brooklyn are thought to be more powerful and better balanced than last year.

New York, Pittsburg and St. Louis appear on a par with their initial strength a year ago, while Boston and Cincinnati do not appear to have improved as perceptibly as other teams in the senior league.

INDICATIONS POINT TO B G YEAR ON TWO MAJOR LEAGUE CIRCUITS

Attendance at Training Camps and Subsequent Exhibition Contests Causes Experts of Game to Expect Successful Season—Majority of Teams Show Renewed Strength.

Tanned and hardened by six weeks of intensive training under southern suns, the baseball teams of the National and American leagues were scheduled to open the 1920 season this afternoon, weather permitting. While it is too much to expect midsummer playing form, there appeared to be every indication that the contests would be conducted under favorable conditions.

The players, however, were not likely to make their debut in the same congenial atmosphere that favored their preliminary work below the Mason and Dixon line, for the general forecast called for cold, fair weather, with high winds. Exceptions were to be expected, however, since the opening schedule is far-flung. In the National League, Boston was slated to play at New York, Philadelphia at Brooklyn, Chicago at Cincinnati and Pittsburg at St. Louis, while the American League clubs were to clash as follows: New York at Philadelphia, Washington at Boston, Detroit at Chicago and St. Louis at Cleveland.

SCRAP NEWS and GOSSIP

SAN ANTONIO, Tex., April 14.—Young Denny, New Orleans welterweight, gave Eddie Huse, the Pacific coast welterweight, an artistic lacing for ten rounds at San Antonio last night. Huse substituted for Bud Logan.

CLEVELAND, O., April 14.—Matt Brock, Cleveland featherweight, and Teddy Murphy, Chicago, will meet in a tenround bout tonight. Tommy Gavigan, middleweight, will try to stage a comeback against Billy Mercer, Pittsburg, in the ten-round semifinal.

TOLEDO, O., April 14.—Articles were signed today for a match between Solly Epstein, the Indianapolis bantamweight, and Frankie Dalley, the Australian bantam champion, to be staged here April 19. The boys will weigh in at 116 pounds at 3 o'clock. Jimmy Walters, manager of Epstein, is trying to arrange a match between Epstein and Jimmy Wilde, the world's champion flyweight.

NO TRIFLING WITH RULES.

The basketball game between Shortridge and Manual which was to be played last evening at the Y. M. C. A. was called off. It was to be played as an independent game although the lineups were virtually the state teams of the two schools. No reason for the cancellation was given although it was thought that probably it was due to the fear that such a game might be contrary to the rules of the Indiana High School Athletic Association.

SOUTHERN LEAGUE OPENS

MEMPHIS, Tenn., April 14.—Southern Association baseball clubs were ready today for a flying start in the 1920 pennant race with each of the four cities in which the inaugural games will be played—Chattanooga, Birmingham, Mobile and Little Rock—predicting a record attendance. Atlanta, last season's champions, will meet Chattanooga; Nashville will open at Birmingham; New Orleans at Mobile and Memphis at Little Rock.

BAN J. READY TO ANNOUNCE APPOINTMENT OF CHAIRMAN

NEW YORK, April 14.—Appointment of a new chairman for the National baseball commission will be announced some time this week, Ban Johnson, president of the American League, declared here last night. Mr. Johnson held a brief conference with John Heydler, president of the National League, here yesterday, and said he would confer with him again within a day or two. Mr. Heydler will attend the opening game of the season in New York today and Mr. Johnson will attend the opening game in Philadelphia.

"We never had any real difficulty in deciding on a chairman," said Johnson; "in fact, Heydler and I had been working smoothly together. The men whom we approached have put up conditions and stipulations which required our thought and consideration. These conditions held us up more than any differences over individuals."

Mr. Johnson conferred here with Umpires Connolly, Dineen, Moriarty and Nallin on the new rules. He said he already had discussed them with Umpires Evans and Chill in Cleveland. The new rules will be strictly enforced in the American League both in spirit and letter, he declared.

A. A. U. CHAMPIONSHIPS GO TO MARION CLUB

EVENTS WILL BE STAGED IN POOL APRIL 30 AND MAY 1.

The Marion Club has been awarded two national Amateur Athletic Union swimming championships and they will be staged in the club pool, April 30 and May 1, according to local officials of the A. A. U. The championships will be the women's 500-yard and the men's 150-yard back stroke swim.

The Marion Club pool is one of the few places in the city where indoor meets can be staged and the events will mark the club's active participation in several branches of athletics.

The Independent Athletic Club, which is well equipped for indoor meets, made a bid for the events, as did the Indianapolis Athletic and Canoe Club. The Canoe Club is planning to build a large natatorium on the club grounds, but as the work has been delayed the club officials withdrew their bid for the championships.

WEATHER INTERFERES.

Wet grounds and bad weather caused the postponement of the Butler-Shortridge game until Friday. If Butler does not play Shortridge Friday, the Manual Training team will be met.

The Blue and White will battle Tech on the Irwin field grounds Wednesday afternoon. As a part of the "Cleanup Day" program on Saturday, the independent Fairbanks-Morse nine will be played at 3 o'clock.

Baseball men were able to do little Tuesday because of the wet grounds. A practice game between the Yannigans and varsity was on for today.

A Special Showing of High-Grade ALL-WOOL FLANNEL SUITS —AT— $35.00 $37.50

Flannels that will measure up to the $45.00 qualities shown elsewhere. Single and double breast. Green, blue and brown.

Fred Wettleaf Is Dead.

DAVENPORT, Ia., April 14.—Fred Wettleaf, a trapshooter of national reputation, died at his home at Nichols, Ia., today, following an operation in August.

NEW YORK, April 14.—Fourteen fond hopes start out today to get "busted."

Fourteen battle scarred hands reach out for a plum that only two will get their fingers around.

The club bosses and managers, of course, are all confident of winning as is indicated by these "before the battle" statements.

August Herrmann, president of the champion Cincinnati Reds: "Manager Moran, as is characteristic of him isn't making any promises or predictions. But I am optimistic. We have the same team that won the championship last year."

Charles Comiskey, owner of the White Sox: "Barring accidents I expect to see the White Sox at the top all the way through the season. We have a stronger pitching staff than last year and the team is just as strong in other departments."

Manager John McGraw, of the Giants: "With one of the best pitching staffs in the league and a strong club, the prospects of the Giants were never better. We will finish at the top I believe."

Manager Huggins, of the Yankees: "The Yankees are the strongest team in the league. With good luck we should win."

Frank J. Navin, president of the Tigers: "Detroit has to be reckoned with this season. The Yankees and the Indians are the only ones to bother us. I think we'll win."

Tris Speaker, manager of the Indians: "Every one is picking Cleveland to win the pennant. If we don't it probably will be a big disappointment. We have a strong club, a better balanced pitching staff than last year and you know what a race we made then."

William Veeck, president of the Cubs: "There's nothing to it but the Cubs. They have the best team in years and they are going to win the pennant. It's going to be the biggest season in baseball history."

Barney Dreyfuss, president of the Pirates: "Manager Gibson isn't making any rash statements. Neither am I. We have a strong club and we'll be up close to the top."

Manager Robinson, of the Dodgers: "Brooklyn is strong where the club was weak last year. Our pitchers are in excellent condition and we have a lot of reserve power. We'll be in the first division."

Branch Rickey, president and manager of the Cards: "Don't count the Cardinals out of it too soon. The Reds proved that anything is possible. Watch us grow."

Manager Cravath, of the Phillies: "Count on the Phils to make a good race. We'll be there with the rest of them when the gong rings."

Manager Stallings, of the Braves: "Everything depends on the Boston pitchers. If they live up to hopes we'll land in the first four."

Manager Burke, of the St. Louis Browns: "We have a ball club that will keep the boys busy to keep ahead of us. We are not much on claiming pennants, but we will try and let the rest of the clubs know we are in the league."

Manager Mack, of the Athletics: "Our club is composed of young players entirely. I think well of them and feel sure we'll make a good race."

Harry Frazee, president of the Red Sox: "The Red Sox are not booked for the cellar. We still have a strong club."

Clarke Griffith, president and manager of the senators: "Washington is going to be heard from in the race this season. I'm not claiming a pennant or anything like that, however."

Wightman Cup Play Retarded.

NEW YORK, April 14.—Inability of European nations to send representative women tennis teams to America to compete for the Wightman cup probably will delay the inauguration of this international competition on the plan of the Davis cup until next year, the United States Lawn Tennis Association announced today. The new trophy, presented to the association by Mrs. Hazel Wightman, the American champion, was to have been played for in August.

Earns $130 Per Day

"The Mack is decidedly the best truck built for a contractor's use. This truck produces for us a *net revenue of approximately $130.00 per day.*"—*From one letter out of hundreds we should like you to read.*

HAVE
you learned a "trade" that enables you to get a fat envelope every Saturday? Or do you just work around from one "job" to another?
Knowing a good "trade" is like having money in the bank. You always have capital on which to rely. If you contemplate learning a trade why not choose
Glove Making
because it is one that is solely for women, is the lightest of the needle trades, has no dull season, is neither noisy nor greasy, has no disagreeable odors, pays high rates and is located out of the factory district in plenty of sunshine and fresh air.
INDIANAPOLIS GLOVE CO.
Liberty and Michigan sts.
"Earn plenty in 1920."

W. H. COOPER & CO.
838 Lemcke bldg.

$500 CASH
and $40 a month will buy frame house on Ruckle st., near 20th st.; 5 rooms and bath on 1st floor and 3 rooms on 2d floor; good furnace; garage; brick alley in rear. Price $4,500.
J. G. McCULLOUGH.
106 N. Delaware st.

BEAUTIFUL MANSION, DEEP WOODED LOT
An ideal home for those desiring plenty of room and beautiful surroundings; located north of 38th st. The house is situated far back from the street amid a number of fine old forest trees. It is exceptionally well built, brick and stucco construction, and contains the following features: A magnificent living room and sun porch, small music room, center hall, small but artistic dining room, breakfast room and kitchen downstairs; upstairs are 3 lovely bedrooms, a sleeping porch, a maid's room and 2 baths, tiled; 3-car brick garage, front drive and porte-cochere. The price is $30,000, and it is worth it.
W. D. PRATT & CO.,
803 Hume-Mansur bldg.
Office, Main 2767. Residence, Wash. 2981.

JOSE-BALZ CO.
Home Builders, 742 Lemcke Annex. Phones: Main 3326. Automatic 21-491.

BRICK veneer New England colonial; $19,500 cash; $7,500 balance 5-year straight loan; will show any time except Sunday. Washington 3124, owner.

PARK AVENUE
Six-room beautiful home, lot 52x175. Living room, dining room, breakfast room, kitchen, inclosed back porch, oak woodwork and hardwood floors, 3 bedrooms, excellent bath, attic, full basement, laundry, heated garage. Hot water heat. The best home you'll ever buy for $7,500.
J. F. CANTWELL CO., REALTORS.
Main 6204. 830 Lemcke bldg.

EXTRAORDINARY home on 38th street boulevard; brick veneer, tile roof, copper gutters, garage, 80-foot lot; $35,000. Main 142 for full particulars.

BRICK VENEER HOME
north; decided bargain; spacious grounds, 200x300. In the choice section near 38th st. boulevard, between Meridian and College ave. This brick veneer residence is a center-hall type; large living room, dining room, kitchen, fireplace, bookcase, massive oak finish and hardwood floors; 4 airy bedrooms, tile bath, cedar closet, finished attic; basement under whole house; double garage, front drive. The grounds, 200x300, are worth at least $15,000; the architect that built home says that it would cost $20,000 to build the house, but instead of asking $35,000, I have been instructed to sell the whole property at $25,000; undoubtedly one of the best buys in the city.
JOHN W. ROBINS.

