### FORM \$1,500,000 FUNDING BANK

Sol Meyer Heads Huge Financing Corporation Here.

A new million-and-a-half-dollar corporation, to be known as the Meyer-Kiser Corporation, has taken its place among the financial institutions of Indianapolis.

Sol Meyer, president of the Meyer-Kiser bank, will head the new institution.

Sol S. Kiser will be first vice president.

Other officials include Melville S. Cohn, Julian J. Kiser and Ferdinand A. Meyer, vice presidents; L. E. Levey, secretary, and Grace Jackson, treasurer.

Miss Blessing Fischer will be assistant to the president.

The new corporation will begin with an established business, taking over the banking business of the bank, which showed over \$3,000,000 resources in its most recent report, as well as extending an automobile funding business, which last year reported a turnover of nearly \$4,000,000.

\$500,000 INSTEAD IS AUTHORIZED.

In a statement issued by Sol Meyer concerning the new organization, he said that 10,000 shares of preferred stock, par value of \$100 a share, aggregating \$1,000,000 will be outstanding, with an issue of \$500,000 common stock authorized, \$500,000 of which will be purchased and owned by the shareholders of the Meyer-Kiser bank.

The remaining \$100,000 common stock and the preferred stock will be offered to investors, he said, on a basis of \$100 for one share of preferred stock, par value, and one share of common stock, par value, \$10.

The new financial firm is the development of the firm of Meyer & Kiser, organized in Indianapolis as brokerage firm in 1885, operating under that name until 1903, when the Meyer-Kiser bank was founded.

"We are starting with a wonderful prospect of prosperity," said Sol Meyer.

### Well! Well! Isn't Chicago Advancing?

CHICAGO, April 19.—Male loafers in the county collector's office here are to be deprived of their pleasure.

A private room, where women taxpayers may extract money from their stockings unobserved, will be used now.

Today, "and we are going to do all we can to help this city grow with us."

The scope of the automobile funding business alone, Mr. Meyer outlined, has extended to New York, Ohio, Pennsylvania, Illinois, Wisconsin, Indiana and other states.

"No securities now held by the Meyer-Kiser bank will be transferred to the new organization, but we will start with a reputation backed up by figures, and assured earnings from the beginning," the new banking head stated.

All standard securities of high-grade corporations, bonds of recognized value, commercial paper, general banking and real estate transactions will be carried by the new corporation.

Incorporation papers were filed late Saturday by the new institution, and announcement was made today of the plans of the new firm.

**Red Cross Loses War Records in Fire**

A large number of valuable war records were destroyed by fire in the American Red Cross headquarters, 515 518 Lemcke building, it was announced today.

The fire broke out late Saturday evening and was of unknown origin.

The storehouse, in which the records were kept, and two other office rooms were damaged.

There was much excitement in the building when the flames were first noticed, the upper floors being filled with smoke, which prevented the operation of elevators.

"We are starting with a wonderful prospect of prosperity," said Sol Meyer.
