FELIX M. McWHIRTER.

Indiana will be represented at the meeting of the International Chamber of Commerce, to be held at Paris, France, during the week of June 21, by Charles F. Coffin, president, and Felix M. McWhirter, treasurer, of the Chamber of Commerce.

Mr. Coffin is now in New York and Mr. McWhirter left this morning for that city, where they will join as delegates from this country, who will sail from the United States on the steamer Kronland, June 5, returning about July 7, on the Finland.

Both delegates were unanimously elected by the Chamber of Commerce.

Mr. Coffin will make an automobile tour of England before going to Paris, and following the convention will visit trade associations and places of interest in France, Belgium, Italy and Switzerland and will speak before several organizations in those places.

THREE BILLION DOLLAR SPRINT AT WASHINGTON

Congress in Rush to Pass
Appropriation Bills Be-
fore Recess.

WASHINGTON, June 1.—Congress today is meeting the end of a three billion dollar week.

Annual appropriations for the fiscal year of 1921 will be completed before the end of the week in congress and will total close to \$3,000,000,000, and these regular appropriations will not begin to cover the expenditures for the year, which will be asked in deficiency bills and special appropriation bills which will come to the next congress.

The latest estimate of receipts and expenditures for the fiscal year of 1921, made by Secretary of the Treasury Houston, shows estimated receipts of \$3,620,000,000, estimated expenditures of \$3,973,000,000.

This estimate is questioned seriously by members of congress who predict the receipts are going to be much smaller than the amount named and that the deficit expenditures for the year will be much larger and that there will be a deficit which will run high in the millions, if not in the billions.

The following appropriations have been finally approved:

Indian, \$10,000,000.
Postoffice, \$462,000,000.
Diplomatic and consular, \$5,843,000.
Military academy, \$2,141,000.
Fortifications, \$19,000,000.
Legislation, \$458,000,000.

The following large appropriations are still before congress:

Rivers and harbors, \$12,000,000, sought by the house, and \$24,000,000 sought by the senate.
Agriculture, \$31,000,000.
Naval, \$440,000,000.
District of Columbia, \$18,000,000.
Pensions, \$279,000,000.
Army, \$419,000,000.
Sundry civil, \$438,000,000.

A railroad deficiency bill of \$309,000,000, which can not be called a regular appropriation, has been passed, and there are numerous other bills before congress calling for appropriations which may run the total up considerably before the end of the week.

MRS. CHEVROLET PROUD OF GASTON

MRS. GASTON CHEVROLET.

"I'm so proud of my husband," Mrs. Gaston Chevrolet, wife of the most recent hero of the great Indianapolis speed classic, declared repeatedly today as she responded to hundreds of congratulations by telephone and from callers.

"I can hardly believe that Gaston won the race; I was so surprised and my husband is so happy over it," Mrs. Chevrolet said to a Times reporter who visited her at their home at 649 Berkeley road.

"I was more enthusiastic over the race yesterday than I have been before," she said.

"It was not a bit worried about Gaston, although I usually am anxious."

"It was a surprise to me, for I only hoped that Gaston would win."

"Besides, he had not tried out his car very much, and he is such a young driver."

"He is only 27, you know," she added with a smile.

"It is a great thing for his brother Louis, who designed the car."

"It is perfectly wonderful to think that an Indianapolis-made car won over those imported French cars."

"I am so proud of my husband."

"We have hardly had time to breathe between congratulations, and everybody has been so nice to us."

"Then I am so delighted over the tea set that I got."

"The other day when I was downtown, I told my husband that Mrs. DePalma was going to get an awfully nice tea set."

"I am so glad that I will get it."

Speaking of her husband's driving at the Speedway, Mrs. Chevrolet said it was marvelous how steady his driving was.

She was much pleased over his speed record and his success in coming through without a breakdown.

Mrs. Chevrolet said she could not very well wish DePalma had won the race, but he was so near that it was too bad that he lost out.

AMERICAN SHOT BY FRENCH GUARD

BERLIN, June 1.—Gen. Leonard, chief of the French commission to Upper Silesia, has been asked by the American mission to investigate the shooting of Arnold Heide, American lecturer, killed by a French guard in Beuthen yesterday.

The only information which the American mission has been able to secure so far concerning Heide and his presence in Beuthen was contained in a report from the French mission stating that they had fired an American passport in Heide's possession.

The American mission had no record of his presence in the country. Only vague report of the actual shooting have been obtainable.

They said the French authorities stopped a tram car on which Heide was riding; that he was arrested, and while standing with the soldiers was shot by one of the French guards.

"The race for the presidency is very close," said Bert Smith, chief clerk of the union, "and as yet we have made no official canvass, although at present it looks as though the present administration would be re-elected."