LEGAL NOTICES—PROPOSALS.

NOTICE OF COMPETITIVE EXAMINATION FOR FIELD EXAMINERS.

Notice is hereby given that the state and deputy examiners of the state board of accounts of Indiana will hold an open and competitive examination in the senate chamber, Statehouse, commencing at 9 o'clock a. m., April 29, 1920, to test the fitness of those desiring to become field examiners for the said board. There are but few vacancies at this time, but those who pass a successful examination will be placed on the eligible list of field examiners to fill vacancies that may occur from time to time. There will be fifteen questions, five of which will be entirely upon engineering phases of the work of the state board of accounts; each applicant will be required to answer any ten of said fifteen questions.

JESSE E. ESCHBACH, State Examiner.

April 14, 1920.

NOTICE OF SALE OF REAL ESTATE.

Notice is hereby given, by the undersigned administratrix of the estate of Louisa Mann, deceased, that on and after the hour of 10 o'clock a. m., April 26, 1920, at the law offices of Hohlt & Becker, 758-60 Lemcke Annex, City of Indianapolis, Ind., she will offer for sale the following described real estate, to wit:

Commencing 20 rods east of the northwest corner of Section 13, Township 15, north of range 2 east, and running south 20 rods, thence east 16 rods, thence north 20 rods, thence west 16 rods to the place of beginning, containing 2 acres more or less, all in Marion county, Indiana. Said real estate is located on West Morris street, one square east of Ben Davis High School.

Said real estate will be sold under order of the probate court of Marion county, Indiana. The terms of sale will be for cash and not less than the full appraised value thereof. Said real estate will be sold to the highest and best bidder, under said order of court.

JESSIE P. CAMPBELL, Admx. of Estate of Louisa Mann, Decsd.

BIDS FOR MOVING VOTING BOOTHS.

Notice is hereby given that the undersigned, the Board of Commissioners of Marion county, Indiana, will, up to 10 o'clock a. m., April 23, 1920, receive sealed bids for delivering all voting booths, tables, ballot boxes and all equipment belonging to said voting booths to the 176 precincts in Marion county for the primary May 4, according to specifications on file in the office of the Auditor of Marion county. Each bid must be accompanied by a bond and an affidavit as required by law. The board reserves the right to reject any or all bids.

Witness our hands, this 13th day of April, 1920.

LEWIS W. GEORGE,
JOSEPH G. HAYES,
CARLIN H. SHANK,
Commissioners of Marion County.

Attest:
LEO K. FESLER, Auditor.

BIDS FOR CREAM SEPARATOR.

Notice is hereby given, that the undersigned, the Board of Commissioners of Marion county, Indiana, will, up to 10 o'clock a. m., April 29, 1920, receive sealed bids for a cream separator for Marion County Asylum for Poor, according to specifications on file in the office of the Auditor of Marion County. Each bid must be accompanied by a bond and an affidavit as required by law.

The board reserves the right to reject any or all bids.

Witness our hands, this 14th day of April, 1920.

LEWIS W. GEORGE,
JOSEPH G. HAYES,
CARLIN H. SHANK,
Commissioners of Marion County.

Attest:
LEO K. FESLER, Auditor.

NOTICE is given that the undersigned corporation has filed its petition in the Marion circuit court, Marion county, Indiana, for an order changing its name to the Armstrong Transfer and Warehouse Company, and that the matter of said petition will be heard on May 22, 1920, or as soon thereafter as counsel can be heard. ARMSTRONG TRANSFER AND TRUCKING COMPANY, By Holtzman & Coleman, Attorneys.

NOTICE is hereby given of the annual meeting of the Indianapolis Salvage Corps of Indiana to be held Monday, May 3, 1920, at 10:30 a. m., at the headquarters of the corps, 422 E. New York st., Indianapolis, Ind., for the purpose of electing trustees and to transact such other business that may come before the meeting. Kindly delegate some one to attend this meeting, and also advise us whom you select. THE INDIANAPOLIS SALVAGE CORPS OF INDIANA, E. H. Forry, Secretary.

FINANCIAL.

LOANS PAYABLE MONTHLY on improved city property. Payment reduced every month. Interest based on monthly balance of principal. Converts itself into a straight loan at lower interest rate when 30 per cent. of principal is repaid. FARMERS TRUST CO., 150 E. Market st.

INSURANCE in all branches. AUBREY D. PORTER, 910 Law bldg. Main 7049.

WANTED—Real estate mortgage loans; 6 per cent. MEYER-KISER BANK.

CHATTEL LOANS.

QUICK LOANS. $100—$200—$300 or Less on Furniture, Pianos, Live Stock, Etc.

We are under supervision of the state of Indiana. We will loan you any amount up to $300 under the legal rate and give you all the time you need to repay the loan. You pay only for the time you have the money. You have the option of paying the entire loan at any time, and interest will only be charged for the actual number of days you have the money. No worthy person refused.

We do not notify your employer, neither do we make inquiries of your relatives or friends. Our rates are low—our plan is best.

If you owe another loan company come to us and we will pay them off and advance you more money to pay up all your small bills, then you will only have one payment to make each month. It will cost you nothing to call and have us explain our plan, rates, etc., and a very small amount if you borrow.

SECURITY MORTGAGE LOAN CO., Rooms 207-209 Indiana Trust bldg. M. 2923. 113 E. Washington. Auto. 22-450.

You can BORROW MONEY so cheap and on such easy terms of repayment from the Fidelity Loan Company, a licensed and bonded firm, for use in paying overdue bills or to buy the things you need for cash at bargain prices that every one should take advantage of our service. Loans on furniture, $20 to $300, at legal rates, on short notice and without publicity. We give you all the time you want to repay a loan and only charge for the actual time you have the money. Fair, isn't it? You can afford to borrow. On $40 pay $2 a month and interest; on $60 pay $3 a month and interest; on $100 pay $5 a month and interest. Pay more any time and reduce the cost. In your behalf we are on the job eight hours a day, and through personal contact and personal service, plus a deep personal interest, we can serve you and your friends as you wish to be served. In these unusual times, business friendships, close relations, mutual understandings and co-operation are real assets to all of us. We are ready to go three-fourths of the way. Now it is up to you. FIDELITY LOAN CO., 106 E. Market st. M. 1278. R. 532 Lemcke bldg. Auto. 27-782.

DONT'S TO REMEMBER. Don't borrow unless it is necessary; don't borrow money from unscrupulous money lenders or persons not licensed by the state; don't mortgage your furniture without a clear knowledge and understanding of the agreement; don't forget the legal rate of interest is 3½ per cent a month. Our rate is 2½ per cent. Don't hesitate to call on us for any information you desire. INDIANAPOLIS PUBLIC WELFARE LOAN ASSOCIATION, 337-330 Occidental bldg. Organized in 1912 for the purpose of making chattel loans at a low rate of interest.

TAX MONEY LOANS. $300 or less on household goods, pianos and diamonds, with the privilege of paying the loan in full at any time, thereby saving the interest. You can't help but like our reliable and efficient service, which we can justly say is not equaled in the city. If you are in need of money to pay your taxes, just write, phone or call the INTERSTATE COLLATERAL LOAN CO. J. M. Beroset, manager. A loan office with exclusive features. 508 Odd Fellow bldg., corner Pennsylvania and Washington. Main 3130. Auto. 21-430.

WHEN YOU NEED MONEY investigate "The American Loan Co.'s" rates and methods.
$50.00, total cost 4 months, $4.38
$100.00, total cost 4 months, $8.75
All other amounts same proportion.
No charge for papers. Nothing deducted.
Loans made on furniture, Victrolas, pianos, live stock, etc.
Call or telephone us.
THE AMERICAN LOAN CO.'S
205 Law bldg. 134 E. Market st.

LOANS. $50 for $1.75, $100 for $3.50, on furniture, pianos, automobiles, live stock or anything of value; $20 to $300, at legal rates. We are licensed and bonded in the state. INDIANAPOLIS FINANCE CO. 201 People's Bank bldg., 134 E. Market st., formerly Law bldg. Tel. Main 2251. Auto. 27-473.

CHATTEL LOANS.

WE HAVE THE MONEY. How much do you need? We will loan you enough money to pay up all your bills and have extra cash to buy what you need for spring. Pay us back in large or small monthly payments. See us about terms on $50, $100, $200, $300. Loans made on furniture, pianos, Victrolas, autos or fixtures for any amount up to $300. Call, write or phone. STATE LOAN COMPANY, 313 Oddfellow Building. Cor. Penn. and Wash. sts. Phones: Main 4619; New 24-629. Under state supervision.

John Burroughs' Nature Notes

Can You Answer These Questions?

1. Is the muskrat a European rodent?

2. Can birds of the same species be distinguished from each other?

3. How does the bumblebee differ from the honeybee?

Answers to Previous Questions.

1. Why are the migratory birds seen first in the morning on their return to the north?

The reason why the birds always appear first in the morning, and not in the afternoon, is that in migrating they travel by night, and stop and feed and disport themselves by day. They come by the owl train, and are here before we are up in the morning.

2. How does a spider kill a bee?

One day, as I was looking for a bee amid some goldenrod, I spied one partly concealed under a leaf. Its baskets were full of pollen, and it did not move. On lifting up the leaf I discovered that a hairy spider was ambushed here, and had the bee by the throat. The vampire was evidently afraid of the bee's sting, and was holding it by the throat till quite sure of its death.

3. What is the color of the best maple sirup?

Maple sugar in its perfection is rarely seen, perhaps never seen, in the market. When made in large quantities and indifferently, it is dark and coarse; but when made in small quantities—that is, quickly from the first run of sap and properly treated—it has a wild delicacy of flavor that no other sweet can match. Made into sirup, it is white and clear as clover honey; and crystallized into sugar, it is as pure as the wax.

PASSENGERS REFUSE TO PAY INTERURBAN FARES

Try to Force Improvement Issue on Line—Seats Were Not Provided.

[Special to The Indianapolis News]

KOKOMO, Ind., April 14.—More than a dozen passengers refused to pay their fares on an Indiana Railway and Light Company interurban car at West Middleton yesterday because the car was crowded and they were unable to find seats. The conductor sidetracked the car and called authorities from this city to eject the passengers who would not pay. When the authorities arrived the remonstrating passengers left the car.

A large number of residents of Russiaville and West Middleton depend on this car to bring them to their work in this city and many persons are forced to stand each morning. Some time ago the public service commission instructed the interurban company to provide additional equipment to care for the early morning and evening congestion, which has been the cause of complaint. After weeks had elapsed and the additional equipment was not provided, an organized movement developed among the daily passengers to force the issue. Consequently, all the passengers who were not provided with seats Tuesday morning refused to pay their fares.

The interurban officials took the stand, however, that those who did not wish to stand could wait for another car. The company has petitioned the state commission for a stay in its order, compelling the purchase of more equipment, on the plea that it is impossible to obtain trailers and new cars at this time. The company promises that the conditions will be relieved as soon as possible.

FINAL PHONE MERGER STEP

Order Authorizing Bell Organization Expected Soon.

An order authorizing the merging into the Indiana Bell Telephone Company of the Citizens Telephone Company, of Kokomo; Indiana Union Telephone and Telegraph Company, of Fowler; United Telephone Company, of Bluffton, and Southern Telephone Company of Indiana, Evansville, is expected from the public service commission soon. The order will be the last of a number authorizing the organization in Indiana of the new single company to hold and operate as one Bell properties in the state.

