## URGE NOMINEE WHO CAN WIN ELECTION

Jersey Republicans, on Eve of Primary, Taking Stock of Situation.

### DOUBT JOHNSON'S CHANCES

Believe Californian's Record and Present Radical Support Would Make Victory Impossible.

TRENTON, N. J., April 22.—"Can he be elected if nominated?"

That's an important question for the Republican brethren when applied to any candidate seeking the nomination for President. It is not being asked with great frequency, for the reason, perhaps, that there is somewhat widespread feeling that the Republicans can elect anybody they nominate. But can they?

One thing is evident; the Democrats hope their adversaries will continue to hold to the thought that no mistake or series of mistakes can prevent the election of a Republican President next November.

Here in central Jersey there are Republicans who are arguing the question quoted at the top of this column—in a general way with respect to every man who aspires to the Republican nomination for President and with special reference to Leonard Wood and Hiram Johnson, who are to be voted on in the statewide preference primaries next Tuesday.

**See Wood As Victor.**

The verdict is that Wood, should he be nominated, would be triumphantly elected. That's the reason the men who have made this state Republican in recent elections almost without exception are advocating Wood in preference to the California senator. They believe that with Wood as the nominee the state would be Republican in November by anywhere from 50,000 to 100,000.

Could the state be counted on to give its electoral vote to Johnson? The men whose opinions are worth considering think not. Most of them express the view that there certainly would be a question about Johnson being able to overcome the fundamental objections to him now held by most of the voters except the ultra-radicals.

What are the objections to Johnson that are being voiced by the Republican leaders here? The one most frequently heard is that he did all in his power to wreck the Republican party in 1912 and that in 1916 he made the re-election of Wilson possible by not standing by Charles E. Hughes in California. Republicans hereabouts who are willing to let 1912 pass are not inclined to forget 1916; they placed their faith in Hughes, and no amount of explaining will ever reconcile them to what happened in California that year.

**Read Out of Party.**

Influential Republicans here are now engaged in saying things about Senator Johnson which they could hardly recall if he should be the Republican nominee. For instance, John W. Griggs, a former Republican Governor of this state and a former attorney-general of the United States in a speech the other night, "Read Senator Johnson out of the Republican party."

The quotation is from a headline in a local newspaper. The former Governor recalled that in 1912 Johnson helped split the Republican party and that made possible the election of Wilson, and in 1916 "He anubbed Charles E. Hughes, the Republican candidate, when he visited California."

Griggs also pointed to the result of the Michigan primaries as evidence of the kind of support that is behind Johnson. He declared that Detroit was the most radical city in the country. These utterances of the former Governor and former attorney-general are mentioned for the purpose of showing just how the active Republicans in this state would feel if, perchance, Senator Johnson should run away with the Chicago nomination.

"We would feel very much as the people of stable thoughts felt in 1896 when William J. Bryan was nominated," said one of them.

**1912 and 1916 Recalled.**

Senator Johnson's conduct in 1912 and in 1916 is not the only objection urged against him here. Even the Republicans who were classified as progressive when the split of 1912 came very generally are afraid of him with his advocacy of government ownership and his appeal to class prejudices and hatreds. So the best material in the Republican state is advocating serious consideration of the query:

"Can he be elected if nominated?"

"It is a good time to stop, look and listen," said one of the state leaders. "What would happen if the Republican party should nominate a radical like Johnson? The Democrats would nominate a moderate progressive like McAdoo, Palmer, Marshall or Hoover, and, in my judgment, would win."

The fact is that there is no more likelihood of the Chicago convention taking Senator Johnson than there is of nominating either one of the candidates now receiving the support of the old guard of the party. To put it another way: Neither the reactionaries of the party represented by the "old guard" organization, with a senatorial cabal as its inner circle, nor the ultra-radicals, for whom Senator Johnson and Borah are the chief spokesmen, will dictate the party platform or name the candidate for President. For the party to accept the leadership of either coterie would be to invite defeat in November. It would practically mean another party split. It seems to us that the developments from week to week must add strength to any candidate who is not classified as either a reactionary or an ultra-radical.

**Wood Meets Situation.**

Wood's friends, of course, feel that he fits into the situation admirably. It would be foolish to point to him as the only man in the party who fills the bill; but he is out in front as that man, say the Jersey Republicans.

The Democratic situation in this state can be dismissed with brief mention. Governor Edward I. Edwards will get the preference vote for President. No one takes his candidacy seriously, but there is a Democratic element that is dead set on making a protest at San Francisco against prohibition and is willing to back the Governor as the man to make the protest. With the protest business out of the way the delegates will be ready to help out the man that appears to be most available. McAdoo probably will get the support of the delegation in case he goes after the nomination in earnest.

Entirely aside from political considerations, Jersey would like to see prohibition thrashed out again. You simply can not make the average Jerseyite, no matter what his politics, understand that the country as a whole has settled the prohibition question. New York city has begun to accept the inevitable, but not so with Jersey.

## LID IS CLAMPED DOWN HARD ON PRESCRIBING OF WHISKY

Federal Prohibition Commissioner Puts Brakes on Liberality and Physicians Are Limited to 100 Prescriptions in Three Months and Druggists to Certain Amounts They Can Sell.

The Indianapolis News Bureau, 33 Wyatt Building.

WASHINGTON, April 22.—Overliberality of physicians in prescribing and druggists in filling prescriptions for what is known in different places as "hootch kick," "schnapps," "fire water" and just plain whisky, has caused John F. Kraemer, prohibition commissioner, to clamp down the lid on both physicians and druggists. Hereafter, according to word received from Kraemer's office today, physicians may be limited to the writing of only 100 whisky prescriptions in three months, or an average of a little more than one a day, and druggists are to be likewise limited in the amount of whisky that they may sell in a given period.

These regulations are to be applied strictly except to the physician who can show the prohibition agent that he has cause to write more than 100 prescriptions in three months, and where the druggist can show that he has legitimate sales for more than the amount he is permitted to sell.

**Overdoing Prescription Work.**

The reason for this action is that investigation by Kraemer's agents has shown that both physicians and druggists have been overdoing the business of using whisky as a cure-all. It has been shown that any kind of cough, any catch in the throat, any soreness in the chest, or even sprained ankles, and in some cases cut fingers, have provided sufficient excuse for the issuance of whisky prescriptions.

Further than this, some physicians have only had to get a glimpse of dark circles under a patient's eyes to cause them to give him the slip that entitled him to a pint of "shock" which would last ten days. Wet feet have been found to be an excellent excuse for pints, and rainy days have been productive of prescriptions by the wholesale, giving prohibition agents the idea that whenever it rains, about half the population of the United States must deliberately go out and get wet and then make for the nearest physicians' offices.

**Dogs, Cats and Horses.**

Word reaching Washington indicates that in some cities it has been necessary to prescribe whisky for ailments of dogs, cats and horses. Thus, men have been known to present to drug stores prescriptions that not only called for a pint for "John Smith," but also for "Rover Smith," "Pussy Smith" and "Tom" and "Jerry Smith," the latter being the team of horses owned by the Smith family.

Some of these prescriptions are ingeniously worded and prescribe that a teaspoonful of whisky must be given "Rover" and "Pussy" in a saucer of water, and a wineglassful in a pail of water for "Tom" and "Jerry." The druggist, of course, being able to dispose of his whisky at from 100 to 1,000 per cent. profit, does not inquire particularly into the identity of "Pussy, "Rover," "Tom" and "Jerry," and fills the prescriptions, giving the man who presents them five full pints of whisky, enough, with proper precautions, to last any man for ten days, providing he does not call in his friends to help administer to his sick animals.

**No Warrant of Law for Action.**

There is no warrant of law for the action of the prohibition commissioner. He is simply establishing the regulation, that is all. Those who do not comply with it may find that in the future their licenses to issue prescriptions in the cases of physicians, and their licenses to sell, in the cases of druggists, may be revoked. That would be a serious matter for a physician who likes to retain a degree of popularity among his clients, and a calamity for the druggist who does not mind occasional profiteering.

### Others Take Notice

**DETROIT, April 22.—A 100 per cent. increase in the assessed valuation of his property was the penalty imposed by the city council today on Jacob Shevitz, owner of a nine-family apartment house, who was accused by his tenants of increasing their rents from $42.50 to $90 a month.**

## BANK ROBBER GETS $5,000

**Holds Up Branch of Trust Company at Toledo.**

TOLEDO, O., April 22.—A bandit escaped with $5,000 from a branch of the Ohio Savings Bank and Trust Company here this afternoon. He threatened three patrons and an attendant and rifled the cage.

## MINE WORKERS LOSE.

**Arkansas Company Receives Verdict of $300,000 Damages in Suit.**

FT. SMITH, Ark., April 22.—The Pennsylvania Mining Company yesterday won a verdict of $300,000 damages against District 21, United Mine Workers of America and locals in three counties, for violation of the Sherman act.

**Rail Appropriation Bill.**

WASHINGTON, April 22.—The house bill appropriating $390,000,000 for deficiencies in government operation of railroads, was reported favorably today by the senate appropriations committee. No changes were made in the house measure.

## GRAIN PRICES UNSTEADY IN CHICAGO MARKET

HEAVIEST FALL IN CORN FOR MAY DELIVERY.

### CLOSE NEAR WEDNESDAY'S

CHICAGO, April 22.—Sharp new breaks took place today in the corn market at the outset. The heaviest fall was in the May delivery, which in some cases exhibited a sheer descent of 6c a bushel since last night. Renewed weakness in the New York stock market was the principal reason ascribed.

First prices in corn had a much wider range than usual, and for the May delivery were as much as 2 cents apart for simultaneous trades in different parts of the pit. May started at $1.62 to $1.64, as compared with $1.66½ to $1.68 at yesterday's close. The corn market, as a whole, opened ½ cent to 6 cents lower, with July at $1.56½ to $1.57½.

**Heavy Trading Causes Rally.**

A big trade was in progress in all the grain pits. There had been a heavy accumulation of selling orders during the night and individual operations counted for little. After the opening, however, commission house buying increased, and a sharp rally followed. Price fluctuations were so rapid that blackboard quotations were frequently far out of line with the actual market in the pit.

**Near Wednesday's Finish.**

In the end, the market was not greatly changed from yesterday's close. Indications that foreigners were taking advantage of the scare, and were actively on the lookout for bargains in grain did a good deal to restore comparative confidence. The close, notwithstanding, was unsettled, varying from 1¾c net decline to 1c advance, with May $1.66¾ to $1.66¾ and July $1.58¾ to $1.59.

### NEW YORK BEARS FAIL.

**Early Slump in Stocks Followed by Substantial Gains.**

NEW YORK, April 22.—Efforts of an aggressive bear faction to effect additional depression of prices in the stock market today met with little success, although dealings in the early hours were again extensive at lower levels.

Supporting orders in large volume were placed later, however, effacing many losses and resulting in a number of substantial gains. Ease of call money, conveying assurance of sound financial conditions, were the factor in the recoveries. Sales were estimated at 1,800,000 shares.

## ACCUSED OF PROFITEERING

**Eleven More Warrants Issued for Philadelphia Sugar Dealers.**

PHILADELPHIA, April 22.—Eleven more warrants for sugar dealers accused of profiteering, mostly wholesalers, were issued today by the United States attorney. Thirteen issued yesterday were served today. Accused dealers appeared in court and provided bail. Later a date will be fixed for hearings.

## GRUNAU DELAYS ACTION TO END RAIL WALKOUT

SAYS HE WILL WAIT HEARING OF HIS CASE.

### IMPROVEMENT IN TRAFFIC

CHICAGO, April 22.—Hope for an immediate settlement of the switchmen's and enginemen's strike dwindled here today when John Grunau declared he would take no immediate action to end the walkout. Grunau is president of the Chicago Yardmen's Association, and led the strike which originated in Chicago. He was released last night from jail, after he had been arrested for alleged violation of the Lever act.

**Waits Hearing of Case.**

Grunau said today he would take no action until his case had been heard before a federal commissioner.

It had been expected that he would call a meeting of strikers to consider putting an end to the strike.

The Railroad General Managers' Association announced further improvement in traffic conditions. The managers' report says that 605 switch engine crews—approximately 80 per cent. of the normal number—are at work in the Chicago district. One hundred and ninety strikers returned to work today, bringing the

## PLANS TO CLOSE JAIL ARE BEING DISCUSSED

COUNTY WORKHOUSE WOULD BE USED.

### COST ESTIMATES SOUGHT

Plans for condemning and closing the County Jail, because of its insanitary condition, and using the County Workhouse, at Northwestern avenue and Twenty-first street, for the housing of jail prisoners, were discussed at a conference in criminal court today, attended by representatives of the board of state charities, the county board of charities, the county commissioners, the county council, the United States district court and the criminal court.

The commissioners were instructed to obtain estimates of the cost of repairs and improvements at the workhouse and it was suggested that Dr. J. H. Wright, of New York city, who will come in a few days to begin a survey of the county institutions, investigate some of the details of the proposed change.

It was said at the conference that the workhouse could be properly fitted for use as the county jail at a much lower cost than would be necessary to equip properly the jail building in accordance with recommendations of the county grand jury, made in a report last week.

**Those Attending Conference.**

The conference was called by Judge James A. Collins, of criminal court, to discuss the grand jury's report on jail conditions.

Attending the conference were Amos W. Butler, secretary of the board of state charities; Demarchus C. Brown, a member of the state board; Mrs. Joseph B. Kealing, Rabbi M. M. Feuerlicht, George D. Thornton and Mrs. Anna Davis, members of the county board of charities; Floyd J. Mattice, assistant district attorney; Claris Adams, prosecuting attorney; Russell T. Byers and Frank E. Brown, members of the county council; Joseph G. Hayes and Carlin H. Shank, county commissioners; Harry C. Hendrickson, county attorney, and Judge Collins.

Mr. Hayes spoke in favor of the plan of using the workhouse for jail purposes. Mr. Byers said it seemed advisable to wait until the expert, engaged to make a survey of county institutions, had had time to investigate, Judge Collins, Mr. Hayes and Rabbi Feuerlicht said "outside advice" is not necessary as the local officials are well aware of the conditions.

**Temporary Repairs.**

It was said that the workhouse could be put in condition for use as a jail until next winter at a cost of not more than $10,000. In the winter a new heating plant will be needed, it was explained. The commissioners said the repairs and improvements needed at the jail building, as recommended by the grand jury, would cost more than $90,000. Women prisoners would have a separate building from that occupied by the men, if the

## SERVICE-AT-COST MEETS APPROVAL

Question Up to Utility Board Now Is to Determine Valuation for Such Purpose.

### ESTIMATES ARE PRESENTED

Car Company Attorney Suggests $16,500,000, and Ashby, for City, Names $15,000,000.

With the city of Indianapolis and the Indianapolis Street Railway Company agreed on the proposal of a service-at-cost plan of operating the city street car system, the public service commission hearing on the proposal today settled down to a determination of the valuation of the company for such purposes.

H. H. Hornbrook, attorney for the company, proposed a valuation of $16,500,000. Samuel Ashby, corporation counsel, in his service-at-cost proposal suggested a valuation of $15,000,000.

Mr. Ashby said: "We are not making that as a valuation in any other case but simply as a figure to get on with in this case."

Mr. Hornbrook said: "Any valuation of this sort can not ultimately be binding on anybody. Without a valuation of $16,500,000 the company can not maintain any credit."

**Ashby Gives His Idea.**

On the valuation depends the amount of provision to be arranged by the service-at-cost plan. In proposing his plan Mr. Ashby said:

"Unless some rate of return is granted to this company, it can not obtain finances necessary to make improvements and extensions of service. The rate of return ought to be so safeguarded as to prevent the company from making any profit while it is under the emergency jurisdiction of the commission."

Ferdinand Winter, counsel for the railway company, advanced the theory that the commission's order should not be temporary, as under the public service commission law of Indiana the commission has ample authority to abrogate the franchise agreement even without the existence of any such emergency as now exists. He said that as the company now operates it in under the authority of the commission, and the present rate of return is in effect only until 100 days after the treaty of peace is signed, according to the commission's order in the case. This situation greatly impairs the company's credit, he said, and ought to be remedied.

**Hearing Continued.**

The commission continued the hearing until Saturday at 9:30 a. m., to give ample opportunity for any others to appear. Robert E. Tracey, representing the Chamber of Commerce, was the only representative other than city and company officials to enter an appearance. Alfred Potts and B. A. Worthington, two of the three public directors of the company under a former plan of operation, were present.

Mr. Hornbrook's second principal difference with the service-at-cost plan, which was proposed to the commission several days ago by Mr. Ashby, was in the matter of rate of return on the valuation to be arrived at. He proposed the setting up of a reserve after the payment of all operating expenses and the like, plus a rate of return, with all surplus to be divided between the reserve and the company in such proportion that the company's share would increase as it decreased fares. He proposed a rate of return of 7 per cent. as a minimum to be considered by the commission.

**Ashby's Plan Given.**

The Ashby plan is to set up a reserve, which when it passes above a certain figure, would result in lower fares and higher rates of return, or, if the reserve goes downward, would result in higher fares and lower

## REPEATS THAT HE ISN'T AFTER THE PRESIDENCY

VICE-PRESIDENT CHARACTERISTICALLY REVIEWS SITUATION.

### UPHOLDS COMMON PEOPLE

[Special to The Indianapolis News]

NEW YORK, April 22.—"God pity the man who reaches the conclusion that the fate of America rests on his shoulders, and God pity America when it does," was the way that Vice-President Marshall, in a characteristic interview here, summed up his attitude toward the presidential nomination.

Mention of the Vice-President's name as a likely "dark horse" at the San Francisco convention started the talk.

"I think they are beginning to believe me," the Vice-President said, "when I repeatedly say that I am not seeking the presidential nomination. I do not mind telling you why I feel this way."

Here the Vice-President made the remark quoted in the opening paragraph. "It is easy for a man to persuade himself that the people are calling for him, but when he gets to the convention he is apt to find that the delegates haven't heard the call," Mr. Marshall continued. "I do not want to appear censorious of men who are undoubtedly able and patriotic Americans," he added, "but I honestly can not see why a man should seek the presidency of the United States.

"The strict constitutional responsibilities of the chief executive of the nation are very great. The people themselves have made these responsibilities immeasureably greater. They require that the President be a self-starter. He must begin every forward movement. He must put into the job his every waking minute. He is spied upon by secret service men and hounded by self-seekers. A trusty in the Indiana penitentiary has more liberty than he has. He must give his all to the nation. His reward consists of bouquets and brickbats in about equal proportions."

**As to Expenditures.**

The Vice-President said that even though he desired the office he could not conduct an active campaign for it under present conditions.

"When I ran for Governor of Indiana, I paid an assessment of $1,800 to the state committee. I campaigned the state at my own expense. I made the same speech 169 times and walked into the Governor's office on a total expenditure of $3,250. When I came home from my campaigning I found on my desk a bunch of checks. They ranged from $5 to $500 and totaled $10,000. They had been sent in by personal and political friends who wanted to help my candidacy. I sent every one back."

Mr. Marshall said that it seemed

## COMMUNICATION

## CAILLAUX WILL ESCAPE DEATH PENALTY DECREE

FRENCH SENATE ELIMINATES TWO ORIGINAL CHARGES.

### SECRET VOTE IS 213 TO 28

**PARIS, April 22.—Joseph Caillaux, former premier of France, this evening was found guilty of having had commerce with the enemy by the high court of the senate. The vote was 150 to 91.**

PARIS, April 22.—The charges of high treason and intelligence with the enemy against former Premier Joseph Caillaux were eliminated by the high court of the senate today by a vote of 213 to 28. This eliminated the possibility of the death penalty being inflicted.

The senate convened at 2:30 o'clock this afternoon and immediately went into secret discussion as to whether the former premier, who has been on trial before it for several weeks, should be acquitted or found guilty of high treason, intelligence with the enemy, commerce with the enemy or merely "defeatism." Ballots were taken on the foregoing charges in order, taking the graver degrees of the crime first.

A preliminary discussion was held before the secret sitting as to whether each senator's vote should be published in the official journal, or merely the number of senators voting each way.

## PROPOSE EXCHANGE TAX TO RAISE BONUS MONEY

REPUBLICAN LEADERS PLAN FOURFOLD LEVY SCHEME.

### TWO-YEAR LIMIT IS FIXED

WASHINGTON, April 22.—A tax on all stock exchange transactions equal to the brokers' commission has been agreed on tentatively by Republican members of the house ways and means committee as one of the new levies for raising money for the soldier bonus legislation.

Three other levies for raising the money have been adopted by the Republicans. These are a 1 per cent. levy on the final sales to consumers, a new levy on incomes probably in excess of $5,000 and an increase of approximately 15 per cent. of existing taxes on tobacco and cigars.

**In Effect Two Years.**

These four forms of taxes would remain in effect two years, and the Republicans estimate that they would net about $1,500,000,000 for soldier relief. They will be incorporated in the legislation to be presented in the house for adoption May 3.

Committeemen said the final agreement on all details of the relief bill, including the methods of taxation, were open to revision, but they predicted that the four-fold plan of taxation would not be changed.

Treasury experts working with the Republican committeemen estimate that $400,000,000 a year will be raised by the sales tax; $200,000,000 from the Stock Exchange deals; $100,000,000 from a 2 per cent. tax on parts of incomes exceeding $5,000, and $50,000,000 by the 15 per cent. increase on tobacco taxes.

**Put Up to the Consumer.**

Committeemen declared that regardless of the form, the taxation ultimately would be borne by the consumer. They estimated that more than seventy exchanges, including Wall street, the Chicago Board of Trade and the New Orleans Cotton Exchange, would be affected by the tax on stock transactions.

The exact levy on incomes had not been fixed, but members of the committee believe now the levy will be fixed at 2 per cent. on the amount of all incomes over $5,000.

Republican leaders after a meeting with the "insurgents" against the relief plans, announced that the party caucus set for tonight had been postponed until April 30. The postponement, it was said, was necessary because soldier relief measures were not in the shape desired for conference presentation.

The "insurgents" announced that their stand against certain provisions of the bill, and especially the tax feature, was unaltered, while leaders still predicted that the original plan to bring the bill before the house May 3, under a suspension of the rules and limited debate, would be carried out.

### Strange!

**GAMER RANCH, CEDAR CREEK, Neb., April 22.—An effort early today to catch a signal from Mars failed. Dr. Frederick L. Milliner and Harvey Gamer, electrical experts who made the attempt, announced they would try again.**

## HAUGHS LOSE CHILDREN.

**Court Rules That Orphans' Asylum Shall Have Custody.**

[Special to The Indianapolis News]

RUSHVILLE, Ind., April 22.—W. M. Sparks, judge of the Rush circuit court, has ruled that neither Mrs. Marguerite Haugh nor J. Guy Haugh, of Indianapolis, who were divorced here about a year ago, are entitled to the custody of their two children and has ruled that the children be turned over to the Indianapolis Orphans' Asylum. The question of the custody of the children was raised by Otto Keller and Dr. Amelia R. Keller, of Indianapolis, who filed a petition in the local court asking for a modification of the divorce decree under which the children remained in the custody of the parents.

## BOY HIT BY HEAVY SHOT.

**Stanley Jacobs Suffers Fractured Skull at Bedford.**

[Special to The Indianapolis News]

BEDFORD, Ind., April 22.—Stanley Jacobs, age twelve, son of Brazell Jacobs, suffered a fracture of the skull at the high school today when he was struck on the head by a twelve-pound shot. A playmate accidentally let the shot slip out of his hand. The injured boy was taken to the office of Dr. R. B. Short, who later sent him to the Dunn hospital, where an operation was performed.

## WATSON AS TEMPORARY CONVENTION CHAIRMAN

REPUBLICANS COMPLETE PLAN FOR MEETING MAY 12-13.

### NEW PERMANENT CHAIRMAN

Arrangements for the Republican state convention, May 12 and 13, at Tomlinson hall, were completed today when members of the Republican state committee approved by long distance telephone the choice of Senator James E. Watson, as the temporary chairman and "keynote" speaker of the convention.

The convention will be called to order Wednesday morning, May 12, at 10 o'clock, according to an announcement by Frederick E. Schortemeier, secretary of the committee. Senator Watson's speech probably will occupy the morning, and at its conclusion a brief recess will be taken, after which Senator Watson will introduce Senator Harry S. New as the permanent chairman. Senator New will make a short speech. Will H. Hays, Republican national chairman, and Governor James P. Goodrich have been invited to speak at the afternoon session.

After the speechmaking, adjournment will be taken, and in the evening the delegates will meet at the Statehouse to organize and to choose members of committees. Members of the committees on resolutions, credentials and rules and permanent organization will meet later at the Hotel Severin.

**Busy Session Thursday.**

Thursday's session will be devoted wholly to hearing and acting on committee reports, and to the nomination of state officers and the choice of delegates to the national convention. It will open at 10 a. m.

Great interest is being shown in the convention, as there are indications that it will be one of the most important conferences of the kind in the history of the state.

J. W. Fesler and Warren T. McCray are making a hot contest for the Republican nomination for Governor at the primary May 4, and there is a possibility that no candidate will receive a majority of all the votes cast. If this should be the case, the governorship question would be up to the convention.

**Fesler in Toner's District.**

Mr. Fesler is campaigning in the Eighth district, the home district of Edward C. Toner, the third candidate for the Republican nomination for Governor. He spoke today before the Kiwanis Club, at Muncie, and probably will visit Andrson before he

## NEW SWITCHMEN HIRED BY THE PENNSYLVANIA

NONE OF THE OLD EMPLOYES RETURN DURING DAY.

### MORE FREIGHT HANDLED

None of the striking railroad yard switchmen returned to work on the Pennsylvania railroad today, and, in accordance with the announced ultimatum to the men Wednesday, the names of the strikers were stricken from the books and the company started employing new men to fill their places permanently.

Six new men were employed before noon, making a total of eleven new men, with several of the regular men who returned to work earlier and the emergency crews now at work in the yards. Eighteen crews are working in the twenty-four-hour shifts, and, according to the superintendent, the company is handling between 60 and 70 per cent. of its normal business. Pennsylvania officials said the company will continue to hire new switchmen as rapidly as possible until the yard force is recruited to its full strength.

**Approaching Normal.**

All roads are increasing the amount of freight handled, and are continuing to employ switchmen. Freight movements are approaching normal, and several lines are preparing further to modify their freight embargoes before the end of the week. M. V. Hynes, superintendent of the Cincinnati, Indianapolis & Western, said that the road may be able Friday to accept perishables and live stock for all points not under embargo of that class of freight. The C., I. & W.

## MEXICAN SECESSIONIST MOVEMENT IS GROWING

AMERICAN POSITION IS STILL CONFINED TO OBSERVATION.

### SONORA GAINING SUPPORT

WASHINGTON, April 22.—Reports to both the state and war departments today continued to support the unofficial dispatches that have told of the rapidly increasing area of revolt in Mexico. Administration officials studied them carefully but without betraying any indication that the position of this government would be other than that of an observer. The movement begun by the secession of Sonora has gained the support of at least four other states, the adherence of various groups of federal forces and promises by Villa, Manuel Palaez and one or two other minor rebel chiefs that they will join in the fight on Carranza, the report showed.

So far as could be learned here Carranza has made no overtures to the American government for assistance either directly or indirectly.

**Embargo Still Effective.**

The rulings which have prevented his government from getting arms and ammunition in the United States are still in effect. A request for permission to import war materials, however, would cause no surprise. The presence here of General Salvador Alvarador, as the unofficial representative of Alvaro Obregon, accepted leader of the new revolt, has not brought from the administration any sign of its willingness to recognize the belligerency of the anti-government group.

One small hope of an adjustment of the situation in Mexico was found today in the announcement that a mission from Mexico City was on its way to Sonora for a conference with the leaders there. Members of that mission were reported to have held a conference with Carranza, but here it was regarded as doubtful that the secessionists would listen to any proposal made.

**Movement Spreads Rapidly.**

Already, it was pointed out by those who have watched the growth of the movement, the revolt has spread over such territory and gained such support not only from partisans of Obregon but also from those who have been in the field for many months as ordinary rebels and by units of the federal army that even its leaders have difficulty in checking it.

## MURDERER OF GIRL HELD WITHOUT BOND

William Ray, Age 19, Colored, Pleads Guilty to Killing Martha Huff.

### GIVES DETECTIVES DETAILS

Admits He Criminally Attacked Victim—Pushed Body Into Water —Speedy Trial Planned.

Under a fire of questions by detectives today, William Ray, the nineteen-year-old negro held as the slayer of Martha Huff, age fourteen, whose body was found in Eagle creek Tuesday afternoon, admitted, the detectives say, that his first statement, made after his arrest Wednesday night, that he stabbed the girl in a dispute about the return of a $2 bill he had given her, was false.

He admitted that he criminally attacked her, the detectives said. After he killed her he pushed her body into the water and fled.

**Trial as Soon as Possible.**

Ray will be placed on trial as soon as possible, it was announced at police headquarters today. Claris Adams, prosecuting attorney, and Claude Worley, special investigator for the criminal court, said after a conference with Jerry E. Kinney, chief of police; Chauncy Manning, supervisor of detectives, and Captain Fred Simon, that an effort will be made to have the case disposed of promptly.

Ray entered a plea of guilty when arraigned before Judge Walter Pritchard in city court today and was held to the grand jury without bond on a charge of murder. After the arraignment he was questioned by Detectives Simon and Dugan.

**Appears More Concerned.**

The detectives said Ray talked freely of the case, and gave more detailed information than he did in the written confession made shortly after his arrest. He appeared to be more concerned as to how he will fare before a court or jury.

"Do you suppose I can get off with a life sentence?" he asked Dr. Paul F. Robinson, coroner.

In Ray's first statement, after his arrest, detectives say, he confessed he stabbed the girl several times with his penknife in order to silence her screams. At that time he denied having attacked her in any other way.

**Identified By Step-Sister.**

Soon after the detectives obtained the confession, Ray was identified positively by Nora Smock, eleven-year-old step-sister of the Huff girl, as the one who met them on the West Michigan street bridge over White river, Monday afternoon, and later went away with the girl.

Ray was arrested at his home, 1321 Columbia avenue, at midnight by Detective Sergeants Sneed and Trabue, and C. M. Carter, patrolman, all colored. His wife, who gave the name of Margaret Hart, was slated on a charge of vagrancy, pending further investigation.

**Awaited His Return.**

The negro was not at home when the patrolman and the two detectives called at his house last night and they hid outside to await his return. He appeared about thirty minutes later and they seized him just as he started in the door.

Myrtle Robertson, twelve-year-old daughter of Mrs. Beulah Robertson, 1652 Arsenal avenue, today identified Ray as the man who had persuaded her to accompany him into Brookside park last Saturday morning. The Robertson girl's mother saw her daughter going through the park with the man and called her back home.

Efforts were being made by the detectives today to get other young girls, whose parents had reported that a negro had attempted to entice their daughter away recently on the pretext of obtaining new clothes for them, to come to headquarters

# DAIRYMEN WISH A NEW MILK CLASSIFICATION

## PASTEURIZATION NOT ALWAYS EFFECTIVE, THEY SAY.

## SMALL TOWNS COMPLAIN

The proposal that milk produced under ordinary conditions be labeled Class B, raw or pasteurized, and that milk produced under strictly modern sanitary conditions be labeled Class A, raw or pasteurized, was laid before the state board of health by representatives of the state dairymen's association, Wednesday. The dairymen offered objection to milk rules recently adopted by the health board.

The health board rules would permit milk produced under prescribed sanitary conditions to be sold raw and labeled Class A; and milk produced under other conditions to be sold only after pasteurization and labeled Class AA.

**Say Pasteurization Uncertain.**

The dairymen pointed out that such rules would permit the offering of any milk for sale, if it is pasteurized. It was agreed by persons at the conference that "pasteurization as pursued in Indiana now is worse than none." One dairyman said that "pasteurization sometimes is dependent on how big a hurry they are in down at the barns."

