

PAROLES DENIED 49 PRISONERS

Indiana Pardons Board Cites
Few for Clemency.

Recommendations for paroles for forty-nine persons have been refused by the Indiana board of pardons, according to a report filed with the governor by the pardon board.

Nine persons were recommended for paroles, commutation of sentence recommended for six, one extension of parole and two final discharges of persons now on parole, were also recommended by the board.

This is one of the smallest lists of recommendations ever made by the board. In the past, the board has recommended paroles for as many as 100 persons.

The recommendations of the board are as follows:

1018 PAROLES

Ray Davis, Marion county, March 1, 1916, five to fourteen years, assault and battery to rob, reformatory, transferred to state prison; parole to be effective after prisoner obtains a merit badge.

Elmer Corzine, Lake county, Dec. 19, 1919, one to fourteen years, grand larceny, reformatory.

REAL ESTATE GOSSIP By REALTOR "AL" EVANS

In self-defense Temp says, "a little flattery now and then is relished by the best of men."

We're still waiting on the street car company to finish the Virginia avenue car tracks before they re-route the downtown street car lines, although none of us can see what the Virginia avenue situation can have to do with it, as no tracks have to be laid to change the cars on the loop.

Received a card from Chester Henry, who is spending a few days at Lake Manitou angling, on which he says, "Am up here catching live ones. Tell McLeod to suggest something to make them bite better."

This was Mac's answer when informed of the request: "If he had taken a good-looking fellow like Temp along he could have caught as many fish as he could carry."

A tip that will enable many a man to own his own home: "Nine-tenths of getting ahead consists in laying something aside."

A man walked into a real estate office the other day and said, "I have a very well improved piece of property on B— avenue that I would like to sell."

The real estate man asked him what the improvements consisted of, whereupon the owner said, "mostly building and loan association."

An announcement of surprise to the local realtors this week was that H. V. Bodine, formerly vice-president of the W. E. Stevenson Company, is now connected with the firm of Schmidt & Smith.

Mr. Bodine received the real estate business eight years ago with the W. E. Stevenson Company and worked his way up to the vice-presidency, which position he has held for the past three years. He will have entire charge of the real estate department.

Mr. Bodine has had a wide experience in the real estate business and should be successful in his desire to expand this department of the firm of Schmidt & Smith. This firm plans to give the best of service on all kinds of real estate and leases.

Temp asked the following question of several people congregated in the office of the real estate board the other day: "Do any of you people know where I can get a good looking girl to take on a picnic—an all-day affair?"

One of the girls in the office gave him this answer: "I don't know whether she would be good looking all day or not, they fade out so on a trip like that."

Who is it says, "I don't want to be bothered. When they're ready to eat I'll be there." Though we notice at several past meetings that he has a vacant chair.

No doubt he is out in the suburbs showing homes that he keeps always on tap.

At prices that run to ten figures; Go as high as you like with this chap.

He will warrant you that you will like them.

If you don't you can easily sell.

At least that is the yarn he will spin you.

It's a story quite easy to tell.

You'll find him real square in his dealings.

Though his "ads" read like a romance; "Al" Evans, who writes up this "colony." With him, doesn't stand any chance.

Now the reason I've picked Berth Allen.

Is not that I think he's the best. It's because, like old Abou Ben Adhem, His name happens to "lead all the rest."

BERGDOLL HOLDS PILOT'S LICENSE Aero Club May Strike Name From Rolls.

Grover Cleveland Bergdoll, arch-slacker and fugitive from justice, for whose apprehension rewards aggregating \$5,000 have been offered by the American Legion Weekly, legends posts, the war department and a law firm, holds pilot certificate No. 199 in the Aero Club of America and representations for its cancellation will be made at once, it was announced at legion national headquarters here today.

The first intimation that Bergdoll held a license in the club was contained in a letter to Lemuel Bolles, national adjutant of the legion, from Kenneth W. Hults, a member of Frank Luke, Jr., post, American legion, of Phoenix, Ariz.

Inquiry brought a reply from Augustus Post, secretary of the club, which has headquarters in New York, corroborating Mr. Hults' information.

