MARY WILL HAVE TO READ PAPERS

Nevada's Notice of Suit Over Divorce Published Today.

MINDEN, Nev., April 17.—Official notice that the state of Nevada is proceeding against Mary Pickford to set aside her recent divorce from Owen Moore, was to reach the film star today.

Service in the suit was by publication.

Attorney General Leonard B. Fowler was prepared to combat the first move of the defense, expected to be an application for a demurser. Fowler's staff said it had information the case would be hard fought, and if necessary, carried to the supreme court.

The petition filed by Fowler asks that the divorce of Gladys E. Moore (Mary Pickford) be annulled, and that she return to her original status as the wife of Owen Moore.

Fowler alleged there was an agreement between the actress and Douglas Fairbanks to wed as soon as a divorce was obtained from Owen Moore.

He charged collusion in the appearance of Moore in Nevada at a time when he could be served with notice of the divorce petition.

Fowler said the Nevada courts had no jurisdiction in the case since Moore and Miss Pickford were married in New Jersey and later had lived in Los Angeles.

The suit was brought to uphold the integrity of the state courts and the sovereignty of the state, he said.

Vice President and Wife Stop in City

After spending five weeks in their winter home at Scottsdale, Ariz., Vice President and Mrs. Thomas R. Marshall are on their way to Washington today.

They passed through Indianapolis yesterday on the way east.

Mrs. Marshall declined to discuss politics, saying that he was not familiar with the situation in the country, as he had not read a newspaper for weeks.

William L. Elder and Bowman Elder boarded the train and accompanied the vice president as far as Greenfield.

The Marshalls were accompanied by Mrs. P. J. Foley of Terre Haute.

Fund for Family of Stringer \$646.55

Contributions for the Lee Stringer fund amounting to \$646.55, it was announced today, when gifts of \$40.05 were received.

Earl McCoy and Albert Spalding, negro coal thieves, were convicted in criminal court of the murder of Stringer and sentenced to life imprisonment.

Stringer, a railroad detective, is survived by a wife and four small children.

Contributions can be sent to George Whidier, detective department, Indianapolis police headquarters.

Open Michigan Rum Revolt Cases Today

MARQUETTE, Mich., April 17.—John Peter and Steven Scolnick, the trio responsible for the iron river rum rebellion, were to be arraigned today on charges of illegally possessing wine.

The federal grand jury indicted forty-seven for alleged violation of the liquor law in the upper peninsula of Michigan.

Considering the length of time during which it took to please a photographic portrait is the least expensive thing you can buy these days.

DOG HILL PARAGRAFS

Columbus Alice has fastened up the bridge across Gander creek, as so much passing over the bridge will make the fish nervous.

Yan Sims says no matter how good a person is these days he can't deserve any credit for it, as there is nothing more left to do except to kick a cow.

A petition is being circulated among all persons living in hearing distance of the Gander creek bottoms to protest against the millions of frogs that give concerts there every night. When completed the petition will be turned over to the deputy constable with power to act.

LEGION OPPOSED TO BONUS ONLY

D'Oliver Notifies Congress Fourfold Plan Is Favored.

A bonfire was held yesterday at the national headquarters of the American Legion, to protest against the bill proposed by the American Legion, for the adjusted compensation of former service men, the provisions for home aid, land settlement and vocational training.

A report current throughout the country that the bill was to be introduced in the House of Representatives, contemplated eliminating from the bill proposed by the American Legion, for the adjusted compensation of former service men, the provisions for home aid, land settlement and vocational training, leaving only the cash bonus, has resulted in the receipt of complaints at legion headquarters from every part of the country," said the legion announcement.

The clauses which the ex-service men desire left in the bill provide for land settlement, whereby former service men and women receive \$1.50 for each day of service, to apply on the purchase of land, for government projects, loans for buying equipment; home aid, with \$2 for each day of service to apply on the purchase of a home or farm; or vocational training, with \$1.50 for each day of service to be paid as long as the recipients are obtaining education from the government.

The proposed bill provides for a choice of any one of the above three benefits, or a cash compensation of \$1.50 for each day of service, to be paid within a year after the approval of the bill.

The suit was brought to uphold the integrity of the state courts and the sovereignty of the state, he said.

Butler Debating Team Defeats Two Colleges

Butler college students today are celebrating the victory of their debating teams over teams of Beloit and Knox colleges last night.

The affirmative team won from the Beloit team in the Butler chapel and the negative team won from Knox college at Galesburg, Ill.

Butler team members are: Affirmative, Henry Bruner and Walter Shirley; negative, Telford Orbison and Wayne Harryman.

Our Advertising Space---

Due to the serious shortage of newsprint paper we have been compelled to reduce our advertising space in all daily papers to a minimum, but although the items are crowded into small space, the opportunities for saving on quality merchandise at Goldstein's is none the less.

Therefore, during this paper shortage we will have many "special" priced items on sale in the various departments that will not be advertised—in other words, it pays to "shop" at Goldstein's, where you get MORE FOR YOUR MONEY.

To the Railroad Managers and to the Citizens of Indianapolis

Whereas, The Coal Dealers of Indianapolis, because of their business, are in a position to realize the tremendous possibilities in the present railroad strike as it affects the citizens of Indianapolis through shortage of coal; and

Whereas, It is their desire to call to the attention of the striking employes that while their factional fight is being waged, the welfare of the citizens of Indianapolis is endangered—

1. Because of lack of fuel for hospitals.
2. Because of lack of fuel for lighting plants, gas plants, water plants and heating plants.
3. Because of lack of fuel for manufacturing plants, causing loss of employment to thousands of workers.
4. Because of lack of fuel for refrigerating and packing plants, causing a loss of several millions of dollars worth of foodstuffs.
5. Because of lack of fuel in the homes, endangering the lives of citizens, and

Whereas, The Coal Dealers do not believe that any such conditions can be tolerated or permitted so that supremacy or control of a small group of men may be established by one or the other faction in that group; be it therefore

Resolved, By THE COMMERCIAL CREDIT, AUDIT AND CORRECT WEIGHTS BUREAU, in meeting assembled, representing 90 per cent. of the coal tonnage in Indianapolis, that its members do hereby offer their personal services to the railroads of Indianapolis in the capacity of switchmen, switch tenders or in any other manner in which their services may be used by the railroads, to the end that the present deplorable conditions may be immediately relieved.
