

## BREAD PRICES TO STAND HERE

No Additional Boosts to Be Made for While, Anyway.

There will be no increase in the price of bread during the months of March and April, according to John F. White of the fair price committee. This decision was reached, following a meeting of the committee last night to consider prices of living necessities.

According to figures presented by the wholesale and retail bread dealers there has been a slight advance in the cost of bread materials over that of February. It was said by members of the committee that most grocers are selling bread at 10 cents, instead of charging the maximum price.

There will be a meeting of the fair price committee at the Chamber of Commerce tomorrow for the purpose of taking up plans for a "save money on meat" week, with meat dealers of the city. It is planned to devote next week to a campaign to educate the public in the value of cheaper cuts of meat.

No increase in the price of ice above 50 cents per 100 pounds will be permitted here without an agreement first having been made by ice dealers with members of the committee, it was announced.

## Demands Accounting of Concern's Funds

A suit asking an accounting of funds of the Liberal Life Assurance Company of Indiana has been filed in federal court by William George of Illinois, a stockholder, in behalf of himself and other stockholders.

The Liberal Life Insurance Company, Austin Rutherford, William M. Swain, James P. Netterville and S. J. VanPetter, officers, are named as defendants. It is alleged that money subscribed to be paid into the capital and surplus of the company was diverted from that purpose by the defendants, damaging the company to the extent of \$200,000. An accounting and order to repay the money is asked in the suit.

Mr. Greene, just arrived in town, stepped into the bank: "I'm looking for an old friend of mine, Mr. Clarke. He used to be cashier here. Has he left the bank?"

Manager, dejectedly: "Yes, he's left the bank. That's about all he did leave."
