

## 5,000 GOOD ROADS MEN EXPECTED AT CONGRESS

INTERSTATE GATHERING TO CONVE NE THURSDAY.

## FIVE GOVERNORS TO SPEAK

(Special to The Indianapolis News) EVANSVILLE, Ind., April 19.—Five thousand good roads advocates are expected to attend the interstate good roads congress, Thursday and Friday at the Soldiers and Sailors Memorial Coliseum here. All of the sixteen vice-presidents of the District Association have promised to be present with large delegations. Benjamin Hoge, mayor of Evansville, president of the association, has called a meeting in conjunction with the good roads congress. Five Governors have accepted invitations to appear on the program. They are James E. Goodrich, of Indiana; Edward P. Morrow, of Kentucky; Frank O. Lowden, of Illinois; A. H. Roberts, of Tennessee; and C. H. Brough, of Arkansas. The grand parade of all delegations, visiting officials, bands, motor trucks, and civic organizations, will be one of the opening events of the congress, and a Governors' day banquet with 200 guests Friday evening will be the final event.

## Experts Are on Program.

Among those who will address the delegates during the two days, in addition to the Governors, are: J. H. Wright, director of the Indiana highway commission; M. E. North, secretary of the National Automobile Association; Joe S. Boggs, head of public roads work in Kentucky; J. T. Vanhook, central district engineer of the bureau of good roads; Thomas H. McDonald, director of the bureau of good roads, department of agriculture; H. H. Bishop, chief of construction, Indiana highway commission; Clifford Older, chief engineer of the Illinois highway commission; D. H. Kinschloe, congressman from the First Kentucky district; J. S. Turner, state highway commissioner; John G. Brown, president of the Indiana State Federation of Farmers' Associations; H. G. Shirey, secretary of the federal highway council; E. M. James, assistant chief engineer, bureau of public roads; John B. Hittell, formerly president Illinois Society of Engineers, and E. G. Bachelor, chairman of the American Automobile Association.

## Distinguished Visitors.

Among other prominent men who have accepted invitations to attend the congress are James E. Watson, United States senator from Indiana; former Senators James A. Hendricks and Thomas Taggart; W. H. Haldeman, until recently Democratic national committeeman from Kentucky; Robert J. McBride, Louisville; Judge Ben Weille, Paducah; Judge C. W. Wells, Owensboro, and E. T. Franks, Owensboro, Republican state chairman.

Among the plans of the interstate good roads congress are:

To promote and encourage the building of good roads, to issue a bond issue in Vanderburg county for road work; to discuss the proposed

three-mill state tax levy for a state highway system; to boost the proposal for a bridge across the Ohio river at Evansville; to discuss the possibility of a transcontinental train from Detroit to Los Angeles, to encourage the ship-by-truck movement, and to encourage the organization of motor clubs to back good roads legislation.

## HOOSIER IS SPEAKER.

John S. Dyer, of Vincennes Addresses Tri-State Rotarians. DES MOINES, Ia., April 19.—Rotarians from Nebraska, South Dakota and Iowa gathered here today to attend the sixteenth annual convention of the Tri-State district of the International Rotary Clubs. The attendance was expected to reach 700. Today's program included an address by John S. Dyer, of Vincennes, Ind., first vice-president of the International Rotary Clubs.

## CHARLES G. LOWE IS DEAD

Was Clerk in Indianapolis Store for Half Century.

(Special to The Indianapolis News) BLOOMINGTON, Ind., April 19.—Charles G. Lowe, age eighty-one, died of the infirmities of age last night at a local hospital. Mr. Lowe, who formerly lived in Indianapolis, was the father of Mrs. William Lowe Bryan, whose husband is president of Indiana University. Mrs. J. H. Howard, wife of a professor of Latin at the University of South Dakota, also is a daughter.

Mr. Lowe was a clerk in the furniture department of the New York store, at Indianapolis, for half a century. He retired three years ago.

The body will be taken to Indianapolis for burial in Crown Hill cemetery.

## NOT TO ACCEPT PLACE.

C. W. Scott, of Warsaw, Declines State Soldiers' Home Post.

(Special to The Indianapolis News) LAFAYETTE, Ind., April 19.—C. W. Scott, of Warsaw, who was recently appointed commandant of the Indiana State Soldiers' Home, to succeed Colonel D. E. Kehrer, who tendered his resignation to the board of trustees, has decided not to accept the appointment. Mr. Scott was to have taken charge May 1. No reason is given for his refusal of the post after having once accepted it. Colonel Kehrer will remain in charge until a successor is chosen by the board of trustees at the May meeting.

Mr. Scott, who declined the post, is

himself a member of the board of trustees.

## Census Figures Announced.

WASHINGTON, April 19.—Population figures announced by the census bureau include: New Orleans, 387,408; increase 48,333 or 14.3 per cent. Tucson, Ariz., 26,292; increase 7,099 or 27.3 per cent. Marquette, Mich., 12,718; increase 1,215 or 10.8 per cent. Eureka, Cal., 13,212; increase 1,367 or 11.5 per cent. Athens, Ga., 16,746; increase 1,335 or 12.3 per cent. Barbours, O., 15,811; increase 9,401 or 59.5 per cent. Jeannette, Pa., 10,527; increase 2,560 or 24.6 per cent. Sanford, Me., 10,691; increase 1,642 or 15.1 per cent. Weehawken township, N. J., 14,485; increase 2,251 or 19 per cent. Kenmore, O., 12,683; increase 11,122 or 112.5 per cent.

## An Easy Way To Remove Blackheads

Try this wonderful new astringent skin treatment that gives remarkable results.

Before retiring, wash the face with warm water—not too hot. Do not use soap. Dry thoroughly—and apply Graham Beauty Secret—a soothing, astringent gray paste. Do not massage the face. When the paste has dried, remove it with warm water, and apply Graham Skin Pure.

The astringent skin treatment tightens the skin—like out lines, contracts coarse, enlarged pores, draws out blackheads, lifts up sagging skin, and bleaches a sallowness without the slightest irritation.

All Priced at 2.50. All Sizes, 36 to 52. (Wasson's, Fourth Floor)

HARDING URGES RETURN  
TO SIMPLE LIVING WAYSPLEADS FOR HIGHER STAND-  
ARD OF EFFICIENCY.

## ADMINISTRATION ATTACKED

[Special to The Indianapolis News]  
KOKOMO, Ind., April 19.—Warren G. Harding, United States senator from Ohio, declared, in an address Saturday night at the Courthouse, that he would rather see industrial peace in America than have a league of nations all the world. Mr. Harding, who was the first candidate for the Republican presidential nomination to visit Kokomo in preparation for Indiana's preference primary on May 4, said that he stood heart and soul for the continued high scale of wages, but urged the American workman to help America solve her problems of contributing more efficiently.

"The only possible way to bring down the high cost of living is to return to the simple ways of living and to develop a higher standard of efficiency," he said. "I haven't bought a new suit since the war began because of the high prices. And I will wear patches fore and aft before I surrender. I would join the overall brigade if I weren't afraid it would boost the price of overalls."

## One-Man Government.

Senator Harding opened his address with an attack on what he termed the one-man administration of the Democrats, and flayed the proposed supergovernment of the world.

"What this country needs more than anything else now is co-ordinated government and reconstruction to the Constitution," he declared.

The speaker added that if the President had done since the war since Washington, instead of dismissing the body of men who had been in charge of the world, he would have been any delay about peace, nor any broken heart of the world. For one as sympathetic as I, I had rather break the heart of the world than destroy the body of men who had been in charge of the world. The President dare not veto it. He could not keep us out of war and he can't keep us out of peace."

## Americanization Appeal.

The senator made an appeal for Americanization of the foreigner instead of blaming him for the spread of radicalism.

"We ought to have it understood from this time on that this is no mere collection of people calling themselves Americans, but one people with one spirit, one soul, one allegiance and one flag. We ought to have a navy as large as any in the world. We ought to have an ample army and we ought to have all our young manhood of the republic know the benefits of military training, but it ought to be voluntarily not compulsory."

J. F. Harness presided at the meeting and introduced the speaker.

## HITS AT ADMINISTRATION.

Harding Urges Determined Stand in Mexican Situation.

[Special to The Indianapolis News]  
LOGANSPORT, Ind., April 19.—Before an audience at the Nelson theater here Saturday afternoon Warren G. Harding, candidate for the Republican nomination for President, appealed to the American people to

work, produce and be as conservative as possible, in order that the country could be brought back to a condition that would approximate the cost of living conditions prior to the war.

Mr. Harding urged that this nation take a determined stand for its rights in the Mexican situation and not involve itself in the political entanglement of foreign political powers and that the problem of the international unrest be solved.

Briefly reviewing the actions of President Wilson and the senate concerning the league of nations the speaker said that he had no objection to the President going to Europe, but that he did greatly object to the fact that he did not take some one with him. He criticized the President greatly for not permitting congress to do its part in settling the affairs across the water.

