

HARDING STRIPS FOR LEAGUE BOUT

Announces He Will Fight Cox to Finish on Issue.

MARION, O., July 19.—Senator Harding, if elected president, will refuse to take any steps toward ratification of the treaty of Versailles while the league of nations' covenant stands intact, according to views of his friends here today, after a careful study of the nominee's latest attack on the project.

Senator Harding, they declare, has decided to go to the mat with Gov. Cox over the league issue.

He is confident, they said, the country is opposed to entering the league as it was formulated at Paris.

Harding's attack on the league today is his second in a week, both statements openly displaying hostility to the covenant.

Furthermore, he has announced his opposition to practically all of President Wilson's foreign policies, including his proposed Adriatic settlement, his proposal to award Thrace to Bulgaria instead of Greece, and the Armenian mandate.

Harding said he is glad to have Cox and President Wilson express agreement on the league.

He took the view this would make the league fight clear cut.

"The republican party wants the country to know that it rejects all these ill-considered commitments and pledges its administration against them," Harding declared.

Harding also asserted heavy armaments will be necessary to carry out these policies.

With the burden of preparing his acceptance speech over, Harding expected to get in some golf before Thursday.

HOROSCOPE

MONDAY, JULY 19, 1920.

(Copyright, 1920, by The McClure Newspaper Syndicate.)

Astrologers read this as an unimportant day, none of the planets being in a strongly dominating aspect.

During the busy hours Mars and Venus are slightly adverse, but late at night Jupiter is faintly benefic in away.

The evening is read as a particularly auspicious time for state dinners or banquets, since the day promises success to men much in the public eye, imparting eloquence and convincing earnestness to speech.

China and Japan will furnish new problems for diplomats, who may be successful in their negotiations.

Although farms may lose much labor and crops may not be satisfactory there is to be a movement back to the land, colonization schemes will be popular and there may be some scandal growing out of financial support on a large scale.

Astrologers warn all who may be inclined to find fault with warm weather that September is to be a month of many discomforts.

December brings a government of the stars read by seers of the day, many changes in the personnel of employees of the federal government. Sweeping economies, also are foreshadowed.

Financial matters may be much discussed at the end of this month when a crisis in Europe precipitates the formulation of some new policy.

Persons whose birthdate it is may have many small anxieties in business but the year should be a prosperous one.

Children born on this day may meet with many changes in life.

These subjects of Cancer have the advantage of Leo characteristics, which lend initiative and foresight.—Copyright, 1920.

Woman Licensed As Methodist Preacher

AURORA, Ind., July 19.—Mrs. Josephine Pavy Campbell, 34, a graduate of Moore's Hill college, has received a preacher's license and has been selected as pastor of the Cross Plains M. E. church.

Rev. William M. Whitsett, district superintendent, stated that Mrs. Campbell is the first woman pastor in his district and one of the first in the state to receive a local pastor's license and assignment.

Mrs. Campbell will begin her pastoral work Sunday morning and her salary will be \$1,800.

High Voltage Shook Him Up, Did Not Hurt

KANSAS CITY, Kan., July 19.—Seventeen hundred volts of electricity are easily sufficient to cause instant death, but John Stapleton, a lineman, had sixty-six hundred volts pass through his body here the other day and still lives to tell about his experience. Furthermore, he expects to keep on living.

Stapleton received the "shock" at the top of a pole, where he was working on a damaged cable.

Knocked from his perch by the force of the "jolt," he tested a guy wire and slid to the ground.

Aside from a few bruises Stapleton was uninjured.

WILLIAM FAVERSHAM GIVES A DRAMATIC THRILL

At the Ohio in a Peach of a Movie Story

William Faversham, sham, who goes to sleep in London one night as a commercial traveler who has made a failure and wakes up the next morning as the earl of Rochester, with a beautiful wife, a house full of disagreeable relations and a reputation blacker than ink.

The real earl of Rochester meets Jones in a London hotel one night, gets him intoxicated and sends him to his ornate home.

