COUNCIL TAKES STAND ON MARKET

Authority to Oust or No More Money, Is Ultimatum.

Further appropriations for the operation of the city market will not be made by the city council, according to President Schmidt, unless the council finds it has the authority to oust all undesirable standholders from the market.

The question of the council's authority over the standholders was referred to the legal department at a recent meeting of the council and an opinion on the matter is expected tonight at the regular meeting.

President Schmidt said he and a number of other members of the council "will refuse the market any further appropriations" if the opinion of the legal department is that the council has no authority to oust all undesirable standholders from the market.

He said he is in favor of closing the market in the event that the undesirable standholders can not be ousted, and that he thinks there are a number on the board of the same opinion.

Mr. Schmidt's principal objection to the present condition of the city market is that most of the standholders are not producers, but are men who buy of the commission houses and make the usual profits of the grocer.

He said the market offers at the present time, he says, is a range of variety that could not be gotten at a grocery, which is the reason so many people prefer the market.

Restaurants conducted in the market meets with Mr. Schmidt's disapproval, he said, not only because it is discriminatory because of the rent in comparison with that paid by other operators of restaurants, but also because it adds much to the present insanitary condition of the market.

He said the restaurants take trade from the property owners on the adjoining streets.

According to Harry E. Yockey, city attorney, city ordinances give the council legislative power over the market, but control and management of the market is in the hands of the board of public safety.

For the second time within the last few weeks the south side women will appear before the council tonight in an effort to obtain permission to conduct a submarket on Fountain square.

The measure at the time of the first hearing was referred to the board of public safety, which claimed it had no jurisdiction in the matter, and referred it to the city council.

The south side women, organized under the South Side Women's club, have been fighting against much opposition to obtain a market for Fountain square.

They have been successful in establishing a market for the producers at Arizona and Talbot streets, which has been popular.

The measure which the club will present before the council tonight provides for a market on Prospect street, half a block west of Fountain square on Shelby street, and half a block north of Fountain square, for the producers who will sell from their wagons.

It provides also for stands for commission houses a half block on Woodlawn avenue, east of Virginia.

WOMEN TO BOOST MARKET PLAN.
Mrs. M. L. Reiffel, president of the South Side Women's club, and Mrs. C. E. Kahna, vice-president, and a delegation of club members will be present at the hearing to boost for the south side.

In discussing the subject, Mrs. Reiffel said she thinks the south side women are as much entitled to have their market as the grocer is to have his bread boxes on the sidewalk or the commission man to put his vegetables on the street.

"The citizens are as much entitled to have a market under the jurisdiction of the city of Indianapolis on the south side as they are in the central part of the city," she said.

"The women have been so much enthused over the success of the wagon market that we are determined to work as hard as we can for the real one."

The purpose of the market is for the convenience of the housewives; so that they can buy such articles as tomatoes and peaches for canning near home."

In discussing the stands for the commission houses she said the purpose of conducting these would be so the commission man could sell his out-of-season goods here.

Millionaires Have Brush With Death
CHICAGO, July 19.—Laurence Wilder, multimillionaire tanner, and head of the Amalgamated Machine Company of the Steam Corporation, his wife, a daughter of James A. Patten, Evanston millionaire, and Miller Brainard, vice president of the Central Trust Company here had a brush with death last yesterday when they came capsized in Lake Michigan.

Miss James Breeze, United States navy, who designed and engineered the NC-4 on the recent transatlantic trip, in a small rowboat, rescued the three after they had clung to the overturned canoe nearly twenty minutes.

Man Severely Cut in Motorcycle Accident

Special to The Times.

NOBLESVILLE, Ind., July 19.—Harrison Smith, aged 29, is in the local hospital suffering from injuries sustained in a motorcycle accident Sunday.

Smith was taking his brother Robert to Ft. Harrison in a motorcycle with a side car attachment, when, in going down a hill, the side car tore loose from the motorcycle and shot around in front of the machine.

Harrison was thrown off by the collision and pitched into a barbed wire fence.

His face was severely cut in a number of places and he was badly bruised about the body, while his brother escaped with only a few slight injuries.

CONSULS TRY TO AVERT FIGHTING
Chinese Officials Invoke Old Boxer Pact Provisions.

LONDON, July 19.—A committee of consuls from Tien Tsin has entered into negotiations with Chinese troops at Peitsang Tao, six miles from Tien Tsin, in an effort to prevent fighting in Tien Tsin, which would endanger the lives of foreigners, according to an Exchange Telegraph dispatch from Tien Tsin today.

The consuls invoked provisions of the old Boxer protocol and requested that Tien Tsin be regarded as a noncombatant area.

The Anfu troops under Gen. Tuan Chi Jui captured Yangsh Vangtsun.

The Chi Li troops under Gen. Wu Pei Fu then began a retreat toward Tien Tsin, which led to the action of the consuls.

The fighting is between the armies supporting two powerful political factions in northern China.

CRY IS REPORTED FOR THIRD PARTY
Richmond Citizens Suggest Business Man as Leader.

RICHMOND, Ind., July 19.—Because of the failure of the city council to appropriate \$225,000 to buy equipment for the municipal light plant in accordance with the recommendation of the board of works and the absence of Mayor Zimmerman for ninety days, leaving the city without an executive head, a demand has arisen from many quarters for a non-partisan ticket in the next municipal election.

The movement is to be headed by a well-known man of recognized business ability.