"I would rather help Mexico to light the illuminating torches of American righteousness and erect a temple of security in neighborly usefulness and love of justice, than risk contagion from our republic in old world conflicts," he said.

"I would substitute for watchful waiting and humiliation and anxiety an unmistakable understanding of just rights and righteous relationship and exact fulfillment of that understanding. Wilsonian democracy has not only proposed surrender of our nationality, but it has centralized authority and usurped power in the name of war. Democracy is appealed and discouraged. The biggest thing for America today is to get back to the Constitution and freedom it guarantees, back to simplicity of government and representative democracy with power distributed as planned by the founding fathers."

Mr. Harding, when he arrived here, was met by a party of local supporters and was taken to the Elks home where an informal dinner was served. Following the dinner a parade headed by a local band traveled over the main streets of the city.

Many women were present at the address. J. M. Habb former judge of the Indiana appellate court presided.

## A Worse Fate in Store.

[Boston Transcript]  
An unpleasant married man was met by a friend who said, "Man, Jamie, this is an awful thing that has befallen you. A great pity that your wife has gone and left you."

"Don't man," quoth Jamie, "she'll do worse than that yet."

"What war can she do then?"

"She'll come back again," replied Jamie ruefully.

It is not the casual performance of an unusual sort, but the continual doing of unusual things that holds the Hupmobile so close to the hearts of its owners.

GARY FOR GOVERNMENT  
REGULATION OF LABOROUTLINES COMPANY'S STAND  
AS TO UNIONS.

## TALKS OF PRICE ADVANCES

NEW YORK, April 19.—"Labor should be subjected to governmental control and regulation like other organizations," Elbert H. Gary, chairman of the United States Steel Corporation, said today in outlining the company's stand on unions at the annual meeting of stockholders.

"Discrimination by law in favor of or against any particular class is detrimental to the interests of the general community," Mr. Gary said. "It contradicts the fundamental principles of our government."

Mr. Gary reiterated that the steel company intended to maintain the open shop.

"We believe, and we think the public is of the same opinion, that the welfare of mankind will not be promoted by the 'one big union' idea," he said.

Mr. Gary referred to the strike of steel workers last fall.

## Talks of Steel Strike.

"A small percentage of employees were members of labor unions," he said. "When they were called out they responded and, as a result of threats and intimidations, others

temporarily quit work, so that all together about 25 per cent. of the men were out for a short time. The majority were steadfast and loyal."

Mr. Gary discussed the proposal for a shorter day for steel company employees. He said the problem was difficult because of the nature of operations at some plants.

"Those who sometimes suggest there might be fewer hours do not show us a practical method, taking into consideration existing circumstances," he said. "The workmen will not submit to it unless they are paid compensation for short days equal to the full amount paid for longer days."

Turning to the recent decision by the supreme court which held the United States Steel Company did not violate the Sherman anti-trust law, Gary said:

"It is fortunate for the country, for the maintenance and stability of industrial progress and prosperity that the supreme court several years ago and now in the present case against the corporation, declared the rule of reason must govern the interpretation and application of the Sherman law to the facts in any case presented, sometimes deciding in favor of the government and sometimes against."

Mr. Gary mentioned reference made by the court's decision to the "Gary dinner."

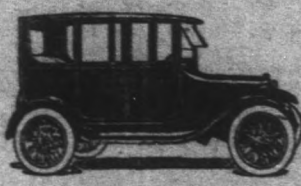

He declared he believed the conditions resulting from the panic of 1907 justified the action in holding meetings of leaders in the industry "to do what we could to stay the threatening storm."

## Advance for Prices.

Mr. Gary said the steel company was still holding to the selling price for its output fixed by agreement with the industrial board March 21, 1919.

"We think there is a moral obligation on the part of every one to use

all reasonable efforts to check the carnival and greed and imposition, even at some sacrifice," he said, referring to the "increasing tendency to insist upon payment of unreasonable sums for every commodity. It should be the effort of all to establish and maintain a reasonable basis of prices, certainly to prevent further increases, otherwise the government, from the standpoint of protection of a part of the public, must interfere."

## EMINENT SURGEON SHOT DURING CHURCH SERVICE

MAN WHO ESCAPED FROM ASYLUM FIRES BULLET.

DR. J. W. MARKOE IS VICTIM

NEW YORK, April 18.—Thomas W. Shelley, known also as Thomas W. Simpkin, yesterday shot and killed Dr. James Wright Markoe, an eminent surgeon, in St. George's Episcopal church. Shelley told the police he had escaped from a lunatic asylum last week.

Detectives questioned the man closely in his cell at police headquarters in a fruitless endeavor to learn a motive for the murder. He told rambling stories of his career as an itinerant printer since coming to this country from England. It also developed that he was a deserter from the Canadian army, the police said.

A suit case owned by Shelley was filled with religious tracts and newspaper clippings on a variety of subjects. He told the police he had never before seen or heard of Dr. Markoe.

The prisoner told the police that he had worked as a printer at Gary, Ind., and declared he had an argument with a minister at Gary.

"The minister called a cop and had me arrested," he said. "When I got out I decided to get a revolver."

Was Taking Up Collection.

The murder occurred soon after the service of the church, Dr. Markoe had concluded his morning sermon, in which he had advised his congregation to be friendly to every stranger visiting the church. Dr. Markoe was taking up the collection when his assailant, without warning, produced a revolver and fired a shot.

Before Shelley was captured outside of the church, he fired another shot, which grazed the cheek of J. Morgan Jones, an usher, and wounded Dr. George H. Brewer in the leg. Another shot just missed Herbert L.

Satterlee, son-in-law of J. Pierpont Morgan.

Policies officials said they would ask for the appointment of a commission to examine Shelley as to his sanity.

Prominent Persons at Church.

In the church at the time were George W. Wickersham, former United States attorney-general; R. Fulton Cutting, president of the bureau of municipal research, and many other prominent persons.

Dr. Markoe was a personal friend of J. Pierpont Morgan, also a parishioner there. He was fifty-six years old.

The prisoner was revealed by the police as a religious fanatic who took pleasure in hearing sermons in different churches, but who always went armed for fear of being returned to insane asylums from which he had escaped in Minnesota, Wisconsin, Chicago and elsewhere.

Arrested in court he was held without bail for hearing Wednesday.

After the arraignment, Assistant District Attorney O'Shaughnessy said he had obtained from Simpkin a voluntary confession that he had come to this city from Gary, Ind., and that he had found a room at the former Regent Hotel, George E. Miller, of Duluth.

Escaped From Minnesota Asylum.

DULUTH, Minn., April 18.—Thomas W. Simpkin came to Duluth with his wife and three children from Calgary, Alberta, in September, 1915. He made his home here and was employed in several local job printing plants. He joined the Duluth Typographical Union, No. 116, and is still carried on the rolls of the organization.

In April, 1917, he was adjudged insane in a court here and sent to the state asylum at Fergus Falls. He escaped from that institution a year later and in April, 1919, when she was deported to England as a dependent British subject.

Simpkin went to the alias of Shelley, which was his wife's maiden name. Persons in Duluth who knew Simpkin said he took good care of his family. He talked continually on religion.

Before he succeeded in escaping, which was accomplished by knocking down the door and lowering himself from a third-story window, he had made two attempts to get away, but on each occasion was recaptured. Simpkin was not regarded as dangerous here, having a cheerful disposition.

## SONORA SATISFIED WITH STATE'S SECESSION PLANS

Forces Pressing Toward Matanzas Said to Be Anxious to Advance

AGUA PRIETA, Sonora, Mex., April 18.—Officials of the Sonora state government, whose defection from the Carranza government of Mexico federal leaders are seeking to put down by force of arms, continued today their dispositions of men and munitions to oppose possible invasion.

Meanwhile, Sonora forces were far south of the Sonora border, pressing through Sinaloa to the attack of Matanzas, the principal report.

Sonora leaders here today expressed satisfaction at word from Mexico City that there had been a rising in the state of Michoacan, even though the official news of the affair described it as purely local in character. Another source of gratification was the news contained in Sonora officers' dispatches that Carranza troops had transferred its allegiance to the Sonora standard and was active against Carranza forces there.

Officials here drew favorable conclusions from word brought by deserters from federal forces at Casas Grandes that Villa was becoming active in Chihuahua. The deserters were quoted as saying men were leaving the Carranza force and would reach Sonora soon and that Chihuahua troops and home guards had refused to march against Sonora.

Reports were made Saturday and last night that today would see the return to its owners of the Southern Pacific de Mexico, an American railroad running from Nogales south to Guaymas along the west coast of Mexico. The state government seized this several days ago, declaring state possession was necessary as a step toward preventing invasion of Sonora from Sinaloa along the road. A strike of employees has been in effect since April 5.

## CANDIDATE IS ARRESTED.

Lafayette Man Accused of Violating Prohibition Law.

LAFAYETTE, Ind., April 18.—Fred Sears, who recently announced his candidacy for the Republican nomination for prosecuting attorney of Tippecanoe county, was arrested here today on accusation of manufacturing, distributing and selling intoxicating liquor. He is the proprietor of a soft drink establishment at the Clifton House, a local hotel.