Representations that it is impractical to require pasteurization in small towns were laid before the board, with the suggestion that ordinary milk sold there be labeled Class B in order that consumers may know they are buying second grade milk, and therefore begin to develop conditions favoring the production of Class A milk.

**Might Limit Production.**

Dr. Hugh A. Cowing, president of the health board, said that too stringent milk rules might limit production and increase the price of milk, thereby depriving some communities of their supply. Dr. J. N. Hurty, secretary of the board, took the position that the elimination of unguarded milk would work no ultimate hardship on a community.

The board and association agreed that milk sellers should be licensed by local health officers, that all milk sold shall be labeled, and that milch cows should be turberculin tested.

**Street Car Fare Petition.**

A petition to establish an 8-cent street car fare with free transfer privileges in Hammond, Whiting and East Chicago was filed with the public service commission Wednesday by the Hammond, Whiting & East Chicago Railway Company. The company proposes a 2½ cents fare for children going to and from school. It requests that the proposed rates go into effect June 1.

**Texas Women May Vote.**

AUSTIN, Tex., April 22.—The state supreme court has overruled a motion for a hearing in the woman suffrage case, sustaining the law permitting women to vote in Texas party primaries.

# MISSIONARY SOCIAL UNION PLANS CHANGE IN BYLAWS

**Resolution Adopted to Create Board of Directors—Lecture on Interchurch World Movement.**

The annual meeting of the Missionary Social Union was held today in Hollenbeck hall, the Y. W. C. A. building, with Mrs. B. S. Gadd, first vice-president, presiding. A report by Mrs. William Adams, chairman of the committee on constitution and bylaws, recommending that a board of directors be created, was adopted. It will be voted on as a change in the constitution at the next annual meeting, and in the meantime the present officers, elected last November, will hold over for a year. They are: Mrs. C. J. Buchanan, president; Mrs. Gadd, first vice-president; Mrs. A. J. Clarke, second vice-president; Mrs. E. M. Thompson, third vice-president; Mrs. Frank Woecher, recording secretary; Mrs. C. A. Mueller, corresponding secretary; Mrs. Frank Keegan, treasurer; Mrs. George W. Knodel, secretary of literature.

Don D. Tullis, secretary for Indiana of the interchurch world movement, presented an illustrated lecture on "The Challenge and the World," and Mrs. George Savary spoke. Following a luncheon in social hall, Mrs. Mary W. Mills, principal of the Schauffler Training School, of Cleveland, spoke on "Americanization in Action," illustrating her lecture with slides, and Alexander Paul spoke on "China."

Mrs. Gadd appointed a committee to work up interest in the Winona summer conference, with the following members: Mrs. Timothy Harrison, Mrs. Effie Cunningham and Mrs. W. C. Smith.

## French Government Award Received by Will H. Brown

Recognition of the wartime services of Will H. Brown, of Nordyke & Marmon Company, has been made by the French government, which has awarded him the silver palm and made him an officer in the French Academy of Art, according to a certificate received by Mr. Brown, dated November 19, 1919, and forwarded through the United States war department. The honor is a result of Mr. Brown's work as colonel during the world war in the motor transport corps of the United States army and also as a member of a liquidation commission sent to France.

## WHITE RIVER RECEDES.

**Reaches Crest at Indianapolis at Stage of Sixteen Feet.**

After reaching a stage of sixteen feet late Wednesday afternoon, White river began falling at Indianapolis, and early today had receded nearly two feet. All danger of a flood has passed, according to J. H. Armington, meteorologist for the United States weather bureau.

**To Instruct Pastors.**

The Rev. Marion C. Bishop, in charge of rural survey in Indiana for the interchurch world movement, will be an insetructor in a summer school for about sixty Ohio pastors at Defiance, O., July 5 to 24. The school will be held under the auspices of the interchurch movement. The Rev. Mr. Bishop's lectures will be based on results of surveys which he is conducting.

## Konecny Legion Concert

Josef Konecny, a Bohemian violinist, with Mary Tris, pianist, and Lola Murel Ailey, pianist, appeared in concert at Caleb Mills hall Wednesday night, under the auspices of Yetter-Munier Post No. 3, of the American Legion. The money derived from the concert will be used by the Legion post in furnishing its new quarters in Communal hall, in West Morris street. Konecny is a Legion member, having served overseas with the American army.

# JOHNSON THE GUEST OF FT. WAYNE MORTON CLUB

AGAIN ATTACKS PRESIDENT AND PEACE PACT.

## SPEAKS AT TWO MEETINGS

[By William H. Blodgett, Staff Correspondent of The Indianapolis News]

FT. WAYNE, Ind., April 22.—Hiram W. Johnson, United States senator from California and a candidate for the Republican nomination for President, made two speeches in this city last night, going from here to Anderson, where he spoke today. In both of his speeches he attacked the league of nations and denounced President Wilson and the extravagance of the federal administration. His speeches were practically along the lines of the speech he made at Indianapolis before the Columbia Club.

**Guest of Morton Club.**

The first speech of the evening was before the Morton Club, at a reception in his honor at Aldine hall. Senator Johnson was introduced by Ansel M. Fuelber, who was chairman of the reception. Mr. Fuelber has taken a very prominent part in the politics of Ft. Wayne, being at one time editor of a German Democratic paper and also was a very strong supporter of former Mayor Hosey. At the present time Mr. Fuelber is a very ardent supporter of Senator Johnson.

**Johnson Reception Committee.**

The following men were named as the reception committee:

Herman Gerding, Harry O. Dermody, August Brenneck, Henry Schepplemann, Tom J. O'Dowd, Louis W. Oser, Alfred J. Pembrook, Harry Gluss, L. L. Gorrall, W. S. Robuck, Eugene Claycomb, Dr. Herschel R. Coil, George Koop, W. A. Crawford, Al G. Schoch, Charley Somers, Erwin Kaiser, Charles Carpenter, Henry Chapman, Ansel M. Fuelber, Charles Persing, Lucius Somers, Sam Lewis, William Gerding, William Mix, Ray Hollie, Fred Goulmeyer, Clarence Lapp, Joseph Pembleton, Theodore Fiegel, William Geiger, Fred Link, Richard Steinke, Charles Hall, Fred Rice, Samuel Kaufel, Sam Lewis, Charles Beatty, Marietta Somers, William Allen and Ralph Bieber.

**Some Committeemen Not Present.**

Some of these men did not know they were on the committee and did not appear at Aldine hall.

The Morton Club meets in a rented hall and admission is by membership cards, which cost $1 apiece.

**SPEAKS TWICE AT ANDERSON.**

**California Addresses Factory Employes—Audiences Large.**

[Special to The Indianapolis News]

ANDERSON, Ind., April 22.—Senator Hiram W. Johnson, of California, who is campaigning in Indiana as a candidate for presidential preference on the Republican ticket, was heard by two large audiences here. He left the city for New Jersey, later and will return to Indiana after a few speeches in that state.

Senator Johnson regarded himself as in friendly territory when he came to Anderson, for there were many Progressives here when he was a candidate on the Progressive ticket.

The first of the meetings was held at the Remy plant, where employes heard Mr. Johnson at noon. In the afternoon the senator addressed another meeting at the Grand opera house, over which John S. Alldredge, state senator, presided. On the reception committee were a number who acted in a similar capacity when Senator Harding was here, and who will form part of the reception committee for Governor Lowden when he speaks in Anderson Monday. At both meetings Senator Johnson repeated the Indianapolis speech with a few variations.

**IN BEHALF OF JOHNSON.**

**Patrick O'Donnell, Chicago Attorney, Speaks at Logansport.**

[Special to The Indianapolis News]

LOGANSPORT, Ind., April 22.—Patrick O'Donnell, a Chicago attorney, and Irish-American orator, speaking in behalf of Senator Hiram Johnson, of California, candidate for the Republican nomination, here last night, confined his address almost entirely to a discussion of the league of nations.

O'Donnell said he is a supporter of Johnson and not of Governor Lowden, of his own state, for the reason that personally he was against all candidates who are for the league of nations as first submitted, or with reservations. Johnson, the speaker said, is against the league of nations.

S. B. Boyer, president of the Oberchain-Boyer Company, presided at the meeting. It was announced by Neil McGreevy, county manager for Johnson, that Senator Kenyon, of Iowa, will speak in Logansport Tuesday, April 27, in behalf of Johnson.

**Articles of Incorporation.**

Articles of incorporation have been filed with the secretary of state as follows:

The Tribune Printing Company, South Bend, changed its name to South Bend Tribune; also increased its capital stock from $20,000 to $550,000.

Parker Cord Fabric Mills, Inc., a Delaware corporation, qualified to do business in this state; capital, $2,000,000; automobile tires. Lewis A. Coleman, Indianapolis, is named as agent.

**Teachers' Increase Announced.**

[Special to The Indianapolis News]

LAFAYETTE, Ind., April 22.—Announcement was made today by the city school board of an increase in teachers' salaries, amounting in the aggregate to $50,000 a year. The board will pay the teachers an average of $500 a year more than they are receiving now.

**No Doubt.**

The pipes of Pan were heard in spring
In days of long ago.
He used to make the echoes ring
As all the poets know.

But I suppose the craze for jazz
Affects us not alone.
And as for Pan, no doubt he has
Procured a saxophone.

# HARDING VISITS FIVE CALUMET REGION CITIES

VISIT ONE OF GREETING FOR REPUBLICANS.

## AMERICANISM IS DISCUSSED

[Special to The Indianapolis News]

HAMMOND, Ind., April 22.—Warren G. Harding, Republican candidate for the nomination for President, in an address here yesterday afternoon, advocated a decided reduction in the high cost of living and a return to normal conditions in the country. He pleaded for a reform system in conducting business affairs and said that he strongly favors the protection of American industries.

**First Candidate In Region.**

Mr. Harding was the first of the Republican candidates for the presidential nomination to visit in the Calumet region. He appeared at five cities during the day. His first stop was at Indiana Harbor where he was greeted by the McKinley Club, an organization of young Republicans. From Indiana Harbor he went to East Chicago and from there to Gary. He went to Crown Point next and then came here where he was a guest of local Republicans at a banquet at the Lyndora. Mr. Harding was introduced by Dan Boone.

**Working for G. O. P. Victory.**

Following the banquet Senator Harding was escorted to Unity hall, where he said that his visit to Lake county was chiefly one of cheer and greetings, with more thought about a Republican victory next November than somebody's personal triumph at Chicago in June.

His speech dealt mainly with Americanism. He said that if Wilson had advised with the senate, as every President had done from Washington to Roosevelt, instead of dismissing that body as pigmy-minded obstructionists, there would not have been any delay about peace.

**HARDING BLAMES JOHNSON.**

**Says He Is Partly Responsible for Peace Pact Failure.**

[Special to The Indianapolis News]

GARY, Ind., April 22.—Senator Warren G. Harding, of Ohio, speaking here yesterday afternoon, said that Senator Johnson and the "irreconcilables" were as much to blame as President Wilson himself for the failure of the senate to ratify the peace covenant with proper reservations.

Declaring that the paramount issues of the day were the ratification of the peace covenant with proper reservations, and the creation of a federal tribunal for the adjudication of labor troubles and the enforcement of its decrees, he talked for nearly two hours along the same general lines of speeches that have been made by him during his campaign.

**Discusses Military Needs.**

He declared his opposition to enforced military training in time of peace, which he said is "Prussianism transplanted on American soil." "An army of 300,000 men was more than sufficient, but we did need a navy, both in the air and on the sea, equal to that of any nation on earth," he said.

Senator Harding said he had voted to return the railroads to their owners and also had voted for the Esch-Cummins bill and asked the other candidates for the Republican nomination what they would have done with that measure.

He warned the laboring men in the audience that they could not hope to reduce the high cost of living unless they returned maximum production for their present high wages. The world, he said, was in a high stage of feverish unrest since the war and economy and the highest maximum production would be needed to still the fever.

The Ohio senator also placed himself on record as favoring a bonus for the soldiers of the world war and an increase of pensions for the surviving soldiers of the civil war. He denounced agitators of all kinds and declared that until they were driven out of the ranks of labor there will never be labor peace in this country.

Governor Lowden, of Illinois, will speak here Saturday night. Senator Borah will speak here next Tuesday and Senator Hiram Johnson will be here April 30.

GAS SITUATION

Supplies of coal and oil have not actually improved since last report but prospects of improvement on coal carrying roads continue to grow brighter.

We are continuing the improved pressure which we began Tuesday morning, but this has so greatly increased consumption that we are doubtful about being able to keep it up under present conditions.

Consumption increased at rate of 1,250,000 cubic feet daily as a result of this improvement. We desire to continue it, but urge economy in use of gas.

# CONDEMNS WILSON AND PRAISES RAILWAY ACT

## SENATOR CUMMINS ADDRESSES IOWA REPUBLICANS.

## PREDICTS PARTY VICTORY

DES MOINES, Ia., April 22.—President Wilson and the peace treaty were condemned and the railroad law commended by Senator Cummins, president pro tempore of the senate, in an address here today at the Iowa Republican convention.

Predicting Republican success next November, Senator Cummins said a Republican President should be chosen "because it is high time that the President should be a right-minded man."

"For surely," he continued, "eight years of mystery, of uncertainty, of inconsistency, of abnormality, of inconceivable twisting and turning in the office of the chief executive are punishment enough for all the sins and blunders we may have committed, and we have earned our emancipation.

**Praises Railroad Law.**

Senator Cummins declared the Republicans were responsible for the law returning the railroads to private ownership which he characterized as "a great forward step in progressive and constructive legislation" containing "a code for protection of railroad workers."

Reiterating advocacy of anti-strike legislation Mr. Cummins said the railroad labor board was "a tribunal which will render to railroad wage workers a surer and higher justice than they can ever hope to secure through a strike."

With such a tribunal, he said, the public, in its need for uninterrupted transportation, was entitled to declare unlawful conspiracies of railroad workers "to coerce employers by inflicting upon an innocent public the infinite cruelties which spring from general cessation of transportation."

**Treaty Issue Predicted.**

The treaty of Versailles would be a campaign issue, said Mr. Cummins, who asserted that it contained "unconstitutional and treasonable provisions."

"The treaty failed of ratification," he continued, "for just one reason. Woodrow Wilson, in his revengeful pride, in his resentment against the senate because it dared to exercise its constitutional functions, coerced enough Democratic senators, who wanted to vote for ratification, into the course which he commanded and they followed him instead of their own consciences."

The greatest problem now facing America, Mr. Cummins said, was "to readjust the disordered relation which has inevitably appeared between wages and compensation for personal service and the price of commodities." Increased production, he added, was the remedy.

## DENIES SIMS' CHARGES.

**Captain Pratt Says There Were No Delays in Taking Action.**

WASHINGTON, April 22.—Recommendations and requests from Rear Admiral Sims were never "held up" in the navy department, but were acted on as soon as the general situation permitted, Captain Pratt, former assistant chief of operations, today told the senate investigating committee. In further denial of Sims' charge that action on his recommendations and requests were delayed Captain Pratt said a special system was used by the department in facilitate the handling of Sims' messages.

All communications from Admiral Sims involving policy or movements of ships, the witness said, were referred to Admiral Benson, then chief of the naval operations, or Secretary Daniels with recommendations for action and all matters were acted on immediately by subordinate officers.

Chairman Hale said the testimony of other witnesses had indicated that it was difficult to obtain decisions from Mr. Daniels on vital issues and asked the witness if he knew of such cases. In reply Captain Pratt said he had "heard rumors" but that he always had obtained immediate and decisive action.

## DEMOCRATS GIVE BANQUET

**Candidates Attend Miami County Meeting at Peru.**

[Special to The Indianapolis News]

PERU, Ind., April 22.—The Miami county Democratic banquet held in the dining room at the First Christian church Wednesday evening, was attended by 450 men and women. The candidates for nomination present were: Dr. Carleton B. McCulloch, of Marion, for Governor; Samuel E. Cook, of Huntington, and William C. Coryell, of Marion, for the congress; Charles R. Hughes, of Indianapolis, for state auditor; Olin R. Holt, of Kokomo, for Lieutenant-Governor. Charles A. Cole, judge of the Marion circuit court, served as toastmaster. Speeches were made by Claude Bowers, of Ft. Wayne; Mrs. Hortense Cat Moore, of Rockville; Dr. McCulloch and Mrs. Adelbert P. Flinn, of Logansport, who is the Eleventh district chairman of the Woman's League of Voters.

Dr. McCulloch restated his platform concisely and invited attention to what he termed the disadvantages and injustices caused by the centralization of power at the state capitol.

He said that Miami county officials had made many trips to the state tax board for permission to issue bonds or borrow money, and in every instance permission was granted, showing that the counties and townships were able to judge correctly of the necessities of their own communities.

Further discussing taxes, the candidate denounced the state administration for not reducing taxes, and asserted that the data he has been presenting over the state came from the Year Book and more recently from the state auditor's office.

Mr. Bowers spoke in support of President Wilson's administration.

**Kosciusko Pioneer Dead.**

## AUTO MEN TO MEET.

**Call Issued for National Convention in Indianapolis, May 24-26.**

A call has been issued for a convention here of the recently organized service division of the National Automobile Chamber of Commerce. The meeting is scheduled for May 24 to 26, inclusive, and it is probable the delegates will remain over for the international sweepstakes race at the speedway.

Several subjects of interest to men in the automobile service section of the motor car industry will be discussed. Delegates will visit local automobile plants during the convention.

The committee in charge of the convention is composed of E. T. Herbig, of the Service Motor Truck Company, chairman; H. W. Drew, of the Packard Company; W. M. Ladd, of the Pierce-Arrow; A. B. Cumner, of the Autocar Sales and Service Company; W. M. Britton, of the Republic Truck; O. T. Hilshafer, of the Chandler, and W. B. Riley, of the Jordan Company.

VITANOLA
The Phonograph of Marvelous Tone

HOW DOES ONE PHONOGRAPH DIFFER *from* ANOTHER?

THAT question is in the mind of every intelligent person who is considering the purchase of a phonograph.

The difference between phonographs is not in the looks—all good instruments are splendid specimens of the cabinetmakers' art. The real distinction lies in one thing—the thing you buy a phonograph for—the music it renders.

There must be a reason for everything. And there is a real reason why the VITANOLA has the sweetest, clearest tone you've ever listened to. The VITANOLA Tone Filter, a combination of devices and construction, practically frees the music from outside and surface noises before it reaches your ears. # WOOD'S CAMPAIGN IN WABASH COUNTY OPENS

## CHARLES F. COFFIN MAKES PLEA FOR CANDIDATE.

## MAN TO MEET CONDITIONS

[Special to The Indianapolis News]

WABASH, Ind., April 22.—Asserting that the United States needs a Republican President for the next four years, and that the President should be Leonard Wood, Charles F. Coffin, of Indianapolis, officially opened the Leonard - Wood - for - President campaign in Wabash county last night.

Mr. Coffin spoke before more than 150 Wood boosters at the Courthouse, reciting first the conditions now prevailing in the country and those of four years ago.

**Bound to Turn.**

He contended that conditions at the present time were abnormal, and said that they were bound to turn, but no man could tell how long it would be before the change.

"When the change comes we must have a strong man in the President's chair. The better the man the better the outcome, and in General Wood we have the very best man," he said. "The word 'unrest' has become the national byword. However, it is not unrest that has entered the country, but a spirit of uncertainty.

**Two Things.**

"There are two things which can happen. We can have an orderly evolution or a disorderly revolution. You all know what it would be for this country to have a disorderly revolution. Leonard Wood can, and will, bring about an orderly evolution. He also will enforce the laws of the United States, to which we are all too indifferent, and knowing Leonard Wood, I am proud to say that I am for him, first, last and always."

Frank Plummer presided at the meeting, and at the conclusion it was announced that General Wood, in all probability, would be here for a short morning meeting on April 30.

**WOOD AND MCADOO LEAD.**

**Result of Straw Vote Taken by Wabash Newspaper.**

[Special to The Indianapolis News]

WABASH, Ind., April 22.—Republicans in Wabash county voted solidly for Leonard Wood, candidate for the nomination for President in a straw vote taken by a Wabash newspaper Wednesday, while the Democrats were equally strong for William G. McAdoo. Bankers, business men, county and city officials, organized labor and farmers were for the most part in favor of General Wood leading the Republican ticket, and McAdoo on the Democratic side.

Lowden and Wilson both came as poor seconds in the voters' choice while Senator Harding and Governor Cox were close contenders for the second place.

General Wood received practically three votes to one of the other candidates combined, and while the newspaper is politically opposed to Wood, it predicts he will carry the county.

## GOODRICH GOES TO CHICAGO

**Leaves After Meeting Trustees of State Soldiers' Home.**

[Special to The Indianapolis News]

LAFAYETTE, Ind., April 22.—Governor James P. Goodrich left Wednesday night for Chicago after a conference with the board of trustees of the Indiana State Soldiers' Home. Colonel D. B. Kehler withdrew his resignation after the conference and announced his decision to remain as commandant until May 1921.

One of the other important matters considered in connection with the needs of the institution was the advisability of raising hogs to utilize the garbage which is now being sold. About fifteen years ago hogs were raised at the home, but on account of so many of the animals dying of disease the project was abandoned. Now it is believed that immune animals can be obtained, and Governor Goodrich told the trustees that if they desire he would recommend an appropriation to take care of the project should a special session of the legislature be called.

## TELLS OF EUROPE'S NEEDS

**Red Cross Official Lists Medical Supplies and Food.**

NEW YORK, April 22.—Medical supplies and food, especially for children, are still needed greatly in Europe, particularly in the central parts, according to Willoughby G. Walling, of Chicago, vice-chairman of the central committee of the American Red Cross, who arrived here today on the Mauretania after attending the general council of the League of Red Cross Societies at Geneva.

The delegates toured France, Belgium, Austria, Italy and the Baltic countries, inspecting various stations maintained by the Red Cross. They said they found the work well in hand.

Hospitals are crowded, they said, and more are needed, as are sanitation appliances. Particular attention is being given welfare of children.

**Logansport Reports Deaths.**

[Special to The Indianapolis News]

LOGANSPORT, Ind., April 22.—John Hetzner, age seventy, is dead at his home here. He was one of the veteran employes of the Pennsylvania Railroad Company, having served forty years as foreman of the local wreck train. A few months ago he was retired and placed on the honor roll of the company. He is survived by a widow, three daughters, Mrs. Elizabeth Griffith and Mrs. Charles Wolf, of this city, and Mrs. W. W. Goddard, of Chicago, and one son, Otto W. Hetzner, of this city.

Mrs. Julia A. Reed, age seventy-eight, is dead at the home of her daughter, Mrs. Alice Windle, here. Besides the daughter, she is survived by two sisters, Mrs. Matilda Crawley, of Crawfordsville, and Mrs. Mollie Day, of Fillmore.

Michael Ryan, age sixty-eight, is dead at his home near Clymers, west of this city. He is survived by three sisters and three brothers, all of Cass county.

## CONTINUANCE IN HAAG SUIT

**Time Given to File Objections to Motion for Dismissal.**

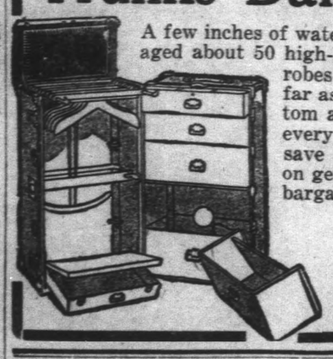
[Special to The Indianapolis News]

SHELBYVILLE, Ind., April 22.—Hearing on the motion of the plaintiff to dismiss the suit for $100,000 damages filed by Earl Faulk against Louis E. Haag, Indianapolis druggist, which was to have been held Tuesday in the Shelby circuit court, has been continued until May 6 by Judge Alonzo Blair to give attorneys time to file objections. The suit was sent here from Marion county on a change of venue. Faulk alleged that Haag alienated his wife's affections.

**Steel Company Buys Coal Land.**

NEW YORK, April 22.—Purchase of two coal properties, one of which was made today, by the Bethlehem Steel Corporation, now "fully supplies Bethlehem steel interests with their full requirements of all grades of bituminous coals," F. G. Grace, president of the corporation, announced today. Seven thousand acres of coal lands, the property of the Jamison Coal and Coke Company, in West Virginia, were bought today. It is near the property of the Elkins Coal and Coke Company, recently bought by the Bethlehem steel interests.

# Trunks Damaged by Water Sale



A few inches of water in our basement during the hard rains this week damaged about 50 high-grade trunks, including "Hartmann" cushion top wardrobes and general purpose trunks. They are as good as ever so far as the wearing qualities are concerned, but soiled on the bottom and linings. We are going to get rid of them quickly and every trunk marked 25% to 50% less than regular price. You'll save from $15 to $40 on wardrobe trunks and save $5 to $15 on general purpose trunks. This is a chance of a lifetime to get bargains in trunks.

# HOUSECLEANING HELPS

Housecleaning and housekeeping go hand in hand. Either job done well lessens the time and trouble of doing the other.

**SHERWIN-WILLIAMS FLAXOAP** is the best all around soap for general cleaning. It is a wonderful grease cutter—removing spots and stains which other soaps scarcely attack. Use it in cleaning cut glass, windows, dishes, sinks, bathtubs, painted walls, and all painted and varnished woodwork throughout the home. Contains no caustic elements, but is a pure linseed oil product which can not harm even the most delicate surfaces.

**S-W FLOORWIPE** Varnished floors that seem clean usually are covered with a thin layer of dust. This dust dulls the lustre and should be cleaned off. Sherwin-Williams Floorwipe used once a week cleans and polishes the floors and keeps them in the best possible condition. No rubbing is required—merely dampen a cloth and wipe over the surface.

**S-W PREPARED WAX** gives a beautifully lustrous finish to varnished floors and furniture. Stands the hardest wear and will not show scratches, finger prints or heel marks. Easily applied and requires little effort to polish and keep clean. Use it on the piano, and all musical isstruments which require a high polish.

**S-W POLISH-OL** removes all trace of the bluish cast which so often detracts from the appearance of pianos, bookcases, tables and mahogany furniture. A soft rag dampened with Polish-Ol and rubbed rapidly over the surface produces a handsome lustre.

**S-W BRAS-BRITE** is a quick cleanser for all metal surfaces. Use it on door knobs, brass name plates, knockers, bathroom and electric fixtures. Will not scratch and very little rubbing gives a dazzling polish.

We carry a large assortment of Floor Mops, Oil Mops, Floor Brushes and Waxing Brushes. Each made in the weight, size and shape to give best service with the minimum amount of effort.

## IF WALL PAPER

is called for in your decorative scheme we can supply your needs as well as with paints and varnishes. Our stocks are extensive, varied, and are the height of fashion in colors and patterns. This department is in charge of an expert, who will assist your selections and prepare decorative plans without cost.

**Take advantage of house cleaning time, while the rugs are up, and have a painter varnish or paint the floors, walls and woodwork.**

### THE JOHNSON RECORD

The people of Indiana know little of Senator Johnson, except in a very general way, who is asking them to support his presidential candidacy. In his recent speech in this city he said, and very truly, that the people were entitled to know the principles and opinions of those who seek their votes. The people ought also to know their records. On this subject we think it no more than fair to ask that the senator throw some light. He had much to say of the great need for economy in the administration of the government, and denounced what he called "the saturnalia" of extravagance which, he said, had marked the Wilson administration.

Yet a California paper that is fighting him charges that while Governor of that state he increased the general appropriation bill by $14,000,000, the gross expenditures by 170 per cent., and the expenditures in seven years $86,000,000. He also, so it is charged, increased the number of commissions and boards from twenty to forty-two, and their cost from $673,000 to $2,600,000. Under his administration California is said to have had the costliest government in the nation. Whether all this is true or not we do not know, nor do the people of Indiana. Senator Johnson can give the necessary information. A man who is preaching economy ought to be able to show a record for economy while in office—and he should lay stress on it.

But the senator also talked of efficiency in government, and of the great need for getting certain things done. We have been told of his great achievements in California. But the same paper charges that he did not, as claimed, reduce freights and fares, did not give California the direct primary law, did not aid the women to get the right to vote, did not give the state its great highway plan, did not give it the workmen's compensation act, and is to be credited with neither the blue-sky nor the pure food law. Again all we ask for is light. Are not the people entitled to know just what the record of Senator Johnson is?

There are some things in his political record that are fairly well known, and that should be specially interesting to Republicans. It is known, for instance, that in 1916 Johnson was elected to the senate by a plurality of 296,000, while Charles E. Hughes, Republican candidate for the presidency, was defeated on the same day by a plurality of 3,773. Both were running on the Republican ticket. One might have supposed that so popular a man would have been a great source of strength to the whole ticket, and that with him running there would have been no question of the success of Mr. Hughes. Perhaps the senator will find time from his denunciation of the league of nations to explain this somewhat remarkable discrepancy. It is charged further that Johnson defeated the Republican candidate for Governor in 1914, and fixed up the presidential primary act in 1915 so as to make it possible for Democrats to vote for Republican delegates. Whether this is true or not we do not know. But Johnson does. Here surely is sufficient material for at least one speech. When it comes to the league of nations, we are much more impressed with the argument made against it by Governor Catts, of Florida, part of which was printed in The News of yesterday.

### POLITICAL AMNESTY

Headed by Basil M. Manly, who used to be something of a muckraker himself, a delegation called at the White House with a petition for political amnesty for "victims of war's hot passions." In the party were Mrs. Robert M. LaFollette and Mrs. Champ Clark. Senator LaFollette was one of the six senators who voted against a declaration of war against Germany. Champ Clark it was who said that in the state of Missouri a drafted man was looked upon as no better than a convict.

Those who are seeking amnesty for political prisoners at this time would have made a better case with the public had they chosen a different delegation. Had amnesty been sought by a delegation of men who served in France, led by some officer who had proved his worth, the people generally might have felt that perhaps the time had come to begin to think of freedom for the victims of war's hot passions. The convicted men are not, strictly speaking, political prisoners; they are simply lawbreakers.

No good American was convicted under the espionage laws. When war came it was the duty of all Americans to support the government. None who did so got into any trouble. Some there were who gave aid and comfort to Germany by trying to interfere with the country's plans for war. They urged men to refuse to respond to the summons for service; they spat upon the American flag and they used other methods to injure the country. Before any of these are pardoned it would be well to inquire into their present state of mind. Some of them are as defiant now as they were when arrested and they glory in their imprisonment because now they can pose as martyrs. If released they would probably resume the work of undermining the government. Until they have shown a change of heart and a willingness to be wholehearted American citizens, prison is the best place for them.

### MEXICO

It begins to look as though the revolutionary movement in Mexico were serious. Three states are already participating, and in an official way, their legislatures having declared for the revolution. The governors of two other states, Zacatecas and Michoacan, have expressed their sympathy with the movement. In a formal statement issued yesterday by the Mexican embassy at Washington it was said that the revolution was purely local, but the possibility of its spread was admitted, and this, it was said, would result "in stoppage of business, curtailment of wealth and international commerce and the indefinite postponement of the foreign debt."

Fifteen deputies have left Mexico City for Sonora, the center of the revolution. It is supposed that these are associates of the forty-eight who recently issued a manifesto charging Carranza with arbitrary action against the various states of the republic. Clearly the outbreak is no mere Villa raid. It may not be a real revolution, or, if it is, it may not succeed, but it certainly is proof of the existence of a very general discontent with the Carranza government. Whether the discontent is justified is another question, which, fortunately, the American people are not called on to answer.

There will be the greatest sympathy for the people of Mexico, who have suffered terribly ever since the overthrow of President Diaz—sympathy for them, and hope that out of the present movement there may at last come peace, and something resembling a capable government and reasonably stable political and social conditions. There have been many years of misery in Mexico, and probably as much suffering in certain parts of the country as in devastated Europe. Now the people are called to go through another revolution, and to endure still further hardship. It may be that this—whether the revolution succeeds or fails—is the final act, and that real peace will follow—though that is a good deal to hope for.

