

CONGRESS NOT DECIDED ON ADJOURNMENT

Mondell Resolution Provides for Quitting Capital on June 5.

WASHINGTON, May 31.—Congress will quit Washington for the political conventions after five more working days if hopes of its leaders are carried out. Representatives Mondell, house republican leader, has introduced a resolution for adjournment June 5.

Senate leaders are against an adjournment and favor a recess of a month or six weeks.

According to present indications appropriation bills and a few minor conference reports are likely to be the only business transacted during the five remaining days.

BONUS BILL UP TO SENATE.
The bonus bill carrying \$1,400,000,000 benefits for soldiers and practically a like amount in new taxes which was passed by the house Saturday will probably receive early action in the senate.

The bonus bill will be reported to the senate this week. It should be brought up before the convention it could be kept from passing by a filibuster which many senators would be willing to conduct.

WILSON MAY TAKE HANS.
Many members would not be surprised to have President Wilson ask congress to stay in session to act on high cost of living measures which he has recommended. Fear of some such action on the part of the president is one reason senate leaders favor a recess rather than an adjournment.

Another reason for senate adjournment is the demand of the senate progressive group for action at this session on the packer regulation bill and other cost of living measures. The packer regulation bill is to be taken up directly after the recess.

BUTLER COLLEGE PLAY A SUCCESS

'Stop Thief' Excellently Done by Dramatic Club.

After one of the most successful seasons in its career, the Butler College Dramatic club is turning toward the coming year with high hopes.

Two plays have been produced this spring at downtown theaters, in addition to several vaudeville shows at an Irvington theater and the college chapel.

'Stop Thief!' a farce in three acts, was presented Saturday night at the Masonic Temple, as the last production of the 1919-1920 season.

It was conceded to be the best play given this season by the club and was excellently staged.

The leading roles were taken by Geraldine Schwartz, Daniel McKimley, Wayne Harriman and Dorothy Wilson.

The last two made big hits as two crooks, Jack Doogan and Nell.

Wendell Brown was a success as the absent-minded William Carr, as was Mason Layman as Dr. Willoughby.

Dorothy Rhoades played well as Mrs. Carr and Betty Matthews was good as Joan Carr.

Griffith Thompson and Major Harrison were convincing in their roles of police chief and business man.

Other members of the cast, which was an exceptionally good one, were: Helen Belle McLean, as Caroline Carr; Glenn Keach as a clergyman, Frederick Jaehne, Wyatt Strickler and Durbin Day, as policemen.

The success of the performance was largely due to the efforts of Melvin Masters, president of the Dramatic club, who acted as assistant director.

He was in charge at rehearsals, and perfected a smooth working organization, despite the fact that the date of the presentation had been advanced several weeks.

The executive staff of the play, in addition to Masters, included James Harris, director; Walter Porteous, business manager; Wyatt Strickler, property manager; Herbert R. Hill, director of publicity.

Profits from the play will be devoted to the scholarship fund of the Butler Biology club.

5 LOSE LIVES IN OHIO

VALPARAISO, Ind., May 31.—Two more victims were added to the list of those killed at Mox's crossing when Dr. John Borowik and Mrs. Gus Benzik, 30, both of Chicago, met death there last night.

the Pennsylvania and Nickel Plate tracks which run parallel at this point.

Dr. Borowik waited for one train to pass and then started across the tracks, driving in the path of a westbound passenger.

When the other members of the party heard the crash and returned to the scene, the Borowik machine was on fire.

The bodies were burned beyond recognition and it was necessary to poll the group to learn who was missing.

TENSE PRESSURE ON HER HEAD

"My Sides, Back and Head Pained Me Just All the Time," Says Alabama Lady, Who Took Cardui and Got Well.

Uniontown, Ala.—"After the birth of my baby, I came near dying," writes Mrs. Maude Felts of Uniontown. "I was in an awful condition. . . . It just looked like I would die."

"I couldn't bear any one to even touch me, I was so sore, not even to turn me in bed. My sides, back and head all pained me, just all the time."