The next morning Jones awakes and reads of his own suicide in the paper.

Shortly afterward he receives a note from the real earl of Rochester telling him to "stick it out."

This he proceeds to do, despite obstacles that would discourage the average man.

The earl of Rochester has become estranged from his wife because of his love for another woman.

Jones falls in love with his "wife" finally, confesses to her deception, after saving the family fortune, and marries Lady Rochester.

Faversham's support is not as good as he deserves.

Opinion—Picture as a whole—excellent. Direction—fair.

Photography—absolutely wonderful. Faversham's double exposure work necessary in the double role of Faversham.

MARK ONE MORE SUCCESS FOR ELAINE.

Elaine Hammerstein has added another to her growing list of screen successes in "Whisperers," which is now playing at the Colonial.

Miss Hammerstein can act.

That is proven in this play.

Her part is that of a pampered society girl who tries to defy the conventions.

She finds that it does not pay when the whispers of the scandal mongers begin to swirl her.

Miss Hammerstein reputation.

Society gossip, judging from appearances, nearly ruin the girl's name, when fate takes a hand in the game.

She runs off to her father's home in a country town to escape the whispers, but she is followed by a reporter who has the wrong angle on the affair.

The reporter falls in love with her, and finds that the gossip is not true.

Miss Hammerstein is almost all the play, and justly so, as she satisfies all the requirements of the play.

THE CIRCLE.

We will discuss the appearance of

Girls' Rescue Home Depends on Campaign

The result of the present appeal for funds for home service work by the Salvation Army, will either encourage or discourage the ambition of the organization to establish a rescue home for girls and a maternity hospital in Indianapolis, leaders of the campaign say.

It has long been the dream of the local Salvationists to have a rescue home in this city.

Girls picked up by the army here and needing such an institution are sent to the rescue home in Cincinnati.

Directors L. R. May of the Marion county campaign committee hopes to make rapid strides toward the goal this week. Contributions are being received at 147 North Pennsylvania street in the Denison hotel block.

WYCKOFF FAVORS RENTAL CONTROL

Outlines Views in Letter to Senate and House.

Control of rental rates is advocated in letters written by Stanley Wyckoff, fair price commissioner, to Lieut. Gov. Bush and Jesse E. Eeckbach, speaker of the house of representatives.

The letter follows:

"I want to call your attention to the housing conditions in the first and second class cities in Indiana and the necessity for relief through legislative action to provide protection for the tenant until conditions are normal again.

"I am inclosing to you a copy of the law covering rentals in the District of Columbia as passed by congress in October, last year.

"I believe some action should be taken at this session to place this matter under some commission existing at this time, or district courts, by giving supervision to prevent real estate owners from taking any unfair advantage of the present critical situation, and that some provision be made for providing ample heat for apartments through the winter months.

"This office is unable to render any assistance whatever for the reason that the federal law covers rentals only in the District of Columbia."

Senator Masters of Indianapolis already has introduced a bill which would put the settlement of rent disputes in the hands of the courts.

Is Your Skin Ablaze With Fiery Itchings?

Don't Continue to Suffer Because of Wrong Treatment.

At last science has determined the real source of all skin diseases, and with this enlightenment comes the reason why the prevailing treatment heretofore used has proven such a complete failure. It has been proven that impurities in the blood cause millions of tiny disease germs to set up their attack on the surface of the skin, and in the form of pimples, boils, scaly eruptions and itchy, burning irritations, begin their disfiguring and destructive work.