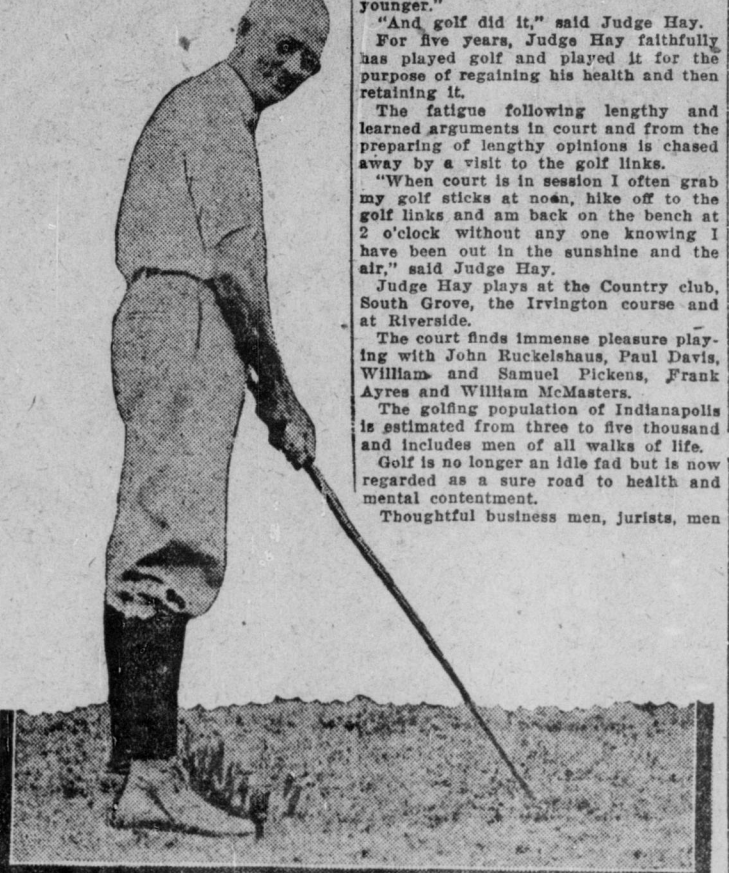

In response to Secretary Post's letter, Mr. Bolles has written:

"I have no hesitancy in expressing my conviction that, as soon as the facts become public, there will be an overwhelming sentiment among legion members and the public generally for the cancellation of Bergdoll's certificate with the least possible delay. Personally, I consider his retention of the certificate, under present circumstances, would constitute a grave insult to the memory of our heroic aviator comrades who gave their lives for the honor of the flag which Bergdoll and his kind would delight in desecrating."

It is understood that the Aero Club of America will be asked to strike Bergdoll's name from its rolls.

Indianapolis at Play

By WALTER D. HICKMAN

Sixty-three years old and growing younger every day.

That's the way Judge Linn D. Hay, superior court, room 2, describes himself.

The judge picked up his golf sticks, threw them over his shoulder, walked across the lawn of his home and entered his motor car.

Every step of the venerable jurist easily proved his statement that he was

of wealth, doctors, clerks, lawyers and many others each day play golf for a definite purpose—either for getting health or holding on to it.

"Golf is a wonderful thing," said Judge Hay with conviction and the writer noticed a healthy coat of tan on his arms.

Probably in time, golf sticks and the green golf course will take the place of a doctor's sign.

Who knows?

But in golf, Judge Hay has found health and youth at the age of 63.

"I trust national headquarters will be advised shortly that Bergdoll's name has been stricken from the rolls of our estimable organization and that one more substantial black mark has been chalked up against this slacker's name."

BOND ISSUE O. K'D BY SERVICE BODY

Public Commission Also Permits \$15,000 Stock Output.

The city of Cannelton has been granted authority by the public service commission to issue \$15,000 of its 6 per cent bonds for making repairs on municipal water mains.

The Browns-Mills Electric Company of North Manchester has been granted authority by the commission to increase the rates for its service to consumers.

Authority was granted the Midway Electric Company to buy and operate town lines of the Sprenger Lighting Company of Shipshewer and to issue \$15,000 common stock to operate the seven miles of railway between that point and Midway.

