

# DANIELS SEES G. O. P. POLITICS BACK OF SIMS

Quotes Senator Penrose's 1918 Charges and Suggests Connection.

## 'WORDS AND TENDS SAME'

WASHINGTON, May 18.—Senator Boies Penrose is behind the attack which Rear Admiral Sims is directing at the conduct of the navy during the war, Secretary of the Navy Daniels intimates today, continuing his testimony before the senate naval affairs committee.

In bringing the Pennsylvania republican chairman into the controversy Daniels conveyed the impression that he believed politics is responsible for the Sims charges.

Daniels, quoted from a speech Penrose made in the senate Aug. 24, 1918, in which he blamed the secretary of the navy for "procrastination," delaying active naval participation three months at a cost of fifteen billion dollars and many lives of the same accusation which forms the keystone of the Sims attack.

"ORIGINAL CHARGES IN PENROSE SPEECH."  
"I have been informed that it was not Admiral Sims who originated this charge, but that it was first made in the senate on Aug. 24, 1918, by Senator Penrose," Daniels said.

"The original charges amplified and repeated by Admiral Sims before this committee are contained in Senator Penrose's speech."

Daniels remarked on the use of similar language by the several witnesses testifying in support of Sims.

"They all speak the senator's language, figures, phrases and all," Daniels said. "They were either plagiarists or received through waves from the Penrose outboard board, he declared."

It is worthy of note that at the time Penrose was making his charges Sims was writing to Capt. Pratt in the navy department here threatening an investigation of the conduct of the war.

## GREAT MINDS RUN IN SAME CHANNELS

"All these charges are contained in the senator's speech, and you might have saved yourselves thousands of reams of paper by investigating his brief accusations, which plagiarized or hypnotized successors have elaborated into many hundreds of thousands of words."

The "telephonic" link between Penrose and Sims must have been working clear across the ocean, Daniels continued, "for Sims was telling practically the same things to Americans in Europe."

Sims, he said, expressed practically the same idea in a London speech on Oct. 11 of the same year.

## SAYS NO JUDGE PROFITED BY JAILING EDITOR

(Continued From Page One.)

had referred to a political decision just rendered by Chancellor Peres and that, although decided, the case was technically pending because the time for requesting a rehearing had not expired.

In answer to the charge I denied any specific reference to any judge or any case and I stood throughout the case on this answer because no evidence was ever introduced to prove that I intended to refer to Chancellor Peres or that I had ever so referred to him.

"Shortly before I was to enter jail I was several times directly or indirectly offered a chance to escape imprisonment by apologizing for or retracting my statements. I refused to do so."

"No newspaper editor ever suffered by being sent to jail in a just cause, and no judge ever profited by sending him there."

"You will find thousands of men and women in Indianapolis, and millions throughout the nation, sympathizing with you and applauding your stand in case you are in prison."

"In conclusion, I want to assure you that I'm with you and that I congratulate you. I extend my congratulations also to Mr. Robert A. Butler, editor of your paper, who sought to take full responsibility for the editorial in question and who was given a chance to prove the truth of his assertions."

"Very sincerely yours,"

"EDWARD T. LEECH."

## City Workers Again on Strike in Chicago

CHICAGO, May 18.—Father Dearborn was looking for "an official family" to adopt today.

Mayor William H. Thompson and other heads of the "family" were on a junket down the Mississippi river.

The rest of the family was having a "spal."

Street employees, teamsters, chauffeurs and garbage collectors refused to do their "chores."

The other "children" threatened to lie abed all day.

The strike was called because the council and its wage arbitration board failed to make pay increases demanded when city employees returned to work recently after a similar strike.

## Many From Here to Go to Industry Meeting

The Indianapolis council of the Industrial Relations association, the membership of which is composed of leading industries of Indianapolis and surrounding territory, will be represented by a large delegation to the convention of the Industrial Relations Association of America at Chicago, Wednesday, Thursday and Friday.

The officers of the local council are: President, Henry E. Harris, Premier Motor Corporation; vice president, J. J. Swan, Frost-O-Lite Company; secretary, Miss Isabel Drummond, Indianapolis Glove Company; treasurer, F. M. Bartlett, Diamond Chain and Manufacturing Company.

