

INDIANAPOLIS LAD A PAL OF CHARLIE CHAPLIN

'April Folly' Booked at Alhambra—'Duds' at Circle—'Mickey' at Regent

GEORGE DAVIS AND CHARLIE CHAPLIN

Here is an unusual picture, recently taken of Charlie Chaplin, the funniest man in the world, and little George A. Davis of this city. This picture proves

makes up the current feature at the Colonial. Mabel Normand in "Mickey" will be the week-end feature opening Thursday in the Regent.

"The One Way Trail" is today's movie at the Regent.

THE CIRCLE. Tom Moore, starring in "Duds," which is showing at the Circle this week, and which ran in the Saturday Evening Post, is a soldier of fortune type.

That is doubtless the reason he finds such keen delight in enacting the role of Capt. Plunkett in "Duds"—a man whose fighting blood has been thoroughly stirred by his war experience in France, and who finds the prospect of civilian clothes and a job rather uninteresting.

THE ALHAMBRA. International crooks on the trail of a pretty young woman known to be the secret bearer of a valuable jewel, furnish thrills and excitement in "April Folly," a rather odd photoplay coming to the Alhambra for the last half of the week, starting Thursday.

The story was adapted from Cynthia Stockley's novel of the same name. Its heroine is portrayed by Marian Davies, one of the most beautiful of screen stars.

DOROTHY DUMPS. The Isis will present a double program Thursday, Friday and Saturday.

precipice should avoid all speculative enterprises for a considerable time—say a year or so.

To dream that you are leaping over walls, bars or gates is a sign that you

will encounter many difficulties in your present enterprises and is not very favorable for lovers; but if you dream of leaping over ditches, drains or hedges the omen is one for success in love, business and all other affairs.

It is also a sign that you will enter into a business arrangement with more than one person and by that partnership will accumulate wealth and become much respected in the community in which you live.—Copyright, 1920.

LAST NIGHT'S DREAMS

—WHAT THEY MEAN—

Did you dream of jumping? The significance depends upon how you jump and what you jump over.

To dream of jumping up to a higher level is an omen that you will arrive at a high position in life.

If you jump down and land on your feet you will be neither poor nor rich; but if you stumble and fall you can only expect to gain a competence by the hardest sort of work.

If you jump into the mire look to your conduct or you will surely fall into disgrace.

If you dream that you jump from one place to another and reach the place you leap for, it is an omen of success in all your enterprises; but you may expect many disappointments if your jump is short of the mark.

One who dreams of jumping off a

"I thought Indianapolis too smoky, but I guess where industry hums you're bound to have smoke. I kicked on the streets until a visitor told me we had a great city. I said, 'She'd not grow,' but the answer is, 'She's growin' to beat the band.' Put me on the wagon—Indianapolis is up and coming."
