

WELCOME TO WOOD
CHEERS CANDIDATE

Observers Say Only Question Is Size of His Plurality in Presi- dential Preference Contest.

COST OF LIVING DISCUSSED

General's Program for the Day In-
cludes Addresses at Bloomington,
Lafayette and Crawfordsville.

By W. H. Blodgett, Staff Correspondent
of The Indianapolis News]

**EN ROUTE WITH LEONARD
WOOD IN INDIANA, April 30.—**
Turning his attention to southern and
central Indiana, Leonard Wood today
continued his appeal to Hoosier voters.

Republican presidential preference primary to be held next Tuesday. He left Lake county in the north part of the state last night, arriving at Indianapolis early this morning, where

Everywhere General Wood went he was enthusiastically received and although he was scheduled for speeches at Bloomington, Lafayette and Crawfordville only, he spoke to many hundreds of persons from the rear of trains on which he traveled or from an automobile in which he passed through many smaller towns.

time today, remaining there almost an hour in order to make train connections for Terre Haute, where we will have a night meeting, going from there at midnight to Chicago and touring parts of the Thirteenth Indiana district tomorrow.

Program for Saturday.
Elkhart, Goshen, Mishawaka, South Bend and other points in the extreme

northern part of the state are to be visited Saturday, the candidate going from South Bend to Indianapolis where he will spend Sunday and make his final trip Monday. Before reaching Indianapolis Saturday evening the general will speak at Kokomo in the Ninth congressional district and from arrangements reported to have been made, he will be greeted by a great crowd of Howard county Republicans.

the people have shown the kindest feeling for the general, and those who are familiar with the Indiana situation declare that it is only a question of the size of his vote that will designate his plurality. Some insist

audiences, the general has expressed great gratification at the treatment he has received.

"I have had a great reception here in Indiana," he said. "It makes me feel as if I were at home."

"They can not keep you out of this war, General," shouted one enthusiastic admirer today, which caused the candidate to laugh heartily. He told his audiences that the country

"We don't want to win on the other fellow's mistakes," he declared. "We want to win so that there will be no more mistakes to talk about for mistakes have been made, even though there is no longer any war."

Production and Saving.
General Wood urged every one to save all he can and to produce all that he could. He suggested that the women take an active part in making gardens and thus adding to

"Everybody who has a piece of ground should plant something," he said in one rear train address, "and every one should save all he can. One of the great evils of the times is the high cost of living, and every one of us should bend our energies to bring about a reduction in the high cost of living. We can do this by being producers, and stop paying whatever price is asked of us for the commodities that we must have. That must stop.

"And you and I and all of us can

John Burroughs' Nature Notes

Can You Answer These Questions?
 1. How do baby ducks reach the water from their nests high in the tree tops?
 2. Are crickets and ants frozen in winter?
 3. Is watercress a wild plant?

Answers to Previous Questions.

1. Do snakes fascinate their prey? Many persons believe that snakes fascinate their prey. It would seem as though this subtle, gliding, beautiful creature ought to have some such mysterious gift, but I have no proof that it has. Every year I see the blacksnake robbing birds' nests, or pursued by birds whose nests it has just plundered, but I have yet to see it cast its fatal spell on a grown bird.
 2. Where did chimney swifts originally nest?—It would be interesting to know how long our chimney swifts saw the open chimney stacks of early settlers beneath them before they abandoned the hollow trees in the woods and entered the chimneys for nesting and roosting purposes. Was the act an act of judgment, or simply an unreasoning impulse, like so much else in the lives of the wild creatures?
 3. Do animals act as the result of reasoning?—Nearly all the animal behavior that the ardent public looks on as the outcome of reason is simply the result of the adaptiveness and plasticity of instinct. The animal has impulses and impressions where we have ideas and concepts. Of our faculties I concede to them perception, sense, memory and association of memories, and little else. Without these it would be impossible for their lives to go on.

Know From Experience.

[Boston Transcript]

"Yes, sir, it is really hard to collect money just now. I know it."
 "Have you tried and failed?"
 "Oh, no."
 "How then do you know that money is hard to collect?"
 "Because several people have tried to collect some from me."

SUPREME COURT

Abstracts of Opinions Announced
April 29, 1920.

DRAINS—SINGLE OR DOUBLE ENTER—

23558. The Northern Indiana Land Company et al. vs. Patrick J. Carlin et al. Lake C. C. Reversed. Myers, J.

(1) Seven persons filed a petition for injunction No. 3, while at that time a petition with different signs was on file for the construction of Great ditch No. 3. The court ordered the two causes to be combined and consolidated and drainage commissioners were appointed who filed a report and an amended report covering 115 type-written pages. Remonstrances were filed on the remonstrances to the last report of the drainage commissioners, though it is shown the appellants filed remonstrances to each report, must be construed on the presumption in favor of the action of the trial court to presume that the other remonstrances did not contain the matters relied upon for a reversal of the judgment, but the court holds that the record is sufficiently complete, and if the appellants could show such facts by the record they should have brought that part of the record by certiorari. Wiley vs. Peck, 109 Mich. 178, 61 N. W. 2d 100.

(2) A description of a tract as a part of a forty-acre tract may be sufficient in the report. (3) Where the report was accompanied by a profile report to which it made reference, it was not necessary to write out a statement of the width, depth and location of the ditch at each station. (4) Where the report of the commissioners reported for a double system of drainage where the petition called for one, the report was not according to law. The court, in its opinion, in part says: "It is apparent from the reading of this statute (drainage law of 1907) that the drainage commissioners are given some discretionary powers over the matters they are called upon to determine. However, they are not given a roving commission to plan drainage improvements, or authority to radically depart from the general purpose of the petition, which in a general way points out the ditch to be situated and the method to be pursued in accomplishing the purpose of the petition. The entire wording of the statute unquestionably signifies a definite ditch, the beginning and outlet of which the commissioners must fix. Together with all arms and branches thereof necessary to secure the best results. The words 'arms and branches' as used in the statute, have a well defined meaning, and from slight appearing they were said and are to be given their commonly understood interpretation. Otherwise, then, the words 'arms and branches' found in the statute, refer to ditches branching out from the main ditch or trunk line, and together forming a system of drainage in harmony with the general intent of the petition therefore."

EVIDENCE—LAWS OF OTHER STATE.

23571. The New York, Chicago & St.

Louis Railway Company vs. Albert M. Croy.

Dekalb C. C. Reversed. Lairy, J.

(1) Appellee while working for the appellant a freight conductor was injured one night while running along the side of his train at night at a station in Ohio by falling into the subway of a street under the railroad. This action is under the federal law for damages for his injuries. The negligence alleged on appellant's part was failure to light the subway or to erect barriers to prevent running into it, and failing to construct a footway at the side of the track which would have prevented the injury. The appellee to support his cause introduced in evidence an order of the public utilities commission of Ohio ordering the railroad to construct such footway at the side of the railroad at stations and introduced statutes of Ohio for the purpose of showing authority of the commission to make the order. The court reviews the law and holds that the statute introduced in evidence does not show authority of the commission to make the order.

CRIMINAL LAWS—TRIAL.

23560. State of Indiana vs. William Smith et al. Reversed. C. C. Affirmed.

Townsend, C. J.

(1) The appellees were charged with grand larceny before the mayor's court and pleaded not guilty and were bound over. Afterward over the objections of the state the circuit court permitted them to withdraw their pleas of not guilty and to file a paper called a plea in abatement, to which the appellant filed a demurrer, which was overruled, and the appellant refused to join issue or introduce evidence. Judgment was for the appellees, from which the state appeals. The supreme court upholds the action of the trial court on the ground that the paper called a plea in abatement was an argumentative plea of not guilty, and as such was sufficient to withstand demurrer.

MOOT QUESTION.

23559. Fred W. Keller, mayor et al. vs. Wladyslaw Reverser, St. Joseph B. C. Appeal dismissed. Myers, J.

Appellee obtained a temporary injunction against the appellants, officers of the city of South Bend, enjoining them from interfering with the appellee in running his saloon, and an appeal was taken from the injunction order July 15, 1917. No petition to advance was filed, and when the cause was distributed the 1917 prohibition law had long been in force and held constitutional, making all of the questions attempted to be presented by the appeal moot questions, so that the appeal is dismissed.

Appellate Court.

TRIAL—NEW TRIAL—CONTRACTS—APPEALS.

10225. James H. Hooker vs. C. R. Pease.

Construction Company. Marion S. C. Affirmed. Myers, J.

(1) The appellee used the appellant for a house on the lot for the construction of a building with judgment for appellee. Appellant's motion for a new trial alleges copies of certain pretended written contracts, the existence of which is not proven by the evidence. The court says that the evidence is not sufficiently definite to

present any question. Other indefinite grounds for new trial are held insufficient to present any question. (2) The contract for the work provided that the contractor was to receive extra all the plumbing work amounting to over \$50. It was not error to admit the statement of the plumber as showing the cost of the work. (3) There was no error in the exclusion from evidence of the written proposition made by appellee for the construction of the work prior to entering into the contract, the contract being complete in all its terms. (4) The fact that the contract required all alterations from the contract to be in writing and the price certified to by the architect did not prevent the appellee from recovering for work done directly under the order of the contract. (5) Errors not covered by the motion for a new trial will not be considered on appeal.

WILLS—CONSTRUCTION—AFTER ACQUIRED PROPERTY.

10356. August Wolf et al. vs. Rosa Wolf.

Laporte C. C. Affirmed. McMahon, J.

The appellee is widow of John Wolf, and brought this action to quiet her title to his

lands as against the appellants who were his brothers and sisters. In 1876 he executed a will reading: "I will leave bequeath to my dearly beloved wife the whole of my real estate and money for her lifetime; after her death I will and bequeath my two-thirds to my beloved brothers and sisters." Afterward he sold the lands he then had, and in 1879 bought the farm in controversy upon which he died. He left no father or mother surviving. The question is did the remainder of the undivided two-thirds of the real estate acquired after the making of the will, after a life estate to the appellee, pass to the appellee under the will. The court holds that Section 3123, Burns, 1914, providing that a devise of all of a person's property shall be construed to operate upon the property held at testator's death, is not controlling, for the reason that the testator did not attempt to dispose of one-third of his lands, and therefore did not bring the will within the statute, and for that reason the common law rule must prevail, which makes a will operate only upon the property held at the time the will is executed, and for these reasons the will did not operate upon the after acquired farm.

AFFIRMED ON AUTHORITY.

10228. Massachusetts Bonding and Insur-

ance Company vs. State ex rel. Walter Frank-

lin et al. Martin C. O. Affirmed. Remy, P. J.