## Why Be Skinny?

It's Easy to Be Plump, Popular and Attractive

It's easy to be plump, popular and attractive instead of being thin, angular and scrawny. Almost invariably the trouble is due to weak nerves and consequent failure to assimilate your food. You may eat heartily, but owing to the lack of nervous energy and impoverished blood you don't get the benefit from the food you eat. All of this can be remedied very quickly by taking with each meal a five-grain tablet of Blood-Iron Phosphate. This quick strengthens the nervous system, enriches the blood and increases its oxygen carrying power, and in a remarkably short time the average thin, weak, nervous man or woman begins not only to put on flesh, but also begins to look and feel better. Sleep, appetite, strength and endurance are improved, dull eyes become bright, and, unless afflicted with some organic complaint, there is no reason why you should not look and feel much better and many years younger. Deposit \$1.50 today with flag. Hook and ladder, or any other druggist for enough Blood-Iron Phosphate for a three-week treatment. Use as directed. Use it at the end of three weeks you won't be delighted to go back and get your money. Your druggist, a man you know, is authorized to give it to you. Advertisement.

**Kitchen Towels**  
17½x35-inch  
Of bleached Russo crash; made for Uncle Sam, and stamped U. S. Shipping Board. (Limit of 6 to a customer only. Wednesday only, each, 22c.)

Banded sport hats, cushion brim, in white and black, white and orchid, white and peach combinations and all-white, Wednesday only.  
4.95  
Second Floor

# "TELLING ALL MY FRIENDS OF TRUTONA," LOCAL MAN SAYS

## DECLARES TONIC SHOULD BE KEPT IN EVERY HOME

Here's Another Local Woman Recommending Universal Use of Trutona.

## WORDS CONVINCING

"Trutona should be in every home!" In this brief and emphatic manner, Mrs. Nellie Thompson, 53 years old, a well-known Indianapolis woman, who lives at 508 West Twenty-seventh street, recently expressed the deep gratitude she feels for the Perfect Tonic.

"I am very grateful to Trutona for the relief it has given me from stomach and kidney trouble," Mrs. Thompson continued. "I had such pains in my back and the action of my kidneys caused me much pain. My urine would be blood-red at times. Of late my stomach has been bothering me greatly. Everything I ate seemed to sour in my stomach, cause a gas pressure against my heart, which, in turn caused my heart to flutter. I had a very poor appetite and was usually constipated."

"The benefits Trutona gave me were quick as well as remarkable. My urine is of a natural color now and the action of my kidneys has ceased to pain me. The pains have entirely disappeared from my side and back. And Trutona not only helped my kidney trouble, but it has also given me one big appetite and caused my food to digest properly. My bowels are as regular as clockwork now."

"I can highly recommend Trutona to others."—Advertisement.

## OLIVER AVENUE MOTHER TELLS FACTS FOR SON

Mrs. Ogden Declares He Thinks Trutona Should Be in Every Home.

Bradford Ogden, 24 years old, a well-known Indianapolis young man, who lives at 1373 Oliver avenue, is confident that everyone who takes Trutona will be benefited, according to the statement made recently by his mother regarding the relief her son gained through use of the Perfect Tonic.

"Ever since my son was discharged from the army he has been troubled with constipation," Mrs. Ogden said. "At times during the past six months his bowels would go for several days without an action. He had a poor appetite, too."

"I advised Bradford to try Trutona and he says and knows now that he has been well paid for his decision to take the medicine. My son enjoys his meals now and his bowels act as regularly as clockwork. He declares he's feeling 100 per cent better in every way these days. My son told me that Trutona didn't make him a bit sick like the harsh laxatives do and he thinks like Trutona is the one medicine of the day for constipation, especially. Bradford thinks Trutona should be in every home and he's always recommending it to some suffering person."—Advertisement.

Mrs. Robert Walters  
Who Gained 20 Pounds  
While Taking Trutona

MRS. R. WALTERS.

