

CONGRESS MAY SOLVE NATION'S DEBT PROBLEM

Only Slight Prospect of New Liberty Loan, Says Secretary of Treasury.

EXPENSE TO BE CUT

WASHINGTON, Jan. 12.—Leaders in congress today declared that there were slight chances of another Liberty loan, as predicted by Secretary of the Treasury Glass, if congress embarked on "new fields of large expenditure or reduces taxes." Representative Mondell of Wyoming, republican leader of the house, was of the opinion that congress would reduce expenditures materially instead of increasing them.

The secretary of the treasury gave figures showing a reduction of \$759,622,840 in the gross debt of the country since Aug. 30 and correspondingly large reductions in the floating debt on loan certificates and unamortized treasury certificates of indebtedness.

GOVERNMENT DEBT CUT \$759,622,841

"On the basis of treasury daily statements, the government's gross debt on Aug. 30, 1919, was \$26,096,091,638. On Dec. 31 it amounted to \$25,337,078,807, a reduction of \$759,622,841.

"The floating debt (unamortized treasury certificates of indebtedness) on Aug. 30, was \$4,201,120,000. On Dec. 31 it amounted to \$3,578,485,800, a reduction of \$622,634,200.

"The portion of the floating debt requiring to be refunded (so-called loan certificates) on Aug. 30 amounted to \$2,012,887,500. On Dec. 31 it amounted to \$1,328,661,000, a reduction of \$684,226,500.

GRADUAL REDUCTION OF WAR DEBT SEEN

"As to the future, it may be stated positively that unless congress should enter upon new fields of large expenditure or should reduce taxes it will, as I have already indicated, be clearly necessary to revise the treasury's plan and call upon the country to finance the resulting deficit by the issue of a new Liberty loan."

Employees Take Hand in Publishing Paper

Arrangements have been made to print the official house organ of the Hibernia-Hollweg employees in the future, instead of typewriting it, as was done in the first issue, which has just been released.

Brian, secretary, advertising manager of the company, is editor of the paper and has as assisting editor Carl Wolf. The following department editors will edit: Basement, Mrs. Eulalie Grothe; first floor, Louis Haerle; main office, Miss Donovan Huston; second floor, H. W. Yates; third floor, O. D. McFarland; fourth floor, D. K. Miller; fifth floor, Miss Dorothy Cole, and sixth floor, Miss Marguerite Love.

Polite Thug Spurns \$85; Thanks for \$5

SPRINGFIELD, Ill., Jan. 12.—The voice behind the business end of an automobile asked J. A. Hayes of Detroit for \$5. Hayes peeled the "five" off a \$20-roll and passed it over. "Thanks," said the highwayman as he moved away.

EX-INSPECTOR OUT WITH FACTS

Prominent Contractor Says No Other Medicine Ever Helped Him Like Tanlac.

"Tanlac is the only medicine I have ever taken with entire satisfaction," was the statement made a few days ago by A. Ohlson of 415 South Colorado Ave., Kansas City, Mo., in telling of his wonderful recovery by the use of this medicine.

Mr. Ohlson was for four years city building inspector for Kansas City and now is a general contractor.

"I have been in poor health for about a year troubled with indigestion, disordered kidneys, neuralgia, nervousness, headaches and a run-down condition," he continued. "I had a poor appetite and what I did eat caused so much gas to form that my heart would palpitate something awful. I was bothered a great deal with my kidneys and I had a severe pain across the small of my back. Neuralgia troubled me constantly and terrible headaches often came on me. I was so nervous and miserable at night that I could get only three or four hours of restless, broken sleep. I was in an awful run-down condition and felt weak and worn-out all day long."

"I began to read about Tanlac in the papers and when I saw Capt. Ennis' statement I knew right then that there was something to it and I got a bottle at once. I certainly was not disappointed, for after the very first few doses I started to feel better and now that I have taken three bottles all my troubles have left me entirely. My appetite has returned and it makes no difference what I eat I digest it without the least trouble. The neuralgia has left me, so have the headaches. My kidneys are in splendid condition and the pains across my back have disappeared. I sleep all night long and when morning comes I am feeling rested and refreshed. I consider Tanlac a powerful builder and I have never taken anything that gave me such remarkable results."