### ARMY RECRUITING

The wartime strength of a tactical division of the United States army is about 28,000 men. Seven tactical divisions are now stationed in the United States. Their present, combined strength, according to a recent war department statement, is about 21,000 officers and men. On the face of it this is not a promising situation, especially when it is seen that some divisions, such as the 4th, stationed at Camp Dodge, Ia., have only about 2,000 officers and men. Infantry regiments during the war numbered about 3,600 men. There are a dozen of them in this country now with about thirty-five officers and 500 enlisted men each.

The depleted state of these divisions is a source of regret and anxiety to many persons who believe that the proper training of all military men from private soldiers to major-generals is not possible without facilities for maneuvering complete divisions in the field, but the situation is not alarming. On the contrary, army recruiting, under the policy adopted at the beginning of this year, has been very satisfactory. Men are now enlisting at the rate of about 3,000 a week, and there is no doubt that the present peace-time strength of 254,000 will soon be recruited. All army forces, including the men overseas and special branches, even now muster about 220,000 men.

The extraordinary interest in recruiting is due to the vocational training policy adopted by the army. Men are going in now not to loaf away the afternoons and evenings of a long enlistment, but to make every hour count, to come out with a profitable vocation at their command and to return to civilian life better for having been soldiers and also better for having been apprentices at a useful trade. This record, made in spite of the labor shortage and high wages, gives promise of abundantly justifying the army vocational training advocates who have worked for years on the plan and who seized the right moment to put it into effect. It goes far to counteract the stupid military policy to which the government seems committed.

### AMERICAN TASTE

American taste, as manifested in homes and home decoration, is on the decline, according to some officers of the Metropolitan Museum of Art, who discussed the subject with a representative of the New York Times. One of the officers was so confident of his knowledge of the history of American taste that he made a graphic chart 100 per cent. high and 120 years long—from 1800 to 1920—and showed that from 1800 to 1870 the standard of American taste dropped from 100 to ten, the lowest point in the entire period. About 1870 a change for the better was noted, the cause being the influence of the Morris movement on America, but the rise was hardly appreciable until the Columbian exposition, after which it rose rapidly until 1914, where it remained stationary for a time. In the last three years it has dropped back to sixty, or to the standard of 1835.

One of the reasons for this decline is the furniture shortage. Before the war furniture makers found it difficult to keep up with the standard of public taste. They caused designers to be expensively educated, and encouraged craftsmen to acquire the highest skill. They had to do it to get the business. Now, however, there is a tremendous demand for furniture—any kind of furniture—and the eager buyers can not wait for furniture to be made according to the pre-war standards, but must have it right away, regardless of the makers' wish to protect his reputation and preserve the craft pride of his men.

The standard has shown a post-war tendency to drop to the level of the new millionaires, a natural and by no means unexpected slump. After the civil war came the cast-iron lawn zoo. The 1,800 American millionaires and many near-millionaires produced by the world war seem to run to hotel furnishings for dwellings. They have as yet not gained access to homes exhibiting an appreciation of the best standard of American taste, and they have been so busy making money that their personal standards are untrustworthy. It is this aping of the hotels that accounts for much of the decline, but the cantonment builders, the munitions makers and the other swollen gentry have the money, and if properly managed by the people who know, can be depended upon to restore the standard of former times.

### THE ATTITUDE OF THE PUBLIC

Through the present era of numerous strikes, both widespread and sporadic, we may be approaching something like a strikeless era. It is certain that people generally are extremely weary of such movements. Any strike nowadays would, to have public sympathy with it, have to be against a most flagrant case of injustice; and the record shows pretty generally that a strike that is great enough to command public notice can not succeed unless public sympathy is with it.

We are past the point where there is any general feeling that an apparent economic injustice can be remedied by an increase in the cost of production. That effort has been frequently made within the last few years, and has failed. Where it did not make conditions worse, it certainly did not improve them. It may have eased the burden temporarily on those directly affected, but the relief was only temporary, and the increase in the burden for all others was almost immediate.

The demand now among the increasing numbers of people who are beginning to see the situation more clearly is not for an increase of income, but for a decrease of outgo. Such a change would relieve the nervousness of both commerce and industry, and should cause a larger content with living conditions because it would place prosperity on a firmer basis. This would by its own force make more certain the reasonable profits of commerce and industry. Such profits tend to a steadier employment of labor than either excessive profits or inadequate profits, because business under such circumstances acquires a progressive conservatism that makes for steadily continuous productivity.

That profits in many cases nowadays are excessive can not be denied. This is shown by official reports announcing dividends paid and stock dividends declared. In dividends paid 20 or 30 per cent. is no longer surprising. In one case a stock dividend of 700 per cent. was declared and in some others of 300 per cent. Cases where capital stock has been doubled by a dividend declaration have become too familiar to excite much comment. This is not good business. Such profits create an unhealthy feeling both on the part of those who are profiting and among those who think that they are not getting their share of easy money. Discontent from whatever cause does much to prevent the maximum production that is so necessary to put the world back on the footing it had before the war.

If the country can get back to a day of reasonable profits and more contented labor, which should be one of the effects of such profits, the situation should become so settled that, with the general and increasing public antagonism toward strikes, the strike movement should be reduced to a degree that would no longer disturb the general tenor of the country's business.

### PROFITEERS' RESPONSIBILITY

"If all the profiteers in the world could be apprehended and thrown into jail or lined up and shot, it would have no appreciable influence upon prices," according to Royal Meeker, United States commissioner of labor statistics. He does not excuse the profiteer, but he blames conditions rather than persons for living costs. His view is that as long as the people have twice as much money with which to buy a smaller number of commodities, prices will remain high. Mr. Meeker was formerly a professor of political economy. Here is his prediction for the future:

I see no prospect of any considerable fall in prices for several years to come. It will be impossible for the governments of the world to pay off their debts very rapidly. On the contrary there is every reason to apprehend that credits must be issued to foreign governments, foreign manufacturers, and foreign business men, in order to rehabilitate the broken and shattered industries of Europe. This being the case, we may expect that larger volumes of checks and credit instruments will be thrown into circulation, thus boosting prices still higher * * * People generally are yearning so intently for lower prices that they have not thought much about the results of falling prices. The prices we kicked about in 1913 have come to be regarded as ideal. Untold distress has been caused by the rapid price increases of the last four years. The sufferings already endured by the people through rising prices will be multiplied tenfold if prices drop within the next seven years to the 1913 level. A period of falling prices is always a time of business depression, failures and unemployment.

Investigations have shown that manufacturers of some commodities were making immense profits. If such profits had been curtailed the prices of these commodities would have been lower. Perhaps Mr. Meeker is right in saying that no good would be accomplished in shooting profiteers or putting them in jail, but if a profiteer has been making enormous profits it would do him good to serve a term in jail—preferably the Marion County Jail under the old regime. Having the profiteer there might not reduce prices but it would take the minds of the people off some of their present woes and the reduced jail fare would tend to ward off the profiteer's gout a little longer.

### RAILROAD FINANCES

William Ellis, writing in the New York Times, quotes railroad statistics to show that wages paid on Class 1 roads from January to July, 1919, inclusive, were increased 53.9 per cent. Compared with the average wages paid in 1915 he finds the increase to have been 90 per cent. Splitting the cost of conducting transportation into various divisions, Mr. Ellis asserts that wages for office and plant service increased 108.4 per cent.; terminal service, 82.1 per cent.; road freight service, 56.2 per cent.; road passenger service, 44.5 per cent.; and common to freight and passenger, 122.8 per cent. The expense of maintaining ways and structures increased 125.28 per cent., due to advances made section men to keep them employed when higher wages were offered elsewhere. The smaller percentage of increases to freight and passenger service is explained on the theory that these men already were more highly paid than others.

The railroads now face demands for still higher wages. The government has found that government control resulted in a deficit of $1,375,000,000. Obviously the railroads can not live if they operate on the same basis and continue to show such losses. Summing up the situation, Mr. Ellis says:

It would not be easy to demonstrate that, unless there is a considerable reduction in the rate of expense, any advance in freight rates that has yet been proposed would enable the carriers to pay their operating expenses and fixed charges in 1920. It is not easy to make a business that lost $40,175,406 in 1915 pay much of anything in 1920 by increasing its expenses more than 90 per cent. and increasing its revenue 65 or 70 per cent.

Railroad employes in presenting to the federal labor board in Washington their claims for higher wages, can cite the government cost of living figures to show how much their household expenses have mounted. The railroads can show that the cost of operation has advanced. Higher wages will not bring relief. This means an advance in freight rates and that causes higher prices on the articles the employe has to have.

The murderer of the child, Martha Huff, is now in custody, and has confessed his crime, which was a most shocking one. The man will be put on trial, it is to be hoped promptly, and, as he has confessed, there can be no question of his conviction and punishment. Little more need be said, since nothing can be said that would add to the heinousness of the crime, or adequately reflect the feelings of the people. But it is fitting that there should be an expression of the deepest sympathy for the bereaved family of the murdered child, a sympathy that extends throughout the community. The little girl, who suffered so terribly, is beyond the reach of human aid. For the rest, it is enough to insist that justice be done with promptness, and that it be complete.

## Success With Seedlings

[National Garden Bureau]

Early vegetables should be coming along by this time in hotbeds, cold frames, or boxes indoors and will soon be ready to transplant. Much of the success of the garden depends on the skill with which transplanting is done. Select a cloudy day if possible, and if it looks like rain, it is a good time to transplant. Seedlings placed in the ground just before a rain seldom know they were moved. It is the ideal time, but, of course, one can't select a rain as he might wish and has to trust to luck.

Set the seedlings deep when transplanting.

Have the soil worked fine, so that the little particles will give the seedling a chance to take hold quickly and gather its food.

Snip off the upper halves of the leaves if the seedlings are good sized. This equalizes the disturbance and breaking off the root system in transplanting and the seedling can take hold and re-establish itself more quickly.

Firm the soil around the transplanted seedling and water it.

Shade from the sun for a day or two if possible.

A dibber is a great help in transplanting, a tool to make the holes into which the little plants are set. It comes in handy in the fall in bulb planting.

There are a number of transplanting devices and machines, but for the ordinary garden the small trowel is the most useful tool. It is a matter of hand work and a light, strong trowel with a good point fills the bill nicely.

Give the young plants their proper space when they are transplanted into the open. It will save the work of thinning or moving them later on, when they make their growth. They look tiny, but they will soon take up all their space.

## Combating the H. C. L.

[Special to The Indianapolis News]

**GREENSBURG, Ind., April 22.—A Jersey cow, owned by Ben Wasson, of near Milford, began a system of overproduction during the war and is still on the job. She turns up her nose, so to speak, at the present popular clamor for shorter hours and higher wages. Now she has her third set of twin calves.**

## DENIM POPULAR AT KOKOMO

**To Be Worn on All Occasions Except Funerals by Brass Workers.**

[Special to The Indianapolis News]

KOKOMO, Ind., April 22.—Three overall clubs have been formed here. Men at the Kokomo Brass Works have pledged themselves to wear overalls on all occasions except funerals for the next three months. Another organization has been formed by citizens generally and pupils at the local high school also have organized.

**Women Waiters Wearing Trousers.**

[Special to The Indianapolis News]

MARION, Ind., April 21.—As a protest against the high cost of clothing women waiters in the main mess hall at the Marion branch of the National Military Home have adopted a new uniform, appearing at work in white trousers and white coats.

Several members of the Christian church at Fairmount will attend services in overalls Sunday. The overall movement is also growing at Upland.

**Khaki Club Is Organized.**

[Special to The Indianapolis News]

EVANSVILLE, Ind., April 22.—A khaki club has been formed here by Harold Kraft, commander of Funkhouser Post, American Legion, and twenty-five other former soldiers. The members have pledged themselves to wear khaki trousers and an inexpensive coat until clothing prices come down.

**Mayor Joins Overall Club.**

[Special to The Indianapolis News]

ANDERSON, Ind., April 22.—Mayor Black has received a pair of overalls as a present from a local clothing dealer and he has joined the overall club. Seventy-five girls employed at the National Tile Works have organized an overall club and membership in other overall clubs is said to be growing.

**200 Join Club at Odon.**

[Special to The Indianapolis News]

ODON, Ind., April 22.—More than 200 persons here have joined an overall club and will wear denim to church Sunday when the pastors of the three local churches will wear overalls in the pulpit. The Odon band will wear overalls at all concerts this summer.

**High School Overall Club.**

[Special to The Indianapolis News]

HARTFORD CITY, Ind., April 22.—An overall club has been formed at the high school here and a number of pupils are wearing denim. The school authorities have announced that they will not discourage the practice, as they believe the pupils are sincere in their efforts to reduce the high cost of living.

## TRAGEDY RESULTS IN SUITS

**Battle Between Logansport Officers and Group of Citizens Recalled.**

[Special to The Indianapolis News]

LOGANSPORT, Ind., April 22.—Charles A. Grant, county sheriff, and Don Richeson, a member of the Logansport police force, filed suits in the Cass circuit court Wednesday, asking damages aggregating $60,000 from James Palumbo, Guiseppe Caruso, Louie Augustina and Harold C. Brooks. The damages are for injuries received in a gun fight between a squad of officers and a group of citizens on the night of October 8, 1919, in which Otto Burgman, grocer, received wounds causing his death and the two officers were wounded. Grant seeks $35,000 and Richeson $25,000. The first three named defendants are residents of the city, connected with the Caruso wholesale fruit commission house, and the fourth, Harold Brooks, is a resident of Indianapolis.

Prior to the date of the fight between the officers and the citizens Tony Palumbo, manager of the Caruso commission house, received letters demanding that $10,000 be delivered in person at a place at midnight October 8. Palumbo told the local officers who accompanied him to the place. The defendants in the damage suits and Burgman, who lost his life, went to the spot unknown to the officers and Tony Palumbo. Each party thought the other the author of the blackhand letters and shots were fired before the mistake was learned.

## INVESTIGATING STATE FARM

**State Charities Committee Considering the McNulty Charges.**

Investigation of the charges made by Charles O. McNulty about the State Farm is being made by a committee of the board of state charities Amos W. Butler, secretary of the board, said today. The committee has made one visit to the institution and will make others.

Demarchus C. Brown is chairman of the committee and others who accompanied him on the recent visit were the Rev. Francis H. Gavisk and the Rev. W. M. Sayers.

**Sugar 27 Cents at Evansville.**

[Special to The Indianapolis News]

EVANSVILLE, Ind., April 22.—Sugar has jumped to 27 cents in this city, and each customer is rationed to one pound. A few of the dealers are still selling sugar at 25 cents a pound, and several grocers report their supplies exhausted. The retail price of sugar is expected to go higher within a few days.

## H'GH-PRICED CLOTHES AND A WISE PHILOSOPHER'S ADVICE

To the Editor of The News:

Sir—The following is an extract from a private letter written by the American minister to France, in reply to a letter from his daughter:

"When I began to read your account of the high prices of goods, 'a pair of gloves $7, a yard of common gauze $24, and that it now required a fortune to maintain a family in a very plain way,' I expected you would conclude with telling me that everybody as well as yourself was grown frugal and industrious; and I could scarcely believe my eyes in reading forward, that 'there never was so much pleasure and dressing going on'; and that you yourself wanted black pins and feathers from France to appear, I suppose, in the mode! This leads me to imagine that perhaps it is not so much that the goods are grown dear, as that the money is grown cheap, as everything else will do, when excessively plenty; and that people are still as easy nearly in their circumstances as when a pair of gloves might be had for half a crown. The war indeed may in some degree raise the prices of goods, and the high taxes which are necessary to support the war may make our frugality necessary; and, as I am always preaching that doctrine, I can not in conscience or in decency encourage the contrary, by my example, in furnishing my children with foolish modes and luxuries. I therefore send all the articles you desire that are useful and necessary, and omit the rest; for, as you say you should 'have great pride in wearing anything I send, and showing it as your father's taste,' I must avoid giving you an opportunity of doing that with either lace or feathers. If you wear your cambric ruffles as I do, and take care not to mend the holes, they will come in time to be lace; and feathers, my dear girl, may be had in America from every cock's tail."

Do not assume that this is a recent letter. It was written in 1779 by Benjamin Franklin, then minister to France, to his daughter in Philadelphia. It illustrates how history repeats itself. There was the same inflation of prices and extravagance during the revolutionary war, as during the recent European war.

The opera bouffe, now being performed in the streets, in overalls costumes, is really no protest against high prices. It may result in sending the price of denims to a dollar a yard, but it will not affect the price of clothes. Remember that scarcity of goods produces high prices, while a surplus of goods would produce low prices. If a large number of men and women will have their last year's clothes cleaned, mended and pressed, and refuse to buy new clothes, that would depress prices. If, however, the man in overalls buys new suits as usual, he must expect prices to advance.

In colonial days Benjamin Franklin told how the people of the colony of New Jersey could save £100,000 a year, in the following words:

"When you incline to have new clothes, look first well over the old ones and see if you can not shift with them another year, either by scouring, mending, or even patching if necessary. Remember, a patch on your coat and money in your pocket is better and more creditable than a writ on your back and no money to take it off.

"When you are inclined to buy chinaware, chintzes, India silks, or any other of their flimsy, slight manufactures, I would not be so bad with you as to insist on your absolutely resolving against it; all I advise is to put it off (as you do your repentance) till another year, and this, in some respects, may prevent an occasion of repentance.

"Thus at the year's end there will be £100,000 more money in your country.

"If paper money in ever so great a quantity could be made, no man could get any of it without giving something for it. But all he saves in this way will be his own for nothing and his country actually so much richer."

The above is the advice of the greatest philosopher that America has produced. Our population and wealth is now so large that the practice of the above advice, in the state of Indiana alone, would result in saving millions of dollars. Remember that all each person saves in this way will be his own, for nothing, and his country so much richer.

JOHN CANDEE DEAN.

## INDIANA NEWS IN BRIEF

SEYMOUR—The Rev. J. H. Mora, pastor of the First Presbyterian church, was elected moderator of the New Albany presbytery at the annual spring meeting, which closed here Wednesday night.

SHELBYVILLE—George W. Ogden, a member of the city council here, has resigned to devote all of his time to business. Hope McDougall, an insurance salesman, was elected to succeed him.

SULLIVAN—Mrs. Abagail Tharp, who lives with her daughter, Mrs. Sarah Ridgeway, at Carlisle, celebrated her ninety-ninth birthday this week. She was born in Kentucky, but has lived in Sullivan county practically all her life.

COLUMBIA CITY—Ollie Creson, formerly of near Kokomo, pleaded guilty Wednesday to a charge of wife desertion and was sentenced to from one to three years in the Michigan City prison by Judge Luke H. Wrigley of the Whitley circuit court.

MILTON—During a storm here Tuesday night, lightning struck a barn on the farm of Benton Wagner, a half mile west of Milton. The barn was burned with its contents, which included grain, farm implements and harness. Twenty-four head of sheep and six head of cattle. Insurance was carried on the barn, grain and cattle, but not on the sheep.

OAKTOWN—Fredericks-Richards Post, American Legion, of Oaktown, has been holding meetings in the Oaktown cemetery every afternoon since the last week. The members, led by their commander, Dr. A. J. Cox, and Adjutant C. P. Shlegel, have organized eight teams of five men each to clear away the rubbish and cut weeds, briars and sprouts in the cemetery.

KOKOMO—B. R. Inman, head of the Indiana Chamber of Commerce, said "Americanization of Americans, thrift and the home" are the three weapons most effective against radicalism, in an address here Wednesday. Mr. Inman spoke at a luncheon of the local Chamber of Commerce. He said the world war was child's play compared to the battles which must be fought against Bolshevism.

LAFAYETTE—Edward Duvall, the bank robber who committed a daylight robbery in Indianapolis several months ago, was in the city yesterday under guard, on his way to the Michigan City penitentiary where he has been transferred from the Jeffersonville reformatory. Duvall spent several hours in the county jail here, the Michigan City train leaving three hours after the arrival of the Jeffersonville train.

NOBLESVILLE—In the oratorical contest held here Wednesday by the high schools of Noblesville, Westfield and Sheridan, Miss Aletha Foland, of Westfield, won first place; Harry Malott, of Noblesville, second, and Ralph Boyd, of Westfield, third. The judges were W. G. Gingery, of Shortridge High School, Indianapolis; A. C. Brinson, superintendent of the Lapel schools, and A. L. Hiatt, of the Kirklin schools.

EAST CHICAGO—Citizens of East Chicago and Indiana Harbor are up in arms over the rapid destruction of the streets in the city because of the heavy hauling to which they have been subjected since the switchmen's strike demoralized freight traffic. Hundreds of trucks pass through the city daily, hauling cement from the Portland cement plant at Buffington to Chicago, and in some instances loads of twenty to twenty-five tons are carried. Citizens are asking that the loads be restricted by ordinance and that the trucks be restricted to the use of one street.

JEFFERSONVILLE—Seven young men from Louisville, fishing Sunday in what is known as the old ice pond west of this city, were caught by game wardens and brought before Thomas Fogle, justice of the peace at New Albany, and fined $23 each, including costs. Five paid and left, but John and Henry Schaefer, brothers, were unable to pay and were sent to jail. Joseph H. Warder, of this city, went to New Albany Wednesday, ascertained that the men had been fishing in Clark county, and obtained the release of the two men. Sentences were set aside.

WABASH—Al Gundick and John Czech, both age eighteen, were sentenced to serve from two to fourteen years in the Indiana State Reformatory by Judge Hunter Wednesday, when they pleaded guilty to charges of burglary. The sentence was suspended on their promise to return to their homes in Chicago and not enter the state of Indiana again until they are twenty-one years old. As the youths left the courtroom they were rearrested by the Miami county authorities and taken to Peru to answer to a charge of vehicle taking. It is alleged that the boys stole an automobile at Chili Saturday.

ANDERSON—Mrs. Ruby Conn, widow of George W. Conn and administrator of his estate here, has filed a suit against the Union Traction Company of Indiana for $10,000 damages. Her husband, who was employed on the traction line, was killed while coupling freight cars at Marion, October 14, 1919....Officials of Lafayette township, Madison county, have let a contract to Bable, Givens & Gillam, of Anderson, whose bid was $25,709, for a three-room school building at Linwood. J. J. Barnhart, of Wilkinson, received the contract for heating and ventilation, on a bid of $7,575, and Powell & Dorste, of Anderson, that for electric fixtures, at $625.

HUNTINGTON—Dr. F. Lester Campbell, of New York, will be the principal speaker at a meeting at the Central Christian church, Friday evening, at which a survey of the Sunday schools of the county for the inter-church world movement will be started. Dr. J. K. Craig, also of New York, will be in charge of the survey in the county....At the meeting Tuesday at Goshen of the Ft. Wayne presbytery of the Presbyterian church, the Rev. W. T. Angus, of Huntington, and Judge George M. Eberhart, of the circuit court here, were elected commissioners to the general conference of the church, to be held at Philadelphia in May. The other commissioners are the Rev. W. L. McCaughey, of Columbia City, and Frank Smith, of Lagrange.

LEBANON—Plans recently adopted by the county commissioners and county council of Boone county for a combined heating plant and jail, to cost approximately $80,000, do not meet with the approval of the Indiana state board of charities, and the plans will be altered so as to detach the jail from the heating plant and attach it to the residence of the sheriff. This change will make from $20,000 to $30,000 additional expense....Mrs. George M. Comley, chairman of the War Mothers' organization of Boone county, has completed the gold star honor roll of the county for the Indiana State Historical Association. The roll contains the names of 47 Boone county persons who were killed in action or died in hospitals or camps. The statistics show that Boone county had five soldiers who received the Croix de Guerre.

EVANSVILLE—The Temple Sisterhood has joined the Home Economic Club and the Ladies' Auxiliary of the North Side Business Association here in a move to bring down the price of potatoes by agreeing not to buy potatoes at the present prices. In spite of the boycott on potatoes, the price advanced 5 cents a peck here Wednesday, and is now $1.25 a peck....The Evansville Rotary Club has decided to buy the outing farm near this city, formerly operated by the Associated Charities of Evansville, the money for the farm to be subscribed by the members of the club. The property will be open to the children of Evansville and rules for governing it will be formulated by the Boy Scouts....Scottish Rite Masons of Evansville have arranged a special convocation for city classes, to be held at night from May 11 to May 18. The convocation will be followed by a special ceremonial of Hadi Temple, Ancient and Arabic Order of the Mystic Shrine, May 21.

## TRIBUTE TO ROSENCRANZ.

**Evansville Citizens and Council Meet at Call of Mayor.**

[Special to The Indianapolis News]

EVANSVILLE, Ind., April 22.—A special meeting of the Evansville city council, held last night at the call of Benjamin Bosse, mayor, to pay tribute to Albert C. Rosencranz, a local plow manufacturer and public spirited citizens, who died this week, was largely attended. Resolutions were adopted by the council pointing out the many virtues of Major Rosencranz. Samuel Orr and Frank H. Hatfield spoke for the Chamber of Commerce. Henry Reis, president of the Old State National Bank, read a short biography of Mr. Rosencranz, and other talks were made by August Leich and William Warren, representing Farragut Post, Grand Army of the Republic. The school board and the directors of the Young Men's Christian Association also adopted resolutions on the death of Mr. Rosencranz.

The body of Mr. Rosencranz lay in state at the Trinity Methodist Episcopal church today, and funeral services were held in the church in the afternoon. Burial was at Oak Hill cemetery, where Farragut Post, Grand Army of the Republic, had charge of the rites. Mr. Rosencranz was a charter member of Farragut Post and served several years as the commander.

**Post Indorses Optional Plan.**

[Special to The Indianapolis News]

SHELBYVILLE, Ind., April 22.—Members of Victory Post No 70, American Legion, of this city, have adopted a resolution indorsing the four-way optional plan, providing for beneficial legislation for former service men, which is now before the congress. Telegrams were sent to Senators James E. Watson and Harry S. New and to Congressman Richard N. Elliott asking that they support the bonus plan.

# AUSTRALIAN BALLOT USED BY PERU WOMEN

MORE THAN 100 VOTE; FIVE BALLOTS IRREGULAR.

MRS. BEARDSLEY SPEAKS

[Special to The Indianapolis News]

PERU, Ind., April 22.—More than 100 women of Peru attended the voting school at the Courthouse yesterday afternoon, and used the Australian ballot system. Mrs. F. W. Troutman was the inspector, Mrs. E. A. Gould and Mrs. Leroy Arnold were the judges and Mrs. Arthur Rankin and Mrs. E. H. Griswold the clerks. The women voted for President only, and the result was as follows: Republican—Harding, 6; Hoover, 9; Johnson, 11; Lowden, 14; Wood, 29. Democrat—Bryan, 14; Marshall, 10. Two Republican ballots and three Democratic ballots were thrown out because they were irregular.

The women were addressed by Mrs. A. B. Beardsley, of Elkhart, president of the League of Women Voters of Indiana, the organization which succeeds the Franchise League, and Mrs. Richard Edwards, former president of the Franchise League of Indiana.

Mrs. Joseph H. Shirk Wednesday was named as chairman of the committee on arrangements for the formation of a Miami County League of Women Voters to take the place of the local Franchise League. Her assistants are to be the heads of women's clubs of the county. It is the intention of the women to have a citizenship school in Peru for four days, beginning May 18. The first day there will be a meeting at the Wallace theater and the doctrines of the Republican and Democratic parties will be explained by men selected by the Republican and Democratic chairmen of the county.

## CANDIDATES TO SPEAK.

**Series of Evening Affairs at Woman's City Club.**

A series of evening affairs for members of the Woman's City Club will be started next Monday night when three candidates for the nomination for the congress from the Seventh district, Luke Duffey and Merrill Moores, Republicans, and Henry Spaan, Democrat, will be on the program, according to announcement by Mrs. DeWave L. Payne, newly appointed chairman of the program committee. Mrs. Payne and her committee are working on an extensive program which will mean many varied attractions at the clubrooms, 216 North Meridian street, for the members.

Mrs. Payne plans to have a series of nonpartisan meetings with candidates as speakers. These and other affairs will be held on the second and fourth Monday evening of each month. Mrs. Payne will introduce the speakers Monday night. The meeting will open at 8 o'clock.

## MAN IS HELD AT LEBANON.

**Doyal Accused of Robbing Passenger on Monon Train.**

[Special to The Indianapolis News]

LEBANON, Ind., April 22.—A man giving the name of George Doyal, about twenty-eight years old, is being held on a charge of robbing a passenger on a Monon train near Lafayette Wednesday night. Doyal was taken off an interurban car here this morning, but escaped from the police. Later, he was captured by a posse of citizens. The police found $250 in one of Doyal's shoes. He asserts he won the money in a card game at Lafayette. Doyal says his home is at Toledo, O.

**Matinee Musicale Program.**

One of the most attractive programs given this season by the Matinee Musicale was that which was arranged by Mrs. Louise G. George for the closing recital of the year, Wednesday afternoon, in Hollenbeck hall. Some of the best talent of the musicale was represented, and a novelty was introduced in the group of Tagore poems which were spoken by Mrs. Bernard Batty, with musical accompaniment by Mrs. George. Mrs. Batty interpreted the pretty sentiments expressed in "At This Time of My Parting" from "Gitanjali," "Do Not Go, My Love," "O Mother, the Young Prince," and "Tell Me If This Be All True?" from "The Gardener," with rare charm, which was enhanced by the unusually attractvie musical settings which were beautifully played by Mrs. George.

A group of songs that were enthusiastically received was sung by Mrs. Mary Traub Busch. The mature beauty of her rich contralto voice and her easy stage presence make her singing an enjoyable feature of any program and both were well displayed yesterday in Densmore's "April," Liza Lehman's "The Ship That Sailed Into the Sun" and "Spring's Regretful Love," by Glenn O. Friermood. Mrs. George supplied excellent accompaniments for these songs and for the sextet from "Cinderella" (Massenet), which was sung by Mrs. Helen Warrum Chappell, assisted by a chorus including Mrs. Clyde Titus, Mrs. Morris Fuller, Mrs. Marie Allison Elliott, Miss Jessamine Barkley, Miss Norma Mueller and Mrs. Bernard Batty. Mrs. Chappell sang brilliantly and pleased the audience.

Mrs. Gustavus B. Jackson, violinist, and Mrs. Albert M. Cole gave a musicianly reading of the four movements of the Brahms Third Sonata for violin and piano, and Miss Agnes Hodgin revealed a nice quality of tone in the bell song from "Lakme," which also brought applause. The program was effectively closed by the choral, which sang delightfully a lovely little song by Marshal-Loepke, "There Is Something in the Air," and "The Swan," by Saint-Saens, the latter given with violin obligato by Miss Ella Schroeder, Mrs. Eugene Brown, Mrs. Carl Spillman and Mrs. R. G. Null, with Alexander Ernestinoff conducting. The blending of the voices and the violins made a beautiful effect. Mrs. F. T. Edenharter played her usual artistic accompaniments for the chorus and Miss Hodgin. The Matinee Musicale will hold a luncheon at the Hotel Severin April 28.

## COAL PRICE INQUIRY.

**Richmond Complaints Taken Up By Justice Department.**

[Special to The Indianapolis News]

RICHMOND, Ind., April 22.—The department of justice is investigating coal prices which the Richmond Water Works Company and B. B. Johnson, a dealer in fuel, have been forced to pay.

Two weeks ago Howard A. Dill, president of the Richmond Water Company, made public the demand of a coal mining company for an advance of $1.50 a ton to cover the increased labor cost. Mr. Johnson also presented similar evidence.

The matter was referred to the authorities at Washington through the Indiana fuel administrator. It is said that the attorney-general of the United States has sent to Richmond for additional evidence and is urging dealers and others to communicate information to the department.

# Let's Look the Coal Situation Squarely in the Face

## —however black it may be

A SERIOUS shortage of coal this year is predicted, and prices will be higher than ever before.

So this year, of all times, it behooves every man of us to keep a watchful eye on his coal pile; to use no more coal than necessary; to get out of the coal he does use every ounce of energy that Nature put into it.

