Lafayette Five Overcomes Early Lead to Win Exciting Scrap, 25 to 15.

NEUMAN STAR OF GAME

Throng Packs Huge Gym and Is Liberal With Applause.

COLUMBUS TRIMS KOKOMO.

BLOOMINGTON, Ind., March 11.—The Columbus high school basketball team walked over the Kokomo high school representatives for an 18 to 6 win in the second game of the state high school basketball championship tournament here today. The Kokomo team fought hard in the first half and the score was neck and neck, but in the second half they were easily outclassed at every angle of the game. Columbus meets Jefferson in the second round at 2 o'clock tomorrow afternoon.

Special to The Times.

BLOOMINGTON, Ind., March 11.—Jefferson high school of Lafayette defeated the Bloomington quintet, 25 to 15, in the first game of the state high school basketball tournament at the Indiana university gymnasium here today. Bloomington was the state champion last year, and while the quintet had not proved as strong this season, followers of the game were surprised that the Lafayette quintet could win by a ten point margin. Last week in Indiana 432 high school basketball teams clashed for honors in twenty-six sectional tournaments. The winners of each of these sectional meets are in Bloomington to fight it out for state championship honors today, Friday and Saturday.

LOGAN OPENS FOR BLOOMINGTON.

Neuman, center, was the star of the winning team, scoring eight field goals. Logan tossed the ball into the drapery for the first marker of the game and held Bloomington in the lead for ten minutes by his foul goal shooting, but the Jefferson guards got his number on field goals and covered him close. Jefferson was leading at the end of the first half by a 15 to 10 score.

When the Bloomington and Jefferson high school athletes trotted on to the floor at 9 o'clock this morning, thousands of basketball fans from every section of the state had crowded the big gym to see the opening battle. The defeat puts Bloomington out of the tournament. Jefferson high school will meet the winner of the Columbus and Kokomo game at 2 o'clock Friday afternoon. The Columbus-Kokomo teams clashed in the second game of the tournament at 11 o'clock this morning.

JEFFERSON CLEVER PASSING.

Jefferson played a clever passing game against Bloomington. Dufur, center, and Martin, guards of the Lafayette quintet, presented a stone wall defense and the Jefferson players were unable to get a close shot at the basket. Neuman, center for Jefferson, played a clever game over the floor and his passing did much to give C. Crowe and Heffner their chances to score. Heffner has been the high score man in most of Jefferson high school's games this season and the Bloomington guards gave him special attention. However, Heffner did his share of the work for the Lafayette team.

The lineup and summary:

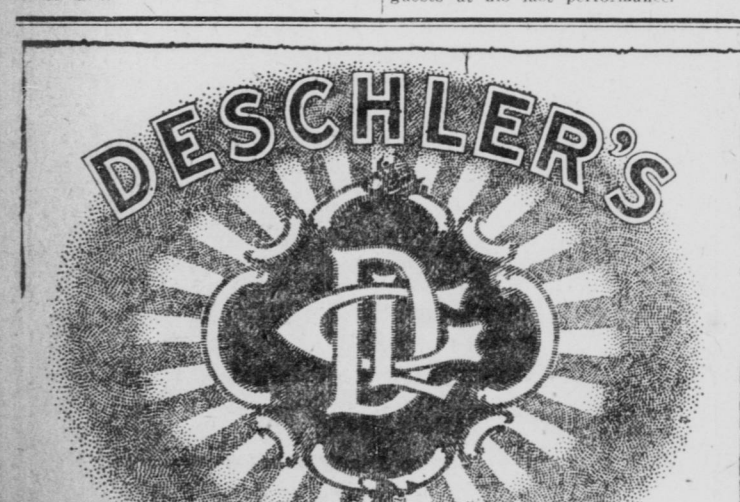

Jefferson (25).....Bloomington (15)
Heffner.....Forward.....Hickory
C. Crowe.....Forward.....Logan
Neuman.....Center.....Coffey
Dufur.....Guard.....McClintock
Martin.....Guard.....McClintock
Field goals—Neuman, 8; C. Crowe, 3; Heffner, 1; Logan, 2; Hickory, 2; Talbot, 1. Free throws—Logan, 3; C. Crowe, 1. Substitutes—Talbot for Hickory; Nicholson for Talbot; E. Crowe for Martin; Frazier—Maloney, Unpublished.

