

HUNT INCOME TAX DODGERS

Revenue Officials on Trail of Those Failing to Pay.

A search for delinquent taxpayers is now under way by revenue officials. Following the closing March 15 of the income taxpaying season, an organized effort to ferret out tax dodgers was started and the work of tracing those who failed to make returns will continue until all reports of delinquents have been made. Information as to those who failed to make payments on income tax is obtained from county auditors, private citizens, banks, public institutions, stock concerns and financial records. Several delinquents who failed to file returns in the prescribed period have appeared in the revenue office during the past two weeks and made payments subject to penalty. Cases of criminal neglect in paying income tax will be pushed by federal authorities, according to H. M. Tebay, chief of the Indianapolis division, internal revenue. The penalty for failing to pay is a fine of not more than \$10,000 and imprisonment for not more than two years, or both.

ZONING OF CITY UP TO ASSEMBLY

Council Found Powerless to Protect Residences.

Plans for establishing residence and commercial zones in Indianapolis will be taken to the state legislature. J. Clyde Hoffman, attorney for the park board, is preparing to draw up a bill to place before the assembly which will, if passed, afford protection to residential districts against the encroachment of industrial concerns. A movement to create legislation governing the zoning of the city started during a controversy over the proposed building of the Craig-Hunt Motors Company factory at Meridian street and Maple road. Attorney Hoffman has made an extensive study as to what authority the city has to establish and finance a commission to zone the city, and it is his opinion that the council does not have the power to make laws governing the project. The proposed Craig-Hunt building was discussed at a meeting of the board yesterday and it was decided to make every effort to prevent the erection of the factory. Mayor Jewett, who attended the meeting, referred to the building as a "crime." Fred Gardner, member of the park board, declared park officials would "fight the thing to the limit." Communications were received from the Board of Trade and the Central Labor Union, both bodies promising to consider the zoning proposition at their next regular meetings. The board took under consideration an offer by W. J. Hasselman and Ida B. Hasselman to donate an acre and one-half of land lying in a triangle at Park and Fairfield avenues to be used for park purposes.

Veterans Rescued When Home Burns

PEWEE VALLEY, Ky., March 26.—Fire last night destroyed the Kentucky Home for Confederate Soldiers here. The inmates were rescued. The fire started in the hospital division.

Muvver, what makes you so cross?

Very often the answer is that "muvver" suffers from backache, lumbago, or rheumatism.

Those of us who are past middle age are prone to eat too much meat and in consequence deposit lime-salts in the arteries, veins and joints. We often suffer from twinges of rheumatism or lumbago, sometimes from gout, swollen hands or feet. There is no longer the slightest need of this, however, as the new Prescription of Dr. Pierce's called

ANURIC

gives immediate results as it is many times more potent than lithia in ridding the impoverished blood of its poisons by way of the kidneys. It can be obtained at almost any drug store, by simply asking for Dr. Pierce's Anuric (anti-uric-acid) for kidneys or backache. It will overcome such conditions as rheumatism, dropsical swellings, cold extremities, scalding and burning urine, sleeplessness due to constant arising at night.

If you wish to give "Anuric" a trial send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., ten cents for a trial package.

CORUNNA, MICH.—"I had been sick a long time with kidney and bladder trouble. Had backache all the time. I did everything, but could not find any relief. One day I saw an advertisement of Anuric in the paper. I sent to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for a trial package. The sample did me so much good that I got more from the druggist. I can't begin to tell what Anuric has done for me. I will always speak a good word for it, for I can't be too grateful."—MRS. JULIA MONTFORT.

IRON

Is Essential to Health

It Supplies Rich Redness to Blood and Carries Life Giving Oxygen to All Tissues and Organs.

There is no health, vigor or happiness without sufficient iron in the blood stream of the body. The color in the cheeks, the rich red of healthy blood, the energizing of every muscle, nerve and tissue traces back to iron, the carrier of the vitalizing oxygen. People, whether men, women or children, who are pale, listless or anemic are so because they lack iron. When that abundant energy and animal vitality that is the rightful heritage of all is missing it is because of lacking iron. It is because of iron starvation. The way to health and strength is the way of iron—of iron in a form that the blood can absorb and use. Ordinary iron will not do. It will not reach the

THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

What It Is and How It Increases Weight, Strength and Nerve Force in Many Instances

SHOULD BE PRESCRIBED BY EVERY DOCTOR AND USED IN EVERY HOSPITAL

Says Editor of "Physicians' Who's Who."

Take plain Bitro-Phosphate in the delicate, nervous people who lack vim, energy and nerve force, and there seems to be ample proof of the efficacy of this preparation to warrant the recommendation. Moreover, if we judge from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft, curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness. Thinness and weakness are often due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as Bitro-Phosphate, which is inexpensive and is sold by Haag's seven stores, also Hook's drug stores and most all druggists under a guarantee of satisfaction or money back.

Phosphate should be prescribed by every doctor and used in every hospital to increase strength and nerve force and to enrich the blood. Joseph D. Harrigan, former visiting specialist at North Eastern Dispensary, says: "Let those who are weak, thin, nervous, anemic, or run down, take a natural, undiluted substance such as Bitro-Phosphate and you will soon see some astonishing results in the increase of strength, energy, strength of body and mind and power of endurance." Bitro-Phosphate is made entirely of the organic phosphate compound referred to in the National Standard Dispensary as being an excellent tonic and nerve and a preparation which has recently acquired considerable reputation in the treatment of "neurasthenia." The standard of excellence, strength and purity of its substance is beyond question, for every Bitro-Phosphate tablet is manufactured in strict accordance with the U. S. Pharmacopoeia test requirements. Bitro-Phosphate is therefore not a patent medicine and should not be confused with any of the secret nostrums, so-called tonics or widely advertised "cure-alls." Bitro-Phosphate is the only preparation unsurpassed for the relief of nervousness, general debility, etc., those taking it who do not desire to put on flesh should use extra care in avoiding fat-producing foods.—Advertisement.

IF KIDNEYS AND BLADDER BOTHER

Take Salts to flush Kidneys and neutralize irritating acids.

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it. Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again. Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever. Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.—Advertisement.
