

TAXI OPERATORS WON'T LET MEN GOUGE VISITORS

Bridge Support in Running Down Drivers Who Exceed Legal Charges.

There is no chance of visitors to the city during the speedway race and the convention of the Associated Advertising Clubs of the World paying more than the legal taxi fares, as fixed in the city ordinance.

Taxicab men are going to enforce the ordinance themselves.

When G. F. Olwin, secretary-manager of the Better Business Bureau, acting upon the suggestion of the courtesy division of the advertising convention board, asked the owners of the principal taxicab lines in the city if they would see to it that their drivers adhere to the legal rates when the city is thronged with visitors as they do under ordinary circumstances he got this response:

"Will we?"

"Which us?"

"We catch any of our drivers charging more than the legal fares, or if such a violation is brought to our attention, we'll see to it ourselves that the offenders are prosecuted under the city ordinance."

THE COMPANIES

THAT MADE PLEDGE.

The companies which have given the bureau such assurance are: Yellow Cab Line, Blue Cab Line, Indiana Taxi Company, Williams Auto Livery, Frank Bled Transfer Company and Indianapolis Transfer Company. Others are expected to do the same soon.

The Better Business Bureau, continuing to following out the courtesy division's suggestion, is having printed large cards bearing important excerpts from the taxi ordinance. These will be placed in the hotels, railroad and traction stations, hospitals, theaters, clubs, Chambers of Commerce, newspaper offices and other public buildings.

The maximum rates permitted by the taxi ordinance are as follows:

Distance Rates—One passenger for first mile or fraction, 60 cents; each additional mile or fraction, 30 cents; each additional passenger over 6 years of age, 25 cents per mile; entire journey; no charge for light baggage to amount of 100 pounds for each person.

Downtown Rates—One passenger carried from and to any point in territory bounded by Senate avenue, Ohio street, Delaware street and South street, 50 cents; each additional passenger, 25 cents.

TECH BLOCKS

CONSIDERED MILE.

Ten blocks are considered a mile.

The maximum distance charge shall not exceed one-half of the distance traveled over the shortest practical route between the point from which the vehicle stands, when called, to the return of vehicle to its stand, except, however, such maximum distance charge may be made for all distance traveled while vehicle is carrying passenger or passengers.

Hour Rates—Five-passenger vehicle, \$3 for first hour or fraction and \$1.50 for each additional half-hour; seven-passenger vehicle, \$4 for first hour or fraction and \$2.50 for each additional half-hour.

No charge shall be made for time lost by reason of the inefficiency of vehicle or its operator, or for time consumed by reason of premature arrival in response to call.

Baggage Rates—For each trunk or other piece of baggage carried to any point within territory bounded by East, West, North and South streets, 50 cents; for each mile or fraction traveled outside the above boundaries, 25 cents.

The ordinance does not govern vehicles used for sightseeing, funerals or weddings.

Any person charged a higher fare than the legal maximum should communicate with the Better Business Bureau, Chamber of Commerce, phone Main 111.

ONLY ANOTHER NOTCH IN GUN!

Chicago Gangster Whistles After Killing Another Man.

CHICAGO, May 28.—Less than three months after he had been acquitted of the murder of a taxicab chauffeur, "Gene" Geary, notorious gunman, slinger and member of the "Moss" Enright gangsters, late Thursday shot down and killed a man he had never seen before and who had offered him no provocation whatsoever for an attack.

The murdered man was Harry J. Reckas, a saloon keeper, who Geary encountered in a saloon in the stockyards district after Reckas had identified two men who had swindled him.

Geary entered the saloon in an intoxicated condition, and, confronting Reckas, asked him "who he was looking for?"

"I'm not looking for any one," replied Reckas.

Without another word, Geary whipped out a gun and shot Reckas in the right side.

He died a few hours later.

Then Geary calmly strolled out of the saloon whistling.

It's Not Too Late To Plant a Garden

Vegetables Will Be High Priced

The government says commercial planting will be greatly decreased this year because of labor shortage and vegetables will therefore be scarcer and higher priced. The remedy lies in home gardens.

TESTED SEEDS

Good seed was never so important as this year, because so much depends on the outcome of your gardening. Market gardeners are big buyers of Dawson's seeds, which is a significant fact. Dawson's seeds are tested. These gardeners can't afford to gamble. Can you?