This case is affirmed on the authority of Massachusetts etc. Co. vs. Black, recently decided by this court.

Relatives of Hoosier Soldier Find

Mistake at Hoboken.

[Special to The Indianapolis News.]

WARSAW, Ind., April 30.—Pierce relatives of Samuel Reece, who was killed in action in France, were notified that his body had arrived at Hoboken. They went there to bring the body home for burial. Examination, however, revealed that the body was not that of Samuel Reece, of Piercetown, but that of another soldier by the name of Reece.

You do not need to join the overall brigade when you can buy a suit of pre-war quality at pre-war prices.

JEFFERSONVILLE DEPOT
SALE TOTAL \$1,600,000

SUPPLIES DISTRIBUTED IN INDIANA AND KENTUCKY.

U. S. STOCK RUNNING LOW

[Special to The Indianapolis News]
JEFFERSONVILLE, Ind., April 30.—
—Enormous distribution of surplus army supplies and food through the retail store system is indicated by the fact that the sales through the store of the army quartermaster's depot at Jeffersonville until the first of this month totaled \$1,600,000.
The articles sold strictly at retail, except for a small amount sold to charitable and state institutions. Distribution has been made through the store here, through mail orders handled in this city, through substores at Indianapolis, Louisville, New Albany and Lexington, Ky., and through

195 agents appointed under the municipality and community distribution system.

Supplies Handed by Agents.
Supplies still are being handled through these agents who have been appointed on recommendation of mayors, presidents of boards of trustees and judges. A certified check has to be sent with each order, and an agreement to sell at the government price. Ten per cent. rebate is given for overhead expenses, and the government pays freight.
Little of importance remains on hand except roast beef in two-pound cans at 30 cents; corned beef in cans at 20 and 40 cents; canned ham, field and marching shoes, renovated; underclothing, certain articles of hardware, harness and other miscellaneous supplies.

200,000 Pairs of Shoes Sold.
Tomatoes, beans, peas, corn and other staples are exhausted. Through the local depot 200,000 pairs of renovated shoes have been sold at prices from \$1.50 to \$2.50 a pair. All except the rough heavy shoes are now gone.
The retail store at Jeffersonville served the southern half of Indiana and all of Kentucky. That district constituted one of about twenty-five for the distribution of surplus food and clothing supplies.

RESUME JOINT CONFERENCE

Miners and Operators Once More Take Up Scale Agreement.

[Special to The Indianapolis News]
TERRE HAUTE, Ind., April 30.—
The joint conference of members of the scale committees of the miners and operators of District 11, United Mine Workers of America, resumed deliberations today in an attempt to reach a wage agreement for the two years ending March 31, 1922. The chief difficulty in the way to an agreement is the question of the cost of powder to the miners.

At the miners' district convention, which reconvened to discuss this question yesterday, the members of the miners' scale committee were instructed to make a contract with the operators for one year at the lowest rate for powder that could be obtained, provided this price does not exceed \$2.50 a keg, which is 50 cents in excess of the price paid under the last contract.
After taking this action the miners' convention adjourned, subject to call at the conclusion of the deliberations of the joint wage conference, for the purpose of confirming whatever agreement may be reached.

DEMANDS THAT EDITOR PROVE HIS ASSERTIONS

FARM FEDERATION HEAD OBJECTS TO GUIDE EDITORIALS.

LETTER SENT TO BILITER

Proof of alleged insinuations made by the Farmers' Guide, published at Indianapolis, concerning officers of the Indiana Federation of Farmers' Associations or a retraction of statements made about the management of the federation is demanded of Ben F. Biliter, editor of the Guide, in a letter sent to him by John G. Brown, president of the federation. A copy of the letter will be sent to all officers of county associations of farmers in the state, Mr. Brown said.

Mr. Biliter also was requested to attend a meeting in Indianapolis, May 17, of presidents of county associations and other members wishing to come. It is hoped by the federation that Mr. Biliter will appear at this session to "divulge the information you claim to have." The controversy between the Guide and the federation is of several weeks standing.

Attacks on officers of the federation and insinuation of mismanagement have been made editorially. It is alleged by Mr. Brown and he wishes to have a showdown made before representatives of all associations of farmers. The policy of the Hoosier Farmer Organized, the official publication of the federation, of accepting political advertising also has been an issue in the controversy. Officers of the federation say that the alleged attacks from the Guide have been made because it regards the Hoosier Farmer as a competitor.

WATER POWER BILL FIXES FEDERAL CONTROL RIGHTS

Measure Described as Affecting Every Citizen in United States Is Agreed On.

WASHINGTON, April 30.—Described by Chairman Jones, of the senate commerce committee, as legislation affecting every citizen of the United States, the water power bill as agreed on in conference would create a federal power commission, composed of the secretaries of war, agriculture and interior. This commission would have authority over all matters pertaining to the development of water power in which the federal government has jurisdiction or in which it is interested as an owner of lands or other property necessary to such projects.

The bill would encourage the building of headwater storage reservoirs to conserve power production, prevent floods and obtain water for irrigation purposes used for generation of power. Provision is made for construction of locks in power dams in navigable streams so as to extend navigation into the upper reaches of rivers.

At the expiration of the fifty-year license, the government has the option of buying the hydro-electric plants by paying the licensee his net investment or it may issue a new license to the original licensee or to a new licensee who shall pay the original owner his net investment. The government may take over and operate any water power under license in time of war for manufacture of explosives or any use conducive to national safety.

Senator Jones said water power developments to be undertaken on enactment of the bill would have a capacity of more than 4,000,000-horse power and would open up to navigation more than 5,000 miles of the upper reaches of streams.

States benefiting from the legislation in addition to practically all of the western states were named by Senator Jones as Connecticut, Massachusetts, Pennsylvania, Maryland, Virginia, West Virginia, North and South Carolina, Alabama, Georgia, Tennessee, Florida, Arkansas, Ohio, Kentucky, Missouri, Wisconsin and Minnesota.

DEMOCRATS IN BIG RALLY.

Claude Bowers Chief Speaker at Tippecanoe County Affair.

(Special to The Indianapolis News) LAFAYETTE, Ind., April 30.—Tippecanoe county Democrats held an enthusiastic rally Thursday evening at the Jackson Club here, the meeting taking the place of the annual Jackson Club love feast, which is not to be held this year.

Claude G. Bowers, editor of the Ft. Wayne Journal-Gazette, was the principal speaker. Fred Barnett, of Hammond, candidate for the Democratic nomination for representative from the Tenth district, also spoke. George H. Durgan, mayor of Lafayette, closed the meeting with the statement that never in the history of the county had there been closer harmony in the ranks of the Democratic party here.

Mr. Bowers warmly defended the record of the Wilson administration, and said that the enactment of the income tax, rural credits, federal reserve system and tariff laws was constructive statesmanship of the highest order. He declared that no party would ever dare propose the repeal of any of these measures.

In conclusion, he discussed the league of nations and the international situation, and said that all nations are waiting for America to do its part toward stabilization of the world.

Foster's MAY SALES

The bringing of perfect satisfaction to our customers is the real desire of "The Half Century Store." The service we render, the quality we maintain and the value we give must collectively contribute to your satisfaction. No matter what we do, no matter what the price, unless you are satisfied we can not expect you to come again, much less recommend your friends.

To the end that you may know this store better, we have selected the month of May as the time when we will, through our advertising and display, emphasize as never before the many splendid underpriced values not alone in furniture and rugs but in every department throughout the store. These goods are marked with special plain figure price tags, showing our regular price as compared with the present value. You can depend upon these prices remaining as marked as long as the goods are in stock. We do not advance prices. This policy is a great advantage to the public when manufacturers' prices are continually advancing. Much of our big stock was bought before the last advance in price and could not be replaced at our present prices. Obviously it is to your advantage to buy early. Delay means higher cost.

Stone Walls

Along the country roadside, stone on stone
Past waving grain-fields, and near broken
stile,
The walls stretch onward, an unswerving
line
With rankling vines and lichen overgrown
So stand they sentinel. Unchanged, alone
They're left to watch the seasons passing
slow;

The summer's midnight or the winter's snow
 The spring-time's birdling, or the autumn
 moon.
 We traced the snows new gray with moss
 years?
 And did the rough hands tire, the soul
 To this ache.
 The eyes grow dim with all their weight
 Of tears.
 Or did you seem light for some days
 To take
 Those lives are over. All their hopes and
 fears
 Are lost like shadows in the morning-fog.
 —Julia Mathilde Lippmann.

SCRAPS

Keosauqua was first used for light
 ing in 1826.
 Chicago is America's principal
 piano market.
 The first armored vessels were built
 by the French for use in the Crimea
 war.

In the early Greek plays only two characters appeared on the stage at one time.

A Turkish turban of the largest size contains from ten to twenty yards of the finest and softest muslin.

The slide saddle was invented in the

fourteenth century that Anne of Bohemia, who was deformed, might ride in it.

Yaggenen blew open a recreation safe at Harrisburg, Pa., when an explosion so violent that the door was imbedded in the ceiling. Nine dozen eggs in a basket on top of the safe not even one was cracked.

The distribution of the king's money among the members of the Westminster abbey, London, recently, in the presence of a large congregation which included many members of the royal family, was so miserably received as many pennies as the king has years of age, fifty-four, says the continental edition of the London Standard.

The current of water through the ocean which is commonly called the Gulf stream is of varying width and speed, depending on the conditions existing to the conditions. It may vary from 45 to 100 miles, and its course also varies slightly from the regular course usually called by that name is often not popular, unlike the

designate the Gulf stream proper, but much of the oceanic drift of the north Atlantic.

A new application of the method of selenium, suggested by a French scientist, L. Ancel, is to use the selenium cells as smoke recorders on chimneys. A selenium cell is mounted on one side of a chimney or flue, and the amount of light falling upon the selenium and hence the resistance of the cell will depend upon the density of the smoke in the flue; the fire can then be controlled by the galvanic or vanometer records.

That the use of high explosives in modern warfare has about reached the end of its development, is the

Cincinnati is one of six places in the world where steel is strengthened by the Carthusian method. A steel shaft weighing 30,000 pounds, the largest piece ever subjected to the new method, has gone through the process at the city mill.

The shaft was a "hollo-bored tumbler shaft" for use in dredging gold in California, costing about \$100,000. It was heated in an open furnace until heated to just below the melting point. A crane then picked it up and dropped it into a huge vat of water. The water splashed and threw out clouds of oily mist.

