

ASSAULTS WAGES OF POSTAL MEN

Woman's Auxiliary Charges
U. S. Has Neglected Workers.

Demoralization of the postal service of the country is greater than that of the railroads, according to a statement today by the Woman's Auxiliary to the Federation of Postoffice Clerks.

Low wages and unfair treatment of clerks is given as the reason for inefficiency of the service by the women's organization. Mrs. M. P. Higgins is president; Mrs. Frank Brown, secretary; Mrs. E. R. Batty, corresponding secretary, and Mrs. E. S. Cummings, treasurer.

Statistics are given to show that wages of postal workers have advanced but 87 1/2 per cent, while the cost of living has risen 104 per cent, as shown by department of labor figures, the statement says.

The women say that while railroad men have "employed the most radical measures for securing better wages and improved working conditions, and have continually held over the nation the terrible threat of crippling the country's commerce by strikes and radical methods, the postal workers have been loyal, patient and long suffering. As a result the railroad workers are among the highest paid workers in the country and are still clamoring for additional increases, whereas the postal workers are still struggling for starvation wages and the prospects are dark indeed for any relief in the near future."

Substitute clerks are receiving 60 cents an hour working beside skilled clerks who get 54 cents an hour, the women's statement says. That is because substitute clerks do not get the same pay as the regular clerks.

SPRING BRINGS CALL FOR FLYERS

Limited Number of Recruits
Wanted at Speedway.

The winged army of Uncle Sam is feeling the pulse of enlisting spring. A call for recruits for the air service was issued today from the aviation repair depot at the Indianapolis motor speedway.

Applicants for enlistment will be considered only for a limited time, it is announced. The reason for the addition of recruits at this time is because several hundred former enlisted men have chosen to take flying training as cadets at the pilot schools at Arcadia, Fla., and March Field, Cal., and because the northern flying fields will increase their activities in the spring.

The aviation repair depot at the speedway is the only northern repair depot of the service. Applicants for enlistment should communicate with the adjutant at the depot.

Army Cooks Are Lucky That They Don't Have to Prepare Ex-Sergeant's Victuals Now

THEODORE F. MEEDY.

"If there is anyone who wants to know about Trutona just send them around to my house at 925 Stillwell street and what I tell them of the remarkable benefits I've gotten from the medicine will be twice as much as I've been able to say in this statement," Theodore F. Meedy, 37 years old, of 925 Stillwell street, Indianapolis, told the Trutona Representative a few days ago.

Mr. Meedy was formerly a mess sergeant at Ft. Benjamin Harrison but has been retired to the reserve. He tells a remarkable story of the wonderful healing powers of Trutona, the Perfect Tonic.

"Twenty-four days ago I was taken sick with influenza," Mr. Meedy continued. "Pneumonia followed and I'll tell you I thought my time had come. From the top of my head to the bottom of my feet every bone in my body ached and pained me. I had no appetite, nothing seemed to tempt me and I simply couldn't eat."

"The benefits six days' Trutona treatment gave me are certainly remarkable. Why, it's almost unbelievable! It takes

the whole family to cook for me now and my wife says she never saw a man eat like I do. I used to be constipated for three or four days at a time and my stomach pained me severely but my bowels are acting more regularly than they have for several years and all the former soreness has vanished from my stomach now. Trutona has relieved the tight feeling in my chest, too. I can breathe better and don't cough so much, either."

"When my wife saw me take my first chew of tobacco in a month yesterday, she said she knew I was getting well. Trutona has done twice as much for me as I can tell here and I'll be glad to tell any one about this remarkable medicine."—Advertisement.

"I can hardly realize how much good Trutona's done for me in ridding my system of the after-effects of influenza. I certainly feel different nowadays and I can highly recommend Trutona, especially these bad after-effects."

"An appetizer, strengthener, system builder and real nerve tonic," these are the words that have won for Trutona the unstinted praise of thousands of unfortunate influenza and pneumonia victims who regained their health through the Perfect Tonic.

"WHAT OTHERS SAY"

Mike Hamilton, a traction company employe, and well-known Terre Haute man who lives at 100 South Pearl street, enthusiastically praising the reconstructive powers of Trutona, says:

"I Can't Express My

Other Remedies Failed

Declares She "Took Barrel
of Them," But Perfect

Relief.

"I simply can't find words to express my thankfulness for the relief Trutona has given me," Mrs. Mary Mahoney, a well-known Indianapolis woman of 800 Kentucky avenue, said recently.

Mrs. Mahoney has been a resident of Indianapolis for the last thirty-nine years and, like scores of others who have publicly praised the merits of Trutona, she is well-known and highly respected in the Kentucky avenue neighborhood.

"I'm telling all of my friends what Trutona has done for me," Mrs. Mahoney continued. "For several years I've been taking every kind of medicine in an effort to get relief from constipation, nervousness and insomnia. For the past six months I've been so nervous I could hardly sleep at all. Although I'd go to bed at 9 o'clock it would often be early morning before I'd fall asleep. I'd just roll and toss all night."

"I have always been bothered with constipation, more or less, until Trutona was recommended to me and I began using it. I've taken Trutona about two weeks and the result is that I'm able to sleep all night long now—and I sleep like a child, too. I'm not a bit nervous any more and my bowels are as regular as clockwork."

"I've taken a barrel of different medicines but Trutona is the only one that ever helped me. I want everyone, troubled as I was, to try Trutona for I know it will help them as it did me."—Advertisement.
