and 9 cents a day the year before," said Mr. Hayes pointed out that in smaller counties in Indiana that the sheriff does not prepare the meals, but sends out to a private home or a little restaurant for the meals.

COLLINS SAYS
HE WANTS ACTION.

Judge Collins insisted that now is the time to remedy conditions.

"Survey or no survey, I am in favor of having all prisoners transferred to the workhouse," he said.

It was stated by the county commissioners that new cells at the jail, which must be installed, will cost approximately \$80,000.

"Ten thousand dollars would give us a good start at the workhouse and \$80,000 would not get us started at the jail," said Commissioner Hayes.

Mr. Mattice, representing the government, indicated that the workhouse plan would be a great improvement over the present condition of the jail.

FORMER CELL
BOSS INDICTED

Lester Mitchell, 29, a former prisoner and cell boss at the Marion county jail and now serving a year's sentence at the penal farm on a petit larceny charge, today was indicted by the Marion county grand jury on charges of assault and battery on two former jail prisoners.

Mitchell was a former cell boss at the Marion county jail under Sheriff Robert F. Miller's system of giving prisoners of official privileges in jail.

Mitchell is specifically charged with assaulting the late Kirby Bowen and Jesse Toomey, both former jail prisoners.

Bowen was confined to the Marion county jail as an insane patient and it developed in the federal court inquiry that a jail attendant so severely beat an insane patient that death was the result.

Investigation revealed that this man was Bowen, it is said.

The grand jury indicted Sheriff Toomey.

WILLIAM RAY

He has confessed that he lured Martha Huff, 14, to the banks of Big Eagle Creek, assaulted and killed her and threw her body into the stream in an effort to hide his crime.

indications are that the county grand jury has completed its probe of the jail.

as J. B. McHaffey, a member of the jury, was permitted to resign from the grand jury by Judge Collins.

Little Theater's
Closing Put Off

The dual performance of the current season of the Little Theater society, which was scheduled for tomorrow night, has been postponed until the evening of May 9.

The bill will include three one-act plays, one of which will be "Underneath," by Miss Rebecca Bennett of this city.

trudge to Big Eagle creek and the murder.

Ray is known as a man of many aliases.

He has been going under the name of Bennie Davis Hart here.

He also was known as Ray Williams. The white coats found in Ray's effects at his rooming place makes it apparent, the detectives say, that he is the same

man who tried to lure Helen McCaffrey and Myrtle Robertson, 12-year-old white girls, in the vicinity of Sheldon and Sixteenth streets, last Saturday.

The Robertson girl positively identified him.

The negro claims he was born in Indianapolis and lived near Ben Davis for some time.

He said he lived in "Haughville" with an uncle at 958 Sheffield avenue, prior to moving to the Columbia avenue address, three months ago.

Much praise was given Detectives Traube and Sneed following the capture. These men have figured conspicuously

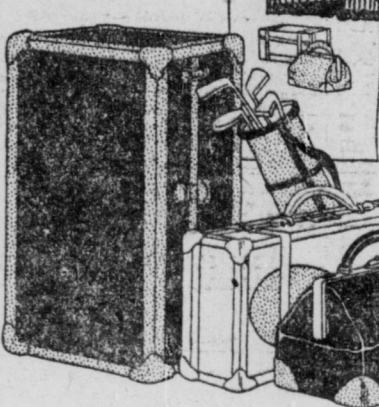

in running down criminals during the last few months.

Simple funeral services were held for the Huff girl from the home of her stepfather and mother, Mr. and Mrs. Hugh Smock, 420 Bank avenue, at 2:30 this afternoon.

A white crepe fluttered from the home this morning as neighbors gazed sympathetically at the little cottage.

Children of the neighborhood collected pennies and nickels and bought a bouquet.

The body was taken to the Salem church burying grounds, near Brownsburg, the Smocks' former home.

Once You Try Mazola You Will Never Go Back to Lard or Butter for Cooking—or Olive Oil for Dressings

OF interest to every wide-awake housewife are these important facts about the general use, the quality and the unusual economy of Mazola.

Deep Frying

No fat excels Mazola for deep frying. It is far better and a great deal more economical than lard or compounds. Mazola is 100% pure vegetable fat. It contains no moisture. Butter and Lard contain moisture. The same lot of Mazola can be used over and over again—even after frying fish and onions. Merely straining makes it perfectly fresh for use as a shortening. It carries no odors or flavors from the foods cooked in it and does not smoke up your kitchen.

Shortening

The purity and richness of Mazola best demonstrates itself in the fact that $\frac{1}{4}$ to $\frac{1}{2}$ less Mazola is required than that of butter or lard. This means that your cakes and pie crust will not only be light, rich and easily digested but will cost you less to prepare. Being an oil, the tiresome "creaming-in process" is eliminated. Mazola is always ready for instant use.

Salad Dressings

Thousands of Italians, who certainly know olive oil, use Mazola. Not only because it costs about half that of the best olive oil, but because of its richness, quality and purity.

For French Dressing, Mazola blends readily—and mayonnaise made with Mazola will keep for weeks without separating.
