

GARY SAYS U.S. SHOULD HAVE LABOR CONTROL

Class Discrimination Hurts General Interests Declares Steel Baron.

NEW YORK, April 19.—Labor should be subjected to governmental control and regulation like other organizations, Judge Elbert H. Gary, chairman of the United States Steel corporation, said today in outlining the company's stand on unions at the annual meeting of stockholders.

"Discrimination by law in favor of or against any particular class is detrimental to the interests of the general community," Gary said.

"It contradicts the fundamental principles of our government," Gary reiterated the intention of the company to maintain the open shop.

"We believe and we think the public is of the same opinion, that welfare of mankind will not be promoted by the 'one big union' idea," he said.

CITY'S FAIR ONES SHY AT "JEANS"

They'll Wear Calicos, but 'Nix' on the Overalls.

Overalls failed to make their appearance in the local freight office of the Pennsylvania railroad today, as had been planned.

The girls will don calico dresses and the men denim clothing next Saturday, according to May Lang, sponsor for the movement.

Only two of the girls who signed the agreement Saturday to adopt the new clothing have signified their intention of "backing down," she said.

Labor Files Protest.
HUNTINGTON, W. Va., April 19.—The Central Trades and Labor Union of Huntington has adopted a resolution protesting against formation of "overall clubs." The union held that increased demand for denim would result in increased prices, and thus work a hardship on persons forced to wear overalls by the nature of their employment.

"Overall Day" in Atlanta.
ATLANTA, April 19.—With nearly 5,000 names appended to the overall club list, business and professional men, clerks, workmen and men in all walks of life appeared today, the official opening "overall day," wearing the denim on the streets and at work to a number estimated at between 7,000 and 8,000.

LOW GAS BRINGS COLD NOON JAVA
Pressure Not Sufficient to Heat Food in Restaurants.

Noon-day lunchers felt the pinch of the railroad tieup in many restaurants today when their coffee was served cold.

Shortage of gas in the downtown district was responsible.

Officials of the Citizens' Gas Company said they were making a determined effort to solve the coal shortage in order that gas consumption rules might be made less rigid, but no hopeful developments were announced.

Little stocks were the rule in most restaurants and long waits were necessary to get steaks even in that form.

CUPS SHORT
SUNDAY REST.
Householders suffered hardship yesterday when they were forced to forego the customary Sunday morning sleep in order to get warm breakfasts between the hours of 5:30 and 7:30 when the gas pressure was sufficient for cooking.

At Thompson's dairy lunchrooms today coal oil stoves were improvised to heat coffee.

Other restaurants used coal or kerosene to overcome the difficulty.

J. D. Forrest, vice president and general manager of gas company, left today for Cincinnati to confer with railroad officials on getting delayed shipments of coal through to Indianapolis.

STRICT ECONOMY IS NECESSARY.
Gas company officials are urging strict economy in consumption and point out that the company is losing money by not selling all the gas available and then closing down, but that the welfare of the community depends on continuous operation.

Pressure for cooking is maintained between the hours of 5:30 and 7:30 p. m. 11 a. m. to 1 p. m. and 3 to 7 p. m.

Crossing Crash Fatal to Three in Indiana

Special to The Times.
TERRE HAUTE, Ind., April 19.—A fourth death was expected today in the accident at Burnett, near here, yesterday when three in an automobile bound for Sunday school were killed by a Big Four passenger train.

Physicians express little hope for the recovery of Lita Hayne, 9, daughter of Mrs. Keith Hayne of Burnett, who was instantly killed.

Mrs. Evan Davis of Terre Haute and Miss Crumpey of New Goschen also were killed.

Freight cars on a siding obscured the view of the railroad tracks.

He advertised an apartment for rent to the one offering the "highest bonus."

They exhibited a telegram from A. E. Clift, general manager of the Illinois Central lines, saying that reports of proposed conferences between yardmen and railroad officials were unfounded.