TECH MAY LOSE SLAUGHTER

Slaughter, star forward of the Technical high school basketball quintet, was confined to his bed today with a slight attack of influenza, and the Green and White followers feared that he would not be permitted to battle for the honor of Tech and Indianapolis in the final of the state high school basketball tourney at Bloomington tomorrow. The locals played their first game in the final at 1 o'clock tomorrow afternoon, with Kendallville. Coach Black stated today that he will use VanArsdale at forward in the event that Slaughter is unable to make the trip. VanArsdale has also been under the weather with influenza.

Scout Relay Added Feature to Junior Indoor Track Meet

Battalion Teams Will Race for Valuable Em-Roe Trophy.

The Boy Scout relay race is a special event that has been added to the program for the Junior Indoor I. A. A. U. track and field championships, carded for the state fair grounds Coliseum, March 17, under the auspices of the Indianapolis Athletic and Canoe club and it promises to afford the fans some clever entertainment. Chief Scout S. C. Belzer requested the athletic committee to stage the event as an added attraction and stated today that he will have ten teams of four boys each ready for action before the night of the meet.

The Boy Scout relay will be a "out-side" event and no points will be awarded for it. However, Leo Emmelman of the Em-Roe Sporting Goods Company, will award the winning team a valuable silver loving cup. The relay teams will be picked from the various Scout battalions throughout the city and the rivalry among them is so strong that they will probably put up the keenest competition of the entire meet. Three sections of the Coliseum will be donated to the Scouts and tickets will be given through their officers in due time.

Elaborate plans are being arranged for the championships and the newest "trunk" event will be the building in the banners and colors of all athletic clubs, colleges and universities sending down here for competition. It will take about three days to put up the "trunk" and the one doing the most work will be rewarded by the Canoe club. The committee in charge of the event was to meet at the Em-Roe Sporting Goods store to complete the program this afternoon and they will have more interesting news for the track fans of the state tomorrow.

Curtis Captures State Three-Cushion Laurels

William Curtis captured the Indiana three-cushion title by defeating Ed Sullivan 30 to 20, in the final game of the triple tie play-off last night. A cooler's billiard table was used for the match. The winner played consistent billiards throughout the match, scoring five for high run. Teague's best was a three.

The victory of Curtis last night places Sullivan in second place and Teague in third position in the final standing. This afternoon and they will have more of the regular schedule.

INDIANS DRAW NEAR FLORIDA TRAINING CAMP

Speed on Toward St. Petersburg With Spirits High and Jokes Running Rampant.

FERRELL IS 'VICTIM'

By EDDIE ASH, Times Sports Editor.

ATLANTA, March 11.—(On board the Indian baseball special). Ah, the wonderful, pine-scented air braced up the already spicy spirits of the Indians when they rolled out of their berths this morning on their way to St. Petersburg, Fla., where they are headed for their spring training camp.

Hickory Ferrell, the Indian tenderfoot of the party, was cautioned by Manager Hendricks from inhaling too much pine-adelium from the forest.

"Why so, sir?" quoth Hickory, lamb like.

"Didn't you know that some one gets pitted every trip because he became too anxious to inhale that pine vapor and not being used to it got his northern lungs saturated with that pineydelium?" inquired Jack, never cracking a smile.

"Zwilling helps," quoth Hickory, lamb like.

Dutch "Zwilling," who stood near by, put in, "I suppose the conductor will be in soon to warn passengers about that region just ahead, where the vapor is particularly bad. Watch out, Hickory," and Dutch never smiled an inch.

The Indians of the Hendricks tribe have been admiring that diamond-studded button in the lapel of Henry Schreiber, member of the champion Reds last season, a button souvenir given to each member of the Cincinnati winners of the world's baseball title.

