

PALLADIUM.

Saturday Morning, Oct. 4.

The sale of property, by Judge Test, advertised for Wednesday last, was postponed to this day at 10 o'clock.

Bank Notice. The holders of Stock in the Branch Bank, at this place, are requested to attend at 3 o'clock, this day, at Mr. Hunt's Hotel, to make arrangements for a banking house, and other matters connected with the commencement of business.

A chance for a Spec. We desire to make arrangements with some person to convey the Palladium through the lower section of this county. Very liberal encouragement will be extended to any person who will undertake to perform the service.

Health of the town. We are pleased to be able to say, that the cholera, which at our last publication was prevailing to a limited extent in our town, has now, to all appearance, entirely disappeared. No death has occurred since Tuesday last; nor is there (as far as we can learn) a single case of sickness of that character remaining in town. The whole number of deaths attributed to cholera since its appearance here, on the 10th of September, is seven: not one per cent., as our population exceeds 1000. It will be seen from this, that the disease has not prevailed epidemically here, or to an extent that should have caused alarm. It fell on one here and another there, but in no case carried off more than one in a family. And it is worthy of remark, that of those who were most exposed in waiting on the sick and dying, not one, we believe, contracted the disease—a very strong evidence that it was not contagious.

The Ohio river has fallen a few inches this week, and is now near low water mark. A few small sized steam boats ply between Louisville and Cincinnati, and perhaps are able to get up as far as Wheeling; but the principal business doing on the river at present is by keel and flat boats. Several of these are seen passing daily—the former generally loaded with merchandise, and the latter with produce—wending their way south, at the rapid rate of from 10 to 15 miles per day. With head wind, however, as the water is now, they are as likely to go up as down stream, unless propelled in the right direction, by main force at the sweeps.

We have, with some trouble, been able to ascertain the number of flat boats that have been loaded and shipped from this place, since the 7th August, and find that it amounts to 15—as will be seen by the list attached. Six or seven more are loading now at the wharf, and will be ready to start in a few days.

In another column we insert a very sensible and well written article, from the Rising Sun Times, on the importance of "supporting your own printers." We cordially agree with the Editors in every line and sentence of their remarks; and tender them our thanks for this well timed attention to the interests of the typographical fraternity in the west. The subject which has engaged their pen on this occasion, has no doubt been too little attended to, though it claims a prominent place among the many crying evils complained of by our mechanical brethren, in many professions, in this country.

More facilities. We would be remiss in our duty, were we to omit to notice the establishment of a new line of stages from this place to Cincinnati, denominated the Accommodation Line. The coaches attached to this line are large, well arranged and splendid, and the horses the finest we have taken notice of for a long time. Those who have tried the "Accommodation" say it is the real matter of fact, and allows of no draw-back on the name. The proprietor, Mr. A. T. Fenton, believing that the business on the route will warrant this addition to the travelling facilities, has at great expense put this line in operation, and now looks to the public for encouragement. We hope he may realize his best anticipations; and certainly will, if good treatment, pleasant riding, and moderate charges are matters of any consideration with the travelling public.

The addition of this new line, gives us a daily conveyance, by land, to Cincinnati; while the steam boats afford the same by water—so that we are pretty well off for travelling facilities to the great emporium of the west.

We discover in a late Bradford, (Penn.) paper the names of Messrs. T. E. PAYNE and J. ADAMS enrolled in a list as delegates to a Democratic County Convention, from Troy township. We are personally acquainted with these gentlemen, and knowing that they, but a few months since, were the firm, able, but consistent supporters of the party now termed *Whig*, it is with no little surprise we discover them lending a helping hand to the furtherance of the measures of the party they so recently denounced as dangerous to the liberties of the people and derogatory of the true spirit of the constitution. Mr. Payne was formerly the able Editor of an anti-administration paper in Troy; but finding that the doctrines it promulgated at variance with the public mind, it was very prudently discontinued. When men of high standing in society, and who are looked to as the leaders of a party, become regenerated or converted to other political views, their example generally proves contagious, and we fear would believe this to be the case in Troy. Wonder will this change be claimed as an accession of strength to the *Whig* party, and commemorated as some great political achievement? We are rather inclined to think our Bradford boys have not taken so freely of the intoxicating drug of *Whigism* as to glory in their own defeat or rejoice at the declension of their party, and therefore will be more prudent and consistent than their brethren in other places on such occasions, and save their time, speeches, and powder for better and more noble purposes.

