

CARRANZA, IN TIGHT FIX, SAYS 'NO SURRENDER'

Spurns Offer of Safety and Engages Rebel Army in Desperate Battle.

VERA CRUZ, Mex., May 13.—Fighting between Carranza forces and rebel troops was under way at Hacienda Tamariz, according to advices here today.

President Carranza, the advices said, refused to surrender despite the fact the revolutionists offered him safe conduct to Vera Cruz.

The battle was described as especially violent, with about 20,000 men engaged. Carranza has about 6,000, the advices here indicated.

The revolutionists were confident of victory.

Gen. Aguilar, who was Carranza's foreign minister, was reported near Orizaba. Reports from stations along the Mexican railway, between Expirimato and Apizaco, said Carranza's forces were in a terrific battle with forces under Gen. Sanchez.

Once-a-Week Polish

Keeps Teeth Stainless

Why do so many use pumice stone,

ashes, charcoal, or other harsh, danger-

ous substance, to remove the unsightly

yellowish or blackish tinge from the

teeth? Simply because they have never

been able to find any tooth powder, paste

or liquid that would do the work. The

reason tooth stains are so difficult to re-

move is that they are covered with a

slimy film, or "plaque," which the usual

dentifrices cannot penetrate or dissolve.

The problem of removing these obsta-

cle films has finally been solved by a

well-known dentist, who has originated

what he calls "Once-a-Week Tooth Pol-

ish." This polish not only removes all

discoloration easily and quickly, but

without the least injury to the enamel

gums—qualities not found in any other

preparation in the market. Once-a-

Week Tooth Polish, obtainable at any

druggist's, should be used at least once

a week, as the name implies, by chil-

dren, as well as adults, as a preventive

of decay, tartar, stains, gum-in-

flammation.—Advertisement.

How Ladies Improve

Looks!

"Many ladies, old and young, suffer a

round of torture, with their nerves, and

many are so frail, thin and bloodless

that their splendid features are lost sight

of, while a vain attempt to conceal the

angularity of the figure develops no one

but themselves and really creates the pit-

ty or ridicule of the world," said a well-

known, largely employed practicing phy-

sician, in a recent lecture at a "Young

ladies' college. "I do not mind exposing a

little secret of mine to all such, as it

will do no harm, and may result in much

happiness and health. It is simply this.

Any thin, bloodless, nerve-tortured man

or woman can become as fit as the fittest

by taking regularly for several months

an easily obtained pharmaceutical prod-

uct known by the profession and phar-

maceutists as three-grain hypo-phospho-

tablets, put up in sealed packages with

directions for home use."—Advertisement.

Says His Prescription

Has Powerful Influence

Over Rheumatism

Mr. James H. Allen suffered for years

with rheumatism. Many times this ter-

rible disease left him helpless and un-

able to work.

He finally decided, after years of

ceaseless study, that no one can be free

from rheumatism until the accumulated

impurities, commonly called uric acid de-

posits, were dissolved in the joints and

muscles and expelled from the body.

With this idea in mind he consulted

physicians, made experiments and finally

compounded a prescription that quickly

and completely banished every sign and

symptom of rheumatism from his sys-

tem.

He freely gave his discovery to others

who took it, with what might be called

marvelous success. After years of ur-

ging he decided to let sufferers know

where know about his discovery through

the newspapers. Haag Drug Co. has

been appointed the exclusive agent in

this vicinity with the understanding that

he will freely return the purchase money

on the first two bottles to all who state

they received no benefit.—Advertisement.

City.

JEWETT STARTS SESSION FIGHT

(Continued From Page One.)

and Albert J. Beveridge were elected delegates-at-large to the republican national convention by the republican state con-

vention, assembled in Tomlinson hall to-

day.

E. M. Wasmuth, republican state chair-

man; Mrs. Joseph E. Keating of Indian-

apolis; Mrs. Charles Arthur Carlisle of

South Bend and W. L. Gaines, negro polit-

ician of Evansville, were elected alter-

nates.

A fight was precipitated immediately

after the election of delegates-at-large

from alternates when Mayor Charles W.

Jewett introduced a resolution to instruct

the delegates to vote for Wood "as long

as he has a fair chance to be nominated."

Charles Martindale of Indianapolis

moved that the rules be suspended and

the resolutions be put to a vote.

The platform, as adopted by the

resolutions committee in an all-night

meeting, was adopted without opposition.

The resolutions committee consumed

most of the time in a discussion of the

nature of the plank concerning the tax

law, which should be included in the

program.

HARMONY TRADE

NEARLY FALLS THROUGH.

One of the various "trades" consum-

ed in the interest of party harmony

was nearly wrecked because of a misunder-

standing in the committee.

It had previously been decided that in

view of his agreement to the re-election

of Mr. Wasmuth as state chairman, War-

ren T. McCray, nominee for governor,

should be permitted to write the tax law

plank.

The plank, in the form approved by

McCray, was submitted to the com-

mittee.

The committee, evidently not knowing

of the trade, promptly rejected it.

Then some explanation was necessary.

After several conferences, Mr. Wasmuth

explained the situation to the committee,

and it replaced the McCray plank, calling

for the amendment of the tax law to

eliminate to a large extent the provisions

centralizing power in the tax board.

The primary law also came in for con-

siderable discussion and it was finally

decided that a plank should be inserted

in the platform pledging the party to

amend it so that it would not be cum-

bersome, but stating nothing specific.

IN MOST CASES

NOT SPECIFIC.

In fact, in most cases the platform was

not specific.

The resolutions committee took as its

working model the recommendations made

by the platform advisory committee

some time ago.

According to one of the members of

the resolutions committee, this proposed

platform was changed to a considerable

extent because it was believed to be too

specific on many points.

Carl G. Glick, Jr., city hospital, dip-

theria.

Howard M. Griffin, 30, city hospital,

acute parenchymatous nephritis.

Harold N. Floyd, 60, 237 Minkner,

chronic dilatation of heart.

Anna Adams, 27, 1840 Boulevard place,

chronic myocarditis.

Betty Jane Hartig, 1, 48 North

Miley, lobar pneumonia.

Bertha E. Stone, 10, 1322 Broadway,

pulmonary tuberculosis.
