

ALTIES IGNORE RUSS IN ISIZING UP CONDITIONS

Reference Only to Red Army of 1,500,000 Considered Significant.

POLITICS STIRRING AGAIN

LONDON, March 10.—Political observers here today considered it significant that the declaration on economic conditions in the world, as drawn up by the council of premiers and made public here today, makes no specific recommendation regarding Russia and mentions the soviet nation only by pointing out that it has armies of more than 1,500,000 men in the field, demobilization of which is a primary condition for European peace.

CONDITIONS COVERED IN EUROPE

The manifesto covers the present world economic situation comprehensively, especially as to conditions in Europe. It does not, however, as had been forecast in some quarters, provide for any general pooling and redistribution of foodstuffs and supplies of raw materials of the different nations.

The recommendations are general rather than specific. The suggestion that Germany be allowed to borrow abroad does not mention any exact plan by which this measure might be carried out.

The council agrees there are no short cuts to Europe's economic rehabilitation and to reduction of prices. It believes, however, that general demobilization, particularly in eastern Europe and Russia, will be a vital step toward this end and recommends that:

Armies everywhere be reduced to a peace footing and armaments everywhere be limited to a point as low as compatible with safety.

CO-OPERATION AMONG NEW STATES

New states establish friendly co-operation and take steps to resume industry and increase their industrial production.

Extraneous and unproductive expenditures to the world, expenditures reduced and steps taken to obtain deflation of currencies by reduction of governmental expenditures.

Taxes be increased where necessary and provisions made to obtain commercial credits despite the exchange situation. Removal of trade obstacles making easy the exchange of essential commodities, it believes, is one step to this end.

Devastated regions be restored through loans, in anticipation of Germany's reparations payments. An extension of time is allowed Germany to make proposals for fixing total reparations.

Says New Oil Fields Only Will Stay Prices

CHICAGO, March 10.—The future price of gasoline hinges on success in making new oil strikes, according to oil men attending the National Petroleum congress here today.

New oil strikes only, in the opinion of the operators, will prevent another soar in the price of gasoline, now selling from 25 to 29 cents a gallon.

FIFTEEN YEARS OF BLACK-DRAUGHT

Black-Draught Highly Recommended by Illinois Man for Liver and Stomach Disorders—Used It for Fifteen Years.

Singerton, Ill.—"For fifteen years we have used 'Black-Draught' and have not as yet found anything that could take its place," writes Mr. W. F. Rister, of this town, "I have used it for indigestion a number of times, and it gives relief," continues Mr. Rister.

"For sour stomach, a heavy, bloated feeling, it is splendid. And when the liver gets torpid, so that when you stoop and raise up suddenly you feel dizzy, a few doses will set you straight."

"We keep it and use for constipation and the above troubles, and find it most satisfactory. I can recommend it to others and gladly do so. For the number of years I have used Black-Draught now, I ought to know."

In its 70 years of usefulness, 'Black-Draught' has relieved thousands and thousands of persons suffering from the results of a disordered liver. And, like Mr. Rister, many people feel that, after using Black-Draught nothing can take its place.

POLICE NAB TRIO IN WHISKY RAID

Shack Near White River Gives Up Booze and Still.

Federal prohibition agents and police look for a decrease in the supply of moonshine whisky today as the result of a raid on a shanty on West Raymond street, in White river bottoms, late yesterday.

Three men were arrested, parts of a still taken and a quantity of booze confiscated. The arrests were made after a shot was fired to stop one of the men who fled.

Lieut. Ball, Sergt. Helm and the federal men effected the raid through a clever ruse. Having advance information on what the operators of the alleged still would do if the law men approached, the officers made their way to the shack in a hay wagon. Despite their precautions, however, the men fled before they could surround the place.

Lieut. Ball took after one man and fired his revolver. The man fell from the wagon. Ball had shot in the air. When the lieutenant reached him the policeman found copper coils lying in the mud. He says the coils were still warm.

The three men arrested gave their names as George Stach, 36, Charles Stach, 42, and Bill Cota, 39. All are Romanians and all live in the building where the police say they found the still.

The police say that they found about a gallon of liquor, a combination of corn and rye whisky. The three men were released on bonds signed by George Stach, 1178 Kentucky avenue. The various parts of the alleged still were taken to headquarters.

The shack was covered with corn stalks to hide it from view.

It is a fact that when nature tries to throw off the poisons from the body the result sometimes is inflammation of the kidneys. Therefore, the best way is to assist nature as much as you can either before or after the attack by throwing off the poisons (toxins) from the body thru the excretory organs, such as the bowels, skin and kidneys. To build up after grippe—to make red blood and fill the body with vim, vigor and vitality, take an iron tonic known as "Ironite," and sold at most drug stores, or that well-known tonic which has been so favorably known for the past fifty years, Doctor Pierce's Golden Medical Discovery. This is made from roots and barks of forest trees and brings the freshness of the woods right to you!

