

ILLINOIS PARTY LEADERS PLACE M'ADOO IN RACE

State Boom Launched for Former Secretary of Treasury as President.

SOLE ENTRANT TO DATE

CHICAGO, March 31.—William G. McAdoo was placed in the race for the presidency with the launching of a boom for him by Illinois democrats here today.

The movement to boom the former secretary of the treasury was begun a few days by leading democrats of the state, and was made known today by Michael Igoe, former assistant United States district attorney and democratic leader of the state assembly.

ASSERT MCADOO KNOWS OF MOVE.

The boom, according to Igoe, was launched on the responsibility of Illinois democrats, although it was declared that "it was believed McAdoo had knowledge of it."

With the movement well under way for McAdoo, supporters of Attorney General Palmer's candidacy are expected to open their campaign shortly.

It is now, McAdoo is the only democratic candidate actively making the race in Illinois.

Establishment of a national headquarters in Chicago by the democratic national committee will be made within the next two weeks, it was said here today.

The republicans have practically completed organization.

PREPARING TO LAUNCH BOOM FOR PERSHING.

Maj. Gen. Leonard Wood opens his campaign in Illinois here today against Gov. Lowden, "favorite son," with a speech at a mass meeting.

Charles G. Dawes, president of the Central Trust bank, a strong admirer of Gen. Pershing, has been busily engaged lately organizing a publicity machine which he is expected to turn loose in support of the Pershing cause the minute the general has won the Nebraska endorsement in the April 20 primaries.

Lenox Club Works to Improve Streets

Assignment of enlisted men as pilots at the aviation repair depot at the speedway is expected by Maj. Jacob Rudolph, to stimulate recruiting for this branch of the service, the commander said today.

Sergts. Truello and Mills will be sent to Chicago on a recruiting mission in two planes soon.

In the past enlisted men have gone aloft only as observers.

At present the depot is short of its quota of 186 by about twenty men and, it is expected, the need for recruits will grow as the quota is likely to be enlarged.

HELP

by returning your empty milk bottles

THE only way to preserve absolutely the purity of the milk your children drink, is to put it into sterilized bottles immediately after the milk is Pasteurized.

Help by returning your empty bottles.

The Polk Company has done everything humanly possible to obtain more bottles. Manufacturers of milk bottles can not supply the demand.

This creates a situation more serious than the average observer would believe. Without bottles, the Polk Company is unable to deliver its product. But this isn't the crux of the situation. Your child and the child next door, in a short time, may be without milk. This is what makes the situation serious.

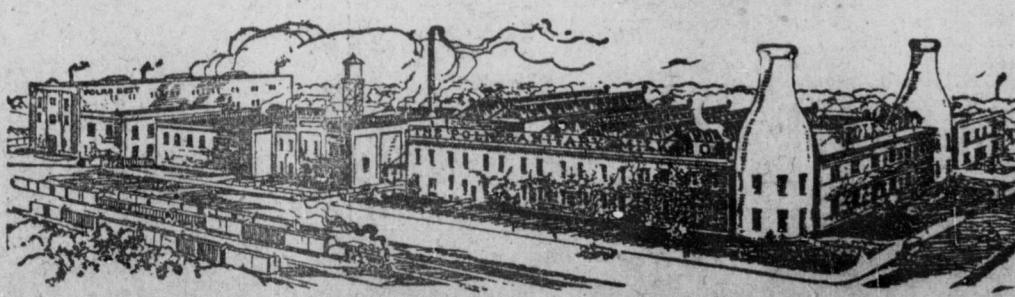

Protect your own children and the other children in Indianapolis by returning your empty milk bottles promptly.

Seek out every empty milk bottle in the house and return it.