Furnace heating is more economical, more convenient, and better in every way than heating with stoves and fireplaces. And—the Estate Single Register Warm Air Heating System is the MOST economical, the MOST convenient, and in every way the BEST Warm Air Furnace that has ever been produced.

Estate
SINGLE REGISTER
WARM AIR HEATING SYSTEM
"the furnace that breathes"

THE illustration herewith shows all there is to the Estate Single Register System. It's just as simple as it looks. No pipes to run. No tearing up of walls and floors. One register in one of the first-floor rooms heats the whole house—upstairs and down.

So little heat is radiated from the heater that potatoes, apples, canned fruits and other perishable things may be kept in the same room without danger of becoming overheated.

A RADICALLY different principle of construction takes the Estate entirely out of the class of the ordinary "pipeless" furnace. Note the complete separation of the intake pipes from the main casing. This results in the heating of 35% more air. The 5-Year Guaranteed Fire Pot, Patented Cleanout Scraper, Swinging Vapor Tank, Ball-Bearing Grate; each of these features is of the utmost importance. And the Estate is built of the best and heaviest materials throughout, so that it will last for years and years.

## Pay Only a Small Amount Down

The installation will be made promptly and easy, convenient terms of payment will be arranged for you. When cold weather comes the knowledge that your heating system is not only installed, but all or partly paid for will add to your comfort and satisfaction.

## DEMANDS NEW LABOR LAWS

**Mississippi Valley Association Against Lockouts and Strikes.**

ST. LOUIS, April 22.—Resolutions demanding that the congress enact laws prohibiting lockouts and strikes in all public utilities and essential industries were adopted at the closing session of the convention of the Mississippi Valley Association yesterday.

Harry H. Merrick, of Chicago, was re-elected president, and New Orleans was chosen for next year's convention.

Recommendations of the Mississippi Valley Waterways Association that the two organizations merge were adopted and a waterways division of the valley association was formed, with James E. Smith, of this city, vice-president, in charge. Mr. Smith was president of the ways association.

Other demands made in resolutions pertaining to labor follow: Legislation compelling the incorporation of labor unions, that they may be held to their contracts; legislation forbidding any person not an American citizen from becoming an officer of a labor organization; legislation declaring that the use of violence in efforts to change the form of government shall be a crime punishable in the case of an alien by deportation and in the case of a citizen by imprisonment and fine.

Other resolutions favored: Full utilization of waterways and natural resources; improvement of the St. Lawrence route from the Great Lakes to the ocean; quarantine arrangements between the United States and Mexico at border points; continuation of federal and state aid in the construction of good roads; organization of a federal department of public works.

John M. Parker, of New Orleans, was elected honorary president and Richard S. Hawes, of this city, president of the American Bankers' Association, treasurer. Walter Parker, New Orleans, was chosen executive vice-president. It was voted to move the headquarters of the association from Chicago to St. Louis. Other vice-presidents chosen included: Hugh Humphries, of Memphis, in charge of foreign trade and N. M. Leach, of New Orleans, merchant marine.

# EGGS PRESERVED NOW REDUCE WINTER COST

## APRIL AND MAY BEST MONTHS OF SEASON FOR WORK.

## TWO METHODS EXPLAINED

[Special to The Indianapolis News]

LAFAYETTE, Ind., April 22.—April and May are the months during which eggs should be bought by the thrifty housewife in town or city and put down in water glass or lime water, according to men in the poultry department of Purdue University. These eggs may be kept during the summer and fall and through the period of extremely high prices which always come during the early part of the winter. Summer eggs may be preserved, but unless these are infertile, they will not keep as well as those produced during the next few weeks.

Eggs to be preserved should be strictly fresh, clean, unwashed, firm shelled and free from cracks. Either earthenware or wooden vessels should be used for preserving eggs. A two-gallon jar will hold sixty-five to eighty eggs; a five-gallon jar, 160 to 200 eggs and a ten-gallon jar, 300 to 400 eggs.

The water glass method, which is widely used in the state, follows:

Water glass should be bought in the undiluted form at a drug store and mixed, one part to nine of boiling soft water, and allowed to cool. If lime water is used, two or three pounds of lime should be slaked in a small amount of water and then added to three gallons of water. The mixture should be stirred frequently for a day and then after the surplus lime has settled, the saturated liquid may be poured off ready for use, leaving the surplus.

The eggs should be put in the liquid preservative, with about two inches of the liquid over the top of the eggs. If evaporation takes place, water should be added. After the jar is filled, the top should be tightly covered to minimize evaporation. A cool cellar is the best place for storage.

## COED PRANK ENDS IN PANIC

**Girls Call Policemen to Release Sorority House Chaperon.**

[Special to The Indianapolis News]

BLOOMINGTON, Ind., April 22.—Pranks on chaperons in Indiana University sorority houses are strictly passe now. Coeds in the Pi Beta Phi house say so. Two Bloomington policemen take the same stand. One chaperon also is certain.

The coeds, it is understood, turned the key in the door of their chaperon's room Monday night. They were planning a present of a plate of fudge when the chaperon was released. When the candy was made they returned to the room and found that the key had been broken off in the lock.

Panicky calls over the telephone to the police station brought two of Bloomington's huskiest policemen to the scene. While the policemen battered down the door the coeds repented.

## KEHLER DECIDES TO STAY.

**Commandant of State Soldiers' Home Postpones Resignation a Year.**

[Special to The Indianapolis News]

LAFAYETTE, Ind., April 22.—Colonel D. B. Kehler has decided to remain at the State Soldiers' Home here as commandant until May, 1921. He recently had resigned, effective May 1 of this year. The announcement of his decision to stay was made soon after Governor Goodrich held a conference with Colonel Kehler here Wednesday.

The Governor came here from Indianapolis and spent the afternoon and evening discussing the needs of the home with members of the board of trustees. C. W. Scott, of Warsaw, a member of the board, recently was chosen superintendent to succeed Colonel Kehler, but later decided not to take the place.

## INDUSTRIAL AND FINANCIAL

ROCHESTER—The high cost of production and low prices received for its products has forced the Rochester Canning Company to suspend operations for the year, according to Louis Holtz, president of the company. A larger acreage had been offered the company this year than ever before in its history, Mr. Holtz said. Last year the company handled more than 500 acres of corn and 400 acres of peas, in addition to a large acreage of beans and tomatoes.

WARSAW—The newly formed Warsaw Chamber of Commerce has completed its organization by electing C. O. Dickey secretary, and D. A. Peterson treasurer. E. A. Gast was elected president last week.

NEW ALBANY—H. R. Wells, formerly cashier for the Baltimore & Ohio Southwestern Railroad Company in Louisville, has been appointed freight agent for the company in this city, succeeding L. F. Roller, who has been transferred to Shoals, Ind.

WINCHESTER—Union City will put in an $80,000 producing gas plant this summer.

ALEXANDRIA—Notice has been given here of the dissolution of the Brannum Lumber Company, and the lumber yards have been bought by Joseph Brannum, of Indianapolis, and Carl Robinson, of this city.

COLUMBUS—Members of the Clifford Grain Company, organized at Clifford a few days ago, decided Tuesday to incorporate with a capital stock of $20,000. It is the intention of the company to buy the Newsom grain elevator at Clifford. Officers of the organization are: President, Perry King; vice-president, Will Armuth; secretary-treasurer, Aaron C. Newton.

DARLINGTON—The Darlington Grain and Seed Company has sold its elevators, situated here and at Bowers and the grounds and foundation of its elevator, which burned at Garfield, to John McComas, a grain merchant of Indianapolis, and Charles Gerry of Colfax. Gerry, who formerly operated the Vandalia elevator, owned by John Waugh, at Colfax, will operate the one here and at Bowers. The consideration in the deal was $60,000. . . Campbell & Kersey, who have been in the drug business here since 1893, have dissolved, Mr. Kersey buying out his partner, Campbell, who is township trustee, will devote his time to his office.

**Jessie Hedrick Brown Released.**

[Special to The Indianapolis News]

LAFAYETTE, Ind., April 22.—Jessie Hedrick Brown, who several years ago gained much notoriety when she sought a share of the Frank G. Kay estate, declaring herself to be the common law wife of the wealthy young man, has just been released by the police at Chicago, after being held for the alleged murder of her husband, Frank Brown, a labor leader.

Mrs. Brown was accused of shooting her husband in their apartment at 410 East Forty-second street, Chicago, April 9. According to her story she killed Brown in self-defense. The coroner's verdict sustained her plea.

"Makes Cooking Easy"

## Saves One Half Your Time In Cooking

The Gold Medal Glenwood doubles cooking capacity, and promotes cooking efficiency to the highest degree.

There are two separate ovens—one for coal and one for gas. Both ovens may be used at one time—or either may be used singly. In addition to the two baking ovens, there is a gas broiler oven. There is room on the coal and gas sections, at the top, for NINE large utensils.

While bread is being baked in the coal oven, pastry may be baked in the gas oven, meat may be broiled in the broiling oven, and cereals and vegetables may be cooked on the top.

Where did you ever hear of greater capacity?

The Gold Medal Glenwood is efficient every day in the year. In the Winter, the coal section not only looks after the cooking, but it helps warm the kitchen. In the Summer, the gas section takes care of the cooking and keeps the kitchen cool.

## Moths are Not the Only Enemies of Furs

Modern fur pelts are cured by a process akin to leather tanning, so that what is bad for leather is bad for furs. A hot, dry summer, for instance, will cause pelts to become harsh and brittle. Too much moisture also is injurious; may start disintegration.

*The Last Word in Fur Storage*

That's why, when this building was planned there was built into it a large storage vault, with dry air refrigeration, which we could offer our patrons as a necessary refuge for their furs during the non-wearing season. Furs consigned to such a refuge can not deteriorate, in fact, the fur surface is more or less revived in a very low temperature.

*Frigid Fur Storage is Not Expensive*

There may have been a time when one could afford to be careless with furs but not now—they are too precious. We store furs in our moth-proof, fire-proof, burglar-proof, colder-than-ice vaults for a season at from $2.00 upward, according to your own valuation.

*Furs Brought Up to Style*

We also make a specialty of "bringing furs up to style" during the storage period, when our furriers can work more leisurely and more carefully than during the autumn and winter rush season.

# WOOD ADVANTAGE SEEN IN NEBRASKA

### Likely to Get Most of Delegates if Johnson Becomes Impossibility.

### NEW YORK OUTLOOK GOOD

**John J. Lyons Sends Message to Headquarters—Says Delegation Is Not for Johnson.**

While Senator Hiram Johnson carried the Nebraska primaries, with Leonard Wood a good second and John J. Pershing third, the delegates elected to go to the Republican national convention are nearly all Wood men and were put up as Wood men.

The practical result of this will be that if Johnson becomes an impossibility in the national convention, Wood will probably get at least fourteen of the sixteen Nebraska delegates, inasmuch as Wood is the second choice of the primary vote and the Wood slate of delegates to the national convention was successful over the Pershing slate.

The Johnson forces did not put up a complete slate of candidates for delegate. A few days before the primary the Johnson manager for Nebraska indorsed the Wood slate with one exception. He did not call it the Wood slate, but he named the men that had been put up by the Wood forces and in a statement said the candidates he indorsed for delegate had agreed to stand by the plurality vote.

**Report to Wood Headquarters.**

John W. Towle, Wood manager in Nebraska, after a conference with the Wood leaders of that state, sent a report to Wood headquarters in Chicago, which has been transmitted to Indiana headquarters as follows:

"It appears from returns that Senator Johnson will have a plurality over Wood, with Pershing running considerably behind. It is also evident from returns that had Pershing not been injected into the Nebraska situation, General Wood would have carried the state, as it is quite plain to me, knowing the situation and class of people that are voting for each candidate, that as between Johnson and Wood, the majority of the people of Nebraska are for Wood. At least 90 per cent of the Pershing vote would have gone to our candidate.

"In reference to delegates-at-large, it is quite certain that at least three and possibly four Wood delegates will be elected. Of the district delegates Wood will control at least eleven out of twelve and this will give him in the convention not less than fourteen of the sixteen delegates as second choice. Under our Nebraska primary it is necessary for delegates to give reasonable support to the candidate receiving the highest primary vote. In addition to having the Wood vote split it must be remembered that we made our campaign without the support of any daily newspaper, with the leading Republican newspaper, the Omaha Bee, devoting its entire effort and space to General Pershing. Taking everything into consideration we are not at all discouraged because we feel that when the proper time arrives we have fourteen of the sixteen Nebraska votes."

**In New York.**

The outlook for Wood in the large New York delegation is excellent, according to John J. Lyons, one of the delegates of that state, who says in a message to Wood headquarters:

"Two things are certain about the New York delegation. First, it is not for Senator Johnson, because all Johnson pledged candidates for delegate were beaten by three to one or worse in the recent primary election. Second, it is going to vote for a man who is nominated. At present it looks as though Wood is going to be nominated, for he has a split delegation in one favorite son state, and it looks as though he has a chance to split another favorite son native state's delegation. If he does the New York delegation will regard him as the man most likely to get the nomination, and will support him after complimentary first ballot for Nicholas Murray Butler.

"The recent poll showed that Wood was first choice of 75 per cent. of the people of New York state, and if to this sentiment is added the Illinois outcome and a similar result in Ohio, it can readily be understood why Wood would stand ace high with New York delegates."

A Wood rally in the Eighth Indiana district at Muncie on May 3 is announced. Wood will open his campaign in Indiana next Monday. He will speak at Danville, Greencastle, Brazil, Clinton, Sullivan, Vincennes and Princeton in the daytime and at Evansville at night.

**To County Managers.**

Harry G. Hogan, Wood manager for Indiana, has sent out a circular letter to county managers and Wood-for-President Clubs, asking that May 1 be observed as American day and that speakers address the gatherings. Where American day already has been arranged by a community, he asks that the Wood supporters join in the observance. Mr. Hogan's letter is as follows:

"Out of the war emerged two great figures—Roosevelt and Wood. The one has rendered his last full measure of devotion. The other remains to carry on the glorious work of Americanization. To make America 100 per cent. American and safe for all Americans.

"Naturally, therefore, the Wood organization of Indiana indorses the splendid idea of making May 1 American day and to that end, wishes a speech made in every town, city and county in the state under its auspices on 'Americanism' by red-blooded, true blue American speakers.

"Engage your courthouse, schoolhouse or halls, for which there is no charge except perhaps a nominal one; select a local speaker or tell us your needs and begin at once properly to elaborate American day, Saturday, May 1. Any speaker who can talk Wood can make a good speech on 'Americanism.' Wire your plans and needs. If your community has already decided to celebrate, cooperate with us or them and if we can help, let us know.

"Yours for Americanism and Wood."

**Lowden Itinerary.**

The itinerary for Frank O. Lowden, Governor of Illinois, as announced by James Baldwin, Indiana manager, is as follows: South Bend, the night of April 23; Crown Point, the afternoon of the 24th, and Gary at night; Marion at noon on the 26th, Muncie the afternoon, and Anderson on the night of that day. He will be entertained at Anderson by Winfield T. Durbin. On the night of the 27th he will speak at Richmond; at noon the 28th he will speak at Greencastle and at night at Terre Haute; at Evansville the night of the 28th.

Johnson meeting at Tomlinson hall Friday night will be addressed by Patrick O'Donnell, of Chicago, and Congressman Louis C. Crampton, of Michigan. The committee on arrangements is as follows: R. A. Worthington, Dr. O. J. Emmons, Newton C. Harding, J. A. Zartman, T. C. Kelly, P. L. O'Hara, D. P. Bosman, D. J. Sullivan and Hugh J. Davey.

**Harding Cartoons Offered.**

Newspapers over the state have been receiving offers of cartoons from the Harding forces at Columbus, O., in which Leonard Wood is pictured as under Wall street influence. The insinuation of the cartoons is similar to the charge in an anonymous letter being circulated in the state in the interests of Hiram Johnson in which it is asserted the "money interests" have plotted to nominate Wood on the Republican ticket and President Wilson or William G. McAdoo on the Democratic. The two senator candidates and their backers appear to be working along the same lines.

With an anti-Wood cartoon offered at the instance of the Harding organization was sent the following, signed by the Western Newspaper Union: "To the publisher. This plate has been sent to you at the request of the Harding-for-President Newspaper Club, John E. Hopley, president, George A. Marion, secretary, Deshler hotel, Columbus, O. We assume no responsibility for statements or opinions expressed."

# 125 BIG FOUR EMPLOYES IN OVERALL AGREEMENT

### FREIGHT OFFICE FORCES TO DON KHAKI AND GINGHAM.

### SHORTRIDGE GIRLS ACT

Men and women employed in the office of the superintendent of car service at the general freight offices of the Big Four railroad, have decided to fight the high cost of clothing with khaki and gingham. About 125 of them agreed today on a uniform of khaki trousers, blue shirts and black ties for the men, and gingham coveralls or inexpensive gingham dresses for the women. All who signed the agreement are to begin wearing the uniforms by May 1 and to continue until October 1.

Many of the girls attending Shortridge High School appeared in their classes today wearing old clothing that they had recovered from discarded wearing apparel. They are members of the Out-of-Our-Attic Club, formed Wednesday at a meeting of several hundred girls in Caleb Mills Hall to plan ways of protesting against the high cost of clothing.

The members of the new club are pledged to wear calico aprons, house dresses, middies and old clothes of all sorts rather than buy new clothes at the present high prices. This action followed an overall and old clothes movement taken up by the boys who do not wear the military uniform.

# CITY ASPHALT PLANT EMPLOYES ON STRIKE

### STREET IMPROVEMENT AND REPAIR WORK HELD UP.

### HIGHER WAGES DEMANDED

The city asphalt plant was closed Wednesday, when all the remaining employes went on strike for higher wages. As a result a considerable amount of street improvement and repair work is being held up. The street cleaning department is working with about 50 per cent. of the usual number of employes, as also it is experiencing considerable difficulty in holding men at present wages.

Employes of other departments under the board of works, city officials said, have let it be known that they must have an increase, and as a result, the city departments affected are planning to propose a program giving some sort of relief.

Twenty of the asphalt department employes quit work Tuesday and the remainder quit Wednesday. The asphalt department has been working on only about a 50 per cent. basis since it was opened a month ago, A. O. Meloy, street commissioner, said. Work in the department is at a standstill, and will not be resumed until the wage question is settled, Mr. Meloy said.

# URGED TO SUPPORT THE LEGISLATIVE PROGRAM

### LEGION ADJUTANTS IN THREE-DAY CONFERENCE.

### MAYOR PRAISES INFLUENCE

Department adjutants of the American Legion, who met at the Washington hotel today for a three-day conference with national officers of the Legion, were urged by Franklin D'Olier, national commander, to obtain the support of every local post of the organization for the Legion's legislative program of relief and benefits for ex-service men. Thirty-one of the fifty department adjutants attended. Organization problems of the Legion will be the main subject for discussion during the Friday and Saturday sessions.

Mr. D'Olier spoke on the financial condition of the American Legion Weekly. Since the reorganization of the magazine in February, it still has failed to pay expenses, he said, and some means must be worked out to make it self-supporting.

**Welcome by Mayor.**

"Indianapolis is certainly proud of the fact that the American Legion had confidence enough in the people of Indiana and appreciated the location of the city of Indianapolis sufficiently to make this city national headquarters," said Mayor Charles W. Jewett, in an address of welcome.

"I do not believe there is any influence in the American republic today that is doing as much to stabilize public opinion and bring back normal conditions as the American Legion. I do not believe that citizens generally understand the seriousness and undercurrent in society today. While in other countries the great disturbances come from soldiers, the exact reverse is true in this country, and you are exerting a great stabilizing influence."

In response, Mr. D'Olier said that his experiences of the last few months have convinced him that the Minneapolis convention acted wisely in selecting Indianapolis for national headquarters.

**Report on Convention Plans.**

Lemuel Bolles, national adjutant, reported this afternoon on the progress in plans for the national convention at Cleveland in September. Other national officers heard today were Robert H. Tyndall, national treasurer, who talked on financial problems; Gerald J. Murphy, head of the service division; Harold Ross, editor, ad A. R. Whiton, circulation editor, and A. R. Whiton, circulation Creviston, of the organization division; Marquis James, associate editor of the Weekly, who told of tentative plans for a national membership drive, and Thomas W. Miller, of Washington, chairman of the national legislative committee, who discussed the Legion's legislative program.

The adjutants were to be guests of Mr. D'Olier at dinner at the Hotel Lincoln the evening. Friday noon they will be guests at a luncheon given by the Chamber of Commerce. Charles F. Coffin, president of the Chamber of Commerce, will preside.

**Trade Convention Delegates.**

T. J. King, general sales manager of the Diamond Chain and Manufacturing Company, and the Rev. John F. O'Hara, of Notre Dame University, have been appointed state delegates to represent Indiana exporters at the seventh national foreign trade convention to be held at San Francisco May 12 to 15. The convention is to be held under the auspices of the National Foreign Trade Council.

# JOHNSON HOLDS LEAD IN NEBRASKA PRIMARY

### 1,054 OF STATE'S 1,849 PRECINCTS REPORTED.

### BRYAN UPSETS OPPONENTS

OMAHA, Neb., April 22.—Returns from 1,054 precincts of 1,849 in the state tabulated by newspapers gave the following vote on Republican presidential preference in yesterday's primary:

Senator Hiram W. Johnson, 41,758; Leonard Wood, 30,354; General John J. Pershing, 19,860; Robert Ross, of Lexington, Neb., 1,205.

Unofficial returns from 994 precincts gave the following vote for Democrat delegates-at-large to the national convention:

Neville, 26,688; Shallenberger, 24,664; Stephens, 26,273; Bryan, 25,546; Berge, 25,295; Thomas, 20,845; Neble, 18,937; McNeny, 18,861.

William J. Bryan had gained enough votes to place him among the first four candidates for delegate-at-large at the San Francisco convention.

**Bryan "Comeback" Sensation.**

Bryan's apparent "comeback" was the sensation in Omaha today. Marching with the women of Nebraska at the head of the "dry" wing of the state Democracy, he has overthrown the "dragons of Wall street," the breweries, and the White House combined, according to incomplete returns from the primary, and is in the winning list of delegates to the national convention.

He lost Omaha, where the forces of Senator Hitchcock and Arthur Mullen were strongest, but as the back country returns piled in the chances of Bryan's remaining a winner grew stronger. He will go to San Francisco determined to write a "dry" plank in the Democratic party platform in opposition to Governor Edwards's wing of the party and as a rebuke to the stand of President Wilson on the peace treaty.

**Hitchcock Vote Empty.**

Senator Hitchcock, of course, wins the Democratic preference for President, but it is an empty victory. The whole fight was to keep Bryan away from San Francisco. The administration forces are behind the fight, following the party split at the Jackson day banquet.

Democratic leaders said returns indicated that former Governor Moorehead was a winner in the governorship race by probably the largest plurality of any candidate on the ballot. Republicans also predicted the nomination of Governor McKelvie.

The incomplete figures showed that Senator Hitchcock, seeking the presidential indorsement, was leading his opponent, Robert Ross, by almost three votes to one.

**PALMER'S MARGIN CLOSE.**

**Apparently Has Carried Georgia Over Thomas E. Watson.**

ATLANTA, Ga., April 22.—Complete unofficial returns from Georgia's Democratic presidential preference primary, held Tuesday, showed today that Attorney-General Palmer would have 140 votes in the party's state convention, a ten-vote plurality over Thomas E. Watson, his nearest opponent. Senator Hoke Smith, the third candidate, on the basis of the same returns, will have 114 votes.

The vote was so close in some counties that some political leaders today said the official tabulation might change the relative standing of the candidates.

**Instructed for Lowden.**

DES MOINES, Ia., April 22.—Nine of the eleven Iowa congressional districts today instructed their delegates to the Republican national convention to be for Governor Frank O. Lowden for President. The two districts which did not instruct—the Fourth and Fifth—informally indorsed Governor Lowden's candidacy.

Whether the Iowa delegation would go to the national convention instructed for Lowden from the state convention and bound by the unit rule was to be decided when the state convention took up the question after the selection of delegates-at-large.

**Republican Congressmen Lead.**

LINCOLN, Neb., April 22.—Republican congressmen who sought renomination in Tuesday's primary are leading their Nonpartisan League opponents in the three congressional districts where there were contests, according to incomplete returns compiled by the Lincoln Daily Star.

# WATSON AS TEMPORARY CONVENTION CHAIRMAN

Continued from Page One.

leaves the district. Mr. Toner will speak at Terre Haute tonight.

A visit to Morgan county was made today by Warren T. McCray. Both Mr. Fesler and Mr. Toner were born in Morgan county and have many friends there. While Mr. Fesler is putting up a stronger fight than had been expected, the McCray forces profess confidence that their candidate will easily carry the state. Victor S. Wise, a visitor at McCray headquarters, said that Logansport, his home city, and Cass county would be carried by Mr. McCray. John Bower, of Fowler, has issued a letter on behalf of Mr. McCray, saying that the farmers in Indiana are organized this year and they wish Mr. McCray for Governor because he knows something of the needs of farmers and is in sympathy with them.

**Reports Optimistic.**

It is said at the Fesler headquarters that letters, telegrams, long distance telephone calls and personal visits to headquarters from over the state indicate Fesler gains in widely separated points. Judge Philip Gould and J. Stewart Hopkins, of Evansville, who visited headquarters Wednesday, said the Republicans of Vanderburg county are practically a unit behind Mr. Fesler. There are four active Fesler-for-Governor clubs with a total membership of 3,100 men and women in that county, and there are other clubs of the kind in the First district, they said. Othello Smith, of Logansport, prosecuting attorney of Cass county, sent word that Mr. Fesler would carry Cass county by a substantial majority.

Conditions in the Eleventh district were said to be good, and Fesler delegates, it was reported, have no opposition in many communities. W. R. Ross, of Aurora, after a trip over the Fourth district, gave a report about what he called the shift for Fesler in that district. Joseph Hutsell, of Ft. Wayne, predicted that Mr. Fesler will carry the Twelfth district. George O. Dix, of Terre Haute, reported that Vigo county will give Mr. Fesler a good majority. Encouraging reports were received from other counties and districts the Fesler managers said.

**Five Fesler Meetings.**

Five meetings on behalf of Mr. Fesler will be held tonight in Marion county. Dr. Sumner A. Furniss and Dixon Bynum will speak for him at St. Mark's M. E. church, Minnesota and Shelby streets; Remster Bingham will speak at 842 South Illinois street, and other speakers will appear at Tenth and West streets, 2114 West Morris street and Eleventh and Sheffield streets. Claris Adams and W. H. Jackson spoke at a Fesler meeting Wednesday night at Twelfth and Missouri streets, and several other meetings were held. Lew Shank appeared at the meeting and held a seat on the platform for a short time. Charles Mendenhall spoke for Mr. Fesler at noon at the plant of the Indianapolis Brush and Broom Company.

**Duffey and Moores Meet.**

The contest between Luke W. Duffey and Merrill Moores, present congressman, for the Republican nomination for congressman, is well under way. They met for the first time Tuesday night at a meeting of First ward Republicans at Sixteenth street and Columbia avenue. They gave their views on national questions. Mr. Duffey and Mr. Moores are good friends and the contest is being conducted in a good-natured way. However, the two candidates have started an interesting controversy as to which has had the most to do with obtaining good road legislation. Mr. Duffey spoke Wednesday night to about 500 voters at a Third ward meeting.

**Spaan at Mass Meeting.**

A red hot Democratic speech was made Wednesday night by Henry N. Spaan, candidate for the Democratic nomination for congressman from the Seventh district, at a Democratic mass meeting in McClain's hall, Hoyt and State avenues. Among other things, Mr. Spaan denounced the state tax law and told the taxpayers that they need not answer questions detailing the amount of their household goods, saying the assessment sheet is an "inquisitorial document." Other candidates spoke. E. J. Sexton presided at the meeting.

**Davis Indorsed.**

The following Democratic members of the Marion county bar have indorsed the candidacy of Paul G. Davis for the Democratic nomination for prosecutor: Charles Remster, Moses B. Lairy, John W. Holtzman, Joseph P. Turk, Dan W. Simms, Edward W. Felt, Joseph E. Bell, Samuel O. Pickens, Joseph Collier, Michael E. Foley, Walter Myers, Bernard Korbly, Harold Taylor, John J. Kelly, Howe S. Landers, Fred B. Johnson, Harry E. Raitano, D. E. Watson, Lewis D. Coleman, Marvin E. Curie, John Rauch, Gideon W. Blain, A. F. Lauck, Joseph P. Williams, Edwin H. Emrich, Scott H. Ray, William Harryman, John G. McNutt, George M. Crane, Carl H. Weyl, Frank C. Ayres, Everett F. McCoy, Edward H. Rohlt, Henry Seyfried, Hubert Hickam, William A. Pickens, Horace A. Meegan, James H. Barnett, Smiley N. Chambers, L. Ert Slack and Aquilla J. Jones.

Other Democratic candidates for nomination for prosecutor are: Edward P. Brennan, William Clay Bachelder, John F. Geckler, Earle McFerren and Jacob L. Steinmetz.

**Women Continue Work.**

"In spite of the fact that the privilege of voting in the primary has been denied women, they are continuing their work of organization in various counties of the state for the support of Leonard Wood for President," says Mrs. Curtis Hodges, who has charge of the Wood women's organization of Indiana.

"Women are intensely loyal to any movement which they regard in the light of patriotic service and the campaign of General Wood has just that kind of appeal to a large majority of women, who are most deeply concerned about conditions of the government as they exist today. Women in every part of the state have expressed disappointment over their failure to vote for the selection of a candidate, but because their desire to serve is deeper than all their personal fears they are willing as ever to do all that they can to promote the campaign in which they can have only a secondary part. They recognize in General Wood the man best fitted for the kind of leadership the nation will need during the next four years, and are using such means as they have in their desire to have him nominated.

**In the Districts.**

"The Twelfth district, with Mrs. H. C. Willis as district chairman, was the first to complete organization. Mrs. C. C. Warrington, of Ft. Wayne, chairman of Allen county, was the first to submit a complete list of twenty-seven precinct chairmen for her county. The Tenth district is completely organized with the exception of one county. Mrs. Edward Franklin White, county chairman for Marion county, is vigorously pushing the organization for the Seventh district. Mrs. Charles Smith, chairman of the Tenth ward in Indianapolis is planning a meeting for Friday evening in her home. Mrs. J. A. Sutcliffe, chairman for the Eighth ward, and Mrs. Wolfe Sussman, chairman of the Fourth ward, are devoting almost their entire time in their zeal for the waging of a successful 'Wood-for-President' campaign. Mrs. H. F. Penn, of Huntington, has arranged a meeting of women of the Eleventh district for Saturday afternoon, April 24, at which meeting E. H. Northrup, the chairman of the Eleventh district, will give instructions to county chairmen. Dr. Charles Good will speak and Arthur H. Sapp will give instructions on how to mark the ballot for a straight or mixed ticket.

"In addition to work of this kind, women all over the state are busy in the distribution of literature, in the circulation of 'Wood-for-President' pledge cards, and in every possible manner for disseminating sentiment for the Wood campaign. These women will not slacken their efforts until after the primary election, when they expect to see their work rewarded by the nomination of General Wood for President on the Republican ticket."

to him that prejudice rather than sober thinking was being more and more reflected in political conditions.

**Mistaken About Hyphenates.**

"I thought when the war began," he said, "that we had seen the last of hyphenated Americans. Now that the war is over I find I was mistaken. There are more hyphenated Americans now in evidence than ever before in the history of the country. They are making their influence felt more and more and the thought and influence of real Americans are being apparently submerged. Class interests and class feelings also seem to predominate. Watching congress at work I sometimes get the notion that we only legislate for the very rich man, or for the comparatively small group of organized workingmen. The real public, the great majority of the people, seemingly have no voice in our legislation.

"But this condition will not continue. The public will stand just so much and then it will assert itself. There are more than 60,000,000 of us plain, every-day Americans. We are more than all the hyphenates and all the profiteers and the union labor men combined. We are the majority, and as the majority the day will come when we will assert ourselves.