"We had the doctor every day and he did everything he knew how, it looked like. Yet I lay there suffering such intense pains as seems I can't describe."

"Finally, I said to my husband, let us try Cardui. . . . He went for it at once, and before I had taken the first bottle the . . . came back, the soreness began to go away, and I began to mend. The intense pressure seemed all at once to leave my head, and before long I was up."

"I took three bottles and was well and strong and able to do my work. I believed Cardui saved my life. . . . I can not praise it enough for what it did for me."

Tells Fat People Perverted Craving
For Wrong Foods Must Be Overcome.

Says Arbolone Tablets Does This and Reduces Weight, Too.

The person who is too fat is told to diet and the very things that a perverted appetite craves are the ones "you must eat." Obesity is unnatural. It is like an endless chain. Eating wrong foods in the wrong way produces a perverted appetite. Then the appetite demands and craves the wrong foods and converts them into needless, embarrassing fat. Tablets Arbolone stops the perverted craving for the wrong foods, gives a normal appetite, eliminates the fat-forming elements through kidneys and bowels, dissolves the fatty surplus and sends it back through eliminative channels, causing improved health and strength. One or two tablets will convince any fat person that Arbolone is what they need to reduce safely and successfully. Sold by thirty thousand druggists in sealed tubes with full directions.—Advertisement.

Face Peeling Habit Becoming Fashionable
Women of fashion and refinement seem to have been acquiring the merciful wax habit, depending less and less upon cosmetics for their complexion difficulties. It does seem a lot saner to just peel off the worn-out skin when it loses its youthful color and appearance—now that this can be done so easily, safely, painlessly and so quickly.

There is no trouble getting merciful wax at any drug store (an ounce will do), since its virtues have become generally known here, and there's no trouble using it—just as you use cold cream, applying at night, washing it off next morning. The wax takes off the old skin, a little at a time, a little each day. The new under-skin which gradually appears, is velvety soft and beautifully white, radiant with girlish loveliness. Any surface trouble like pimples, red or yellow patches, freckles, etc., vanishes of course with the discarded cuticle.—Advertisement.

Well-Known Kokomo Contractor Had a Lame Back, Full of Rheumatic Pains, Muscles Were Sore and Joints Stiff.

EVERYTHING FAILED.
Now He Wants Everyone to Know That All These Aches and Pains Are Gone and the New Medicine Drego Gets Full Credit.

"For six years I've had a sore, stiff back and have suffered greatly from lumbago and rheumatism. Even though I took lots of treatments I got no relief till I took Drego, and there's a different story to tell," said E. A. Richards, the well-known contractor of 733 South Purdue street, Kokomo, Ind.

"My trouble started in my kidneys. I'm sure, and probably neglect on my part in not taking something for them has caused me lots of pain and suffering since. My joints were full of rheumatic pain. My back was lame from lumbago and my muscles ached. Time and again I'd take some little treatment, but it did me no good."