The following resolution speaks the sentiments of this convention, and may be taken, as near as can be

ascertained, as the feelings of a large majority of the enlightened yeomanry of this great and flourishing State. It will be perceived that the Bank question is considered by the convention as one of primary importance:

"Resolved, That no person shall be nominated as a candidate for office by this Convention, who is not known as an undeviating Democrat—a friend to the present administration of our General Government, and the government of this State, and opposed to the recharter of the United States Bank, or the restoration of the Government Deposits to its keeping."

MANCHESTER, Sept. 17, 1834.

To the Editors of the Times.

GENTLEMEN: The undersigned view with regret an attempt by a certain individual in this county, to bring into disrepute our fellow citizen, the Rev. DANIEL PLUMMER, by charging him with making false statements in relation to an address made to the citizens of our township, on the day of election, in August last; and in consideration of the high respect we entertain for Mr. Plummer, we convened at the office of John B. Clark, on Tuesday evening last, with Col. Abner Tibbets and several others, to consult upon the subject; when Col. Tibbets gave us liberty to state to you, that in the late certificate obtained from him by Walter Armstrong, he only intended to certify to the substance of Mr. Plummer's remarks on the day of election, which was, a general denial of being pledged; and that the remarks in the public prints respecting his pledges, were unauthorized by him, and untrue, but did not intend to give Mr. Plummer's language in any particular phrase, or word, in the certificate, further than to state Mr. Plummer's meaning; and he was not aware at that time he signed the certificate, that Mr. Armstrong's intentions were for him to certify to any particular phrase or word, for he says he does not recollect the words made use of by Mr. Plummer, but the substance.

We were all present on the occasion alluded to, on the day of election; and upon the most mature deliberation, we have no recollection that the language imputed to Mr. Plummer, by Mr. Armstrong, was used. With respect yours &c.

HENRY HOPKINS,
JOHN B. CLARK,
JESSE PARDON.

The Lawrenceburgh papers are respectfully requested to give the above an insertion.

Dr. Williams, of Knoxville, (Tenn.) aged one hundred years, has been married to a Miss Nancy Israel, represented as the youngest daughter of that family.

Health of our City. We have now entered upon the month of September, and not only remain free from the usual scourge to which our city, from its earliest history, has been devoted, but are favored with good health in a highly remarkable degree. Instead of that anxiety which is common to be felt by persons in other places for their friends here, the case is changed; and, on account of the dreaded Cholera, which now prevails in many parts where our friends reside, or where they are gone on business or pleasure, we are doomed to experience the same apprehensions for their safety which they are wont to entertain for our's at this season of the year. *New Orleans Advertiser.*

NATCHEZ MARKET—Sept. 18.

Bacon, per lb. 8 a 9—Butter 11 a 13, do.—Cotton, 9 a 12, do.—Coffee, 11 a 16, do.—Flour, superfine, \$5 50 per bbl.—Lard, 7 a 8 per lb.—Molasses, gal. 33 a 35.—Pork, mess bbl. \$11 a \$12 50.—Salt, sack, \$2 50 a \$2 75.—Tobacco, common Kentucky Manufacture, 8 a 9 per lb.—Fine do. 17 a 20.—Whiskey, gal. 25 a 28.—Corn barrel, \$1 00.

From B. Levy's N. O. Prices Current, of Sept. 6.

REMARKS.—The Mississippi remains about the same stage noticed last week, 124 feet below high water mark. Business, in general, remains without improvement, and will continue to linger for a while longer; but, from present indications, we are inclined to believe that it will be resumed this season quite early, and that there will be a considerable degree of activity manifested in the pursuit of it. The present favorable appearance of the growing crops, and the abundant harvests already reaped by our friends, taken in connection with other causes having a similar tendency, certainly warrant us in making this assertion.