**Willing to Extend Apology.**

"In 1916 I apologized for having appealed for votes from German-Americans and Irish-Americans and Scandinavian-Americans and promised never to do it again. I am willing to extend that promise. I will never appeal for votes for my party from the New England manufacturer or from the organized laborer or from any other class or creed. The only appeal that I will ever make on behalf of my party in the future will be an appeal to voters who are Americans before they are anything else."

Brought again to the question of the possibility of his own candidacy, Mr. Marshall said:

"I think that a man who is running along a bithullic road in a flivver and having a pretty good time would be an awful fool to start out through a swamp in the hope of finding something better. I am having a pretty good time right now. I enjoy my own peace of mind. I have not heard any voice of the people calling me, and I am not going to delude myself into a belief that there is an irresistible demand for my services after March 4, 1921.

"If anybody thinks he can yank me out of this philosophical attitude toward all this talk I want to see him try."

# STRIKERS' WAGE PLEAS PUT UP BY HEBERLING

### RECOGNIZED LEADER OF THE SWITCHMEN IS SPOKESMAN.

### BEFORE RAIL LABOR BOARD

WASHINGTON, April 22.—Wage demands of the railroad switchmen, many of whom recently went out on an "unauthorized" strike, were presented to the railroad labor board today by S. E. Heberling, president of the Switchmen's Union of North America.

Asking a wage advance for the men of 58 per cent. with time and a half for overtime, Sundays and holidays, Mr. Heberling said their work was more hazardous than that of any other railroad workers and that the percentage of deaths and accidents was higher than in the coal mining industry. The average usual life of switchmen, Heberling said, was seven years.

Committees from nonrecognized yardmen's associations at Cleveland, Kansas City, Columbus and the Chicago Enginemen's Association today awaited decision by the board on their application for hearings.

**New Yorkers "To Sit Tight."**

Headed by Frank Boland, of Jersey City, a committee representing the strikers in the metropolitan district of New York, returned to the offices of the labor board today prepared, they said, to "sit tight." Boland declared the men had attempted to return to work but that reinstatement had been refused by the General Managers' Association. He added that they would not go back now until assured of their full seniority rights.

R. J. Mitchell, of the United Enginemen's Association, of Chicago, announced that efforts to organize the nonorganized associations were being made and that a meeting of the various committees now here would be held today to perfect a national organization. New York, Kansas City, Cleveland and Columbus are represented and a delegation from Pittsburg is expected tomorrow.

**Demands of Conductors.**

Demands of the conductors for increased wages were laid before the board by L. E. Sheppard, president of the Brotherhood of Railway Conductors, who asked substantial increases in pay to meet the high cost of living and allowances of expenses of the men while away from home.

He told the board that it should not consider the cost to the railroads of pay increases, but should leave that question to the interstate commerce commission.

# GRUNAU DELAYS ACTION TO END RAIL WALKOUT

Continued from Page One.

total of returned strikers to 669, according to the report.

**Live Stock Movement Heavy.**

In the Chicago district, which first felt the result of the strike, live stock movement yesterday was reported greater than a year ago and the railroads announced that 1,148 carloads of coal were moved. On the Pacific coast cars were being placed for fruit shipments.

Several "rebel" leaders, repudiated yesterday by the strikers when, at a mass meeting, they counseled ending the walkout because they "could not fight the government," abandoned the strike, and led small groups of switchmen back to the yards.

Grunau announced several days ago that he would urge the men to call off the strike, but said he had no authority to order them back to work.

**VOTE TO REMAIN OUT.**

**5,000 Strikers, Meeting in Jersey City, Appeal to Others.**

NEW YORK, April 22.—Approximately 5,000 railroad strikers, meeting in Jersey City today, were reported unofficially to have voted not to return to work, but to appeal to men on all lines who have not walked out to do so in their support.

The position of the strikers was confirmed by Edward McHugh, chairman of the strikers' executive committee, who said the men had decided "to remain out a few days until the railroad labor board handed down a decision." He said the next move must come from the general managers of the railroads.

"Brotherhood leaders can not recall the men to work," McHugh said. "They have tried and failed. They can't keep men on the job to protect their contracts with the railroads. The next move is not up to the so-called strikers, but must come from the railroad managers, who have denied an extension of their ultimatum."

**Vote Not To Return.**

McHugh said he explained to the strikers that it probably would be thirty days before the labor board could hear the demands of the brotherhoods. He said he told them the railroads had filed a petition for a delay of three months to enable them to send out questionnaires to the different roads to find what the proposed wage increases would cost the roads.

"I told them when I left Washington I tried to have the ultimatum of the general managers extended," he said, "and I asked the men if they wanted to wait or to go back. They voted not to go back."

All overtures on behalf of the strikers for peace have been rejected when the men met in Jersey City to decide on a course of future action.

The strikers anxiously awaited a report from McHugh on the results of his negotiations at Washington. McHugh sought in vain to place the strikers' grievances before the railway labor board and later conferred with leaders of the four big railway brotherhoods.

Some improvement in the movement of freight was reported by all the lines in the district today, but it was admitted that absence of switchmen and yardmen was hampering complete resumption of traffic. Passenger service was said to be almost normal.

**Demands Are Rejected.**

In rejecting the demands of the strikers the railroad managers issued the following statement:

"The General Managers' Association was waited upon today by Messrs. L. G. Griffing, assistant grand chief engineer, Brotherhood of Locomotive Engineers; T. S. Dodge, assistant president, Brotherhood of Railroad Trainmen; G. W. Wark, vice-president, Brotherhood of Locomotive Firemen and Enginemen, and P. J. McNamara, vice-president, Brotherhood of Locomotive Firemen and Enginemen.

"A request was presented to the General Managers' Association that the time limit fixed by them with the concurrence of the railroad brotherhoods, placing the hour when the men could return to duty without surrender of their seniority rights, should be extended from 12 noon, April 18, to the same hour April 22.

"It was said this request was made at the suggestion of the outlaws, who would immediately return to work if the request were granted.

"After careful consideration, the managers decided that they could not consistently retire from the position they have already taken with the approval of the organization chiefs, and that to accede to the request of the outlaws would be detrimental to the best interests of the three parties involved, namely, the public, the railroads and the organizations."

In announcing that the strikers who return will be registered as new employes, Mr. Mantell said: "It will be a case of first come, first served." Men will be assigned to runs in the order in which they report for duty, he added.

**Thousands at Meeting.**

Interest in McHugh's report appeared intense. When the meeting in Jersey City opened it was estimated that 5,000 men were in the hall and packed outside the entrance. Three men, caught in the crush, were carried out fainting and taken to a drug store, where physicians revived them.

Strikers unable to gain admission to the hall twitted the newspaper men.

"The strike is all over," they called. "All the men are back to work. Look 'em over."

A proposal of striking enginemen and firemen in the Hoboken yards of the Erie railroad that they return to work in a body and that their seniority rights be guaranteed was rejected by the railroad officials.

A delegation headed by John J. Reilly, representing the Hoboken men who are still on strike, conferred with Erie officials here and made the proposal.

Railroad officials insisted that each striker should stand on his own record and let it be known that some of the men now out would not be taken back.

**Freight Handlers Return.**

Union labor officials here announced today that 700 freight handlers employed in railroad yards along the Jersey City waterfront, who had been on strike for higher wages, returned to work today. Their wage demands for $5 a day were granted, but demands for shorter hours were not settled.

The men were said to be members of Local 1125, International Longshoremen's Association, 1,500 of whom went on strike April 1. The men formerly received $4.50 a day for ten hours work.

**MORE FREIGHT BEING MOVED.**

**Situation at Detroit Reported Otherwise Little Changed.**

DETROIT, April 22.—Aside from further progress in the movement of freight in the local yards, no marked change was apparent here today in the general situation resulting from the railroad switchmen's strike. Two of the railroads reported the movement of freight about 50 per cent. normal, and the Detroit Edison Company declared that sufficient fuel was being received to insure continued operations on the present basis of 40 per cent. normal.

Railroad officials declared that applications had been received from a number of striking switchmen who desired to return to work individually. They indicated also that further applications were looked for following yesterday's meetings of the strikers at which one of the leaders asserted that no individual who desired to return to work should be criticised.

The part shutdown of the Ford Motor Company plant because of a shortage of raw material continued today. The 30,000 employes made idle are expected, however, to be called back early next week.

**IMPROVING AT YOUNGSTOWN.**

**Strike Situation Promises Gradual Resumption of Work.**

YOUNGSTOWN, O., April 22.—With freight again moving in small quantities in the Mahoning valley, a gradual resumption of work in the steel mills, where 35,000 men have been idle for ten days, was forecast today by railroad and mill officials.

**LOGANSPORT YARDMEN OUT.**

**Conditions Presented, and Roads Retaliate With Threat.**

[Special to The Indianapolis News]

LOGANSPORT, Ind., April 22.—Until they obtain better working conditions and increased pay, members of the Logansport Yardmen's Association, said to number about thirty-eight, are "on a vacation," according to the statement one of the leaders. The men failed to return to their work here yesterday, and while some are said to have reported as sick, others failed to notify the officials that they would not be at work.

Both the Michigan and Logansport divisions of the Pennsylvania lines are able to handle the business of the lines with the men available as switchmen, according to the officials of the two companies. A. R. Gedes, superintendent of the Michigan division, issued a statement Wednesday that "All men who have failed to report for duty or who do not return to duty at their regular hours Thursday, April 22, will be considered out of the service."

**OLD EMPLOYES RETURN.**

**Pennsylvania's Notice at Terre Haute Brings Some Results.**

[Special to The Indianapolis News]

TERRE HAUTE, Ind., April 22.—The Pennsylvania road's notice to the striking switchmen that if they did not return to work at their regular hours today they would be regarded as out of service, had the effect of bringing back several old employes, it was announced at the company's offices.

At the C. & E. I. offices, officials said, there was no change in the situation, and the Big Four reported that the full switching service in the yards of the E. & I., which is being operated by the Big Four, was resumed today with three crews.

**Men Disregard Warning.**

[Special to The Indianapolis News]

ANDERSON, Ind., April 22.—None of the Pennsylvania railroad switchmen who are on strike returned to work today, when by an order of the division officials it was announced their names would be stricken from the pay rolls unless they resumed work.

In the Big Four yards, five crews of new men were at work, and it was said by William Taylor, Big Four agent, that no more men are needed at this time because of the embargo on shipments.

**Few Strikers at Muncie.**

[Special to The Indianapolis News]

MUNCIE, Ind., April 22.—Thirteen switchmen left their jobs in the Lake Erie & Western and Big Four railway yards here yesterday and the night before, according to local railway officials, who say that most of the men who were supposed to stop work while waiting for adjustment of their wage scale are still at work. Switching has not been interfered with in the Muncie yards.

rates of return. He proposed rates of return varying from 4½ to 7 per cent.

There was some discussion about the matter of a street railway commissioner and it was agreed by the commission, city and company that every safeguard should be taken to prevent the injection of politics into the operation of such a city representative. It was accepted as agreeable, that perhaps the city's choice in the matter of a street railway commissioner should meet the approval also of the public service commission.

# CONDEMN LABOR DICTATION

**A. N. P. A. Members Recommend State Curbing Laws.**

NEW YORK, April 22.—The American Newspaper Publishers' Association today adopted a resolution condemning "efforts of labor to apply to industries of the country any system or methods whereby labor shall dictate prices at which its employers' goods shall be shown or whereby competition shall be stifled." State legislation to prevent such efforts of labor was recommended.

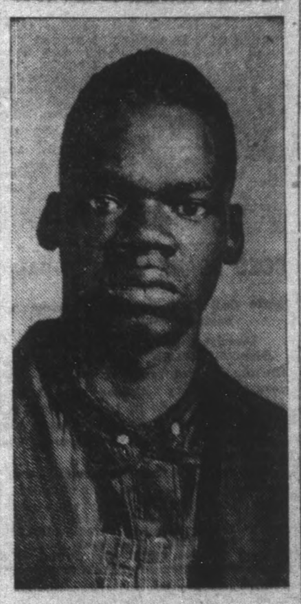
Another resolution urged that the publishers of daily and Sunday newspapers use no more newsprint in 1920 than they did in 1919.

The passage by the congress of reforestation legislation was urged as necessary for the protection of American forest reserves. "Unless a comprehensive plan of reforestation is inaugurated," the resolution said, "the entire control of newsprint supply for American manufacture will be centralized in Canadian manufacturers."

The association also advocated early waterpower legislation by the congress and asked that the congress relieve newspapers from "excessive and unfair charges" in second class mail matter.

The association urged that newspapers assist in relieving the car shortage, saying the nation was confronted with serious menace to business by railroad delay. Fifteen bills pending in the congress were condemned as efforts to abridge the lawful conduct of the newspaper business.

**Confessed Slayer of Huff Girl**



WILLIAM RAY.

Nineteen-year-old negro confessed to detectives that he stabbed the girl thirteen times with his penknife to silence her screams after he had lured her away.

to see whether Ray was the man who accosted them.

**Diligent Search.**

The arrest of Ray terminated one of the most diligent searches ever made by the local police and detective departments. Much of the credit for the capture of the alleged murderer is due to the intense interest manifested in the case by persons outside the department.

Shortly after the description of the negro was printed in the newspapers, much valuable information concerning the whereabouts of the supposed slayer was volunteered. Although many of the reports proved unfounded, the police and detectives say it was as a result of some of these reports that they were able to get on the trail of the murderer.

**Knife Found.**

When Ray was first questioned by the detectives he refused to make any statement and for a time even refused to give his name. When his clothing was searched the detectives found a small pocket knife bearing apparently several blood stains. After that he talked.

In this first confession, which was witnessed by the three officers who arrested him and Detective Herman Rademacher, Ray traced his movements from the time he left his work at the National Malleable Castings Company, Michigan street and Holmes avenue, until he left the girl's body later that same afternoon.

Detectives say that he tried to make a defense for his act by telling them he attacked her with the knife after he had made repeated efforts to get her to return $2 which he had given to her after they had reached the west bank of the creek. He said he threw the knife, with which he attacked her, into Eagle creek as he ran across the interurban bridge following the murder.

**Came From Chicago.**

Ray told the detectives that he came to Indianapolis about three weeks ago from Chicago and that since that time he had been working at the National Malleable Casting Company's plant. He said his real name is Ray but that he had been going under the names of Ray Williams and Benjamin David Hart.

He said he quit work at the Malleable Company's plant at noon Monday after his wife had telephoned to him to came home because she was ill. He left the plant in company with a white man whose name he did not know, and started to walk east in Michigan street to the downtown district.

**Tells of Meeting Girls.**

As he and the white man started to cross the West Michigan street bridge over White river they met Martha Huff and her step-sister, Nora Smock. He said the Huff girl asked him if he knew where she could get some new clothes and he told her if she would accompany him he would get them for her. He told her he knew a Mrs. McQuinn, living on the west side of Eagle creek, he said, whose daughter had died recently and who would supply the girl with clothes.

The girl agreed to accompany him, he said in the statement, and they walked west in Michigan street until they reached the first road east of Eagle creek. They followed this road to the interurban tracks, crossed the interurban bridge and started south through a field at the west side of the stream. They stopped there, he said, and ate some apples and oranges that he had bought on the way.

**Girl Began Screaming.**

He declared in this first statement that the girl told him she needed money and asked him if he knew where she could get a job where she would not have to "work her fool head off." He said he gave the girl $2 and later started to embrace her. She fought him away, he said, and he then tried to get her to return the money to him. She refused and began screaming, and he "got scared" and stabbed her thirteen times in an effort to silence her.

Edgar Seathergill, 266 North Addison street, telephoned to the detectives last night that he had found part of the girl's clothing and would turn it over to them today.

**Funeral Services.**

The funeral of the girl was to be held this afternoon. Burial will be in the cemetery at Salem church, where the Huff girl's father and brother are buried. The funeral services will be conducted by the Rev. James Jackson, a Pentecost evangelist.

Detectives say they are confident that Ray is the man who tried last week to entice several other little girls to accompany him on the promise to obtain new clothes for them. Attempts were made to entice from home the ten-year-old daughter of Mr. and Mrs. Orville Archer, 246 Geisendorff street; the thirteen-year-old granddaughter of Mrs. William D. Knight, 419 Blake street, and the eleven-year-old daughter of Mrs. Hugh McCaffrey, 1610 Roosevelt avenue.

1. What insect might be confused with the hummingbird?
2. What are the attractions of a spring?
3. How early in the morning do birds begin to sing?

**Answers to Previous Questions.**

1. How do trees affect moisture?

In certain conditions of the atmosphere every tree is a great condenser of moisture. On a foggy summer morning, one may see little puddles of water standing on the stones beneath maple trees, along the streets; and in winter, when there is a sudden change from cold to warm, with fog, the water fairly runs down the trunks of the trees, and streams from their naked branches.

2. What birds are especially injurious to vineyards and cherry trees?

I hear the vineyards suffer severely from the depredations of the oriole. The oriole has a sharp, dagger-like bill, and he seems to be learning rapidly how easily he can puncture fruit with it. He has come to be about the worst cherry bird we have. He takes the worm first, and then he takes the cherry the worm was after or rather, he bleeds it; as with the grapes, he carries none away with him, but wounds them all.

3. When a hive of wild bees is attacked with an ax are the bees apt to sting?

When a swarm of wild bees is assaulted with an ax the bees evidently think the end of the world has come, and, like the true misers they are, each seizes as much of the treasure as it can hold; in other words, they all fall to and gorge themselves with honey, and calmly await the issue. While in this condition, they make no defense, and will not sting unless taken hold of.

**Plead Guilty to Illegal Advertising of Mining Stocks.**

BOSTON, April 22.—Thomas W. Lawson and L. C. Van Riper were fined $1,000 each in municipal court yesterday for violation of the state statute concerning the advertisement of mining stocks. Lawson and Van Riper, with several curb brokers, were arrested recently in the campaign of Attorney-General J. Weston Allen against illegal advertising of stocks.

Lawson pleaded guilty to the complaint, which contained thirteen counts. He was fined $100 on each of ten counts, and three were placed on file. The complaint against Van Riper contained ten counts, to which he pleaded guilty, and he also was fined $100 on each count.

William R. Fitzgerald was fined $400 and George L. Ware $100 on similar charges. Several others who have been convicted or have pleaded guilty previously have been fined $100 each. Everett C. Tarr and Daniel E. Samuel withdrew appeals and paid fines of $400 each, previously imposed.

# PETITION BEFORE BOARD FOR A NEW STATE BANK

SITE SELECTED IN MASSACHUSETTS AVENUE.

28 SUBSCRIBERS SIGNED

A petition to establish the State Bank of Massachusetts Avenue in Massachusetts avenue, at Noble and St. Clair streets, has been filed with the state charter board. Twenty-eight subscribers signed the petition, headed by Leo E. Yuncker, Frank H. Carter, George L. Harrington and Henry K. Ruckelshaus.

They propose to capitalize the bank at $25,000, and sell 250 shares at $100 each. The petition says that all the subscribers are men engaged in commercial and in manufacturing lines in that vicinity.

The Fletcher Savings and Trust Company has before the state charter board a petition to establish a branch bank at the same place. Its petition covers also five other neighborhood points where it wishes to establish branch banks. Other Indianapolis bankers and the Marion County Bankers' Association have protested against the establishment of a branch bank policy.

## MAKE LAST SUFFRAGE PLEA

**Vermont Women Leaders Call Twice on Governor Clement.**

MONTPELIER, Vt., April 22.—Vermont women suffragists have made what they said probably would be their final appeal to Governor Clement to call a special session of the legislature to act on the federal suffrage constitutional amendment. Four hundred women, members of the Vermont Equal Suffrage Association, marched to the Statehouse in a downpour of rain and repeated the march again in the evening.

Both times they were received by the Governor and presented argument in favor of a special session. At the conclusion of their second hearing they asked for a definite statement of his intention. Governor Clement replied that he had nothing to say at this time except to congratulate the suffragists upon their "untiring zeal."

Governor Clement in response to several previous requests, has declined to call a special session.

## WOMAN FATALLY INJURED.

**Struck by Auto on Way From Prayer Meeting.**

[Special to The Indianapolis News]

NEW ALBANY, Ind., April 22.—Mrs. Katherine Sigmon, age forty-eight, instructor in a New Albany business college, died today at the City Hospital as the result of injuries received last night when she was struck by an automobile driven by James Bir. Her skull and collar bone were fractured and she suffered concussion of the brain. She did not regain consciousness.

She had been attending prayer meeting at Baptist tabernacle and stepped off the sidewalk to enter a street car. Bir stopped his automobile and after assisting in carrying Mrs. Sigmon to the hospital and summoning physicians, went to police headquarters. He was released pending investigation of the accident today. Bir is a son of E. M. Bir, a lumber dealer. Mrs. Sigmon was a daughter of Mrs. E. H. Jones and leaves a son, Stewart Sigmon.

# RECONSTRUCTION NEEDS OF RACE ARE TAKEN UP

COLORED PEOPLE OF INDIANA IN TWO-DAY CONVENTION.

## MANY SPEAKERS SCHEDULED

Reconstruction needs of the race was the principal topic for consideration today at the beginning of a two-day convention of colored people in Indiana at Bethel A. M. E. church. The first session was called to order by George P. Stewart, temporary chairman, and the time was devoted to organization, reports of the committee on credentials and the introduction of a number of visitors.

Fred W. Donnahugh, principal of the colored school at Corydon, Ind., spoke on "Reconstruction Needs"; Lr. S. A. Furniss, city councilman, delivered the welcome address and the response was by Cornelius Richardson, of Richmond.

"The Evils of the Jim Crow Laws" were to be discussed at the evening session, the principal speaker being R. L. Bailey. Other speakers will be: Governor James P. Goodrich, Merrill Moores and Luke W. Duffey. John R. Lynch, of Chicago, representing Gen. Leonard Wood, will speak in the evening. Otis B. Duncan, of Chicago, who saw service overseas with the famous "black devils," will represent the Lowden forces at the session. The four colored candidates of this city will be introduced.

**Many Delegates Present.**

Among the delegations present were: New Albany, sixty, headed by Mrs. M. E. Washington; Gary, twelve delegates, headed by John W. Russell, welfare worker in the Gary steel mills; Evansville, seventeen, with W. A. Gaines, chairman; Marion, six, including Jesse Ringold and W. G. Martin; Ft. Wayne, two; the Rev. C. M. C. Hammond, Terre Haute; W. L. Lowndes, Madison; Charles Turner, Anderson; J. Cobert, Washington. Other delegations were from Princeton and Peru.

Among the guests of the conference will be J. A. Lankford, of Washington, son-in-law of Booker T. Washington, who will speak tomorrow, and Mrs. Katherine Smith, who will represent the Republican state committee. Eleven congressmen from this state have sent letters, a number of which were to be read at the session.

The principal topics for discussion Friday will be disfranchisement, woman suffrage and anti-lynch laws, the speakers being the Rev. Charles Sumner Williams, W. E. Henderson, and W. A. Gaines, of Evansville.

Music for the conference is being provided by the choirs of the Bethel A. M. E. church and the Second Baptist church.

## MRS. IRENE SNYDER DIES.

**Aged Pioneer of Indiana to Be Buried at Lafayette.**

Mrs. Irene Snyder, age ninety-two, died Thursday at the home of her son, John S. Berryhill, 2045 North Delaware street. Funeral services will be conducted at the house Friday night at 8 o'clock by the Rev. George M. Smith, pastor of the Roberts Park Methodist church. The body will be taken to Lafayette for burial Saturday. Services will be held in that city at 10:30 a. m. in St. Paul's Methodist church.

Mrs. Snyder was born February 18, 1828, at Little York, O. She went to Lafayette with her parents when she was nine year old, and lived in that city until 1884, when she came to Indianapolis. She later returned to Lafayette, and recently came back to this city. She was married in 1847 to John S. Berryhill, who died two years later. Mrs. Berryhill married John T. Snyder in 1857, and it was after his death, in 1884, that she first came to Indianapolis. She is survived only by her son, Mr. Berryhill.

## Ties Knot in Overalls

[Special to The Indianapolis News]

**PETERSBURG, Ind., April 22.—Feb Tyler, son of George Tyler, of Augusta, and Sophia Bush, daughter of John Bush, of Augusta, were married here by the Rev. Golden Smith, at the clerk's office yesterday afternoon. The Rev. Mr. Smith pronounced the ceremony dressed in a pair of overalls, and the clerk who issued the license also was clad in overalls.**

# FARMERS AND WIVES AT PUPILS' BANQUET

TRIBUTE TO WORK DONE BY BOYS' CLASS.

## WORK IN SHELBY COUNTY

[Special to The Indianapolis News]

SHELBYVILLE, Ind., April 22.—Two hundred farmers and their wives and pupils of the agricultural classes of the Shelbyville High School attended the pupils' banquet, held last night at the high school building. The banquet was arranged by the Shelby County Farmers' Association in appreciation of the work being done by the boys of the agricultural class. Addresses were made by Professor G. M. Freier and Professor George N. Hoffer, of Purdue University; Peter J. Lux, Russell G. East and others, of this county.

Mr. Hoffer, originator of the "rag doll" method of testing seed corn, which has been used extensively here this year, said the work being done in Shelby county would either make or break the corn disease work in Indiana. Other counties and other states, he said, have taken up the work, but all are looking to Shelby county for results.

Mr. Hoffer also said that Shelby county had been selected as the place where soil fertility tests for corn will be made later, together with the effects of metals in the soil on the grain. A test based on better care of seed corn in the fall will be made in the county soon.

Professor Freier, of the extension department at Purdue, said the Shelby county organization of farmers is probably not equaled in the state or nation. He spoke of the shortage of farm labor, saying former farm workmen have gone to auto factories, and other concerns manufacturing luxuries for which there seems a ready sale. "The people seem to be willing to pay for anything else but food," he said.

## CONVENTION AT PURDUE.

**Intercollegiate Press Association Meets Friday and Saturday.**

[Special to The Indianapolis News]

LAFAYETTE, Ind., April 22.—The annual convention of the Indiana Intercollegiate Press Association will be held at Purdue University Friday and Saturday, and 100 delegates, representing all the college newspapers in the state, are expected to be present. The visitors will be entertained at fraternity houses.

The formal opening will take place Friday afternoon, when P. E. Reed, of Purdue, president of the association, will make an address. The response will be by T. C. Kline, editor of the Franklin College newspaper. Talks will be made by Myron Bone, of the Associated Press at Indianapolis, and by representatives of the Lafayette newspapers. In the evening a talk will be made by Thomas A. Hendricks, of The Indianapolis News. Business sessions will be held Saturday morning and in the afternoon the visitors will attend the Purdue-Wisconsin baseball game. The convention will close with a banquet Saturday evening at the Fowler hotel. Dr. Thomas F. Moran, of Purdue, will make the principal address.

## VERDICT FOR CAR COMPANY

**Suit for $15,000 Damages in Shelby Circuit Court.**

[Special to The Indianapolis News]

SHELBYVILLE, Ind., April 22.—A verdict for the defendant was returned Wednesday night by a jury in the Shelby circuit court in the suit for damages of $15,000 filed by Mrs. Ida Cross, against the Indianapolis Traction and Terminal Company. The jury deliberated only a short time before reporting an agreement. The case was brought here on a change of venue from Marion county.

INDIAN BOSSES SCOUT FOR PITCHERS—BIG LEAGUE NEWS

# BOXING

HIGHLAND CLUB ARRANGES GOLF SCHEDULE FOR SEASON PLAY

## INDIAN BOSSES SCATTER ON SCOUTING TRAILS

SMITH AND HENDRICKS MAKE EFFORTS TO LAND MORE PITCHERS.

The Indian bosses today were out trying to buy, beg, capture or trap a couple of pitchers to fill out the tribe staff. The big boss, W. C. Smith, is in the east calling on some of his baseball cronies, including Jawn McGraw, and Colonel Jake Ruppert, in an effort to buy or beg a couple of hurlers.

Manager Jack Hendricks, is in Chicago because it's an off day in the association and he is trying to buy or beg a couple of flingers from Mitchell of the Cubs and Moran of the Reds. The Cubs and Reds are having their Chicago opening and if the bosses are in a pretty good humor or even in a very bad humor, they may decide to cut the strings on somebody. Word also is awaited from Pittsburg where W. C. Smith, Jr., vice-president of the club, went several days ago to talk with Dreyfuss of the Pirates. Dreyfuss promised the Indians first choice of his surplus stock.

Several of the big league clubs are overstocked with pitchers but they have hesitated about releasing any of them. The player limit rule does not become effective until about May 15 and the Smith family and Hendricks do not want to wait that long for box talent. Otherwise the Indians are in pretty good shape to take on all comers.

**Colonels Are Next.**

The Louisville Colonels will be here Friday for a series of four games ending Monday, after which the tribe will hit the trail for a month. Hendricks will return tonight to direct the fight with the Colonels. The Saints, who have not been handicapped much by the rains, have gotten well out in front and Hendricks is eager to get his team squared away for a swift chase. Two more pitchers probably would turn the trick.

While the bosses were away the Indians had a long off day workout at Washington park which again is in tip-top condition. Crum is the probable starter for the Indians on Friday.

**CAVET BLANKS SENATORS.**

Short Contest Is Snappy and Full of Pep.

Pug Cavet was again in the limelight when he bested the Senators, 2 to 0, in the only game of the series Wednesday. He allowed the Clymer outfit only three hits, and one of them was of the questionable variety. Only one player reached second, and that was in the ninth inning. The Indians made their first run in the opening frame, when Zwilling doubled and scored on Covington's single to center. In the seventh Smith worked Sherman for a pass, moved up on Russell's sacrifice and counted on Gossett's drive to center.

It was a great game, snappy and full of pep. Both clubs fielded fast, and the Indians ran into two fast double plays. It was over in one hour and sixteen minutes.

### BASEBALL SIDELIGHTS

Shorty Burch complains that he has not been getting any publicity. He has lost one-half of his job.

The large gentleman with the stately air and stentorian voice who wields the megaphone just before the game each day is Edward Chappelle.

Elsie Janis and her gang were disappointed when they had to play to a few empty seats. Bill Clymer and his'n were glad to play to any at all.

Derby Day got his usual ovation, but he had little or no opportunity to be wild.

The opening and closing game, played as one, probably will stand as a precedent for a long time, being "reeled" off in one hour and sixteen minutes.

A reason for the Indians occupying the west half dugout may be found in the fact that Jack Hendricks has decided to enjoy the shade.

No. Claudia, the large, soldier, appearing athlete who marched back and forth between the Columbus dugout and first base at the conclusion of each inning to the accompaniment of time marked by the majority of the fans, has not received returned from overseas. That was William J. Clymer.

Taggart spun Cavet like a top with a drive to the box in the opening round, but Pug got his man. Cavet's pickup and throw of Sherman's bunt in the sixth was the best fielding play in many a day.

The fans were pulling for a no-hit contest until Bob Boucher singled over short in the seventh. Magee's low liner, which Zwilling apparently misjudged and then let get away in the fifth, could have been scored either as a hit or an error.

Brainard, the new Columbus third baseman, who got five blows in as many trips to the plate his last time out at Louisville, went hitless along with a majority of his mates.

Jimmy Smith, who handles his bat like Heinie Groh, laid down a neat sacrifice in the fourth, moving Covington to scoring distance.

Clymer's first real utterance, "Two and two, make it three and two will you?" came in the sixth. Peachous, who was at bat, obeyed, but with reverse English. He fanned.

Terry Turner was the only Senator to reach second base and then in the ninth.

Now bring on your Colonels!

Massey got two bases when he fanned at Louisville. McNeil dropping the third strike and then throwing wild.

Will somebody please stop the Saints? Six in a row and visions of another pennant when the season is only one week old.

Craft, of the Millers, held the Brewers to four blows, striking out eight.