Arrest was made on a bench warrant issued by the circuit court at the request of C. J. Orin, of Indianapolis, federal prohibition enforcement officer for Indiana.

Recently agents of the federal office visited Sears' establishment and say they found more than 200 quarts of home brew beer.

The beer was made at Purdue University and was found to contain more alcohol than is permitted by law. The authorities again visited the place and found more beer. It is asserted. Two charges have been filed against Sears. His bond was fixed at \$1,000.

## HIGHER COURTS' RECORD.

SUPREME COURT MINUTES.

23579. Pittsburgh, Cincinnati, Chicago & St. Louis Railway Company vs. Nathaniel Marble. Clark C. Appealant's motion to dismiss appellee's motion to modify was denied.

APPELLATE COURT MINUTES.

10688. Carl Vandenberg vs. Margaret Harman. Last Saturday C. Appealant's brief was filed.

10689. William W. Spencer, administrator vs. McCune, Marion P. C. Appealant's brief on petition for rehearing was filed.

10693. Gary vs. Fred W. McNeely et al. Vanderburg S. C. Appealant's reply brief was filed.

10694. Louis Pionick vs. Kate Nowicki. St. Joseph C. C. Appealant's petition for time was filed.

## SENATORS SHY AT DENIM.

Decline to Pose in Overalls Before Movie Camera.

(Special to The Indianapolis News.)

WASHINGTON, April 18.—Cinema photographers encountered serious difficulties today when they attempted to line up a number of members of the senate to have their pictures taken wearing overalls. Despite the fact that the photographers were willing to provide the overalls and pairs of assorted sizes, only Senator Dial of South Carolina was willing to be photographed in a pair of them.

The overall movement in Washington has spread to the women and girls employed by the government. Volleys of georgette, crepe de chine, chiffons and organdies have been hurled at the employees of the war risk insurance department, who will wear khaki skirts and middie blouses from now on. The girls of the senate office building were asked to do likewise.

## PREACHER WEARS OVERALLS

Boston Minister Paves Way to City.

Wide H. C. of L. Fight.

BOSTON, April 18.—Overalls headed the shoppers' lists today in numerous Boston homes. After the Rev. Louis L. Dunham appeared last night in his pulpit at Orient Heights Methodist Episcopal church wearing overalls and jumper, more than 100 of his congregation signed the "overalls pledge."

At Bedford the Rev. Rollin S. Tuttle, clad in white denim, preached his first sermon as pastor of the Hillside Methodist Episcopal church, and started organizing an overalls and old clothes club.

## GETS PART OF U. S. ARSENAL

Indiana Station to Receive Leather and Cloth Goods From Illinois.

WASHINGTON, April 18.—Secretary Baker today refused to defer abandonment of the Rochester (N. Y.) arsenal and the transfer of the leather and cloth shops from Rock Island, Ill., to Jeffersonville, Ind., until the house military committee could inquire into the charges. Mr. Baker said the money for carrying out the project would be available only during this fiscal year and that the action "was purely administrative and not a matter of legislation."

Under the war department plan the Rochester arsenal will be moved to the permanent arsenal at Rock Island. The request to defer the transfers was made by Representative Hull (Rep., Ia.), when the secretary appeared before the committee.

## War's Gift to Every Home

The New Healing Antiseptic Which Worked Such Wonders in Allied Hospitals

Early in the great war, nearly every wound became germ-infected. Blood poison and lockjaw set in, causing soldiers to die like flies. All the old antiseptics proved too slow and uncertain. American scientists went to France and solved the problem by producing a new, safe antiseptic—the most wonderful one ever invented. With it infection was easily overcome. Wounds often healed in one-fourth the usual time.

This wonderful, healing antiseptic, now called Kloria, can be had at any good pharmacy in tablet form. It is easily used by dissolving one or two tablets in ordinary water, and is therefore very economical.

Kloria is over 100 times more germ-destroying than peroxide and similar common antiseptics. Yet it is pleasant, soothing, doesn't burn or irritate and is perfectly safe and non-poisonous.

It may be applied wherever germs can be reached, in the mouth, nose, throat and skin, or about the home.

## Wonderful for Pyorrhea—Gum Soreness Ends in a Week

Dentists searched for years for an antiseptic which would really destroy the germs which cause sore, bleeding, shrunken gums, pyorrhea, etc. The war produced it.

Usually, within one week, gum soreness and bleeding disappear and soon the gums tighten around the teeth again. It is easily applied to the gums with a piece of cotton, night and morning, as directed. The results will amaze any pyorrhea sufferer who will give it a fair trial.

**A Real Mouth Wash**

Kloria is used for mouth wash with so little expense that every member of the family should use it daily. Unlike most antiseptics for this purpose, it positively destroys germs in the mouth at the moment of application.

Millions of germs breed in the mouth, causing tooth decay, gum infections, sore throat and often the most serious contagious diseases. Destroying germs with Kloria mouth wash is a wise and inexpensive habit.

**Cuts, Boils, Sores Heal Like Magic**

Kloria is fast displacing all old standard antiseptics, healing salves, etc., for home or factory use. It has a quick healing effect that nothing else can offer. Cuts, sores, boils and burns heal frequently in one-fourth the usual time.

**Colorless, Stainless**

Kloria solution keeps perfectly; is clean, colorless, stainless and leaves no odor, though it destroys all offensive odors almost instantly.

If your druggist cannot supply you, send 50 cents for a package of 50 tablets by mail prepaid. Money promptly returned if not entirely satisfactory.

## WOULD USE JOHNSON TO DEFEAT LEONARD WOOD

OLD GUARD LEADERS ARE ENGAGED IN SCHEME.

ACTIVE IN SEVERAL STATES

NEW YORK, April 19.—Leonard Wood, conceded to be in the lead for the Republican nomination, is now the target for schemes of some of the old guard leaders, says a Washington dispatch to the Times. Their plan to divide the Wood strength by diverting some of it to Johnson is now becoming apparent as part of a project to crush the progressive element in the party and prepare the way for the nomination of a conservative.

It is asserted that Wood has gone out that Wood must be weakened and that the most effective instrument to keep down the Wood vote is Johnson, who is said to be getting support in some states from workers not in sympathy with his views. Ohio, Nebraska, New Jersey and Maryland are named in this connection.

**Wood Campaign in Ohio.**  
The campaign of Wood in Ohio has promised to yield him eight to ten delegates. Such an outcome of the primaries April 27 would go far to eliminate Harding, one of the old guard candidates. The trend toward Wood has been so strong in Harding's state that the old guard devised a plan to divide the opposition. While Wood and Harding are the main candidates on the official ballot, the friends of Johnson, encouraged by the Republican organization, will be here, will seek to lessen the Wood vote by voting for Johnson with reserved stickers. These stickers, according to word reaching here, are provided by the Republican state committee and will be distributed by them on election day.

Until two weeks ago Wood had the lead in Nebraska. The leaders opposed to him then conceded him the lead. The same plan to divide Wood's strength was worked out there in a different way.

**Pershing's Place in Race.**  
Pershing, looked on by some as a possible dark horse and by others as a receptive candidate, was entered in the race there under the auspices of the old guard. It is said that his campaign is directed by Senator Warren, his father-in-law. As much of the Wood strength was among the same class of voters as Pershing will draw from, the outcome of the primaries, some leaders believe, will be decided by Johnson. Wood workers here admit that the race is close as the result of Pershing being in.

**ONE-DAY NEBRASKAN TOUR.**  
Leonard Wood heard five times at Omaha and once at Lincoln.

OMAHA, Neb., April 19.—Leonard Wood returned to Chicago after a one-day tour of Nebraska in the interests of his candidacy for the Republican presidential nomination. He made five speeches at Omaha, Saturday, and delivered one address at Lincoln. Speaking at Lincoln, General Wood declared the United States should maintain a "hard" foreign policy, according to protection to its citizens as the Roman empire did of old.

The United States, he said, should let Mexico know that it should have a "hard" with the way it treated American citizens, adding that this country may have to send troops into that country, again, if we lose enough counsel.

He devoted part of his time to a discussion of the league of nations, declaring for adoption of reservations that would "absolutely Americanize it."

**TO TAKE UP DELEGATE CASES.**  
National Republican Committee to Meet in Chicago May 22.

CHICAGO, April 19.—The Republican national committee will meet in Chicago May 22 to consider contacts between delegates to the national convention, June 8, Fred Upham, treasurer of the committee, said yesterday. A. W. Hays, national chairman, A. T. Hart, chairman of

the committee on the Chicago convention arrangements, with Mr. Upham, spent the day in conference on plans for the national gathering.

There is a contest in nearly every southern state, Mr. Upham said, and probably will take until the opening of the convention to investigate the various disputes.

Home Cummings, chairman of the Democratic national committee, and other Democratic leaders arrived yesterday to arrange for the San Francisco convention. Among the committee's tasks will be the selection of assistant sergeants-at-arms out of 100,000 applications.