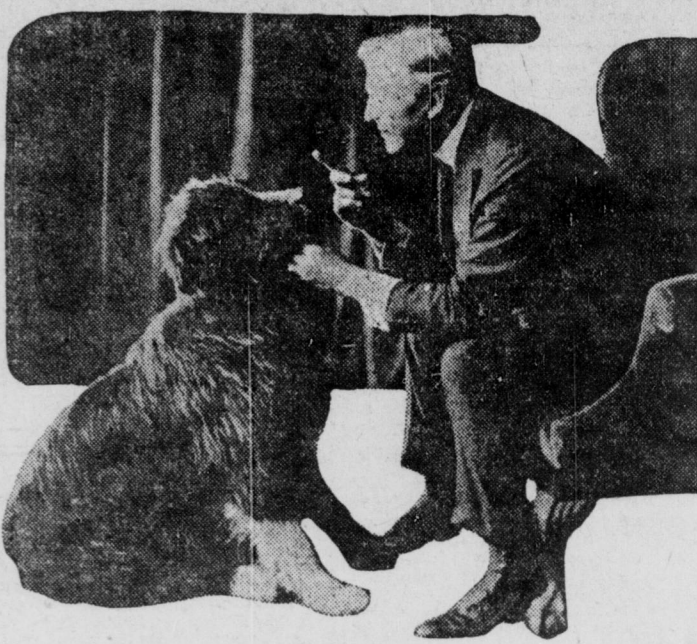

Being in the blood, these disease germs can be reached only through the blood, and local applications have

no effect whatever. That is why salves, ointments, lotions, washes and other remedies applied to the skin can do no more than give merely temporary relief. Soon the fiery itching breaks out again, for such treatment can not reach the source of the trouble.

If you want genuine relief from the tortures of skin diseases, lose no time in discarding all local remedies, and begin taking S. S. S. today and you will be delighted with the results.

You can get S. S. S. at any drug store, and if you write to our physician he will gladly give you full instructions about your own case.

Hobart Bosworth and a Pal.

Here is a picture of Hobart Bosworth and his pal, a dog, as they appear in real life.

Bosworth is a real fellow and this picture shows him instructing his favorite dog to look pleasant.

Bosworth is at English's in his latest movie, "Below the Surface," this week.

Georges Carpenter, the French fighter, in the movies at another time.

Carpenter's appearance at the Circle for the first time in the movies warrants an extended discussion which we are prepared to give at another time.

AT THE ALHAMBRA.

A story about crooks and romance. That is "The Deep Purple," which is at the Alhambra the first part of this week.

The plot follows the actions of a gang of crooks who are assisted by an innocent girl who believes their schemes to be honest.

There is a love story, of course. But the love story is only secondary to the big part of the play.

Never for a moment does the plot drag slowly.

Vincent Serrano, as the chief of the crooked plotters, keeps the action and suspense at full speed every moment.

The girl of the story, who falls into the clutch of the crooks, is an important pawn in the game.

She innocently lures the victim, Lake, into the den of the thieves, but he is warned of his danger, and escapes.

He falls in love with the girl, and starts to solve the mystery of her relation to the crooks.

Interesting scenes follow.

The play is big in scope, and does not deal with just a few episodes in the lives of the principle characters, but weaves an elaborate web of cause and effect around all the incidents depicted.

Opinion—You will have over this play if you like crook and mystery plays.

At the Alhambra the first part of this week.

THE CIRCLE.

Is Your Skin Ablaze With Fiery Itchings?

Don't Continue to Suffer Because of Wrong Treatment.

At last science has determined the real source of all skin diseases, and with this enlightenment comes the reason why the prevailing treatment heretofore used has proven such a complete failure. It has been proven that impurities in the blood cause millions of tiny disease germs to set up their attack on the surface of the skin, and in the form of pimples, boils, scaly eruptions and itchy, burning irritations, begin their disfiguring and destructive work.

Being in the blood, these disease germs can be reached only through the blood, and local applications have

no effect whatever. That is why salves, ointments, lotions, washes and other remedies applied to the skin can do no more than give merely temporary relief. Soon the fiery itching breaks out again, for such treatment can not reach the source of the trouble.

If you want genuine relief from the tortures of skin diseases, lose no time in discarding all local remedies, and begin taking S. S. S. today and you will be delighted with the results.

You can get S. S. S. at any drug store, and if you write to our physician he will gladly give you full instructions about your own case.
