HARDING THROWS BOMB AT GOV. COX

Emits Stinging Retort Opening Farmer Vote Fight.

MARION, O., July 13.—A hot fight between Harding and Cox over the farmer vote has been started by the senator's nominee's stinging retort to the announcement by Gov. Cox that he favors a "real dirt" farmer for secretary of agriculture.

It is the first bomb shell Harding has fired into the Cox camp and promises to set off a lively shower of fireworks.

Harding's statement declared that the republicans had kept a "real farmer" in office as secretary of agriculture for sixteen years continuously until the democrats came into power and appointed a university president to the post.

He referred to "Uncle Jim" Wilson of Iowa, who was secretary of agriculture under McKinley, Roosevelt and Taft, and was succeeded by David S. Houston, then president of Washington University, St. Louis, recently succeeded by E. T. Meredith, a publisher.

The high cost of living problem would have been solved in advance had the republican policies in relation to the department of agriculture been carried on, Harding said.

Harding expected to work on his speech all day, hoping to make up for time lost when he was engaged in conference with party leaders.

There was apparent disappointment at Harding headquarters over the refusal of Gov. Clement of Vermont to call the legislature into special session to ratify the woman's suffrage amendment.

"I had hoped he would do it," Harding said when the news was brought to him.

Laporte Rainmaker Starts Something

LAPORTE, Ind., July 13.—Laporte county has a rain-maker in the person of D. C. Marble of New Carlisle, who claims he can make it rain any time.

The process requires from one to three days' time and his operating territory reaches as far south as Texas, as far west as Kansas and as far north as Wisconsin.

In proof of his powers, Mr. Marble submits records of places where he has caused it to rain.

In one instance he started a rain in the state of Wisconsin and put out some immense forest fires there.

He has no power, he says, to stop a rain after it once gets started.

Expansion of Grain Concern Announced

Announcement is made of the reincorporation of the Sheek Brothers Company, 229 East Ohio street, under the name of the Farmers Terminal Grain and Feed Company, with a capital stock of \$150,000, and that it has purchased the physical properties of the Bel-Elevator and Feed Company, at West Washington street and the Belt railroad, and its local business.

The Belt Elevator and Feed Company will continue its other business in its present office in the Board of Trade building.

Anglo-Jap Treaty Renewed for Year

LONDON, July 13.—Great Britain and Japan have notified the league of nations that they have prolonged their treaty alliance for a year, according to the Daily Mail, at the same time pointing out that the terms of the treaty are in accord with the principles of the league.

The reason for the prolongation of the treaty, according to the Mail, is the fact that Great Britain has not yet had an opportunity to consult with the dominions regarding a revision.

Americans Juss Miss Death by Anarchists

WASHINGTON, July 13.—John Freedman, a British subject, was executed and several Americans barely escaped death at the hands of an anarchist band of Russian bolsheviks known as the "Red Black Guard" during the reign of terror at Nikolaevsk, Siberia, according to a report to the state department today from the American consul at Vladivostok.

RUSSIAN TROOPS OCCUPY MINSK

Soviets Take Strategic Points on Russo-Polish Front.

LONDON, July 13.—The Russians have occupied the important city of Minsk on the northern end of the Russo-Polish battle front, according to a soviet communique wirelessly from Moscow today. Minsk is about 235 miles northeast of Warsaw.

It lies at the junction of two strategic railway lines, one of which runs from Moscow to Warsaw.

The Russian communique claimed also the capture of the two strategic cities of Molodetchno and Sventsian, both of which were the scene of violent battles between the Austro-Germans and Russians in the world war.

It was reported that the Poles had lost the fortress of Brest-Litovsk, where the Russian bolsheviks and the Germans signed their peace treaty, but this was denied at the Polish legation.

Brest-Litovsk is only ninety miles from Warsaw, the Polish capital.

The advance of the Russians south of Minsk probably will compel the immediate evacuation of that fortress city by the Poles.

Latest advices from the eastern war theater puts the Polish line through Sventsian, Vileika, Minsk, west of Bobruisk (where the Russians forced their latest crossing on the Berezina river), through Orsh, west of Easary, through the fortress of Rowno, through Ostrogon and Proskirov, thence to the Rumanian frontier.

It is now reported that Gen. Brussloff is not commanding the Russian rear army, but a military genius has arisen in the ranks of the bolsheviks.

The new commander is described as Comrade Tovgachevski, aged 27, who led the first army which defeated the forces of Gen. Deimel and Admiral Kolchak. Lithuanian troops are reported mobilizing for an attack on the Poles, in accordance with an agreement signed by Lithuania and the Russian soviet government, according to a newspaper dispatch from Kovna today.

Accused Fire Bug Is Arrested at Goshen

GOSHEN, Ind., July 13.—Charged with setting fire to the plant of the Phillips Brothers' Co. operating company, which burned to the ground Monday, Louis Blender, 39, is under arrest here.

Blender served a term in the Jeffersonville reformatory and was convicted several years ago on a charge of firing an unoccupied Goshen factory.

He is accused of having caused the destruction of six buildings in Goshen within a few months.

Moore Ridicules 'Breakdown' Story

SAN FRANCISCO, July 13.—Ed H. Moore, national committeeman from Ohio and convention campaign manager for Gov. Cox, today made light of reports that he had suffered a nervous breakdown.

"I have been slightly under the weather for a couple of days," said Mr. Moore. "But reports that I have suffered a nervous breakdown are absurd."

Neighbors Thought They Had Burglar

"Please go away and let me sleep," murmured Harry A. Simms, as he was aroused from his slumbers by the police emergency squad.

Simms rooms at the home of Frank Alexander, 215 North Mount street, and the Alexanders are out of the city.

Simms, as a rule, works at night. Neighbors saw a light flash on and off in the Alexander residence, and thought it was a burglar.

Neighbors, armed with revolvers, shotguns and clubs, sent in a call for the police and surrounded the house.

When Sergt. Houston entered the house he found that Simms had gone to bed and was surprised to see that he had created so much excitement in the neighborhood.

Seize Auto With 'White Mule' Cargo

Eleven gallons of "white mule" whisky were confiscated by the police today in a raid on a garage in the 3700 block on East North street.

Two men who were said to be bottling the whisky were arrested on charges of operating a blind tiger.

They gave their names as Frank Hill, 25, of 36 West Vermont street, and Marshall Hill, 28, of 1100 South Randolph street.

Lieut. Jones and Sergt. Valderauer, who made the raid, also took an automobile in which they say the men were transporting the whisky.

Injured Man Nursed by Estranged Wife

RICHMOND, Ind., July 13.—A reconciliation may result from the assault upon Mayor W. W. Zimmerman by an unidentified man Saturday night, when the mayor suffered injuries that resulted in his removal to Reid hospital.

Mrs. Zimmerman went to the hospital yesterday and after helping to remove the mayor to his home, remained to nurse him.

She entered suit for divorce from him last week.

Mrs. Zimmerman and her attorney refused to state whether she had agreed to withdraw her suit.

TEMPERAMENTAL HENRY

By SAMUEL MERWIN

Talk about temperament! No petted prima donna was ever in it with Henry. Complexity is an inadequate word when you come to Henry's character. To make him consistent in his inconsistencies is an achievement that ought to bring his creator the Victoria Cross. And the girl is one of the best girls in all fiction. She is the real thing, if any book ever got the real thing down on paper.

You know every man, woman and child in the story; know that they are real, and that if they haven't lived outside the pages of the book they certainly live in them. The humor chuckles in every page, and bubbles and overflows to an astonishing extent.