**SAY TAX LAW IS SOUND.**

Fessler, However, in a Speech, Recommends Some Changes.

(Special to The Indianapolis News)  
COLUMBIA CITY, Ind., April 19.—Saying the new tax law is fundamentally sound, but recommending a number of changes in its provisions, J. W. Fessler, of Indianapolis, Republican candidate for the nomination of Governor, spoke to an audience of Republicans here Saturday. F. W. Baker, mayor, presided at the meeting and first introduced Charles A. Bookwalter, formerly mayor of Indianapolis, who emphasized the importance of nominating a man who would lead the Republicans carry Marion county.

"Don't underestimate the strength of the enemy," Mr. Bookwalter said in Marion county the Republicans have an hand in the worst fight in years. The Democrats will nominate for the congress one of the most eloquent speakers in Indianapolis, and Tom Taggart has been drafted to help. Fessler is a man of such a reputation that he is a majority swing the state to the Republicans. He said that the tax law, while it is sound, is not perfect. It is a mistake to believe in the tax board exceeding its authority and a proportionate tax unit should be permitted to fix the local tax rate. Of the rate is unworkable, the objection was made of persons protest, then a member of the state board could go to the place where the objection was made and hold a hearing. He also said that the county board of review, rather than the state tax board, should have the power to equalize between townships.

Mr. Fessler added that the local unit should have the power to issue bonds without petitioning the tax board, and then if there was a remonstrance the people should be allowed to vote on the matter.

He also said that the county unit road law, increasing pay for teachers and the care of roads, if it is not a remonstrance, he would be responsible to the people and not any group of men.

**REMOVED TO ESCAPE MOB**

Lucien Jenkins, Negro, Held at Lexington, Ky., in Kidnapping Case.

DANVILLE, Ky., April 19.—Lucien Jenkins, age twenty-five, negro, was under heavy guard in the Lexington County Jail today following his escape last night from a mob which stormed the Danville Courthouse in an attempt to lynch him. Jenkins is accused of complicity in the abduction and attack on William Trimble, of Danville, Friday night. Officials heard that a mob was forming and took the negro from the back door of the Courthouse and into an automobile.

Keth Phillips, age sixteen, also in the mob, is in a critical condition from a hammer blow on the head but will recover, doctors said. Jenkins declares that he is innocent of any part in the affair, and said that he knew nothing of the attack on the child until told by Sheriff Ferris, of Boyle county, Saturday morning.

## FEDERAL BOND BUYING IN OPEN MARKET TO END

"BENEFICIAL EFFECT" EXPECTED, SECRETARY SAYS.

FUNDED DEBT DECREASED

WASHINGTON, April 19.—Government buying of Liberty bonds in the open market, except through operation of the sinking fund, will stop July 1, Secretary Houston has announced. A "beneficial effect" on the bond market was expected to result, he said. Other officials said the market in government securities had already begun to right itself, and that bond quotations hereafter might be expected to trend upward.

Mr. Houston explained that in continuing the buying of bonds under the 5 per cent. bond buying fund, the government was increasing its floating debt while decreasing its funded debt. He said that current requirements of the government were such that, if the buying of bonds were to continue, the treasury would have to issue more certificates of indebtedness with which to buy them.

Arrangement of the Congress.  
The 5 per cent. arrangement was planned by the congress to expire automatically one year after the termination of war, but the secretary of the treasury was empowered to decide when it had served the purpose of stabilizing the bond market.

Mr. Houston's decision, however, was based largely on the fact that the treasury was empowered to decide when it had served the purpose of stabilizing the bond market.

Mr. Houston's decision, however, was based largely on the fact that the treasury was empowered to decide when it had served the purpose of stabilizing the bond market.

Mr. Houston's decision, however, was based largely on the fact that the treasury was empowered to decide when it had served the purpose of stabilizing the bond market.

twelve now and July 1 will be taken over by the war finance corporation which will make all purchases of bonds for war money. It is available, until the expiration date.

The low levels to which bonds have fallen were attributed by Mr. Houston to forced liquidation by heavy bond purchasers—large industrial and other corporations which have been under pressure to find money to finance their current expenditures.

No Announcement of Totals.

No announcement was made regarding the amount of bonds retired through the 5 per cent. funds. All bonds bought were obtained by the treasury at a discount ranging from 3 to 7 per cent, thus saving the government both the interest for the life of the bonds as well as the difference between their par value and the market quotation.

"I believe that the time has come," Mr. Houston said, "when the disappearance of the government from the market, except as an occasional purchaser, will have a beneficial effect upon the market for the bonds and notes, both by reducing the treasury's current borrowings on treasury certificates of indebtedness and stimulating the interest of investment bankers and the public in the market for Liberty and Victory securities. This offers a unique opportunity to investors to take advantage of the quotations for the bonds being extremely attractive to investing institutions as well as private investors."

Arrangement of the Congress.

The 5 per cent. arrangement was planned by the congress to expire automatically one year after the termination of war, but the secretary of the treasury was empowered to decide when it had served the purpose of stabilizing the bond market.

Mr. Houston's decision, however, was based largely on the fact that the treasury was empowered to decide when it had served the purpose of stabilizing the bond market.

## NATION-WIDE POLL PUTS WOOD FAR IN THE LEAD

LITERARY DIGEST FIGURES GIVE HIM 5,857 VOTES.

### COX HEADS THE DEMOCRATS

Leonard Wood is shown to be far in the lead as the popular choice for the Republican nomination for President by the nation-wide poll of the Literary Digest, the first installment of which is published in the current issue. The Literary Digest has announced that 11,900,000 ballots have been sent out, and it is expected that the poll will be one of the most comprehensive ever undertaken.

A total vote of 22,195 is shown in the first installment. The vote for first choice for Republican candidates follows:

Wood	5,857
Hoover	2,581
Johnson	1,297
Harding	1,297
Hughes	1,297
Lowden	1,297
Taft	1,297

Although Hoover ran next to Wood in number of votes received, more than half of his Republican votes, 1,715 to be exact, came from Democrats. Regarded as a rival for the Republican nomination, Wood's vote was much greater. He received the vote of 4,559 Republicans to 1,857 Democrats for Hoover, nearly twice as many. Wood also received some Democratic support, 594 of that party indicating a preference for him. Along with 124 politically independent or unclassified voters, Johnson's vote of 1,297 is made up of 1,297 Republicans, 742 Democrats and 422 of other parties. Wood leads Johnson as a Republican candidate by more than 2 1/2 to 1.

How the Vote Ran by States. General Wood's strength, as shown by the poll, is even better indicated by examination of the vote in the separate states. He leads in the important states of New York, New Jersey, Pennsylvania, Indiana, Missouri and Kansas, and in Maine, New Hampshire, Rhode Island and Connecticut. He is a strong second to the favorite son candidates in Massachusetts, Ohio and Illinois—Coolidge, Harding and Lowden. All but 123 of Harding's 1,297 votes came from Ohio, and in that state Wood has 1,233. In New York Wood received 2,550 votes, Hoover 1,297 and Johnson 1,297. In New Jersey Wood received 997 votes to 422 for Hoover and 419 for Johnson.

Hoover led in the Pacific coast states with 419 votes. General Wood and Senator Johnson were practically tied for second place, with 440 votes for Johnson and 439 for Wood. Of the other candidates, Lowden received 131, Hughes 59 and Harding 12.

Johnson and Hoover Even. The poll showed Johnson and Hoover practically even in California, where Johnson received 189 votes and Hoover 186 to 59 for Wood. Hoover was first in Washington and Oregon, with Wood second in each case, the vote in Washington being 442 to 369 and in Oregon 22 to 15.

From these states the returns are still small and from other states not yet mentioned too small to be of significance.

As second choice candidates, the respective Republican aspirants received the following vote in the poll:

Wood	2,581
Hoover	2,581
Johnson	1,297
Harding	1,297
Hughes	1,297
Lowden	1,297
Taft	1,297

Cox Leads Democrats. Governor James M. Cox, of Ohio, was high man among the Democratic candidates, with Governor Edward I. Edwards, of New Jersey, second. The vote for the Democratic candidates is as follows:

Cox	1,129
Edwards	1,087
Franklin D. Roosevelt	71
Wood	62
Johnson	62
Harding	62
Hughes	62
Lowden	62
Taft	62

It was noticeable that William O. McAdoo and Attorney General A. Mitchell Palmer ran behind the vote for Mr. Palmer being particularly small.

### D. A. R. MEET AT CAPITAL.

Americanization and Education Chief Convention Subjects. WASHINGTON, April 19.—Americanization and patriotic educational campaigns were the chief subjects before the twenty-ninth annual continental congress of the Daughters of the American Revolution, which convened here today. Except for contests for vice-presidents-general, of whom seven are to be named, it was said the election of officers probably would take little time as practical agreement had been reached on all other matters.