Letty Cooper pitched the Pirates into first place by turning back the Reds. Jimmy Ring was wild and gave way to Ray Fisher in the seventh inning.

Claude Williams put the fooler to working on the Browns and the White Sox won another game. Risler got a triple, double and two singles.

## DEMPSEY SIGNS FOR TEN-ROUND BOUT TO BE STAGED IN MICHIGAN RING JULY 5

CHICAGO, April 22.—Jack Dempsey will fight his first battle as heavyweight champion at Benton Harbor, Mich., July 5, Manager Jack Kearns announced here. Kearns signed with Promoter Floyd Fitzsimmons, of Benton Harbor, agreeing to have Dempsey meet a challenger of Fitzsimmons's choice in a ten-round decision bout.

Fitzsimmons said he guaranteed the champion $50,000. A large arena will be erected at once. The Michigan state law permits twelve-round bouts.

Dempsey's opponent will be chosen within ten days. Fitzsimmons already has opened negotiations with Fred Fulton, Billy Miske and Bill Brennan.

**Permit Is Granted.**

BENTON HARBOR, Mich., April 22.—According to Floyd Fitzsimmons the Dempsey bout will be a ten-round decision affair. The boxing commission of Michigan has issued a special permit for the bout. Fitzsimmons is in Chicago today arranging the purses.

At a meeting of the business men of Benton Harbor today it was decided to ask Fitzsimmons to increase the size of the arena to seat 40,000 people.

**Carpentier's First Bout.**

**NEW YORK, April 22.—Georges Carpentier, champion European heavyweight boxer, will make his first appearance in ring togs in America on May 2, when he will box four exhibition rounds here with one of his sparring partners it was announced today. The exhibition will be held in the 71st regiment armory for the benefit of a war veteran's building in this city.**

**Kentucky's Commission.**

FRANKFORT, Ky., April 22.—Governor Morrow today appointed members of the state athletic board of control which will supervise boxing matches in Kentucky under a law enacted by the last legislature. The members are: Frank B. Russell, Thomas M. Smith and Charles F. Grainger, all of Louisville. Robert D. Anderson, Louisville newspaperman, will be secretary of the board.

**Fly Champ Top Fast.**

**CAMDEN, N. J., April 22.—Jimmy Wilde, British flyweight champion, so far outclassed Battling Murray, of Philadelphia, in their eight-round bout here last night that Commissioner John S. Smith, of the New Jersey boxing commission, stopped the contest in the last round.**

**Champ Packs Old Wallop.**

**LORAIN, O., April 22.—Johnny Kilbane, featherweight champion, demonstrated he still packs a knockout wallop when he measured Alvie Miller, Lorain, for the count in the seventh of a scheduled ten-round fight here last night. Kilbane toyed with Miller in the first two rounds and then knocked him down nine times in the third. He teased him around for the next three rounds, then in the seventh flashed a left to the jaw, followed by a lightning right to the same spot.**

**Results at Ft. Wayne.**

FT. WAYNE, April 22.—Herb Brodie, of Detroit, knocked out Jack Walker, of Henderson, Ky., here last night in seventeen seconds, boxing the main event of the American Legion show. Sammy Hess, of this city, after taking the count in the second and third round, came back and stayed the ten rounds with Eddy Barr, of Detroit. Hess gave the greatest exhibition of gameness ever seen in a local ring. Battling Lundy, of Toledo, and Joe Kelb drew in their ten-round session.

**Mixed Bout at Kokomo.**

KOKOMO, Ind., April 22.—Matty Matsuda, of Columbus, O., defeated Billy Trout, local wrestler, by one fall in an hour and thirty-two minutes, and Eddie Mullen and One-Round Bess boxed an eight-round exhibition bout last night at a local theater before one of the biggest crowds ever assembled to see a local athletic exhibition. The bouts were staged under the auspices of the American Legion.

**Fulton Wins in Sixth.**

**PORTLAND, Ore., April 22.—Fred Fulton, Minnesota heavyweight boxer, was given the decision over Jack Thompson, Tulsa, Okla., negro, in the sixth round of a scheduled ten-round bout here last night.**

**DePauw Loses Contest.**

LEXINGTON, Ky., April 22.—DePauw University was defeated by Transylvania College in baseball here yesterday, 7 to 3. The visitors lost the game in the first inning when Transylvania scored five runs off four hits and erratic support behind Glascock.

## BIG SMOKE COMES BACK

**SAN DIEGO, Cal., April 22.—Jack Johnson, former heavyweight champion, displayed much of his former agility in a four-round exhibition bout today with Ray Neal at Tia Juana, Lower California, according to ringside critics.**

## HIGHLAND CLUB GOLFERS TO HAVE BIG WINDUP YEAR ON OLD COURSE

**1920 Program, Announced by Sports and Pastimes Committee, Includes Two Invitational Tournaments, a Medal Play Event May 15 and a Meeting Preceding Labor Day.**

All the old Highland spirit that has been ever present out there at the old club on the hill for the last sixteen years has been accumulated and set forth in the 1920 program of golfing events announced today by Bill Van Landingham, Jimmy Hamill and Roy Sellery, members of the Highland sports and pastimes committee.

With this program the touch of the old spirit will pervade the play of the Highland golfers from the opening day, May 1, until the windup afternoon, November 6, for this is the last year of the old Highland Golf Club and the old Highland golf course.

In another season the bigger, better Highland Golf and Country Club of 142 acres along White river, northwest of the city, will be a reality, and the dream of years will have come true.

**Backward Glances.**

But as thrilling as is the thought of the transformed and enlarged Highland Club and as triumphant as will be the entry into the new home in 1921 there will be many backward glances at the old course where golfing traditions were formed and where Romeo Johnson and Paul Krauss played their last games.

So the pastimes committee has written in the foreword of the schedule for this season, "Let this season be a banner one for Highland, for this year will see the end of the old Highland Golf Club and the birth of the new Highland Golf and Country Club."

As in the last sixteen years this season will open with a handicap tournament of eighteen holes medal play, and be much the same as in former years.

**Two Big Events.**

The two big affairs of the coming season will be two invitational tournaments, the regular annual Highland invitational medal play event May 15 and a big and entirely new special feature three-day match play invitational meeting on the Saturday and Sunday preceding and Labor day in September. The medal play invitational will be for 18 holes handicap and net play, being open to all members of all clubs in the state and city golf association with prizes for the first and second low gross and low net scorers.

The match play tournament, September 4 to 6, will be open to all players of the city and state clubs also, four flights of sixteen each to qualify according to gross scores on 18 holes of medal play. The schedule follows:

Ringer tournament shall be played throughout season, beginning May 1 and continuing up to and including October 1.

Opening Day Handicap—Schedule, Saturday, May 1. Eighteen holes, medal play, handicap.

Partnership Handicap—Schedule, Saturday, May 8. Player may choose his own partner. Total low net aggregate is the winner.

Invitational Tournament—Schedule, Saturday, May 15. Eighteen holes handicap. Medal play, open to members of clubs in the state and city golf associations.

Handicap vs. Par—Schedule, Saturday, May 22.

Romeo Johnson Memorial Cup, Handicap Tournament—Schedule, May 29, 30 and 31. Match play, handicap. Forty-eight players to qualify into six flights of eight each, according to gross qualifying scores. Qualifying round, Saturday, May 29; Sunday, May 30. First round, eighteen holes, Sunday afternoon, May 30; second round, eighteen holes, Monday forenoon, May 31; final round, eighteen holes, Monday afternoon, May 31.

Foursome Handicap Tournament—Schedule, June 5 (Saturday). Eighteen holes handicaps. Players choose partners before qualifying and continue as partners throughout pairs each. Pairs having lowes continued net scores to qualify into flights of eight pairs each. June 5, qualifying round medal play; June 12, first round; June 19, second round; June 26, final round.

Highland at Kokomo Country Club—Sunday, June 13.

Highland at Indianapolis Country Club—Schedule, Saturday, June 26. Highland six-man team will play Country Club's six-man team.

"New" Highland Golf and Country Club Independence Day Tournament—C. L. Kirk medal. Schedule, July 3, 4, and 5, match play, handicap; forty-eight players to qualify into six flights of eight each, according to gross qualifying scores. July 3 and 4, qualifying round eighteen holes, first round. July 5, second round, final round.

Partnership Handicap—Schedule, Saturday, July 10. Player may choose his own partner. Winner: Total low net aggregate score.

State Championship—Schedule week of July 12 to 17.

Blind Par Handicap—Schedule, Saturday, July 17, medal play, eighteen holes.

Handicap Sweepstakes—Schedule, Saturday, July 24, eighteen holes, medal play, handicap.

Kokomo Country Club at Highland—Team match. Schedule, Sunday, July 25.

Club Championship—July 31 September 11. Scratch play, sixty-four players to qualify, divided into two flights of thirty-two players each. Players in first flight to play for club championship and first consolation. Players in second flight to play for secondary club championship and second consolation.

Highland Invitational Scratch Play Tournament—September 4, 5, 6, three-day scratch tournament for all players of clubs in state and city. Four flights of sixteen each, according to gross scores qualifying round. For Highland players not entered in invitational event, there will be two flights of sixteen players each, according to net qualifying scores. Match play handicap.

Final Round All Flights Club Championship Matches, 36 holes—Schedule, Saturday, September 11.

Foursome Handicap Tournament—Eighteen holes; handicap; players choose partners before qualifying, and continue as partners throughout the tournament. Pairs having lowest combined net scores to qualify into flights of eight pairs each: September 18, qualifying round; medal play, eighteen holes; September 25, first round, match play, eighteen holes; October 2, second round, match play, eighteen holes; October 9, final round, match play, eighteen holes.

Ace Team Match, October 16.—Players over forty-five years of age vs. players under forty-five years of age; medal round. Captains, team over forty-five years, Harry Kahn; team under forty-five years, George DeSantell. It is up to captains to get strongest and largest team possible.

Class Handicap—October 23, eighteen holes; medal play; handicap.

Partnership Handicap—Saturday, October 30. Player must choose his own partner. Winner, total low net aggregate score.

Flag Tournament—Saturday, November 6. Player to place flag where his ball comes to rest after adding his handicap to par of course.

Ball Sweepstakes—Entry one ball. Play as directed by Professor Wallie Nelson, May 8-9, June 5-6, August 14-15, September 11-12, October 9-10, November 12-13.

## FT. WAYNE TEAM, WITH 2,983, TOPS STATE MEET

FT. WAYNE, Ind., April 22.—The Lincoln Lifes, of this city, rolled into first place in the state bowling tournament here last night, with a total of 2,983. They also won the central states championship at Cincinnati early in the year. The Kellers Five, of Muncie, went into eighth place with a score of 2,674. None of the other leaders was displaced.

## BISCUITS WINS MATCH.

DETROIT, April 22.—Stanishaus Zbyszko, Polish wrestler, defeated William Demetral after one hour and two minutes of fast grappling here last night. Demetral suffered two fractured ribs and was unable to continue after the first fall.

## Amateur BASEBALL

The Indianapolis Reserves were not able to play the Anderson Remys last Sunday because of rain. Their date with the Muncie Athletics has been moved up to May 2, from April 25. The Reserves have the best lineup put on the field by that club in years. Included in their lineup is Schwab, c.; Abrams and snyder, p.; Wayt, 3b.; Love, s.s.; Kirsch, 2b.; Shelby, 1b.; Schaaf, lf.; Cooney, cf.; Lee, rf. Jack Grim, former Brooklyn National League catcher, is coach. Other games are booked at Newcastle, Richmond and Lafayette. Practice at Northwestern park Sunday afternoon.

The managers of the Motor League teams will meet at Spaulding's store at 7:30 o'clock Friday night. All prospective umpires and scorers are requested to attend, as the organization of the league will be completed. The Motor League opening, May 1, will be preceded by a street parade.

The Apprentice Printers will practice Friday at Willard park at 5:15 p. m. This will be a real practice game, and the following players are to report: Alberty, Ribble, Younk, Rafert, Smith, Ehrgott, Pringle, Torrence, Miller, Speedy Richards, Goodwin, Pierson, Weaver, Holy, Bishoff, Sargeant, Stitch, Morical, Hines and Markland.

The boys and young men of the North Park Christian church will open the baseball season at Fairview park at 2 p. m. Saturday. The game will be played on diamond No. 2, when the team of the high school class will cross bats with the young men's class. The Rev. J. D. Garrison leads the young men's team. Boyd Courim is manager of the high school nine.

The Merchants Heat and Light club will meet at the manager's residence Friday at 7:30 p. m. All players are requested to be present. Roy Lyster take notice. For games address Paul Felix, 714 South Keystone avenue.

The Commercial Baseball League is in need of several score keepers. Call Woodruff 1674 any time after 5 o'clock and ask for Herschel Ax.

The Indianapolis Athletic Club will hold a practice game Sunday morning, April 25, with the D. A. C.'s Club at Garfield park. Players are asked to call the manager.

There will be a meeting of the Odd Fellows' League tonight at the Em-Roe store. All teams are requested to have their forfeit and assessment money for payment at the meeting. Any lodge desiring to enter will be taken care of at the meeting.

The Indianapolis Merits will open the season at Crawfordsville Sunday with the Eagles of that city. The following players will be with the Merit team: A. Huhn, J. Gaalema, P. Lucid, H. Bishop, B. Bruder, H. Stienmetz, H. Hanning, W. Strahl, W. Rebman and R. Adams. Teams desiring games with the Merits address William Bell, 2117 S. New Jersey street.

The Municipal League will meet Friday night at the Em-Roe store, at 8 o'clock.

With the consent of Harry South, the game between the Military Juniors and the Christamores, which was postponed on account of rain, will be played Sunday. Call Circle 5903 and ask for Herb.

The Military A. A. is booking games with clubs playing in the thirteen to fourteen-year-old class. Call Circle 1598 and ask for Jimmie.

The Dennison club will meet tonight at 211 West Fourteenth street. The Dennisons desire a practice game for Sunday. Address William Thomas at the above address.

The Oliver A. C.'s have organized for the year with a much better team than last year. A few minor league players have joined the club and are now ready to play. Anderson Remy, Muncie, Crawfordsville, Richmond and other state teams are requested to write H. Glesing, R. R. P., Box 285, Indianapolis, care of the Indianapolis Coal Company.

The Eastern Cubs desire games with teams playing in the fifteen-year-old class. Call Prospect 3852 and ask for Morris.

The Bingo A. C.'s will meet Friday night. The following players are requested to be present: C. Riley, H. Riley, Grisel, Christie, Donnery, Liewelyn, Saffell, Bowman, Sadlier and Derl. For games call North 3836 and ask for Herb. A game is desired for Sunday.

The Taokas will put a thirteen-year-old nine on the diamond for the first time this year. Games are desired. Call North 3836.

The W. A. C.'s desire a game for Sunday. Practice will be held at Woodside diamond Sunday at 9 a. m. Credd, Lendeman, Proctor, Lowders, Pooers, Marney, Stephens, Russie and Corriden take notice. For games call Prospect 3814.

## CENTRAL LEAGUE TO BE ALL-MICHIGAN CIRCUIT

GRAND RAPIDS, Mich., April 22.—Announcement was made here last night, by E. W. Dickerson, that the Central League will be a four-club circuit this year, with Muskegon, Ludington, Kalamazoo and Grand Rapids, Mich., comprising the organization. The announcement followed President Dickerson's return from a joint meeting of a proposed Ohio-Indiana-Michigan League at Dayton, at which it developed, he said, only Springfield, O., and Richmond, Ind., were ready to join the league.

The Central League will open its season the second week in May.

## AT EPSOM DOWNS.

LONDON, April 22.—Cossack won the $10,000 City and Suburban handicap at Epsom Downs track yesterday. Square Measure was second and Furious, third. The king's entry, Viceroy, the favorite, failed to place.

### Will Run in Olympics

## SPEEDWAY RACE CARS TRY SPEED AT DAYTONA

TWO ESPECIALLY BUILT DUESENBERGS GO AFTER RECORDS ON FLORIDA BEACH.

Two of the Duesenberg cars entered in the eighth international sweepstakes race of 500 miles for $50,000 at the Indianapolis motor speedway, May 31, and a third, which may be entered, will be tested at the beach at Daytona, Fla., this week. The new creations of the inventive genius of Fred Duesenberg were built especially for the Indianapolis 500-mile race.

Tommy Milton and Jimmy Murphy have been named as the drivers of the two Duesenbergs already entered, and it is expected that either Eddie O'Donnell or Eddie Hearne will pilot the third.

The Duesenberg cars are designed with eight cylinders in line, similar to the French Ballot racing cars. The returns of the speed trials at Daytona will be received with interest by members of the racing fraternity, who are anxious to get a line on these new cars of 183 cubic inches piston displacement.

PETER TRIVOULIDAS.

BOSTON, April 22.—Peter Trivoulidas, native of Greece, who won the American Marathon road race of twenty-five miles here Monday, will run at the Olympic games at Antwerp next summer. Should the fact that he will not have completed American citizenship requirements prevent his representing the United States, he will be sent to carry the colors of Greece. Announcement to this effect was made today by his fellow-countrymen of the Hellenic Association of Boston.

## BUTLER WILL HAVE NO PENN OR DRAKE TEAMS

PAGE SAYS MEN ARE NOT IN CONDITION—THE WEATHER PLAYS HAVOC AGAIN.

Butler will not send a relay team to either the Drake or Penn meets, as previously announced. The men are in no condition to run in such fast events, says Coach H. O. Page, and therefore they will confine their efforts to getting in trim for the next event, the I. C. A. L., which will be held at Butler, May 22.

Inclement weather has kept the men indoors and they have not had five days of real outdor practice this spring. While they are in fair physical condition, they are not acquainted with outdoor running. The majority of the men are freshmen, Captain Paul Draper being the only veteran of the lot.

Coach Page is not discouraged because he has been forced to withdraw his men from the big meets, on the contrary, being entirely satisfied with the material on hand and only wishes time to work it up. He expects to have some real athletes in the I. C. A. L. and state meets.

The track team will continue to practice at Willard Park this week, after which it will move to the new Irwin Field track, which is faster and a better cinder oval.

## CONFLICTS IN MAJORS SHIFT TO NEW FIELDS

EAST MEETS EAST AND WEST TACKLES WEST—ATTENDANCE ENCOURAGING.

NEW YORK, April 22.—Half of the big-time baseball fans who couldn't sit in on the opening games last week will be accommodated today. The same teams, with the same scenes reversed, will appear in the yards that have been dark this season.

The east will fight the east and the west will fight the west in a three-day engagement in the National League, while Ban Johnson has booked a four-day series for his valiants.

The Giants will put themselves liable to another mauling from the Braves in Boston; Brooklyn goes to safe and sane Philadelphia; the Cards will help in the exemplification of the baseball degrees for George Gibson in Pittsburg, and the Reds will try to make Grover Alexander look cheap before his "home-town fans" in Chicago.

**Yanks vs. Athletics.**

Ban Johnson, having let his wrath against the Yankees subside, apparently wished Colonel Huston's boys to win their opening game in Harlem, so he booked them with the Athletics. Mack has been doing things to the Yanks, however, and he may not be bluffed out by a few thousand rabid Gothamites. The Red Sox take their clean slate to Washington, where there isn't much danger from "dirt." Gleason takes his two pitchers, Williams and Cicotte, and his other players to Detroit, and the Cleveland Indians journey to St. Louis.

Attendance at all the games so far this season has indicated another reign of prosperity for the national pastime.

**Varsity Wins Double Bill.**

With a warm sun and a practically dry diamond greeting them for the first time in weeks, Butler baseball men made the best showing of the season Wednesday. The varsity won both games, of an abbreviated double bill, 1 to 0 and 8 to 2. In the opener Gwyn, pitching for the yannigans, gave up but two hits.

**Out for Record.**

DAYTONA, Fla., April 22.—Tommy Milton at the wheel of a sixteen-cylinder Duesenberg, will go after world's records up to fifteen miles in speed trials tomorrow on Daytona beach. The record is now held by Ralph DePalma. Milton has twice made a trial mile in better than twenty-four seconds, which is the record. He expects to make the time officially tomorrow in preparation for the annual race at Indianapolis.

## TEN BALL TEAMS TO COMPETE AT KOKOMO LEAGUE OPENING

KOKOMO, Ind., April 22.—A parade with 6,000 local factory employes in line, four of the state's largest bands and hundreds of out-of-town fans will assist in making the opening of the 1920 season of the Kokomo Industrial Baseball League next Saturday in proportion to the opening of the major league season in the big cities of the United States. The day will be a gala occasion for Kokomo, and all industrial plants will declare a half holiday.

The Industrial League is backed by the manufacturers of Kokomo, who are sparing no time and expense to start the league off in a manner which insures success for the season. The procession will march through the downtown streets and then proceed to the baseball park, where each of the ten teams will compete in two-inning exhibition games. Five hundred players and fans will banquet in the evening.

### ELWOOD CITY LEAGUE.

ELWOOD, Ind., April 22.—The first city baseball league has been formed here, teams representing the American sheet and tinplate factory, the Mac-Beth-Evans glass factory, the Sellers kitchen cabinet factory and the post of the American Legion having posted forfeits to complete the season. William Nagle is president, William Polson vice-president, and Earl McCarel secretary-treasurer of the league, which has the backing of the Callaway park board, where the games will be played. The schedule opens Sunday, May 2, and continues until the end of August, games being played on Sundays and holidays.

### PROPOSED LOOP FAILS.

RICHMOND, Ind., April 22.—The formation of a baseball circuit to include Richmond, Ft. Wayne, Springfield, O., and several other cities probably has failed, and the Richmond Exhibition Company, which recently raised $15,000 by a popular subscription to finance a team this season, expects to refund all contributions. Anderson, Muncie and Lima, O., which were expected to become a part of the league, turned down the proposition and all efforts to create either a six or an eight-club circuit have proved unsuccessful.

# BIG RACE DEMAND FOR FAST YOUNG PROSPECTS

### WHITNEY TO DRIVE VERLIE PATCHEN IN FREE-FOR-ALL PACES—LOCAL GOSSIP.

The demand for fast young prospects remains strong. It probably is more insistent than at any previous time in recent years, if not in the history of American racing. Everywhere men are searching for young trotters that look good enough to try with in the rich events. Last week Ed Gillies, the New England trainer, was at the Indianapolis track searching for material, but found none which he could purchase within his limit, for the patron he represented. From here he went to Lexington, Ky., and there in the heart of the trotting nurseries, he purchased Lockwood Ally 2:27½, the champion yearling trotting gelding, paying a long price for him. Lockwood is a son of U. Forbes (2) 2:12¼, the sensational young Kentucky stallion, whose get are being sought for eagerly these days because they trot fast and early uniformly. Lockwood is engaged in about all of the futurities and this year will have a chance to start in those which have a two-year old attachment.

**Whitney's New Mount.**

Verlie Patchen, 2:02¼, now at the state fair track, is very likely to be a contestant in the chain of free-for-all paces which will be given on the Ohio Short Ship circuit this season. Last year Verlie got two second moneys out of this line, taking two heats from Lillian T., at Canton, and finishing next to Single G. in a duel at Akron. It is hardly important enough to be termed a coincidence that Al Whitney, who reined Lillian T. in her races last year, is to have the mount behind Verlie Patchen this season, and that Sep Palin, who had the daughter of Roy Patchen in his charge, may engage in some of the merry tilts with Eva Abbe, 2:03, a mare that should, on her 1919 performances in Palin's hands, prove equal to an interesting clash with any of the fast brigade.

Eva is nominated in the 2:09 paces through this circuit, but it is barely possible that with the big purse which is hung up, there might be sufficient inducement to give her another chance with the bears, which probably will contain Single G., 1:59¾, and other stars which have flirted around the two-minute mark when racing on the mile tracks.

## BRIEF TELEGRAPH SPORTS

TORONTO, Ontario, April 22.—Race track representatives yesterday urged the Ontario provincial government to defer imposing the proposed daily tax of $10,000 on race tracks until the Dominion government makes its decision in regard to taxing pari-mutuel machines at the tracks.

LONDON, April 22.—Captain Turner and twenty-three members of the crew of the yacht Shamrock IV, Sir Thomas Lipton's challenger for the America's cup, sailed for New York today on board the steamer Lapland.

NEW YORK, April 22.—Columbia University's rowing squad departed today for Derby, Conn., where the first and second varsity eights will race Yale over the Housatonic river course on Saturday.

EVANSVILLE, Ind., April 22.—"Lefty" Thomas Nolan, who was in the Central Baseball League two seasons ago and who was forced to give up baseball because of bad health, has been signed to pitch this season for the independent ball team at Newburg.

DES MOINES, April 22.—Twenty-nine colleges and universities of the west and midwest are entered in the Drake relays to be held here next Saturday, Drake officials in charge of the meet announced today. In addition thirteen high schools will be represented.

MORGANTOWN, W. Va., April 21.—Ira E. Rodgers, West Virginia University's all-American full back of last season, has been appointed assistant athletic coach of the institution, according to a statement made public by the athletic committee here today.

## SHORTRIDGE DEBATING TEAM

These are the members of the tristate debating team of Shortridge High School, who will take the affirmative in a debate with a team from the Louisville Boys' High School, at Caleb Mills hall, next Monday at 3 p. m. The boys in the picture, from left to right, are: Richard Coons, John Ferris, captain, and Gordon Griffith. The subject for the debate here is: "Resolved, That the final draft of the league of nations covenant shall be ratified by the United States." The tristate debating league is composed of the two schools named and the Walnut Hills High School, of Cincinnati.

## Coming in Tarkington Play

GREGORY KELLY.

Gregory Kelly, well known to Indianapolis theatergoers through his engagements for several summers with the Stuart Walker Company, has one of the leading roles in "Clarence," a comedy by Booth Tarkington coming to English's next week. His new role is similar to that played capitally in another Tarkington play, "Seventeen." "Clarence" has been the most successful play by the Indiana author in a number of years and has been generally received as his best work. Ruth Gordon, also well known in Indianapolis, has an important part in the company to be seen here.

## PLAYS AND PLAYERS

### AT THE THEATERS TODAY.

English's—"See Saw" ..... At 8:15
Murat—"Gaities of 1919" ..... At 8:10
B. F. Keith's—Vaudeville.. At 2:15 and 8:15
Lyric—Vaudeville ..... Continuous

**Notes of the Stage.**

The first "discovery" of the new season in the New York theaters was Miss Dorothea Mackaye, a Denver girl, who made her metropolitan bow in the leading feminine role of "See-Saw," Henry W. Savage's comedy-with-music, which comes to English's tonight for a three-day stay.

Stewart Baird, who has a principal part in the Shubert "Gaities of 1919" at the Murat, is one of the best known and most sought after of leading men. He was recruited for musical comedy from Winthrop Ames's New York Little theater company. He had a leading role in "The Kiss Burglar" during its New York run.

In "Clarence," next week's attraction at English's Gregory Kelly and Ruth Gordon, are cast in the roles of typical Tarkington adolescents. Both have made great successes in their respective parts. The entire Chicago company will appear here with Robert Adams in the title role and Betty Murray in another important part.

Marie Cahill, who comes to B. F. Keith's next week is not a regular visitor in variety theaters. Her success has been made in musical comedy, "Nancy Brown," "Marrying Mary," etc. She was in the all star "Pinafore" cast. Her present appearance in vaudeville is preparatory to an engagement in a musical comedy now being made ready.

Charlie Bentley and Pete Walsh, equilibrists, at the Lyric this week, have been vaudeville partners for fifteen years. Before entering into partnership with Bentley, Walsh was a circus acrobat and Bentley was a baseball player and all-round athlete.

## INDIANAPOLIS SCHOOL NOTES

**ARSENAL TECHNICAL.**

Miss Ruth Stone called a meeting of all girl scouts in Tech to discuss the buying of a flag for the flag pole and presenting it to the school. Miss Stone appointed a committee to make further plans. Miss Adele Renard is chairman.

Costumes for the class play, "Prunella" have arrived from Philadelphia. The pupils who have made posters to advertise the ticket sale for the play include Lillie Mock, George Paton, Zenda Bertram, Olive Roberts, Regina Farley, Robert Jones, Leo Wood, Fort Koons, Dwight Casey, Carl Zollner, Mattie Jones, Catherine Mueller, Sabra Lewis, Helen Lundman, Hazel Meier, Keith Hoffmier, Ruth Wingenroth, Cleora Quiet, Lucile Hammer and Hester Reid. The "Sachers," a team of twenty-five seniors under the direction of Marie Knarrer, ranks highest in the sale of tickets for the class play.

Names of pupils on the honor roll for this month include Crystal Miller, Trent McMath, Ineva Reilly, Raymond Cork, Marie Knarrer, Donald Campbell, Maurice Conner, Leo Webster, Donovan McCashion, Cranston Mugg, Marguerite Murphy, Loretta Otto, Marguerite Goens, Vera Hawkins, Lo-weche Hatch, Mary Huesing, Doris Hiatt, Harold Harris, Clarence Albert, Ruth Harris, Elsa Rottler, Anna MacSchroeder, Leslie Stoner, Lucile Pill, Paxton Unger, Harold Van Bussum, Marguerite Williams, Catherine Phipps, Thelma Whitney, Gladys Elmore, Mona Frisbie, Florence Cooper, Florence Kreich, Albert Theil, Melyn McCoy, Edna Mitchell, Mary Frances Ogle, Grace Otte, Louise Pauli, Francis Pearson, Margaret Pearson, Ruth Estelle Preston, Irma Iselin, Margaret Keenan, Lael Florence Jesher, Elizabeth Lewark, Muriel Mote, Anna Conway, Alva Goode, Glador Hatch, Gertrude Insley, Doyle Jessup, Anton Johnson, Helen Lauter, Mildred Maslore, Irene Olsen, Olive Parsons, Dorothy Shaffer, Pearl Soltau, Pauline Tallis, Margaret Troy, Howard White, Richard Wilkins, Dick Wright, Joe Zartman, Hilda Smith, Curryer McCardless, Mary Cowger, Herbert Dell, Ruth Fromm, John Raines, Ralph Prange, Marjorie Roch, William Sonnet, Naomi Sundermann, Abe Tunstall, Carroll Warrick, Constance West, Julia Becherer, Mary Bodenheimer, Dorothy Dinsmore, Margaret Garretson, Corinne Scharp, Lillian Selby, Aaron Stroud, Estelle Volk, Frances Von, Theresa Watson, Louis Steinmetz, Paul Weidenhorn, Dorothea Pyle, Florence Pringle, Roland Rapier, Richard Smith, Albert Kull, Melville Lyman, Marie Manuel, Katherine McCoy, John Lazare, Niles Hiatt, Helen Meyerhoefer, Eldena Meier, Edyth Noblitt, Mellra Church, Helen Elrod, Mary Black, Marguerite Daniels, Charles Chandler, Ruth Dinwiddie, Richard Dugdale, Albert Brethauer, Elizabeth Campbell, Irma Cramer, Bertha Green, Dorothy Grimes, Alice Hartje, Esther Hayes, Amos Nordsman, Frances Gray, Leo Greenburg, Gerald Houser, Augusta Kimberlin, Robert Lutz, Richard May, Helen Lattemer, Ruth Sunderman, Evelyn Mills, Cleora Quiet, Louise Rice, Kathryn Smith, Maxine Baird, Thelma Berenigir, Frederick Ballweg, Josephine Buenting, Frances Brown, Robert Adair, August Aldag, Opal Catlin, Lillian Bright, Schuyler Blue, Dolores Healy, Gladys Mitchell, Geraldine Drayer, John Gray, Arthur L. **SHORTRIDGE.**

New equipment has been received by the Shortridge R. O. T. C., including United States magazine rifles, model of 1903, scabbards, cartridge belts and bayonets.

At the last meeting of the Junior Drama League a one-act play, "A Pot of Broth," by William Butler Yeats, was presented. Susan Kolhoff sang and Frances Walters read a paper on the life of Yeats.

High school golf in Indianapolis will begin on Saturday, May 1, when the Shortridge tournament starts. E. A. Rice is in charge of the golf contests at the school. Games this season will be played on the South Grove course. Monograms will be awarded to the best players at the close of the year.

