

BOWLING

Gengler vs. Smith in Title Match

CHICAGO, March 3.—Count John Gengler of Chicago and Jimmy Smith of Milwaukee, after a hard-fought battle, have finally signed articles for a home and home match for the world's bowling championship. They will roll a sixty-six game series, ten game a night for six consecutive nights, with total pins counting. The series will start Sunday, March 21, at the Randolph alleys. The second block will be rolled at the Plankinton alley in Milwaukee the following afternoon. The match will alternate between the cities until finished.

LEAGUE LEADERS LAST NIGHT.

Capital No. 2 league, Walters (Hamiltons) 233

Beams' No. 2 league, Moxley (Prudential Life) 222

The Hamilton shooters of the Capitol No. 2 loop had a good chance to follow Speckler and Hinckman made it impossible for the M. O'Connors to win in the Mountain Coffee Shop, but they were slow to get the drift and finished the night in disgrace.

Walters got the best results in the second game, which sent him up to 233.

Miller connected for 201 in the first game and 108 in the third. His second was fair.

The Feenleys swamped the Stegometers with three whopper totals. Black, End, Bernhart and Huey had all the luck they could ask for.

Old man "Can't See" gets as many as Stritt did in his second game.

Three 900 totals gave the Feenleys a win over the Capitol Specials each and every time.

Campbell gave the Feenleys a 222 boost in the first game. Patterson helped 'em all the time.

The Heller Coal heavies made a big hit in the second round, but the New Style Lazers had it on them in the other two.

The Faust kid's got his little 200 score.

A pair of classy totals gave the Luckystrikes two victories over the Krause Bros. The losers had the most stinks in the third round.

TECH STARS ON ALL-CITY TEAM

(Continued From Page Nine.)

in the sectional. Because of his speed and floor work, coupled with his eye for the basket from any angle of the floor, this seems to be his natural position. George, a second-year man on the Tech team last year, is one of the best of defensive players who ever attended an Indianapolis high school. He has another year to go before he would be eligible to play high on the wall of Indiana basketball before his graduation. Although he has been on the bench about six weeks this year, as a result of an injury received shortly before the Christmas holidays, his playing recently shows that he has lost none of his skill.

The selection of Harmsen for the floor guard job probably will create a number of disputes, but Harmsen stands out as the best all-around player on the sectional team and possesses a wonderful eye for the basket. He knows basketball from every angle and in every game that Marquette has played this year he has quit himself with credit, although on some occasions he lacked support from his teammates.

Billie Tech, although a floor guard in every sense of the word, is given the back guard job because of his wonderful all-around playing ability. He is a good player and a consistent one, and his supply of cork is apparently inexhaustible. Although the above named qualities are not usually thought of in connection with a back guard, Billie is too good a man to be left off any all-city team that could be picked, and in a moralistic section like this kind of a team would be shifted to the back guard position, although having played at floor guard all year Black came to the east side school from the navy, and although he has not had a basketball in his hands for two years it did not take him long to get down to his old-time form, and he has been in gathering momentum as the season has progressed.

G. H. S. FORWARDS

ON SECOND CHOICE.

For the second team Michener and Caldwell, both Shortridge men, are given the forward job. Both of the two athletes has been nothing sensational throughout the season, they have both played a consistent game all year, and have proved consistent performers, although pushed hard by VanArden and Nipper of Tech, and Strain of Manual, the two Shortridge boys are given the edge.

In giving Drayer of Tech second choice on the center job it was necessary to dip a coin to decide between the best and second best of Manual. Although Drayer and Buschel have both failed to uncover anything wonderful this year, Drayer is given the edge over Buschel. In the first place he is in the place as an under-the-basket job, he holds a big advantage over his Manual rival, and in the second place he plays a more consistent game. Although Buschel has played a mighty good game this year he has the inclination to fall down at the critical moment and this is a big mark against him. Both Drayer and Buschel are woefully weak on long distance shots.

Wertz of Manual is the logical choice for the first guard position, although Easel and Strain are good from all angles. He will bear watching in the sectional tournament. Hawkins is the unanimous selection for the second and back guard job. He has won the markings of a great back guard, being ideally built, a quick thinker and possessing lots of cork. His one drawback is that he has not used the speed essential to a good back guard. A small and elusive forward is Hawkins' greatest trouble, but very few under-the-basket shots have been made against the east side. If all the all-city first team was chosen on the basis of standing in their positions only, Hawkins would be the first back guard selected.

Tennis Ranking Change

NEW YORK, March 3.—Richard Norris Williams II, national tennis champion in 1918 and 1919, has moved into fifth place among the "first ten" of the ranking committee of the United States Lawn Tennis Association. Wallace F. Johnson, Philadelphia, is dropped back to the sixth place by the new addition. The change was made, it was explained, because the committee failed to consider the international matches for the Church Cup in which S. Howard Voshell beat Johnson.

International Opening

NEW YORK, March 3.—The 1920 schedule of the new International league, made public today, has moved into fifth place among the "first ten" of the ranking committee of the United States Lawn Tennis Association. Wallace F. Johnson, Philadelphia, is dropped back to the sixth place by the new addition. The change was made, it was explained, because the committee failed to consider the international matches for the Church Cup in which S. Howard Voshell beat Johnson.

There were a few big counts blasted in the Prudential Life-Bowling Phonograph match in Beam's No. 2 club.

