

## SUNNYSIDE AID UP THURSDAY IN COUNTY COUNCIL

Gardeners' Market, Road Improving and Jail Repairs Also Listed.

TOTAL OVER \$500,000

Appropriations aggregating more than \$500,000 will be considered by the Marion county council at a meeting to be held at the courthouse next Thursday.

The council will also elect two new members to succeed Jesse Potter, who is now located at Detroit, and John Askren, now in California.

The important business to be considered by the council is announced as follows:

1. The appropriating of \$324,000 needed improvements and for the erecting of new buildings at Sunnyside, the county tuberculosis hospital.
2. The consideration of the creating of a producers' and gardeners' market on the county ground north of the courthouse.
3. Consideration of a county road improvement program which has been approved by the good roads committee of the council and the county commissioners.
4. Consideration of the appeal of Sheriff Miller that immediate improvement and repairs be made at the county jail.

### PERMANENT POLICY FOR SUNNYSIDE

Probably the most vital problem before the council will be the consideration of adopting a permanent policy regarding Sunnyside.

"We are asking the council to give us approximately \$324,000," said H. S. Hatch, superintendent of Sunnyside. "With this we plan to build a children's cottage, which will take care of forty-four little folks, and I will be one of the most modern buildings of its kind to be found in America, and will contain every facility for handling these types of cases and properly treating them."

"We are also including in this budget a hospital for advanced cases, in view of the present high prices of building material, to cover the expenditure of these two buildings. This \$38,000 represents the deficit."

"It soon became obvious that this amount would not be sufficient, in view of the present high prices of building material, to cover the expenditure of these two buildings. This \$38,000 represents the deficit."

"To summarize: We are asking our county council for a bond issue, which amount will be used in finishing the construction of our new power house building and children's cottage, doctor's residence and a hospital for advanced cases, and the estimates submitted include the total cost of all these buildings, such as roads, sidewalks, heating mains, full equipment, etc., in addition to the general contracts," said Dr. Hatch.

Many of the leading civic, business and professional organizations, as well as prominent citizens and lodges, have sent letters to the county council, as well as the board of county commissioners, asking them to make the needed appropriations for Sunnyside.

### New Rich Give Up Social Aspirations

SPRINGFIELD, Mass., March 12.—Newly acquired riches aren't going to make any difference in the life of Mr. and Mrs. William D. Stilwell, the former having been left nearly \$200,000 by his cousin, William P. Gowan, former president of the Standard Oil Company of Indiana.

"We have no social aspirations," says Mrs. Stilwell, "but may go so far as junking the old auto and get a new one."

### Newbert Has 10 Days to Amend Complaint

Harry R. Newbert, Whiting, Ind., was granted ten days in which to amend a complaint against Louis Weyland, president, and other officials of the International Brotherhood of Holtermakers, Iron Shipbuilders and Helpers by Judge A. F. Anderson in federal court yesterday.

Newbert is president of local No. 39 at Whiting, and the suit was brought to have the international brotherhood dissolved on complaint that a charter of the local was unlawfully revoked.

### Two Arrests Follow Fight; Cue Weapon

James Cissell, 34, of 316 East North street, and George Wilschre, 28, 1326 Central avenue, were arrested early today charged with assault and battery.

Cissell appeared at the city hospital at midnight to have his wounds dressed. The police were notified and Sgt. Sandmann and a squad of police were sent to investigate. Cissell said he was injured by falling on a sidewalk. Later he said Wilschre hit him with a pool cue at 25 Kentucky avenue. The arrests followed.

### SUBMARINE FREES ITSELF

BUZZARD'S BAY, Mass., March 12.—United States submarine No. 12, grounded all night on Hog Island at the entrance of the Cape Cod canal, extricated itself from the sands today without the aid of tugs sent to its aid.

### Begin to Purify Your Winter-Blood

Grandmother's Old-Fashioned Sulphur and Molasses Did It.

But Not So Well As This Sulphur Tablet—Sugar Coated.

Through the winter the blood accumulates poisons because you do not perspire enough, because you do not live in the open air, and because you eat more meat, and other rich foods. Every spring we feel sluggish, constipated, liver and kidney ills beset us, colds and chronic coughs, pimples, boils and carbuncles, all evidence of impure, thick, sluggish blood.

Sulphur Tablets (not sulphur tablets) are composed of extracts of roots and herbs, combined with sulphur and cream of tartar—and no better physic, blood-tonic and blood cleanser has ever been developed. Every spring thousands who already know their value take them to purify the system of Winter Poisons. Now is the time to begin, so you won't be attacked by serious ailments when Spring—and Summer—come. Sold by all druggists 50¢ per sealed tube with full directions—Advertisement.

## DOLLS OF WORLD HOLD LOVE FEAST

Exhibit at Irvington Library Attracts Public Interest.

Representatives from all parts of the world in native garb are meeting in perfect harmony and peace at the Irvington branch of the public library.

Questions of world peace, international commerce, exchange and war are taboo. The gathering is not made of real people, hence the peace and quiet. It is a collection of doll people, making up the World Friendship Doll Exhibit.