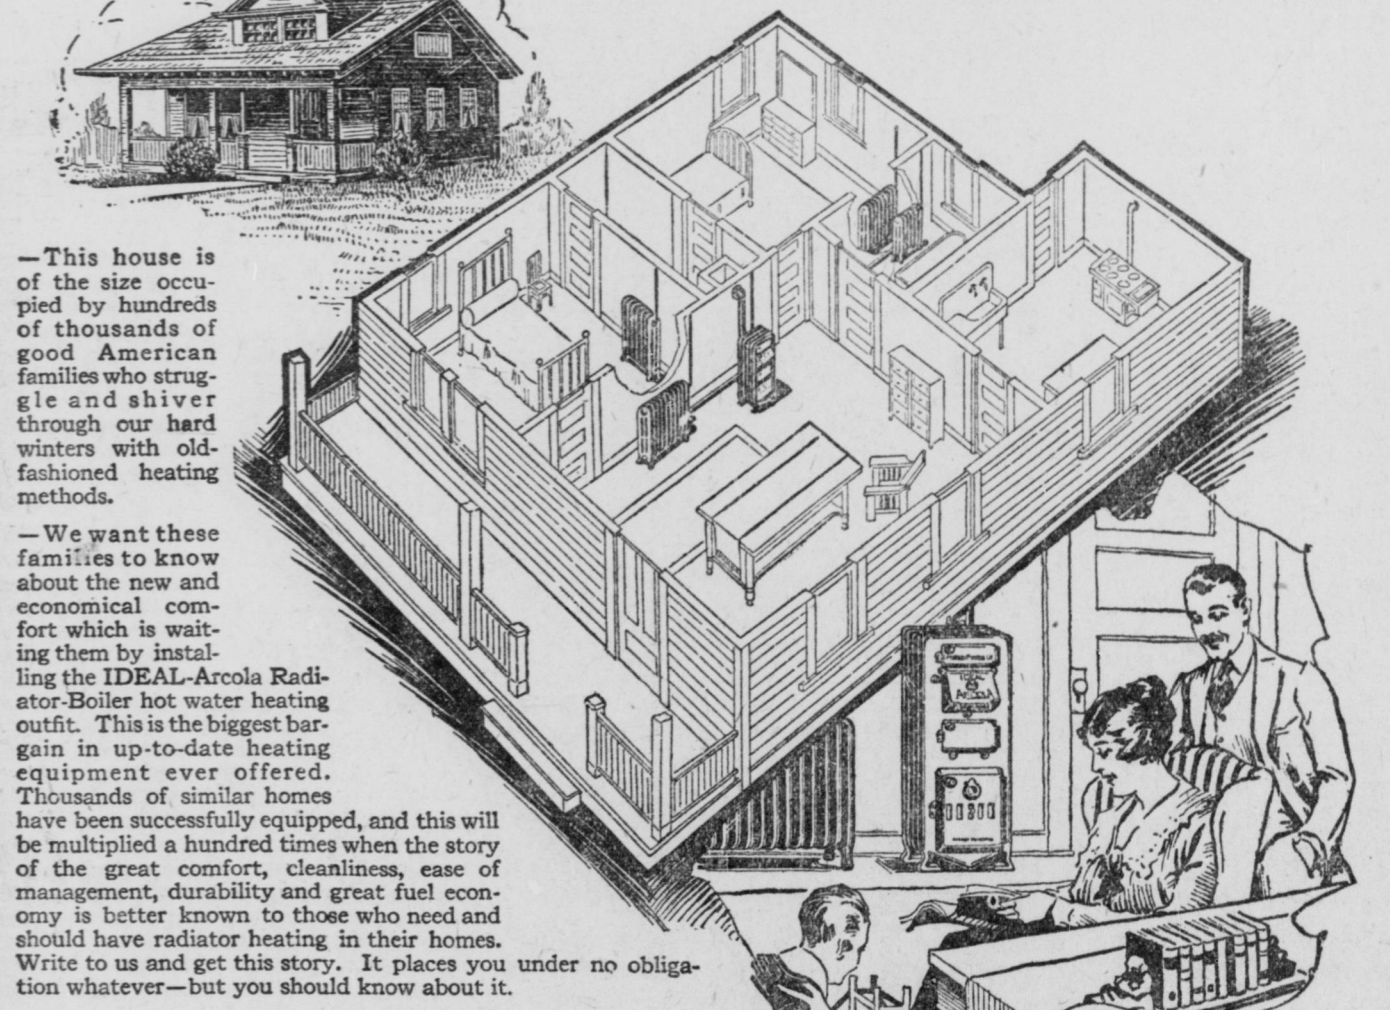

"Three bottles of Drego have knocked out every pain in my body. I feel like I used to, full of energy, ready for a hard day's work when I get out every morning. It is a great feeling to be healthy and well again, and Drego gets the credit from me."

Drego is made from the juices and extracts of many herbal plants which act on the stomach, liver, kidneys, bowels and the blood. It relieves constipation, over-rheumatic pains, aids digestion, overcomes gas in the stomach and quiets the nerves.

Mr. Williamson, the well-known Drego expert, has headquarters at the Claypool Drug Company, to meet the local public and explain the merits of this great remedy. See him today.—Advertisement.
