

JOHNSON AGAIN SEEKS PERMIT TO ENTER U. S.

Clyne Repeats Statement That Government Can't Bargain With Fugitives.

CHICAGO, Feb. 5.—An "armistice" after he returns to the United States—if he does come back to face a Mann act sentence that has been hanging over his head since he became a fugitive from justice—is bargained for in a letter received yesterday by Federal District Attorney Charles Clyne from Jack Johnson, former heavyweight ring champion.

The letter reads as follows: "I am returning to Chicago in February providing this letter meets with your approval. I want to leave Mexico via Cuba and New York, providing you will do a favor for me by arranging matters so I may come into Chicago without being molested en route from New York. I am forced to ask you to give me thirty-six hours to arrange my security and other things before the department of justice serves a warrant for my arrest. I wish you will attend to this matter as soon as I may be able to leave the early part of February."

District Attorney Clyne reiterated his stand that the government can not bargain with fugitives from justice, and that if Johnson returns "the law must take its course."

G. O. P. LEADERS SPUR CONGRESS

Hays at Capital Tells Party's Wishes on Bills.

WASHINGTON, Feb. 5.—National republican leaders have taken supervisory charge of legislation pending in congress.

Will H. Hays, chairman of the republican national committee, has let his will and the will of the party leaders on legislation be known to the members of congress in charge of legislation. This was made known in Capitol Hill, when Hays arrived for further conferences with legislative leaders.

From San Francisco Hays issued orders last week that pending legislation affecting the development of national resources in the far west and providing for the return of the railroads to their private owners must be passed without further delay.

Both the oil land leasing bill and the railroad bills were in conference committee. With the desire of the party known, the oil land leasing bill has been reported from conference and the republican members of the conference have shown unusual activity toward coming to a decision on that measure.

TEACHERS GET PAY INCREASE

Teachers in Marion county outside of Indianapolis have been granted increases ranging from 30 per cent to 38 per cent. S. H. Hines, state superintendent of public instruction, has announced. Similar increases have been put into effect in Benton county, Mr. Hines said.

These are the first counties to comply with the suggestion of the state department of public instruction that they increase teachers' salaries.

The salaries are graded according to the qualifications and experience of teachers. Under the new plan the minimum salary in Marion county will be increased from \$30.35 a month to \$38.20 a month. The maximum will be increased from \$37 a month to \$46.40 a month. There are five grades of teachers with salaries ranging between these two extremes. It is expected that other counties also will increase salaries.

Railroad men from all parts of the United States will attend the funeral of George Dyer, general superintendent, at the layer home, 2261 Central avenue, at 2:30 o'clock this afternoon.

Mr. Dyer had served the Lake Erie & Western for twenty-four years, and it is said he could call a majority of the car service employees on the system by their first names.

His death occurred Monday night at his home. Rev. Thomas W. Grafton, pastor of the Third Christian church, will officiate at the services. The Masonic lodge burial service will be held at the Crown Hill cemetery chapel.

Mr. Dyer had a great capacity for making friends and was one of the most kind-hearted men I ever knew," said a railroad man who had served many years with him. "One time he was at Tipton, Ind., on an inspection trip. He heard that the chief clerk there was ill. He went to him, told him he ought to get out west, obtained transportation for him, gave him a check for \$100 and told him to call on him for more money if he ever needed it."

Mr. Dyer had been engaged in the railroad business since his youth. He was born at Bainsbridge, Ind., Sept. 10, 1888. During the world's fair in Chicago in 1893 he was superintendent of all passenger trains in that city. He was with the Monon railroad for several years and went with the Lake Erie as a train dispatcher in 1896. He was successively advanced to positions of trainmaster, superintendent of the Ft. Wayne division, superintendent of the Sandusky division and general superintendent.

During the Spanish-American war he organized Company L, 100th Indiana volunteers. The company was at Newport News, ready to sail for Cuba when the war ended.

Mr. Dyer gave up railroad work for two years, serving as mayor of Lima, O., from 1900 to 1911. He was a thirty-second degree Mason. Surviving are his widow and five children, Wayne, Laurel, George, Anita and Mary. Burial will be at Crown Hill cemetery.

SYRIAN BANDITS SLAY 3 YANKS

WASHINGTON, Feb. 5.—Three American relief workers have been murdered by brigands in Syria, according to a dispatch received yesterday by the state department.

They were killed last Sunday near El Mall, north of Aleppo.

The identity of the Americans was not reported to the state department. The relief expedition of which they were part was under the American commission for the relief of the Syrian east, which has headquarters in New York City.

Official notification of the murders were given by Gen. Gouraud, French high commissioner at Beirut, to American Vice Consul McCutcheon at the same place, who cabled to the state department.

Gen. Gouraud expressed his formal regret.

JUDGE MARRIES COUPLE IN RAID

Cupid stalked boldly into city court yesterday along with drunks, thieves and just plain vagrants.

His presence became known when Dillard Capps, 22, and Marie Hammer, 18, were called to the brass rail in front of Judge Pritchard's bench. They had been arrested on a charge of cohabitation on an alleged disorderly house at 308 East Washington street.

"Judge, your honor, we'd like to be married," Capps said sheepishly.

His honor's stern gaze softened. "And you, miss—how about it—do you think you'd want to marry this man?"

Miss Hammer said she did.

It was not long before the young couple was on its way to the county clerk's office accompanied by Probation Officer Smith, where they obtained a marriage license.

SETTLE LABEL SUIT OUTSIDE

A compromise in the label suit brought by George W. Brown against Edward G. Sourbier, former county treasurer, and William Hansman, a printer, has been effected, attorneys announced yesterday.

By the terms of the compromise Mr. Sourbier pays Brown's widow \$1,000 and Hansman pays her \$2,000.

Mr. Brown, who was a progressive candidate for county treasurer in 1914, sued Mr. Sourbier and Mr. Hansman on the grounds that they had made libelous statements in a circular which was distributed during the campaign.

The original suit asked for a judgment of \$100,000. The defendants are to pay court costs not already paid. The firm of Hanna and Dally represented Brown and Martin M. Hugg and the firm of Ryan and Ruckelshaus represented the defendants.

DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or nerves, sprains, sore muscles, bruises, chilblains, frost-bite—colds of the chest (it often prevents pneumonia). It is always dependable.