John F. Robbins, attorney for the companies, today presented to the commission formal matters connected with the merging of the remaining four companies. Evidence in former cases provides the basis for the last merging. The Central Union Telephone Company's holdings in Indiana and the Indianapolis Telephone Company recently were merged into the new company which is capitalized at $15,000,000. It not only will hold the capital stocks of the merging companies but will take over all physical and other assets and liabilities so that the other companies disappear completely.

The four companies soon to pass into the new company go dollar for dollar of stock at par. They are capitalized as follows: Citizens, $200,000; United, $300,000; Union, $100,000; Southern, $1,870,000.

Articles of Incorporation.

Articles of incorporation and notices have been filed with the secretary of state as follows:

Farmers Co-operative Company, of Straughn; capital, $50,000; merchandise; directors, L. Roy Mills, George Lamberson, Arthur Thomas.

Farmers' Co-operative Company, of New Lisbon, $40,000; merchandise; directors, Amos Sarver, John A. Miller, Chris Whistler.

Grocers Quality Baking Company, Evansville, increased its capital stock from $75,000 to $150,000.

Berry Manufacturing Company, Evansville; capital, $500,000; measuring devices; directors, William P. Walsh, William J. Rodgers, Edward E. Meyer.

The Hoosier Canning Company, Spiceland; capital, $30,000; to preserve vegetables and fruits; directors, Ross W. Morris, Herbert E. Fink, Philander Collyer.

Chapman-Price Steel Company, Indianapolis, increased its capital stock from $200,000 to $1,700,000.

Farmers Trust Company, Indianapolis, increased its capital stock from $100,000 to $200,000.

Bausback Fertilizer Company, Shelbyville; capital, $30,000; general rending business; directors, Max Weill, Harry Weill, Henry Bausback.

Bessire & Co., Indianapolis, increased its capital stock from $150,000 to $250,000.

SUBTLE PLAN TO DEFEAT WOOD IN NINTH FAILING

LOWDEN - HARDING - JOHNSON COMBINATION FRUITLESS.

HANDSOME MAJORITY SEEN

[By W. H. Blodgett, Staff Correspondent of The Indianapolis News]

DELPHI, Ind., April 14.—Friends of Leonard Wood in the Ninth Indiana congressional district believe that they will roll up for him a handsome majority in the Republican presidential preference primary on May 4 and that the delegates from the district will be instructed for him.

A survey, which included a visit to every county in the district and practically every important point in each county, shows the friends of Wood have good grounds for their optimism. And this in spite of the fact that a determined effort is being made to defeat Wood in the district, which is for the most part agricultural.

Frank O. Lowden, Warren G. Harding and Hiram W. Johnson have combined to defeat Wood, not only in the state of Indiana, but particularly in the Ninth district. None of them expects to carry the state. None of them expects to carry this district. Their whole fight is to keep Wood down to the lowest figure for effect elsewhere. In this district Lowden is playing the farmer in the rural communities and playing the business man in the cities. Harding is talking G. O. P. organization and denouncing the President. Johnson is trying to appeal to the former Progressives.

Combination Against Wood.

Proof that the three candidates are in a combination to defeat Wood is contained in the following incident: One of the most widely known political lawyers in Indianapolis, whose antagonism to Wood is almost a mania, said to one of the most prominent lawyers of the Ninth district:

"We intend to defeat Wood. Of course, Lowden, Harding and Johnson would each like to win Indiana, but they all know that can not be done. But they are keeping up the fight, and at the national convention at Chicago, the one who makes the best showing in Indiana will get the support of the other two."

The lawyer to whom this information was imparted said that Lowden, Harding and Johnson are familiar with the deal, that the managers of the three are working in harmony, in so far as the defeat of Wood is concerned, and that they are covering their harmonious work with a pretended fight against each other. This lawyer says that it is not an implied agreement, or a gentlemen's agreement, but an out-and-out agreement that the man who makes the best showing against Wood, shall have the support of the other two.

Wood and the "Organization."

It was noticeable that word has been sent through this district that the "organization" is against Wood. This is particularly noticeable in Boone county, but it does not seem to be getting anywhere. The anti-Wood organization, it is pointed out, consists of three or four men in Washington and two or three men in the Statehouse at Indianapolis, and not of a true organization. The county chairmen, the precinct committeemen and the members of the committees are not taken into consideration. The "organization," with one head in Washington, and another head in the Statehouse at Indianapolis, will not trust the little fellows. The little fellows—the rank and file—are for Wood. The so-called politicians and gangsters are against him.

Johnson is not attracting much attention in the Ninth district, because the class of people, who gave him his big vote in Michigan, is not to be found in the Ninth district of Indiana. Even in the larger cities, like Kokomo, Crawfordsville and Frankfort, he is not getting much support. The working men in the Ninth are not aliens. The railroad men in Frankfort refused to join the strike, the clay workers in Montgomery county, though many of them are foreign-born, are real Americans, the working people, both skilled and unskilled, in Kokomo, are home owners and home lovers, and consequently the words of Hi Johnson and Raymond Robins, have little effect with them.

Watson in Subtle Campaign.

James E. Watson, who is a candidate for re-election to the senate from Indiana, is slipping around through John Owens, his Indiana manager in the Ninth district, trying to obtain delegates to the national convention who will help him look like a presidential possibility, under certain conditions. Mr. Owens, who has headquarters at Indianapolis, first wants to force himself and M. Richey, of Lebanon, as candidates to the convention, and second, he wants to gain control of the Republican state committee. John is certainly a busy lad in consequence.

But it is a safe proposition that John will not be one of the delegates from the Ninth district to the Chicago convention. He has succeeded in stirring up a little strife in Hamilton county, where he served as postmaster at Noblesville, but it will not benefit Watson. It may serve to cut down the Wood majority in that county a little.

Soldier Vote for Wood.

The soldier element in the Ninth district—and it is very strong—is 95 per cent. for Wood. This is true in every part of the district. Among the farmers, the Wood sentiment is increasing every day, and it is asserted by those who have given the matter much study that 80 per cent. of the farmers are for Wood. In Carroll county, where a strong fight was started against Wood, the opposition practically has collapsed. In Clinton county, it is asserted that the opposition to Wood will not be able to poll more than 800 votes.

Howard county is from 80 to 90 per cent. Wood; Fountain county is for Wood; Boone county is Wood; Montgomery county will make a big showing for Wood; Hamilton county, despite the efforts of Senator Watson and John Owens, his manager, will go for Wood; Wood will carry Tipton county, although it is expected that Johnson will show a little strength there.

This is the opinion of men who have studied the situation in the Ninth district, and who are not partisans of any of the candidates.

MAJORITY FOR WOOD.

Seventy Per Cent. of Delegate Candidates in Madison Favorable.

[Special to The Indianapolis News]

ANDERSON, Ind., April 14.—At least 70 per cent. of the candidates for delegate to the Republican state convention, whose names were filed at the Madison county clerk's office when entries closed yesterday, are known to be favorable to the candidacy of Leonard Wood for the Republican presidential nomination, the general's supporters say.

T. M. Houston, formerly sheriff of Madison county, who is looking after General Wood's interests in Madison county, said there is no doubt about Madison county being virtually solid for Wood, though the supporters of Warren G. Harding and Hiram Johnson assert they will make a showing.

REPORTS OF BREAK IN STRIKE FAVOR STOCKS

POOLS BUSY BOOSTING SPECULATIVE SHARES.

MONEY AT 12 PER CENT.

Average Stock Prices

The average price of twenty industrial stocks Tuesday was 104.61, up .67 per cent. The average price of twenty active rails was 74.86, up .10 per cent.

The aggressive operations of bull pools contributed largely to the further advance of speculative issues in Wednesday's stock market; public interest also proving a factor. Sales approximated 1,250,000 shares.

NEW YORK, April 14.—Overnight advices interpreted as pointing to a break in the railroad strike gave impetus to the general advance of prices at the active opening of today's stock market. Food and shipping shares were again in the lead, rising 1 to 3 points, and oils, motors, steels and equipments made similar gains.

Outstanding features included the sugar group, United States Food Products, Atlantic Gulf, United Fruit, Pan-American and Mexican Petroleums, Texas Co., Crucible, Vanadium and Republic Steels, Baldwin Locomotive, American Tobacco Securities and Retail Stores.

The market continued active at higher levels throughout the morning. Stocks of companies which have declared or contemplate declaring stock dividends, notably American Tobacco, Woolworth and Union Bag and Paper were prominent at gains of 5 to 6 points. Oils became the foremost features on further heavy buying of the Mexican group. Automobile shares strengthened on a rally of 8 points for General Motors and sugars denoted further accumulation. Selling for profits caused moderate reactions among some leaders before noon. Call money opened at 7 per cent. and Liberty bonds and Victory notes were again weak.

Trading broadened considerably at midday, the movement taking in rails and coppers at moderate advances. Gains of the morning in equipments, steels, food shares and specialties slackened when call money rose to 8 per cent.

Regardless of the 12 per cent. call money rate and intimations of higher foreign discounts, the market made further upward progress in the later dealings. The closing was strong.

ENGLISH BANK RATE TO RISE

Increase Foreshadowed by Advance of 1 Per Cent. on Treasury Bills.

LONDON, April 14.—Announcement by the Bank of England today that the rate of interest on treasury bills had been raised 1 per cent. to 6½ per cent., foreshadows the announcement tomorrow of a 7 per cent. bank rate.

The expected advance in the bank rate has been advocated by economists for some time, but banking opinion against it prevailed and money inflation continued, making for artificial conditions. The reserve of the Bank of England last week showed loss in gold and an expansion in notes circulation, and this inflation of credit now necessitates measures to balance the situation. It is not anticipated that an advanced rate would affect shipments of gold to America, which will continue for exchange purposes.

Chicago & Northwestern Issues $213,653,000 Bonds

CHICAGO, April 14.—A new bond issue aggregating $213,653,000 to be dated May 1, 1920, and maturing in 117 years, was authorized by stockholders of the Chicago & Northwestern railroad Tuesday. The issue would provide for refunding the present indebtedness and financing permanent improvements. Purchase of eleven subsidiary railroad companies, capital stock of which is owned by the parent company, also was approved.

NEW YORK, April 14.—Liberty bonds final prices today were: 3½s, 95.00; first 4s, 90.56; second 4s, 87.50; first 4¼s, 90.60; second 4¼s, 87.44; third 4¼s, 91.60; fourth 4¼s, 87.54; Victory 3¾s, 96.48; Victory 4¾s, 96.50.

Issues Big Stock Dividend.

NEW YORK, April 14.—A stock dividend of 50 per cent. on the capital stock of the Union Bag and Paper Company has been declared by the board of directors. Distribution will be made next month, it is understood.

Ryan Wishes to Take Stutz Stock Off Exchange List

NEW YORK, April 14.—Allan A. Ryan today followed up his resignation from the New York Stock Exchange by asking the board of governors to remove stock of the Stutz Motor Car Company from the exchange list at once. He also withdrew application for the listing of 20,000 additional shares which was filed shortly after the exchange suspended trading in Stutz two weeks ago.

His letter stated that this action was taken by vote of the executive committee of the Stutz directorate, of which he is chairman.

Six and two-tenths shares of Stutz, sold at auction today, ex-stock dividend of 20 per cent., brought $700 a share. The price when trading on the exchange was suspended was 391. Several hundred shares brought 701 at auction about a week ago.

Later today, two lots totalling 130 shares, brought 700 with the dividend on.

COTTON PRICES IRREGULAR

Prospects for Better Weather Cause Downward Tendency.

NEW YORK, April 14.—The cotton market showed renewed irregularity with a somewhat smaller volume of business during today's early trading. Liverpool was relatively weak and after opening unchanged to 15 points lower, prices here soon sold some 17 to 28 points below last night's final figures, with May touching 41.38c and October 35.00c. Reports of unseasonably low temperatures in eastern belt sections led to some buying and prices steadied up shortly after the call on covering, active months recovering all but 5 or 6 points of the opening losses. If anything, however, the weather map was better than expected and prices eased off again after its publication.