The petition of the Indiana Bell Telephone Company to increase rates in its exchanges in thirty-six cities and towns in the state has been dismissed formally by the commission.

Some of the cities which would have been affected by an order are: Indianapolis, Shelbyville, Newcastle, Muncie, Greenwood, Gas City, Ellettsburg, Anderson and Alexandria.

Three orders were issued to the T. H. I. & E. Traction Company, the Indianapolis & Cincinnati Traction Company and the Union Traction Company to correct an error in the order of July 3, in which the petitioner was granted authority to fix tariffs increasing the released valuation on drugs, serums and biologics when transported by interurban express.

Fifty cents a pound will be the tariff effective July 10.

Howard County's War History Published

NEW LONDON, Ind., July 10.—Clarence V. Haworth, who received his early training in this community and all of his education in Indiana, has written several small books on history.

His latest work is "Howard County in the World War."

This book contains the pictures of the Howard county boys who were in the service with a short biography of each.

It also has pictures of groups of Red Cross workers and other organizations and individuals who contributed either money or work to help in the great struggle.

FUR TRADE BOOMS.

WINNIPEG, Man., July 10.—Those who think the advance of civilization will doom the fur trade to extinction may be surprised to learn that the Hudson Bay Company did a larger business in furs last year than it ever did before in its 250 years of history, and is planning to expand its fur trade to even greater proportions. It now has 153 fur posts.

"STAMMERING Its Cause and Cure"

It is the title of a new copyrighted 288-page book that has been written by Benjamin Nathaniel Bogue, who stammered himself for twenty years so badly he could hardly talk. In this book he tells how he came to originate the Bogue Unit Method of Restoring Perfect Speech, tells how he cured himself, tells how other stammerers and stammerers can be cured.

This new book explains the workings of the Bogue Unit Method and why Mr. Bogue founded, in 1911, the Bogue Institute for Stammerers, an institution with national patronage. The Bogue Unit Method, applied only at the Bogue Institute, is strongly endorsed by the medical profession.

Mr. Bogue's new book contains definite and authoritative information. Regular price \$3.00. Upon receipt of 25 cents in coins or stamps to cover postage and packing a copy of this 288-page cloth-bound book will be sent to you. This publication, provided you stammer, or are interested in someone who does stammer or stutter. This special offer is made in order to introduce this new book at once in all parts of the country, and may be withdrawn at any time.

TUBERCULOSIS

Can it be cured?
Dr. T. F. Glass has positive proof that it can. His remedy is used at home, in any climate, with no return of the disease.

His files, with letters being daily received from hundreds of people now using and who have used the remedy, are open to investigation. His records show that nine out of ten users of this remedy who are faithful with it have recovered or are recovering. It is strictly a home remedy.

The following excerpts are from just one of many letters being received daily. This case was so far advanced that Dr. Glass was doubtful whether results could be procured. The letter speaks for itself: "Kansas City, Kan., June 23rd, 1920. "The T. F. Glass Inhalant Co."

"Dear Sir: A year ago today my son started your excellent treatment, and he is highly pleased at the improvement he has experienced. In Albuquerque, where he started the treatment, he was running a high temperature, about 101-103, because of the hemorrhages, and was raising a full cup of yellowish green moisture a day. In about six months' time his temperature was pretty well around normal all the time, except for a little now and then. His temperature is still better. He has not been weighed the past year, but from indications his weight is about 15 or 20 pounds to the good, or where he was before he got sick. He is still raising about one-fourth cup or a little less a day, towards a full cup a year ago. He has faithfully adhered to your instructions. While in Albuquerque he formed the acquaintance of a young lady who has the same trouble. She is living at her home now in Atlantic City, Iowa, and hearing of what your treatment has done for my son, she decided to give it a trial also. Hoping to hear from you soon, etc."

Through courtesy names and addresses are not published, but furnished upon request.

THE PRICE SHE PAYS

There is hardly an American woman nowadays who can keep pace with the demands made upon her time and energy without paying the penalty of ill health. It may be that dreadful backache, dragging pains, headaches, nervousness or the tortures of a displacement. It is the price she pays. To women in this condition Lydia E. Pinkham's Vegetable Compound comes as a blessing. It is a simple remedy made from roots and herbs which brings glorious health to suffering women.—Advertisement.