Not only are dolls on display patterned after the people of foreign lands, but Irvington homes and Irvington people are represented.

The dolls were dressed and placed in the exhibit by the following students of the Irvington grade schools: Japanese dolls, Dorothy Rollison and Catherine Cory; Eskimo, Flora Adelaide Campbell; Dutch, Elizabeth Williams and Elsie Culbertson; African, Mary Jean Campbell; Chinese, Catherine Cronan; Myrtle Wilson and Beatrice Johnson; Armenian, Bernice Gray; Puritan, Vivian Wood; Egyptian, Dorothy McDonald; Indian, Naomi Mikesell and Marian Corya; Scotch, Wanda Coulson; American, Esther Hunter, Florence and Virginia Copelan, Josephine Reynolds, Elizabeth Greer, Geneva Stoeck, Elsie Culbertson, Beulah Remley and Nathalie Quigley. Red Cross dolls costumed by Bonnie DeLoach and Marie Warren; Uncle Sam by Dorothy Smith and the Goddess of Liberty by Elizabeth Greer are considered mascots of the exhibit.

Books touching on life in foreign lands are also included in the exhibit and are kept for circulation. The "meeting" will continue for a week.

## Theater Man Slain; Assailants Escape

CHICAGO, March 12.—Police today searched the city for two well-dressed young men who, late Wednesday night, shot and killed William Mills, manager of the Crawford theater, as the latter stood in the theater box office counting up the night's receipts. No attempt was made to rob the theater and motive for the murder is shrouded in mystery.

## HUBBY HAS THREE MOODS.

LONDON, March 12.—Mrs. Phyllis Fagen told the judge her husband only had three moods. "He was either sneering, violent or completely silent," said she. "Divorce granted," announced the judge.

## ROMANCE SEEN IN QUAINT MAP

Hudson Bay Company's Story 'In Little Red Dots.'

WINNIPEG, Canada, March 12.—A map of western Canada kept in the offices of the Hudson's Bay Company in Winnipeg is sprinkled with tiny red dots. Two centuries and a half romance and history focus in these little red dots.

When the Hudson's Bay Company in 1870 surrendered to Canada the vast territory granted to it by Charles II of England it retained one-twentieth of all land in the "fertile belt" of Manitoba, Saskatchewan and Alberta between the North Saskatchewan river and the international boundary. This one-twentieth was distributed throughout every township and each of these red dots on the map represents an area of from 100 to 640 acres.

These lands are just as they were when the company's first forts were erected on Hudson bay. They are just as they were when the buffalo pastured upon them and Indians and trappers shared or shot fur-bearing animals in this domain half a century ago. Though now surrounded by farms, they have never been touched by a plow. They are little islands of primordial soil in the midst of rich farming districts.

The little red dots are disappearing one by one from the map. Each one that disappears means that the land it represents has become a settler's farm. All the dots represent 3,000,000 acres. The company is rapidly disposing of all its remaining land to settlers. When the last dot disappears from the map, the last fragment of Hudson's Bay Company's old empire will have disappeared from the North American continent.

## Paris Paper Charges Wilson Kills Treaty

PARIS, March 12.—President Wilson does not concern himself with what is happening in his own country, which is seeking to wrest from Great Britain "mastery of the seas," Le Petit Bleu said today, continuing its bitter attack upon Wilson for the charges in his Hitchcock letter.

Wilson's letter, the newspaper believes, has annihilated the treaty of Versailles. It proposed to expect the president will follow his charge that France is imperialism by accusing "us of having started the war in 1914."

## Seventh Woman Wins French Pilot License

PARIS, March 12.—Mlle. Odrienne Rolland is the seventh woman to be licensed as an aviator in France, having just passed her pilot's test under the eye of an official of the Aero club.

Of the six women who preceded her Mlle. de Laroche met a terrible death. Mlle. Hervey is an aviation instructor in the United States, Mlle. Dutrieux is at the head of a new industry, and Mmes. Pallier and Reine Thomas have abandoned aviation. Mlle. Jane Hervey is still flying.

## Publicity Cost Her Job, Says Phone Girl

GREENLEAF, Kas., March 12.—After ing to Miss Rose Hawley, 16, a telephone girl, too much publicity cost her her job. After local papers had carried full stories of a holdup in which Miss Hawley is said to have declared she was attacked by the robber, she was discharged by the telephone company, she asserts.

## SOLD 'EM TWICE.

BAKER, Ore., March 12.—George Thompson, local florist employee, was fined \$25 for stealing flowers from a grave and reselling them for a bridal bouquet.

## Just a Little Each Week.

PARIS, March 12.—President Wilson does not concern himself with what is happening in his own country, which is seeking to wrest from Great Britain "mastery of the seas," Le Petit Bleu said today, continuing its bitter attack upon Wilson for the charges in his Hitchcock letter.

Wilson's letter, the newspaper believes, has annihilated the treaty of Versailles. It proposed to expect the president will follow his charge that France is imperialism by accusing "us of having started the war in 1914."