Delegates from her home state, Connecticut, predicted that Mrs. George Maynard Minor would be elected president-general by acclamation to succeed Mrs. George Thacher Greenway. A program of social activities has been arranged for the week.

### HELEN HUGHES DEAD.

Was Eldest Daughter of Former Supreme Court Justice.

GLEN FALLS, N. Y., April 18.—Helen Hughes, eldest daughter of Mr. and Mrs. Charles Evans Hughes, died here yesterday after an illness of several months of influenza and pneumonia. She was twenty-eight years old. Miss Hughes was graduated by Vassar College in 1914, and devoted herself to V. W. C. A. work. First as a volunteer in Washington and later as a student secretary in the northeastern field. In the fall of 1918 she was at work in Boston for the United Drive and while there suffered an attack of influenza followed by pneumonia from which she never recovered.

### CHILDREN FALL IN RIVER.

Boat of Stevedores' French Collapsed—Two Girls and Boy Hurt.

(Special to The Indianapolis News) HUNTINGTON, Ind., April 18.—Charles Sharp, age twelve; Lucile Sharp, age sixteen, his sister, and Lucile Ward, age sixteen, narrowly escaped death Saturday when the boat porch of the Sharp second-hand stevedore collapsed and the children fell fifteen feet into Little river.

The boy suffered a fractured shoulder and the girl a badly bruised. The fact that the river was high prevented them falling on rocks. Albert G. Johnson, owner of the boat, is said to have refused to make repairs ordered by the state fire marshal.

### GAS LEAK CAUSES DEATH.

Lafayette Woman Burned Fatally in Kitchen of Home.

(Special to The Indianapolis News) LAFAYETTE, Ind., April 18.—A leak in the oven of a gas range caused the death yesterday of Mrs. Amanda Boyer, wife of Samuel H. P. Boyer, a contracting builder here, she being burned fatally in the kitchen of her home.

The range had only recently been put in and Mrs. Boyer was preparing dinner. The pipe leading to the oven burner was leaking and the gas as

caping from the small opening was ignited. The flame came in contact with Mrs. Boyer's dress and set fire to it. She ran into the yard with her clothing afire and called to her husband, who was working near the doorway.

Mr. Boyer seized rugs and smothered the flames, but not until she had been fatally burned, death coming a few hours later. Mrs. Boyer was sixty-five years old and, in addition to her husband, is survived by two daughters. She was an active Methodist church worker.

### Kerosene—Three Injured.

(Special to The Indianapolis News) MUNCIE, Ind., April 19.—John Miller, a farmer, near Eaton, was seriously injured when a can of kerosene with which he was attempting to start a fire in a stove was ignited. His sons, Joseph and George, who went to his rescue, were badly burned. All are in a Muncie hospital.

### WOMAN'S BODY FOUND.

American Welfare Worker in Paris Missing Since April 7.

PARIS, April 19.—The body of Miss Mary Ellen Appel, of Allentown, Pa., a Society of Friends welfare worker who had been missing since April 7, was found in a clump of trees in the vicinity of Versailles last evening by two boys. A preliminary examination gave no evidence of foul play. The

body still bore a considerable sum of money and some articles of jewelry. The searchers also found several letters addressed to members of Miss Appel's family.

### SECRETARY EXPLAINS.

Merian Tells About "Central University of Indianapolis."

"The Central University of Indianapolis," about which a question arose at a meeting of the state board of education last Thursday, is a correspondence school with headquarters at the home of its secretary, Albert Merian, 6034 Lowell avenue.

According to Mr. Merian, the school was established in 1916 and he has had charge since 1917. Its president is the Rev. James W. Tyler, of Winchester, Ky. Its directors are the Rev. Mr. Tyler, E. O. Bickel, of Mifflinburg, Pa., and George Englar, of Pittsburgh.

Mr. Merian said that not more than fifty pupils ever have been enrolled in the school at one time. He said degrees are conferred on completion of courses, the time required for completion being dependent partly on the educational qualifications of entrants.

O. H. Williams, state supervisor of teacher training courses, told the state board of education at the meeting Thursday that he has received complaints about the school that "it should be looked into." Complaints were received from other states where degrees from the school had been challenged. Mr. Williams said,

### M'CRAY IS OPTIMISTIC.

Says He Expects to Surprise the State at Primary Election.

(Special to The Indianapolis News) VINNEMES, Ind., April 19.—Warren T. McCray, of Kentland, candidate for the Republican nomination for Governor, visited friends here Saturday and expressed confidence that the voters of Knox county would treat him better in the coming primary than four years ago. "I am convinced that the people of Indiana want a business administration and a business man for Governor," Mr. McCray said. "The governorship means nothing to me if it does not mean a chance to render public service to the best of my ability."

"In the matter of the tax law I favor amendments which would give power to a local community in fixing tax levies and in deciding upon bond issues. A vital matter which would get my immediate attention as Governor, would be the impassable condition of many roads."

"I have many good friends here and in the First district. My friends at Evansville say they are confident they will hold their own in the primary. The McCray workers at Terre Haute, Indianapolis, Ft. Wayne and South Bend report good progress and are optimistic as to the outcome. We will put in every hour between now and May 4 and expect to surprise the entire state."

## For the Supreme Cup of Tea

You Should Buy From the Firm That Grows It

Lipton's Tea is grown on the Lipton Plantations—the finest tea gardens of the world—in Ceylon and India. There it is picked, cured and shipped by Lipton.

When the tea reaches the great Lipton Warehouses in America it is blended by Lipton experts.

## LIPTON'S TEA LARGEST SALE IN THE WORLD

The final step is the sealing in flavor-retaining packages which keep the tea fresh and preserve all the original quality until released by the boiling water in the tea pot.

Lipton's Tea is brewed just as any other tea—but for the supreme cup of tea, buy from the firm that grows it and look for the signature of Sir Thomas J. Lipton on every package of tea you buy.

Thomas J. Lipton  
TEA COFFEE AND COCOA PLANTER, CEYLON

Ask your grocer for Lipton's blends of Ceylon and India Teas—Black, Green or Mixed, also Orange Pekoe

## WHAT WE KNOW ABOUT FOOD

has come down through centuries of study and experiment. The most perfect foods for man are the whole wheat grain, green vegetables and fruits. Shredded Wheat Biscuit is 100 per cent whole wheat, nothing wasted or thrown away. Here is a perfect luncheon: Two Shredded Wheat Biscuits with milk, a dish of lettuce salad, a dish of sliced oranges—strengthening, satisfying and easily digested. Shredded Wheat is ready cooked and ready to eat.

## Has Raised a New Standard for Baking Powder

Because it is made in the most careful and scientific manner from absolutely pure materials that remain pure in the baking and insure wholesome, healthful foods.

Because it possesses the greatest leavening power.

Because it is not affected by time or weather—it never loses its strength and never fails.

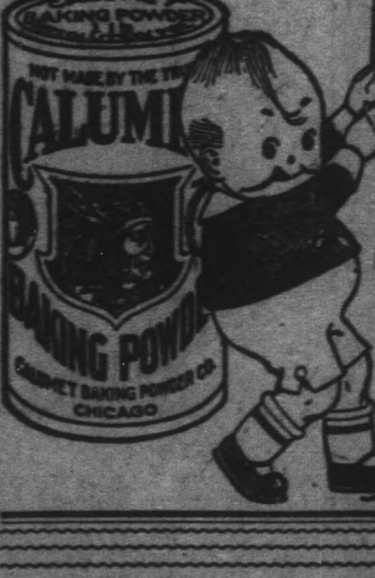

Because it is most economical—you save when you buy it and you save when you use it.

These are the reasons why Calumet is the standard baking powder—the choice of millions—more being sold than of any other brand.

Try it—always buy it. Your grocer can supply you.

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

**Cranberries Are Nature's Spring Tonic!**

The tonic tang of this crimson, health-giving fruit will aid the jaded appetite. Great as a spread for bread, and the tastiest relish with all meats—hot or cold.

Serve cranberries often.

This recipe requires but one-half the usual amount of sugar. Try it!

**Cranberry Sauce**

No. 1—One quart cranberries, 1 pint water, 1/4 level teaspoon salt, 1 cup sugar.

Bring the water and salt together to a boiling point. Pick over and wash the cranberries, put them into the pot of boiling water and cook rapidly for 5 minutes, or until the skins of the berries have broken. Cool slightly, add the sugar, bring to boiling point, and cook slowly for additional five minutes.

No. 2—One quart cranberries, 1 pint boiling water, 1/4 of a cup of syrup, 1/4 of a cup of sugar.

Roll the syrup, sugar and water for 5 minutes, skim if necessary. Add the berries, and cook without stirring until all the skins break—about 5 minutes over a hot fire.

**Cranberry Pie**

Have ready a partly baked pastry shell. Pour in sauce when cold, made by either of the above recipes, put strips of pastry over the top, and bake in a moderate oven.

A quart of cranberries will serve 12 persons. They have no waste. All of the fruit is used.

Easy to prepare. Economical. Delicious.