"I honestly believe that Trutona saved my life, for I've gained twenty pounds in weight and I can't remember when I've felt so good as I do now," Mrs. Robert Walters, a well-known resident of Decatur, Ill., who lives at 554 South Main street, said recently.

"I've had stomach trouble for the past two years and often I'd swell and bloat so badly I could hardly fasten my clothes. Gas formations would press against my heart, causing it to flutter and making me short of breath. I was almost afraid to eat anything. I was pale and thin, too, and I couldn't remember when I'd had a good night's sleep."

"But Trutona's simply made a new woman of me. I can eat a big meal now and never suffer afterward. I have a good color, too, and my cheeks have filled out. I sure do enjoy my sleep now. Why, my husband has to wake me up in the morning these days. My bowels are in fine condition. Trutona certainly saved my life and I'm glad to recommend it."—Advertisement.

## LOCAL MACHINIST GLAD TO TESTIFY FOR OTHERS' AID

Monroe Unhesitatingly Admits Trutona "Put Him on His Feet Again."

Declaring that Trutona put him on his feet again and helped him more than any other medicine he had ever taken, Daniel Monroe, 45 years old, a special machinist who lives at 426 West Henry street, Indianapolis, told a convincing story on February 18 regarding the merits of the Perfect Tonic.

"After I had the 'flu' my head pained me so at times that I thought I'd die," Mr. Monroe said. "When I'd walk my head would throb severely. My appetite was very poor and my throat was sore and raw and swollen so badly that I could hardly swallow."

"When I had used Trutona only four days I certainly felt very much improved. My head doesn't throb anymore and I can breathe with greater ease now. Nor is my throat raw and sore, as before, and the swelling has vanished. I can recommend Trutona to my friends and everyone, in fact, because it helped more than any other medicine I've ever taken."—Advertisement.

## AIDED HIM MORE THAN ANY OTHER, MEEKER AVERS

Perfect Tonic Effectuated Remarkable Benefits in Holley Avenue Case.

"I'm telling all my friends at the plant about what Trutona has done for me," Charles Meeker, 75 years old, who lives at 554 Holly avenue, Indianapolis, told the Trutona representative a few days ago. "Trutona has helped my trouble more than any other medicine I've ever taken," he added.

"I had been hale and hearty in my day," Mr. Meeker continued, "but this kidney trouble, from which I suffered, was taking my strength and making me old. It wasn't unusual for me to have to get up ten or fifteen times during the night and I had such pains in my back and hips, so bad at times that I couldn't get up out of my chair without holding on to something. I became so nervous at times that I'd tremble all over. When it came to sleeping, well—both sides of the bed were mine. I just rolled and tossed. No tongue can tell how I suffered before I began using Trutona."

"I certainly feel much younger than my years today. I'm no longer bothered with having to get up ten or fifteen times a night with my kidneys and I can get up out of my chair as quickly and easily as anyone, the pains having disappeared from my hips and back. I sleep as sound as a boy at night now. Why, it takes an alarm clock to get me up in the morning. I can do a real man's work now, and yet not be 'all in' when night comes."

## "Trutona Has Worked Wonders in My Case," Mrs. Gilman Declares

"I can not say too much in favor of Trutona, for it has simply worked wonders in my case," Mrs. Anna Gilman, a well-known Evansville woman who lives at 1204 West Iowa street, remarked recently.

"I really can't express the gratitude I feel for this medicine because of the relief I've gained from indigestion and nervousness," she continued. "I had been so nervous recently that I'd have to lay off from work at times. My appetite had apparently failed me and I'd find food I ate usually caused gas to form in my stomach, causing me to suffer a heavy feeling and cramps. I would suffer terribly. My nerves were so strung that I couldn't sit in one place more than ten or twenty minutes. I was so nervous that I was improving after Mrs. Shock & Company."

"I had taken the first few doses of Trutona and today I simply feel like a new person. My former severe nervousness has vanished and I can eat anything now without suffering the former bad after-effects. It takes two to cook for me also."

"I find that I can do my work without having that former dreadful tired feeling, too. I hope others, suffering as I did, will try Trutona."—Advertisement.