Tanlac is sold in Indianapolis by the Hook Drug Co. and Haag Drug Co., under personal direction of a special Tanlac representative.—Advertisement.

HELP! THERE AIN'T NO SUCH ANIMAL

Take Stock of Virtues, Young Man, How Many Short?

CLEVELAND, Jan. 12.—The "ideal" young man must possess 170 virtues. This was the conclusion of some 500 churchgoers who at the request of Dr. H. S. Fritsch of the Hough Avenue Congregational church prepared a symposium of virtues.

Honesty, religion and moral cleanliness headed the list. Neatness and cheerfulness were near the top. Cleanliness, good mixing and a good job came next. They were followed by good manners, sense of humor, education, courtesy, courage and industriousness.

Fifty young women inserted the following: "He must have good looks, he must be able to dance, must be jolly, he must not flirt and several expressed the belief that he must be blonde, and still others liked him "tall and dark."

SEEK PROBE IN N. Y. ASSEMBLY

Suspended Socialists Plan Fight for Reinstatement.

NEW YORK, Jan. 12.—Supporters of the five suspended socialist assemblymen today were directing their efforts along two lines—reinstatement and investigation.

Louis Waldman and Charles Solomon, two of the suspended members, said their known intention to demand a probe of the Tusk legislative committee, which has been inquiring into bolshevik activities, was mainly responsible for their suspension.

"We have information relating to the committee and we are going to present it to some one," said Waldman. "Whether it will be sent to the governor or be taken up with the United States senate, I am not prepared to say at this time."

Following a meeting of the committee of eight yesterday, it was intimated that an effort would be made to return Charles E. Hughes to act as associate counsel, with Morris Hillquit, for the suspended socialists. The assembly will reconvene in Albany tonight, but the judicial committee which will investigate the charges against the socialists will not begin work in inquiry before Wednesday.

Hunt for Chicago Girl Turns to East

CHICAGO, Jan. 12.—The search for Miss Jeanne De Kay was turned to the east today. Her brother, John De Kay, who has been directing the investigation of the disappearance of the heiress from Hull House, was in New York and expected to later go to Providence, R. I., to consult his father's legal advisers.

Authorities here were informed that Miss Pauline Salter, Roumanian girl, who became an intimate friend of Miss De Kay while en route to this country from Switzerland, has disappeared from her hotel in New York.

On the other hand, should congress embark upon new fields of large expenditure or further reduce taxes it will, as I have already indicated, be clearly necessary to revise the treasury's plan and call upon the country to finance the resulting deficit by the issue of a new Liberty loan."

GERMAN REDS WORK OPENLY

Speakers at 15 Berlin Mass Meetings Demand Revolt.

BERLIN, Jan. 12.—Spartacists are again openly agitating revolution in

Germany. Fifteen mass meetings were held throughout the city Sunday, at which speakers boldly demanded a revolt.

Increasing activity of the Spartacists and the independent socialists may have been partly responsible for the false rumor of a revolution and the overturn of the German government, sent out of Brussels by the Reuter News agency on Saturday, according to belief expressed here.

A big demonstration is planned here for Thursday, the anniversary of the killing of Karl Liebknecht and Rosa Luxemburg, two of the principal Spartacist leaders, in the anti-government agitations last year.

Bryan Demands Treaty by Jan. 16

LINCOLN, Neb., Jan. 12.—William J. Bryan, at his home here last night, sent

telegrams to several senators urging them to unite to bring about ratification by Jan. 16, the date fixed for the first meeting of the league of nations at Paris.

He said he had not had time to consider seriously the question whether he will be a candidate for delegate-at-large to the democratic national convention at San Francisco. He would, however, he said, be at the convention either as a delegate or a newspaper representative.