Fluctuations were irregular later in the morning with trading comparatively quiet. Bulges met considerable realizing or liquidation and were not fully maintained, but the weekly report of the weather bureau was fully as bullish as anticipated and most of the active months made new highs for the day right after its publication. May sold up to 41.60c and October to 35.33c, or about 5 to 6 points above last night's final figures. The continued firmness of the stock market was also a factor on the midday bulge although demand failed to broaden materially and the advance met renewed profit taking.

Fluctuations were irregular during the early afternoon. May sold off from 41.60c to 41.40c and October from 35.35c to 35.05c, but there was trade buying on the decline and prices held steady later, with active months ruling from 9 to 10 points net lower.

Futures closed steady: May, 41.40c; July, 39.02c; October, 35.11c; December, 34.00c; January, 33.05c. Spot steady; middling, 43.00c.

INVESTMENT INVITATIONS

The Fletcher Savings and Trust Company an dthe Fletcher American Bank offer $25,000,000 five-year, 7 per cent. convertible gold notes of the Southwestern Bell Telephone Company at 97½ and interest to yield more than 7.6 per cent. The company has extensive holdings in Missouri, Kansas, Arkansas, Oklahoma and Texas.

Lee, Higginson & Co. and the Fletcher Savings and Trust Company offer $2,000,000 ten-year, 7 per cent. convertible sinking fund gold debenture bonds of the Air Reduction Company, Inc., of New York, at 97 and accrued interest, to yield about 7.45 per cent. The bonds mature April 1, 1930. The company, which was incorporated in 1915, with its susidiaries, manufactures and sells oxygen, acetylene, nitrogen and other gases and oxy-acetylene, cutting and welding equipment.

FREEZING WEATHER HALTS INDIANA FARMERS' WORK

Plowing and Seeding Delayed—Southern Early Fruits Damaged—Winter Wheat Poor to Fair.

The summary of weather and crop conditions in Indiana for the week, ending Tuesday, by the Indianapolis weather bureau, is as follows:

Temperatures were below freezing on most days of the week, averaging about 9 degrees below normal for the entire period. General rains marked the closing days, and there was much snow on the ground in northern sections at the beginning. Both plowing and seeding were much retarded. The oats crop is one-half sown in many localities, but the work is just starting in other places, particularly in the extreme north. Rye and clover are fair to good as a rule, and pastures have started, but growth has been very slow on account of unfavorable weather. The progress and condition of winter wheat is reported as only poor to fair in most parts of the state, but there are a few localities in the southern and extreme northern counties where fields are apparently in good shape. Little serious damage has as yet resulted from the cold weather, as vegetation was not far enough advanced to sustain great injury. Early fruits in the extreme south, however, such as peaches, plums and apricots, have been killed to a greater or lesser extent.

Unfavorable the Country over.

The review by the weather bureau at Washington says: The week was unfavorable for vegetation and farm work except in the extreme west. Winter wheat condition is unchanged except for some improvement in Kansas and the central Rocky mountain and Pacific coast districts, and is mostly unsatisfactory. Spring wheat and oats seeding was much delayed on account of wet or frozen soil, while low temperatures were unfavorable for germination and growth of early truck except in the extreme south. Corn planting is one or two weeks late and germination and growth has been slow. The work has begun northward to southeastern Kansas and eastern North Carolina. Western ranges were improved by precipitation and higher temperatures, but growth of pastures and meadows was slow in other districts. Conditions were unfavorable for stock in the central and northeastern Rocky mountain region and upper Great plains, where there was considerable loss in many sections.

FOUR HUNDRED HOGS; PRICES UP 50 TO 75C

EMBARGOES ON SHIPMENTS LIFTED BY SEVERAL ROADS.

CATTLE UP 25 TO 50 CENTS

Same time 1917	9,608,000

—April 14—

Embargoes against the shipments of live stock into Indianapolis have been lifted on all divisions of the Pennsylvania and the Big Four, on the Monon and Illinois Central railroads and it was expected at the yards that the C., I. & W. and the L. E. & W. would raise the embargo late in the day. This would give free access for inbound business but the situation regarding outbound shipments is no better. Only one road, the Big Four as far as Cleveland, is accepting eastern shipments of live stock.

In raising the embargoes the railroads specified they would not receive business from connecting lines.

Receipts of all kinds of live stock at the local market on Wednesday were small, 400 hogs, 100 cattle, 50 calves and 10 sheep, and only 630 hogs and a few cattle, calves or sheep were held over from the day before.

Hog buyers who were out of the market on Tuesday started the trading on the midweek market and bought a drove of more than 200 light hogs at $16.50, an advance of 50c. About the same time a smaller packer paid $16.75, and subsequently several more loads sold at that price. Sellers asked up to $17.00. Only a few hogs were left unsold. Heavy hogs sold late Tuesday at $15.00, and on a 50c higher basis the Wednesday range in sales would have been $15.50 to $16.50, with $16.75 the outside price. There were no well defined prices for pigs, and sows sold from $12.50 down.

The Indianapolis Abattoir Company was the only one of the three leading local killers that was in the market.

There were 10,000 more hogs in eleven markets than on Tuesday, but the total for three days was only 87,000 hogs, against 274,000 the same time last week, 362,000 a year ago and 387,000 two years ago.

Chicago Price Current says: Packing hogs, 440,000, against 479,000 last week. Total for the season, 3,316,000; year ago, 3,481,000.

Hogs.

Good mixed, 140 lbs. up av.	$16 00@16 50
Assorted, 140 to 225 lbs. av.	16 50@16 75

Best heavy hogs a year ago	21 05
Best light hogs a year ago	20 90
Bulk of sales a year ago	20 75@21 00

Hardly enough cattle were on sale to give a definite general idea of the relative position of prices, but a gain of 25 cents to 50 cents was indicated. Practically all the cattle held over have now been sold. The unusually small run of veals cleared promptly at a general advance of $1.00 with sales at $17.00 down. The feeder situation was unchanged.

Cattle.

KILLING STEERS—	
Extra good, 1,300 lbs. up	$13 75@14 00

Bucks, per 100 lbs.	7 00@ 8 00

Shorn stock valued about $2.00 a hundred lbs. lower than wool stock.

Chicago Live Stock.

CHICAGO, April 14.—Cattle—Receipts, 4,000; beef butcher cattle, 25 to 50c higher; quality much improved; top yearlings, $16.00; best medium and heavy steers, $15.75@15.85; bulk, $13.50@15.50; few choice cows, $12.25; bulk, $9.50@11.00; canners, firm; bulk, $5.00@5.50; bulls and feeders, nominal; calves steady to 50c higher; bulk around $14.00.

Hogs—Receipts, 6,000; opened fully 25c higher; most packers later bidding steady; top, $15.90; bulk, $15.00@15.75; good strong weight pigs around $14.50.

Sheep—Receipts, 9,000; uneven; lambs mostly 50 to 75c higher; top shorn lambs, $18.25; choice heavy weight, $17.50@17.75; sheep nominal.

OTHER LIVE STOCK MARKETS.

EVANSVILLE, Ind., April 14.—Cattle—Receipts, fair, market unchanged; all classes suitable for local butchers are finding a ready market at satisfactory prices. Choice prime steers, $12.25@13.25; butcher steers good to choice, $11.25@12.00; medium to good, $9.00@10.25; plain to common, $7.00@8.75. Calves—Receipts light, market showing more life. Good to choice calves, $11.00@12.00; medium, $9.00 down; common, $7.00 down. Sheep and lambs—No receipts. Hogs—Receipts light, market steady. Mixed packers sold today at $15.40; extreme heavies, 250 pounds and up, $13.50@14.25; lights, 130 pounds to 150 pounds, $14.25; heavy pigs, 90 to 120 pounds, $12.25; light pigs, $7.00 to $10.00; roughs, 11 cents down with dock out on stags; half fat and piggy sows almost unsalable.

CLEVELAND, April 14.—Hogs—Receipts, 500; market steady; Yorkers, $17.50; mixed, $17.50; medium, $16.00; pigs, $16.00; roughs, $13.00; stags, $10.00. Cattle—Receipts, 100; market steady. Sheep and lambs—Receipts, 500; market steady; top, $18.50. Calves—Receipts, 200; market strong; top, $23.00.

KANSAS CITY, April 14.—Hogs—Receipts, 300; lights, $1.00@1.50 higher; top, $15.00; mediums and heavies, $1.00@2.00 higher; bulk light, $14.75@15.00; bulk mediums, $13.50@14.00. Cattle—Receipts, 450; market active, 50c@$1.00 higher than last Thursday; top steers, $14.50; bulk, $12.00@13.50; top yearling steers and heifers, $13.50; bulk, $12.00@13.25; good to choice vealers, $12.50@13.50. Sheep—Receipts, 100; few sales fat lambs around 75c higher; best offered at $19.50; 500 fat Texas goats, $8.25; market active and all holdings moved.

LOUISVILLE, April 14.—Hogs—Receipts 748; trade still unsettled. Cattle—Receipts, 71; steers, $7.50@10.50; bulls, $7.50@9.25; heifers, $8.00@10.50; cows, $5.00@9.00. Calves—Receipts, 392; best veals, $11.50@12.00; medium to good, $8.00@10.00; common, $5.00@6.00. Sheep and lambs—Receipts, 1,000; best sheep, $9.00; bucks, $7.00 down; best fall lambs, $17.00@18.00; lighter $12.00@14.00; spring lambs, $25.00@30.00.

ST. LOUIS, April 14.—Hogs—Receipts, 150; strong to 40c higher; top, $16.00; sales insufficient to justify detailed quotations. Cattle—Receipts, none; few sales of holdover stores; medium and good, $12.25@13.50; common, $9.50@10.75; light weight, common and medium, $7.50@11.50; butcher cattle, heifers, $7.75@14.00; cows, $7.50@11.50. Sheep—Receipts, none; no sales.

PITTSBURG, April 14.—Hogs—Receipts, 500, higher; heavies, $16.75@17.25; heavy Yorkers, $19.00@19.25; light Yorkers, $18.00@18.50; pigs, $17.50@18.00. Sheep and lambs—Receipts, 200; steady; top sheep, $14.00; top lambs, $19.00. Calves—Receipts, 3,300; steady; top, $19.50.

BUFFALO, April 14.—Cattle—Receipts, 300; steady. Calves—Receipts, 300; 50c higher, $6.00@19.50. Hogs—Receipts, 646 (all state); $17.00@18.00. Sheep and lambs—Receipts, 400; no sales; wool lambs sold late yesterday at $23.00.

TOLEDO, April 14.—Hogs—Receipts light; market strong; heavies, $15.50@16.00; mediums, $17.00@17.50; Yorkers, $17.50; good pigs, $14.00@15.00. Calves, strong. Sheep, steady.

Sells Hog for $10,000.
[Special to The Indianapolis News]

SOUTH BEND, Ind., April 14.—Charles Reish, of Union township, St. Joseph county, has sold to White Brothers, of Mt. Carmel, Ill., a one-year-old hog for $10,000, said to be the largest price ever paid for a hog of that age. Reish makes a speciality of breeding high grade swine.

SIDELIGHTS ON MARKETS

—April 14—

Reports on the Chicago Board were that the French government was cancelling orders for large quantities of oats.

Gillette Safety Razor declares regular quarterly dividend $2.50 and an extra dividend $1.00.

Price Current: Reports from northwest indicate reduction in spring wheat acreage. Seeding oats delayed. Recent rains west and southwest have improved the condition of winter wheat, which is probably now somewhat higher than indicated by government as of April 1.