The first life assurance society

England in 1698 and the first in the United States in 1850 were both designed for the relief of the poor. The latter was called the Corporation for the Relief of Poor and Distressed Presbyterian Ministers, under a charter from the proprietary government of Pennsylvania. In Philadelphia another society was chartered in Pennsylvania, February 7, 1868, under the name of the Corporation for the Relief of the Poor and Distressed Clergymen of the Church of England in America. In 1812 the Pennsylvania Company for the Insurance Upon Lives and Certain Property in Philadelphia under a charter from the legislature, with a capital of \$500,000. It issued its first policy in 1815. This was the first insurance company in the country.

In man the brain weighs from two to four pounds, the average weight in male European adults being about 40 to 60 ounces, the weight of the body, brain and viscera, being about 150 to 160 of females average about five ounces less. In old age the brains lose both in bulk and weight. Cromwell's brain, age 60, weighed 45 ounces, but this is not accepted by physiologists. Daniel Webster's brain, age seventy, weighed 55.50 ounces. The brain of a 70-year-old female, age 70, weighed 48.50 ounces, tall stature, but intelligent and cultivated, weighed 47.75 ounces. That of a congenital epileptic idiot weighed 36.50 ounces. Flint says that the book of records is full of examples of the brains showing the impossibility of applying to individuals an absolute rule that the greatest brain power

connected with the greatest amount of brain substance."

BURGLARS ATTEMPT TO OPEN SAFE IN A STORE

FRIGHTENED AWAY AFTER KNOCKING OFF COMBINATION.

DEPARTMENT STORE THEFT

Burglars attempted to open a safe in the Famous Furniture Company's store, 418 and 416 West Washington street, early today, but were frightened away after knocking off the combination and drilling a small hole about a quarter inch deep in the outside door. Police and detectives believe the burglars intended to blow off the door with nitroglycerin but were frightened away.

Theodore J. and Leo G. Munchof, sons of Joseph Munchof, proprietor of the store, told Lieutenant Thomas and Sergeant Sandmann that they worked at the store until about 1 a. m. but heard no one about the place at the time they left. The burglars gained entrance by climbing to the roof of a one-story addition at the rear, going through the window of a repair room on the second floor, then down a stairs to a door leading to the main storeroom.

In Department Store. Burglars broke into a department store operated by Mrs. Robert E. Ruth, 1609 South East street, Thursday night, and carried away a large quantity of shoes, neckties, shirts, collars and handkerchiefs. Motor Police officers Harris and Morarty investigated. Robert Blodau, proprietor of a drug store at Vermont street and Indiana avenue, reported to Bicycle Police Officer Beatin and Wilson that burglars gained entrance to his store last night by breaking open cellar window. Nothing of value was taken, he said.

Johnson County Chapter. League of Women Voters is Organized at Franklin. (Special to The Indianapolis News) FRANKLIN, Ind., April 30.—A

board considering Meridian street plan—Maple Road Protest. Establishment of building lines in North Meridian street north of Fall Creek boulevard is being considered by the board of park commissioners. This part of the street was taken over by the board as a boulevard several months ago.

The Maple Road M. E. church, 46 West Maple road, presented a protest to the board against the proposed use of the southwest corner of Third and Richmond streets by the Craig-Hunt Motors Company for an automobile factory building. The park board has asked the board of safety to refuse a building permit for such a building. Thus far no application for a permit has been made by the company.

A petition was presented to the board by fourteen employees at Riverside park asking for an increase of 5 cents an hour, making their scale 50 cents an hour, and also asking to be placed on straight time at this rate.

Johnson county chapter of the League of Women's Voters was organized here Thursday evening at a meeting in the public library. Mrs. Olive B. Lewis, of Indianapolis, was the speaker. She was introduced by Miss Elliott Palmer, of Franklin, president of the Woman's Franchise League of Johnson county. A nominating committee was appointed, and officers are to be announced at the next meeting.

Miss Burnside Tells Clubwomen Training and Trust Are Not Enough. Miss Clara Burnside, supervisor of Indianapolis policewomen, speaking before members of the business women's department of the Woman's Department Club Thursday night, said that training and trust alone will not do for girls between the ages of fourteen to seventeen years. Parents not only must train and trust their daughters, but also must guide them, she said.

Miss Burnside said a girl of fourteen years is not able to cope with the present-day situation, and that it is a crime for parents to thrust their children into the world without some knowledge of the sex problem. She said that parents of high school girls in many cases are responsible for the fate of their daughters, in their zeal for popularity of the girls.

Miss Laurel Thayer, probation officer in the city police court, spoke on the work being done in the detention ward at the City Hospital, and urged that women use their influence to promote legislation for a permanent home for women held for treatment of venereal diseases.

The program also included the reading of William Herschell's "Monday," and Strickland Gilliland's "Difference," by Miss Marie Herzhberger.

Entertainment at Sunnyside. The first entertainment of a series which has been planned by a group of women for the patients at Sunnyside Sanatorium, was given Thursday afternoon in the charge of Mrs. Chantilla White and included readings by Mrs. White, songs by Miss Ruth Hymer, violin numbers by Miss Ruth Essex and dances by Wilma Albermarle. The numbers were enthusiastically applauded. The committee of women includes Mrs. Rufus H. Syfers, chairman; Mrs. Alonso B. Chapman, Mrs. Joseph B. Keating, Mrs. W. B. Gordon, Mrs. Fred C. Gardner, Mrs. E. B. Oscars, Mrs. Frank B. Hunter, Mrs. F. A. Hetherington and Mrs. White.

WATSON OUTLINES VIEW OF BONUS LEGISLATION

FAVORS BILL BUT DOES NOT KNOW WHERE TO GET MONEY.

WRITES TO LEGION POST

(Special to The Indianapolis News)
SHELBYVILLE, Ind., April 28.—James E. Watson, United States senator from Indiana, has outlined his position on the matter of a bonus for world war veterans in a letter he has sent to the members of Victory Post No. 70, American Legion, of this city. It is in reply to a telegram sent to the senator recently by the post, urging him to vote for the passage of bonus legislation.

If money is available, Senator Watson says that he is willing to vote for the bonus if he can see where the money to pay it is coming from. Congressman Richard N. Elliott has informed the local post that he expects that a bonus bill will be drafted and presented in the house soon. The reply of Senator Watson follows:

"I am willing to vote this bonus if I can find out where to get the money. We are going to have a deficit of \$20,000,000,000 of outstanding bonds, the bonus will amount to \$2,000,000,000 at \$50 a month for each month served by each soldier, and the thing that puzzles me is to know where to get the cash.

"You will agree with me, I know, that taxation is most burdensome right now, and it would mean imposing additional burdens upon the already overtaxed business world.

"Also if we issue \$20,000,000,000 of bonds, that will pull down the price of all other bonds, and will thus injure a great lot of bondholders, while at the same time it will not give the soldiers the amount of bonus called for by the face value of their bonds.

"While the boys were in France fighting for \$23 a month, business men engaged in both legitimate and illegitimate affairs made vast sums of money. Common laborers received \$4 and \$5 a day, and skilled laborers from \$10 to \$12 a day, and I am in favor of legislation to equalize this inequality if we can do it without overturning our whole financial structure.

Globe-Democrat Costs More.
ST. LOUIS, April 28.—The price of the Globe-Democrat, the morning newspaper here, will be advanced from 2 to 3 cents for the daily and 5 to 10 cents for the Sunday issue on May 1, the publishers announced.

Mrs. Cora Nielsen Dead.

FINDLAY, O., April 30.—Mrs. Cora Nielsen, seventy-three years old, for many years a popular actress on the American stage, died at the Hancock County Home here yesterday. She was the leading lady in "His Van Winkle," "The French Spy," "Ingomar" and many other plays.

NEW POSTOFFICE DESIRED.

Bill Affecting South Bend May Be Introduced by Hickey.

(Special to The Indianapolis News)
SOUTH BEND, Ind., April 28.—A bill providing for a new postoffice building for South Bend may be introduced at the next session of the congress, probably by Representative A. J. Hickey, of Laporte, who represents the Thirtieth district. Information to this effect has been given to South Bend Lodge No. 225, B. P. O. E., which has been instrumental in bringing the needs of South Bend to the attention of the congress.

Before taking up the matter with the Indiana delegation in the congress, the Elks obtained the support of all local civic, commercial and fraternal organizations. The present postoffice building has been enlarged since it was erected, but the working room is still so cramped that mail is distributed under difficulty.

SUITS RESULT OF STRIKE.

Heirs of Hammond Men Killed Ask \$20,000 Damages.

Three suits, each for \$20,000 damages for alleged personal injuries, were filed Thursday afternoon in federal court against the Standard Steel Car Company, of Pittsburgh, as a result of a shooting affray during a steel strike at Hammond last September. The suits were filed by William P. Levin, administrator of the estates of Stanley Kish, Stanley Krawczyk and Lawrence Duda, all of whom lived in Hammond.

It is alleged that on September 3, 1919, while the three men were standing at Columbia and Highland streets in Hammond, they were killed by shots fired by employees of the defendant company. Each of the three is survived by a widow and children and it is said in the complaint that

E. I. LEWIS THE SPEAKER.

Transportation Club Holds Banquet at Severin Hotel.

Transportation as the biggest factor in civilized progress was discussed by E. I. Lewis, chairman of the public service commission, before the Transportation Club at a banquet at the Severin hotel Thursday evening. C. C. Cameron, general freight agent of the Illinois Central railroad at Chicago, said that to meet the increased demands and costs railroads must receive higher shipping rates.

LOSES \$3,500 AT POKER; NOW SEEKS TO RECOVER

E. J. BRAND GOT MONEY FROM
FRIENDS ON NOTES.

INVITED INTO GAME, HE SAYS

(Special to The Indianapolis News)
BIRMINGHAM, Ind., April 29.—Edward J. Brand, a local insurance man, yesterday told friends here when they sought collection of notes on which he received money, that he had lost \$3,500 in poker games in Brownstown, Crothersville and this city during the last fourteen months.
Brand said that he was asked to visit a poker game more than a year ago and that after he lost money that he would have to stay with the game to get even. He added that he had never played poker before he was invited into the game.
According to his friends, Brand obtained the money on about thirty notes. When his friends learned that he lost the money, they joined him in employing attorneys in an effort to recover the money. It is expected that suit will be filed early next week.
E. L. Lowe of Bedford, prosecuting attorney of the Jackson-Lawrence judicial circuit, also is expected to investigate the alleged poker games. Many persons here are interested in the prosecution and are asking for a clean-up.

WRECK ON BIG FOUR.