## V.O. STRICKLER LECTURES ON CHRISTIAN SCIENCE

SAYS TRUE RELIGION CONSISTS  
OF SPIRITUAL TRUTH.

### WRONG MENTAL QUALITIES

Virgil O. Strickler, C. E. B., a member of the board of lecturers of the First Church of Christ, Scientist, of Boston, Mass., spoke at the Murat theater Sunday afternoon under the auspices of the Second Church of Christ, Scientist, of Indianapolis.

Mr. Strickler in his lecture said: "As it becomes more generally understood that through the ministry of Christian Science people are being healed of sickness, sin, unhappiness, worry, fear, and other discordant conditions, there is an ever increasing desire upon the part of the general public to learn how these results are accomplished. It is the purpose of this lecture to explain how Christian Science does these things. There is no mystery about Christian Science healing, nor is it difficult to understand. It can be stated without any reservation whatever that every person who is willing to do so may learn through Christian Science how to heal sickness and to destroy the desire to sin, for himself and others.

**Eronous Beliefs.**  
It is said that there are more than 200 kinds of the Christian religion alone, not to mention the hundreds of other forms of religions that are not Christian. It is a fact that people do entertain widely differing religious beliefs. In many instances the differences are irreconcilable, and yet every one believes with all of the sincerity of which he is capable that his own beliefs are true. It must be conceded that, in the main, all people are equally honest and equally sincere in their religious beliefs. The only reason why they are grouped together in different forms of religions is because they honestly believe that through their own particular form of religion they will find the good which they so earnestly desire. As one considers the subject of religion from this broad viewpoint it becomes plain that most of the people in the world are believing as their religion many things that are not true.

True religion consists of spiritual truth, and not of erroneous beliefs; hence it follows that one's religion is limited to the amount of spiritual truth he knows, and that erroneous religious beliefs are only so many delusions that through their own purpose to obtain spiritual growth, Christian Science destroys erroneous religious beliefs by substituting a knowledge of truth in place thereof, and to destroy out of the human mind the erroneous beliefs by planting good qualities in their stead. It wages relentless warfare against wrong mental qualities. It seeks to substitute love in place of hate, usefulness in place of selfishness, honesty in place of dishonesty, and truth in place of error. It lays tremendous emphasis upon the necessity for "bringing into captivity every thought to the obedience of Christ" as the Bible commands.

**Cause of Disease.**  
It shows that the cause of all disease and sin is mental, and not physical, and that both sickness and sin are destroyed by the evangelization of the human mentality with truth and love. It teaches without any reservation that the truth taught and practiced by Jesus, when understood and applied, is sufficient without drugs or any material means to heal the sick and regenerate the sinner, and Christian Scientists everywhere are engaged daily in demonstrating and proving this to be true.

Mrs. Eddy discovered the law of spirit as truly as Sir Isaac Newton discovered the law of gravitation, and this fact should be thoroughly understood. Just as Newton discovered that the movements of material bodies are regulated and governed by this material law, so Mrs. Eddy discovered the principle that governs the entire universe, including every detail in the lives of men. That principle, creative, governing, omnipresent, Mind or Principle is God, the only cause, the only creator, the only ruler of man and the universe.

Mr. Strickler was introduced by Ernest T. Ellington.

### LEASES ROOMS AT ELKHART

State League of Women Voters Will Open Indiana Headquarters.

(Special to The Indianapolis News)

ELKHART, Ind., April 19.—Mrs. A. R. Beardsley, president of the Indiana State League of Women Voters, has leased a suite of four rooms in the Menger building, this city, and three of the rooms will constitute the state headquarters of the league, while the fourth will be used by the Elkhart branch of the local league which will succeed the local Women's Franchise League May 1.

Mrs. Beardsley has selected as her executive secretary, to be in charge of the state headquarters, Miss Roberta L. Stahr, who has resigned her position as assistant office manager for the Buscher Band Instrument Company in order to accept the league appointment. Miss Stahr was for six years general secretary of the Y. W. C. A. at Evansville. Mrs. Lloyd Simonton, of this city, has been selected as assistant executive secretary.

## John Burroughs' Nature Notes

Can You Answer These Questions?

1. Do bees on leaving a hive go in any special direction to seek honey?

2. Are young birds pushed from their nests by their parents when fully fledged?

3. Can weasels climb trees?

Answers to Previous Questions.

1. Why do weasels multiply so rapidly?

Weasels are so full of expedients, and the one engrossing purpose with them is to multiply. The wild onion multiplies at both ends—at the top by seed, and at the bottom by offshoots. Toad-flax travels under ground and above ground. Never allow a seed to ripen and yet it will cover your field. Cut off the head of the wild carrot, and in a week or two there are five heads in place of the one; cut off these, and by fall there are ten looking defiance at you from the same root.

2. Are matches pre-arranged while the birds winter in the south?

The first families spring birds are cooks; hence the songs and tilts and rivalries. Hence also the fact that they are slightly in excess of the other sex, to make up for this greater exposure; apparently no courting is done in the south, and no matches are pre-arranged. The males leave irregularly without any hint, I suspect, to the females as to when and where they will meet them.

3. Is the lamprey eel a vampire?

The lamprey eel fastens itself to its prey and sucks the life out of it. A friend of mine saw one saw in the St. Lawrence river, as long as his arm with a lamprey eel attached to him. The lamprey eel has a sucking mouth, and tries in vain to rub the eel off, then succumbs to the sucker. (Rights reserved by Houghton Mifflin Co.)

### INDIANAPOLIS WILL HAVE PHYSIO-THERAPY HOSPITAL

Workmen Injured in Industry To Be Rehabilitated—Plan of Manufacturers' Reciprocal Association.

Announcement that the Indiana Manufacturers' Reciprocal Association is to establish in Indianapolis at once, a physio-therapy hospital, wherein workmen, injured in industry in the factories of the association, are to be rehabilitated to a degree that will allow them to enter their fields of labor again, was made by Morris E. Nicholson, general manager of the association, at a dinner at the Columbia Club Saturday night for the "first day" employees of the Reciprocal Association and a group of factory service representatives from several of the larger Indianapolis industries.

The announcement followed a discussion of the recent discoveries in the field of physio-therapy by Miss Beattie C. Morgan, physio-therapist of the United States Marine Hospital, at Chicago. Mr. Nicholson said arrangements had been made under which Miss Morgan will have general supervision of the service to be established in Indianapolis.

Dr. Murray N. Hadley, chief surgeon of the Reciprocal Association, told of the development of medical care for injured workmen, since the Indiana workmen's compensation law came into effect. He discussed the rapid development of the new method of reconstruction treatment.

Merica Hoagland, head of the factory service department of the Diamond Chain Company, told how scientific methods are being applied to the solution of the problem of the workmen. Miss Claudia Johnson, of the Nordyke & Marmon plant, reported on the recent meeting of the National Association of Nurses, at Atlanta, Ga.

### JAMES H. MCLELLAND DEAD

Was Pioneer Block Coal Operator in Brazil Field.

(Special to The Indianapolis News)

BRAZIL, Ind., April 19.—James H. McClelland, age about sixty, died Saturday at his home in Brazil of blood poisoning, which followed a recent operation at an Indianapolis hospital.

Mr. McClelland was one of the pioneer operators in the Brazil block coal field, and for many years was head of the Brazil Block Coal Company, which at one time was the largest producer of coal in Indiana. Since the block coal field mines were worked out he has operated bituminous mines at West Terre Haute, and recently bought a large coal holding south of Terre Haute.

Mr. McClelland was on many committees for the settlement of differences between miners and operators, and represented the block coal fields in many national conventions. He was interested in the Citizens National Bank of Brazil, the Central Iron and Steel Company and several industries.

Mr. McClelland was chairman of the United War Work campaign which raised more than \$35,000 in Clay county. He was a member of the First Presbyterian church and gave the first money for a fund to build the local church.

Surviving are two brothers, Edwin W. McClelland, of Brazil, and Frank McClelland, of Sullivan, and two sisters, Miss Lucy McClelland and Mrs. D. W. Brattin, of Brazil.

Dentist Is Arrested.

Dr. James F. Applewhite, a dentist, 20 North-Campbell avenue, was arrested Saturday on a charge of receiving stolen goods, as a result of a complaint made by Detective Simon and Flaherty. The detectives say Dr. Applewhite bought a revolver and two rifles, which were stolen from Shortridge and Manual Training High Schools, from two seventeen-year-old boys. The boys are under arrest on charges of grand larceny as a result of the theft of the weapons.

### SUBCOMMITTEE IS CALLED

Officers See Faults in Plan Suggested by Live Stock Exchange.

Members of the live stock subcommittee of the Indiana Federation of Farmers' Associations have been called to meet Tuesday to decide what shall be done concerning the offer of the Indianapolis Live Stock Exchange regarding collection of a small fee for the federation from shippers of live stock. The federation had planned that a fund created

in this way would be set aside for promotion of better live stock and marketing conditions. The exchange offered to make the collection in all cases authorized by written agreement.

