

## WAR VICTIM AID MEETING IS SET

Plans to Be Made July 15 for 641,900 Disabled Men.

NEW YORK, July 12.—To formulate plans for adequate help to the 641,900 disabled former service men of the world war, the committee for aid to disabled veterans, of which Col. Henry L. Stimson, former secretary of war, is chairman, yesterday issued a call for a conference to be held at noon on July 15, in the Lawyers' club, New York City, under the auspices of the Carry On association, of which Mrs. Wendell Phillips is national chairman.

The invitation has been sent to representatives of the government, civic organizations and prominent citizens interested in the welfare of the disabled former service men, and replies indicate that those invited will attend.

The vital necessity of this conference is shown by the decision of the secretary of labor, who is also chairman of the federal board of vocational training, who declared the amendment to the existing law which provides an increase in compensation to disabled soldiers is defective and does not provide the relief intended.

The situation is summarized in the invitation sent out. In part it says: "We are agreed, I believe, that existing provisions for the care and rehabilitation of these men are far from adequate."

"The situation of the mental and tuberculosis cases particularly needs attention, and there is as well, lack of understanding of the gravity and magnitude of the whole problem."

"Private agencies are not equipped for the immense task, and existing legisla-

tion does not give sufficient scope to the government agencies."

"As you probably know, the number of men discharged from service with disabilities is estimated at from 500,000 to 641,900."

"This year the government has been asked to appropriate \$490,000,000 for the care and training of disabled men, but it is generally agreed among officials that the annual cost presently will be one billion dollars if the country intends to reclaim these men who now represent an economic loss, and whose present condition constitutes an unpaid debt of honor."

"This conference is called, not to criticize but in the hope that out of the discussion may come some concrete proposals for definite adequate action."

"For this reason the group attending the conference will represent virtually all agencies and many prominent citizens interested in the disabled."

## Lafayette Doctor Asks for New Trial

LAFAYETTE, Ind., July 12.—Attorneys for Dr. Charles J. Brockway, Lafayette physician, who was convicted here of involuntary manslaughter a month ago, following the death of his wife, Esther Brockway, filed application in the circuit court Monday for a new trial.

The verdict, he alleges, is not sustained by the evidence and is contrary to law.

The claim is made that the court erred in giving instructions and omitting certain evidence and that William Beck, foreman of the jury, was guilty of misconduct.

Beck, it is said, called the doctor to the jury room, after the jury had retired, and inquired about the case of the defendant, without the defendant or his attorney being present.

## The Right Thing at the Right Time

By MARY MARSHALL S. DUFFEE.

### WHEN THEY ARE TARDY.

It is a perfectly natural thing to feel that when a person whom you employ to work for you for stated hours is tardy, you are being deprived of what is rightfully yours.

That is of course if you propose to and do pay for full-time work.

However, it is not the easiest thing in the world to correct a person for tardiness or to correct the tardy habit without giving offense.

It may be that the woman who washes for you is due to come at eight, and does not appear until half-past nine. What are you going to do about it?

Or it may be that the woman who sews by the day is a little late every day she comes, thus in the course of a season really depriving you of many hours of service for which you actually have paid.

It may be, too, that the typist or telephone operator in your office takes advantage of the fact that you yourself do not appear at your office until half-past nine and does not come until that time, although you employ her from 9 o'clock each day and really wish to have her in the office at that time.

How are you going to make these people come on time without giving offense?

In the first place, remember that it seldom does any good to show irritation over the situation; nor is it a good plan to hint at your displeasure by looking reproachfully at the clock.

Often it is a good plan with the person who works by the day merely to ask to put the work on an hour basis.

That is, to have a seven or eight-hour

day and to time the day from the time of arrival.

This is only fair. Moreover, it is a plan that drives the lesson of promptness home with the least possible argument.

However, one must always distinguish between kinds of service rendered. It is only fair to be sure to be more lenient about tardiness to the worker who works especially rapidly or who makes up through added industry for time lost in this way.—Copyright, 1920.

