CLOSE MARMON SALES MEETING

Burlesque Spelling 'Bee' on Last Day.

The last day's session of the Marmon salesmen's convention was held today at the plant, the main feature of the work consisting of a variation on an old-fashioned "spell-down."

The questions to be asked are on the mechanical construction of the Marmon 34, and are based on the hand-book recently published by the company and on catalogs and other technical literature of the company.

Sides will be chosen; the last man on each side to stand will receive a kit bag, and a prize of \$50.

If he succeeds in selling a difficult prospect, the winner of these finals will receive an additional prize of \$100, while the distributors who sent the winners will get silver trophy cups.

There were more than one hundred and fifty at the banquet tendered the visiting salesmen in the Riley room of the Claypool last night.

It was practically a speechless dinner, although a few brief talks were made.

When it was announced that Herbert Hutton Rice, general sales manager of the company, is to leave soon for several months in Europe in connection with the company's foreign business he was presented with a traveling bag and steamer rug by the members of the sales and other departments under the supervision.

H. L. Peterson of the sales department made the presentation.

A cabaret, a jazz orchestra and stunts by the salesmen, with a series of lantern slides of snapshots made during the last three days, were features of the entertainment.

The second section of the convention will be held next week when another hundred men from distributors in all parts of the country will be here for four days of study.

Civil War Veteran's Funeral Tomorrow

Funeral services for Samuel L. Houser, 80, a Civil War veteran, who died at his home, 2349 College avenue, will be held at the home tomorrow afternoon at 2:30 o'clock.

Burial will be at Crown Hill cemetery.

Mr. Houser, who was born at Hamilton, O., in 1839, served three years in the Thirty-fifth Ohio Volunteer Infantry in the Civil war.

He was promoted to captain for bravery in action.

Mr. Houser was conductor in charge of the first train arriving in Indianapolis over the Springfield division of the Erie Road.

He was a member of the George H. Thomas Post of the G. A. R., and the Order of Railway Conductors.

He is survived by his widow, a daughter, Mrs. Robert Marshall of Sherman, Tex., and a stepdaughter, Miss Olive Allison of Indianapolis.

Engineers to Present Bill for Civic Center

A resolution to be presented at the special session of the legislature asking the establishment of a civic center by the vacation of three blocks bounded by Walnut, Vermont and Pennsylvania streets has been adopted by the Indianapolis chapter of the American Association of Engineers.

The appointment of a qualifications committee to act as a board of approval on application for membership was effected at the meeting.

The legislative committee of the County Surveyors' association and the A. A. E. were expected to meet this morning at the courthouse to complete the drafting of the bill.

DOG HILL PARAGRAPHS

It is reported in official circles that the moonshine still on Market Ridge is preparing to make extensive improvement in the enlargement of its building. This industry started in a coffee pot a few months ago.

Clab Hancock got mired in a mud-hole on the Wild Onion school road this morning and at press time was seen going after three more fence rails.

Everybody around the postoffice has got right tired in the last day or two, as the postmaster asked them all the other day to stand up while he painted the chairs, and they are slow about drying.

TARIFF NEVER BENEFITS LABOR

Minister Says Immigration Bars Must Be Kept Up.

Manufacturing and commercial interests must not be permitted to beat down the immigration bars, declared Rev. Charles H. Winders, executive secretary of the Indianapolis Church Federation, in an address to the Bible Investigation club at the Y. M. C. A. auditorium last night.

He spoke on the subject, "Shall We Bar the Immigrant?"

"Commercial interests today are maintaining agents abroad in the war-torn countries of Europe and Asia, urging cheap labor to come to our shores, and back here they are fighting high standards of immigration in order to reduce manufacturing costs," asserted Dr. Winders.

"And in this connection, I want to say that protective tariff benefits only the manufacturer and never labor, and we must not permit ourselves to think for one moment that high wages has brought about high prices, for doubled wages are never responsible for doubled prices, no never."

"At no time has the immigration question loomed so large in our national horizon with the close of the war and a return to the peace-time basis, and I am convinced that for the good of American institutions we must raise the standards of immigration laws," Dr. Winders said.

Burglar Enters Two Homes, Gets Nothing

Two unsuccessful attempts were made, probably by the same burglar, to rob north side homes last night.

A light was seen in the home of Robert Hume, 3840 North Capitol avenue, at a time when the family was away from home.

Neighbors called the police, but the thief left the house before the emergency squad arrived, and nothing was stolen.

At the home of John Holdeman, 2945 North New Jersey street, the neighbors reported that a light was burning and that the family was away.

The emergency squad investigated and found a front window open, but the house had not been ransacked.

E. W. Coe, 809 North Alabama street, told the police that a sneak thief entered his home and stole a diamond brooch and two rings.
