

SCHOOL BOARD APPROVES \$200 TEACHER BONUS

Lump Sum Increase to Be Given All Regular Instructors Under Plan.

Can Bring Lunch
School board members may carry their lunch to future meetings. The bi-monthly sessions of the board recently have lasted from 8 p. m. to 1 a. m. or later and business has been left unfinished.

President Crippin has suggested to board members that meetings start at 8 p. m. and members bring their lunch and remain until they are finished.

Final arrangements for paying teachers of Indianapolis an increase of \$200 in salary for the present school year are complete today.

E. U. Graft, superintendent, presented to the school board last night a list of those eligible to the increase, including supervisors and assistant supervisors, high school teachers, normal school teachers and directors of practice, building principals and assistant principals, elementary teachers, attendance officers and vocational teachers, full time.

Those who will not be included in the salary increase are special directors, high school principals, normal school principals, supervising principals, clerks and stenographers, military department attaches, assistant teachers in high school and vocational teachers on part time.

George C. Hitt, business director of the schools, asked the board to make some arrangements for salary adjustments among the employees of his office, and was authorized to compile recommendations for increases to be presented to the board at the next regular meeting.

A letter was received by the board from the Indianapolis Teachers' Federation expressing gratitude for the action taken in regard to salary increases.

A conference was held by the board with heirs of the Topp estate, who own property at Thirty-fourth and Meridian streets, where the board desires to purchase a site for the proposed north side high school.

The board made an offer of \$50,000 for the purchase of a site on Thirty-fourth street from Pennsylvania to Meridian streets, which the owners did not care to offer in sale.

Clarence E. Crippin, president of the board, suggested that it was necessary for the board to take immediate action in obtaining the site and indicated that unless a satisfactory offer is made by the owners, condemnation proceedings will be instituted.

Owners of the property agreed to make some proposition to the board by next week.

With an expenditure of \$200,000 the en-

fire school system can be placed in a satisfactory condition, according to a report submitted by L. P. Snider, building inspector.

Mr. Snider recommended repairs on twenty-five schools at an estimated cost of \$10,000.

Other necessary improvements in the schools will cost approximately \$230,415, according to recommendations made by Mr. Snider.

The report submitted by the building inspector was turned over to a committee for consideration.

WOOD LOSES OHIO; GAINS NEW JERSEY

(Continued From Page One.)

Running third and Herbert Hoover fourth. The vote: Harding, 75,457; Wood, 74,587; Johnson, 9,001; Hoover, 7,202.

This vote is not binding on the delegates and is presumed to reflect personal desires of the voters.

Gov. Cox had no opposition and took the entire forty-eight democratic delegates. A comparatively small number of democratic voters wrote in the names of Hoover, Bryan, McAdoo and others on their ballots.

Johnson's large written-in vote surprised the politicians.

He got his votes largely in the industrial and railroad centers.

HI JOHNSON SPEAKS AT RICHMOND TONIGHT

The Indiana campaign of Senator Hiram W. Johnson, candidate for the republican nomination for the presidency, will reopen tonight with a speech at Richmond by Senator Johnson and a speech here by Senator Rorabacher.

The Indianapolis meeting will be held in Tomlinson hall.

Zell C. Swain, Johnson's Indiana manager, has announced the senator's itinerary as follows:

Wednesday Evening—Richmond. Thursday—9:45 a. m., Kokomo; noon, Logansport; night, South Bend.

Friday—11:45 a. m., Michigan City; 7 p. m., Hammond; 8:30 p. m., Gary. Saturday—1:30 p. m., Terre Haute; 8 p. m., Indianapolis.

Sunday—10 a. m., Lafayette; 2 p. m., Peru; 4:30 p. m., Wabash; 8 p. m., Marion.

All four of the republican candidates will be in Indiana by tonight.

Gen. Wood resumed his tour at Ft. Wayne and Gor. Lowden and Senator Harding also continued their tours.

The results in yesterday's primaries, which were considered among the most crucial in the campaign, were more or less pleasing to everyone along "presidential row" in the Claypool hotel.

HENRY SPAAN SPEAKS AT HAMILTON HALL

Henry N. Spaan, candidate for the democratic nomination for congress in the Seventh district, was the principal speaker at a democratic meeting in Hamilton hall, Hamilton avenue and Washington street, last night.

Thousands take Hood's Sarsaparilla as their spring medicine for that tired feeling, nervous weakness, impure blood and testify it makes them feel better, eat and sleep better, and "makes food taste good."

Spring debility is a condition in which it is especially hard to combat disease germs, which invade the system, here, there and everywhere. The white blood corpuscles, sometimes called "the little soldiers in the blood," because it is their duty to fight disease germs, are too weak to do good service.

Hood's Sarsaparilla increases the "little soldiers" and enables them to resist germs of zrip, indigestion, fevers and other ailments. It has stood the test of three generations, giving entire satisfaction. Get it today.

If a laxative or cathartic is needed, take Hood's Pills.—Advertisement.

the ambulance, testified that he received the call at 7 p. m. or 7:30 p. m., and that the ambulance arrived at the house thirty minutes after he received the call.

Grace L. Strong, 946 Albany street, at which address Dr. Cahal called the ambulance, testified the call was made at 4:30 p. m.

Harry O. Strong of the same address and Dr. Cahal himself made the same assertions.

According to the statements of these three witnesses the ambulance did not arrive until three and one-half hours after it was called.

These are only a few of the reasons why Robinson should not be re-nominated or re-elected.

In the office of coroner he has re-

peatedly endeavored to prevent the facts surrounding deaths to become known to the public.

Especially has this been true when these facts touched on some misconduct of some person, or reflected on the administration of which he was a part or on some member of the medical profession.

The coroner is clothed with the ability to prevent a whitewash of any incidents connected with the death by violence of any one in Marion county. He can either protect or expose.

Heretofore the coroner's office has been filled by men who were intent on seeing that justice was administered in cases where neglect or criminal acts have resulted or contributed to death.
