

STORM BLIGHTS WHEAT BELT IN WEST; KILLS 5

Sand and Dust Gales Work
Havoc in Colorado, Wy-
oming and Kansas.

DENVER, Colo., March 19.—Five are known dead today and nearly a score more or less seriously injured as a result of the worst wind and sand storm experienced in Wyoming and Colorado in twenty years.

KANSAS CROPS HARD HIT

KANSAS CITY, March 19.—Reports from scattered sections of western Kansas today brought the prediction that the greatest crop failure in the wheat belt in ten years may result from the great dust storm which for twenty-four hours has raged unabated through four states.

Business has been practically suspended throughout western Kansas for the last twenty-four hours. The dust, driven by a high wind, turned daylight into darkness and impeded traffic everywhere. Camp Funston and Ft. Riley were threatened by fire during the night, but it was controlled by the camp fire department.

Reports from all over the wheat area said that not only had the soil been blown from the young roots, but in many places the roots were torn up and carried off by the wind.

REALTORS BACK 'AD' CAMPAIGN

Harry G. Templeton, executive secretary of the Indianapolis real estate board, announced today that the board was assured of the proposed co-operative advertising campaign. The first discussion of the campaign was at the weekly luncheon of the board this week at which Marie Siderer, a local advertising expert, told the board members of the many advantages to be derived from a campaign of this kind.

After the meeting a short discussion among the members was followed by the realtors pledging their proportionate share toward the fund. This advertising campaign will run for one year in the local newspapers, boosting the real estate board and the members.

This advertising will also be used to acquaint the public with the code of ethics of the real estate board and to promote home ownership. The method used by the board in appraising property will be explained to the public.

More than fifty of the members had signed the roster up to this morning. An office to office canvass is being made by members of the advertising and publicity committees for the purpose of securing the signatures of the rest of the board. It is thought that by tomorrow or Monday at the latest all of the members of the board will have signed.

C. B. Durham, chairman of these committees, said in explaining the purpose of this campaign: "This proposition is an investment instead of a subscription. From the manner in which other co-operative advertising campaigns have paid, there is no question that such a campaign here by the realtors would pay big dividends on such an investment."

City to Have I. U. Commerce School

Indiana university will establish a school of commerce in Indianapolis and Bloomington next fall, the board of trustees has decided.

Economic courses, courses in business organization, industrial management, money and banking and business law courses, which have been in operation at the university for several years, are to be enlarged and co-ordinated.

A division is to be established in this city where "students may see business in action."

Two Local Middles Move Up in Rank

Two Indianapolis men in the naval service have been promoted, according to advices received by the local recruiting office.

Mack, 228 East Morris street, has been elevated from seaman to gun's mate, third class. He is aboard U. S. S. North Dakota, stationed at Guantanamo, Cuba.

Bryn Mawr Club Prepares for Drive

MRS. FRANK LEWIS.
Mrs. Frank Lewis, president of the Bryn Mawr College club of this city and chairman of the Bryn Mawr drive committee for Indiana, made the welcome greeting to Mrs. Charles L. Tiffany of New York, writer and lecturer, at the luncheon given by the club at the Claypool today.

Mrs. Tiffany is a graduate of Bryn Mawr and a member of the committee pledged to raise \$2,000,000 for Bryn Mawr endowment fund. She addressed the women on "Bryn Mawr and the Anna Howard Shaw Memorial," telling of the school's ideals and urging the women to put "push, perseverance and pep" behind the drive. Mrs. Tiffany said Bryn Mawr's present state of finances is inadequate to compensate the high grade of educators that they must have to keep up the standard of the school.

At the speakers' table were Mrs. Paul White, Mrs. Richard Edwards, Peru; Miss Sara Lauter, Mrs. Edward F. Hodges, Mrs. W. T. Barnes, Miss Fredonia Allen and Mrs. Edgar H. Evans. Mrs. Ross W. Morris of Greenfield and Mrs. Eli T. Myers of Elwood were among out-of-town women present. The luncheon was held in the Riley room. Yellow balloons were suspended from each chair. Baskets of daffodils and gold-colored candles on the tables carried out the college color scheme.