The Chicago live stock trade is apprehensive of a glut when the embargo is lifted. Cattle and hogs have banked up in country. This accumulation in Chicago territory estimated at 150,000 cattle and 300,000 hogs. Apprehension exists that the common price of hogs will drop to $12.00.

Thomson & McKinnon—The rally in lard looks purely technical, natural reaction in sympathy with a little higher prices for hogs. The situation remains very bearish on account of the extraordinary large stocks of lard and poor demand.

Kansas City wires: Export bids here, $3.02 for wheat. Every few days we get additional dividends and this will continue until the list is complete. It is one of the chief influences back of the market and one of the reasons why no serious attention is paid to temporarily bearish developments such as the present railroad strike.

Argentine freight rates are steadily declining.

California barley crop is estimated at 40,000,000 bushels, compared to 26,000,000 last year.

May corn reached $1.83 last year.

A Chicago statistician figures that 19c for May lard figures $1.30 for corn.

Regular quarterly dividend of $2 declared on Woolworth common.

FLOUR PRICES HIGHER.

Output Remains Steady Despite Car Shortage and Strikes.

[Special to The Indianapolis News]

MINNEAPOLIS, April 14.—The Northwestern Miller's weekly review of the flour trade says: Flour prices have gone up 10c to 25c a barrel in the last week, reflecting the strength and scarcity of good milling wheat. The demand for patents has been light but sufficiently improved over the extreme dullness of recent weeks to indicate a coming revival in domestic demand. Clears for export have been in exceptionally good demand with supplies light. The car shortage and railroad strikes have seriously interfered with the operations of some of the mills but in general the output has remained fairly steady. The Kansas-Oklahoma hard winter wheat mills reported an output last week representing 47 per cent. of capacity. The Ohio valley soft winter wheat mills 44 per cent. and the spring wheat mills, 34 per cent.

Seed Prices.

TOLEDO, April 14.—Clover seed—Prime cash and April, $28.00; October, $24.00; December, $23.00. Alsike—Prime cash and April, $30.00. Timothy—Prime cash, 1917 and 1918, $5.40; 1919, $5.50; April, $5.55; May, $5.45; September, $5.90; October, $5.80; December, $5.65.

DETROIT, April 14.—Seeds—Prime red clover, $30.00; April, $29.50; alsike, $31.50; timothy, $5.90.

CHICAGO, April 14.—Seeds—Timothy—$9.00@12.00. Clover—$40.00@53.00.

Sugar Futures Easier.

NEW YORK, April 14.—Raw sugar—Firm; centrifugal, 18.32c. Refined—Firm; fine granulated, 16.00@16.50c. Futures were higher early on covering, and after showing advances of 10 points on active positions, prices eased off toward midday on liquidation and at noon were unchanged to 10 points lower.

Futures closed steady; sales, 2,650 tons; May, 18.00c; July, 18.25c; August, 18.35c; September, 18.40c.

New York Dry Goods.

NEW YORK, April 14.—Trade in dry goods is quiet owing to uncertainty of deliveries. Cotton goods and yarns are firm with spots bringing premiums over near by deliveries. Raw silk is slightly higher. Men's wear is generally quiet. Burlaps are firm.

Union Pacific Orders Cars.

OMAHA, April 14.—Orders have been placed for 2,000 steel coal cars for summer delivery to the Union Pacific railroad, it was announced today. They will cost more than $2,000,000.

Oil Runs and Shipments.

OIL CITY, Pa., April 14.—Credit balances, $6.10; runs Tuesday, 60,269; average, 48,934; shipments, 101,666; average, 38,980.

Tinners' Supplies.
[Indianapolis Wholesale Prices]

TIN—IC, 14x20, bright tin, $14.00@18.00 a box; IX, 14x20, bright tin, $17.00@20.00; IC, 20x28, ternes, $20.00@25.00 a box; IC, 20x28, old style, $26.00@35.00 a box; tin pigs, 80c a lb.; tin in bars, 82c a pound.

COPPER—Bottoms, 43¾c a lb.

SOFT COPPER—Sixteen-ounce, 32½c a lb.; planished copper, 34½c a lb.

ZINC—Sheet, 16c a lb.

SOLDER—41c a lb.

LEAD—Bars, 13c a lb.

STEEL—Galvanized, 28-gauge, $9.55; C. R. S. P. steel, $8.05; Wood's refined, 28-gauge, $9.00.

Cylinder and Engine Oils.
[Indianapolis Wholesale Prices]

OILS—Prices, f. o. b. Indianapolis: Cylinder, 34.7@69.7c a gallon; engine, 38.7@76.7c; dynamo, 38.7@45.7c; turbine, 44.7@66.7c; machine 38.7@46.7c; paraffin oils, 26.7@31.7c.

BLACK OILS—Summer black, 18.7c a gallon; winter black, 19.2c a gallon.

Hides and Tallow.
[Dealers' Buying Prices]

HIDES—Green, salted, No. 1, 24c a lb.; No. 2, 23c a lb.; No. 1 green, 18c; No. 2, 17c; No. 1 calfskin, 37c; No. 2, 35½c; horsehides, No. 1, $12.00; No. 2, $11.00.

TALLOW—No. 1, 12c; No. 2, 9c.

MODERATELY BULLISH IN CHICAGO CORN CIRCLES

BELIEF THAT RECEIPTS WILL CONTINUE SMALL.

WHEAT EXPORT PRICE HIGH

CHICAGO, April 14.—Bullish sentiment predominated in the corn market and prices advanced to a moderate extent. It was a widely accepted opinion that receipts were likely to be small for a considerable time even after the switchmen's strike came to an end. Much notice, too, was taken of the fact that exporters were paying 60 cents or more above the established minmum for wheat. Opening corn prices, which ranged from ¼c off to ⅞c advance, with May $1.67 to $1.67½, and July $1.60 to $1.60½, were followed by gains all around.

A temporary reaction took place on account of reports that a purchase of 350,000 bushels of oats for France had been cancelled. It was said, however, that the purpose of cancelling was to use the ocean tonnage to ship wheat and rye to France. Corn closed nervous, ⅝c to 1⅛c net higher, with May $1.67⅝ to $1.67¾ and July, $1.60⅝ to $1.61.

In oats as well as in corn, offerings were light. After opening unchanged to ¼c higher, including July at 85⅝c to 85⅞c the market continued to harden.

High quotations on hogs helped to lift provisions. Grain strength was likewise a stimulating factor.

TOLEDO, April 14.—Butter—Brick creamery, 73c. Eggs—Selected, strictly fresh, 45c.

CHICAGO POTATOES OFF 60C

CHICAGO, April 14.—Potatoes have fallen off 60 cents a bushel on the Chicago produce market as a result of the strike marooning food supplies, according to commission merchants here today. Potatoes quoted yesterday at $7.50 a hundred pounds were selling today at $6.50. Butter was off ½ cent a pound compared with a week ago, and eggs were down 5 cents a dozen.

Thomson & McKinnon's Market Letter.
—April 14—

Stocks—Judging from the action of the stock market this morning one would suppose that all was peaceful throughout the world, no troubles of any kind. Though there was no real change in the railroad labor controversy, it was assumed that the matter would be quickly adjusted, for upon no other theory could we explain the confidence displayed and the demand that appeared from various commission houses, as well as from professional circles. Stocks of all kinds were in demand, particularly the sugar, some of the oils, motors, steels, and a few of the rails.

The money situation is not given the serious consideration it is entitled to, the trading public are impressed solely with the great dividend possibilities and are being encouraged daily by new announcements. The market is all right and the conditions as they exist mean an indefinite period of prosperity for various corporations, but we must not lose sight of the credit situation and therefore it would not be at all out of place or inconsistent with a friendly attitude to market some long stocks on bulges as they appear.

Cotton—The weekly weather report describing conditions in the cotton belt was certainly not of a character to encourage a bearish position on cotton. The market is no longer the active affair, however, that it was, and, while there were some fairly large transactions, during the greater part of the day's session pronounced dullness prevailed. The future rests entirely with weather conditions and, in view of the unsatisfactory start, advantage will be taken of every unfavorable turn in the weather to advance values.

Corn—In the absence of any developments and because it is generally believed that a settlement of the strike will release track accumulations, the corn market has been devoid of interest. Sentiment favors lower prices on the theory of large farm reserves and a feeding value below the present commercial price. Offsetting this is the maintenance of premiums of foreign demand for wheat and rye.

Weekly report by department of agriculture says seeding of spring wheat and oats much delayed. Planting of corn is one to two weeks late and growth slow. The country movement has been a disappointment throughout the entire crop and equipment of railroads is deficient, it is not well to assume that there will be any heavy or long continued movement. Because of this and because of the constant foreign demand for wheat and rye it is not probable that periods of weakness in corn will be protracted or important.

Oats—The idea of lower prices prevailed in oats. This idea seems based almost entirely upon prevailing prices. In view of small reserves, light visible supply and considerable premium for available cash oats, the ideas do not seem warranted. The foreign needs for breadstuffs will overcome theories of lower prices for coarse grains. Barley sold at $1.72, a new high for the crop.

Provisions—The immediate underlying situation in hog products does not argue for higher prices. Market is dull. There is a belief that settlement of the strike will release accumulations of live stock in sufficient volume to weaken the markets.

Metal Prices.

NEW YORK, April 14.—Copper—Dull; electrolytic, spot, 19@19¼c; second quarter, 19¼@19½c. Iron—Steady and unchanged. Tin—Steady; spot, 63.25c; April to June, 62.50c. Antimony—10.87½c. Metal Exchange quotes lead quiet; spot and April, 9.25c bid; May and June, 9.00c offered. Zinc—Steady; East St. Louis delivery, spot, 8.30c. bid. At London—Spot copper, £104 12s 6d; futures, £107 2s 6d; electrolytic, spot, £112; futures, £115. Tin—Spot, £350 5s; futures, £349 15s. Lead—Spot, £39; futures, £41 12s 6d. Zinc—Spot, £48 15s; futures, £51 10s.

Peach Crop Reported Killed.
[Special to The Indianapolis News]

SHOALS, Ind., April 14.—Fruit growers say the peach crop has been killed by the continued cold weather. Apples seem to be standing the cold well and other fruit, it is said, will not be severely injured. In some parts of the county live stock is being turned out to shift for itself as feed is too high to buy. As a result much stock is reported dying. Pastures are too short to sustain animal life.

Cauliflower Season Ending

In the list of scarce articles in Commission row are cauliflower and turnips. The season for cauliflower is almost over.

A shipment of fifteen crates of California loose green asparagus came in Wednesday. It sells at $4.50 a crate.

Iceberg lettuce, a recent arrival, sells at unchanged price, $9.00 a crate.

There is little change in the potato situation, either as to receipts or prices.

Illinois sends button radishes at $1.50 a dozen, and domestic French endive at 75c a pound.

Prices to Retail Dealers.
[As Quoted by Indianapolis Commission Men]

Apples—Barrel: Extra fancy, high color red Jonathans, $11.00; No. 1 cooking, $8.00; Black Twigs, $9.00; Maine, Northern Spies, $10.00. Boxes: Grimes Golden, $3.00; Delicious, $4.25@4.50; Jonathan, $3.50; Roman Beauty, $3.50; Ortley, $3.50; Spitzenberg, $3.50.

Artichokes—California, $2.50 a dozen.

Indianapolis.

WAR DEPARTMENT BEEF AVAILABLE FOR PUBLIC

FROZEN STOCKS TO BE SOLD IN VIEW OF STRIKE.

GOV. GOODRICH IS NOTIFIED

War department frozen beef stocks in Indianapolis storage depots now are available for public consumption at 10½ cents a pound on account of the railroad strike. Governor Goodrich was advised by telegraph today from E. C. Morse, director of sales for the war department.