Wrecking Crew Works All Night—Six Cars Off in Yards at Goshen.
(Special to The Indianapolis News)
GOSHEN, Ind., April 30.—A wrecking crew sent here from Wabash worked all last night in the Big Four yard at Goshen, where a north-bound freight No. 8 was wrecked yesterday afternoon, causing much damage. No one was hurt.
While the train, going at a high rate of speed, was crossing the New York Central tracks, a hopper dropped from a car causing the air hose to separate and the train to break in two in front of the Big Four passenger station. Six cars were derailed and two of them partly overturned as they went round a curve, and the Big Four part of the Big Four-New York Central interlocking signal system was badly damaged.
The cars wrecked were loaded with gravel for Berlin Springs, Mich. to be used in filling washouts on the Big Four line.

SCHOOL CHANGE CONDEMNED

Labor Council at Richmond Demands Board's Resignation.
(Special to The Indianapolis News)
RICHMOND, Ind., April 29.—The Central Labor Council at Richmond, at a special meeting last night, adopted resolutions condemning the action of the Richmond school board in adding another month to the school year as a means of increasing the salary of the teachers. The resolutions demanded the resignation of the members of the board.
Teachers of the city schools held a meeting last night also, and discussed the new wage schedule. They are to receive an increase in pay and are to teach ten months, instead of nine. Dissatisfaction expressed was that the plan, it is said, only five teachers expressing themselves as willing to accept the new wage schedule without protest.

Norma Greag Obtains Divorce.

(Special to The Indianapolis News)
MUNCIE, Ind., April 29.—Mrs. Norma M. Barnett, widely known in Indianapolis and elsewhere as Norma Greag, a singer and composer of music, has obtained a divorce in superior court from Allen Barnett, a member of the faculty of Georgetown University, Georgetown, Ky., to whom she was married in August. Her maiden name, Norma Greag, was restored.
Mrs. Barnett charged her husband with cruel treatment, and said that he was cold and indifferent toward her from the day of their marriage. The court forbade the plaintiff to remarry for a period of two years. Professor Barnett did not contest the suit and was not represented in court.

Boncel Knit Sports Jackets

Are Introduced in Two
Distinct Styles

They are both shown in the accompanying picture. The one is semi-Tuxedo in effect, that is, it may be buttoned if desired; its back holds a center inverted plait, stitched part way; there are side slit pockets.

The other, in addition to long lapels, has small side tucks at the back, giving a semi-fitted effect which is very chic 'neath a narrow self-belt.

Boncel knit is a pure worsted knitted weave and, fashioned into a sports jacket such as these are, gives necessary protection without weight. In this season's styles they occupy a distinct place in the sports costume, being particularly smart with white silk or serge sports skirt or bright wool skirts.

News of Many Kinds of Wearables

Hats for Girls of 8 to 16 Yrs.

\$5.95 to \$25.00

Large, round hats of limber, rough straw in blue, green, tan and such colors, are trimmed with yarn flowers in contrasting shades and maybe a narrow ribbon of grosgrain. These are for all-time wear.

A bit dressier, though general wear models, are of leghorn and peanut straw in white and natural, trimmed simply with ribbon. Loose braids, medium sized, are trimmed with silk "sashes" in intense colorings.

Dress hats are shown, not only of contrasting colored silks, but of rich silk braids in combination with Pershing orchid pussy willow, or, as in the case of a very beautiful black one, of the silk braid and maline, streaming one very long, rather wide ribbon.

Separate Skirts for Girls

Eight to 16 years of age. Wool check, plaid and stripe skirts in accordeon, box or side plaited styles. Very smart with wide belt. Priced from \$12.75 to \$16.95.

Cotton Blouses to Wear With Them,
\$4.75 to \$10.95

Also in sizes to fit the girl of 8 to 16 years. White organdies with lace trimmed collar and cuffs. White check dimities with sailor collar. White batiste modes with ruffle-trimmed collar and cuffs, stitched in red and blue.

Imported dimities, very sheer and refined and cool; one is in peasant style with square collar and short sleeves. Another simulates a Tuxedo front, the panels lace trimmed.

All Spring Coats Reduced.

These in 2 to 6 and 8 to 16-year sizes. Both full length and sports length models, including serges, coverts, check velours, novelty black and white, homespun, etc., in rose, blue, green, tan. Reduced price range from \$8.75 to \$35.00.

—Ayres—Fifth floor.

Golfers Will Find Perfection in

Stellite Golf Clubs

These things are true of the new Stellite golf clubs, which are not true of the old kind, because the former are made of this perfected metal that is harder than steel.

Stellite clubs will not corrode, stain, tarnish or rust; they possess the hard resiliency of fine steel springs, and form a distance-getting striking surface which is unbeatable. Face and sole plates of this marvelous metal will wear practically forever, retaining always their wonderful smoothness and polished luster.

Stellite golf clubs are sold exclusively in Indianapolis by L. S. Ayres & Co.

Stellite brassies and spoons are priced at \$12.50 the club. Drivers are \$10.50 each.

THE GRAY SHOP

For the Stout—DOLMANS

The Dolman is the most flattering outerwrap that the stout woman has to choose from if she is considering slenderizing lines—or literally Svelt-lines. These new and stylish Dolmans are dispensers of that to the figures of the stout.

Fashioned of Bolivia and basket cloth in taupe and mode, this garment is made with a deep yoke and a large gathered cape collar that extends nearly to the waistline in back and shapes to a shawl effect in front that buttons at the belt. Arrow heads and tailored stitching add a tailored finish. Full length linings are of messaline in matching shades or of figured Cheney silks. Prices are \$60.00 and \$72.50.

—Ayres—Third floor.

Economy Garment Shop

To say that any particular grouping of garments in this shop is of superior value is repeating an axiom, because it is the very purpose for which this shop was established—to sell all the time only garments of reasonable and, when possible, very low prices, at greater than standard values.

Coats at \$13.50 to \$39.50

Silvertones, goldtones, polo cloths, novelty tweeds, Bolivia, serge, tricotine and basketweave.

Police Vote to Doff Coats

(Special to The Indianapolis News)
MUNCIE, Ind., April 30.—Police- men in Muncie will not wear coats in hot weather. The board of safety put the matter up to the policemen and they voted unanimously to discard the coats in hot weather and to wear in- stead blue trousers, white caps and gray shirts.
"A policeman can't be efficient in a temperature of ninety degrees wear- ing a woolen coat," said John Carey, chief of the force.
The proposal that the policemen voice their objection to the high cost of living by wearing overalls and go- ing without neckties was disapproved.

FATHER STARVED TO DEATH

Anderson Men Hear of Fate of Parent in Galicia—Draft Not Honored.
(Special to The Indianapolis News)
ANDERSON, Ind., April 30.—Joseph Sobel, a local merchant, and David Sobel, his brother, have received word from their mother in Galicia that their father died of starvation in March. The letter from the mother was the first word the Sobel brothers had received from their parents in four years.
Several months ago, Joseph Sobel sent a draft through a local bank to his parents, but they were unable to cash the draft. Their mother said in the letter, and continued in want. The father Sobel starved while struggling to provide sustenance for his wife and daughter, Mrs. Sobel wrote.
Joseph Sobel has renewed efforts through the National Jewish Relief Committee at New York to get relief to his mother and sister, and also to provide them with means for coming to Anderson to live.

FIRE MARSHAL TAKES HAND

Spiceand House, Set on Fire Three Times, Is Condemned.
(Special to The Indianapolis News)
NEWCASTLE, Ind., April 30.—A house in Spiceand, owned by Joshua Dickerson, which has been set on fire three times, has been condemned by the state fire marshal. Dickerson has been ordered to remove the house within sixty days. The house is said to be nothing more than a shack, and was moved to its present site in a residence district. There was con-

siderable resentment. It is said, be- cause of this and Dickerson's unwill- ingness to make repairs. An appeal was made recently to the fire mar- shal on the ground that the house is a fire hazard and a menace to ad- jacent property.

A Child's Complaint.
(Boston Transcript)
It is natural, we suppose, that children should expect their small supplications to be answered literally: as in the case of a little fellow who said to his governess in a puzzled, half-indignant tone: "I can't do my sum: I can't, and I did not help me, and He's made three mistakes already."

JOY AND GLADNESS IN THE DOOR

And Hard Work Out the Window!

My, what a number of happy homes we have since Joy Soap came to town. Women go singing about the house- work—and in almost no time every- thing is sparkling!

Joy Soap sure works like a wizard! It does the washing, cleans dishes, bathrooms, windows, floors, anything and everything in double quick time. No wonder so many women are buy- ing it regularly. They can get their housework done quicker, easier and more economically by using this wonder soap.

Joy comes in a firm, white cake—you can just look at it and tell how different it is from other soaps. Use it and you'll be delighted. There is no sticky, "soapy" feel about Joy.

Don't look on housecleaning or dish washing as a terrible duty. Make it more pleasant by using Joy—clean, cool, white cakes of peerless soap.

Ask your grocer for Joy Soap today. Take it home and try it on the dirtiest, meanest job you have. Joy just loves hard work. It does the cleaning—all you do is just rub lightly. Once you've seen it work, you'll never want another soap.—Advertisement.

STATE LIFE BUILDING

MUSIC FESTIVAL MATINEE
IS TO HAVE LIGHTER TREND

Midsummer Night's Dream, Opening Selection—Denton to Play E Flat Concerto of Liszt.

The matinee program for the May music festival at the Murat theater Monday, Tuesday and Wednesday evenings, with a Wednesday matinee, is of particular interest to the young folk. It was arranged with them in mind, and the music will be of somewhat lighter character than that at the evening program.

The matinee opens with "A Midsummer Night's Dream," by Mendelssohn, which includes the famous wedding march. The overture of the piece was written seventeen years previous to the other music, when Mendelssohn was seventeen years of age and was the first orchestral composition to express his own individuality and maturity.

The symphony in E minor, of Schubert, follows this number and the soloist for the afternoon, Oliver Denton, one of America's most brilliant pianists, will be heard in the E flat major concerto of Liszt. An interesting number is the "Rhapsody in Blue" by the famous Gershwin brothers, the Golden Cockerel. The evening program is "The Ring of the Nibelung" by Wagner.

The program for the evening is to be given by the Minneapolis Orchestra, with Rafael Diaz, tenor of the Metropolitan Opera Company.

The festival program opens with the Russian Symphony Orchestra Monday evening with Henry Hadley, as guest conductor, and Tuesday evening, the great Paulist choir of New York. Father Finn, conductor, will present a program of choral works and ballads. Seats for all concerts are on sale at the Ona B. Talbot office in the Hume-Mansur building.