## Lloyd George Greeted Zionist Convention

LONDON, July 12.—A message of greeting and congratulations from Lloyd George was read today to the International Zionist convention.

"I send heartiest congratulations to the first world's conference of the Zionists since the war on the restoration by the Jewish people of their national home. I am confident that the Jewish people will display those qualities of energy, determination, tolerance, wisdom and consideration for their fellow citizens of Palestine which is necessary for their success."

If they will do so, I believe that the Jewish people will once more make a great and beneficent contribution of human progress."

The message was received with great applause.

## Italian Anarchists Repulsed in Attack

LONDON, July 12.—Italian anarchists attacked the electric power houses supplying Pinerolo and Verona, but were repulsed, said an Exchange Telegraph dispatch from Rome today.

## BOLIVIA REBELS NOW HOLD REINS

Republican Leader Saavedra Assumes Presidency.

SANTIAGO, Chile, July 12.—The Bolivian government has been overthrown by revolutionists and the republican leader, Saavedra, has assumed the provisional presidency of the republic, according to dispatch from La Paz, the capital, where the government military forces joined the revolutionists.

It was not known whether the rest of the country had joined the uprising. Troops were reported marching from many cities to the capital to join the movement. Several regiments have left Viacha for La Paz.

Dispatches from Antofagasta said President Gutierrez Gerra and his cabinet fled La Paz.

It was believed a counter-revolution would be started immediately.

## HOROSCOPE

TUESDAY, JULY 13.

According to astrology this is a lucky day. Mercury, Neptune, Mars and Jupiter are all in benefic aspect.

The body should be strengthened and the mind quickened by the influences of the planets during this configuration.

While the reasoning powers are supposed to be made keen by the position of the stars, the sympathies also are awakened.

This should be a fortunate day for all who make appeal to popular favor.

It is a rule under which to expect favorable news of any venture, especially if it is to come from across the water.

The government of the planets makes

for optimism and the energy to justify the confidence.

Better art ideals will be awakened at this time, if the signs are rightly interpreted.

Theaters should benefit greatly, and again it is probable that dramatics which educate the people will become a national interest. Pageants and miracle plays will be popular.

Strange modes for adorning the head and face with hair are foretold by the stars.

A new school of writers is prognosticated and this will bring out a little real literature, astrologers foretell.

Diplomacy is now subject to a government of the stars which seems to indicate new problems that are even more perplexing than any of 1920.

It is repeated that no one who has passed the half-century mark any great distance can hope to attain high office, since the planets prestage a period of power for the young.

With the discovery of the possibility of controlling even material conditions through the exercise of mental powers becoming widespread, there will be a period of peace that may never end, astrologers declare.

Persons whose birthdate it is have

the augury of a year in which much money may be acquired.

Travel that brings benefits is fore-shadowed.

Children born on this day are likely to be quick and resourceful.

These Cancer subjects usually make a success of life.—Copyright, 1920.

IT'S INSTINCT, THAT'S ALL. PARIS, July 12.—No matter how short they are the women still hold them up. Here in Paris, where skirts are shorter than in any other civilized town, some even stopping at the knees, they are always elevated still further on rainy days.

### Wednesday BARGAIN SQUARES

There's always room at the top

Spurs are jumping over jackrabbits running the same way

Never was such a success. There's no "might" about it. Spur Cigarettes are there. Right off at the start, burning up the track, galloping home into public favor.

"There's Always Room at the Top." Spur Cigarettes were made to fit right in there. And they'll stay there.

That good old tobacco taste and fragrance—that satiny, imported paper—that smart-looking package. They show you something!

Spur Cigarettes are crimped, not pasted, making an easier-drawing and slower-burning cigarette.

Blended in a new way from choice home-grown and Imported tobaccos, to bring out that good old tobacco taste.

There's "class" in the "brown-and-silver" Spur packet with triple-wrapping that preserves Spur's taste and fragrance.

The world loves a winner. The grandstand is crowded. Hear 'em cheer! Spurs are galloping home. Are you on?

Liggett & Myers Tobacco Co.