Orders for any of this meat, the telegram says, should be sent to zone supply officers, 1819 West Thirty-ninth street, Chicago. The meat will then be ordered delivered to all purchasers, f. o. b. the warehouses in which they are stored.

Only Overhead Cost.

If sales agencies are formed to distribute the meats, the war department will expect these organizations to add only a sufficient amount to the war department price to cover the overhead cost of distribution. The meat is offered in Indianapolis in quantities of eight quarters or more.

Maurice C. Shelton, secretary of the state purchasing committee, made a hasty survey of state institution beef needs, and was preparing an order for some of the frozen stocks.

Dispatches from Washington said that the war department has offered for sale frozen beef, canned roast beef and bacon in a number of cities besides Indianapolis.

Designated as Purchasers.

Besides designating Mr. Shelton as the authorized purchaser for the state, the government also designated Dwight Ritter, city purchasing agent for the city of Indianapolis. The government will designate proper persons to receive these stocks on application.

Approximately 40,000 pounds of frozen beef are in storage at the Indiana Refrigerating Company. The war department until the last few weeks had considerably more beef in storage, but the supply has been drawn on for garrisons at Ft. Benjamin Harrison, the Speedway aviation repair depot, and the aviation depot at Dayton, O.

GRAND JURORS TELL OF ROLLINSON CASE

SAY HE DID NOT APPEAR WHEN BODY WAS IN SESSION.

TRIAL OF ATTORNEY IS SET

Charles W. Rollinson, an attorney, did not appear before the county grand jury while the jury was in session, in behalf of Harry Parsons, charged with receiving stolen goods, members of the grand jury told Claris Adams, prosecuting attorney, today.

Parsons has caused the arrest of Rollinson on a charge of obtaining money under false pretenses and Rollinson has been quoted as saying that he represented Parsons in the city court hearing of his case and appeared for him before the grand jury. Parsons alleges Rollinson charged him a fee of $200 and later obtained $800 from him, explaining that he would cause the case to be dismissed.

Permission Granted.

Mr. Adams said the jury members told him that on the day the Parsons case was being investigated, Rollinson asked permission for Parsons to testify before the jury. This permission was granted, and Rollinson accompanied Parsons to the outer office, adjoining the grand jury room, the jury members said.

After Parsons had testified, the jury adjourned and the doors of the jury room were left wide open as the jurors prepared to leave the room, they said. Then, according to the jurors, Rollinson, who had been waiting in the outer office, stepped inside the jury room and said he wished to say a word. He told the jurors, they said, that Parsons had been in the army and had seen service overseas.

No Examination.

He spoke briefly without attempting to conduct an examination of any witness, and at a time when the jury was not in session, the jurors said. They added that they had determined from the examination of the witnesses that Harry Parsons should be indicted and that Benton Parsons, his brother, should not. Ralph Jones, deputy prosecuting attorney in charge of the grand jury, was in the jury room at the time Rollinson talked to the jurors.

Charles E. Cox has been appointed by Judge Walter Pritchard to sit as special judge in the Rollinson case, which is set for trial in city court Tuesday afternoon.

ARMENIAN AID CAMPAIGN.

Meeting at Caleb Mills Hall Will Close Series of Talks.

"If America could see the suffering, the starvation, the dying as I have seen it, $300,000,000 would be sent to the near east instead of the $30,000,000 we are trying to raise," Lieutenant Frank Connes, one of the eight members of the flying squadron of near east relief speakers in Indianapolis to appeal for Armenian orphan aid, said today. Lieutenant Connes spoke at Shortridge High School in the forenoon.

Dr. William E. Smith, director of Armenian aid in West Virginia, spoke to the students of Butler College in the forenoon. Dr. H. F. Pelligrin talked to the pupils at Manual Training High School. Students of the Arsenal Technical Schools heard Dr. J. Calvett Clarke, of Harrisburg. At noon Dr. Clarke was a guest of the Real Estate Board at the Chamber of Commerce. Mrs. Otis Floyd Lamson, of Seattle, will talk at the Y. W. C. A. at 8 o'clock this evening. At 6:20 o'clock Dr. Milton S. Littlefield, of New York, will talk to men's Bible classes at the Y. M. C. A. The day's campaigning will close this evening with a meeting at Caleb Mills hall, at which Paxton Hibben will be the principal speaker.

GIVES BREAD COST DATA.

Mrs. Emma C. Fesler Reads Report Before Housewives' League.

Results of the investigations of the bread committee of the Housewives' League of Marion county and the subsequent report to the fair price committee were reported by Mrs. Emma C. Fesler, chairman of the bread committee, at the monthly meeting today in the Chamber of Commerce.

Mrs. Fesler said that during the discussion before the fair price committee, the bakers said that they could obtain only 271 loaves from a barrel of flour, while the bread committee had obtained 313 loaves. She said that by adding 60 per cent. overhead to the material cost and half of 1 cent for the wrapper, a loaf of bread can be sold to the retailer for about 9.02 cents.

The housewives discussed the question of the greatly increased cost of potatoes and were expected to adopt a resolution pledging themselves to the slogan, "S. O. S.—Stay Off Spuds," until the price comes down.

Candidate for Supreme Bench.

[Special to The Indianapolis News]

LAPORTE, Ind., April 14.—Julius C. Travis has announced he will be a candidate at the Republican state convention for nomination as state supreme court judge from this district. Attorneys in Lake and St. Joseph counties have suggested for some time that Mr. Travis seek the nomination.

Indianapolis and Vicinity

Brief Notes of the Day.

The women of the Marion County Labor party will give a dance at the Denison hotel Saturday night.

The Mothers' Club of St. Joseph church will give a card party and dance Thursday night in Y. M. I. hall.

Mrs. Oscar Miller and Mrs. Rose Webb will be the hostesses for a card party in Buschmann's hall, Friday afternoon, for the Old Folks Home.

The Gamma Beta Sigma Sorority will meet tonight with Mrs. Elma Ford.

The Independent Club will give a public card party Thursday afternoon in Musicians' hall.

Gets Jail Sentence.

Clifford Douglass, 525 South Warman avenue, was fined $1 and costs and sentenced to serve fifteen days in jail by Judge Walter Pritchard, in city court, Tuesday, as the result of a charge of assault and battery filed against him, following an automobile accident at Meridian and Washington streets, April 10, when a taxicab driven by him struck and injured Miss Bessie Miller, of Shelbyville, who was staying at 5442 University avenue. A charge of driving past a street car while it was loading and discharging passengers, also filed against Douglass, was dismissed, and judgment on a charge of failing to display lights on his car, was withheld by Judge Pritchard. Douglass was arrested by Patrolmen Wilkerson, Hobson and Hollingsworth.

Two Women Convicted.

Mary Turk, 556½ West Washington street, was fined $100 and costs, and sentenced to serve sixty days in the Woman's Prison, by Judge Walter Pritchard, in city court, Tuesday, when she was convicted on a charge of operating a "blind tiger." Mrs. Amy Jordon, Maryland hotel, 126 West Maryland street, was fined $100 and costs and sentenced to serve thirty days at the Woman's Prison, on a charge of operating a "blind tiger." Patrick Butler and ten others were fined $5 and costs on charges of gaming, by Judge Pritchard, Tuesday.

Shortridge Alumni.

Friday, June 11, was chosen for the annual alumni day observance for the Shortridge High School Alumni Association, at a meeting of the board of control Tuesday evening. Joint commencement exercises for the three local high schools will probably be held the day before. Members of the board are Sumner Clancy, Herbert S. Woods, Edith Funkhouser, Beulah House, Mrs. Gertrude Dithmer, Mary Anne McCoy, Robert M. Brewer and George Buck, principal of the high school.

Nu Sigma Nu State Banquet.

The annual state banquet of the Nu Sigma Nu Medical Fraternity was held at the Claypool hotel Tuesday evening. It was preceded by the initiation of Dr. G. G. English, Dr. R. W. Gehres, Dr. C. B. DeMott, Dr. J. V. Carter, Dr. E. P. Kunkel, Dr. G. S. Buttorff and Dr. G. W. Green. Dr. W. B. Gatch was toastmaster and Dr. W. T. McMurrich, of Detroit, Mich., and Dr. Charles P. Emerson, dean of the Indiana University Medical School, were on the program. A number of physicians responded to toasts.

Sues City for $6,000.

Alleging that he was deposed as a member of the Indianapolis police department in 1915 without cause and with no charges preferred against him, Thomas F. Dugan has filed suit in superior court, Room 4, demanding damages of $6,000 from the city. He says he was a sergeant of police in May, 1915, when the superintendent of police then acting refused to assign him to duty and directed the city officials not to pay him his salary.

Six Chickens in a Bag.

A colored man, giving his name as Edward Smith, and his address as 1026 Indiana avenue, believed to be the man who has been raiding chicken coops in the northwestern part of the city recently, was arrested early today at Indiana avenue and Tenth street, by Elmer Postel, a patrolman. Smith, who was slated on a charge of petit larceny, was carrying a sack containing six chickens when Postel caught him.

Held to Grand Jury.

John Kemp, colored, 828 Roanoke street, a porter at the United States Store Company's department store, 342 Massachusetts avenue, charged with stealing clothing and other merchandise valued at approximately $200, was held to the grand jury under $2,000 bond by Judge Walter Pritchard, in city court today. Kemp was arrested by Motor Policemen Trimpe and Kitzmiller and Detectives Duncan and DeRossette.

Grand Larceny Charged.

Hazel Conover, age twenty-nine, 502 Warren avenue, was arrested Tuesday night on a charge of grand larceny as a result of the alleged theft of $97 from the Trotcky department store, McLain and Howard streets. Patrolman Kurrash, who made the arrest, also arrested R. C. Pope, of the Warren avenue address, on charge of vagrancy, pending further investigation of the alleged theft.

Hurt in Collision of Autos.

Fred J. Pulsford, 3216 North Capitol avenue, and his wife, Flora, were injured Tuesday night when their automobile was in collision with a car driven by James Skooleff, 548 West Washington street, at Senate avenue and Washington street. Pulsford was bruised about the head and Mrs. Pulsford, who was thrown through the windshield, suffered several cuts on her face and neck.

Charge of Grand Larceny.

W. E. Toohey, of Muncie, arrested there Tuesday at the request of the local authorities, was brought to Indianapolis early today by Detective Flaherty, and was slated at the City Prison on a charge of grand larceny. Toohey is alleged to have obtained $100 from the Fidelity Trust Company, by a check, issued on an Ohio bank, which later proved to be worthless.

Will Talk to Credit Men.

H. J. Van Dolah will talk before the weekly meeting of the Indianapolis Association of Credit Men at the Claypool hotel Thursday noon on commercial arbitration as a method of settling disputes arising from business relations. He is chairman of a committee on commercial arbitration and will present a plan showing how the matter has been worked out in other states.

Candidate for Typo President.

John McParland, of New York city, has been active in Indianapolis for a few days in the interests of his candidacy for president of the International Typographical Union. He is affiliated with what is known as the progressive party of the union. Marsden G. Scott, with headquarters in Indianapolis, is president of the international.

Parent-Teacher Meeting.

The Parent-Teacher Association of school No. 66 will meet Friday evening at 8 o'clock in the schoolhouse. A musical program will be provided by Mrs. Mary Traub Busch, contralto, and Miss Mary Jeanette Lilly, pianist. Charles E. Rush, city librarian, will talk on "The Literary What Not." Both fathers and mothers are invited.

Yetter-Munier Post Meeting.

