

National Life Insurance Day January 19

Only a small amount a year is necessary to protect your loved ones with life insurance. Yet sometimes it is not easy to meet the premium payment. Why not deposit in the bank each month a certain percent of the premium and thus be sure of having the amount in hand when it is due?

Fletcher Savings and Trust Company

Northwest Corner Market and Pennsylvania.

SIPE TRIAL SEEN LATE THIS WEEK

State Prepares Amended Return on Petition.

Attorneys representing Adj. Gen. Harry B. Smith and other officers of the Indiana state militia, made party defendants to the habeas corpus proceedings of County Clerk Richard V. Sipe, today were preparing an amended return to the writ of habeas corpus. Attorneys for Mr. Sipe maintain that the return is not sufficient and that it should contain the oath administered to members of the court-martial that sentenced Sipe to five days' hard labor at the Indiana state farm and ordered him dishonorably discharged from the Indiana state militia.

Judge Louis B. Ewbank late Saturday continued the hearing until the amended return is filed. It is expected the case will go to trial late this week on the facts of the case.

Sipe's attorneys attacked the legality of not only the court-martial which tried Sipe, but claimed that the court-martial in this case did not have the legal authority to deprive Sipe of his liberty.

Attorneys for Adj. Gen. Smith contended that the militia was legally organized and that the court-martial was regular.

Attorney Edward W. Pelt, for Sipe, alleged that the whole affair was an "attemp to railroad Sipe into punishment."

Trustees to Plan Further Fund Drive

Plans to raise \$2,000,000 of the proposed \$7,000,000 endowment fund of Butler college will be made at a meeting of the executive committee of the board of trustees of the college Wednesday night at a meeting to be held at the office of Attorney Emsley Johnson, 707 Law building.

The executive committee consists of James L. Clark of Danville, who is chairman; Dr. Thomas C. Howe, president of the college; William G. Irwin of Columbus; Merle Siderman of Indianapolis; and Hilton U. Brown of this city.

Present plans call for the launching of the financial campaign as soon as possible.

Kiss or Bite? Gash Takes 3 Stitches

There may be doubt in the mind of Paul Graham as to whether Deas Washington was trying to kiss or bite him. But there is no doubt but that it took three stitches to close the wound in his lip.

The woman is under arrest and Graham is recovering. He told the police he roomed at her home, 321 Toledo street. His key failed to open a door and he tried to enter the house by the front window. A conversation with Miss Washington ended when she sunk her teeth in his lips, he said. Graham also was arrested by Patrolman Baker and McCollister. Both are colored.

G. O. P. Editors Invite Candidates to Dinner

Five republican aspirants for governor will be invited to sit at the banquet of the Indiana Republican Editorial association at the Claypool hotel on Jan. 20. They are: Warren T. McCray, Kentland; James W. Peeler, Indianapolis; Edward C. Turner, Anderson; Lieut. Gov. Edgar D. Bush of Salem and Ed Jackson of Lafayette.

San Antonio and Laredo, Texas

Mr. Business Man or Woman

You need a ten-day relax for those nerves. I have it for you. Come join us on this personally conducted tour to St. Louis, through Missouri, Kansas, Oklahoma and Texas to San Antonio and Laredo on the Mexican border, where the oranges are growing ripe, flowers are in bloom and Mexican peons going barefooted. A visit to quaint old San Antonio, a hunt and a trip across the border for those wishing to participate, and returning, a trip through the oil fields.

You yet have time to get ready. I will take your reservation up until the train leaves at 12:20 p. m. Tuesday, Jan. 20th.

For the payment of \$125.00 you have this splendid rest and vacation, which cost covers all transportation, standard Pullman and eating on diners, hotels and amusements.

I have been sixteen years a Big Four railway conductor and will know how to make your trip enjoyable.

We leave over Big Four and M. K. T. 12:20 p. m. Tuesday, Jan. 20th, 1920.

GOODRICH COUP SINKS HARPOON INTO WATSON

Violates 'Harmony Agreement' in Seeking Presidential Preference on Ballot.

WANTS TO RUN THINGS

Breaking faith with the supporters of James E. Watson in the republican ranks Gov. Goodrich has finally determined that he will seek absolute control of the republican delegation to the national convention through a primary preferential vote for himself, and has started petitioning to put his name on the ballot.

Unless this movement is checked at once it means that there will be a divided delegation sent by Indiana to the Chicago convention or Watson will have few, if any, friends in the delegation. The determination of Goodrich to have his name on the ballot is a direct variance from the agreement for harmony between Watson and Goodrich several months ago when it was announced that there would be no entrant in the preferential vote for the presidential nomination.

At that time it was agreed that for the benefit of the party it would be best for Watson to remain an active candidate for senator and confine his work on the presidential delegation to seeing that the delegates were men who could be depended on to gravitate to Watson in the event there was a demand for Watson's candidacy created from outside Indiana and developed on the floor of the Chicago convention. It was planned by Watson to have the delegates pledged to Goodrich as long as there was a chance of Goodrich being nominated for president, but to take care to select such delegates as could be depended on to break to Watson in the event there was a chance to nominate him and none to nominate Goodrich.

WATSON STRATEGY GOES AWRY.

The Watson people believed themselves in a good strategic position as a result of this agreement and they allowed the word to go forth that there was complete harmony between Goodrich and Watson. This apparent harmony continued until last week, when the Watson people discovered that Goodrich was preparing to present his name in the primaries and was arranging to name delegates who were not agreeable to Watson, but could be swayed by Goodrich to any candidate he saw fit when it became desirable to trade off the Indiana delegation.