SUGAR continues to meet with a pretty fair demand, particularly that of 1st quality, which in the city, readily commands 64 cents per lb.; the sales are confined chiefly, as heretofore, to shippers coastwise; these is very little going Westward.

MOLASSES.—There is very little coming in, and generally of inferior quality. We quote sales on the Levee at 18 a 20 cents per gallon.

Tobacco.—We hear of no sales, or any thing said worth reporting in relation to it. No clearance this week. The arrivals are 41 hhds.

Tobacco, 1st quality, per lb. 54 a — good demand
—2d. qty., " 54 a — stock small
—crossed, " 44 a —
—bale 100 lbs. \$4 75 a \$5 00—scarce.
—Spanish, Cuba, lb. 22 a 23—sales.

BAGGING AND BALE ROPE.—The market continues without any thing like an adequate supply of Bagging, which is very much wanted; we quote it at 37 cts. per yard; but remark small sales at 37 1/2. There is a fair supply of Rope which is held at former prices. Arrived this week 300 pieces Bagging, 212 coils Rope.

FLOUR.—There is very little demand at present; sales confined chiefly for city consumption; we quote it dull \$5 a \$5 25 per bbl. Arrived this week, 3743 bbls.

POKK.—There is no Prime in market; Mess continues scarce, and the demand, though moderate, regular.

Pork, clear, ins. bbl. \$13 50 a 14—nominal; do mess, do \$12 50 a 13; do prime, do do \$9 50—scarce and fair demand.

BEEF.—The market at present is bare of Beef; there is a small, regular demand for it.

BACON.—We quote as heretofore, 7 a 8; Hog round, 6 a 7 cents. The market has a fair supply, and it is dull. Arrived this week, 48,000 lbs. in bulk.

BUTTER.—Our quotations are, for Goshen, 21 a 22, Western 10 a 12 cents per lb. This article if of good quality, would command higher rates; but there is none good in market. Arrived this week 233 kegs.

LEAD.—We notice a slight improvement on the price previously obtained for this article: we quote \$4 64 per 100 lbs. as the present market value—some small lots, however, have been sold for \$4 124, but no very considerable quantity could be sold higher than we quote.

CORN, on the Levee, is selling for \$1 43 1/2 per bbl. in the ear; shelled, in sacks, at 62 cts. per bushel—demand fair.

WHISKEY.—We have only to reiterate former remarks; it continues very dull at former quotations. Arrived this week, 50 bbls.

CANDLES, Sperm, are in excellent demand at 37 1/2 cents per lb., the market, in the absence of any late arrivals, having again become nearly bare.

CHEESE.—The market is entirely destitute of this article.

COFFEE.—Former quotations remain without change, and the demand very limited.

RICE.—The quotations for Rice are \$4 a \$4 25 per 100 lbs. It is plenty and dull.

MARRIED.—On the 2d instant, by Rev. Ezra Ferris, Mr. LEONARD CHASE to Mrs. SARAH B. HARPER—all of this township.

On the 2d instant, by Rev. J. L. Holman, Rev. WILLIAM G. MOSKOE to Miss ELIZABETH M. KELL—all of Randolph township.

On the 2d ult. by Rev. W. M. Daily, Mr. GEO. W. ANDERSON to Miss CATHARINE E. GRAY—both of this county.

DIED.—At the residence of his father, in Switzerland county, on the 2d ult. after a long illness of consumption, HIRAM WILEY, Esq. late of this place, aged 29 years.

In this place, on Saturday last, of summer complaint, CATHARINE, daughter of Hiram Wright, aged 22 months.

In this place, on Sunday last, of cholera, Mr. SAMUEL ELLIOTT, formerly of Boscawen, N. H. aged 58 years.

In this place, on Tuesday last, of cholera, Mr. RICHARD MOWLIN, aged 35 years.

In this place, on the same day, Mr. RICHARD FIELDS, of bilious fever, aged about 25 years.