The Yetter-Munier Post of the American Legion held its first meeting in its new quarters in the Communal building, 17 West Morris street, Tuesday night. Formal dedication will take place soon. The rooms were provided by the Jewish Federation. Business meetings will be held the fourth Tuesday of each month.

Burglars in Restaurant.

One ham, four pounds of butter, three boxes of cigars and twenty-five dozen of eggs were stolen last night by burglars who broke into Isaac Hammond's restaurant at 439 Indiana avenue, according to a report to the police. The burglars gained entrance by removing iron bars from a transom over a rear door.

Violated Fire Ordinance.

Meyer Ladan, grocer, 1901 Yandes street, charged with violating the city fire prevention ordinance by keeping gasoline stored in an open container in a frame shed at the rear of his store, was found guilty today by Judge Walter Pritchard in city court, and was fined $10 and costs. The fine was suspended.

Gamma Sigma Officers.

The new officers of the Gamma Sigma Sorority are: Miss Cecelia Salzman, president; Miss Anna Fishman, vice-president; Miss Adaline Fishman, secretary-treasurer, and Miss Dora Levey, press representative.

Deputy U. S. Marshal Resigns.

C. M. Mikesell, deputy United States marshal, resigned his position today to take up the work of manager of the northwest district of Indiana for the Indiana Tractod Company, of Anderson. Mr. Mikesell was commissioned deputy marshal November 27, 1914, shortly after Mark Storen took office as marshal. At that time Mr. Mikesell was sales representative in the northwest for a Chicago engineering firm.

Department Adjutants to Meet.

A meeting of all department adjutants of the American Legion has been called for April 22, 23 and 24, to be held at national headquarters in Indianapolis, according to announcement by Lemuel S. Bolles, national adjutant. Problems of the adjutants will be discussed at the meeting, which will be attended by national officers.

EXPLODING CARTRIDGES POSSIBLE DEATH CAUSE

CHARRED BONES OF MAN AND DOG FOUND AT MEDFORD.

TWO-ROOM HOUSE BURNS

[Special to The Indianapolis News]

MUNCIE, Ind., April 14.—Awakened about 4 o'clock this morning by reports of what is believed to have been the dicharge of revolver cartridges, persons living in the village of Medford, eight miles southeast of Muncie, saw the two-room house, occupied by James Hutzler, a laborer, in flames. When they were able to enter the building later, they found Hutzler's charred bones on the remains of his bed and the bones of his dog under the bed. It is not known whether the man and dog were killed by exploding cartridges or were burned to death.

A wood stove in the same room was found overheated and an oil can was nearby. It is believed that Hutzler built a fire, fell asleep and the stove set fire to the building. Two revolvers were found in the room.

It is regarded as unusual that neither the man nor the dog raised an alarm. This supports the theory that they were killed early in the fire by exploding cartridges, probably stored near the bed.

Hutzler was fifty-three years old. He is said to have had a considerable sum of money, which he usually carried with him, and it also is said that he had an account in a Muncie bank. Although believing the death was accidental, officers are investigating the possibility that Hutzler may have been murdered for his money and the house set on fire to conceal the crime.

Hutzler had been divorced for several years. His former wife has married again and now lives in Indianapolis. One daughter, Mrs. Blanche Weisse, and two sons, Ellsworth and Virgil Hutzler, also live in Indianapolis.

Have No Police Powers.

Secretaries of boards of health have no police powers, Ele Stansbury, attorney-general, held today in reply to an inquiry by Dr. J. N. Hurty, secretary of the state board of health.

UNTIRING SEARCH OF MOTHER IS REWARDED

TWELVE YEARS AGO WOMAN LOST TRACK OF BABY.

BOY IS FOUND IN ILLINOIS

[Special to The Indianapolis News]

BRAZIL, Ind., April 14.—Mother and son, separated for twelve years, have been reunited here as the result of an untiring search by Mrs. Charles Sawyer, the mother. The son, who is fourteen years old, is Donald Eugene Parkhurst.

About thirteen years ago the father of the boy disappeared from his home in Effingham, Ill., and has not been heard from since that time. For a time after his disappearance the mother, who was then Mrs. Parkhurst, was able to support herself and the boy, and then she became ill with appendicitis, and went to St. Anthony's Hospital in Effingham. Before going to the hospital she placed the boy in the Huddleson Orphans' Home at Irvington, Ill. She was in the hospital for several months. When she left the institution, she could find no trace of her boy, later learning that he had been placed in a private home by mistake, but not learning the name of the family.

After leaving the hospital, and before learning that her boy was not in the orphans' home, the mother offered her services to the home as a maid, thinking that she would be near the boy. The offer was not accepted, and the mother could not get any information about her son at that time. Returning to St. Anthony's Hospital, she studied to be a nurse and was there for three years.

Seven years ago the mother married Charles Sawyer, a patrolman of Indianapolis, and they lived there for several years, Mrs. Sawyer being a professional nurse. She continued the search for her child, even soliciting the aid of mediums and fortune tellers in the hope of getting some clew. Mr. and Mrs. Sawyer then moved to Brazil.

In March Mrs. Sawyer visited in Effingham and while there she solicited the aid of the prosecuting attorney and the boy was found in a family home at Mt. Vernon, Ill., where he had been for nine years.

FRANCO-BELGIAN ENTENTE

New Defensive Military Pact Imminent, Paris Reports.

PARIS, April 14 (Havas).—Conclusion of a defensive military entente between Belgium and France is imminent, according to a statement by Baron De Gaiffier d'Hestroy, Belgian ambassador, to the Petit Parisien. Rumors of negotiations between the two countries have been current for some time, but the nature of the understanding sought between them has not been clearly defined hitherto.

General satisfaction with Premier Millerand's statement in the chamber of deputies yesterday is expressed by the newspapers of this city. The papers say he will be supported by the unanimous sentiment of France when he appears before the meeting of the supreme allied council at San Remo to defend the interests of France.

Belgium will ask for admission to the San Remo conference, according to a dispatch from Brussels to the Journal.

SECRETARIES AT MEETING.

Farmers' Federations of Many States Are Represented.

Secretaries and other representatives of farmers' federations from many states in the middle west today attended a meeting at the Claypool hotel, called by Lewis Taylor, general secretary of the Indiana Federation of Farmers' Associations, to discuss matters of common policy for the states. Representatives present included: M. A. Beeson, Stillwater, Okla.; E. H. Cunningham, Ames, Ia.; F. L. French, St. Paul, Minn.; J. W. Coverdal, Chicago, national secretary of the American Farm Bureau; A. J. Meyer, Columbia, Mo.; P. J. Crandall, Huron, S. D.; Graffrey Morgan, Lexington, Ky.; Paul Stephens, Chicago, editor American Farming; W. F. Kruger, manager Western Newspaper Union; George Bryant, United States crop reporting service, and the following officers and members of the Indiana Federation: John G. Brown, Maurice Douglas, E. E. Reynolds, H. C. Reid and J. W. Raub.

Mr. Taylor was appointed temporary chairman and Mr. Reynolds, temporary secretary. The visitors were guests at a luncheon.

EXCHANGE TO CO-OPERATE

Live Stock Men May Have Agent at Indianapolis Yards.

Co-operation of the Indianapolis Live Stock Exchange with the Indiana Federation of Farmers' Association, in a proposed plan of the federation to place at the Union Stockyards in Indianapolis a representative of producers and shippers of live stock, was voted today by the exchange, under the condition that the shippers and producers who wish to take advantage of the plan give written notice to the live stock exchange of their desire to contribute to the fund.

Mrs. Belle Oliver Dead.

[Special to The Indianapolis News]

JEFFERSONVILLE, Ind., April 14.—Mrs. Belle Oliver, age eighty-four, widow of James Oliver, died of paralysis today at her home in Utica, where she had lived all her life. A daughter and two sons survive.

SOCIAL SIDE OF CHURCHES

The congregation of All Saints cathedral will give a party for the church choir Thursday evening in the Diocesan rooms.

The Aid Society of St. Paul's Episcopal church will meet all day tomorrow at the parish home. Each member will take her lunch.

The chicken dinner scheduled by the women of Meridian Street M. E. church for tomorrow evening has been postponed indefinitely on account of the gas shortage.

The Aid Society of East Park M. E. church will meet Thursday afternoon at the church. Hostesses will be Mrs. A. E. Butcher, Mrs. J. Ealend, Mrs. J. F. Kerr, Mrs. C. McCreary and Mrs. N. B. Harding.

The Indianapolis district of the Epworth League will hold a rally at the Central Avenue M. E. church tonight, at 8 p. m. Dr. C. H. Taylor, pastor of the First M. E. church of Bloomington, will speak on "The Call of the Heroic." Miss Lora Ferguson, district first vice-president, is in charge of the program, and Homer E. Enslow, district president, will preside. Music will be provided by Robert Lowes, Arthur Shultz and the district quartet.

The Missionary Society of Third Christian church will meet in the new church parlors Thursday afternoon. Mrs. W. E. Fifer will lead the meeting, and Mrs. William Wachtel will have charge of devotionals. Music will be provided by Mrs. R. D. Barnes, Mrs. L. B. Lookabill, and Mrs. R. W. Lookabill. Mrs. H. A. Winterrowd will read a paper on "The Healing of the Philippines," and Mrs. J. M. Dungan will lecture on "Christian Americanization."

The Discussion Group of All-Souls Unitarian church will meet at 8 o'clock tonight at the church for the second of a series of discussions on presidential candidates. Johnson, Wood and Harding will be discussed by Mrs. Edward Franklin White, Alexander Casanges and Arthur Robinson. The Woman's Alliance of the church will hold an all-day meeting Thursday at the church to sew for the Charity Organization. Luncheon will be served at 12:30 o'clock.

PRIMARY ARGUMENT HEARD

Judge Ewbank Takes Niblack Contest Case Under Advisement.

Arguments on the law points involved in the suit of Mason J. Niblack, a candidate for the Democratic nomination for Governor, against the state board of election commissioners and other candidates for nominations for Governor were heard by Judge Louis B. Ewbank in circuit court Tuesday afternoon. Judge Ewbank took the case under advisement following the arguments.

Niblack is contesting the validity of the primary election law enacted in 1917, amending the law which provided for voters to cast their votes for both first and second choice candidates. William V. Rooker appeared for Niblack and Ele Stansbury, attorney-general of Indiana presented arguments for the defendants.

LARGE YIELD IS INDICATED

Conditions Favorable for Cherries, Apples and Peaches.

Conditions are favorable for nearly a maximum yield of cherries, peaches and apples in Indiana this year, according to reports received from all over the state by the entomology division of the state conservation commission.

The division urges general spraying to kill insect pests which might reduce the yield. Green plant lice, which last spring attacked apple trees, likely will not bother the apples so much this year, said Frank N. Wallace, state entomologist. If they appear they should be sprayed with nicotine sulphate, Mr. Wallace said.

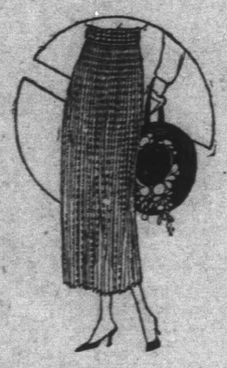
Semi-made Accordion Pleated Skirts—A SALE



Skirts at $6.00, $7.50, $8.25, $8.75 and Upward to $17.25

You'll find white, tan, brown, old rose, black, and three shades of blue skirts of mohair, poplin, serge, chudda cloth and Empress worsteds, as well as shepherd checked and plaid skirts.

Skirts are hemmed, accordion pleated and provided with belt, which any one with care can adjust properly.

An opportunity. —Ayres—Second floor.

Rose Bushes, Shrubs and Fruit Trees

—The biggest sale of the season starts Thursday.