RAGTIME MUSIC SCORED.

Minister Suggests Censorship for Music Stores.

(Special to The Indianapolis News)

MUNCIE, Ind., April 29.—A board of censorship for music stores was advocated by the Rev. J. F. Fraser, pastor of the First Baptist church, one of the city's largest churches, in a sermon on the subject, "Christ in Song." The minister asserted that much of the popular music sold in stores is a disgrace, and that these stores need supervision by a board of censors quite as much as moving picture shows.

"We have cheapened the finest of the fine arts, even in our religious worship, by combining it with the world's miserable doggerel and ragtime in our Sunday schools and churches," he said.

AMERICANISM FAVORED BY COMMERCE CHAMBER

PEACE TREATY "WITHOUT
FURTHER DELAY" APPROVED.

CASH BONUS DISAPPROVED

ATLANTIC CITY, N. J., April 30.—At the closing session of the annual convention of the United States Chamber of Commerce the members went on record in favor of "constructive Americanism," urged that a treaty of peace "should be placed in effect without further delay," and adopted a resolution opposing a cash bonus for soldiers, but favoring immediate provisions for disabled or sick soldiers and their dependents. The opposition to a cash bonus for

soldiers originally had been drafted and approved by the resolutions committee in more comprehensive form calling attention to the alleged danger of certain classes of labor "abandoning work if granted a cash bonus, thus disorganizing industry, causing further increase in prices of necessities and resulting in decreased production."

For Increased Production.
"The country's problem can be largely solved through increased production, thereby restoring proper relations between supply and demand," a resolution said. "In aid of increased production and to enhance its benefits economy must become a cardinal principle with all of our public authorities, federal, state and local, and must be practiced by every citizen." Constructive Americanism, he said, will contribute toward our present progress. It emphasizes American ideals of liberty, representative government, enlightened rule of the majority and supremacy of the law. Of "government and business," it added, "it is essential that our government should scrupulously refrain from entering any of the fields of transportation, communication, industry and commerce or any phase

of business, when it can be successfully undertaken and conducted by private enterprise. Any tendency of government to enter such fields should be carefully weighed in the light of its possible effect upon the very genius of our institutions."

Other Resolutions Adopted.
Other resolutions adopted were: Any other changes in postal rates should await a thorough investigation of costs and determination of postal policies. As a producer, purchaser, seller and employer, the farmer exercises business functions precisely comparable to those of other producers who are business men and "suitable agricultural organizations were invited to membership in the chamber. Until the supply of railroad transportation approximates the demand every possible economy in use should be practiced through fuller loading of cars and promptness in towing and unloading. Congress was urged to request expedite consideration of legislation

relating to a merchant marine and to include "the important principles to which the chamber has been committed." In order that unnecessary obstacles may not impede the use of vessels under the American flag, the shipping board was asked to conform its regulations and conditions governing all important details of operation "to the best standards of commercial usage."

Favors Budget System.
Speedy adoption of a national budgetary procedure, "that the public may know why taxes are levied and how public revenues are spent," was urged.

Concerning war taxation the resolutions said "the chamber understands its committee on taxation soon may be ready to submit a report on a program of federal taxation for the immediate period of readjustment. The report will be referred to the membership for a referendum vote. Joseph H. DeForest, of Chicago, was elected president of the chamber. Elliott H. Goodwin, of Washington, general secretary of the chamber, was

elected resident vice-president in charge of headquarters, and D. A. Skinner, assistant secretary, was made secretary. John Joy Edson, of Washington, was elected treasurer. Frederick J. Koster, of San Francisco, was named chairman of the executive committee. The following board of directors was elected: Bernard J. Rothwell, Boston; Ernest T. Trigg, Philadelphia; John M. Crawford, Parkersburg, W. Va.; M. J. Sanders, New Orleans; John L. Powell, Wichita, Kas.; Edwin Clark Gibbs, Cincinnati; William J. Dean, St. Paul; Clyde C. Dawson, Denver; Nathan Straus, Portland, Ore.

A Difference.

"EASY"

Vacuum Electric
WASHER

The "EASY'S" application of the most practical method of washing is its outstanding feature.

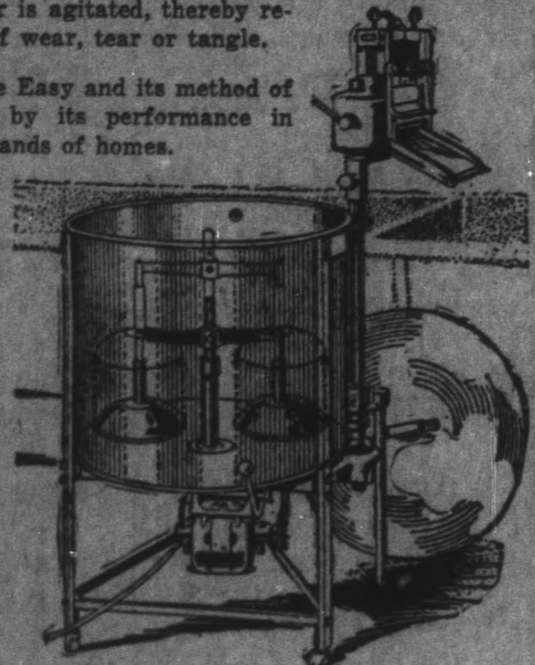

Its two vacuum cups force the hot, steaming suds through and through the clothes—rapidly and with great force. The combined action of the force as the cups go down and the powerful suction as they are raised loosens every particle of dirt—quickly and thoroughly.

The clothes remain stationary in the bottom of the smooth copper tub—only the water is agitated, thereby removing all danger of wear, tear or tangle.

The efficiency of the Easy and its method of washing is proven by its performance in thousands and thousands of homes.

CALIFORNIA 'BLUEBEARD' ADMITS WIFE MURDERS

JAMES R. HUIRT DECLARED TO HAVE CONFESSED CRIMES.

SEVERAL WOMEN MISSING

LOS ANGELES, April 30.—At least two of the numerous women James R. Huiirt is declared to have married in various parts of the country were murdered by him, two others met "accidental" deaths while with him, and according to a reported confession made today by J. Morgan Marmaduke, his attorney, and co-official, Huiirt said he could not remember what happened to some of the women because of his weakened condition resulting from two attempts to commit suicide. He reported confession that he lay on a cot at the county hospital as he talked.

Huiirt has been held here several days while officers investigated reports of numerous marriages. Twelve or fifteen women, probably more, Huiirt was quoted as saying, a desire to kill obsessed him. Four years ago, Huiirt was alleged to have said, and women were his victims, there being no direct motive for their deaths and no desire to kill men, children or animals.

The partial confession, said the officers, related to the deaths of Gertrude Goodnick and Alice Ludwig. Miss Goodnick was tipped out of a house in Lake Washington, near Seattle, and Miss Ludwig was drowned in a river in Idaho, they were the "wives" whose murders the officers said Huiirt confessed.

More than twenty-five marriages

SCHOOL REPORT TO HIT AT BOARD'S METHODS

UNBUSINESSLIKE HANDLING OF
AFFAIRS TO BE ALLEGED.

STANSBURY GIVES OPINION

Criticism of the Indianapolis board of school commissioners for alleged unbusinesslike methods in conducting the large affairs of the Indianapolis school city will be made in a report which field examiners for the state board of accounts are preparing as the result of their findings in a recent examination of the school board's books and the school city's finances.

While state officials decline to discuss the situation publicly in advance of the filing of the report as a public document, it has been ascertained that the report's general tone will be that a "let George do it" policy prevails in the school board's work at least part of the time, with the result that the board's affairs were in some confusion.

Board Issues Opinion.
In reply to a question raised by the field examiners, E. H. Stansbury, attorney-general, says he regards as legal the action of the school board in making principal and interest on some of its bond issues payable in New York, instead of at the office of the county treasurer, who acts as treasurer of the school city.

It has been explained that all the bonds were sold in Indianapolis, but that they were made payable in New York to make them more salable. The attorney-general said that the school board could not legally pay a commission to a banking house for the sale of such bonds, but it has not been alleged that the board ever paid such commission. The attorney-general also regards as legal the paying of premiums on school city bonds of the board's treasurer and assistant auditors.

Debt is \$5,500,000.

The Indianapolis school city is in debt \$5,500,000. Approximately \$5,000,000 of the indebtedness is because of the new building program started to meet the growing needs of the city. The legal debt limit is approximately \$11,500,000.

ROOSEVELT'S LEAGUE STAND

Stansbury Denies Johnson's Views Are Those of Former President.

NEW YORK, April 30.—Oscar S. Straus, close intimate of Theodore Roosevelt, secretary of commerce and labor and ambassador to Turkey during the Roosevelt administration and progressive candidate for governor in New York state in 1912, has sent the following telegram to the editor of the San Francisco Chronicle, a Johnson supporter:

I understand the supporters of William Johnson claim that he is in opposition to the league of nations with the Lodge reservations or in any form, that Johnson represents the position and ideals of Theodore Roosevelt. Permit me for the information of the people of California and in justice to Roosevelt to state that any such claim is without foundation.

ation. The fact is that Roosevelt was not only in favor of a league of nations, but was the first among the world's foremost statesmen in our generation who advocated a strong league of nations or league of peace. In his Nobel prize address in Christiania on May 5, 1910, he said: "It would be a master stroke if those great powers honestly bent on peace should form a league of peace, not only to keep the peace among themselves but to prevent by force if necessary, its being broken by others."

"When the league to enforce peace was formed at first he did not approve it, believing that its proposal for the use of force was not sufficiently effective. Subsequently, before his last illness when the amended provisions were explained to him he approved of the league and so stated to me and also if I mistake not so stated to T. L. On December 21, 1913, I sought his advice regarding my going to Paris as European chairman of the league for the purpose of advocating a league of nations. He emphatically advised me to go. The foregoing facts I feel justify me in saying that he would have approved a strong league of nations with Lodge reservations in his decision and that Johnson's violent opposition to a league in any form does not represent the views of the visioned and immortal Roosevelt."

ANONYMOUS \$3,000,000 GIFT

Interchurch World Movement With \$3,000,000 of Cash.

NEW YORK, April 30.—An anonymous gift of \$3,000,000 to the United financial campaign of the interchurch world movement was announced at campaign headquarters here today with the statement that \$90,000,000 of the \$100,000,000 of the \$3,000,000 gift had been pledged. The campaign does not close until next week, and more than 100,000 churches in various states are yet to be heard from.