Officers of the federation feel that under this arrangement the purpose of the plan would not be accomplished because, it is believed, every live stock producer in the state would benefit and that all should pay the fee, which was set at 1 cent a head on all hogs, calves and sheep, and 4 cents a head on all cattle shipped to the Indianapolis yards.

### FERTILIZERS

## General Condition of Winter Crops of World Is Good

**ROME, April 10.**—A bulletin of the international agricultural institute made public here announces that winter crops in Spain and Portugal, in Austria, Belgium, Denmark and the United Kingdom. Parts of Italy and Algeria suffered by drought, otherwise the condition of the crops is satisfactory. Winter wheat reports decrease in Spain and Portugal, but increase in the northern hemisphere, showing a decrease in the cultivation area of 7 per cent. The winter wheat harvest in 1937-38 was carried out favorably in Morocco and Algeria. In Spain, Belgium, Denmark, France, England and Ireland and favorably commenced in Denmark, Scotland and Italy.

— 29 —

LEGION PROGRAM AGAIN  
IN SOLDIER BONUS BILLSUBCOMMITTEE REVIVES FOUR-  
FOLD PLAN.

## LEGISLATION READY SOON

The Indianapolis News Bureau.

WASHINGTON, April 19.—Legis-

lation to pay bonuses to former service-

men and to grant them relief in vari-

ous forms, in addition to providing for

raising of the money to pay for

relief, is almost ready to be sub-

mitted to the full vote and means com-

mittee.

Latest reports from the subcom-

mittee working on the bill indicate that

great deal more money than the

\$50,000,000 which was estimated

at week as the cost of the bill being

passed, will be spent if the bill is

written into law. The bill

contains a number of provisions

which are new additions and the

cost of bonus has been advanced from

\$50,000,000 to \$150,000,000.

New Feature Included.

A new feature of the bill, and one

which has not been discussed before,

provides for the use of the bonuses

in paying premiums on insurance

policy with the government. In

as the former soldier will have

a choice of taking an actual cash

sum or of taking more advantageous

in other forms, it is believed

that many will accept the insurance

feature of the bill, thereby relieving

the government of the necessity of

paying the money for the bonuses.

In addition to this, the bill pro-

vides for aid in the building of homes

and the acquisition of farms from arid

and swamp lands, and for vocational

training. Those who accept this form

of relief will receive an allowance

of \$1.75 a day for the period of

their service, or 10 cents more a day

if they had accepted the cash

sum.

Land Plan More Costly.

However, this will not provide any

aid for the treasury, as the scheme

of reclamation of swamp and arid

lands and for providing vocational

training will make it necessary to

pay even more money than would

be required to pay a similar

sum of relief to money.

Despite the opposition of many

members of the house, to the sale

of 1 per cent on all retail sales,

the plan is to be retained in the bill

for the present arrangements.

Heavy experts have estimated that

this would not raise more than

\$50,000,000 in a year, but mem-

bers of the committee believe this

sum to be wrong and think the

bill will raise all the money neces-

sary.

Circulating Library —Balcony.

**L. S. SAYRES & Co.** A Library for Mothers —Fifth floor.

### The Petite Shop Offers

An Underpriced Purchase of Spring Suits at—  
**\$29.50**

So few, we guess, because they are such especially, remarkably high values. The seventeen girls of 16 to 20 years who are here first will be the fortunate ones, for they will be active participants in the highest values in smart, good and inexpensive suits that we have had this spring.

### Hardly Two Suits Alike

That's one record. With the exception of a single beige, basket weave model, they are every one navy blue men's wear serge, lined all, with fancy printed silks. Observe a few of the ways in which they express the smartness of the season.

Ripple peplums, gathered peplums, plaited peplums and peplums augmented by fancy braiding; box, flare and semi-tailored, with belt styles; tucks, inverted plaits, fancy stitching, braid bindings and braid trimmings; shawl collars; fancy, contrasting-colored silk collars; Tuxedo collars and plain-tailored collars. Skirts are plain with slit pockets.

Just on the reading, don't these impress you as being distinctly fine values. If you are a daughter or have a daughter, don't fail to review this collection as early as you can get down Tuesday morning.

—Ayres—Third floor.

### Special Offering—Turkish Bath Mats

—A necessity that is indeed luxurious are these bath mats in pink and green tile pattern only. They are to be sold at less than the manufacturer's price to us today, namely—  
**\$1.00 Each**

Fancy stripe Turkish bath towels, blue, pink and yellow stripes; special at 75c each.

—Ayres—Second floor, and street floor booth.

### Curtains and Over-Curtains—Airy Stuff

—Dwellers in houses and apartments alike will make their homes more fresh and comfortable-looking if its windows are newly and airy curtained. This is summer merchandise.

White and ivory voile, 36 inches wide, 30c the yard. White and ivory marquisette, 36 inches wide, 50c the yard. Scrim, in rose, blue, brown and green, 36 inches wide, 75c the yard. White and cream marquisette, 50 inches wide, 75c the yard. Dotted grenadine, 36 inches wide, 75c the yard. Marquisette, hemstitched and lace trimmed, 36 inches wide, 75c the yard. Figured marquisette, in a variety of colors, 36 inches wide, 60c the yard. Flit net, in white and ivory, 60c the yard.

—Ayres—Fourth floor.

### The Gray Shop—Sveltline Skirts

—Prettiest of sports skirts, silk and wool, have been fashioned for the stout woman. A smart woman will not be found wanting one this summer.

Get yours now, and make your selection from an assortment that is as notable for its quality as for its beauty, and as notable for its value as for both these.

The silk collection contains plaited and plain models of pussy willow, kumsi-kumma, and novelties, white and colorful effects. Woolen skirts, plaid and striped, are also available in plain and plaited models. Sizes 32 to 40 waistbands—\$25.00 to \$42.50.

—Ayres—Third floor.

### Small Pictures—A Gift for a Bride

—Appropriate as shower or wedding gifts, truly artistic pictures will fit into the scheme of decoration of the average high-class American house and home.

And it is here—providing attractive pictures—that the Art Wares Section and Wallace Nutting pictures excel alike. There are the appealing colonial studies, enticing landscapes and birch tree pieces to choose from, framed or unframed. If framed, in gilt or mahogany, the price range is from \$3.25 to \$9.50. If unframed, it extends from \$1.50 to \$6.00.

—Ayres—Fourth floor.

### Victrola Music

—and Victrolas

The beauty of the sacred music, played at special church services, will abide with you throughout the year, if you are the possessor of a Victrola.

That is the pricelessness of a Victrola, the fact that one has both timely music and the music of one's mood perfectly rendered, when one wants to hear it.

Do not miss this luxury—this necessity—of life any longer; if you haven't a Victrola, select the model you want and pay for it on a convenient payment plan, or at once, as you wish.

Records of the season, jazz and classical, are now at our patrons' disposal.

Model No. XI Victrola is pictured.

—Ayres—Fifth floor.

### "Joy" White Soap

"Works like a wizard" is said of Joy white soap; a soap that takes to scrubbing and cleaning as gaily and with as little effort as its name suggests.

Oh, Joy! You don't have to wear yourself out scrubbing, but rub lightly—the dirt vanishes. Joy cleans soiled clothes, sticky, greasy dishes, discolored bathroom enameling, dirty floors and smeary windows.

Priced specially for Tuesday's selling—10 bars for 65c, or a case of 100 bars for \$6.35.

Please do not phone orders.

—Ayres—Basement.

### Groceries—Priced to Your Agreeableness

Butter, Ayres' Special Creamery, pound, 70c.  
Flour, U. S. Grain Corporation standard flour, 12-pound bag, 74c.  
Jell-O, the dainty dessert that requires no sugar, box, 12½c.  
Milk, Borden's evaporated (with the cream left in), tall cans, 11c; a case of 48 cans for \$5.25.  
Syrup, Log Cabin brand, cane and maple blend; three sizes, 34c, 68c and \$1.32.

—Ayres—Basement.

Premier Roses, Sweetheart Roses, Exquisite Lilies, Sweet Peas, Fancy Growing Plants.  
Flowers Telegraphed.

### Optical Service

A graduate, experienced optometrist to make the examination. A modern shop with all modern appliances for grinding lenses.

An unrivaled array of mountings and frames. Careful finishers and competent and painstaking adjusters.

If glasses will improve your vision, Ayres glasses will accomplish such improvement to the maximum.

—Ayres' Optical Shop—Street floor.

### Combination Offer

Wizard Mop and Wizard Polish

These goods have a world-wide reputation; we offer one standard size Wizard Mop and one bottle of Wizard Polish, both tomorrow for \$1.34.

—Ayres—Basement.

### For War Insurance Raise

WASHINGTON April 19.—By unanimous vote the house Saturday passed a bill increasing by \$20 a month the war risk insurance payment of the government to 25,000 disabled widows and sailors now receiving vocational rehabilitation. Under the measure, which now goes to the senate, single men would receive \$100 a month and married men \$120. Various organizations or world war veterans supported the bill.