Goodrich has gone about the selection of the Chicago delegation with all the smoothness that is characteristic of his other political moves. He has entrusted the matter of getting up the petitions for his name on the preferential ballot to Edward J. Robinson, who, he once said, is "one of my closest business and personal associates."

Robinson was actively engaged in the management of Goodrich's campaign for governor and his name appears in a number of distinctly Goodrich schemes which have marked the administration in the last three years.

ALSO DIRECTOR OF GLOBE MINE.

Robinson is a director and active manager of the Globe Mining Company, the company to which Goodrich traded the services of convicts from the penal farm for the opening of the stripper mine in Pike county. Investigation disclosed that Goodrich's son, Pierre, was also a director and stockholder in this company while the penal farm convicts were building a railroad to this mine and clearing

the last three years.

DREADED FOR NIGHT TO COME

Chilton, Texas.—Mrs. Mary Reese of this place states: "Some time ago I was quite sick and suffered a great deal. I had been suffering quite awhile . . . At times I had such severe pains in my back, across my hips and in my sides—I was in a pretty bad fix . . . was so restless I dreaded for night to come."

Having heard of Cardui, I thought I'd try it . . . I commenced to get better with my first bottle. I took six bottles of Cardui, and will tell any woman what this Cardui Home Treatment can and will do if taken according to directions. We not only feel it cured but . . . most likely saved my life. I am able to do my work with ease and know Cardui did it."

Cardui has been found to relieve many womanly pains and ailments, and thousands of women have written to tell of the benefit it has been to them, in cases of female troubles and weakness.

Cardui is prepared from mild, medicinal ingredients, which act as a tonic and help build up health and strength in a natural manner.

Try Cardui. At druggists—Advertisement.

There Are 25 Parks, With an Acreage of 1,901, in Indianapolis

There are twenty-five parks in Indianapolis, distributed throughout the city, with an area of 1,901.6 acres, valued at \$4,680,938. A boulevard system connecting these parks encircles the city. There are three public golf courses and many public tennis courts.—One of a series of articles prepared for The Times by the convention board of the Advertising Club of Indianapolis.

away the ground preparatory to taking out coal by steam shovels.

This is the company which Martin Lowish, one of the stockholders said, under oath, gave Goodrich and Ward Watson \$25,000 of its capital stock "for services."

Robinson's name has also been connected with certain transactions which the state board of accounts has been investigating in connection with its recent probe of the affairs of the state fair board. He is said to have had a connection with the ownership of certain restaurant fixtures which were bought by the state fair board at a price higher than they were once offered to the board.

Robinson is generally regarded as a "samurai" political manager and in connection with the governor's selection of candidates for delegates he is expected to deliver to Goodrich whatever Goodrich wants to the entire exclusion of the Watson element.—Copyright, 1920, Indiana Publicity Bureau.

FEAR REDS? NO! SAYS DR. HOUGH
He's More Afraid of Men Who "See Red."

Don't fear the reds. This is the advice of Dr. L. H. Hough, president of Northwestern university, who has traveled extensively in Europe studying social conditions.

"I am a great deal more afraid of the man who 'sees red' than the man who is red," he said. "The man who 'sees red' is filled with hate, but fear is worse than that which causes it."

Dr. Hough told an audience at the Meridian Street M. E. church last night that stability, sobriety and good will are forces which will safeguard the future of America. These forces will guide and restrain the new liberty we have found since the war, he said.

KEEP LOOKING YOUNG
It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color, 10c and 25c.

CHEST CLOGGED UP WITH HEAVY COLD?

Don't give it a chance to "set in"—Use Dr. King's New Discovery.

That dangerous stage where a cold or cough or case of grippe might get the better of you is nearer than you think. Prompt action with Dr. King's New Discovery will avert a long siege.

For fifty years it has loosened congested chests, disipated tight-packed phlegm, broken vicious colds and coughs. Give it to the youngsters—take it yourself. There will be no disagreeable after-effects. 60c and \$1.20 a bottle. At your druggist's.

BOWELS BECOME NORMAL
—Liver flows, bile flows freely—headache, biliousness, tongue-fur, stomach-sourness, disappear when Dr. King's New Life Pills get in their natural, comfortable action.

Purgatives, never pleasantly corrective, sometimes habit-forming, should not be taken to rack the system violently. Nature's way is the way of Dr. King's New Life Pills—gently but firmly functioning the bowels, eliminating the intestine-clogging waste, and promoting the most gratifying results. Cleanse the system with them and know the boon of regular bowels. 25c at all druggists.

GOMPERS RAPS SEDITION BILL

Unamerican and Kills Liberty, Says Union Head.

WASHINGTON, Jan. 19.—Denouncing the peace-time sedition bill urged upon congress by Attorney General Palmer as Prussian and czaristic, Samuel Gompers, president of the American Federation of Labor, today said: "American citizens who love liberty and love America can not stand idly by and permit this legislation to be enacted."

Mr. Gompers' indictment of the bill is sweeping. He asserts that not only is it a grave threat against labor, but that it could perpetuate autocratic censorship over the entire American press, and would re-establish the censorship of the postmaster general even to private correspondence.

The measure in general is characterized as a bill against opinion and advocacy designed to set up a government not of law but of men.

Berlin Denies She'll Treat With Soviet

BERLIN, Jan. 19.—Newspapers here today denied a report printed in Paris that Germany will send a commission to Moscow to negotiate with the bolsheviks.

ABANDONED BABY DIES.

A week old colored baby was placed on the doorstep of the Colored Orphan's home, 517 West Twenty-first street, early yesterday morning. By the time it was found it had died of exposure.