Among the roses are all the ramblers—white, pink, yellow and red; also Prairie Queen and Tennessee Belle and numerous favorite hybrid perpetual roses—these at **39c** each.

Among the shrubs are over a thousand Japanese barberry bushes at **15c** and **25c** each; also 400 fine Spirea at **20c**, and 500 Armour River, the hardiest privet, at **15c**, or **$1.50** a dozen.

Among the fruit trees are Anjou, Duchess, Kiefer and Clapp's Favorite pear trees; Early Harvest, Gano and Liveland Raspberry apple trees; Wickson plum trees and Ostheime cherry trees. Choice at **60c**. —Ayres—Sixth floor.

Extraordinary!

A Sale of 150 New Dresses

More Than Forty Styles One to Three of a Kind — **$29.50** — *In the Basement* — *More Than Forty Styles One to Three of a Kind*

Dresses that, even in your most optimistic moments, you would never imagine could be bought at such a remarkably low price. The loveliest frocks for street and afternoon wear—of alluring foulards, Joan of Arc (a knitted fiber fabric), of mignonette, beaded Georgette and some very lovely combinations of fabrics.

These dresses are, we think, the best values shown in Indianapolis at the price or anywhere near it. They are so good, so decidedly pretty and so stylish that one of the big show windows on Washington street has been reserved in which to exhibit a number of them.

On sale Thursday—and if you knew the real value of these dresses as we do, there wouldn't be a single one left at closing time.

In the Basement Apparel Shop

Bleach the Tan March Gave You

—Louis Philippe Angelus Lemon Cream (long as the name of a royal prince, isn't it?) will bleach your complexion of the freckles and tan that March winds bestowed upon it.

—It, too, is a splendid cleansing cream, among its other ingredients being real lemons—the fruit—not chemicals, in double strength and hand-pressed. Price **$1.50** the jar. —Ayres—Street floor.

The Gray Shop—Suits, $49.50

—The stout woman will be met by extraordinary values in tailored suits of two styles—the severely plain tailored and the snappy braid-trimmed models.

—Sveltline, of course; in oxford mixtures, navy blue and black. At the same price are heatherspun jersey suits in mixtures of blue and green. Sizes 42½ to 50½. —Ayres—Third floor.

Our Forefathers Had *Bandy Legs*

Calm yourself—that's only half the story. They had bandy legs on their furniture.

"Lowboys" and "highboys," with their quaintly curving legs, were conspicuous among the furniture our Pilgrim fathers used.

Though Englishmen and English manners were preponderant in the colonies, it was Dutch taste that dominated colonial furniture at the end of the seventeenth and the beginning of the eighteenth centuries, coming directly from Holland and indirectly through England.

The same quaint bandy legs of the colonial "lowboy" are to be seen in the colonial model of the Sonora phonograph. The chaste austerity of the colonial dames and the demure simplicity of the colonial maids are charmingly combined in this model. Though a period design, it is quite adaptable to any room.

As for tone—the name Sonora says it all. It was for tone that the Sonora instrument was awarded highest score over all other competing phonographs by a competent jury of experts.

The Colonial Sonora is equipped with exclusive Sonora features, such as the motor meter, tone modifier, etc. It plays all types of disc records.

The Colonial Sonora plays nearly half an hour on one winding. Ask to hear it. Price $375. Convenient terms.

ABE MARTIN.

Th' only way t' entertain some folks is t' listen t' 'em. "Nothin' makes me as mad as t' hurry an' make a couple o' eyebrows an' go t' th' door an' find a peddler," said Miss Fawn Lippincut, t'day.

Little Stories of Daily Life

Loyal to Both.

Mrs. Flannigan for years has proudly exhibited from her front window a row of geraniums, in pots wrapped in bright, Irish green crepe paper. But the other day when her neighbor, whose son was in France for several months, pulled back her window curtain and revealed her flower pots, decorated in red, white and blue paper, Mrs. Flannigan was visibly troubled. She worried and worried. It is quite hard to be loyal to two countries at the same time, yet Mrs. Flannigan desired to be so.

Then one morning her wide Irish smile came back to her face. And passers-by saw in the Flannigan front window a row of flower pots brave in red, white and blue coverings and every covering was tied to the pot with a wide band of green ribbon.

Prepared.

One of our Indiana towns conducts a fly swatting campaign every year through the schools. But when it was mentioned the other day, some of the teachers demurred. They thought they were overworked enough as it was. Later one of them told her children about it. "People complain about having to pay taxes to support the teachers," she said, "but still they want them to do more work. I don't see the reason they had for asking us to conduct this swatting campaign."

One of the youngsters grinned—one who had often felt the teacher's strong right hand. "Oh, they asked them because they thought they were better prepared for swatting than any one else," he whispered.

MANUFACTURERS ANNOUNCE ENTRANCE INTO CAMPAIGN

National Association to Draft Platform to Submit to Old Party Conventions.

NEW YORK, April 14.—The National Association of Manufacturers announced last night its entrance into the national political campaign on a platform "for American industry."

Stephen C. Mason, president of the association, said the action was in accord with a general desire through the country. A platform committee from each state, with all phases of industry represented, now is "in process of completion," he said. The national committee, which will be composed of three of "the most representative and ablest manufacturers in the several states," will meet here May 3 to draft the industrial platform. The platform will be submitted to the annual convention of manufacturers here two weeks later.

When the platform is approved it will be submitted to both Republican and Democratic national conventions.

The announcement said "no secret is made of the fact the manufacturers expect to encounter some still opposition, even among their own ranks," but it was added that "sufficient assurance of support has been received that all disapproval will be crushed in an avalanche of popular favor." Letters have been sent to the manufacturing associations of each state asking them to select three representative men, "irrespective of party affiliations," to help frame the platform. The letter to these associations says: "It is earnestly and conscientiously believed that productive industry has been silent too long."

"It is now the psychological duty for industry, the backbone of the nation, to make its voice heard, and present to the country a sound economic program," the letter says. "Never before have associations like ours had the opportunity to prepare jointly such a program."

$7,000 ESTIMATED DAMAGE

Dwelling and Veterinary Hospital Burn at Sheridan.

[Special to The Indianapolis News]

NOBLESVILLE, Ind., April 14.—The home of Dr. Roe King at Sheridan and his veterinary hospital, which was near the house, were destroyed by fire last night. The flames started in the hospital and spread to the home. Three automobiles, a Jersey cow, a bulldog and a large number of chickens were burned to death.

The loss was estimated at $7,000, less than half of which is covered by insurance. Dr. King was discharged from the army recently.

MEMORIAL TABLETS TAKEN

Vandals Steal Clark County Tribute to Its Soldier Dead.

[Special to The Indianapolis News]

JEFFERSONVILLE, Ind., April 14.—Desire for souvenirs is blamed for the disappearance of several of the bronze plates, which were suspended on twelve memorial trees set out two weeks ago on the high school campus by Daughters of the American Revolution.

Each tree is to honor the soldier dead of one township. The plates were placed on the trees in the morning of the day of dedication. One disappeared before the afternoon exercises and six have gone since.

DRINKS WINTERGREEN; DIES

Tony Toncheff Used Extract as Toothache Medicine at Michigan City.

[Special to The Indianapolis News]

MICHIGAN CITY, Ind., April 14.—Tony Toncheff, age thirty-five, died yesterday afternoon in a hospital here after having used wintergreen extract for toothache. He drank the fluid about a week ago.

Appeal for Treaty Ratification.

WASHINGTON, April 14.—The signatures of Herbert Hoover and William J. Bryan appear among those attached to copies of the appeal for a compromise ratification of the treaty of Versailles presented to the senate. It is the same as that recently presented to President Wilson and the name of President Lowell, of Harvard University, heads the list of fifty prominent men who signed it.

EXPRESSES CONFIDENCE IN BOARD'S GOOD FAITH

One Asserts Teachers Can Safely Leave Matter of Higher Salaries to School Heads.

To the Editor of The News:

Sir—As a teacher of some years of service in our school system the writer feels that at the present time, while we are in the midst of the campaign for better pay for teachers, a word of encouragement for our leaders in the movement will be helpful. It is no small undertaking to change an existing condition, especially when to change it involves the raising of large sums of money, and the school and Mr. Graff have need of every assistance from the teachers and the public in order to put the thing across.

The work of last year, when the legislature was brought to see and to provide for our needs in Indianapolis, was splendidly organized, and we teachers can safely trust to the same management the task of raising the necessary funds to make real the promise of adequate pay for teachers.

So great is the need for such improvement that it is little wonder that some teachers, especially those who have most felt the pinch of poverty, have been somewhat embittered. It is really a marvel that there is so little of such feeling in evidence. Where such a spirit has been allowed to come into existence, we sometimes find a tendency to doubt that the school authorities are doing their utmost to achieve success in gaining suitable compensation for teachers. This suspicion is unworthy, and not borne out by the facts. It is understandable enough when one considers the financial strain that the teachers have undergone, but it should not be encouraged or even allowed by the great majority of teachers who have suffered, yet kept sweet, and gone on with their work.

It is the purpose of this letter to express to the board and to Mr. Graff the fact that the teachers as a whole have confidence in their good faith and in their entire competence to win the very necessary salary increase. It may be helpful to them while in the midst of the discouragements of the moment to learn, as did the young man under the invocation of the prohphet of old, that "they that be for us are more than they that be against us."

ONE OF THE TEACHERS.

Post Against De Valera Reception.

NEW ORLEANS, April 14.—Alvin C. Callender Post of the American Legion, at a meeting here last night, adopted resolutions deploring efforts to give a public reception to Eamon de Valera, "president of the Irish republic."

WEDDING GIFTS

That will please the bride

What could be more alluring than a beautiful piece or set of Kirk Silver, with its high relief flowers and quaint, attractive shapes? Or a piece of the exclusive Etruscan pattern, with its plain satin finish and lovely Greek border? Tea sets, coffee sets, knives, forks and spoons and service pieces may be had in either of these distinctive patterns.

Then on our china and artwares floor you will find many suggestions for gifts that are both practical, unusual and beautiful.

LAWRENCEBURG IS CHOSEN

Will Be Whitewater Presbytery Meeting Place in 1921—Session Closed.

[Special to The Indianapolis News]

SHELBYVILLE, Ind., April 14.—The Rev. E. H. Rankin, of Aurora, was elected moderator of the Whitewater Presbytery for the coming year at the closing session of the 1920 meeting here yesterday. He succeeds Dr. Joseph J. Rae, of Richmond. Other officers chosen are the Rev. H. C. Chapin, Lewisville, temporary clerk, and the Rev. E. H. Mergler, of Knightstown, permanent clerk of the session.

The presbytery decided to hold its 1921 meeting at Lawrenceburg. Commissioners from the presbytery to the general assembly of the church, which meets at Philadelphia in May, were elected as follows:

The Rev. Joseph John Rae, Richmond, and J. H. Crecraft, College Corner, O.; alternates, the Rev. E. H. Rankin, of Aurora, and P. C. Brawn, of Lawrenceburg.

INTERVENTION IS DENIED.

Massachusetts Court Rejects Attorney-General's Church Petition.

BOSTON, April 14.—The supreme court of Massachusetts has refused to permit Attorney-General J. Weston Allen to intervene in the suit of the trustees of the Christian Science Publishing Society against the directors of the mother church.

Judge Pierce sent the case to the full bench, which meets in October, and announced there would be no arguments on exceptions taken by counsel during the hearings before the master, Frederick Dodge.

The court said that it would be permissible for the attorney-general, who sought to intervene under the law which makes him the defender of public charitable funds, to bring an independent suit.

The court dismissed a motion by Edwin A. Krauthoff, of Washington, to compel the Christian Science Monitor to print a full account of all court proceedings in the case.