Intensive study of the public library has been begun by the Art Appreciation Club. The building will be studied as a work of architecture and because of its perfection it will be used to illustrate the principles the club has been studying. Mrs. Janet Payne Bowles is in charge of the work of the club.

The Shortridge Alumni Association, of which Robert Brewer is president, will hold its annual banquet the first Friday after commencement. All Shortridge graduates, or the wives or husbands of graduates, are eligible to attend. A short program will be given in the auditorium, beginning at 8:30 and ending promptly at 8, when all will adjourn to the lunchroom where refreshments will be served. The members of each class will be seated at a table of their own and will answer alumni roll call with the number present. After the banquet there will be dancing in the gymnasium. The class of 1920 must have a song and yell. Any member of the class may write either. B. P. Osbon, head of the music department, has agreed to provide the music for the class song. The class members must also elect a speaker for the occasion.

## LLANO GRANDE 'BROADWAY' NOW ONLY A FOND MEMORY

**Blazing Thoroughfare of 1916-17 Border Days Now Gone, Says Visitor —New Town Has Sprung Up.**

(Special to The Indianapolis News)

PRINCETON, Ind., April 22.—R. E. McRoberts, formerly of this city, whose present home is in the lower Rio Grande valley, Texas, has been in Princeton visiting Mr. and Mrs. E. E. McRoberts, his parents. At the beginning of the war, he came back to Indiana and enlisted, serving in this country and overseas.

McRoberts recently has been all over the country where the Indiana brigade was stationed at Llano Grande, on the Mexican border, in 1916-1917, and says little is left of the old camp site except traces of the old company streets. "Broadway," which in the old days blazed with the lights of theaters and curio shops at night while officers and men twirled their ebony canes and swagger sticks is only a memory and not a plank remains of theaters, shops, warehouses or hospitals.

Land companies are parceling out the entire reservation to eager buyers from the north to whom the appeal of two crops a year outweighs the price of $400 an acre that the land companies are asking—and getting, Mr. Roberts says.

Mexican laborers have built many shacks on the site of Llano Grande, and white residents are booming a town named Westlako, between Llano Grande and East Donna.

These are great days for the Mexican laborer and the "spic," as he is called, considers it a cheap job that doesn't pay him at least 30 cents an hour, McRoberts said.

# MICHIGAN DELEGATION LIKELY TO BE SPLIT

### CONTESTS DEVELOP IN SOME COUNTY CONVENTIONS.

### JOHNSON RESOLUTIONS FAIL

DETROIT, April 22.—Senator Hiram Johnson will not have the support of Michigan's thirty delegates, according to indications today.

Although Wayne county congressional district conventions elected four delegates to the national convention pledged to support Johnson for the presidential nomination as long as his name remains before the convention, four county conventions sent "uninstructed" delegations to the district and state conventions, and one county, Menominee, instructed flatly for General Wood. It was in Wayne county (Detroit) that Johnson obtained the primary vote that enabled him to get plurality in the state.

A majority of the counties in Michigan held their Republican conventions yesterday and last night to select delegates to the district and state conventions.

**Contests Develop.**

Heated contests developed in some of the caucasus that may forecast, according to some Republican leaders, a fight for division of the state's delegation to the national convention between the forces supporting Senator Hiram Johnson and Leonard Wood.

Resolutions favoring Johnson failed of adoption in the Calhoun, Jackson and Genesee conventions when objections were raised by Wood adherents. Wayne, Kent, Eaton, Washtenaw, Kalamazoo, Ionia and St. Clair counties instructed for Johnson.

The majority of the delegates were uninstructed.

Most of the district conventions are set for April 26. The state convention will be held at Kalamazoo May 5.

**American Party Candidate.**

TEMPLE, Tex., April 21.—James E. Ferguson, former Governor of Texas, has announced his candidacy for President on the platform of the American party, organized at Ft. Worth, Tex., last August by a faction of the Texas Democratic party. In his announcement Mr. Ferguson expressed opposition to the league of nations, national woman suffrage, national prohibition and compulsory military training. He declared in favor of light wines and beer until the "national prohibition amendment is repealed," promised recognition of the principle of trades unionism and pledged himself, if elected, to grant full pardon to Eugene V. Debs, Socialist leader under conviction for alleged conspiracy to obstruct the draft.

**To Make Tour of Middle West.**

NEW YORK, April 22.—Dr. Nicholas Murray Butler, president of Columbia University and candidate for the Republican presidential nomination, left yesterday with a party of supporters for a speaking tour of the middle west. The first stop will be at Chicago today. From there the party will go to Milwaukee, Madison, Davenport and Grand Rapids. Dr. Butler will return to this city April 28.

## MELZER FACTORY SOLD.

**Million-Dollar Soap Corporation Planned at Evansville.**

(Special to The Indianapolis News)

EVANSVILLE, Ind., April 22.—The Melzer Brothers' soap factory in this city has been sold to Morton Mannheimer, of the Evansville Packing Company, representing Chicago capitalists, according to an announcement made today. It is said that a million-dollar corporation will be organized to operate the plant, making soap and similar products. Byproducts of the Evansville Packing Company will be used. The consideration involved in the deal is said to have been $46,000.

The Melzer factory has not been in operation for the last twelve years, but has been kept in condition for immediate operation. It was reported some months ago that Mr. Melzer refused an offer by a Chicago firm for the plant because the firm planned to use horse tallow in making soap. Mr. Melzer is a friend of dumb animals and is the donor of the $1,000 tontine fund held in trust for the city of Evansville, which, with the interest at the end of 250 years is to be used in equal parts for humane work for dumb animals and the betterment of the city in any way. A few years before the death of Elbert Hubbard, Mr. Melzer also placed $1,000 with him as a tontine fund.

## Both Arms and Leg of Man, Age 80, Are Broken

Emory Deehof, age eighty, was sent to the City Hospital Wednesday evening with both arms and a leg broken and a wound in the forehead, as the result of a fall while tearing down a two-story frame structure at the rear of 2418 Broadway.

### Card of Thanks.

We desire to express our heartfelt thanks to Rev. Davidson, the singers, Shirley Bros., many friends and neighbors for their kind help and sympathy shown during the illness and death of our beloved daughter and sister, Emma Olive McGee, and to all those who gave the many floral offerings. MR. AND MRS. C. E. McGEE AND FAMILY.

### Card of Thanks.

We wish to thank our relatives and friends for the sympathy and kindness shown during the sickness and death of our baby. We also desire to express our thanks for the beautiful floral offerings. W. H. BALDAUF AND FAMILY.

### In Loving Remembrance

of George M. Milan, who passed away 3 years ago today. Three years have passed, and gone! Oh, how I miss you. Friends may think the wound has healed; little do they know the sorrow that lies within my heart concealed. I often sit and think of you when I am all alone, for memory is the only friend that grief can call its own. You were the best that God could lend; a loving husband, father and a faithful friend. I think of you in silence; no eyes can see me weep, but many a silent tear I shed when others are asleep. You toiled along the rugged path of burdens sore distressed until God's angel said: "Come unto Me and rest." YOUR LOVING WIFE, CHILDREN AND GRANDCHILDREN.

### In Loving Remembrance

of our darling daughter, Ethel Biehl Smith, who died 1 year ago today. In the graveyard softly sleeping, where the flowers gently wave, lies the one we loved so dearly in her home and silent grave. We often sit and think of you when we are all alone, for memory is the only friend that grief can call its own. We miss your coming footsteps; we miss you everywhere. Home is not like it used to be since you left us, Ethel dear. FATHER, MOTHER AND BROTHERS.

### In Loving Remembrance

of our little son, James F. Nail, who died 2 years ago, April 22, 1918: How we miss you, darling baby, while you quietly sleep and rest; When we think of how you suffered then we wish God had spared you, and our aching hearts are longing for that sweet face we see no more; earth has lost its glow of gladness, a shadow o'er our life is cast, for our home without our darling is not the same as in the past. MOTHER, FATHER AND SISTER.

### In Loving Remembrance

of our dear son and brother, Harry Wheatley, who left us three years ago today. The golden gates were opened, a gentle voice called Harry home. FATHER, MOTHER AND SISTER.

### In Loving Remembrance

of our dear husband and father, Harry Wheatley, who went away three years ago today. The stream of life flows on, but still his vacant chair. WIFE AND CHILDREN.

### In Loving Remembrance

of John Edgey, who passed away April 22, 1915. Days of sadness still come over us, tears in silence often flow, for memory keeps you ever near us, though you died five years ago. MOTHER AND SISTERS.

HAVE you learned a "trade" that enables you to get a fair envelope every Saturday? Or do you just work around from one "job" to another?
Knowing a good "trade" is like having money in the bank. You always have capital on which to rely when you contemplate learning a trade why not choose
Glove Making,
because it is one that is solely for women; is the lightest of the needle trades, has no dull seasons, is neither noisy nor greasy, has no disagreeable odors, pays high rates and is located out of the factory district in plenty of sunshine and fresh air.

# TRADING IN STOCKS IS LARGELY PROFESSIONAL

## SHORTS DRIVE EARLY, BUT HURRY TO COVER LATER.

## GENERAL MOTORS A LEADER

### Average Stock Prices

The average price of twenty industrial stocks Wednesday was $5.93, off 3.55 per cent. The average price of twenty active rails was 71.54, off 1.62 per cent.

Stocks were heavy to weak in the early period of Thursday's active session but recovered generally later. Easy money and steady buying of standard issues caused heavy covering of shorts. Sales approximated 1,800,000 shares.

NEW YORK, April 22.—Stocks were nervous and unsettled at the opening of today's session, but many of the speculative issues which suffered severe losses in yesterday's violent decline recorded substantial recoveries. General Motors made an opening gain of 5 points which soon was extended to 10, and Crucible Steel, Baldwin Locomotive, American Woolen, United States Rubber, Pressed Steel Car, Vanadium and Replogle rose 1 to 3 points. These advances were offset by further reactions of 1 to 5 points for Mexican Petroleum, Lackawana Steel, shippings and sugars. United States Steel also sold a fraction under yesterday's lowest quotation. Liberty bonds were in process of further liquidation, with new low records for the second 4¼s, third 4¼s and fourth 4¼s.

With the progress of the session, the professional character of the market became more obvious. Shorts directed their attack largely against United States Steel, which was offered in round amounts down to 96½, a loss of 2¼ points. General Motors forfeited its partial recovery and other leaders of yesterday's reaction established lower records. The decline was orderly, in contrast to yesterday's excited dealings, but little support was manifested except at marked concessions. Pressure relaxed appreciably before noon as call money opened at 7 per cent. Sales up to that time approximated 1,000,000 shares.

Further recoveries during the intermediate session carried several leading stocks far above best prices of the morning. Actual gains of 3 to almost 15 points were made by General Motors, Baldwin, U. S. Rubber, Replogle and corn products. Call money was freely supplied at the opening rate.

Yesterday's weakest features made additional recoveries in the last hour. General Motors extending its rally to over 25 points. The closing was firm.

## MAY SELL FEDERAL WHEAT

### Millers Receive Permission From U. S. Grain Corporation.

NEW YORK, April 22.—Permission to resell wheat bought from the United States Grain Corporation was granted to mills throughout the United States in a bulletin issued yesterday by the corporation.

The termination of the wheat guaranty act of 1919, which expires June 1, and the fact that under the resale plan mills have been subject to loss because they have been unable to deliver the wheat for milling, owing to transportation difficulties, are given as reasons for the order.

"In respect, therefore, to all wheat sold by the grain corporation prior to February 1, under its resale plan," the bulletin says, "the grain corporation now releases, effective May 1, warehouse receipts delivered on such sales from the condition originally attached to them requiring such wheat to be used exclusively for milling."

The buyers to obtain release from the milling restriction must arrange with the vice-president of the corporation to take delivery of the warehouse receipts not later than May 1.

### London Wool Auction.

LONDON, April 22.—At the wool auction sales Wednesday, 9,600 bales were offered. There was broadening demand and a hardening in prices, especially for good merinos and Melbourne greasies.

### Japanese Conditions, Exchange and Stock Market Cause Nervous Trading.

NEW YORK, April 22.—There was a renewal of yesterday's selling movement at the opening of the cotton market this morning with first prices 10 to 25 points lower and with active months selling 35 to 55 points below last night's closing figures right after the call. This break carried July off to 38.08c and October to 34.75c or about 200 to 250 points below recent high records, which seemed sufficient to attract a good deal of covering and probably some fresh buying. Prices rallied in consequence, July selling up sharply to 38.47c and October, 35.15c, but the tone of the market was nervous and unsettled with sentiment evidently disturbed by the uncertainty of Japanese conditions, the decline in exchange and the action of the stock market.

Offerings increased in the early bulge, but were absorbed on a setback of 15 or 20 points, and the market showed rather a better tone late in the morning, owing to unfavorable weather forecasts, trade buying and continued covering. July sold up to 38.77c and October to 35.43c, or 25 to 33 points net higher, and about 60 points from the low level of the morning. Some of the reports received here from the south said that spots were not being offered on the decline, and May contracts here were relatively quiet and steady.

Covering continued during the middle of the afternoon and there was also trade buying on the rally which extended to 38.97c for July and 35.66c for October or 45 to 56 points net higher and 80 to 90 points above the low level of the morning.

Futures closed steady: May, 40.91c; July, 38.85c; October, 35.44c; December, 34.50c; January, 33.80c spot quiet; middling, 41.75c.

### Farmers' Co-operative Activities.

[Special to The Indianapolis News]

LEBANON, Ind., April 22.—The Farmers' Federation of Perry and Harrison Township, Boone county, has incorporated the Herr Grain and Supply Company, capitalized at $60,000, and will buy or build a grain elevator at Herr Station on the Pennsylvania railroad, in Perry township. They have also placed an order for their binding twine at 14 cents a pound, delivered at Lebanon, and have pooled their 1920 wool clip. The federation is well organized in Boone county and the co-operative idea has resulted in the incorporation of grain and supply companies at Lebanon and Thorntown.

—April 22—

The day of reckoning came to hog buyers Thursday. They were placed on Easy street by the greatly augmented receipts of 9,000 hogs, and belated trains of the day before had caused a layover of 4,132 hogs, which made a supply approximately of 13,000 hogs available for sale. Local receipts were not the only factor favoring lower prices. The total at 11 markets was 111,000, the largest for a single day since March 23, nearly three times as large as a week ago, and 21,000 larger than a year ago. There were 10,000 hogs in three eastern markets which have had light supplies since the railroad strike began.

There was little trading in the first hour, but finally an outside buyer attracted a seller with a bid of $16.00 for the light hogs and a little later that price was adopted for hogs averaging around 200 pounds and down. One buyer said he offered $16.25 for light hogs at the start, but found only one man willing to sell, and the latter filled his order at 25c less than he expected. Kingan's buyer was a big "bear" and would not take the hogs weighing much more than 200 pounds as high as $16.00.

He bought hogs averaging up to 225 pounds at $15.75, some weighing up to 250 pounds at $15.50. Hogs weighing nearer 300 pounds sold as low as $15.00. A large part of the business at $16.00 was for hogs such as sold at $16.75 to $17.00 on Wednesday and there was more business today from $15.75 down than at $16.50 down on the day before. The general market was 75c to $1.00 lower than on Wednesday, and $1.50 to $1.75 lower than on Monday and Tuesday. Pigs were much lower, with one drove at $15.35 and others from $15.25 down. The prevailing price for good sows was $12.50, but there were a few sales at $12.60. It was estimated that 9,000 hogs were sold.

### Trend for Cattle Lower.

In the receipts of cattle, 1,100 were not enough larger to give buyers an advantage, but they were favored by the reports from other market centers that have experienced considerable loss in prices and the trend in the local situation was against the seller. Part of the rivalry for heifer stock has disappeared and that kind was 25c to 50c lower than on Wednesday, except the fancy light heifers valued from $12.50 up. Various kinds of cows were generally steady, but buyers seemed more particular in making selections and sales strictly according to merit meant fewer dollars to the owner.

The demand for steer cattle was not as aggressive as it has been recently, but is still about equal to the supplies. Choice butcher steers in small numbers sold as high as $14.00 and in carlots from $13.50 down. There were not enough heavy steers to affect the market. Bulls continued high, compared to other cattle. Prices for a big run of calves, 1,000, were as much lower as they were higher on the day before and about the same as on Tuesday. There were odd sales, up to $17.50, but $17.00 was the practical top price and other good veals sold at $16.00@16.50. Not enough cattle were available for feeders to establish prices.

## Farmers to Pool Wool

COLUMBUS—Questionaires are being sent to the members of the Bartholomew County Farmers' Association to wool growers of the county, asking for the dates when they will have their fleeces ready to pool. A charge of 1 cent a fleece will be made by those in charge of the pool to cover postage and other expenses.

SULLIVAN—A meeting of Sullivan county farmers and sheep growers held in this city, which was addressed by Claude Harper, sheep specialist of Purdue University, the sheep growers of the county decided to pool their wool and to make Sullivan, Carlisle and Farmersburg the pooling centers.

## STEEL TRADE DISORGANIZED

**Strike Ties Up Deliveries—Buying Curtailed By Fuel Shortage.**

NEW YORK, April 22.—The Iron Age says: While the end of the railroad strike is in sight delivery of steel products is seriously disorganized and return to normal conditions is not expected for a good many days. Buying has been much curtailed in the last week, and manufacturing consumers of pig iron and of rolled steel have been compelled in many cases to shut down fully or in part because their fuel supply was cut off. On Tuesday the situation at Pittsburg, Youngstown, Cleveland and Chicago blast furnaces and steel plants was but little improved.

**Seal Catch at Low Record.**

ST. JOHNS, Newfoundland, April 22.—Thirty-four thousand seals, valued at $175,600, was the total catch during the season, which has just closed. This is the smallest number of seals taken in the history of the industry. The Viking, last of the boats to return, arrived yesterday with a catch of 3,000.

**Cotton Goods Quiet and Steady.**

NEW YORK, April 22.—Cotton goods are quieter with prices steady. Yarns firm. Raw silk unchanged on a low level. Silk and hale hosiery in light demand. More inquiry for corrser wool goods.

## SIDELIGHTS ON MARKETS

—April 22—

Bradstreet's index of wholesale prices of staple goods last week stood at 5.13, the highest of any week since January 22, when prices first showed an inclination to decline. They did decline until April 1. On April 2 the railway switchmen's strike began at Chicago, and from there spread over the country. Meat animals and grains could not move from farms; packing houses and cold storage houses had ample supplies of meats, butter, cheese and eggs, and wholesalers had stores of foods, but could not deliver to fill orders, while perishable goods like green vegetables, were at a famine point. The increase was 4.9 per cent. in the wholesale cost of staple articles of food.

Thomson & McKinnon—There seems a general disposition to expect a rally, but bull market can not be liquidated in one day. Eighty four dollars and sixty cents for the fourth 4¼ Liberty bonds, the best security in the world, tells the story of financial strain better and in fewer words than anything that may be written on the subject, and it needs no further comment.

The board of directors of the Bethlehem Steel Company today declared a regular quarterly dividend of 1¾ per cent. on both Classes A and B of common stock payable July 1. E. G. Grace, president of the company, reported the purchase of the bituminous coal properties of the Jamison Coal and Coke Company. The property is said to consist of 7,000 acres of coal land and is equipped to produce 1,000,000 tons of coal annually.

Goodrich Company declares regular quarterly dividend on common, $1.50.

Chicago Comment: Lamson Bros.—It is apparent that the federal reserve board means business in its determination to check the holding of grain and live stock by the country.

Clement-Curtis: In February the corn market had a similar response to the security list, but came back to the old situation of small supplies.

Lewitz & Co.: There is still a good sized long interest.

Bartlett-Frazier: The decline may run further.

Bennett & Co.: Would hesitate about selling on the extreme breaks.

Press & Co.: We advise friends to get out of grain as fast as they can.

## HELD ON FORGERY CHARGE

**Edward M. Fry, of Rochester, N. Y., Arrested After Call at Bank.**

Edward M. Fry, giving his address as Rochester, N. Y., was arrested today on a charge of forgery by Detectives Roche and Fossati after he had called at the Commercial National Bank to collect a draft for $475, said to be forged, that he issued a few days ago on a bank at Sioux City, Ia. He is held under $2,500 bond.

According to the information obtained by the detectives, Fry found a bank book, showing a deposit of $650 at the Sioux City bank and belonging to John Peterson, of that city, at Kokomo, Ind., last week. He exhibited the book to the bank officials as evidence of the supposed deposit in the Sioux City bank and forged Peterson's name to the draft, it is charged.

**Reller Issues Statement.**

[Special to The Indianapolis News]

RICHMOND, Ind., April 22.—Following a controversy, which reached a heated stage here today, as to whether Senator Hiram Johnson, of California, avoided the Tuesday night meeting at Richmond because he did not wish to appear at the same meeting with Senator Warren G. Harding, of Ohio, the committee in charge of the gathering has issued a formal statement.

The real reason for Senator Johnson's failure to appear here is already given—that he did not wish to appear on the platform with any of his contestants," says the statement issued by Will R. Reller, chairman of the committee for the meeting.

It had been said that Senator Johnson failed to appear because he missed a train. Reports here today were that the Californian probably would address a meeting in Richmond next week.

**For Life License.**

Examinations for life license to teach in Indiana public schools will be conducted in Indianapolis, Richmond, Lafayette, Ft. Wayne, Terre Haute, Evansville, Jeffersonville, Bloomington and Valparaiso Saturday. The state board of education directs the examinations.

# GOOD ROADS BOOSTERS MEET AT EVANSVILLE

## ASSEMBLE WITH DIXIE BEE LINE ASSOCIATION.

## MANY FARMERS IN CONGRESS

EVANSVILE, Ind., April 22.—Good roads boosters from Indiana, Illinois, Kentucky, Tennessee, Alabama and other states met here today at the good roads congress, held in conjunction with a meeting of the Dixie Bee Line Association. One of the largest delegations was from Cannelton. It was headed by Henry M. Clemens, formerly mayor of Cannelton and president of the Cannelton Chamber of Commerce.

Charles M. Brough, Governor of Arkansas, and president of the national Good Roads Association arrived early today and was the principal speaker at the afternoon session which was held at the Soldiers and Sailors' Memorial Coliseum.

**Arousing Good Roads Interest.**

The main purpose of the meeting was to arouse interest in good roads in the tristate region; to awaken a keener interest in the propositions to build a bridge over the Ohio river here and another bridge over White river at Hazleton, and in the proposed improved highway fro Detroit to Los Angeles. B. S. Alnutt, a local banker, presided at the sessions. The address of welcome was by Benjamin Bosse, mayor of Evansville and president of the Dixie Bee Line Association. The speakers at the morning session were O. Ray Luhring, of Evansville, representative in congress from the First Indiana district; H. L. Wright, director of the Indiana state highway commission; M. E. Noblet, manager of the Hoosier State Automobile Association, and H. K. Bishop, of the Indiana highway commission.

**Governor Brough Speaks.**

At the afternoon session in addition to the address of Governor Brough, talks were made by William Howell, of Kentucky; A. H. Hinkle, chief engineer of maintenance of the state highway commission; Thomas Taggart, former United States senator; James A. Hemenway, former United States senator; Martin Leucke, president of the Hoosier Highway Association, and C. S. Lanz, of Bedford, state senator and president of the French Lick Route Association.

Ideal weather favored the meeting and many farmers from the tristate territory drove here in their machines. The towns in Indiana as far north as Vincennes sent delegations. Both Illinois and Kentucky had large delegations. Mason J. Niblack, of Vincennes, vice-president of the Dixie Bee Line Association, and most of the county vice-presidents of the association in Indiana, Illinois and Kentucky attended.

**Visitors at Luncheons.**

At the noon hour the members of the Dixie Bee Line Association assembled at a luncheon at the New Vendome hotel and Mayor Bosse presided. The rest of the delegations were entertained at luncheon by the Kiwanis Club at the Hotel McCurdy and the luncheon was presided over by Mr. Alnutt. The convention speakers were divided between the two meetings.

Governor Goodrich, who was invited to attend the meeting, was unable to come, and sent a telegram of regrets. Other telegrams of regret were received from Will H. Hays, Republican national chairman; James E. Watson, United States Senator from Indiana; Frank O. Lowden, Governor of Illinois; Governor Morrow, of Kentucky, and Governor Roberts, of Tennessee.

## FOURTEEN SHOT AT MINE.

**Firing at Butte Begins as Sheriff Tries to Disperse Crowd.**

BUTTE, Mont., April 22.—Fourteen men were shot late yesterday near the Neversweat mine here. Most of the wounded were said to be pickets placed about the mine following the calling of a strike Sunday by the Metal Mine Workers' Union to enforce demands including a wage of $7 for a six-hour day and release of "all political prisoners."

The shooting began, according to Sheriff John K. O'Rourke, while he and a force of deputies were trying to disperse a crowd at the gates of the stockade about the mine. The first shot, the sheriff said, was fired from a window of a nearby boarding house and narrowly missed a deputy sheriff. Immediately afterward, he said, "shots were fired in all directions."

Both police officers and the deputy sheriffs said they fired no shots. A large number of special deputies were sworn in by the sheriff.

Hugh B. Haran, a guard in front of the Daily Bulletin, said to be the organ of the Metal Mine Workers' Union, No. 800, I. W. W., was shot and killed today by Joseph Papst, another guard. Papst, who was arrested, said the shooting was accidental.

**Federal Troops Ordered to Butte.**

SAN FRANCISCO, April 22.—Announcement that he had complied with the request of Governor Stewart, of Montana, that troops be sent to Butte as the result of mine strike disturbances there, was made here today by Lieutenant-General Hunter Liggett, commanding the western department of the army. The size of the detachment was left to Major-General John F. Morrison, commanding Camp Lewis, he said.

## ACCUSES PHYSICIAN.

**Thomas O'Neil Tells Police That Dr. Brayton Gave Alcohol to Several.**

Dr. Frank Brayton, 2125 Broadway, was arrested today on charges of drunkenness and operating a "blind tiger" as a result of a complaint made to Sergeant Chitwood and two patrolmen by Thomas O'Neil, giving his address as 3125 West Michigan street.

Karl Kaster, 3424 West Washington street, who was with the physician, was arrested on a charge of drunkenness.

According to the story told by O'Neil, Brayton invited him, Kaster and several other young men to his office in the Newton Claypool building, and gave them alcohol. The police say Kaster had two bottles of alcohol in his pockets. The arrests were made at Pennsylvania and Ohio streets. Dr. Brayton said the liquor was not supplied by him. He said it was brought to the office by Kaster.

## FEE CASE REVERSED.

**Supreme Court Rules on Center Township Justices of Peace Appeal.**

The appellate court has reversed the Marion superior court for holding that justices of the peace of Center township, Marion county, are not entitled to receive insanity inquest fees. The case came to the appellate court in an appeal by Charles H. Mueller from a judgment of the superior coudt sustaining a demurrer to his complaint against the board of commissioners seeking to recover such fees.

The court holds that the provision of the statute providing that justices of Center township should receive "$2,000 a year in full payment for all services" was passed prior to the enactment of the law giving insanity inquest fees, so that it did not prevent the justices from receiving the fees for the inquests under the later law.

**Protest Against Geddes.**

NEWARK, N. J., April 22.—A telegram protesting against the recognition of Sir Auckland Geddes, the new British ambassador, as "ambassador from Ireland," has been sent to Secretary of State Colby by Eugene F. Kinkead, of Jersey City, chairman of the New Jersey state committee for Irish independence, which claims a membership of 600,000.

**Rules In Favor of Mueller.**

Members of the board of county commissioners today ruled that the office of Charles H. Mueller as a justice of peace for Center township has not been vacated, and Mueller is entitled to continue to hold the office. The ruling was made when the commissioners denied a petition of W. E. Henderson, a colored lawyer, to be appointed as Mueller's successor. Mueller's elective term has expired, but no successor has been elected, and a decision has been made in superior court that the commissioners are not authorized to appoint a justice of the peace.

## ACCUSED OF BURGLARY.

**John Garvin Had Two Stolen Pocketbooks When Arrested, Police Say.**

John Garvin, colored, 1112 Myron street, was arrested on a charge of burglary today by Lieut. Woollen and Sergeant Marren, a short time, the police say, after he had entered and robbed two houses. Two pocketbooks taken from the houses, were found in his possession. Garvin waived examination in the city court and was held to the grand jury under $7,000 bond.

One of the purses belonged to Pearl Payne, 934 Stillwell street, and was taken about midnight from a table in the front room of her home. The other belonged to Minnie Kiefer, who rooms at the home of William Taylor, 705 East Pratt street. The Kiefer woman's purse was empty but the other contained about $3.

Garvin was caught while Lieut. Woollen, Sergeants Marren and Houston and the emergency squad were searching the territory in the vicinity of College avenue and Eleventh street for a negro who had been peeping in the window of the home of Mrs. H. J. Ready, 926 College avenue.

# INDIANA BELL TELEPHONE COMPANY

## Telephone Toll Rates

Your attention is again invited to the advantages and economies which may be had under our present Toll Rate Schedule.

**"STATION TO STATION" RATE**

When a person makes a toll call without specifying that conversation is desired with a particular person, and the connection is established and conversation held, the "station to station" rate applies.

"Station to station" calls should be made by number wherever Telephone Directory information is available. Where this information is not available at the calling telephone, such calls may be made by giving the toll operator the name and address of the subscriber at the telephone called.

**"PERSON TO PERSON" RATE**

When a person makes a toll call, specifying that conversation is desired with a particular person, and the conection is established and conversation held with that person, the "person to person" rate applies.

As this service requires a greater amount of operating effort and use of toll circuits, the rate for such calls is about one-fourth greater than the "station to station" rate.

The "person to person" rate is computed on the day rate between the points involved, whether the call is made during the day or during the night, and the minimum charge is 15c.

No "person to person" call is accepted where the "station to station" rate is less than 10c.

**"REPORT CHARGE"**

When a "person to person" call is made and the particular person desired is not in or will not talk, or when an exact telephone address of the particular person desired has not been given and he can not be reached at a telephone within one hour, a "report charge" applies.

Such a charge also applies if the calling party is absent when the connection is completed within one hour, or if he refuses to talk.

This charge is to cover compensation for the operating work performed and use of toll circuits, and is approximately one-fourth of the "station to station" rate.

In any case where a "report charge" applies, the minimum charge is 5c.

**"APPOINTMENT" RATE**

When the calling party in placing his call appoints a definite specified time at which he will talk on a "person to person" basis and the conversation is held at the specified time, the "appointment" rate applies.

The "appointment" rate is approximately one-half greater than the "station to station" rate.

The "appointment" rate is computed on the day rate betwen the points involved, whether the call is made during the day or during the night, and the minimum charge is 20c.

No appointment call is accepted where the "station to station" rate is less than 10c.

"Report charges apply under the same general conditions as specified for "person to person" calls.

**"MESSENGER" CALLS**

When a call is made on a "person to person" basis and a messenger is required to secure attendance of the designated person at a public pay station at the distant point, the "messenger call" rate applies.

This rate is the same as the "appointment" rate for the same distance, plus any charge for messenger service.

The "messenger call" rate is computed on the day rate between the points involved, whether the call is made during the day or during the night, and the minimum charge is 20c.

Messenger charges incurred are to be paid, even if desired conversation is not held.

No "messenger" call is accepted where the "station to station" rate is less than 10c.

"Report charges" apply under the same general conditions as specified for "person to person" calls.

**STANDARD TOLL NIGHT RATES**

The following reduced rates for night service on a "station to station" basis only are effective:

8:30 p. m. to 12 midnight—about one-half of the "station to station" day rate.

12 midnight to 4:30 a. m.—about one-fourth the "station to station" day rate.

For the purpose of applying night rates, the time of day at the point at which a "station to station" message originates is used.

The minimum night rate is 25c. Day rates apply on calls made at night when the "station to station" charge is less than the minimum night rate.