Moxley got a 222, the big score of the night, for the Tribe, and Schott confounded another nice one. The holdout and Heible backed them off the boards with 222 and 231 efforts and the Brunswicks came out on top in the "rub."

The Baldwin Manualos had just enough stuff to take three wins out of the hands of the Actua Trusts.

Broncher put the Baldwin in line for a second game triumph with his 202.

Fitz and Axline were the highlights of the Irishive, but they didn't do as best they might.

The Hilltop Vulcans are getting a "rub" last night they gave the Hoosier Ol's a bat on the back that cost them two defeats.

The Hamilton shooters of the Capitol No. 2 loop had a good chance to follow Speckler and Hinckman made it impossible for the M. O'Connors to win in their match with the Krebs Transfers.

There are Roses and Harts, etc., every thing in the M. O'Connors line-up.

Miller connected for 201 in the first game and 108 in the third. His second was fair.

Walters got the best results in the second game, which sent him up to 233.

A pair of classy totals gave the Luckystrikes two victories over the Krause Bros. The losers had the most stinks in the third round.

Hendricks Confers With Red Manager Regarding Player Due the Indians

Jack Hendricks departed for Cincinnati today, where he will confer with Manager Pat Moran of the Reds regarding the place where the Indians in the Crane deal. The Tribe has received one player, Barney Schreiber, and cash, but, according to the agreement made with the Cincinnati club, when Crane turned over the world's champs, Indianapolis will have one more man coming. It is highly probable that Shortstop Jimmy Smith will be the athlete turned over to the Indians, and Hendricks is bringing him good word to this effect late in the week.

The Reds are due to hit the trail for Miami Friday and if Moran has any surprises taken present, he will take the lead, gather Hendricks will toss out the Tribe hooks. At any rate Jack wants Smith and all along Moran has promised to deliver the scrappy player, so the local press need not be surprised if Smith is obtained.

With the Tribe squad scheduled to face the Reds on Saturday, training will be held Wednesday. Manager Hendricks hopes to work fast on his roster the few remaining days, and a deal for a new pitcher may develop. Catcher Jack is the only player Hendricks has failure to land a managerial berth, and the Indians defense. The Tribe officially practically due to the veterans persistent determination to retire from everyday ball, and Hendricks is able to get the best players in the nation for selection.

As the outfit stands now Callahan, Zwilling and Rehg will be the regulars at the start of the season from the Indians, and Hendricks will not move fast in making deals, because he doesn't believe in grabbing without investigating, and he has time yet to spring a number of deals.

McGrew to Umpire in Red Sox-Pirate Series

There wasn't a double century posted in the Irvin Robbins-Brookside match.

DETROIT, March 3.—Creighton university defeated the University of Detroit basketball five, 24 to 16, here last night.

CREIGHTON FIVE WINS.

REVEILLE for Cards

Down in Brownsville, Tex., the natives are startled from their morning sleep by the sounds of Reveille. It is Brownsville calling his betters out of bed. The Cardinals are supposed to have enough "shut eye" by 7 a. m., according to Rickey.

EUREKAS AFTER GAMES.

The Eureka basket tossers want games with the best amateur and independent teams in the state. For information call Belmont 1310 and ask for Charlie.

Cincy Holdouts, With Exception of Eller, Slated to Check In

CINCINNATI, March 3.—The end of the holdout war between the Cincinnati Reds and four of the club's star players, Eddie Roush, Larry Kopf, Heinie Groh and Jake Daubert, was in sight today. A report that they would sign before the team starts south Friday was current everywhere. Hod Eller, it was said, is the only holdout who won't get a new offer now.

GOLFING

GOLFER-WRITER AT COUNTRY CLUB

James P. Lawson, newly appointed professional of the Indianapolis Country club golf course, will assume his duties here March 15, according to announcement of John Simons, manager. Hendricks hopes to work fast on his roster the few remaining days, and a deal for a new pitcher may develop. Catcher Jack is the only player Hendricks has failure to land a managerial berth, and the Indians defense. The Tribe officially practically due to the veterans persistent determination to retire from everyday ball, and Hendricks is able to get the best players in the nation for selection.

INTERNATIONAL MATCH.

NEW YORK, March 3.—The International golf team match, featuring British and Scotch golfers, will be played at the Inverness club of Toledo, Aug. 7, it was announced today.

Back After Long Service

NEW YORK, March 3.—Guy Nickalls, former coach of the Yale crew, arrived here Tuesday on the Cunard liner Imperator to resume instruction of the varsity crew. He has been a aboard the liner having sailed with the Lancashire fliers during the war with the rank of captain.

CREIGHTON FIVE WINS.

DETROIT, March 3.—Creighton university defeated the University of Detroit basketball five, 24 to 16, here last night.

Jokers' Begin Showing in Olympic Rules, but Yanks Stay Determined

NEW YORK, March 3.—New scoring regulations will prevail at the Olympic games in Belgium next summer. The first six in each event are to be awarded points on the basis of seven for first place, five for second, four for third, three for fourth, two for fifth and one for sixth.

With the principles of American standing in the first six places in numerous events, enough points seemed to be in the making to cover the team's unrepresented events in so far as the boys of Uncle Sam might not be so proficient.

The Belgians also declare that on account of the rules, no nation can claim the world's championship. All winners are to be regarded as individual winners and not as national. The Belgians are not to be the champion, or claims of a team's championship, and America could well use points that will be added to the total of other nations.