Incomplete returns prepared for reading at a luncheon today at which William G. McAdoo was the principal speaker showed Pennsylvania in the lead with a total of \$3,471,025 contributed. New York was second with \$3,072,571; Illinois third, with \$2,154,552; Massachusetts fourth, with \$2,021,225; and Ohio fifth, with \$1,558,652. Other states which have passed the million mark are California, Michigan and New Jersey.

The \$3,000,000 gift was made to the new world movement campaign of the northern Baptists, making a total of \$2,900,000 in the last three days to the Baptists in individual million-dollar pledges.

J. T. MCGRAW DEAD.

Democratic National Committeeman From Virginia Expires on Train.

WASHINGTON, April 30.—John T. McGraw, Democratic national committeeman from West Virginia, died suddenly on a train near Baltimore last night, when en route from New York to his home in Grafton, W. Va. McGraw had been ill for several days in a New York hotel, but had improved, and his physicians advised he would be able to make the trip home. With Mr. McGraw at the time of his death were his brother-in-law, Mr. De Berris; nephew, John Warner, and Judge Ira E. Robinson, formerly

of the West Virginia court of appeals. Mr. McGraw was a national figure in the affairs of the Democratic party, and had served as a representative of his state on the national committee since 1896. He was several times a candidate for the United States senate, and in 1899 was defeated by one vote. He was born at Grafton, and was sixty-five years old.

SUGAR DEALERS INDICTED.

Atlanta Grocery Company Charged With Profiteering.

ATLANTA, Ga., April 30.—The Ogilby Grocery Company, wholesalers, and W. A. Albright, president of the firm, were indicted by the federal grand jury here on charges of profiteering in sugar.

It was alleged that the concern bought sugar at 16 cents a pound and sold it for 30 cents, thus exceeding the 1½ cent margin of profit set by the fair price commission.

Sugar at High Mark.
CHICAGO, April 30.—Sugar reached the highest price in record in Chicago yesterday, according to commission men, when a 1,000-pound lot sold for 32 cents a pound wholesale. Buyers attempted to obtain more by offering 33 cents but there was none for sale.

JOHNSON GETS OFF SET LINES AT SOUTH BEND

PLAYS THE NEWS FOR NOT SUPPORTING HIS CANDIDACY.

SILENT ABOUT NEW JERSEY

(Special to The Indianapolis News)
SOUTH BEND, Ind., April 29.—Dismissing from his set speech here Thursday evening, Hiram W. Johnson took occasion to play The Indianapolis News for not supporting his candidacy for the Republican nomination for President. He also criticized the publicity bureau of his chief rival for making assertions which he alleged were untrue. The senator invited attention to his votes in Michigan and Nebraska, but was silent in regard to the primary results in New Jersey. Aaron Jones, formerly national master of the Grange, was chairman of the meeting. About 2,000 persons were present.

Arrives From Logansport.

Senator Johnson arrived late in the afternoon from Logansport and was met at the station by William N. Bergan, his manager in St. Joseph county; William H. Hays, F. E. Lamborn, and Charles Weidner. He was greeted at a local hotel by the following committee:

Wladislaw Kosowski, Edward Rutkowski, Emil Rago, Samuel G. Patrick, O'Hagerty, Meyer Gilbert, Andrew Price, John J. Hayes, William Hays, and Miller G. Searcy. He also met J. A. Cohen, Horace G. Eggleston, Knox Long and C. A. McKnight, Stanislaw, Marvin Moore, Levey, Dr. M. S. Denault, Walkerton; H. H. Pierce, North Liberty; Guy Carpenter, Cayuga; Henry A. Kresger, Wyatt, and Irwin Cull, Clay town.

"What this country needs," he said, in beginning his speech, "are red-blooded men who will take a punch, but in taking a punch will not budge one quarter of an inch. There are no challenges to the republic, one within and one without. Both must be met frankly and fearlessly."

He referred to profiteering and the propaganda of internationalism which Europe, he said, is trying to inject into American politics. He urged the same treatment for the profiteer that is accorded the violator of the sedition laws and the bomb thrower. The three great pillars of the nation, he said, should include a free press, free speech and the right of peaceful, lawful assembly.

Patriotism and Profiteers.
He detested, he said, the profiteer fully as much as he hated the profiteer. "The former," he said, "wraps himself in the American flag and denounces and decries the loyalty of every other man. The man who wraps himself in the flag hides some very ugly sores."

"Behind every man today, every man except him who has an independent fortune, stands the dread specter of want because of the high cost of living. I can not cure it. You can not cure it. I know of no medicine. I do know, however, that with the very sufficient power that is in the administration it is possible to beat the profiteer systematically and scientifically at both ends of the great chain between the ultimate consumer and the original producer until we find out the way to link and then to apply a remedy. We can also prevent speculation in the necessities of life by turning the spot light of publicity on those who are living illegitimately off the rest of us."

HARDING TALKS OF UNREST.

Urges Employing Employer and Employee Together in Hardened Address.

(Special to The Indianapolis News)

SOUTH BEND, Ind., April 29.—Warren G. Harding, who visited Bedford Thursday in the interest of his candidacy for the Republican presidential nomination, was a guest of Bedford Hoteliers at their weekly luncheon at the First Christian church here at noon, and made a brief address, in which he dwelt principally on the unsettled industrial condition throughout the United States.

In his address at the opera house, Senator Harding said that the thing most essential to a satisfactory and peaceful settlement of difficulties in the industrial world is an understanding between the employer and employee. He urged immediate steps to bring the workman and his employer together and to create a mutual confidence that will result in their becoming thoroughly acquainted. Speaking of the immigrant who, since his arrival on American soil, has turned to anarchy, he asserted that this attitude comes from improper education, and that the American people are more to blame for the immigrant's shortcomings than he. He insisted that immediate action is necessary to prevent a dangerous situation.

Senator Harding characterized President Wilson as an exponent of one-man government and as a man who refused to recognize and co-operate with the departments of government, but stubbornly insisted their functions. He said one man is not big enough to run this government. The senator laid the failure of the treaty on the shoulders of the President, and condemned compulsory military training.

WOULD DEPORT RADICALS.

Lowden Pleads for Americanization in Speech at Evansville.

(Special to The Indianapolis News)

EVANSVILLE, Ind., April 29.—America's greatness is measured not so much by the wealth of the country or its natural resources as by the quality of its citizenship, said Frank O. Lowden in a plea for the Americanization of all foreigners in America here Thursday night. He said that the country is safe only if foreign immigrants are Americanized as fully as they come to our shores. Governor Lowden spoke at the Soldiers and Sailors' Coliseum in behalf of his candidacy for the Republican nomination for President, and was greeted by a large audience.

In discussing the foreign radical element in the country Governor Lowden said that radicals are coming to America in increasing numbers. "These can not be Americanized," he declared, "but they can be and should be returned to the country whence they came. Our flag was not designated by the fathers to shelter those who seek to destroy it."

Carl Wills, of the insurance department in the state auditor's office, presided at the meeting and introduced Governor Lowden. Otto Klause, state auditor, and William S. Taylor, of Indianapolis, formerly attorney general of the state, were present at the meeting. Mr. Lowden spoke to about 4,000 men and women.

SPEAKS AT LOGANSPORT.

Johnson Again Hits at Peace Fract—Discusses Needed Changes.

(Special to The Indianapolis News)

LOGANSPORT, Ind., April 30.—Hiram W. Johnson, touring Indiana in the interest of his candidacy for the Republican nomination for President, again assailed the league of nations in speaking at the Elks' here Thursday afternoon. Conditions in the United States, which, he said, must be changed during the next administration, were discussed by the senator. The senator said that he did not have a remedy for all minor things, but that there must be a remedy which should bring about content in the United States. He said that he did not fear a revolution in this country, but that he expected a reaction.

The Johnson party arrived here from Kokomo at 12:30 o'clock, a half hour late, and was taken immediately to the Elks' home, where Senator Johnson was introduced by Fred Landis.

Following the address, he was taken to the Elks' cafe, where an informal dinner was served to the party and a few local Johnson supporters.

DENIES WITHDRAWAL RUMOR.

Harding Says He Will Continue in Race—New Albany Address.

(Special to The Indianapolis News)

NEW ALBANY, Ind., April 29.—Hiram W. Johnson, who withdrew from the race for the Republican nomination for President, following the

showing he made in Ohio, his home state, in the presidential preferential primary, were declared to be without foundation by Warren G. Harding, who spoke here last night. The senator said that at present, he had no intention of withdrawing. In his address, Senator Harding favored voluntary military training, asserting it should be embodied in the army reorganization bill. "It should be made so popular and so helpful," he declared, "that young America would seek it as a privilege rather than as a duty. Unprepared-

ness in the past cost billions in treasure and thousands in lives." The senator said that the senate could be thanked that the country is still in possession of individual nationality instead of a supergovernment of the world, as embodied in the peace treaty. He said he belonged to the dominant group in the senate that was determined to Americanize the public party to stand for national aspirations. Discussing constitutional freedom, the speaker said he favored a plank that would bring about a condition

so that an American can go anywhere on a lawful mission under the American flag with a restoration of self-respect. He said he believed in carrying the torch of civilization down into Mexico rather than to countries across the sea. He wished the country to show its gratitude to the American Legion, he said, and advocated a return to simplicity of government. The simple living countries will be the first to recover, and Germany probably will be among them, said the senator, in urging greater production and less consumption.

TWELVE HIGH SCHOOLS ARE REPRESENTED IN INVITATIONAL TRACK MEET.

FRANKLIN, Ind., April 20.—In anapolis school athletes look up the strongest contenders for hon in the invitational high school track meet, which will be held at Goodell field, Saturday, under the auspices of Franklin High School Technical, Manual and Shortridge have entered teams.

Franklin High School has a strong but inexperienced aggregate of Keeling, Friddle, Vandiver and others, of basketball fame. With unanimous choice for several years, the basketball team is believed due to the fact that he was a senior team. In the elimination held last week, White won four out of five.

One hundred and fifty-three athletes are entered and will be used at the schools. Frank McGeath, Crawfordville high school, will lead the basketball team. Officials have been chosen from students and athletic authorities of Franklin College.

Amateurism Day.

Plans for the entertainment of visitors who will come to witness the meet are well advanced.

program which will be held in Stott Hall tomorrow afternoon. The high school athletes will be honored guests of the college at a campus luncheon after which they will be conducted to Stott Hall, where the exercises will be held.

Franklin College, will welcome students, after which Dean H. Sherwood, Chautauqua lecturer and educator, will deliver an address "Americanization." Other features of the program include musical numbers by the various musical organizations of Franklin College.

