PASTOR FLAYS SPIRIT BELIEF

Sees Devil Lurking in Church Not Following Bible.

"Having placed his servants as ministers of light in strategic pulpits and influential educational institutions, Satan is in a position to effectively spread his doctrine all over the world," said Rev. J. C. McCall, pastor of Mansure Park Methodist Protestant church, Sunday night.

"People who depart from the true faith become easy victims of men and women who come with a great show of scientific scholarship and lead them into the mysteries of psychic research or into some dark room where they are made to believe that they communicate with departed loved ones," he continued.

TRICK OF DEVIL POINTED OUT.

"A favorite doctrine of Satan is that there is no personal devil. Quite a trick it is for the old boy to hide the identity of his Satanic Majesty behind a cunning denial of his existence."

Rev. McCall, assailed all cults who seek to lead people away from simple teachings of faith.

"Eat, drink, dance and have a great time—there is no hell," is a pet doctrine of Satan," the pastor said.

Dr. Benjamin Young of St. Louis, addressing the Meridian Forum at the Meridian Street M. B. church last night, spoke on doubt of some people to the existence of Christ.

JESUS REAL.

"Science, history and reason all prove that Jesus was a real character," said Dr. Young.

Simple applications of the teachings of Christ would solve all of our present day problems, he declared.

"God pity the man who does not see the need of Christ," said Rev. Frederick E. Taylor at the First Baptist church.

"The important question that comes to every person is whether he can cleanse his ways," the pastor continued.

"It matters not how good a moral life one has led or is leading this vital question comes."

HURT ALL OVER COULDN'T SLEEP

Suffered So Much and So Long, Indiana Lady Became Discouraged, and at Times Cared Little to Live.

Leavenworth, Ind.—Mrs. Hannah Peru, of this town, writes: "About six years ago I began the use of Cardui for female weakness. I suffered such fearful bearing-down pains at . . . It seemed like something was just pressing on the top of my head and it burned like fire. I was indeed a nervous wreck."

"For four years I couldn't do my housework. I was in bed most of the time. . . I got so discouraged, and at times I wanted to die. I was in so much pain. At times I hurt all over. . . At night I was restless and couldn't sleep. I had no appetite, in fact was a misery to myself and every one else."

"I continued in this condition until finally I began Cardui. . . Took Cardui regularly until I took a number of bottles. It cured me. I cannot say too much for this treatment, and highly recommend it to others."

"For more than forty years Cardui has proven beneficial to suffering women."

Why Be Skinny?

It's Easy to Be Plump, Popular and Attractive

It's easy to be plump, popular and attractive instead of being thin, angular and scrawny. Almost invariably the trouble is due to weak nerves and consequent failure to assimilate your food. You may eat heartily, but owing to the lack of nervous energy and impetus the food you eat get the benefit from the food you eat. All of this can be remedied very quickly by taking a small dose of a five-grain tablet of Blood-Iron Phosphate. This quickly strengthens the nervous system, enriches the blood and increases its oxygen carrying power, and in a remarkably short time the average thin, weak, nervous man or woman begins to put on flesh, but also begins to look and feel better. Sleep, appetite, strength and endurance are improved, dullness becomes bright, and unless afflicted with some organic complaint, there is no reason why, if you take Blood-Iron Phosphate regularly, you should not soon look and feel much better and many years younger. Deposit \$1.50 today with Hark, Hook, Huder or any other druggist for enough Blood-Iron Phosphate for a three weeks' treatment. Use as directed and at the end of three weeks you should feel stronger, back and get your money. Your druggist, a man you know, is authorized to give it to you.—Advertisement.

Rupture Kills 7,000 Annually

Seven thousand persons each year are laid away—the burial certificate being marked "Rupture." Why? Because the unfortunate ones had neglected themselves or had been merely taking care of the signs (swellings) of the affliction and paying no attention to the cause. What are you doing? Are you neglecting yourself by wearing a true, appliance or whatever name you choose to call it? At best, the truss is a makeshift, a false prop against a collapsing wall—and cannot be expected to hold more than a mere mechanical support. The binding pressure retards blood circulation, thus robbing the weakened muscles of the vitality they need most—nourishment.

But science has found a way, and every true sufferer in the land is invited to make a FREE test right in the privacy of their own homes. The PLAPAD method is unquestionably the most scientific, logical and successful self-treatment for rupture the world has ever known.

The PLAPAD PAD when adhering closely to the body, therefore, cannot chafe or pinch. Soft as velvet—easy to apply—irresistible. To learn how to work and what you sleep. No straps, buckles or springs attached, as nature intended so the rupture CAN'T come down. Send your name to PLAPAD CO., 3100 673, St. Louis, Mo. for FREE trial PLAPAD and the information necessary.—Advertisement.

Ossifying Woman Puzzle of Doctors

Special to The Times.

BOWLING GREEN, O., March 15.—Mrs. Levi Shroyer, 27, presents to the medical world one of the most baffling cases in history. Experts, the world over, have studied her malady without being able to help her.

The woman's body, from her jaws to her hips, slowly is ossifying. It is feared ossification soon will reach the heart, causing her death.

The strange affliction seized Mrs. Shroyer in 1916, shortly after an operation.

Mrs. Shroyer was brought here from the south to take chiropractic treatments. While under treatment, at one time, she lapsed into a state of coma. Her heart stopped beating for five minutes and afterward, she declared, she experienced the feeling of entering another world and having been in the arms of her late husband.

SHELL SHOCK AS BIGAMY CAUSE

So Says Lawyer, but Youth Claims It Was Love.

BAITMORE, March 15.—Shell shock is advanced as the reason Joseph B. Bright, 20 years old, married twice in twenty-two days. His attorney told Justice Rohleder the youth had been wounded six times in action, once on the head, while with the Twenty-ninth division.

Some derangement traceable to this, the lawyer said, had caused his client to wed twice. But Bright was held on a bigamy charge.

"I was so much in love I did not know what I was doing," he said, admitting his guilt.

He married his first wife, Miss Julia Lusk, 19 years old, on Feb. 16, after he had known her a little more than a year.

When he took the second to visit his mother, the first wife saw them enter the house, and went to find out what it meant.

Both wives were in court, but didn't speak to each other. Each in turn was permitted to speak to Bright in his cell, and each pleaded with him to return to her when he was able.