Schreiber is expected to bolster up pennant hopes of Hoosierdom. The player is sure that a berth on the Indians will suit him and on the trip he has made friends with every one.

Dutch Zwilling, however, insisted upon labeling Eddie Long as "Schreiber."

WORK IN CAMP. The Hendricks smile and geniality has become catching, the members of the squad en route have carbon-copied it, mimicked it, duplicated it, cartooned it, and in other ways taken the copyright, but Jack doesn't care. He wants the members to feel light-hearted, but to buckle down—with a smile—when they reach Florida and become physically fit. Jack is coaching optimistically.

Card playing and "jaw music" have helped to pass away the hours on the trip. Owner Smith continues to spill turf diaphanously.

"Eddie Long is along," wheezed one of the wits of the party, for which he got a chorus of groans.

Throughout the day the Indians watched the fleeting scenery, breathed the pine air, enjoyed the meals, but longed for the arrival in the Florida tourists' city. The train is due to arrive sometime about 5 o'clock tonight.

Frolic on Beach at St. Petersburg for Best Quoit Hurler

Association Will Send Local Title Bearer to National Tourney.

R. Walter Jarvis said something today that was accepted by the horseshoe pitchers of the city as a standard monthful when he passed out the information that the quoit hurler finishing the season at the top of the individual average column in the Indianapolis Horseshoe Pitchers' association will be sent to St. Petersburg, Fla., that same land of dreams where the Indians are to pull their spring training stunts, to compete for honors in the national horseshoe pitching tournament. All the expenses of the lucky bird will be defrayed by the local association.

Quoit twirling interest ran sky high in Indianapolis last season and this year the membership of the organization is expected to more than double that of previous years. At a recent meeting held at the city hall sixty teams of five men each, representing various clubs and factories in the city, were registered and since that time several other teams have been heard from by Mr. Jarvis. The people of the city have shown that they are for the sport and, considering the fact that the averages turned in here last year ranked with the highest in the country, it has been decided to have Indianapolis represented in the biggest horseshoe pitching contest in the world.

St. folks, don't feel punk because you can't all be Indians, just get wised up on the art of quoit throwing. It's a ringer every time you have the hoof harness and you can go down and enjoy life on the beach with the hotel maidens when Manager Jack and his Indians are up here working their socks off, coping the A. A. pennant.

FT. WAYNE Rifle Team Registers Classy Scores in Annual Indoor Shoot

An average of 199 out of a possible 200, at fifty feet, was established last night by the four-man team representing the Ft. Wayne rifle club in the annual indoor shoot of the Indiana State Rifle association, in progress at the state armory. Gossip around the range indicates that this mark will stand as high for the event, unless the crack Culver Military academy team, which shoots today, can turn in a perfect score. All to sign with the shooting in vines and competition for second and third places will be kept. A number of teams from the local area are expected to show up. Ridge and Technical, started last night but did not have time to finish and they were expected to turn in good scores today.

The board of directors of the association met last night and decided that the annual outdoor shoot will be held during the early part of July at Ft. Benjamin Harrison. An outline of the future activities of the organization will be issued shortly by Adjt. Gen. Harry B. Smith.

VALPARAISO, Ind., March 11.—John "Red" Corriden, a member of the St. Paul association team last year, has been signed as captain of the Logansport Ottos during the 1920 season, according to S. O. Berman, manager of the team. Corriden is the second association player to sign with the local club for the coming year. "Herb" Hall, with the Kansas City team last year, has signed to pitch for the Ottos.

DO THEY MEAN BUSINESS? NEW YORK, March 11.—Selection of a new national commission chairman may be announced before the end of the week.

YALE HOCKEY CAPTAIN. NEW HAVEN, Conn., March 11.—Robert Carson of Pittsburg last night was elected captain of the Yale hockey team for next season. He succeeds Alvin A. Ingalls of Cleveland, former naval aviator, who was this year's captain.
