IMPERATOR ENDS VOYAGE ON SIDE

Giant Liner, Cabins Flooded, Barely Makes British Port.

LONDON, March 19.—The former German, later American, now British liner Imperator, has just completed the most sensational journey of its career. For three days the giant vessel was virtually helpless, with a list of 45 degrees. First-class staterooms were flooded. Some members of the crew were killed.

The Imperator left New York on March 8. All went well until last Sunday, when, during a concert in the first-class saloon, 600 passengers were thrown from their seats as the big ship dropped to a sharp list, which increased steadily. The passengers say there was no panic. The cause of the trouble is not quite clear as yet, though it is known there was a considerable ash discharge in the hold.

Several salon passengers stated definitely they received anonymous warnings not to sail on the ship.

Air Bombs Create Havoc at Aberdeen

ABERDEEN, Md., March 19.—Two 112 pound bombs dropped from an airplane 8,000 feet in the air during a proving process at the Aberdeen proving grounds missed their mark and falling on a railroad track in the aviation field tore up the rails for 300 feet and created consternation in the town.

Naval officers from Washington were at the grounds to see the proving. Many bombs were used, but only two went astray. Owing to the danger attending this proving it was decided that there would be no more of it.

PREPARED TO DIE.

TOLEDO, March 19.—Bert Lazette was arrested with a bottle of wood alcohol, coffee, pepper and ginger ale on his hip.

Perfection Eggs—Glossbrenner's.

"Money"

saved is money earned"—you've heard that "time and again"—it's a fact, nevertheless, just to show you what GARDENING, even in a small way, will save you in dollars and cents—we cite this instance, noted in a recent issue of the Columbus Dispatch—

A 5-CENT PACKAGE OF LETTUCE SEED was given space in one corner of a flower garden. From May 15th until July 15th lettuce from that tiny bed graced the table in goodly portions. From July 15th to Sept. 15th the stalks yielded leaves for basis of salads, etc. Figured by the housewife, the total cost at any grocery would have amounted to \$16—a SAVING of \$15.95. Worth the effort, wasn't it?

Of course this fact is only offered as an instance, showing what a SAVING proposition the VEGETABLE GARDEN is. If \$15.95 can be saved on a bed of LETTUCE, think of the returns a BABY FARM would yield, with no great amount of effort or expense.

STERLING FARMS (our 15th addition), will blossom out this summer in VEGETABLE GARDENS of every description. Far-sighted people who are looking a little ahead are investigating STERLING FARMS right along. Call us for details. Do it NOW.

MODERN DENTISTRY Is Absolutely Painless

There was, of course, a time when some dental work could not be done without considerable pain. But, in these days of anesthetics and scientific methods pain has been driven from the dental office. Of course, experience and equipment enters into dentistry to a great extent. Better choose a dentist who has a large practice. He generally knows every phase of the business a little better.