Fever is diminished by the use of Anuric Tablets, but in addition the arms and hands may be bathed with water (tepid) in which a tablespoonful of saleratus to a quart of water has been dissolved. This may be kept up continuously.

IS SHE STILL ALIVE?

For over four years a young Greek from America had not been heard from. Constantine, who lived in Constantinople. Eagerly he watched the mails for a letter. Month after month he sent her money for food and clothing, but never knew whether she received it or not. Four years passed without a word from his dear old mother and he was frantic with grief and despair. Then the war ended and he hastened home on the first boat that sailed for Constantinople to find out if his mother was still alive.

The terrible strain of the war has affected nearly everyone. American fathers and mothers have suffered in silence, waiting day and night for some word from their boys far away in the army.

Thousands of foreign-born Americans have waited in vain for a letter from their father, mother, sister or brother across the sea in war-torn Europe. Grief gripped their hearts when they thought of their loved ones, cold, hungry and despairing amid their ruined homes and the graves of their dead.

How could they laugh when they were sick at heart? How could they help grieving as day after day went by and no letter came? The mother whose son was grievously wounded and at the point of death somewhere in France, could not go to her boy. She could but wait and pray for him.

With the clutch of fear at their hearts and nerves strained to the breaking point, many fathers and mothers have bravely smiled, but the strain and suspense have brought the gray hairs, lowered their vitality, exhausted their strength and undermined their health.

REOLO has remarkable tonic and strengthening qualities. It tones up the heart and nervous system, stimulates the appetite, aids digestion and sends through the entire body a stream of rich red blood, vitalized with oxygen, that makes the cheeks glow, the eyes sparkle and the whole body thrill with vigor and vitality.

REOLO is sold in sealed packages containing 100 tablets, sufficient for two weeks' treatment. It only costs one dollar a package and is guaranteed to give beneficial results or we will gladly refund your money.

Thousands of people, who have been suffering from nerve strain and enervating diseases, have been restored to health by Dr. Reusing's wonderful formula.

REOLO is sold in Indianapolis by Henry J. Huder, Washington and Pennsylvania, and Huder's Drug Store, or Illinois and Michigan, licensed Distributors for the Dr. A. L. Reusing Laboratories, Akron, Ohio.—Advertisement.

HOLDUP WAVE STIRS BANKERS

Constabulary Force Urged for Central States.

CHICAGO, March 10.—Abolition of the "sawed-off shotgun" as a means to prevent bank holdups, substituting state constabularies, was advocated here today by bankers attending the ninth annual conference of the Central States Bankers' association.

Bank robberies last year, according to W. P. Bowman, Topeka, Kan., were greater than in any previous year, "due to the lure of the Liberty bond, which was so easily negotiable."

"The constabulary should be equipped with horses, motorcycles and automobiles," he declared.

States represented at the conference are Indiana, Illinois, Iowa, Kentucky, Minnesota, Nebraska, Ohio, Tennessee, Kansas, Michigan, Missouri, North Dakota, South Dakota and Wisconsin.

30 Days, \$100 Fine Blind Tiger's Cost

Earl Hutson today began serving thirty days as the result of a sentence and a \$100 fine imposed by Judge Peckham of the city court on a blind tiger charge.

The police charged that Hutson was the owner of a whisky still found Saturday night during a police raid in the rear of 339 West New York street.

Six men, who were arrested several nights ago at 136 North Delaware street on a charge of playing "pangloss" were each fined \$5 and costs in the city court late yesterday. Each paid his fine.

George Young, said to be the owner of the place, was found not guilty and was discharged on the charge of operating a gaming house.

WILL TURN ON LIGHTS TONIGHT

South Illinois Street Merchants' Body Incorporates.

"Stand at Washington and Illinois streets tonight, look north, west, east, and then look down South Illinois street," said Eph Levin of the South Illinois Street Merchants association today.

"You'll be surprised," Mr. Levin assured a reporter, "that several days have been placed on South Illinois street to the Union station, as a result of efforts made by the merchants organization, the street will be the best lighted in the city, he claims."

Articles of incorporation for the association have been filed. The incorporators are E. W. Wessner, Fred Leonard and Eph Levin. The association has sixty-five members.

New sidewalks will be placed on the east side of Illinois street, between Maryland and Dearborn streets, as a result of efforts of the association. Members also will seek to have Illinois street paved under the track elevation this spring, opening the thoroughfare to the south side. At the present time only street cars can use the thoroughfare under the elevation, Mr. Levin said.