### ABE MARTIN.

"The candidate that used to throw his hat in the ring now tacks his picture on a telephone pole. Miss Fawn Lipplincutt has a new soul destroyin' dress."

### Little Stories of Daily Life

#### The Fickle Men.

The two girls were in front of the Claypool hotel talking, and one was deploring a recent experience. "He promised to teach me to drive his car," she said, "and I wanted to do it in fine style, so I went uptown and bought me a very fancy pair of gauntlet gloves."

The other nodded sympathetically. The first continued: "And then what do you think happened? Why the fickle thing got mad and got him a new girl before I had even got those driving gloves paid for."

#### No Imitations for Her.

A young physician took his best girl to a local picture house. Advertisements were being thrown on the screen, among them this one: "Make them happy with a photograph of yourself at Christmas. Our shop, etc."

The young man turned to his girl with the facetious remark: "Would a photo of me make you happy?"

She shook her head. "I don't like imitations," she pouted. "I'm used to receiving real things."

### LITTLE GIRL IS KILLED.

Knocks Revolver From Dresser While Getting Clothes For Father.

(Special to The Indianapolis News)

LAWRENCEBURG, Ind., April 19.—Marie C. Miller, age four, daughter of Mr. and Mrs. James B. Miller, was killed instantly by the accidental discharge of a revolver at the Miller home near the Ohio and Indiana state line Saturday evening.

Mr. Miller, a section boss for the Cleveland, Cincinnati, Chicago & St. Louis railroad, had returned from work and was changing his clothes, when the little daughter said, "I will get your new suit for you, papa." A few minutes later Mr. Miller heard the report of a revolver and the child scream and fall to the floor. He found the little girl dead in a pool of blood. His forty-four calibre revolver was on a chair, a few feet from the body, where it had fallen from the top of the dresser.

The bullet struck the child over the heart and passed through her body and lodged in the door casing. It is believed that the child in trying to get her father's collar and necktie knocked the revolver off the dresser and it dropped on the chair and was discharged.

### \$18,000,000 A DAY EXPENSE

Government Expenditures for Year

figured at \$6,750,000,000.

WASHINGTON, April 19.—It cost \$5,928,178,000 to run the government for the first nine months of the fiscal year, and taking this as an average, treasury officials say that total government expenditures for the twelve months period ending June 30 next will reach approximately \$6,750,000,000, or nearly \$18,000,000 a day.

Of this amount, \$1,000,000,000, not included, last December Secretary Glass figured that running expenses would amount to \$1,778,500,000; navy department, \$621,344,000; shipping board, \$433,100,000; and interest on the public debt, \$222,000,000. The congress has spent for its maintenance \$15,309,000 and the executive offices cost \$6,177,000.

### SHOES MADE BY PRISONERS

Governor May Place Surplus Supply on the Market.

Good shoes at about \$4 a pair may be available if Governor Goodrich decides to carry out a plan he is considering. The shoes are being made at the Indiana State Prison for the use of prisoners and other ways in state institutions. The prison shops may be in a position soon to produce a surplus and if this is done the surplus will be marketed. The Governor is figuring on costs and, according to figures in his possession, good shoes may be produced at about \$2.37 a pair. Distribution and other costs would bring the price up to about \$4.

#### E. C. Simmons Dead.

ST. LOUIS, April 19.—E. C. Simmons, founder of the hardware company which bears his name, died of heart disease at his home here yesterday. He had been ill since Saturday. Mr. Simmons was eighty years old. He had been married with the late George W. Simmons, formerly was Red Cross commissioner in Siberia.

#### Aviator Dies in Fall.

CHAMPAIGN, Ill., April 19.—Lieutenant James Welch, age twenty-two, of Corpus Christi, Tex., was instantly killed Saturday when his airplane and 500 feet at Camp E. A. B. government training station. Side-slip caused him to lose control of the machine. He was returning to the field after having taken Colonel Ira Longacker, field commander, to Danville, Ill.

### Essay Contest Winners

WASHINGTON, April 19.—Donald L. Campbell, a fifteen-year-old high school student, of Clinton, Ia., was the first prize winner in the army national school contest for the best essay on benefits of enlistment in the army. Second prize went to Marjorie Sheets, Chillicothe, Mo., and third to Sallie Bowen Eason, Olive Branch, Miss. Medals will be awarded the winners, who will get a free trip to Washington. Honorable mention was given the following: Marion Wheeler, Salina, Kas.; John C. Madel, Sioux Falls, S. D.; Max Stitenbach, New York, N. Y.; Irene Lanter, Santa Fe, N. M.; William J. Waldron, Trenton, N. J.; Mildred Ruth Beck, Buffalo, N. Y.; Grace Girard, Tampa, Fla.; Mary C. Ferguson, Scranton, Pa.; Mary C. Silera, Jellico, Tenn., and Elizabeth E. Horn, Athens, O.

### SPEAKS WORD FOR WILSON

Hitchcock Calls Bryan "Party Wrecker" in Address in Nebraska.

OMAHA, Neb., April 19.—Advising Democrats here Saturday night not to send W. J. Bryan as a delegate to the Democratic national convention, Senator Hitchcock proclaimed Bryan a "party wrecker," and as out of sympathy with the present Democratic administration. He said that Bryan had defeated probable compromise over the Lodge reservation to the league of nations covenant and the confirmation by the senate of the peace treaty.

"I want to say a few words about President Wilson," he said. "I think there is too little said nowadays in defense of his administration and in praise of his record."

"Let me say first of all that I am under no personal obligations to the President. My standing in the senate was not due to his influence. It is no great secret in Washington that I became chairman of the committee on foreign relations when the Democrats controlled the senate at a time when the President preferred another senator for that honor and was left in the United States to go to Paris. He did not call me into consultation any more than he did any other senator, although I was still chairman of the committee and had not been superseded by Senator Lodge. I mention this to show that I have no personal reason for championing the cause of Woodrow Wilson. I have received no favors from him and I can speak of him as frankly and judge him as dispassionately and justly as any disinterested person."

"Today he is an invalid, broken in health, depressed in spirit and bitterly disappointed at the failure of the United States senate to permit the ratification of the league of nations. Since last September, when he broke down, he has known nothing but weakness and weariness and pain."

"Of course Woodrow Wilson made mistakes. He made a mistake when he proceeded to negotiate a treaty of peace without taking a few leading members of the senate into his confidence. He made a mistake when he hurt the feelings of proud senators by ignoring them until after he had negotiated the treaty. If he had catered to and consulted with those senators he would have had an easy time with ratification. He lacked the tact and foresight. He knew that the Constitution placed in his hands the negotiations of treaties and he was easily assumed that if he performed his duty, the senate would do its duty and consent to ratification."

**Julius C. Walks & Son**  
INC. Nos. 5 & 7 E. WASH. ST.

negotiated the treaty. If he had catered to and consulted with those senators he would have had an easy time with ratification. He lacked the tact and foresight. He knew that the Constitution placed in his hands the negotiations of treaties and he was easily assumed that if he performed his duty, the senate would do its duty and consent to ratification."

**April Birthstone—The DIAMOND**

"Those who from April date their years. DIAMONDS should wear, lest bitter tears For vain repentance flow. This stone—Emblem of innocence is known."

We have made a specialty of diamonds for 25 years. Our stock is large, which gives you a good selection in quality and prices.

Diamonds, \$35.00 to \$1,000.00.

**J. P. MULLALLY**  
Diamond Merchant. 28 Monument Circle.

**THE WHEN STORE**  
Good Clothes; Nothing Else

**H—A—T—S**

Soft hat or derby? Or why not both? Derby for dress and soft hat for business. You can be sure of correctness by asking for "Young Brothers" hats.

**Charles Mayer & Co.**  
29-31 West Washington St. Established 1840.

**The Ballot and the Boob**

"It's no wonder we have graft and inefficiency in government," declared Mrs. Near-Voter indignantly to her spouse. "What do you think of this?"

Johnson laid down his paper and waited.

"Mrs. Smith says her husband almost never bothers voting. He plays golf instead. Says the ballot is for politicians only. Yet he made the biggest fuss of any one I know over last election's outcome. Did you ever hear of anything so outrageous?"

"Smith is a boob," averred Johnson, as if that settled it.

"By the way," he remarked slyly as he picked up his paper again, "who was that little woman I heard saying it was too much bother to test out the tone of different phonographs, that all she wanted was a phonograph—any kind—and now that she has one is fretting because it isn't a Sonora like Mrs. Smith's?"

The rest of the story you know if you're married. If not, you can imagine it. But don't miss the moral (a double-header):

If you refuse to use the ballot, don't kick when the wrong man's elected.

If you refuse to hear the Sonora before buying your phonograph, don't complain because you've bought an inferior machine.

Sonoras tone is "clear as a bell, sweet as an old love song, true as the ring of the anvil."

Hear the Chippendale Sonora, a period model. Price \$750. Convenient terms.