**"COLLECT" CALLS**

"Collect" calls are calls for which the charges are reversed; that is, are to be collected from the subscriber at the distant station at which the call is completed.

Such "collect" calls, or reversed charges, are allowed only in connection with "person to person" calls.

**EXAMPLE SHOWING HOW METHOD IS APPLIED**

Assuming the air line distance between toll points to be more than 144 miles, but not more than 152 miles, the following rates for service under the various classes offered would apply:

| | Initial Price |
|---|---|
| "Station to station" rate | $1.00 |
| Completed "person to person" rate | 1.25 |
| Completed "appointment" rate | 1.50 |
| Completed "messenger call" rate | 1.50 |
| Plus messenger charges. | |
| Report charge | .25 |
| Rate between 8:30 p. m. and 12 midnight, "station to station" service only | .50 |
| Rate between 12 midnight and 4:30 a. m., "station to station" service only | .25 |

# TOTALS SHOW JOHNSON STRENGTH IN DETROIT

### WOOD WINS TWO-THIRDS OF MICHIGAN COUNTIES.

### OFFICIAL PRIMARY COUNT

LANSING, Mich., April 22.—The official figures on the recent primary election, announced by the state canvassing board today, show that while Hiram Johnson carried the state in the presidential preference vote, Leonard Wood carried about two-thirds of the counties. Wood carried fifty-three counties, Johnson, twenty-seven, and Governor Lowden, of Illinois, three.

The figures also show that Johnson carried Detroit by a plurality over Wood greater than the plurality for Johnson in the entire state. Johnson's plurality in Michigan is 44,373. Johnson received in Detroit, 69,004 votes and Wood, 16,142. Johnson's plurality over Wood in Detroit being 52,861, or about 8,000 more than his state plurality. Outside Detroit Wood's plurality over Johnson is 8,490.

**Hoover Leads Democrats.**

Herbert Hoover, whose name was on both Republican and Democratic ballots, got first place on the Democratic ballot, leading William G. McAdoo by 5,344.

The official figures announced by the canvassing board are:

Republican—Senator Johnson, 156,939; Leonard Wood, 112,566; Governor Frank O. Lowden, of Illinois, 62,418; Herbert Hoover, 52,503; General Pershing, 17,971; William G. Simpson, Detroit, 3,857; Senator Poindexter, 2,662.

Democratic—Herbert Hoover, 23,895; William G. McAdoo, 18,641; William J. Bryan, 17,910; Governor Edward I. Edwards, of New Jersey, 16,623; Attorney-General Palmer, 11,187; scattering, 380.

**Debs Gets 5,310 Votes.**

On the Socialist ticket, Eugene V. Debs received 5,310 votes.

The board did not certify the vote for Republican national committeemen, because returns from one small county had not been received. The returns compiled, however, showed former Governor Fred M. Warner holding a plurality of more than 45,000 over Oscar B. Marx, his nearest contender.

On the Democratic ticket, William F. Connolly was unopposed for renomination as committeeman.

## FORECAST JOPLIN CONTEST

**Indications of Break at Missouri Democratic Convention.**

JOPLIN, Mo., April 22.—Indications of an impending contest appeared in the Democratic state convention today when the Fifth district (Jackson county) delegation served notice that their caucus had named Senator James A. Reed and Joseph Shannon, Democratic factional leader of Kansas City, as their choice for delegates to the national convention. The members also adopted a resolution to the effect that their national delegation would not be bound by instructions of the state convention.

Party leaders here said this indicated that Reed and Shannon, if elected by the convention, would not abide by instructions to support the administration and the league of nations at San Francisco.

The Fifth district delegation declared it would bolt the convention unless it elected Reed and Shannon.

From some districts rival delegations contested for seats in the convention, the lines being drawn between supporters of United States Senator Reed's opposition to the league of nations covenant. Anti-Reed forces said they had gained a victory when St. Louis delegates by Charles M. May were seated, while Reed adherents made similar claims as to the delegation seated from St. Joseph.

Equal representation for women, the delegation-at-large to the national convention being four men and four women with a half vote each, tentatively had been agreed on.

Governor F. D. Gardner was selected by the state executive committee to preside as temporary chairman and deliver the keynote address.

## SUGGESTS AN EXTENSION.

**State Department Asks Allies to Grant More Time to Germans.**

WASHINGTON, April 22.—Suggestion has been made to the allied governments by the state department that an extension be granted to Germany of the agreement which expired April 10, and which permitted the presence of limited German forces in the neutral zone.

Tentative decision of the San Remo conference to compel strict enforcement of the Versailles treaty, however, is interpreted by the officials here as indicating that the allies have not deemed it advisable to grant the extension.

In the midst of the red conflagration in the Ruhr district, and shortly before the date set for the expiration of the agreement, a note asking an extension of three months for the withdrawal of the forces in the neutral zone was addressed to Premier Millerand, as president of the peace conference, by Dr. Goeppert, head of the German peace delegation. So far as is known here no reply ever has been made to the German request other than the statements of Premier Millerand that Germany must be held to strict accountability for the execution of the Versailles treaty.

American interests, it is said in official circles here, would be vitally affected by the withdrawal of all German police protection from the neutral zone opposite the Coblenz bridgehead. Also reports received here recently by officials have indicated that withdrawal of the armed German forces from that area probably would be set off incipient red revolts in a fringe of German towns fronting Coblenz.

## ASKED TO DISCUSS SUGAR.

**Refiners Invited to Justice Department Conference.**

WASHINGTON, April 22.—Sugar refiners were asked today by the department of justice to come here Monday for a conference to discuss "the general situation affecting sugar supplies and prices."

Howard Figg, assistant to the attorney-general, in charge of the price reduction campaign, declined to make public details of the questions which the government will take up with the sugar refiners. He said, however, that he proposed to go thoroughly into every phase of the situation, including a detailed survey of available sugar stocks and sources of supply. It was understood also that the foreign market, principally Cuba, would be studied with a view to determining methods for increasing imports.

## BUTLER COLLEGE NOTES

Butler honored its two winning debating teams in chapel Tuesday, the speakers including Dr. Thomas Carr Howe, president of Butler; Professor William C. Morro, dean of the Butler ministerial college and in charge of forensics; and Wayne Harryman, Telford Orbison, Henry Bruner and Walter Shirley, the members of the two teams that won for Butler the tristate debating title of Indiana, Illinois and Wisconsin.

Louise Corey, president of the Butler Y. W. C. A., represented Indiana at the first national student volunteer council at New York. Gladys Lewis and Talitha Gerlach, Butler representatives at the national Y. W. C. A. convention in Cleveland last week, had charge of the Butler Y. W. C. A. meeting Wednesday giving a report of the convention. On May 15 and 16, the Indiana intercollegiate cabinet council will be held here under the auspices of Butler. Colleges represented will be Earlham, Franklin, Hanover, Danville Normal, Purdue, DePauw, Muncie Normal, Central Normal and Terre Haute Normal.

This is the second of these concerts. Admission is free.

# KOSCIUSKO CANDIDATES FILE MANDAMUS ACTION

### NAMES LEFT OFF LISTS FOR COMING PRIMARY.

### NO CONTESTS FOR OFFICES

[Special to The Indianapolis News]

WARSAW, Ind., April 22.—Mandamus proceedings were filed in the Kosciusko circuit court today against the election commissioners of Kosciusko county. The action was brought by thirty Democratic candidates, whose names were left off the primary ballots by the election commissioners because there were no contests.

The election commissioners, John A. Sloane, Russell H. Butler and C. W. Scott, are charged with ignoring the petitions of the thirty Democratic candidates "in open violation of their mandatory duty." An order of court is asked requiring that the ballots be reprinted and all the names of Democratic candidates placed on the ballots.

The election commissioners omitted the names of all candidates on both parties who were unopposed, acting under the section of the Indiana primary law which provides "That whenever in any county, township, city, district, circuit or other political subdivision, there is no contest in any party for the nomination of candidates for any office to be elected therein, no primary for the selection of such candidates shall be held and the election commissioners shall certify the names of candidates for which there is no contest the same as though a primary election had in fact been held."

The case will be heard before Judge F. E. Bowser in the circuit court. The ballots have been printed.

## DENIES OPERATORS' PLAINT

**Witness Tells Senate Committee Indiana Coal Can Be Stored.**

[Special to The Indianapolis News]

WASHINGTON, April 22.—Indiana coal can be stored for indefinite periods as well as any other coal and Indiana operators would not be at a disadvantatge in the passage of the pending bill for seasonable coal rates, according to Eugene McAuliff, of the American Institute of Mining and Mettalurgic Engineers, who testified today before a senate investigating committee.

The bill proposes coal prices 15 per cent. lower than tariff schedules in the summer and 15 per cent higher in the winter, the idea being to cause people to buy and store coal in the summer. Indiana operators had complained, saying they would be at a disadvantage, as their coal deteriorated rapidly and could not be stored.

## SEARCH IS UNSUCCESSFUL

**Clairvoyant Inspired Hope of Finding Wogoman's Body.**

[Special to The Indianapolis News]

GOSHEN, Ind., April 22.—Relatives of Perry Wogoman, who has been missing several days, Goshen police and many others dragged Rock Run creek, which runs through the heart of the city, yesterday in an unsuccessful effort to find the body of Wogoman.

The search was inspired by a local clairvoyant, who told Wogoman's relatives that the man's body would be found in the channel of the creek between the Goshen and Michigan branch railroad bridge and the dam of the municipal water plant. Wogoman was last seen near the bridge.

## PUSSYFOOT ARRIVES.

[Special to The Indianapolis News]

WASHINGTON, April 22.—By today's army orders Captain Edward R. Elam, corps of engineers, is relieved from station and duty at Camp A. A. Humphreys, Va., and detailed as professor of military science and tactics at Rose Polytechnic Institute, Terre Haute. He will proceed on or before April 23 for duty accordingly, relieving Captain William D. Weidlein, corps of engineers.

Herbert K. Jones, 4717 Baring avenue, East Chicago, is included in this week's list of candidates for admission to the United States military academy July 1 by certificate.

Representative Louis W. Fairfield, of the Twelfth district, has accepted invitations to deliver addresses as follows: Pleasant Lake, Ind., April 29; Northwestern University, Evanston, Ill., April 30, and Cromwell, Ind., May 7.

# BEAT INSANE PATIENTS, SAYS JURY INDICTMENT

### FORMER CELL BOSS CHARGED WITH ASSAULT.

### OUTCOME OF JAIL PROBE

Lester Mitchell, age twenty-nine, formerly a cell boss in the Marion County Jail, where he was held awaiting trial on charges of larceny, and now a prisoner at the Indiana State Farm, was indicted by the county grand jury today on two charges of assault and battery.

Mitchell is charged with assaulting and beating Jesse Toomey and Kirby Bowen, insane patients, who were held at the jail awaiting removal to the hospital for the insane. Bowen died at the Central Hospital for the Insane, a few hours after he arrived at that institution. The coroner's report on his death did not indicate that his death had been caused by injuries or mistreatment.

**Testimony in Jail Probe.**

Prisoners who testified in federal court regarding jail conditions, told of "an insane man being brutally treated by a cell boss." They said water was turned on the patient with a hose. It is understood prisoners testified before the county grand jury that Mitchell was the cell boss who mistreated Bowen and Toomey.

Mitchell was sentenced to the State Farm for a year by Judge James A. Collins in criminal court, March 24.

**Juror Resigns.**

S. B. McHaffey resigned today as a member of the grand jury. He served on the jury during the investigation of jail conditions which led to the indictment of Robert F. Miller, sheriff, five former deputy sheriffs and guards. Mitchell and another former prisoner who has not been arrested. A member of the jury to take Mr. McHaffey's place will be chosen Monday.

## Will Reunites Family

## APPELLATE COURT

**Abstracts of Opinions Announced April 21, 1920.**

APPEALS—SUFFICIENCY OF EVIDENCE.

10273. Peter Bosler et al. vs. Joseph Birk. Affirmed. Dubois C. C. Batman, J.

(1) The appellants sued the appellee upon a promissory note. The appellee answered and filed pleadings in the nature of cross-complaints and set off. The court found for appellee and rendered judgment against the appellants. On appeal the appellants have waived all questions other than the alleged matter that the findings are not supported by evidence and are contrary to law. The court reviews the matters and holds that the evidence is ample to support the finding of the court.

APPEALS—BRIEFS.

10332. Mary Martens Poole vs. George Martens et al. Porter C. C. Affirmed. Enloe, J.

The court reviews the failures of the brief to set out the record and otherwise comply with the rules of the court and holds that no question is presented and that the 1917 acts, Page 523, can not remedy the defects.

INSURANCE—PRESUMPTION OF DEATH —WEIGHT OF EVIDENCE.

10253. Equitable Life Assurance Society of United States vs. Mary E. James. Vanderburg S. C. Affirmed. Remy, P. J.

This is an action on a life insurance policy on the husband of appellee. There was no direct evidence of his death, but appellee introduced evidence that he was a man fifty-three years of age who had been very affectionate with his family, that he was addicted to the excessive use of intoxicants and had threatened to commit suicide, and that he had left without explanation for delay of return and that diligent search had been made for him, but no trace found, and that such disappearance was over seven years ago. The appellant introduced evidence that he had committed forgery prior to disappearance, and had two witnesses who testified that they had seen and talked to him since his disappearance. The court holds that the appellee's evidence was sufficient to raise a presumption of death, and that appellant's evidence was very proper to meet and overcome the presumption, but that it was for the jury to decide whether or not it did overcome such presumption of death, and as one of appellant's witnesses was impeached and the other's story was somewhat contradictory, it was for the jury to determine whether it would believe them or not, which they evidently did not.

## SAUCE BOILER EXPLODES.

**Domestic Science Pupil Severely Scalded at Pendleton.**

[Special to The Indianapolis News]

ANDERSON, Ind., April 22.—Miss Esther McCabe, a pupil in the domestic science class of the schools at Pendleton, was severely scalded on the hands and face yesterday when a boiler on a stove exploded while she was making sauce. She was taken to the home of her parents, Mr. and Mrs. Charles McCabe, near Pendleton.

Milk and the School

The real food value of milk was never better shown than in an experiment tried out in Columbus, Ind.

The school physician observed that many children were under weight. Numbers of them were suffering from malnutrition. This condition was due, not to lack of food, but solely to improper feeding.

A simple remedy was tried —one-half pint of milk and a bread and butter sandwich at 10:15 a. m. each day.

After three months' trial the average gain in weight has been 12.2 ounces per month per child, twice the normal average gain for children the country over.

*If your children are not getting enough milk, it's up to you to see that they do. You owe it to them. Order a quart a day for each child in your family.*

## Indianapolis and Vicinity

**Brief Notes of the Day.**

The Mothers' Club of the Boys' Club will give a card party Friday night at 8 o'clock in the clubrooms, Madison avenue and South Meridian street.

Queen Esther auxiliary, Order of Eastern Star, will meet tomorrow afternoon in the social room of the Masonic Temple, Illinois and North streets.

The Liederkranz Ladies' Society will entertain at euchre and lotto tomorrow afternoon at 1417 East Washington st.

Golden Rule Lodge No. 25, woman's auxiliary to B. of R. T., will give a dance Friday night in Buschmann's hall.

**Gaar Williams is Chosen.**

Chairmen for committees of the Architectural League of Indiana were chosen Wednesday at a meeting of the executive committee, to which Gaar Williams was elected to serve in the place of T. C. Steele, who was unable to attend. The chairmen are as follows: Robert Daggett, annual exhibitions; Herbert Foltz, architecture and professional relations; Otto Stark, painting; Clifton Wheeler, decorations; Mrs. Myra Richards, sculpture; W. B. Parker, public action and city planning; H. Roy Kelley, education and scholarship; Harold H. Brown, house committee; William Forsyth, catalogues; Kurt Vonnegut, competition and awards; Fermor S. Cannon, current work; Clarence T. Myers, membership, and Edgar Hunter, audit committee.

**Authorized to Borrow $125,000.**

The Indianapolis board of health was authorized today to make a temporary loan of $125,000 to cover operating expenses of the City Hospital by the state board of tax commissioners. This is in accord with the program adopted by city officials recently to prevent the closing of the hospital because of lack of money. The city officials plan to go before the legislature if a special session is held to ask that a bill be passed giving the city authority to make a special tax levy and then to borrow in anticipation of this revenue.

**Mrs. Reiffel Elected President.**

Mrs. Martin Reiffel was elected president of the South Side Women's Club, which was organized last night at the south side branch of the College of Music and Fine Arts. The club was formed for the purpose of promoting civic improvement. Other officers elected are: Mrs. E. E. Kuhns, first vice-president; Mrs. T. Carey, second vice-president; Mrs. L. E. Lysle, secretary, and Mrs. C. Osborn, treasurer. The next meeting will be Wednesday night at the same place.

**Held to Grand Jury.**

Aldion Frye, age twenty-one, and S. Eden Kurtz, age nineteen, both giving their homes as Dayton, Ohio, who were arrested last night on a charge of issuing a fraudulent check, were held to the grand jury by Judge Walter Pritchard, when they appeared before him in city court today and pleaded guilty. Kurtz's bond is $1,000 and Frye's bond was fixed at $500. The young men attempted to pass a check for $40 at the L. Strauss & Co. store in West Washington street.

**Federal Officer's Auto Stolen.**

An automobile belonging to Bowman Elder, internal revenue collector for Indiana, was stolen Wednesday night from Meridian and Ohio streets, according to a report received by the police. Others who reported their cars stolen were Carlton Albury, 153 North East street; Layman V. Cotton, 130 West Nineteenth street, and H. C. Poyntz, 2547 North New Jersey street.

**Clothing is Stolen.**

An overcoat, three raincoats and about thirty-five suits of clothes were stolen early today by burglars, who broke into a general store operated by Jacob Gilbert at 607 and 609 East Washington street. Burglars also broke into a grocery store operated by Henry Bade, 250 South State avenue, last night, and stole a quantity of candy, gum and cigarettes.

**Tries to End Life.**

Joseph Golas, age twenty-five, 1008 South Illinois street, tried to end his life early today in a bathhouse at 39 West Maryland street, by swallowing several tablets of bichloride of mercury. He told Motor Policemen Finney and Lansing, who investigated, that he was despondent and did not care to live. He was taken to the City Hospital.

**Sues for $5,000.**

Abraham Greenspan has filed suit in circuit court, demanding damages of $5,000 from the Indianapolis Street Railway Company. He says he was injured and his automobile was demolished when the automobile was struck by a street car, March 20.

**Asks Damages of $15,000.**

William Smith, a minor, has filed suit in circuit court asking damages of $15,000 from Hurst & Co. He alleges his leg was broken and he was injured otherwise when he was struck by a truck of the defendant company, March 22, in Capitol avenue.

## ODELL BLAMES HIS WIFE.

**Rochester (N. Y.) Man says She Struck Deathblow.**

ROCHESTER, N. Y., April 22.—James Odell on the witness stand today in his trial for the murder of Edward J. Kneip, placed responsibility for the actual killing of the youth on his wife, Pearl. He testified that Kneip had him by the throat and was choking him into unconsciousness when the young wife took a hand in the fight.

"I swear I never intended to kill him," cried Odell.

District Attorney Love on cross-examination introduced a letter written by Pearl to her father. In it she said that she had brought disgrace to her family and that they would never hear from her again. The file which was wielded on Kneip's head was presented by Love. He wanted to know why the file was taken along.

"For Pearl's purpose and protection," Odell said. "I wanted it for her so that if he got the best of me she would have it to defend herself."

## SOCIAL SIDE OF CHURCHES

The Missionary Society of College Avenue Baptist church will meet Friday afternoon with Mrs. Alice Pritchett, 1537 Ashland avenue.

A journey from Indianapolis to Jerusalem and the return will be shown in stereopticon slides exhibited by Frank Shellhouse at an entertainment at Memorial Presbyterian church Friday night at 8 o'clock, under the auspices of the men's Bible class. Mr. Shellhouse made the journey and took the pictures. There is no admission fee.

# TOMORROW, FRIDAY, OUR BARGAIN DAY

Every offering herewith is below regular marking—every one complies with the requirements of Bargain Friday—which calls for remarkable values. Please note every one.

# A Call from the Great Out-of-Doors

Whether you take your pleasure in "glad" apparel or in the gifts of nature, you'll respond to the appeal of the Ayres news of today.

One paragraph has to do with women's sports apparel, another with rose bushes and shrubs and, by the way, we present a few hybrid perpetual roses this week which we do not hope to have again this year. Another item has to do with a new game—"Loony."

Altogether, it is a joyful advertisement—a sort of rain's-ended-let's-rejoice kind of bulletin.

## Little Stories of Daily Life

**Needed Her Help.**

Will R—— is a high school pupil who knew very little of children until his married sister and her three-year-old son came home to visit the other day. Now the variety of the three-year-old's language amazed his uncle. He said, "Bow-wow" for dog, "bye-bye" for automobile, "mew-mew" for cat, and even "la-la" for the victrola.

The other evening Will came into the house. "Say, sis," he called upstairs to his sister, "you'll have to give me some help. I want to ask this youngster to go with me to a show and I don't know what kind of a noise to make for moving pictures."

**Junior Demands Variety.**

Junior insists on hearing a story at bedtime. He has exhausted all the fairy stories of his entire army of relatives and friends.

The other night Junior made his usual demand for a story. Grandmother, always to be relied upon, racked her brain for a new one and finally had to fall back on one he had heard before. Grandmother saw his lips curl as she started in on the tale. Then he threw back his head, yawned and reached for his grandmother's hand.

"Aw, cut that out, granny," he said. "That's old stuff. Let's talk about the strike."

## WATSON REPORTS $1,538.18

**Indiana Senator Files Expense Account for Nomination Race.**

[Special to The Indianapolis News]

WASHINGTON, April 22.—Senator Watson of Indiana, reported to the clerk of the senate today, in accordance with the federal law, that he had spent $1,538.18 thus far in his campaign for the nomination for senator on the Republican ticket in Indiana. The largest item of expense was maintenance of a headquarters in the Claypool hotel at Indianapolis. The headquarters are maintained notwithstanding the fact that the senator is without opposition for the nomination.

Thomas Taggart, Democratic nominee, says he spent nothing for the nomination.

**The Rev. H. R. Taylor Elected.**

VINCENNES, Ind., April 22.—The Rev. Huston R. Taylor, of the Park Memorial church, in Evansville, was named moderator of the Indiana presbytery, at the spring session held here this week. The Rev. J. S. Howk, a former Vincennes pastor, but now of Evansville, remains stated clerk, and the Rev. W. S. Martin, of the Monroe City church, in this county, was named permanent clerk. Commissioners to the general assembly are Dr. Adolph Kistler, of the First Presbyterian church, of this city; Dr. Hamilton Hynes, of the Grace Memorial church, Evansville, and elders John C. Chaney, of Sullivan, and T. D. Munday, of Evansville. The general assembly meets in Philadelphia in May.

# FEAR 23-FOOT STAGE OF WABASH AT TERRE HAUTE

RESIDENTS MOVE AS RIVER RISES IN SUBURBS.

PROTECTING LEVEE BREAKS

[Special to The Indianapolis News]

TERRE HAUTE, Ind., April 22.—The Wabash river rose two feet here during the last twenty-four hours, and at 7 a. m. today had reached 20.4 feet. It has risen an average of two feet every twenty-four hours for the last three days.

It is expected that the crest will be reached here Friday night, with the probability of a stage of twenty-three feet, the highest for three years.

The water has inundated the lowest parts of Taylorsville, a Terre Haute suburb over the river, and many families have been compelled to move. If a twenty-three foot stage is reached, the water will cover the greater part of the suburb.

The levee which protects the northwestern part of the city broke last night at Maple avenue, and many houses in Swaffordsville, a suburb, were flooded and the occupants compelled to move with their household goods.

Much wheat and oats have been destroyed by the rise in the river, and although not much ground had been broken for corn, work in the corn fields will be delayed.

**DANGER IS PAST AT WABASH.**

**Families Prepare to Return to Homes as River Falls—Rail Damage.**

[Special to The Indianapolis News]

WABASH, Ind., April 22.—With the cessation of storms yesterday, flood danger in Wabash passed, and nearly a hundred families, forced to leave their homes, are preparing to return with the first decided fall of the Wabash river.

The Wabash rose slowly yesterday morning, but late in the afternoon started falling. Reports from points east of here are that the rivers and streams are falling gradually.

The tracks of the Ft. Wayne & Northern Indiana Traction line are under two feet of water for more than two miles, and officials of the company said it was doubtful whether service could be resumed until Sunday or Monday, as considerable ballast will have to be replaced when the water recedes.

The United Paper Board Company plant here was forced to close yesterday morning, when the fires in its eighteen furnaces were covered with backwater, the flood pumps being unable to keep the water out of the furnace room and basement.

Other factories in the river district are continuing in operation, although some of the employes are taken to work in boats.

**WAGONS SWEPT FROM ROAD.**

**Flood Water High Near Columbus—Rural Delivery Stopped.**

[Special to The Indianapolis News]

COLUMBUS, Ind., April 22.—Water from White river stood twelve inches deep in the Columbus water works last night, but has not yet reached a depth sufficient to stop the machinery. Traffic over the concrete road west of the city has been stopped by the water, which overflowed the road and is beginning to undermine the concrete.

An automobile in which three persons were riding became stranded in the water yesterday, and when George Gohn and Ed Crippen went to its rescue with a farm wagon, both vehicles and their occupants were carried into a field by the water, and narrowly escaped drowning. Another wagon loaded with straw was swept off the road into a field and although the driver got his horses out, he lost the wagon and its load.

Wheat and oat fields along White river are covered with water, and great damage is being done to the crops. Carriers of mail on three routes out of the city are unable to make delivery because of the water on the roads.

**Wheat and Oats Damaged.**

[Special to The Indianapolis News]

SEYMOUR, Ind., April 22.—After reaching a stage of more than fifteen feet, White river was slowly receding today.

Flood conditions are the most serious since the high water in 1916. Highway transportation is cut off in every direction around Seymour, and loss in wheat and oat fields is heavy.

J. W. Hustedt, a Seymour undertaker, traveled by train, automobile and boat yesterday in response to a call from a home nine miles away.

**Crest Passed at Lafayette.**

[Special to The Indianapolis News]

LAFAYETTE, Ind., April 22.—The flood in the Wabash river was reported receding today, although the river continued to rise during the night. The crest was reached early today, with a high point of 21½ feet, which was just below the danger point. The water is still deep in the lowlands and the car line between Lafayette and the Indiana State Soldiers' Home is still tied up.

**Ohio Rises Seven Feet in 24 Hours.**

[Special to The Indianapolis News]

JEFFERSONVILLE, Ind., April 22.—For the seventh time since last fall, the Ohio river has passed the twenty-five-foot mark here, and is still rising, with prospects of reaching thirty-three feet. It was at twenty-six feet today, with a rise of seven feet in twenty-four hours and sixteen feet since the heavy rain Tuesday.

No serious flood damage has been reported here.

**Streams Return to Banks.**

[Special to The Indianapolis News]

SHELBYVILLE, Ind., April 22.—Shelby county streams which were out of their banks this week, causing much damage to crops and roads, fell rapidly yesterday and today. All were back in their banks today, except near Marietta.

The grounds of the Shelby County Country Club, north of Shelbyville, were flooded when a levee, built to protect them, broke in two places.

**White River Recedes at Anderson.**

[Special to The Indianapolis News]

ANDERSON, Ind., April 22.—White river receded rapidly today, after reaching the fourteen-foot stage last night. The damage from the overflow in Anderson is in and near Athletic park, formerly used as a fair ground, where the baseball diamond and a half-mile of race track were under three feet of water.

**Warning of 40-Foot Stage.**

[Special to The Indianapolis News]

EVANSVILLE, Ind., April 22.—Sufficient water is in sight to give the Ohio river a crest stage of forty feet by Tuesday, according to a flood warning issued by the local observer today. The flood stage here is 35 feet.

# D. A. R. ELECTION DAY'S CHIEF PROGRAM EVENT

CONTESTS FOR VICE-PRESIDENT-GENERAL SCHEDULED.

ANNUAL PILGRIMAGE FRIDAY

WASHINGTON, April 22.—Election of officers was the chief event on the program for today's sessions of the continental congress of the Daughters of the American Revolution. Although there was a contest for only one office, that of vice-president-general, rivalry for this was keen. Seven vice-presidents-general were to be chosen from the list of twelve candidates proposed yesterday by the nominating committee. Other officers, of whom Mrs. George Maynard Minor, of Waterford, Conn., was the nominee for president-general, were all unopposed. The balloting began this morning, but the tellers were not to announce the result until the session tonight.

An event of interest on the night program is that of the reports of the state regents, who also will bear gifts from their various states. Committee reports and speeches by members of the organization will occupy most of the day. Tomorrow the daughters will make their annual pilgrimage to Mt. Vernon to place wreaths on the sarcophagi of George and Martha Washington.

The nominees for vice-president were: Mrs. Cassius C. Cottle, Los Angeles; Mrs. Anthony Wayne Cook, Pittsburg; Mrs. Charles W. Richardson, Washington; Mrs. Edward L. Harris, Cleveland; Mrs. Singleton M. Ashenfelter, New Mexico; Mrs. Edward P. Schoentgen, Council Bluffs, Ia.; Mrs. James S. Wood, Savannah, Ga.; Mrs. James T. Morris, Minnesota; Mrs. Henry McCleary, McCleary, Wash.; Mrs. Charles S. Whitman, New York city; Mrs. Freeman C. Rogers, Pueblo, Colo.; Mrs. C. D. Chenault, Lexington, Ky.

Nominees for other national officers on Mrs. Minor's ticket are: Chaplain-general, Mrs. Seldon P. Spencer, Missouri; recording secretary, Mrs. John F. Yawker, New York; corresponding secretary, Mrs. A. Marshall Elliot, Maryland; organizing secretary, Mrs. G. Wallace Hanger, Washington; registrar, Mrs. James S. Phillips, West Virginia; treasurer, Mrs. Livingston L. Hunter, Pennsylvania; historian, Miss Jenn Winslow Coltrane, North Carolina; reporter to Smithsonian Institution, Miss Lillian M. Wilson, New Jersey; librarian, Mrs. Frank D. Ellison, Massachusetts; curator, Mrs. George W. White, Mississippi.

**Compulsory Training Indorsed.**

Universal military training was indorsed today by the congress, an amendment to make such training voluntary instead of compulsory being lost for want of a second. There was scattering "noes" on the vote on the resolution, but no call for a division was made. Copies of the resolution will be sent to the house and senate military committees.

**Indiana Contributes $400 In Year.**

[Special to The Indianapolis News]

WASHINGTON, April 22.—Mrs. Caroline E. Holt, chairman of the Philippine scholarship endowment fund, in her report to the twenty-ninth continental congress of the D. A. R., showed that Indiana had given $400 during the year. Mrs. Sheppard W. Foster, national chairman of conservation, read two state reports before the congress. These were the two best, she said, and were from Minnesota and Indiana. Miss Winnie Butler, of Marion, is Indiana state chairman of conservation.

## POSTER TO BE SOLD AT AUCTION

The original of this poster will be sold at auction Tuesday night at the Murat theater when "Bubbles," a musical froth, is presented for the benefit of the Boys' Club Association. The proceeds from the poster as well as the play will go to the Boys' Club to carry on its welfare work among boys of Indianapolis. The poster is the work of Gaar Williams.

Indianapolis Rotarians are preparing for a large attendance at the second night performance Wednesday night. A Rotary committee, composed of George O. Wildhack, Walter Jarvis, Frank S. C. Wicks, Herbert S. King and Charles Rush, has sent a letter to every member of the Rotary Club urging his attendance at the Murat Wednesday night.

"This will be a night of Rotary fun and enjoyment," say the members of the committee. "You will make a mistake if you miss it, especially Meredith Nicholson's song efforts."

Tickets for "Bubbles" are on sale at the Murat box office.