Is Your Back Giving Out?

DOES summer find you tired, weak—all worn out? Do you have a constant backache; feel lame and stiff, and without life or ambition for the simplest task? Surely, then, there's a reason why you feel so badly. More than likely it's your kidneys! You may have overworked, eaten too much meat, and had too little rest or sleep, all of which has thrown a heavy strain upon your kidneys. This may be the cause of your bad back, that nervous, "blue," depressed feeling, and that annoying kidney irregularity. Don't wait for some serious kidney illness. Get back your health and keep it. Live more simply and sensibly for awhile and help the weakened kidneys with **Doan's Kidney Pills**. Doan's have helped thousands. They should help you. **Ask your neighbor!**

These are Indianapolis Cases:

<p>Minerva Street</p> <p>James Jones, 306 Minerva St., says: "I know I am doing the right thing in recommending Doan's Kidney Pills as I have used them for a severe case of kidney trouble and they cured me up in good shape. I had been mooping around the house, not much for anything for several days. I finally discovered my kidneys were out of order and I was annoyed having to get up many times during the night to pass the secretions. My back had a steady, dull ache just over my kidneys. As soon as I got a box of Doan's Kidney Pills at Lambert's Drug Store began taking them. I got all right. Since then I have had no return of the trouble."</p>	<p>Calhoun Street</p> <p>Mrs. E. H. Thompson, 1206 Calhoun St., says: "I was in bad condition with kidney and bladder trouble. I suffered terribly and my bladder was inflamed. I had a steady ache across my back and it interfered with my rest at night. I could hardly turn over in bed. My eyes would get puffy underneath and I had pains in the back of my neck. My system was run down generally until I got two boxes of Doan's Kidney Pills at Miller's Drug Store and began using them. They were quick to act and it was not long before I was cured. Since then I have been free from kidney trouble and my bladder is in good condition."</p>	<p>Virginia Avenue</p> <p>C. G. Harr, shoemaker, 619 Virginia Ave., says: "It is quite some time since I first used Doan's Kidney Pills, but speaking from past experience, I can certainly recommend them. My kidneys were in pretty bad shape at that time and backache interfered greatly with my work. There was a dull, nagging pain across the center of my back just over my kidneys. I was dizzy by spells and could see little black specks before my eyes. I went to Haas's Drug Store and got a couple boxes of Doan's Kidney Pills and began using them. They fixed me up in good shape. Since then I have relied upon Doan's and use a few now and then. They keep my kidneys in good condition."</p>
<p>Blake Street</p> <p>Mrs. Geo. Anderson, 444 1/2 Blake St., says: "Doan's Kidney Pills have been very successfully used in our home and as far as my own experience goes I can recommend them to those suffering from kidney trouble. My back would give out at times and my kidneys would become disordered. I had dizzy spells and attacks of backache. I would feel generally run down for days at a time and would be unfit to attend to my household duties. When I feel this way I always resort to Doan's Kidney Pills and it doesn't take them long to straighten me out."</p>	<p>East Morris Street</p> <p>Charles Doan, 967 E. Morris St., says: My kidneys were out of order and I felt miserable and run down. I had spells of backache and some nights I could hardly get any rest, owing to the misery in my back. I have been a sufferer from asthma for several years and this affected my kidneys and brought on attacks of kidney disorder. I had to get up a lot at night to pass the kidney secretions and I felt tired all the time. One of my family had used Doan's Kidney Pills with good results and advised me to try them. I got a box at Knapp's Pharmacy and used them until the troubles became corrected."</p>

Raub Elevator Man Missing Since June 29

LAFAYETTE, Ind., July 10.—Lee Kelley, manager of the Farmers' elevator at Raub, Ind., has been missing since June 29.

Considerable mystery surrounds his disappearance.

He left Raub supposedly to attend the meeting of the Indiana grain dealers in Indianapolis and has not been heard from since.

Shortage in his accounts has been intimated, and experts are now going over the books to find out if such is the case.