TAILORS

We want you to be as proud of the Kahn label in your clothes as we are to put it there. We attach it substantially to discourage removal—there is no reason why it ever should be removed. It stands for all wool, correct style, honest workmanship and for value supremacy—the primary essentials of good clothes. Let the Kahn label be a source of pride to you as it is to us—the hallmark of "The Largest Quality Tailoring Concern in America."

A.A.U. OLYMPIC TRYOUTS
IN HARVARD STADIUMJUNIOR TRACK AND FIELD
EVENTS JULY 16-17—CHICAGO
GETS PENTATHLON.

NEW YORK, April 29.—The Junior and senior track and field championship events of the National Amateur Athletic Union will be held at the Harvard stadium July 16 and 17. It was announced by the chairman, Frederick W. Ruben. He said the events will serve as a final tryout to select an Olympic track and field team.

Plans are also being made, he added, to conduct a pentathlon championship which also will be designated as an official Olympic tryout. The event probably will take place near Chicago on a date to be determined later. Cross-country trials are not contemplated.

Similar to Olympic.
The events of the A. A. U. championship program are similar to those of the Olympic program, except for the distance run, the walk and the 220-yard hurdle. Mr. Ruben recommended in a letter to members of the championship committee that these events be eliminated from the junior and senior championship program and that they be held after the Olympic games.

BUTLER FANS CHESTY OVER
RECORD OF BALL TEAM

Butler College fans are beginning to believe that they have a real winning baseball team on their hands, after all. The way the Blue and White held the Marmon 34's to a ten-inning, 4 to 4 score, Thursday served to strengthen such convictions.

The Blue and White has been defeated but once this season, and that was after eleven innings of hard ball with Fairbanks-Morse, the score ending 3 to 1. The Blue and White won the season and Butler had but two days of practice. Butler has twice defeated Tech, High 10 to 2, and 8 to 1. Last Saturday the Indiana Central Union team, 1919 city champs, were vanquished, 5 to 3. Yesterday's game was the best exhibition yet.

STATE PIN RESULTS.

FT. WAYNE, Ind., April 29.—Two men shot into the ten-men lead of the singles of the state bowling tournament last night.
J. Auer, of Ft. Wayne, with 423 pins, took fifth place, and Fred C. Reynolds, with 514, went into ninth place.
In the doubles and five men, there was no change in the ten leaders.

Dan O'Leary Still Hiking

EAST CHICAGO, Ind., April 30.—Dan O'Leary, the veteran pedestrian who has been winning walking honors in all parts of the world since he first started his professional career in 1874, stopped in East Chicago for a few hours yesterday upon his return from a six months' walking tour of the south. During the six months he wore out six pairs of shoes, but boasts that he has returned without a corn or callous.

Too Classy for Regan.
ST. LOUIS, April 30.—The scheduled eight-round bout here last night between Joe Lynch, of New York, and Kid Regan, a local fighter, was stopped by the referee in the fifth round to save Regan further punishment. The men are lightweights.

Delaney Wins Shade.
CLEVELAND, April 30.—Cal Delaney, Cleveland lightweight, was given a newspaper decision over Ed Pittsimmans, of New York, in a ten-round bout here last night.

SOUTHAMPTON, April 30.—Joe Beckett, the English heavyweight, has signed articles to meet Tommy Burns, the French Canadian fighter who was in his prime a dozen years ago. The date of the match has not yet been settled upon.

NEW YORK, April 30.—Mike O'Dowd, the middleweight champion, will make over \$25,000 next month, as he is slated to engage in four contests. For his twelve round bout with Champion Jack Britton he is to get a guarantee of \$10,000.

ST. PAUL, April 30.—Law Tander, the Philadelphia lightweight, will invade the west for a series of matches. He will meet Johnny Kilman, of Minneapolis, in a ten-round contest here May 5.

MILWAUKEE, May 30.—Jack Sharkey, the New York bantamweight, who outboxed Jimmy Wilde in the welterman's first American appearance, will meet Dick Leadman, of Lockport, N. Y., in a ten-round contest here May 11. The match will take the place of the Richie Mitchell-Jack Lawler bout, which was canceled after Lawler was beaten in an eastern go.

ST. LOUIS, April 30.—Joe Lynch, New York bantamweight, today was duking for a fight with Jimmy Wilde, English flyweight. Lynch fought fifteen rounds with Wilde in London a year ago.

Whoop! Whoop!

CAUGNAWAGA, Quebec, April 29. (United Press).—Pare-blooded redmen will give battle to the whites in northern New York this spring. But their weapons will be baseballs, gloves and bats.

The barnstorming ball tossers of the Indian reservation here have already played several games with local teams. Their international trip will cover about six weeks.

The lineup follows:
Red Bear, rf.
Long Tall, lf.
War Devil, c.

INDIANA TRACK ATHLETES
READY FOR PURDUE MEET

BLOOMINGTON, Ind., April 30.—Indiana is expected to be a favorite in the Purdue-Crimson track and field meet here Saturday afternoon. A crippled team has been Indiana's lot for two weeks, but the jinx now seems to have left.

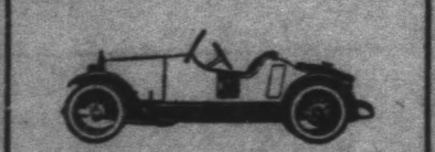

Rhorer, Purdue's star dash man, may find things easier than he had anticipated, however. Konrad, the Crimson's flashy sprinter, is still hobbling on his bad underpinning as a result of an injury received just before last Saturday's Franklin meet.

Indiana expects to take the hurdles with Captain Heber Williams and Lindsey Pierce, football player, has shown exceptional form in the weights and may give Miller, the Butler Maker weight man, a hard fight in the discus and shot-put events. Habbe, Indianapolis runner, is clipping a fast pace in the half mile and looms as going the quarter mile in less than 55 seconds.

Furnas is the Butler Maker whom the Indiana athletes respect. He is conceded a victory in the two-mile event and may annex the one-mile run.

Gets Flying Start

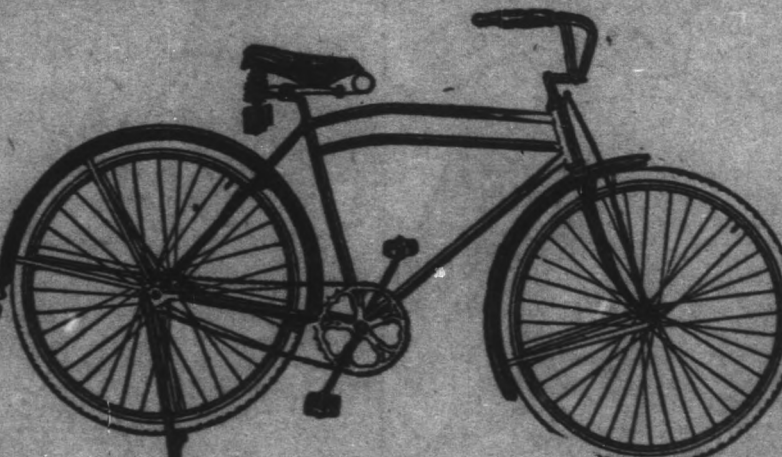

It pays to get a flying start, is what John Wamsley, of the Butler varsity tennis team, believes. Thursday morning Wamsley and Basil Bass, another Butler student, went to the Speedway hangars and took out an airplane for a practice spin. They were both war and so are thoroughly at home in the air. After doing a number of stunts over Butler College and Irvington, they returned to Speedway City.

In the afternoon Wamsley returned to the Butler-Audubon tennis courts, where the Blue and White net men practice, and offered to take on all comers. In every tennis match he played he was easily the victor. Wamsley is now thinking of sailing around in an airplane before he begins all his tennis matches this year.

Wabash at Franklin.

FRANKLIN, Ind., April 30.—Franklin and Wabash colleges were scheduled to meet this afternoon in the first official baseball game of the season for the local school. Rust and Heald will form the Wabash battery, while either Pruitt or Larabee and Kingsolver will represent Franklin.

HISTORICAL SUBJECTS DISCUSSED AT MEETING

MISSISSIPPI ASSOCIATION IN
THIRTEENTH SESSION.

TO VISIT BATTLE GROUND

Special to The Indianapolis News
GREENCASTLE, Ind., April 29.—
Delegates and persons interested in
history are assembled here for the
thirteenth annual meeting of the Mis-
sissippi Historical Association, which
opened a three-day session yesterday.
The program today included a re-
port by Howard E. Hill, of the Uni-
versity of Chicago, on "The Standard-
ization of Library Equipment" and ad-
dresses on historical subjects by Pro-
fessors W. H. Harris, of Butler College,
Miss. Herriot C. Palmer, of Franklin
College, and Professor Charles Roll,
of the Indiana State Normal School.
At noon the visitors were the guests of
Dr. Paul University at a luncheon
held in the new building.
Miss M. Qualls, of Madison, Wis.,
president of the association, delivered
an address last evening in Memory
Hall on "The Carver Grant and John-
son's Career." He spoke at length on
the historical importance of the grant
and its effect on this country. A mu-
sical concert was given by the De-
Paul School of Music, Dean H. G.
McIntosh, director.

CONDEMNNS TREATY DELAY

American Bankers' Council Pleads
for Peace-Time Conditions.
PINEHURST, N. C., April 28.—De-
lay in concluding a treaty of peace,
either for individual or political
reasons, was characterized as a "re-
gression against civilization" in resolu-
tions adopted by the executive coun-
cil of the American Bankers' Asso-
ciation.

The bankers declared that the fu-
ture well being of the United States
as well as welfare of the world de-
pended on the resumption, with all
possible speed, of peace-time condi-
tions.

tions which can not be accomplished
until terms of the treaty have been
agreed on.

The association's attitude toward
labor was described as being "a fair
return for services rendered," but it
was asserted that through present
tactics "labor, in effect, is striking
at itself and not at capital."

Legislation was urged which would
prevent a well organized minority
from interfering with the rights of
the majority, profiteering being de-
nounced as "an expression of a
selfish minority that must be sternly
checked."

The financing of the soldier relief
program by retroactive taxes was
declared to be unwise, in the opin-
ion of the council, which recom-
mended that payments to veterans
should be made over a period of
from two to ten years.

Substitution of a specially devised
sales tax to replace the present ex-
cess profits tax and early appoint-
ment of new members of the inter-
state commerce commission so that
railroad relief might be quickly pro-
vided under the Hatch bill, were
among the resolutions adopted.

BRYAN SEES PRIMARIES AS WARNING TO PARTY

POINTS TO VOTE AGAINST THE
TREATY AS WRITTEN.