Usually, the administrations here have been republican, but because of the public and private acts of Mayor Zimmerman during the last few months and the failure of the city council to agree on matters of vital importance to the city, public opinion has been aroused and clamors for a change.

Mayor Zimmerman has announced that he will seek the nomination, although there are two other republican candidates in the field.

N. J. MAN KILLED IN AUTO CRASH
Three Machines Play Parts in Accident.

An investigation is being made by P. Paul P. Robinson, coroner, today into the accident which caused the death of Patrick S. Flynn of Jersey City, N. J.

Flynn was in the rear seat of an automobile driven by Walter Sands, 601 Fletcher avenue, which collided with an automobile driven by Bruner E. Glimkens, 643 Prospect street.

The accident occurred in front of 1850 Prospect street at 4:40 o'clock Sunday.

Sands was arrested on the charges of manslaughter and speeding.

Serg. Houston's investigation showed that Sands was driving an automobile in which Flynn and James P. Delaney, 2712 North Illinois street, and John Fox, 462 Agnes street, were riding.

He was attempting to pass an automobile driven by Howard Dill of Mooresville when the two machines side-swiped and Sands' car was thrown sideways across the road and the rear of Sands' car struck Glimkens' automobile traveling in the other direction.

Flynn was on the side that struck and his head was hit and his skull fractured.

He died en route to St. Vincent's hospital.

Flynn was national president of the Railroad and Crosstie Watchmen's association of the Pennsylvania railroad, and was a detective of wide repute.

VINCENNES WOMAN FILES SUIT.

SOLDIERS AND CIVILIANS WAR IN IRISH CITY

Seven Women Wounded When Fighting Breaks Out in Cork.

ONE EX-SOLDIER KILLED

LONDON, July 19.—One civilian was killed and fourteen others, including seven women, were wounded in an outbreak of fighting at Cork, said a Central News dispatch from that city today.

A cordon of British troops was thrown around the city hall, tying up all traffic, the Exchange Telegraph correspondent at Cork reported.

EXPERIENCE NIGHT OF TERROR.
"Cork spent a night of terror," said a dispatch to the Evening News. "The trouble began when news was received that John Bourke, an ex-soldier, had been bayoneted to death by a sentry after falling to head the challenge."

"Ex-soldiers attacked one man from a South Staffordshire regiment whom the Sinn Fein volunteers succeeded in rescuing."

"Later indiscriminate firing from the soldiers began."

"During the fighting lorries filled with military patrols and armored cars caused panic among the population by racing through the streets with the soldiers firing in every direction," said another Central News dispatch.

"At midnight the streets were nearly deserted."

OUTBREAK SEQUEL TO ASSASSINATION.
The Cork outbreak is regarded as a sequel to the assassination of Inspector-General Smyth of the Royal Irish constabulary, on Saturday night.

Inspector-General Smyth, who was commissioner for the Munster district, played a prominent part in the recent "police revolt" in County Kerry.

Sinn Fein leaders seized documents which they declared, showed that Smyth had delivered a fiery address to the Kerry constables, telling them that martial law would soon be proclaimed throughout Ireland and urging them to use harsh methods in dealing with the Irish people.

LONDON PRESS COMMENTS BITTER

LONDON, July 19.—"This was a political murder, whose flagrancy and brutality equals any thus far perpetrated in Ireland," the Times declared today in commenting on the killing of Commissioner Smyth of the Royal Irish constabulary, by a band of armed men as he sat in a chair at the County club in Cork.

Inspector Craig was wounded in a hand-to-hand fight with the raiders.

The Daily Express said: "The people are sick and tired of this savagery. These murders pierce all indifference."

The Chronicle blamed the government for not giving police adequate protection in Ireland, adding: "This brutal murder is one of those insane acts which will reduce even the warmest friends of Ireland almost to despair."

Armed men raided a railway parcels office at Kingstown, seizing a package believed to contain arms and ammunition.

The week-end disorders included the killing of Constable Masterson near Dublin by a party of armed Sinn Feiners, who escaped.

An outgoing train from Ennes was held up at Lillinstree and a large quantity of military baggage and official mail stolen.

The residence of Robert Barton, a member of the Irish republican parliament in County Wicklow, who is now in jail, was raided by 500 troops.

Airplanes hovered over the heads of the troops while the house was ransacked for incriminatory evidence.

Acid Given Baby in Nursing Bottle
EATON, Ind., July 19.—Mystery surrounds the attempt on the part of some person to take the life of the 9-month-old son of Mr. and Mrs. Donald Denney at the home of the latter's mother here.

The child, in some mysterious manner, was given a nursing bottle containing about two ounces of acetic acid.

Only a small quantity of the poison was swallowed, but the child's face, lips and throat were badly burned.

The attending physician predicts the child's recovery.

Since becoming estranged from her husband about five weeks ago, Mrs. Denney has made her home here with her mother, Mrs. Nettie Siler, while Mr. Denney has been employed in Ft. Wayne.

Several persons, including the father of the baby, have been subpoenaed to appear in the court of inquiry to be held today.

Santa Fe to Take in Bonds, Issue Stock
WASHINGTON, July 19.—The Atchafalaya, Topeka & Santa Fe railroad today applied to the interstate commerce commission for permission to issue \$9,243,000 in common stock to replace the same amount of 4 per cent convertible gold bonds of the issue of 1910.
