FOR REMODELING**

Dark House at Theater From  
July 18 to Sept. 1.

Improvements, the cost of which are estimated at approximately \$10,000 will be made in the E. F. Keith's theater following the sudden termination of the summer vaudeville season Sunday, July 18.

The seating capacity of Keith's will be increased by removing the lower boxes and placing orchestra chairs in that space.

**THIRD PARTY  
MEN MEET TO  
NAME TICKET**

(Continued From Page One.)

forty-eight was called to order that its deliberations would result in a comprehensive platform upon which most of them could unite, and the naming of candidates for the presidency and vice-presidency whom they could support.

Four separate conventions were scheduled to be held:

The forty-eighters proper.  
The labor party.  
The single tax party.  
The American constitutional party.

The first three, even though they may not amalgamate, were expected to run along co-ordinately.

One element of the single taxers has declared its opposition to Senator Robert M. La Follette as a presidential candidate, on the ground of his "socialistic and paternalistic leanings," but has indicated its willingness to unite with the forty-eighters under another standard bearer.

The American constitutional party, organized by William R. Hearst, is playing alone, having been repudiated by

the forty-eighters and the single taxers, and so far, ignored by the labor party.

Principles, not candidates, are the important things to the single tax party, it declared in opening its national convention here today.

Forty delegates, representing twenty states, cheered the declaration of National Chairman Robert McAuley, Philadelphia, that "unless the committee of forty-eight adopts in its entirety the platform of the single tax party, I for one will fight any attempt at amalgamation."

Delegates said neither La Follette nor Henry Ford will be acceptable as presidential candidates; they are too radical, delegates said.

After a brief opening session the party recessed to permit members to attend the committee of forty-eight convention.

"JES CALL ME JIM"

There is an intangible something about some pictures, something that can not be described, that puts them into the list of masterpieces. Such a picture is "Jes Call Me Jim," and from a great list of productions we selected it as this week's feature. Perhaps it's because of its real, human appeal, its tug at the heart, its whimsical humor—anyway, "Jes Call Me Jim" is a classic of the screen.