RATIFICATION OR DEFEAT

PITTSBURG, April 28.—William
Jennings Bryan, in a statement issued
here last night, declared that the re-
cent primaries were a warning that
Democratic senators should lose no
time in voting for the ratification of
the peace treaty.
"Delay in ratification may deluge
the world in blood and flood our own
country with war," said Mr. Bryan.
"The recent primaries should be a
warning. In Georgia less than one-
third of the Democrats stood for the
treaty without reservation. Two-
thirds were divided about equally be-
tween ratification with reservations
and total rejection of the treaty. In
Nebraska, Senator Hitchcock's vote
would not have been worth counting
had he been compelled to rely on
those who endorsed his attitude on
the treaty."

Points to Johnson Vote.
"My fight was made on a platform
declaring for ratification with reser-
vations already agreed upon by a
large majority of the senate. Sen-
ator Johnson's vote is largely a protest
against the treaty and against the
blundering of the senators who
talk for the treaty but quarrel over
reservations."

MINERS GIVE FIGURES.

Get 60 Cents a Ton for Coal That
Sold for \$15.50.

Coal for which miners received 60
cents a ton brought as high as \$15.50
a ton when placed on the market, ac-
cording to information from miners
at Tiltonville, O., reaching the inter-
national headquarters of the United
Mine Workers of America. It was
said that the miners placed a note
in each car of coal, telling what they
got for mining it and asking what
the consumer had to pay. A con-
tractor at Osceola, Ark., replied that
he paid \$11 a ton, and a man
at McKinney, Tex., wrote that he
paid \$15.50 a ton, and that the ton
consisted of only 1,366 pounds.

According to the mine workers'
officials this substantiates their con-
tention that there is too much dif-
ference between what the miner gets
for mining coal and what the pub-
lic pays for it. A large increase in
the selling price is not necessary on
account of the 27 per cent. increase
in wages, according to the officials.

Secretary Daniels put to sea from
Hampton Roads today on the de-
stroyer Goldsborough to board the
superdreadnought Pennsylvania, flag-
ship of the Atlantic fleet, on which he
will go to New York. On arrival there
tomorrow he will review Admiral
Wilson's command, which is return-
ing from the annual winter maneu-
vers in the West Indies.

Woolen Company to Add

Woolen Company to Add \$40,000,000 to Capital Stock

BOSTON, April 30.—The American Woolen Company today announced its intention to ask from its stockholders authority to increase its preferred and common stock by \$20,000,000 each. Under the plan, present stockholders of both classes will be given the right to subscribe for the new common stock at par in the ratio of one share for each three now held. The new preferred stock would be held in the treasury for insurance later. The company's proposal will be acted upon at the next meeting.

Orange Shipments Arrive

Oranges have broken through the dead line of freight embargoes on southern railroads and several cars have arrived for Indianapolis dealers. They sell at \$7.25 to \$8.00 a box. Thursday's prices on oranges were \$8.00 to \$10.00.

Bermuda onions from Texas are offered at \$4.25 a basket. These onions are in the hands of some labor trouble in the factories where they are made, made it necessary to use baskets. The baskets are of 50-pound capacity.

Dealers in Commission now are still short of foreign goods because of the continued freight tieups.

Producers Hold Grain.

Estimated 12.64 Per Cent. of Year's Crop Still in Kansas Granaries.

TOPEKA, Kan., April 30.—More grain remains on Kansas farms now than in any April in the last four years, says a report issued by the Kansas state board of agriculture. The report states the crop short-ages situation.

"Normally but from 2 to 6 per cent. of the wheat produced annually is in the hands of the farmers at this time of year," said the report, "but on April 17, 1920, the board estimated 21,344,000 bushels, or 15.4 per cent. of last year's crop, was still in producers' hands, or 15,000,000 bushels more than at the same time in any of the three preceding years."

The report also shows 10,797,000 bushels of corn on hand, or 17.12 per cent., as compared to 8.7 per cent. last year. Figures on last year's crop of wheat, corn and sorghum are as follows: Wheat, 1,344,000 bushels; corn, 10,797,000 bushels; sorghum, 1,344,000 bushels.

ONE CAR HITS WOMAN; KILLED UNDER ANOTHER

MRS. HANNAH KIRSCHNER IS
STRUCK AT TERRE HAUTE.

STREET LAMP NOT BURNING

(Special to The Indianapolis News)
TERRE HAUTE, Ind., April 29.—Mrs. Hannah Kirschner, age sixty-nine, was crushed to death last night by a street car at Fourteenth street and Wabash avenue here. The woman was struck by a westbound car while crossing the street and was thrown in front of an eastbound car, which was passing.
Mrs. Kirschner was pinned under the trucks, and it was necessary to jack up the car before the body could be removed. The street light at the intersection was out at the time. This is believed to have been responsible for the accident.

TO STOP SUGAR RESALES.

Refiners Enter Into Agreement With Government.
WASHINGTON, April 29.—Sugar refiners have entered into an agreement with the department of justice to co-operate with the government in preventing the resale of sugar to the trade, and to that extent to decrease speculation. It has been announced by Attorney-General Palmer. The agreement, Mr. Palmer said, was one result of the conferences between department officials and refiners' representatives held here early this week.

While this move was not expected to cure all of the evils of the shortage and high prices, Mr. Palmer believed it would aid in obtaining better distribution of sugar stocks. The refiners, he said, agreed to refuse to resell to any firm, except where the commodity would take a direct course to the consumer. Objection was raised by the refiners, however, to the elimination of the "legitimate sugar broker" who, they said, secured a useful purpose in the distributing system. The refiners have reapportioned the quotas, which function during the war, with a view to determination of "reasonable margins of profit."
Department officials, under consideration a renewal of the licensing system, which was in effect during the war, to distribution of all sugar stocks, in order that excessive purchases by favored buyers might be checked.
The department, however, does not expect the present sugar shortage to be eased materially before July when the 1920 beet crop will come on the market.

KENTUCKY FARMER SLAIN.

Accused Man Arrested after Fight in Louisville Home.

LOUISVILLE, April 29.—Following the shooting to death here last night of Edward H. Wise, a farmer, during an altercation, police went to the home of Thomas Mitchell and arrested him on a charge of murder.

Following the altercation Mitchell escaped after exchange of several shots with the police. The police then surrounded a house in which Mitchell had barricaded himself, but were held off for half an hour. He was captured when he attempted to escape through a back door.
The police also arrested Samuel O'Neal, a tobacco broker, whose office the shooting occurred; Julia Robinson, Mrs. Annie Burke and Mrs. Sarah Kennedy, on charges of disorderly conduct. The police said they had been drinking whisky.
Wise was shot six times and died at a hospital after he told the police that Mitchell "shot me for no reason in God's name."
Mitchell was lodged in jail. He was intoxicated, the police said, when he was apprehended at his home.

RISK COMMENTS ON SUIT.

Says He Had No Equity in Stock and Does Not Feel Subject to Taxation.

(Special to The Indianapolis News)
LAFAYETTE, Ind., April 29.—Commenting on a suit filed here in circuit court yesterday by the state of Indiana, asking a penalty of \$5,000 for alleged failure to list for taxes sixty-six and two-thirds shares of stock held in the North American Life Insurance Company, J. Kirby Risk, a candidate for the Democratic nomination for Governor, said:
"I did buy the stock in 1912, and borrowed the money with which to buy it. In turn, I put up the stock as collateral for the money I had. I had no equity in it. I sold it in 1916, and have owned no stock in the company since."
"I have never felt I was subject to taxation because of the stock, and do not feel so now, but if the state feels I should be assessed, I am willing to pay a reasonable assessed value, but do not propose to stand for extortion."

SECRET TREATY PUBLISHED

Text of Declaration Revealed by Reds in Parliamentary Papers.

LONDON, April 29.—The famous secret declaration of London, signed by France, Russia, Great Britain and Italy in London, April 26, 1915, has been published textually in parliamentary papers.
This is the treaty which was first made known to the world when the Russian Bolshevik government published it in 1917, causing a sensation. The agreement provided, among other things, that Italy, at the conclusion of the war, was to receive Trentino, part of southern Tyrol, Trieste, Istria and Dalmatia. The four powers signatory to the document agreed not to conclude a separate peace. The declaration bears the signatures of Sir Edward Grey, then British foreign secretary; the Marquis Imperiali, the Italian ambassador; Paul Cambon, the French ambassador, and Count Benckendorff, the Russian ambassador.

FIRE LOSS AT MUNCIE.

Damage to Paint and Glass Stock Put at From \$7,000 to \$10,000.

(Special to The Indianapolis News)
MUNCIE, Ind., April 29.—Fire, believed to have been caused by spontaneous combustion among oils and varnishes in a storage room, caused a loss estimated between \$7,000 and \$10,000 to the stock of the Muncie Glass and Paint Company in its retail store early today. For a while the flames threatened other buildings in the business district and the work of the firemen was made dangerous by exploding oils and paints. Damage of \$2,000 was done to the interior of the storehouse, which is in the Borge block, a part of the James Borge estate, situated in Main street opposite the Kirby hotel.

Indiana Cities in Census

WASHINGTON, April 28.—Population figures for 1920, announced today by the bureau of the census, included:

Pontiac, Mich., 34,279, increase 12.44, or 12.5 per cent.
Crawfordsville, Ind., 10,133, increase 768, or 8.3 per cent.
East Chicago, Ind., 55,927, increase 18,992, or 33.1 per cent.

Lafe Bud has just returned from a trip thro' th' cave oyster belt an' reports millions o' dollars' worth o' oysters standin' idle for th' want o' sugar. It's a kind o' holiday when father gets sick, but it puts a crimp in ev'rythin' when mother drops out.

Little Stories of Daily Life

Pat 'Em on High.

Betty May, the seven-year-old daughter of William D. Carleton, a newspaper man at Evansville, has an aversion to stepmothers.

The other day after her mother had done something for her that pleased her very much, Betty May said:
"A stepmamma wouldn't do that, would she?"
Her mother informed her that there were some good stepmothers.

"Do you know why they call them stepmammams?" asked the little girl. The mother replied that she did not. Betty May said:

"Because they make them step around."

It's Own Place.

Mr. Brown was until recently a deacon in the Methodist church in his town. But recently he not only withdrew from his honored position but ceased to be as regular an attendant at church as formerly. The minister, who came to call at the Brown home, demanded the reason for this failure. "My rheumatism is much worse than it has been for years," Mr. Brown began, "and I can not walk so far."

"But," he laughed the minister, "I believe it is a lack of religion."
"Sir," Mr. Brown drew himself up firmly, "my religion is in my heart—not in my legs."