REFUSES TO TREAT WITH REBEL STRIKERS
WASHINGTON, April 19.—All terms of the law, under which the railroad labor board is created must be complied with by organizations of railroad employees before grievances can be brought before the board, it was announced today by the board in a formal statement.

The ruling of the board was made when S. J. McDougall of the St. Louis Yardmen's union and Edward McElroy of New York appeared as representatives of the "outlaw strikers" to ask immediate wage increases.

CALL NEW YORK STRIKE ENDED
NEW YORK, April 19.—With passenger service on all lines practically normal and freight moving in volume, railroad officials joined today in declaring the strike around New York is definitely ended.

Officials of all roads reported that the back-to-work movement over Sunday was very large.

The roads today began to fill the places of those employees who failed to return.

CLUBWOMEN AID CITY GARDENERS
Club women of Indianapolis will band together to assist the Patriotic Gardeners' association in obtaining empty lots for garden purposes, it was announced today following a conference between representatives of clubs and Harry Messer, secretary of the association.

Mrs. William Blodgett was appointed chairman of a general committee to guide the work of clubs in assisting the gardeners.

The committee will be composed of the presidents or chairmen of the thrift committees of the various local clubs.

Those who expressed an interest in the work at today's meeting were Mrs. Joan D. Johnson, chairman of the Federation of Women's Clubs in the Seventh district; Mrs. George Dixon, chairman of the civic committee of the Parent-Teachers Federation; and Mrs. W. H. Hart, president of the Housewives' league.

About 500 vacant lots for gardening purposes are needed by the association, according to Mr. Messer, and an effort is being made to obtain permission to use all vacant property in the city.

A meeting of the general committee will be held in a few days to complete a plan of campaign, according to Mrs. Blodgett.

CHURCHES WAR ON SELFISHNESS

Object of Fund Movement Defined by Dr. Potat.

To purge men's minds of selfishness and substitute good will in the world, is the program the Interchurch World Movement expects to bring about, Dr. E. M. Potat, secretary of the prayer and stewardship department of the Northern Baptist convention, told 125 business men of Indianapolis today in an address following a luncheon at the Claypool hotel.

"World dominion, another way of speaking of selfishness, has been preached by many nations," said Dr. Potat, "and even Matthias Erzberger, who signed the armistice on behalf of Germany, has warned his country that the world war was only an episode in the struggle with the Anglo-Saxon race for world dominion."

"The Interchurch World Movement focuses men's attention on this clean-up of the world," declared Dr. Potat, "and it will prevent the next war if you men help unite in a spirit of service, individually and nationally."

Dr. Potat will speak at the First Baptist church tonight.

R. H. Markham of the survey department of the Interchurch World Movement, will give a stereoscopic lecture.

At a luncheon attended by about fifty women at the Chamber of Commerce today, Miss Helen Munroe, dean of a mission school at Yokohama, Japan, spoke.

Mrs. Erle L. Cunningham, Indiana women's chairman of the Interchurch World Movement, presided at the luncheon.

Dr. Potat also spoke to the women.

The Spring Rains Bring Grippe

This sort of weather brings colds and grippe. If it's just a common cold people say, "there's no danger in that!" But many a fatal sickness begins with a cold — with vitality weakened — the system is ready for the influenza germs. Begin early to ward off the attack. Purge the system of the toxins (poisons) by taking castor oil, or a vegetable laxative made of Mayapple, leaves of aloe, and jalap, rolled into sugar-coated pills and to be had at all drug stores as Dr. Pierce's Pleasant Pellets.

If the cold starts with a cough, and it persists then some local treatment for this condition should be taken. A well known alternative extract which has been on the market for a great many years, and which has been highly recommended by thousands of users, is Dr. Pierce's Golden Medical Discovery. This tonic compound is composed of an extract of roots and herbs without alcohol, and has a soothing effect upon the mucous membrane, allays the irritation and at the same time works in the proper and reasonable way, at the seat of the trouble—the stagnated or poisoned blood.
